

Cruel Heart Lover Novel

Chapter 1471

One after another, guests bid farewell to Ning Yaohua and Su Hongguang with regretful faces.

"Chairman Ning, I'm really sorry, the company is in a hurry here, we have to take a step first, and congratulations again! I'm sorry, I'm sorry!"

"It's okay, it's okay, Mr. Wang, what's the matter? You are very welcome to come here today! Mr. Wang, go slowly!"

Ning Yaohua had just delivered one, when another company partner turned around and came over, "Mr. Ning, the company is quite busy recently, and the wedding is still squeezed out of the meeting time, so I'll take a step ahead. Ning Yaohua Don't blame Dong!"

Ning Yaohua hurriedly said, "Where is it, Mr. Jiang, I will see you off!"

"No, Ning Dong, you are busy! I will go by myself, just go by myself..."

At first Ning Yaohua didn't feel anything wrong at all, until the fifth person came to say goodbye to him, he finally felt that something was wrong.

At the same time, Su Hongguang also encountered a completely similar situation.

It's just that the wedding ceremony was about to begin, and the two of them didn't have time to think about it, so they were called by the master of ceremonies to make final preparations.

...

Meanwhile, the multipurpose hall upstairs.

There is a publicity poster of the Charity Fund at the door. There are two welcome guests. Although it is very simple, the poster design is exquisite, and the welcome guests are also very polite. They are guiding the guests to sign in and register for donations. With heart.

The layout in the hall is also simple and orderly. Most of the people who are here are the artists and partners of Shengshi Entertainment. There are not many people, but the atmosphere is quite good.

Selena was busy with her assistants and managers herself, while she was still on the phone.

It was Travis who called, saying that she would be there soon, and she would come with her mother.

Selena was a little surprised when she heard that, and then thanked her with a smile on her face, "Thank you, Ke'er!"

"Why are you being polite to me, I've already arrived at the door, hang up first!"

At the door, Travis registered her name, then took a gift bag in her hand to the table, took out a small black box from the bag, and said to the staff in charge of registering donations, "I donate This bracelet."

What Travis took out was the bracelet that Susie deliberately left on her car.

Anyway, she can't return this thing, and it's disgusting to put it in her place, so it's better to donate it to do good deeds.

After registration, Travis and her mother went in to find Selena.

Selena saw the two rushing over to greet her, "Ker, Mrs. Zhuang! Thank you for coming!"

It would be fine if it was just Ke'er, but Mrs. Zhuang also came in person, which is really a great way to save face, and Selena was inevitably flattered.

Meng Linlang looked at Selena's grateful attitude, with a gentle face, and said angrily, "You child, how many times have I told you, why are you being so polite to us? We should thank you. You helped me before. After we are so busy, we only treat you to a few meals, and we have no room to intervene in other places, but this is charity, and I can still help, so don't thank you!"

Meng Linlang also decided what to do today after deliberation. Charity is a perfect opportunity. Helping Selena in this aspect, no matter whether it is to the dealer or Selena, will not leave any talk.

Selena naturally thought of this too, and was moved by Meng Linlang's delicate thoughts, she smiled and led the two of them to rest and have tea first.

However, what Selena never imagined was...Meng Linlang not only came by herself, she did...more than she imagined...

NEXT CHAPTER

Chapter 1472

Almost as soon as Meng Linlang came in, the sparsely populated entrance of the small hall suddenly had more people, and these people were a little strange...

For example, the boss who is currently registering is wearing a formal suit, as if he just came from some important banquet, and when he arrives, he directly asks, "Can I only donate money? Is it okay to donate things?"

"Of course!" The staff member nodded.

So, without further ado, the boss directly withdrew a watch that was worth a lot of money from his hand, "Then I will donate this watch!"

"Uh, ok..."

Coincidentally, there have been several guests in a row like this boss, who said they came in a hurry and were not prepared, and took off the accessories they were wearing without saying a word, which made the two staff members look at each other...

Seeing more and more new faces, Ling Zhizhi walked up to Selena, "Selena, did you invite these people here?"

Selena glanced at the people around who were obviously not on the list, "Uh, sister Zhizhi, didn't you invite me?"

Both of them were stunned for a moment, they obviously thought they were invited by the other party...

Because tonight's banquet was of a charity nature, Ling Zhizhi had started some publicity and invitations a long time ago, but many of these people were obviously beyond the scope of her ability to publicize.

In addition, the time for Susie's wedding was fixed, which happened to coincide with their banquet today. Almost half of the people went to Susie's place, and even fewer people could come today...

Selena suddenly thought of something, pondered for a moment and said, "I seem to know... wait a minute and I'll ask..."

Selena talked to Lin Zhizhi, and then walked over to Travis and Meng Linlang, "Mrs. Zhuang, it seems that many company bosses and celebrities from this

city are here today, and they are not on our banquet list. It is Madam Did you invite me?"

Meng Linlang glanced at those people, smiled faintly, and said directly, "These people? No."

Even denied it?

It wasn't Meng Linlang who invited... Who could it be...

Now Selena was really a little confused.

At this moment, the bosses who rushed over after hearing the news were standing together in twos and threes talking.

"What's going on? Is there something wrong with your news? I asked just now, this is nothing more than a charity foundation set up in the name of a little star!"

"Wait a little longer, didn't you see Mrs. Zhuang and Miss Zhuang really came?"

"Then what about Section Chief Zhao and Director Liu? Didn't they all come? I didn't see any of them! I took the risk of offending the Suning family and left early. Isn't this a scam?"

"This Ms. Zhuang, I think at her age, is she a fan of that little celebrity named Selena? My daughter is also a fan of this female celebrity, and she whispers in my ear all day..."

"That said, it's really possible..."

"Uh, so... what about the section chief, the minister... are they all wrong? Otherwise... shall we go back downstairs?"

...

Just as a group of people were confused and complained that they made a donation for no reason, a group of people suddenly walked up to the door.

A group of people came talking and laughing, and the leaders were Section Chief Zhao and Minister Liu who they had been talking about...

Looking at the back, it's even more terrifying... At a glance, there are several high-ranking officials and official wives who are usually hard to see...

The most exaggerated thing is, who did they see...

"Then... isn't that General Zhuang Liaoyuan Zhuang?!"

At the same time, Meng Linlang looked at Selena, smiled lightly, and then said, "Here, these people are the ones I invited."

Selena: "Uh..."

Chapter 1473

Selena was indeed shocked.

So, these talents were invited by Meng Linlang...

As for the others... Look at it... After hearing the news, they came here for these people?

After talking to his colleagues, Zhuang Liaoyuan walked straight towards Selena and the others.

"Boss Zhuang..." Selena looked at Zhuang Liaoyuan who had rushed over in person, and didn't know what to say. The face given...was too great.

"Girl, I arbitrarily combined your event with the project of the Charity Federation, I hope you don't mind." Zhuang Liaoyuan said.

Selena hurriedly said, "Why, I just think it's too much trouble for you to work so hard!"

Zhuang Liaoyuan said indifferently, "As long as it doesn't bring you trouble."

"Of course not! It's just that the venue here is relatively small and the layout is a bit crude, I'm afraid it will be a bit neglected..."

"You don't have to worry about this. Your venue is completely enough. We are doing charity and not just a show. Simpler is better."

Hearing this, Selena finally felt relieved, thanked her again, and then said, "Then Chief Zhuang, you talk first, I'll go get busy first!"

Meng Linlang said softly, "Go and do your work quickly, and leave us alone!"

Selena immediately went to explain the situation to Ling Zhizhi.

"Selena, do you know General Zhuang?" Ling Zhizhi asked in surprise.

"I helped the banker a little by chance before, and later my personal relationship with Travis was pretty good. It should be because of the things I helped before that I came to join in." Selena briefly explained.

Only then did Lin Zhizhi feel relieved. In fact, although so many people came by accident, she didn't need to worry about it at all, because there were also many staff members from the Charity Federation. They had rich experience and had already helped take over this times of activity.

...

Downstairs is the wedding banquet hall.

The long-awaited wedding ceremony finally began. After the master of ceremonies on the stage gave a passionate speech, the sacred wedding march sounded, the door at the end of the red carpet opened, and the bride in a white wedding dress held her father's arm step by step toward the groom on the other side of the red carpet walks away.

Finally, this exciting moment came. All the cameras of the invited media were focused on the much-anticipated bride Susie at the same time. The eyes of the guests, especially the girls, were almost overflowing with envy. , the embarrassment caused by the banker just now has been completely washed away by the exciting wedding...

Because the venue was very large, the red carpet was very long. As Susie walked forward, a large area of the surrounding guests had quietly disappeared.

"What's going on? How did I see that many people left halfway?" A certain actress in yellow from Shengshi Entertainment looked around suspiciously.

The actress in red at the side also looked a little suspicious. While they were talking, a boss next to her also turned around and walked out the door in a hurry.

The actress in red hurriedly grabbed the boss, "Mr. Li, where are you going?"

"Hehe, there is an important event to attend, Miss Feng, see you next time when you are free..." Mr. Li left in a hurry after finishing speaking.

The actress in red became more and more strange as she thought about it, and finally couldn't help but chased her out of the door, followed by the actress in yellow. Then, the two of them saw that the distinguished guests who had just left were all Heading upstairs...

Chapter 1474

"Strange... there is an important event upstairs?"

"Isn't Selena's charity donation ceremony upstairs? There's only a small hall up there, there can't be any other activities..."

...

Just as the two little actresses were talking more and more strangely, a group of people suddenly came from the stairs.

The person who almost blinded their eyes was not their boss Saul, but the one next to Saul turned out to be their big boss Daniel, and the people who followed him were all senior executives of Shengshi Entertainment that they rarely saw each other... ..

However, this is not over yet, there was another sound of footsteps coming from the stairs on the right, a white-haired man wearing sunglasses stepped up leisurely, followed by a few cold-faced bodyguards in black, and beside him was a A man with gold-rimmed glasses...

Nima! This... this iconic white hair! Difficult...could it be the rumored Mr. Yun?

In the eyes of the two little actresses who were so shocked that they were almost trembling, the two people on the left and the right happened to meet.

"Hey, Mr. Lu, what a coincidence...you're here too...to make it even better?"
The white-haired man took off his sunglasses and said with a smile to the expressionless man opposite.

Daniel narrowed his eyes slightly, but paused for a moment, and soon continued to walk upstairs.

Saul glanced at the man behind him, curled his lips and hurriedly followed his brother.

Nima, why is this guy here...

Things are going wrong today!

Originally, they had thought well, and today they would definitely help Selena hold the stage and kill the pair of dogs downstairs, but they didn't expect that they would be meddled by the dealer, and they couldn't help in the snow. Even the rival in love came over to join in the fun...

downstairs.

At this moment, the other people around gradually realized that something was wrong, and they all whispered to each other and asked each other, and finally they all learned that the places where those who left went were all upstairs.

Even the guests noticed something was wrong, let alone the media.

Immediately, the shrewd reporter realized that there might be big news here, so he did not hesitate to temporarily put Susie's filming aside and sneaked upstairs.

It doesn't matter if you don't look at it, it's scary to pee at a glance!

I thought it was a once-in-a-hundred-year event downstairs, but I didn't know what pomp was until I saw the upstairs.

High-ranking officials gather, rich people get together...

To use an inappropriate analogy, if a bomb were dropped in this small hall at this moment, the entire Hua Kingdom would collapse.

As a result, all the reporters who went up to check were gone...

Susie held Ning Yaohua's arm, her eyes sparkled, and she walked step by step towards her happiness, everything she got...

Finally, when she walked in front of Roman and turned around, she found that half of the people in the wedding banquet hall that was originally full had been reduced by half, and people were still walking outside at a speed visible to the naked eye.

"what happened..."

But at this moment, under the watchful eyes of everyone, it was not easy to inquire, so Susie could only suppress her anxiety and continue the wedding.

Rings exchanged, oaths read...

Originally, it was the part she was most looking forward to, but the more people went to the banquet hall at the back, the fewer people there were, and in the end, only one-third of the people remained.

Almost as soon as the ceremony was over, Susie immediately went down to inquire about the situation.

"Dad, Mom... What's going on? Why did so many guests leave suddenly?"

Chapter 1475

Ning Yaohua was sweating on his forehead, "I just sent someone to inquire, and it was said that all the guests who left have gone upstairs!"

"What are they doing upstairs?" Susie said with a gloomy face.

It was a good wedding, firstly there was a problem with the dealer, and now there are so many people missing suddenly at a critical moment, and the rest

of the guests are all absent-mindedly discussing what happened, she was just like a fool when she was at the top. Similarly, she didn't know how she survived those ten minutes, and she even accidentally said the wrong oath...

However, what is even more tragic is that no one noticed even if she made a mistake...

upstairs...?

Isn't Selena upstairs doing some kind of messy charity event today?

When it was time for the wedding, she chose the same day and the same place. A large part of the reason was that she deliberately bumped into Selena, so she immediately remembered it.

But what are these people doing upstairs?

Could it be that Selena rescheduled the event to avoid her, and was there some other important meeting or event going on upstairs?

"I haven't found out about this yet. Now the upstairs is full of people, and it's impossible to squeeze in. There's no way to know what happened..." Su Hongguang said with a sullen face.

Zhuang Lingyu's face was extremely ugly, she looked at Su Hongguang and Su's mother and said, "How could such a mistake happen on such an important day today? I haven't figured out what's going on with such a big problem, could it be Do you want our wife's family to investigate?"

Mother Su frowned and said, "Didn't they all say that they are already investigating! What's going on is not necessarily where the problem is! Not all the guests who left are from our Su family!"

"what do you mean?"

...

Roman's brows were full of exhaustion, and he hurriedly said, "Mom, stop arguing, I'll go up and check the situation myself!"

"Roman..."

"Hey, wait for me, I'll be back soon." Roman rubbed Susie's hair, then walked quickly towards the outside of the hall.

...

When Roman went up, all the people who were crowded outside had disappeared.

He only saw a poster of a charity event standing outside the hall. On the poster was a promotional photo of Selena wearing a white dress.

"Hi sir, please register here!" Seeing Roman, one of the staff members said politely.

At this time, the other one recognized Roman, and hurriedly opened his mouth to whisper a few words in his companion's ear.

The companion glanced at the word "groom" hanging on Roman's chest, and kept silent in embarrassment, wondering what the groom Roman was doing here?

"Sorry, may I ask, is there any activity here today?" Even though he saw the sign, Roman made sure.

"It's the charity foundation and donation ceremony initiated by Karen!" the staff replied.

Roman frowned slightly, it was really Selena...

Even though it might be impolite, Roman couldn't help but glanced into the hall suspiciously, and then found that most of the guests who left were here, not only that, but all the guests sitting in the front row were important officials from the city. Officials, he even saw people from the dealer...

"Ah...another one?" Just when Roman's face was pale and shocked, a faint voice came from behind.

As soon as he turned around, he saw a white-haired man looking at him with a half-smile.

And at the same time, it was... Daniel?

On the other hand, Selena got the news that the big boss was coming, and was about to go out to meet her sweetheart in person, but... saw such a scene that made her stunned...

Chapter 1476

What the hell...

What is the situation!

Why Mao Yunshen is also here...

Forget about Yun Shen, why is Roman here!

Selena looked at Daniel, at Yun Shen, and at Roman... the whole person was in a daze...

How did the three of them magically come together?

Seeing Selena coming out, Yun Shen gave a low laugh, looked in Roman's direction and said, "Honey, this is your first love? Are you blind enough?"

Selena's forehead was throbbing with veins, "You're the only one who is blind, your whole family is blind!"

Hearing Selena's words, Yun Shen glanced in the direction of Daniel and Saul, and laughed nervously, "Oh, my whole family is blind? That's right..."

"Crazy..." Selena was speechless, then glanced at Kevin, "Can you hold your boss's rope?"

Kevin had an expression that had nothing to do with me.

After Selena finished speaking, she looked at Roman, raised her eyebrows slightly, "Mr. Su, did you go to the wrong set?"

Roman's complexion was extremely complicated at the moment. Seeing that Selena hesitated to speak, he turned and left without saying anything.

He thought that Selena didn't come to his wedding because he couldn't accept and face it, but he didn't expect that what he saw was completely different from what he imagined.

It seemed that his wedding today had no effect on her, and even his own appearance did not cause any waves in her eyes.

What shocked him even more was that the attitude of the two men in front of him towards Selena was the same as the way they looked at her.

As a man, he couldn't be more clear with such eyes!

And the important guests in this hall...

The curator seems to have specifically ordered that another never-opened hall connected to this small hall be opened to accommodate the guests.

He found that at some point, the girl he was so familiar with had already made him completely incomprehensible...

Seeing Roman leave, Selena finally turned to Daniel, her eyes sparkling, and her attitude completely changed, "Boss, please come in!"

Daniel seemed very satisfied with the girl's completely different happy expression when she saw him, "Well, don't be too tired."

"Yeah, I got it, boss!" Selena thought repeatedly.

"Hey, hey, there's a boss here! Selena, you really have bad eyesight!" Saul, who was completely ignored, complained all over his face.

"Yes, yes, boss, please come in quickly, boss, you have worked hard!"

"That's about the same!" Saul snorted and went in.

Yun Shen, who didn't receive the polite invitation, didn't care at all, and walked in leisurely.

The moment Daniel entered the arena, there was a burst of exclamation in the hall, and the moment Yun Shen followed behind him, the exclamation suddenly became louder...

"Oh my god! I was just saying that if Daniel and Yun Shen also came, then all the bigwigs from the political and business circles would be here! I didn't expect...they really came..."

"This is too scary! Who the hell is that little star? Doesn't he have too much face?"

"It is said that he is the current pillar of Shengshi Entertainment..."

...

The two female stars of Shengshi Entertainment who went to attend Susie's wedding just now found out about the scene upstairs, and their stomachs were almost green with regret. They had been invited but didn't come, and now they missed it for nothing. With such a great opportunity, by the time we rushed over, the charity activities were already halfway through!

Chapter 1477

"Roman, you're back! Have you figured it out? What's going on up here?" Susie hurriedly asked.

"There's an important event... The guests who left probably left for a cutscene..." Roman only said that there was indeed an important event ceremony, but did not mention Selena.

However, Roman's vague words did not make it clear, but it did not mean that others would not say it.

Su Xun, who was at the side, walked over at some point, and said with a sneering face, "What important ceremony is it? It's just a charity fund establishment ceremony privately held by an actress! Oh, yes... I almost forgot to mention it... ...that actress...is Selena!"

Susie's face turned pale immediately, "Su Xun, what did you say?"

"Su Xun, don't talk nonsense if you don't know, Roman even said it's an important event!" Hearing Selena's name, Zhuang Lingyu's expression changed immediately.

Su Xun was even more proud when he heard the words, and continued, "Oh, I'm talking nonsense? If you don't believe me, ask Roman if what I said is what I said! Just now I claimed that I don't know Mrs. Zhuang and the Ning family at all. Miss Zhuang, this is Selena's guest of honor! Not only that, even Chief Zhuang came over in person!

Tsk tsk tsk... It's just a small charity event, the family of three came to support it in person, and even invited all the high-ranking officials that the emperor can invite..."

"Roman, is what he said true?" Before Zhuang Lingyu could speak, Su's mother, Zheng Minjun, had already grabbed Roman's arm, her face full of disbelief.

Zhuang Lingyu and Susie were also shocked.

Susie couldn't believe what Su Xun said just now, this... This is simply a fantasy...

Selena just coaxed Travis somehow, she just had a little friendship with Travis, how could it be possible for Madam Zhuang and Chief Zhuang to do this?

This is absolutely impossible!

However, Roman's expression was sombre, and he didn't say a word. Looking at it like this, he actually acquiesced.

This is not over yet, Su Xun's wife, Zhao Shanshan, smiled and said, "What is this? Even the president of the Lu Group, Daniel, and the rumored Mr. Yun with a mysterious background were present! It's no wonder that they have such a grand occasion." As soon as they heard the wind, they all ran over..."

Ning Yaohua was startled immediately, "What... Daniel came in person?"

Daniel can also be regarded as the boss of Shengshi Entertainment, he can still understand...

"Mr. Yun...Which Mr. Yun?" Ning Yaohua asked again.

"It's Mr. Yun who rescued Selena at the banquet last time!"

Zhao Shanshan was afraid that Susie didn't hate her enough, so she deliberately brought up the reception last time, and looked at Su's mother, Zheng Minjun, and said, "Mom, I really don't know what you think, After spending so much effort, spending so much money, and making such a big show... just to marry a pheasant?"

This pheasant looks good when it is colorful, but it can't stand the comparison! No, once in front of the real phoenix, this is completely missed! "

"Zhao Shanshan! Who are you calling a pheasant!" Zhuang Lingyu was so angry that she couldn't bear it and rushed towards Zhao Shanshan.

"Yo, don't let people tell you if you dare to do it? Do you dare to say that Susie is really your biological daughter? Do you dare to go to the hospital for a paternity test right now? It's fine to deceive people outside. What are we pretending in front of us?" Zhao Shanshan's words became more and more ugly, but every sentence was bloody, and all of them stuck in the place Susie cared most about.

Chapter 1478

Zhao Shanshan purposely checked out Susie before she entered the door, but unfortunately there was no definite evidence, and now she can finally disgust her, how could she give up this opportunity!

Su Xun originally held back for a long time because Roman's wedding scene was so much bigger than his own, but now seeing his wedding messed up, he felt physically and mentally at ease, and said in a gloating tone, "Brother, I didn't blame you Ah! As far as I know, you originally dated Selena, right? Your eyes are getting worse and worse...In the end, did you choose such a guy to go home?"

"Shut up!" No matter how good-tempered Roman was, his face was full of sullenness at the moment, "It's not your turn to talk about my affairs!"

Su Xun laughed heartily, and when Roman was done getting angry, he went to kiss his father again, "Dad, I really convinced you of your brain circuit. What do you think, that people from the dealer will give Susie a pheasant face?" You two in-laws can't figure it out, but who is the dealer? Can't you tell who is real and who is fake? If you don't help your own flesh and blood, can you help a completely unrelated pheasant? ?"

Su Xun took a bite of a pheasant, and Susie, Zhuang Lingyu, and Ning Yaohua's expressions were already extremely ugly, but there were all guests outside, so it would only be even uglier if they made a fuss, and they could only swallow this bad breath alive.

Ning Yaohua put on a stern face: "Su Xun, pay attention to your wording!"

As for Su's father and Su's mother, apart from their ugly faces, they actually started to feel remorse in their hearts.

Although Su Xun's words were ugly, they were very reasonable, and at the same time, they completely explained the ins and outs of everything that happened today...

The origin of everything is because the dealer backed Selena, so many guests left after hearing the news, and even Daniel and Yun Shen all followed suit... In the end, the scene continued to snowball. bigger...

This banker...could it really be to support Selena on purpose?

Zhuang Lingyu, Zhuang Zongren's own daughter, and Susie, whom she regarded as the apple of her eye, failed to win the dealer's favor, but Selena, a starlet who had just become famous in the entertainment industry, could make the dealer spend so much time in maintaining it?

This is simply unbelievable, but it really happened like this...

Su Hongguang and Zheng Minjun looked at each other, and they saw surprise and uncertainty in each other's eyes.

If the dealer really cared more about Selena, and even accepted and recognized Selena, then their marriage with the Ning family... would really be a big loss!

Even if there are a hundred Ning families, they can't be worth a corner of the dealer's wall!

Susie looked at the inadvertent expressions of remorse on Su Hongguang and Zheng Minjun's faces. She almost snapped the nails on her palms with hatred. She tried to calm down and said, "Over the years, the authorities have been advocating us artists to exert their own influence. Li Duo is doing charity... this time, Selena probably just happened to catch up with the official policy response..."

Ning Yaohua hurriedly said, "That's right, it must be like this! Who knows that our day will coincide with this event... Anyway, let's go through the rest of the process quickly! Waiting for the bride and groom to toast!"

Zheng Minjun's expression was somber, he couldn't hide his emotions at all at this moment, and he couldn't suppress his dissatisfaction when he looked at Susie's expression, "Should I toast or go out and embarrass myself!"

Susie bit her lip, her eyes were red, "Dad... Mom... I'm really sorry... It's my fault... I should be more thoughtful... I really didn't expect to run into Selena's event this time." superior..."

Chapter 1479

"I really didn't expect to bump into Selena...I'm sorry..." Susie choked up, her face full of grievances.

So, why did it happen so coincidentally? Still crashed so badly?

The two families present couldn't help but start to think about this issue, especially Zhuang Lingyu, who immediately cursed angrily, "That Dmn girl, she clearly did it on purpose..."

No matter what is going on, it is no longer the thing to consider now, the most urgent thing is to get back to the place as soon as possible.

After thinking for a long time, Su Hongguang finally took a deep breath and said, "Let's talk about other things later, Roman, take Susie out to toast immediately!"

Roman grabbed Susie's shoulders and led her out.

Zhuang Lingyu was also persuaded by Ning Yaohua to go out to entertain guests.

Zheng Minjun was still a little unwilling, after everyone had gone out, he stared at her husband and said, "Don't tell me you really just let it go!"

Su Hongguang said unhappily, "Then what can you tell me to do? I have received the certificate and announced it to all my relatives and friends. The wedding is halfway through. Can I return it?"

"I want to return the goods..." Zheng Minjun muttered.

"Don't even think about it! Things are already messed up, don't make trouble for me! Now the dealer's attitude is still unclear! Even if it is clear... You are already married, can you still let Roman divorce? Time is even worse! You still think today is not shameful enough, do you?" Su Hongguang was full of anger.

Hearing this, Zheng Minjun's mind became active, "Who said they should be divorced now? Of course we have to wait and see... If the Zhuang family is really willing to give Selena face, and even admit her as a granddaughter, even if Roman So what if we married again? They were the Ning family who lied to

my Su family first! If they didn't deliberately hide it, would we be able to marry a fake one? No matter what our Su family can do, we can't do too much! "

Su Hongguang didn't say he agreed, but he didn't say he didn't agree either. He just urged Zheng Minjun to go out quickly and secure the rest of the guests.

Things have come to this point, no matter what the above situation is, it is irreversible, so we can only continue with the next toasting session quickly, otherwise, if we delay, even the remaining guests will be gone.

The remaining ones who haven't left are mostly relatives of two families. If it weren't for the fact that they were related, they couldn't bear to go to the top to see what was going on. Naturally, they were eager for the wedding banquet to end quickly.

According to the past, at least some lively guests make trouble for the bride and groom, but now the entire wedding hall is really quiet as a chicken, extremely embarrassing

Susie insisted on toasting with Roman under countless strange gazes, then saw off the guests, and watched helplessly as those guests sneaked up the stairs as soon as they left...

She has been busy for today's wedding for so long, and managed to invite so many people, but in the end, all of them were taken advantage of by Selena?

Even if she dies, she must die to understand!

Susie felt unwilling no matter what she thought about it. When she entered the hotel suite to remove her make-up and change her clothes, she immediately changed into inconspicuous clothes, put on a mask and sunglasses and rushed upstairs, and donated her pair of earrings, and then Mixed into the infield.

When she arrived, she saw that the hall was almost full, and even the inner hall, which had never been opened, was opened.

After finally squeezing to the front, I saw the list of guests sitting in the front row, which was simply shocking. Any one of them was a person who would shake their feet in the political and business circles!

These people... are all here for the banker?

After seeing the terrifying influence of the dealer, Susie was so jealous that she almost bit her lips.

If the Zhuang family came to her wedding banquet today, then everything should belong to her...

Chapter 1480

If the Zhuang family came to her wedding banquet today, then everything should belong to her...

Such thoughts tortured Susie almost to the point of going crazy.

But now, she watched as Selena was glamorous and sat on the bright red podium to give a speech, while her dream wedding turned into a nightmare and was completely messed up... ..

After Selena's speech, there was thunderous applause from the audience, and then the host announced the start of the donation ceremony.

In a daze, Susie saw Travis walking to the stage, and the host beside her was introducing the items donated by Travis...

a bracelet...

Travis clearly promised to come to her wedding, but in the end she showed up here, and even used the bracelet she left on the car as a donation...

Susie's face behind the mask was as white as a ghost. Could it be that the dealer really knew that she and Selena were hugged wrong?

Is it just because the dealer found out that she was not his own, so he treated her like this?

Obviously she, Susie, is the eldest lady of the Ning family! Obviously she is the only daughter that Zhuang Lingyu admits to herself! Obviously she is the granddaughter that the dealer should recognize!

Why... why did it become like this!

Selena, that b!tch! Why should she!

Worried that she would be discovered if she stayed here for too long, Susie gritted her teeth and left in a hurry with the last sliver of reason left.

Right now, she still has too many things to solve, besides Zheng Minjun's anger, and the overwhelming media reports that she can already predict tomorrow...

...

An hour later, Selena's charity event also ended successfully.

In addition to the later guests, Selena also had a lot of friends here, most of them were artists from Shengshi Entertainment, as well as some partners she knew from filming.

After the event, Louis, who couldn't stay idle, called a large group of friends to go to ktv to sing, and the result was naturally overwhelming.

So, after a large group of people left the exhibition center, they followed Louis to the ktv party.

As the host, Selena had to stay to do some finishing work, during which Louis called several times to remind her.

"Selena, are you done with your work? Come quickly! Everyone is here, everyone is waiting for you!" Louis hurriedly urged.

Selena said speechlessly while sorting out the donation materials, "Jin Mao, you're so excited, what are you doing so excitedly? I've been exhausted all day, so I don't have the energy to spend time with you!"

Immediately, Louis's accusation came from the other end of the phone, "Dmn it! It's really kind of like a donkey's liver and lungs. It's not you who accompany me, but my brother purposely set up a place to accompany you, okay?"

Selena raised her eyebrows, "Huh? Why are you making a fuss to accompany me?"

Louis snorted angrily, "Roman's bridal chamber tonight, hello! Brother, aren't you afraid that you'll think wildly when you're alone tonight? Stop talking nonsense, are you coming or not?"

I didn't expect this guy to think of this...

She almost forgot about this...

Hearing Louis's impatient tone, Selena's heart felt warm, "I know, I know, send me the address, I'll be there right away, you stay first! Also, I'll treat you tonight!"

"Hmph, it's more or less the same!" Louis hung up the phone with satisfaction.

Selena smiled helplessly, and immediately rushed to the address Louis had sent him after finishing her work.

Hmm... If she had the ability to foretell, she would have known that Louis would make such a misfortune... Even if she was beaten to death on this trip, she would definitely not go...
