

Cruel Heart Lover Novel

Chapter 1451

"Don't dare." Liu Yan immediately lowered his hand respectfully, but his body was stretched like a bow.

"That's good..." Yunhuang was like a big devil who coaxed an ignorant girl, her tone was instantly gentle, and the brows were infused with a blurred and seductive color, which even a saint couldn't hold back...

Finally, she bent down and slowly covered the man's lips.

The moment Yunhuang closed her eyes and kissed Liuyan, a tear fell from her eye socket. The girl's expression at the moment of closing her eyes was enough to break everyone's heart...

It turns out that the arrogance and evilness are nothing more than a protective shell that can be broken at the touch of a button, and it turns out that the female devil also has a sincere heart...

Guo Qisheng clapped his hands excitedly while holding the script, and continued watching with bated breath without making a sound.

Next is a close-up of the stream.

The image of Liuyan in the play is a humanoid weapon without any emotion, the only emotion is loyalty to the master.

However, at this moment, the moment the master's lips fell, the man's ice-covered eyes suddenly turned into flames, and something hidden in his bones and blood was quietly breaking out of the cage like a wild beast at this moment...

It was Liuyan's deep-seated emotion, apart from being loyal to her master, she knew she shouldn't have it, but she couldn't control it.

Liuyan, who has never been in love before, doesn't know what it is, but at this moment, she suddenly understands...

This scene is not only Yunhuang's emotional turning point, but also Liuyan.

Of course, Liu Yan is just a small supporting role, and his role is irrelevant, but after being played by Ke Mingyu, no one will ignore him, but can't help but pursue his feelings for Yunhuang...

At this time, Yunhuang's poison suddenly broke out, with a painful look on his face, and finally, Liuyan moved.

The man turned over, and suddenly placed his master carefully under his body. His fingers paused for a second on the master's waist, and the next moment, he reached over resolutely and untied the master's belt...

"Oh my god!" Louis stared at the other side without blinking. He didn't notice that the cigarette in his hand was lit, and it burned his finger all of a sudden, causing him to scream in pain.

Say hello to the dog! Why does he want to sit here and watch the sex scene between his ex-girlfriend and his uncle? For Mao!

Isn't this looking for abuse for yourself!

But he...he just can't move his feet...

The fiery red clothes were peeling off layer by layer like petals, and everyone onlookers tensed up, and subconsciously swallowed because of the ensuing erotic scene...

However, at this moment, Liu Yan's gaze was straight like a sharp knife looking towards the direction of the hole, and then with a "da" sound, Liu Yan's fingers moved slightly, and a small stone hit the pile of stones on the side. vine...

"Clatter!" Those vines instantly covered the entrance of the cave, covering the room full of spring...

Everyone... was stunned...

This is different from what was said in the script, huh?

However, after a moment of pondering, Guo Qisheng's eyes lit up, signaling the cameraman to continue shooting.

There are gaps between the vines, people outside can only vaguely see what's going on inside, and Selena and Ke Mingyu inside can't see Guo Qisheng's prompts, so they can only play freely...

Hmm, free play...

Of course Selena couldn't wish for it!

After enduring this for a long time, I was almost suffocated, and immediately took the opportunity to wrap my arms around the big devil's neck, kissed him honestly, and said in a low voice, "Pfft, dear, you are so amazing..."

The pebble hit it right, so accurate!

Chapter 1452

Daniel's face changed slightly.

Say something like "that's great" to him at a time like this?

This little girl is so bold!

"Hey, dear, what pose do you like? Well, with Yunhuang's personality... I guess this pose is better..." Selena said, then turned back and pushed Daniel back. Then, with her black hair hanging down, she slowly kissed him. A man's thin lips...

Daniel no longer restrained himself, he held the girl's head, and kissed her back forcefully...

Outside the entrance of the cave, everyone looked like they were about to vomit blood in anxiety, Nima was so ticklish, it was like torturing people to death!

Although they know that it's all fake, and they probably borrow their seats, but this feeling of holding the pipa and half covering their faces is a hundred times more attractive than letting you see clearly...

Looking at the ambiguous and charming movement inside through the vines, Louis expressed that he had suffered ten thousand points of damage.

These two are simply insane...

Mo Chenxiu's complexion was extremely ugly, so he stood up and left.

Immediately afterwards, there was a "crack" in his ear, and Louis felt as if he heard the familiar sound...the sound of a teacup breaking...

Cautiously looked to the side, okay... Yunhuang's father's teacup was really broken...

There will be about 30 seconds of music and memory kills inserted into this plot, so Guo Qisheng didn't stop until 30 seconds later, "Crack! It's over!"

After a while, Selena and Ke Mingyu came out from the inside. Both of them looked neatly dressed, as if the beauty just now was an illusion.

"Huh? Is it over? Director Guo, are you sure?" Selena asked hastily.

"Sure, sure! Don't worry, the scene just now was perfect! Both you and Ke Mingyu performed very well!" Guo Qisheng praised without hesitation.

Facing Guo Qisheng's compliment, Selena was rarely not happy, but rather regretted, "Oh, okay..."

It's rare to film an intimate scene with the big devil, but she actually passed it all at once, what a waste! What a mistake!

Guo Qisheng gave Selena a strange look, why did he feel that there was something wrong with this girl's reaction? But I couldn't figure out what was wrong, so I could only shake my head and continue to prepare for the next scene.

...

The following scene is for Selena, Ke Mingyu, and Yun Shen.

The plot of this scene is that after Yun Sitian found out about his daughter and Liu Yan, he became furious and wanted to kill Liu Yan.

Hmm, it's pretty exciting too...

Louis forced himself to stay with his serious injuries, just to continue watching the next scene of the three of them.

In the beginning, Guo Qisheng was quite worried about this big boss, but after meeting him a few times, he unexpectedly discovered that Yun Shen's acting skills were really good, so now he was much more relieved, and after talking to the three of them for a while, he called out.

"All departments are ready! Action..."

Yun Sitian stood opposite, looking at his daughter and the black-clothed hidden guard beside him, his expression remained unchanged, but the aura and feeling around him changed in a second.

The coercion overwhelming the two of them like a whole mountain, and the look in the eyes that almost made people tremble from the depths of the soul, are definitely a thousand times better than the direct expression of rage.

Even the staff at the scene dared not make a sound, it was too... too scary...

"Swipe" Yun Shen swung his sleeve vigorously, Ke Mingyu bit the blood bag in his mouth, his body shook, and he made a movement of vomiting blood.

Yun Sitian's expression became more gloomy, approaching Liuyan step by step like a god of death...

Yunhuang immediately jumped out and stopped Yun Sitian, "Father! What are you doing!"

"He touched you."

"Daddy, wait! Daddy, can you be reasonable, I clearly forced him to sleep! Daddy, what are you doing beating him?" Selena yelled at each other, screaming sharply.

"you..."

Yun Shen ng.

Chapter 1453

"Keren!!!" There was a roar of gnashing teeth.

Ok? Who is Keren... Yun Shen seems to have got the wrong name...

Guo Qisheng had no choice but to yell "click".

Looking at Yun Shen who was actually pissed off by Selena, Louis felt that his heart was greatly comforted.

Even a monster with such a deep mind and terrifying background as Yun Shen can be so angry by Selena, he really is nothing...

At the same time, Louis looked at Yun Shen, and suddenly remembered who he was, Keren... not many people knew the name Selena!

Plus this white hair...

When he was abroad, he knew that Selena would often disappear for a long time, and he didn't know what she was doing. Occasionally, he saw her with a group of people who seemed to have a special background. The few people who were more impressed were one with curly hair, one with gold-rimmed glasses, and one with white hair...

Because he had seen Selena in men's clothing, he recognized her at the time. Could it be that Yun Shen was the white-haired man back then?

It seems that the relationship between Yun Shen and Selena is really not simple...

At this moment, some crew members and extras were whispering in lowered voices.

"What should I do if it's swollen... I'm a loyal Xiye Party, but why did I suddenly fall in love with Yunhuang and Liuyan after watching two scenes!"

"Actually, I've always been Xi Ge and Ke Mingyu's CP party. When I watched "Dream Seeker", I fell in love with Ji Feixue and Lin Yu, although this CP is quite unpopular..."

"Hehehe, what are you guys doing? I would say that I'm in love with Yunhuang and Yun Sitian, the father and daughter CP?"

"Could it be my illusion? I also think Yun Sitian's eyes looking at Yunhuang are very unusual!"

...

Louis: Stupid human beings, it's not that Yun Sitian looks at Yunhuang with unusual eyes, but Yun Shen looks at Selena with unusual eyes, okay?

After a short break, filming began again.

The scene of Selena, Ke Mingyu, and Yun Shen was filmed five times in a row before it finally passed.

Finally winning the round, Selena hummed a little song, her body and mind were at ease, and her mood was indescribably good.

Toilet.

Daniel came out from the inside, and as soon as he walked outside, he saw a person leaning against the bright wall opposite.

The man's white hair covered the shallow scar on his brow bone, and he held a cigarette in his hand. When he saw Daniel coming out, he raised his eyes slightly and said with a half-smile, "Boss Lu...that's really nice." Yaxing..."

Although his identity was discovered, Daniel didn't show any reaction on his face, he just glanced at the man expressionlessly: "Both each other."

On the other side, Louis was in a hurry to urinate. He was about to go to the bathroom when he saw these two gods standing at the door of the bathroom. He slammed on the brakes and hid around the corner.

Then, I heard the conversation between the two...

Ah...how did Yun Shen recognize Daniel? The eyes are poisonous enough!

And...you two, don't talk about each other, okay? You both are boring enough!

One or two, instead of going to your company to be your domineering president, what kind of trouble will they all run to this crew to compete with him for his job!

Louis thought secretly, let's fight! These two better fight!

In this way, wouldn't he be able to compete with each other for the fisherman's profit? Even if it doesn't work out, he's still happy watching the show!

Yun Shen glanced at Daniel, and when he was about to speak, he glanced around the corner from the corner of his eye, as if he noticed that there was someone hiding there, so he smiled, turned around and left.

Chapter 1454

A high-end wedding dress styling club in the imperial capital.

A finger wearing a white lace glove gently opened the curtain, and Susie appeared in front of everyone in a gorgeous pure white wedding dress.

Suddenly, there was a burst of exclamation from outside the curtain.

"My God! It's so beautiful!"

"Miss Ning, this wedding dress really suits you!"

"As expected, Mr. Su has the best vision! The one he picked out is the most suitable for Mrs. Su!" The clever shop assistant directly changed the name of Susie to Mrs. Su.

...

At this moment, Roman was standing there waiting in a well-tailored high-end custom-made suit. When he saw Susie walking out after changing her wedding dress, a surprised look flashed across her face.

Susie was obviously very satisfied with the man's reaction, she stood there slim and graceful, and asked shyly, "Roman, do you look good?"

Roman's face was gentle, "It's pretty."

Susie immediately showed a happy expression, and leaned into the man's arms with a face full of dependence and attachment, "Roman, I can finally be your bride. Do you know how long I have been waiting for this day?"

Roman looked at the girl in a holy wedding dress who was as beautiful as a dream, and the girl's expression as if she was looking at the whole world. The distracting thoughts in her heart were pushed back to the corner, and she gently stroked the girl's hair, "Me too."

The shop assistants, stylists and store manager next to them all looked envious when they saw how affectionate they were, "Mrs. Su, can you wear the matching accessories and see the effect together?"

"Okay, sorry to bother you!"

"Where is it, Madam Su, it is our honor that you can come to us to customize a wedding dress!" The store manager said politely.

This was obtained after they competed with several stores in the imperial capital for a long time. Susie's wedding is bound to be the biggest event in the city recently, and its publicity effect is better than how many advertisements.

Then, Susie tried on all the accessories again.

These accessories were custom-made by Roman from abroad a long time in advance, and they are unique in the world, especially the crown on the head, which came from the royal family of Country Y. It was bought by a private collector at an auction before, and was obtained by Roman at a high price. Keep up with it Compared with the crown queen at this charity dinner, although the price of 100 million was not exaggerated, the total value of this crown is 60 million, which is twice the actual market price of the queen, which is already quite amazing.

Everyone around was full of praise, and Susie's face was full of happiness.

After everything was finalized, Susie took Roman's arm and said thoughtfully, "Roman, I'll check the clothes and accessories for the last time, and then go directly to the beauty salon for a spa, you don't need to accompany me I'm done, go get busy if you have something to do!"

"Okay, thank you, wife!" Roman lowered his head, kissed Susie on the lips, and then left.

Susie looked at the man's slender and straight back, and at the man who was about to completely belong to her, her eyes were filled with pride, heh, such a man should belong to her...

Susie was discussing with the staff to add some details when the phone rang, it was Roman's mother calling.

Susie frowned slightly, took the phone and walked to the balcony, and then answered the phone, "Hello, auntie..."

"Susie, are you looking at the wedding dress with Roman today?"

"Yes, just after reading it, Roman is already busy at the company."

Chapter 1455

"Are you satisfied? If you are not satisfied, just tell auntie, I will let them meet all your requirements. After all, a new marriage is a major event in your life, and you must not be sloppy!" Su's mother's tone was extremely loving.

Hearing Su's mother's tone, Susie knew that she might have something else to say, her eyes flashed, and then she hurriedly said in a flattered tone, "Auntie, I'm very satisfied! Actually, it really doesn't need to be so troublesome, As long as I can be with my elder brother, I don't care about anything else! Marriage is just a formality!"

"How can I do that? You are the eldest daughter-in-law of our Su family, so naturally you can't feel wronged in the slightest! In short, as long as you are satisfied..." Mother Su said, and sure enough, the topic changed, and then she said, "Susie, what happened to what Auntie told you last time? Will there be someone from the dealer?"

Susie's face was slightly gloomy, and she forced herself to speak in a cute and sweet tone, "Don't worry, Auntie, I've got some clues. I'll try my best to invite you. It shouldn't be a big problem!"

After hearing Susie's answer, Su's mother was satisfied, and after a few more instructions, she hung up the phone.

Su Hongguang's illegitimate son, Su Xun, married the third daughter of the Zhao family, Zhao Shanshan. The Zhao family has recently gained power, and the threat to Roman is getting bigger and bigger. Planning for Roman's future...

Susie took a deep breath, took out her mobile phone and made a call, "Have you ordered the bracelet yet?"

Janice's voice came from the other end of the phone, "I have ordered it. I just picked it up from the store. Shall I send it to you now?"

"Send it directly to the beauty salon."

"OK."

...

Susie returned to the house after making the phone call.

The store manager hurried over and said anxiously, "Mrs. Su, I seem to have forgotten to prepare the bracelet!"

"It's okay, I will arrange it myself."

"Oh, that's okay..."

...

After leaving the wedding dress club, Susie drove to a member-only beauty parlor that the top rich and famous ladies of the imperial capital visited most often.

At the door, Janice was already waiting there with a small black velvet box in her hand. Seeing Susie approaching, she hurriedly handed the things to her.

Susie opened it and took a look. After confirming that there was no problem, she asked, "Is the media ready?"

"Don't worry, everything is ready. They even wrote the manuscript in advance. It's not a problem to dominate the popularity for a whole month." Janice said with a firm tone.

Many days ago, the media had already started to spread the word, from Susie's wedding dress, ring, crown... to the hotel's dishes and souvenirs... step by step paving the way for the official wedding day.

"Well, all right, you go back."

Susie nodded, and went straight into the beauty salon after speaking.

Janice glanced suspiciously in the direction of Susie's entry, not understanding why she let herself secretly buy such an expensive bracelet.

Aren't the accessories for the wedding prepared by the Su family?

...

The membership of the beauty salon that Susie went to was only open to famous ladies in the imperial capital, even if Susie was a first-line popular actress, she couldn't get in, but she was also the eldest lady of the Ning family and the future Mrs. Su, So naturally got the membership.

As soon as Susie arrived, a familiar shop assistant congratulated her with a smile on her face.

"Miss Ning, you are here! Congratulations in advance!"

"Congratulations on the big marriage, a happy marriage for a hundred years!"

...

Chapter 1456

"Thank you!" Susie was obviously used to this kind of congratulations these days, so she thanked her a few times in a decent way, and at the same time, she looked around calmly.

Finally, Susie's eyes lit up, and she saw the purpose of her visit today.

Travis stepped on high heels, dressed in champagne-colored Zeling Haute Couture, and walked over with a glamorous aura.

Susie looked at the Zeling brand clothes on Travis's body, her eyes dimmed for a moment, then she quickly looked away, pretending that she didn't see her, put her handbag back into the bag, and walked straight ahead go.

Just as she was walking forward, a photo inadvertently fell out of her handbag, and it happened to float to Travis's feet.

Travis bent down subconsciously to pick up the photo, and was about to stop the person in front of her, but her face changed slightly after seeing the photo clearly...

The background of this photo seems to be quite old, but the photo has been refurbished. The most important thing is, there are five people in it... She knows four of them!

The one in the middle is her grandfather, the one on the left of the grandfather is her second and third aunts, the one on the right is her father, and there is another woman...

Although the people in the photo looked much younger, she could identify them with certainty, but... who is that strange woman next to her father?

Why does it appear in such a photo that seems to be a family portrait?

When Travis came to her senses from her daze and wanted to stop the person in front, Susie had already turned the corner.

"Hello, may I ask, who is that lady who walked past just now?" Travis had no choice but to ask the staff at the side.

"That one...that one is Susie, the eldest lady of the Ning family!" The staff replied enthusiastically.

"Susie?" Travis's face changed slightly.

Selena's younger sister?

It was only after she got to know Selena a little later that she knew that Selena was the adopted daughter of the Ning family, and she didn't know anything about the Ning family.

But why did Susie have such a photo?

After thinking for a while, Travis said, "Help me and Miss Ning arrange a private room."

"OK."

...

After Susie entered the private room, she lay comfortably on the leather recliner, waiting for the service of the beautician...and...Travis...

Sure enough, within three minutes, there was a sound of high heels.

"Miss Ning, your things seem to have been lost." Travis handed over the photo, and then opened her mouth tentatively.

As soon as Susie saw the photo in Travis's hand, her face immediately changed, and she took it nervously, "Ah! It's mine... Thank you, thank you! Thank you so much!"

After speaking, he caressed the photo in his hand gently.

While observing Susie's expression, Travis said, "I'm sorry, Miss Ning, may I ask why you have this photo in your hand? Although it's a bit presumptuous, the person in your photo is my grandfather, father, and the second and third aunts."

When Susie heard the words, she immediately showed a look of embarrassment, as if she didn't expect that this photo would be seen by Travis.

At the same time, she also made sure of one thing. It seemed that Travis didn't know that she had an aunt at all.

Susie hesitated for a long time, and finally let the two beauticians who had just walked in go out first, then looked at Travis helplessly and said, "I didn't expect that Miss Zhuang would see this photo by accident. ...Actually... one of the people in the photo is my mother!"

Chapter 1457

"The one next to my father?" Travis suddenly showed a look of surprise.

"yes."

"how come..."

Having said that, the two naturally sat down and started talking.

Looking at the photo, Susie let out a long sigh and said, "My mother's name is Zhuang Lingyu."

Hearing Susie say that her mother's surname was "Zhuang", Travis immediately realized something, "The surname is also Zhuang... Could it be?"

"Yes, my mother is the youngest daughter of the dealer." Susie said.

"Why have I never heard of it?" Travis frowned.

Grandpa has a third daughter? She never heard it from anyone in the family!

Susie considered her words, and then said, "Actually, I didn't know about it at first, and I only discovered it after I grew up. Of course, what I know is not that specific. I only heard that my mother talked to My father fell in love with each other, but because of the wrong family, my grandfather refused to agree anyway. In order to be able to be with my father, my mother quarreled with my grandfather many times. It's been more than twenty years since there was no contact... So, now almost no one knows about the past!"

Speaking of this, Susie's face was full of sadness, "Actually, I know that my mother has always regretted hurting grandpa's heart, and misses my family very much, but my mother's temper is too stubborn, and she has always refused to bow her head first... "

When Susie said this, she looked at Travis with a bitter expression, "I really feel sorry for my mother like this, so I tried to resolve the misunderstanding between my mother and grandpa... But, it is really difficult for me to contact and see grandpa. It was too difficult... That's why I tried to contact you, Ms. Zhuang, at that time... It's a pity... I didn't expect to miss the opportunity to talk to you because of some small misunderstandings..."

Susie's words undoubtedly alluded to Travis's efforts to get ahead of Selena in History's store, and even implied that Selena was obstructing her from the beginning.

Travis glanced at Susie again, and asked suspiciously, "Why do you carry this photo with you?"

"I found the original of this photo on my mother's bedside. Probably because of long-term contact, the wear and tear was already very serious. I secretly took it to the store to repair it. I just picked it up today. Actually, I came here today. The beauty salon is also holding the mentality of trying luck, thinking about whether I can meet you, cousin, but I didn't expect that God finally helped me..." Susie did not deny it at all, and directly admitted her purpose and intention, She even pretended to unconsciously change her address to Travis as "cousin".

Sure enough, after hearing what Susie said, Travis's expression softened a lot, and she believed Susie's words quite a bit.

After all, there was no need for Susie to lie to her, because of this kind of thing, she would know the truth when she went back and asked.

Unexpectedly, she actually had three aunts, one of whom ran away from home and severed ties with the family for many years...

Recalling the sad look that her grandfather often showed, she thought it was just because she missed her grandma, maybe it was also because of this little daughter who had been away from home for many years...

"It's not easy for us as juniors to interfere with the affairs of the juniors, but I really can't bear to see my mother haggard like this every day, so I took the liberty to tell you so much, cousin..." Susie said with an apologetic expression.

Chapter 1458

Although if Zhuang Lingyu is really her aunt, Susie is indeed her cousin...

However, when she heard Susie calling herself cousin, Travis felt a little uncomfortable.

There are also some things that she thinks are not quite right, just because the family is not in the right place, can the grandfather and his biological daughter have quarreled with each other for more than 20 years?

"I don't know this photo, can you give it to me?" Travis asked.

Seeing that Travis was finally interested in this matter, Susie naturally nodded quickly, "Of course, I edited and saved a lot of photos."

Travis: "Thank you."

"Hey, in fact, my mother has always wanted to find a chance to reconcile with grandpa. On the one hand, I can't speak because of my personality. On the other hand, there is no suitable time..."

Then, Susie told Travis a lot of things like how much Zhuang Lingyu missed her relatives these years, and mentioned a few words about her marriage by the way, and then the two left the beauty salon after finishing the nursing.

The two stood together at the door waiting for the car to pick them up.

Susie was on the phone, "What? The car broke down? But I have an announcement to make soon, and it will start in less than half an hour..."

It was too late to send another car, because she was a public figure and it was not convenient to take a taxi. For a moment, Susie stood at the door with an anxious expression on her face.

At this moment, Travis's car came over, and upon seeing this, he asked casually, "Where are you going?"

"Exhibition Center!"

"It's just on the way, let me take you for a ride."

"Cousin, thank you!" Susie gratefully got into the car, and took the opportunity to politely invite Travis to come to her wedding.

...

dealer.

After Travis went back, she looked at the photo several times.

Want to ask?

However, since the elders in the family have never mentioned Zhuang Lingyu for so many years, it should be very taboo about what happened back then. Is it not good for her to ask rashly?

Grandpa definitely can't ask. As for mother, I don't know if she knows the matter clearly...

To ask Selena?

Certainly not...Selena is just the adopted daughter of the Ning family, so she probably doesn't know anything about such a secret matter, and she has never mentioned it...

Travis was struggling, when a familiar sound of footsteps sounded from far to near the door.

"Dad, you're back!" Travis immediately stood up.

"Well, where's your grandfather?" Zhuang Liaoyuan was wearing a military uniform with a meticulous face.

"I went fishing, but I haven't come back yet." Travis hesitated again and again, and finally said, "Dad... Grandpa... How many daughters does he have?"

Hearing this question, Zhuang Liaoyuan frowned coldly, "Why do you ask this suddenly?"

"Today I suddenly heard someone say... grandpa has three daughters, and one... is called Zhuang Lingyu?" Travis asked tentatively.

Sure enough, upon hearing this name, Zhuang Liaoyuan's expression changed instantly, "How do you know? Who told you?"

"So it's true!" Travis was surprised, and then handed over the photo in her hand, "I met Miss Susie in the beauty salon today... I found her photo... let's chat I just found out... Listen to her... Her mother has always missed grandpa..."

"That's what she said?" Zhuang Liaoyuan's expression was a little strange.

"That's right, she also said that her mother kept this photo by her bedside, and it was worn out due to frequent touching, so she took it to restore it..." Travis nodded.

Chapter 1459

Hearing what Travis said, Zhuang Liaoyuan didn't have the slightest look of longing or emotion on his face, instead, he seemed to have been touched by the scales, and his expression became even colder, "This matter is not your business, so just pretend it's nothing. I've heard it, don't mention it in front of your grandpa."

Travis actually expected that his father might say that, seeing his father's ugly face, he nodded obediently, "Oh, I see."

Now that Zhuang Liaoyuan had already made his attitude clear, the invitation to the wedding banquet mentioned by Susie was naturally ignored by Travis.

Although my father didn't want to mention the specific situation, there must be something hidden in it. She can't listen to Susie's one-sided opinion, and she won't intervene rashly.

Even for Selena, she didn't want to have too much contact with this cousin who appeared out of thin air...

Platinum Palace.

Tonight, when Daniel was cooking, Rick helped. Selena was ordered by the father and son to leave the kitchen and wait to eat.

Selena casually checked the entertainment news, and it was full of reports about Susie and Roman's wedding. She couldn't do other entertainment gossip, so she had no choice but to close the interface, and continued to peek at the little bun and the big bun. Bar.

Just as Selena put down her phone, the phone rang suddenly.

Looking at the caller ID, it was Tang Nuo calling.

Could it be that something went wrong at home?

Selena quickly answered the phone, "Hello, Xiao Nuo? Did something happen at home? Those people went back to look for you again?"

"No, no! Sister, they never came back to look for us, oh, no, they came to our door once, but they came to send flowers and fruits, and their attitude was very polite..."

It looked like he was scared of being beaten by Selena last time, it seems that it was right to focus on defeating him once.

"Oh, that's good!" Selena finally felt relieved and said with a smile, "Young man, the college entrance examination is only a few days away, and I need my sister to accompany the exam at that time, can you cheer me up?"

"Don't, don't, don't let any of you come, let me be normal!" Tang Nuo said hastily.

Selena chuckled, "Fine, it's up to you! Come on, I'm still waiting for you to come to the imperial capital!"

"Sister, just wait, I will definitely come!"

"Yo, your tone is not small!" Selena teased, but Tang Nuo's grades have always been very good, and it will definitely not be a problem to get into the imperial capital.

"By the way, sister...I'm calling you...actually, there is something else..." Tang Nuo seemed a little embarrassed to speak, he hesitated before continuing, "Sister, you came back too suddenly and in a hurry last time, We didn't even have time to keep you here. What parents mean is... You have helped me so much, so I have to treat you to a meal. When are you free, can you come home? Sister... We The family...haven't been together for a long time..."

Tang Nuo said the last sentence very pitifully.

The elder sister who had the best relationship since childhood suddenly left like this, and even became someone who has nothing to do with him. Tang Nuo felt very uncomfortable, but this matter involved too much, and his parents also opposed him and Ning. Xi had been in close contact, so he could only bear with it no matter how much he missed it. It wasn't until Selena's accidental trip home that his state broke the ice...

Selena hesitated for a moment when she heard the words. Hearing the young man's cautious and pitiful voice, she still couldn't bear to refuse directly, "Okay, I'll go when I'm free..."

"Really? Sister, you agreed! Don't go back on your word!"

Chapter 1460

"Yes, yes, don't go back on your word, don't worry about it, just concentrate on preparing for the exam!"

"Yeah, I see, sister, I will definitely fight for you!"

"Good..." Selena smiled warmly.

The siblings chatted for a while, Tang Nuo hesitated and said in a somewhat awkward tone, "By the way, sister, is that woman getting married soon?"

Selena realized that he was referring to Susie, nodded and said, "Yes."

Tang Nuo on the other end of the phone snorted, "She didn't even call home, we still saw it on TV. I'm really worried that my mother will run over again, sticking her hot face to her cold ass, okay This time, my mother didn't say anything, and she didn't say that I was going... Before, she kept urging me to send some souvenirs to others for wedding banquets. ..."

It must have been a snag with Susie over the phone...

However, Selena didn't say anything.

Many things are inconvenient to say from her standpoint.

After Selena finished chatting with Tang Nuo and hung up the phone, Daniel and Rick's meals were finally ready.

"Mom, dinner is ready!" Little bun led Selena to the dinner table with a treasured expression on his face.

Selena saw simple and homely four dishes and one soup on the table, cold tomato, braised pork, cola chicken wings, yam pork rib soup, and a stir-fried cabbage that Daniel is best at.

It was much richer than she imagined, and they all looked pretty good.

"Try it." Daniel handed her a pair of chopsticks.

Selena picked up the chopsticks and tasted each one.

The big and little buns on the side all stared at her nervously.

After a while, Selena raised her thumbs up with bright eyes, "It's really good! It's delicious!"

The big and small buns were all relieved, and the little bun was full of joy. Daniel helped Selena pull up the chair, "Let's eat!"

"Hmm..." Selena saw a blister on the back of Daniel's hand out of the corner of her eye, and immediately grabbed Daniel's hand, "What's wrong with your hand?"

"It's just splashed with oil, it's not a problem, it's already been dealt with," Daniel said indifferently.

Selena hurriedly blew on his hand, "Does it still hurt? I'll give you a whir!"

Daniel looked at Selena's actions like coaxing a child, he was a little bit dumbfounded, but his heart was full of tenderness.

The little bun who was ignored by the side looked at Papa angrily, with a small expression of "Papa, how can you use bitter tricks behind my back to fight for favor"!

"Mom, Rick wants too!" Little bun finally couldn't bear it anymore.

Selena chuckled, and quickly blew on the little guy's tender paws.

Rick was immediately satisfied, look, Rick is very favored even if he doesn't care!

...

After dinner, after putting the little bun to sleep, Selena and Daniel sat and chatted in the small garden for a while.

"My dear...why are you being so nice to me all of a sudden today?" Selena asked a little strangely.

In fact, not only today, these days are like this.

In the past, Daniel was good enough to her, but in the past few days, it has become even more exaggerated. She almost felt like she was being pampered into a useless person.

How could Daniel dare to say that it was because of his heartache and... guilt...

"I'm worried about your discomfort." Daniel thought for a while and found another reason.

"What's uncomfortable? Are you talking about Roman's marriage?" Selena raised her eyebrows and said with a half-smile, "If it's about that, you really think too much, heh, they are a good match, how good it is to be together !"
