

Cruel Heart Lover Novel

Chapter 1481

Probably to make it easier for everyone to go there directly, the address of the KTV is very close, just downstairs across the street, after Selena walked out of the exhibition center, she walked directly to it.

Hmm... If she had the ability to foretell, she would have known that Louis would make such a misfortune... Even if she was beaten to death on this trip, she would definitely not go...

After arriving at the place, Selena called Louis while going upstairs, "Jin Mao, I'm already here, which room are you in?"

"Uh...that...that..." Louis on the other end of the phone hesitated.

"Which one? You don't know which box?" Selena was speechless.

Louis coughed softly, "Ahem, no...not...Selena...that...or you don't come..."

Selena had black lines all over her head, "Jin, you're playing with me! I'm all here!"

"My surname is Jiang..." Louis said weakly.

"fcuk off, don't change the subject with me, which box are you in? Did you drink too much?" Selena frowned, why did she think Louis's tone was a bit strange.

Probably someone nearby heard the voice from Selena's phone and yelled into Louis's microphone, "Is it Karen? We're in room v888, come quickly!"

Selena didn't think much about it, she hung up the phone after knowing the box number.

Looking up, Room 888 was not far away. Selena walked over and pushed the door open...

The moment Selena pushed open the door, it was as if her entire body had been struck by lightning...

one second...

two seconds...

three seconds...

Selena resolutely slammed the door shut again, and then an earth-shattering scream rang out in her head.

Ahhh!

What the hell did she see just now!

Even if it was just a brief glance, even if the room was full of people, those people were too conspicuous, even if she wanted to ignore any of them, it was impossible!

Louis...

Mo Chenxiu...

cloud deep...

Daniel...

Louis, you're a killer! You promised to spend time with me! This is still a waste of your sister! You guys just go and play mahjong by yourself!

Forget about Mo Chenxiu, why are Yun Shen and Daniel there?

When Selena was outside reshaping the three views, the door of the box was pushed open from the inside, and two girls from the same company enthusiastically dragged her in.

"Karen, what are you doing standing at the door! Come in quickly!"

"Karen, come quickly! Let me tell you, the big boss is here today, and Mr. Yun..."

...

Before Selena could speak, she was pulled in by two girls arm in arm.

Because they knew that she had a good relationship with Louis, they specially reserved a place for her next to Louis.

Selena bit the bullet to avoid the eyes of the other three people, then stared at Louis, "Louis! You want to die! How dare you even cheat me!"

She finally survived the charity event, and finally, these four people got together again!

Louis looked innocent, and shrank back in fear, "I didn't call them at all, okay, I didn't know they would come too! Didn't I warn you all the time later, telling you not to come... .."

Selena squeezed the space between her brows and gritted her teeth, "Thank you so much! Thank you to your whole family!"

Because of these few, she really doesn't care about another ex-boyfriend now...

Fighting poison with fire, this is it?

Chapter 1482

Originally, Louis just had a small private party, but Saul, the boss, also came to join in the fun, so it was fine if he came, and the big boss, Daniel, was also brought along.

Because of Daniel's arrival, many bigwigs in the business circle who had just left the charity event also came to join in the fun, and finally, finally, even Yun Shen came over...

So the nature of this private gathering suddenly turned into a commercial gathering, in short, it was completely useless.

It's better to go home and sleep after the end, and end up having to suffer through it.

Selena sat there, as if she had a needle in her butt0cks, she couldn't sit still, and she could only drink unconsciously in boredom, until the eyes of her sweetheart came across.

Daniel was surrounded by the most people, and he didn't have time to relax for a moment, but he didn't expect to notice her side.

After being warned, Selena chuckled, buried her head and sent a text message to Daniel: You're there anyway...

So even if you drink too much, it's okay!

Daniel seemed to be listening carefully to the eloquent speech of a certain boss beside him. At this moment, the phone vibrated, so he lowered his eyes

and his alienated expression suddenly warmed up a bit, but he didn't stop Selena anymore. .

From time to time, someone beside Selena would talk to Selena out of curiosity, with a probing tone in his tone...

"Karen, you are so amazing, so many people came to support today's event! I was so scared!"

"Isn't that right? I thought that the guests at Susie's wedding of the century were scary enough, but when it comes to you, it's nothing short of a big deal..."

Selena took a sip of her wine and said lightly, "It just so happens that the top is promoting this recently, and with the promotion of our boss, I, a little shrimp, just happen to represent the company..."

Hearing what Selena said, the artists who gathered around to talk showed a clear expression.

Because today's scene was really scary, they couldn't help but wonder if Selena had some backstage that they didn't know about. How could it be possible for Xi to run for so long and play so many villains in supporting roles before he stumbled to the front line...

What does it really mean to have a backstage? People like Meng Shiyi have never played a supporting role since their debut. Every movie is a big production with hundreds of millions of directors. The first movie won the best actress is the correct demonstration.

So, after they heard what Selena said, they didn't doubt her words at all. On the contrary, they were very fond of Selena's truthful statement, and they didn't show any intentional glorification at all.

There were quite a lot of young people in the box, and everyone suggested to play Truth or Dare. Selena got a headache when she heard about this game. Wouldn't it be death to play this kind of game with these four?

So, Selena made a decisive move to escape!

Walking to the end of the empty corridor to get some air, as a result, just lying on the window for a while, there was a sound of footsteps behind him.

Selena turned around, and then saw Mo Chenxiu's eyes were clouded, standing there reeking of alcohol.

Seeing the person in front of her, Selena really had a headache, "Mo Chenxiu, I've already made it very clear what I need to say, what exactly do you want to end the grievances between us, just give me a quick talk!"

Mo Chenxiu inserted his fair fingers into his hair, his brows were wild and unrestrained, and the corner of his mouth was full of a sneer, "Oh, end the grievances? I have lost to a shameless little boy who has no face, no money, no money, no family background and no merit! Do you think I can swallow this breath?"

Chapter 1483

Ever since he discovered the ambiguity between Selena and Ke Mingyu, Mo Chenxiu had been holding his breath in his heart.

He had been thinking about what kind of man a woman like Keren could fall in love with. How could he know that in the end it turned out to be a little boy who relied on a woman for his position? How could he be reconciled to this!

The corners of Selena's mouth twitched, her pretty face...he meant...her darling?

"You mean Ke Mingyu?" Selena raised her eyebrows.

"Don't tell me you didn't have an affair with that guy! I've been paying attention to you two for a long time, if you don't have an affair, I'll swallow this trash can!" Mo Chenxiu pointed at the metal trash can beside him and said angrily.

Selena gave a "tsk", thinking that this guy Mo Chenxiu had a rather poisonous eye, and he found the right person right away. Originally, she thought he would suspect Louis.

She didn't answer this question clearly, but asked rhetorically, "Then, who do you think my man is... You can swallow this breath? Can't I go find him to let you die?"

"You...you died!!!" Mo Chenxiu was almost so angry that he died on the spot.

"Hey, I'm serious, why don't you tell me! Say a name that makes you swallow your breath! Let's give up this grievance today!" Selena said.

Hearing the words, Mo Chenxiu looked the girl in front of him up and down. He knew that what she said was ridiculous, and he was clearly playing with him, but he took a breath in his heart, and actually started to think...

It's not that he brags, even if it's all the male artists in the entire entertainment industry, including Louis, he doesn't take notice of any of them. As for those outside the circle, there are still few people he can take a look at.

It can't be blamed on Mo Chenxiu's arrogance. His father is a wealthy businessman in H city, and his second uncle is the vice president of Hollywood TL Entertainment Company. Even if his family background is outside the circle, he is one of the best.

There are a lot of rich people these days, but who is not an old man in his fifties or sixties? There are also many second-generation rich people. Who has his appearance...

Mo Chenxiu thought for a long time, but only a few candidates emerged in his mind, who could truly convince him...

"Hey, have you thought it through yet?" Selena urged impatiently.

Mo Chenxiu leaned against the wall, lit a cigarette, and smiled maliciously, "Give up, woman, unless it's Daniel and Yun Shen, no matter who your man is, our grievances are endless!!!"

The Lu family is the largest family in the imperial capital, Daniel is a legend in the business world of Huaguo, and although Yunshen has just emerged in the country recently, his background is unfathomable, and some people even rumored that he is the king of the underground kingdom...

Mo Chenxiu purposely said two impossibly impossible names, clearly to embarrass her on purpose.

And after hearing these two names, Selena's expression really became indescribable...

Daniel expected Mo Chenxiu to say it, but she didn't expect Mo Chenxiu to add Yunshen.

Hearing these two names appear together, I feel a little weird.

The focus now is to get everything done. After Mo Chenxiu finished speaking, Selena picked up her phone decisively and made a call, "Hey, sweetheart, I'm at the end of the corridor at the exit, can you come over? I have something to ask you...yes, now...ummm, okay...waiting for you..."

Mo Chenxiu frowned and looked at Selena who suddenly called, "Who are you calling?"

Selena smiled slightly, "Guess..."

Chapter 1484

Mo Chenxiu frowned, just now he heard Selena calling the other party "heart" on the phone, it was so disgusting... Could it be that she was calling that man?

In addition, listening to her voice, this man seems to be one of the people in the box tonight?

Who will it be...

Or this Dmn woman is playing tricks on him again, and playing tricks on him!

Mo Chenxiu stared at her warily, "Keren, what the hell are you doing?"

Selena shrugged innocently, "I'm serious about resolving the grievances! You'll keep your word later, just don't go back on your word!"

Mo Chenxiu sneered, "Are you going to tell me that your man is Yun Shen?"

Speaking of this, Mo Chenxiu's face changed a little, because he remembered that when he was on the set, the relationship between Selena and Yun Shen seemed to be a bit off, and there were rumors that Yun Shen was Selena's fan, the investment in the group cameo is all for Selena...

Could it be that Selena's man is really Yun Shen?

However, when Selena told him that she already had a man, it was when they were filming commercials together. At that time, Yun Shen had only just arrived in China, so he hadn't met Selena at that time...

This Dmn woman is lying to him again?

Mo Chenxiu was lost in thought, while Selena who was on the side shook her head and said, "Wrong, Yun Shen is the predecessor, and Daniel is the incumbent!"

Mo Chenxiu: "..."

Mo Chenxiu was immediately shocked by Selena's words from his contemplation. He was almost speechless until he vomited blood, and said with black lines all over his head, "I'm so crazy to talk nonsense with you here for so long! Did you drink tonight? How much wine?"

Selena spread her hands, "Did no one believe the truth these days?"

The veins on Mo Chenxiu's forehead were twitching violently, and it was obvious that he would not believe a word of her expression, "To tell the truth, sir! I believe in your evil to make it like this!"

"But I really didn't lie to you this time..."

"Get out..."

...

The two were arguing, and a sound of steady and powerful footsteps sounded from far and near.

Mo Chenxiu turned his head subconsciously, and then saw a slender figure, the man was wearing a black suit, his face was frosty, and his aura forced people to walk towards him and Selena, and finally he went straight in front of him and Selena. Selena stopped in front of her.

Daniel...?

What is he doing here? Also come here to breathe? Tricked out by Selena?

Just when countless thoughts flashed through Mo Chenxiu's mind, Selena who was beside him suddenly rushed towards Daniel... rushed... rushed...

Not only that, but what shocked him even more was that after Selena threw herself on Daniel's body, she put her arms on Daniel's neck, and then pulled Daniel's neck off without saying a word, and then k!ssed him directly Go up... forcefully k!ss up...

Mo Chenxiu was stunned, staring blankly at the scene in front of him, until there was a sharp pain in his fingertips, it was the burnt cigarette snub that burned his fingers.

When he was on the phone before, Daniel didn't ask Selena why he asked him to come over, but he just came over. He didn't expect to see Mo Chenxiu there as soon as he came.

Daniel's eyes flickered slightly, and before he could speak, at this moment, his wife had already offered to throw herself into her arms without saying a word.

As a result, there was only one person left in Daniel's eyes. He lightly clasped the girl's waist, lowered his head slightly, and let the girl k!ss him obediently and cooperatively...

Chapter 1485

Selena was like a puppy, hugging and chewing on the man, her little eyes full of possessiveness.

Daniel let out a low laugh from his chest, gently rubbed the girl's head, and said in a pampering and indulgent tone, "What's going on?"

Selena hugged Daniel, hummed and looked at Mo Chenxiu, who was beside him in a petrified state, "It's nothing, it's boring to blow hair by yourself! I want you to come here together!"

Daniel looked at Mo Chenxiu vaguely, how could he not know Selena's little thoughts.

Helping his wife deal with rivals in love and being a shield for his wife, of course, he couldn't wish for it and he was willing to do so.

What's more, he had been secretly in love with Selena for so long, and it was rare for Selena to take the initiative to reveal his identity.

At this moment, Daniel was still indifferent and aloof. He looked at the girl's expression so gentle that it made him tired. He leaned forward and kissed the girl's lips again, "Do you want to go home?"

Selena nodded repeatedly, "I've wanted to go home a long time ago! It's all because of that unreliable Louis who tricked me out..."

...

It wasn't until the two had already stepped away that Mo Chenxiu who was behind him finally came back to his senses, and said anxiously, "Wait!"

Selena stopped in front of her, turned around and looked at Mo Chenxiu, "Hey, you're a big man, don't you want to go back on what you say?"

Mo Chenxiu ignored Selena. He was obviously intimidated by Selena. Until now, he still couldn't believe her. He stared at Daniel unwillingly and said, "Mr. Lu, I would like to ask, what is your relationship with Selena?" ? Who is Selena to you?"

Mo Chenxiu clenched his fists tightly, thinking that the two of them might just be playing around, maybe they were just lovers, bedmates... or even just...

After all, Daniel claimed to the outside world that he already had a regular girlfriend!

This Dmn woman keeps saying that she is not the same kind of person as him, but in fact she is not the same...

Daniel looked at the man across from him expressionlessly, and then answered calmly with that iceberg face, "My future wife."

After finishing speaking, regardless of Mo Chenxiu's expression, he directly took Selena and turned to leave.

Behind him, Mo Chenxiu's face was completely blank, he was completely stunned...

Daniel's legendary real girlfriend...is Selena?

He thought Selena's words were drunk, but in the end it turned out to be true?

Daniel is really her incumbent...then Yun Shen...could it really be her ex?

Mo Chenxiu simply didn't dare to continue thinking about it...

Ever since she met this woman, she has never played her cards according to the routine...

When Daniel came to look for her, he had already bid farewell to the people in the box and told them to go first. Daniel went to the garage to wait for her, and Selena went over to say hello to everyone in the box and left first.

Yun Shen wasn't there when she went back, and she seemed to have left early.

On the car home.

The night was finally passed without any danger. Selena had a relieved expression on her face, "Hey, I finally got one! Don't say it, darling, you are so easy to use! You are the ultimate peach blossom destroyer." ! Looking at Mo Chenxiu's expression, I'm sure that even ed will never bother me again for the rest of his life!"

Tsk tsk, as expected, only Daniel can solve her love affair...

Daniel chuckled, "Thank you for the compliment."

"It's just...there's another one that might not be so easy to cut...hey, what can I use to cut it off..." Selena muttered softly.

She thought Daniel didn't hear it, but after a while, Daniel's calm voice came from beside him, "Marriage certificate."

Selena: "Uh..." It's cruel enough.

Chapter 1486

In order to quickly save up enough dowry to go to the pinnacle of life in exchange for the ultimate peach blossom "marriage certificate", Selena ran to Ling Zhizhi's place in the middle of the night beating like chicken blood.

After the charity event ended, Lin Zhizhi didn't go home, but went directly to the company. Besides, Xiao Tao and the staff from the PR department were all called over overnight.

This time, Susie's so-called "century wedding" was completely screwed up, and it was impossible for Empire Entertainment to do nothing, so Lin Zhizhi immediately mobilized people to do everything right as soon as the event was over. Prepare for Empire Entertainment's tricks in the future.

next morning.

The major newspapers and the Internet were overwhelmingly filled with reports about the wedding banquet of the two Suning families.

What was different from what everyone expected was that all the reports about the wedding were accompanied by the name "Selena" and a charity event that was originally completely unknown.

"Selena Charity Foundation Inauguration Ceremony, VIP guests are like a cloud, killing the wedding of the century in seconds"

"Exclusive decryption of the mystery of Susie's untimely wedding of the century"

"Century Charity vs. Century Wedding"

...

The relevant reports described the whole process in great detail. Susie's wedding went from full seats to empty buildings, and the upstairs was enough to stir up the entire imperial capital...

"Pfft, I'm so ridiculous. I don't see how Empire's people will be proud in the future! They are completely killed by our prosperity!"

"That's right, a small charity ceremony in our prosperity is enough to crush their wedding of the century!"

"Since Su Yimo's downfall, a lot of people have said that our prosperity is going to die soon and so on. It's really annoying. Seeing how they dare to talk now! Shengshi wants to make another first lady a piece of cake, okay? "

"I'm afraid another Su Yimo will appear..."

"Probably not. I feel that Selena hasn't changed at all since she came to power. She's always been a good person. I was bullied by Meng Shiyi in the film crew before, and she still helped me!"

"Speaking of which... the last time my show was cut off by Empire's people, it was Selena who helped me solve it...Karen is very powerful in combat. At that time, just a few words scared the director back to the show right away. I..."

"Hmm... When Su Yimo was here, she only knew how to squeeze us, especially us female artists who were in conflict with her resources... She stared at us as if she was afraid that we would shake her position... But Selena was quite defensive... .."

"Is this the difference between being strong and not being strong? With our Karen's strength, we won't worry about being shaken!"

...

Compared with the relaxed and comfortable atmosphere of Shengshi Entertainment, the whole Star Entertainment is covered with a layer of cloud.

Yesterday most of their company's people went to Susie's wedding to support her. Seeing Susie's embarrassment and embarrassment, even they were ashamed. Of course, there are not a few people who gloat about this...

In Janice's office.

On the first day of their wedding, Susie had already come over early, and the expression on her face at this moment was unprecedented.

Janice was so busy that she finally got some free time, "Susie, let them be proud for a while, and I'll reveal all the news I've prepared in the afternoon... This time, Selena will definitely be overwhelmed!"

Hearing Janice's words, Susie's expression didn't soften at all. He made some moves, but it didn't mean that Ling Zhizhi didn't take precautions. It's not realistic at all to bring Selena down just by relying on these. More effective means are needed...

NEXT CHAPTER

Chapter 1487

A few days ago, the Internet was full of celebrities and celebrities posting Susie's wedding invitations and gifts. Everyone was waiting for the real wedding, how hot it would be.

As a result, no one expected that the wedding would end like this.

Susie's grand wedding was slapped in the face by Selena's small charity event to the point where she couldn't hold her head up...

Suddenly there were all sorts of voices on the Internet, some mocking Susie, some gossip about Selena's backstage, and many thought that Susie spent more than one billion yuan on a wedding banquet, which was so extravagant and wasteful, but on the other hand, Selena, after becoming famous, The first thing to do is to do charity, and the comparison between the two is simply superior.

Soon this netizen's comment became popular, and all of a sudden those who were dissatisfied with Susie's big wedding came out to speak out.

Hehehe, Susie is holding her own wedding, she is giving the media a wedding! It's all just for show!

I have long wanted to say that Feng Yilan, who just won the Nobel Prize for winning such an honor for the country, has not received any attention. Instead, it is a female artist's wedding. Can this society be better?

I think this time the Charity Federation and the people above probably couldn't stand it anymore, so they made this up on purpose to correct the atmosphere in the entertainment industry!

...

Originally, the Internet was full of mocking or accusing voices from Susie, but in the afternoon, the wind gradually changed.

Having said that, don't you think this matter is weird from beginning to end? Why did Selena's charity event happen to be on the same day as Susie's wedding, and they were upstairs and downstairs?

Even if all of this is the idea of the people above, with so many big names in the entertainment industry, why did they choose Selena, a female artist who became famous overnight?

The wedding is the most important event in a woman's life, what's wrong with being more grand when you have the ability? Susie wasn't the only one like this! Wouldn't it be unfair to just blame her? But Selena made me feel that this charity event was done too deliberately, it was like putting on a show!

Hehe, this charitable foundation is in deep water. Do you think artists really set up charitable funds to make money? Have you forgotten the scandals involving Wang Li and Fang Yihua?

...

In the end, public opinion was led to three points: "Selena deliberately chose this day to steal Susie's limelight", "Selena has a backer", "Selena used charity funds to make money".

The first two are fine, almost all actresses will encounter such scandals, and things without evidence will be dissipated in a few days, but the latter is serious enough to destroy an artist.

Wang Li's previous fraudulent donation caused her reputation to plummet, and a series of scandals such as Fang Yihua's unclear foundation accounts not only made him unable to survive in the entertainment industry, but also almost sent him to jail...

It can be seen how ruthless Susie's move was.

"I'm going, these people are too shameless! We have already set the time and place, who would want to be on the same day as them!" Even though she had already prepared, Xiao Tao was still very angry when she saw these comments on the Internet.

"Put the first piece of evidence first," Ling Zhizhi said.

"Yeah, got it!" Xiaotao immediately logged on to Weibo, and posted the proof that the time and address had been booked three months ago.

Chapter 1488

Not long after Selena made the clarification, Susie immediately shifted the fire. After all, they also knew that the first two points could not defeat Selena, so they focused on the third point.

Soon, people who claimed to be insiders began to leak all kinds of news, claiming that Selena was insidious and hypocritical, embezzled charity money, and made a lot of money in the name of charity. I know so-so.

Because the matter this time involved the higher-ups, if Selena caused such a scandal, the higher-ups would definitely not sit idly by, even if it was based on the pressure of public opinion, they would definitely conduct a thorough investigation.

Although Janice didn't have any definite evidence, there were too many celebrities in the entertainment industry doing this. She was sure that Selena would never be clean. If a place is even slightly unclean, then Selena will be completely finished...

"Susie, do you know how much Selena's Taohuawu villa cost? And the few sports cars she bought recently... Even if she's popular now, it's only been a few days, how could she get so much money all at once? Even if the

remuneration and endorsements are all added together, it's not enough to be so extravagant, there must be something tricky in it..." Janice had a confident expression.

Oh, that's natural!

Susie sneered, Selena, did she think that she would be able to sit back and relax after getting in touch with Travis and her superiors?

Now she is going to turn these into her reminders...

With Susie's full efforts to fuel the flames, soon all kinds of rumors spread on the Internet, and many netizens did not have the ability to make judgments, so they stood on their side depending on which side the public opinion was going. Currently, things are moving towards Susie Going in the predicted direction...

She didn't believe that the dealer was still indifferent to Selena's incident, and the dealer would allow himself to be dragged into trouble by Selena?

She couldn't find out what was wrong with Selena, but if the dealer did something... definitely...

However...

This time, Susie made another mistake.

Janice first started with Selena's character, made up all kinds of facts to pour dirty water on Selena, saying that she was hypocritical and relying on charity to put on a show, and gradually convinced everyone that Selena would do such a thing as embezzling charity money.

However, when the incident fermented and it was almost ready to press for a thorough investigation, Selena's official Weibo suddenly released a piece of information.

A piece of information about Selena's charity work over the years...

Remittance slips like snowflakes, handwritten letters of thanks from sponsored students, from Selena's eighteenth year to the present, never stop, rain or shine...

If it was said that Selena's charity work was just for show and a way to suppress her peers, what about before she entered the circle, before she became famous? Why does she have to do these things without a break?

There is no need for Lin Zhizhi to do more about the next thing, the reporters flocked to the various mountainous areas, orphanages and other places revealed in the materials to interview and collect evidence...

If it is said that there are two families, one person and two people, it is possible that Selena is cheating, but after traveling all over the place, all of them have been confirmed to be true. In an instant, the entire Internet was in an uproar, and the public opinion was reversed in an instant...

At first, everyone didn't understand why the people above chose Selena, and even let her be a charity ambassador to support her, but now, they understood.

Chapter 1489

There are many people who are paying attention to the network trends at the moment...

dealer.

In the living room, Zhuang Liaoyuan, Zhuang Zongren, and Meng Linlang were all there.

They are already clear about the things on the Internet. It seems that someone deliberately pushed this matter behind. If it is not resolved properly, it will

indeed be very troublesome. What is even more troublesome is that as long as they intervene, even if the final investigation results prove that Selena She is innocent, and the rumors on the Internet will not go away, because the other party can continue to manipulate public opinion and say that they are deliberately protecting Selena...

Because they have to worry about Selena's reputation, they will have more worries. At the moment, the three of them are discussing how to solve it, when Travis, who was staring at the computer, suddenly screamed excitedly and ran to them holding the computer. "Dad, Mom, Grandpa...Look!"

The three looked at each other, then looked at the computer screen together, and then saw the dense remittance records, the children's thank you letters, immature words and paintings...

Travis found the latest news just now, all of which were interviews by reporters, including the dean, some rural teachers, and most of them were the faces of innocent children...

"That's right, sister Selena came over the day before yesterday! She brought us a lot of delicious food and books!"

"I like sister Selena the most!"

"When will sister Selena come to see us again?"

...

Not only interview materials, those reporters also obtained a lot of old video materials...

Seeing this, Travis's face was full of pride and pride, "I'll tell you that you don't have to worry about this matter at all!"

For some reason, no matter what happened, she had blind confidence in Selena.

Even though she knew that Susie was her cousin by blood, she still stood by Selena's side without hesitation.

Now the public opinion on the Internet has been reversed in an instant, and the previous rumors against Selena, and even the unfavorable remarks and doubts about the above and the Charity Federation have all disappeared in an instant.

So naturally they don't need to intervene at all, which is undoubtedly the best result.

Looking at the video materials, Zhuang Zongren let out a long sigh, and his heart was full of sighs and regrets, "Such a good child has suffered so much for no reason..."

Meng Linlang knew what Zhuang Zongren was thinking, and smiled immediately, "Dad, you should be glad that Selena didn't grow up in front of her parents! Otherwise, you don't know what kind of misleading you are! How good it is now?"

"Cough..." Zhuang Liaoyuan coughed softly. Although his wife's words were blatant, it was true.

...

Of course, it is not enough to just win the round.

Naturally, Ling Zhizhi had to fight back. In fact, she didn't have to do anything deliberately. Someone on the Internet had already thought of who was behind the scenes targeting Selena this time...

Thus, Susie, who had just been ignored, was once again pushed to the forefront.

Now I know, I really can't judge people by their appearance, who said that all beauties are snakes and scorpions?

Selena is actually quite miserable, everyone says she relies on her face, but I don't see where she relies on her face at all, instead she has been treated unfairly because of her face!

Hehehe, I didn't say that, with my Karen's good looks, if she really wanted to rely on her face, would she still use such a hard-working ba5tard? She has long been a wealthy wife!

Some people should shut up now! Can people still travel back to five years ago to do these things?

Some people are really slippery in diverting their eyes! As for who some people are, I don't need to say, do I?

...

Chapter 1490

Janice fell into a chair, her face ashen.

This time it was a complete miscalculation...

They had calculated thousands of times, but they never expected Ling Zhizhi to come up with such evidence!

This Selena was already doing charity work before she entered the circle. No matter what they say now, it's useless. Instead, Selena's popularity, reputation, and image have all skyrocketed. It's a free hype for Selena some.

This kind of effect is much better than the effect of Ling Zhizhi's posting Selena's charitable materials to promote the artist's image...

They have been busy for so long, and they all made wedding dresses for others.

At this moment, Janice even started to regret that she helped Susie against Selena...

She found that things were getting out of her control more and more. It would be fine if it happened once or twice, but so many times, it was definitely not a coincidence. This Selena was indeed very difficult to deal with.

As expected, there was a loud cracking sound and Susie's curses in the next second.

Susie's temper has been getting worse and worse recently, and her life is getting worse and worse...

Outsiders all know how gentle and dignified Susie is, but she is the only one who knows what the real Susie looks like. She knows so many secrets about Susie, even if she regrets it now, it's too late.

Occasionally meeting Selena and Lin Zhizhi, seeing Selena's kindness towards Ling Zhizhi, and the way they get along like friends, it's impossible to say that they don't have the slightest feeling...

Susie finally finished venting, and said with a grim expression, "What are you panicking about! I said earlier that Selena is just the meat on my chopping board. No matter how high she jumps, if I think about it, she will die immediately." No place to die!"

It's just that now they each hold each other's handle, it's not the time for her to tear her face apart...

Even if the time comes to tear her face apart, Selena's death will definitely be worse!

What should be done is to continue to do it, otherwise Susie will take the opportunity to attack again. Janice clutched her arm that was injured by the flying porcelain and said with force, "The only way to do it now is to keep a low profile. For a while, let the public opinion subside. I just got inside news that "Dashan" has been shortlisted for this year's Golden Palm Awards, and you have been nominated for the Best Actress. I will find a suitable time to release this news later... We are already talking about cooperating with director Robert, and it shouldn't be difficult to get a role... As an actor, after all, everyone will watch the artist's work..."

Susie pinched the center of her brows, her face was full of gloominess, she had spent so much effort, and finally got this nomination, plus the role in this blockbuster Hollywood movie that she just got, although it was only a few minutes trick, but the oriental face. Even just showing up in Hollywood is not easy. This means that she will officially enter the international market, and her career will start a new chapter. How could it be compared to Selena, a 5lut who degenerates into TV dramas!

"Selena also keep watching..." She didn't believe it, she couldn't catch anything against her!

Janice could only agree when she heard the words. In fact, Ling Zhizhi guarded Selena like an iron bucket. Besides... She vaguely felt that there was another force in the dark. After searching for so long, I didn't find any clues, even if I continued, it would be a waste of time...

However, it was impossible for her to tell Susie about these things, even if she said it, she would only get a bad business...
