

# Cruel Heart Lover Novel

## Chapter 1491

For Susie, things in the entertainment industry were not the most difficult. Compared with dealing with Selena, she had more important things to do.

She asked Janice to help her with the recent work, and tried her best to accompany Roman, especially to please Zheng Minjun.

Originally, if someone from the Zhuang family came to her wedding this time, her position as the daughter-in-law of Su's family would be completely secured, but now she is asked to be a low-key girl, and she even has to be angry with that b!tch Zhao Shanshan. She was sarcastic.

"Mom, History will be invited to participate in Lorraine Fashion Week soon, this is the ticket for the first row, Mom, if you have time then you can go and see..."

Zheng Minjun took the ticket and looked quite happy. This ticket is not something ordinary people can get, let alone the seat in the front row, "Thank you Susie, you have a heart!"

Susie smiled obediently, "You're welcome, Mom..."

At this time, Zhao Shanshan came down from the stairs, holding a newspaper in her hand, and purposely approached Su's mother and Susie, and said in a strange way, "Oh, a famous daughter is a famous daughter, Mom, look at her." Self-cultivation, this kind of bearing... After so many years of silently doing good deeds without leaving a name...

This is the real lady of every family, the blood of the empress of the famous family flows in her body, and her bones are full of nobility! How can you be so

petty like some people... If you have a little achievement, you can't wait for the publicity all over the world..."

"You..." Susie was trembling with anger.

This Zhao Shanshan has a really poisonous mouth!

Now she has to do something, otherwise she will always be passive in the Su family...

"Okay Shanshan, don't say a few words, Susie is your sister-in-law!" Compared to Zhao Shanshan, the wife of the illegitimate son Su Xun, she was naturally on the side of Roman's wife Susie.

Even Zhao Shanshan's every sentence is poking at the place she cares most about.

Susie's background was indeed the biggest thorn in her heart...

"I'm just telling the truth. Isn't she a country pheasant?" Ever since Zhao Shanshan discovered that this title could make Susie lose control, she began to provoke her endlessly.

At this time, a little maid brought by Susie from home after getting married suddenly rushed over, and said with an unbearably angry expression: "Second Young Madam, you are really going too far! Our lady just entered the door and you Bullying her like this! Our lady was brought up by our wife from a young age, she is the most educated and reasonable, but she is so petty, and the one who really can't get on the stage is clearly that Selena who was raised in the countryside. Do you think she is really as good as she looks on the surface? How about that? She..."

Hearing this, Susie hurriedly said with a painful and aggrieved expression, "Xiaoling, stop talking!"

"Susie, you stopped her from doing something, let her tell! Xiao Ling, what happened? What did Selena do?" Zheng Minjun immediately asked.

In fact, she felt a little strange back then, why did her son who was determined to be with Selena break up with Selena all of a sudden?

At that time, she thought it was normal for her son to move on after seeing a better Susie. During that time, she was immersed in the joy that her son finally figured it out, and that Selena was finally sent abroad by the Ning family. I didn't delve into it, but now that I think about it, I find that things seem a bit unusual...

Under Susie's gaze, Xiaoling immediately wanted to tell those things according to Susie's instructions, "Selena, she..."

At this moment, there was an extremely cold reprimand from the door..."Shut up."

It was Roman who spoke.

Seeing Roman's always gentle and jade-like face had a terrifying expression that had never been seen before, Xiaoling was so frightened that she dared not say a word, and her body couldn't help shaking.

## Chapter 1492

Even Susie was a little surprised by Roman's reaction, "Roman, I'm sorry...it's because I didn't discipline this girl well..."

"Go and settle this month's salary with the housekeeper." Roman said directly in a cold voice.

Xiaoling's face was filled with horror, "Master, I was wrong...I really know I was wrong...don't drive me away..."

"Roman, just let her go, Xiaoling has been by my side and has taken care of me for so many years, but this time... it's just that I can't stand it..." Susie wanted to cry. He glanced in Zhao Shanshan's direction.

"Okay, okay, that's enough! You just got married, why did you make such a fuss on your big day! Xiaoling, you go down! Shanshan, you go back to your room too!" Zheng Minjun said with a displeased expression.

Zhao Shanshan curled her lips and walked away with a dark face, tsk, Susie's pity is really good at it, no wonder Roman has been held in her hand.

"Roman, why are you so angry? At least you should listen to what she wants to say..." Zheng Minjun sighed.

Roman frowned, "Mom, you know that I am most disgusted by servants talking about things about the master's house. What she wanted to say was nothing more than the things that Selena lost her manners when she just returned to Ning's house because she didn't know social etiquette. What can I say..."

Zheng Minjun thought for a while, what could a little girl like Xiaoling know, probably what she wanted to talk about, so she didn't ask any more questions.

However, seeing her son's protective attitude, she couldn't help but think about it...

After all, it came out of her stomach, she knows best, maybe Roman still has feelings for that girl... right?

A while later, in Roman and Susie's new room upstairs.

"Roman, are you still angry with me?" Susie walked cautiously to the balcony.

"What did Xiao Ling want to say to mother just now?" Roman stood by the railing of the balcony, his expression melted into the night, and his tone was slightly cold.

Susie panicked, but quickly calmed down, "What else could it be? It's the things Selena didn't understand etiquette back then..."

Roman turned around, took a deep look at the woman beside him, with an extremely serious expression, "Susie, remember what I told you back then, that incident had too much impact on Selena, we can't let anyone know! Including anyone on my side of the family! Besides, it was our fault!"

"Roman, of course I know how much this matter has affected my sister. How could I talk nonsense outside! Roman, do you believe me? You... Do you suspect that I deliberately wanted Xiaoling to go tonight? Are you going to tell these things in front of Mom?" Susie's face was full of disbelief, her expression almost collapsed.

Roman remained silent.

He just interrupted Xiaoling just in time, now what Xiaoling wanted to say at that time, it is impossible to get to the bottom of it.

At this time, Susie's face was covered with tears, and she staggered back a step, her eyes filled with desolation, "Roman... In your heart, I am actually this kind of person?"

Looking at the picture of the girl being extremely sad, and thinking about the grievances she has suffered in the past two days, Roman finally softened his face, "I didn't mean that, I just reminded you, don't cry, it's my tone that was too strong, Feel sorry."

Susie choked up and threw herself into Roman's arms, "Roman...I'm so sad...I'm really sad...I just want to be with you...I just want to marry you...Why? They're all going to say that about me..."

## Chapter 1493

"Zhao Shanshan, you don't need to pay attention to her. We will move out of the old house and live alone after staying with my parents for a while. As for those rumors on the Internet, don't read any more. Those who believe in you will naturally believe in you." Roman said.

Susie's face was full of disappointment and uneasiness, "Roman, do you also think that my sister is better...I...my background...is not worthy of you at all..."

"What nonsense? If I cared about this, why would I be with you?" Roman frowned, and patted the girl on the back, "I will take you out in a few days to relax. The honeymoon place has been booked. Don't think about it."

Susie snuggled into the man's arms and nodded, "Well, Roman...I don't want anything right now...I just want to give you a baby quickly..."

In order not to be passive anymore, she originally planned to let Zheng Minjun know about Selena's scandal through Xiaoling's mouth, but unexpectedly, Roman bumped into her, and Roman's reaction was so strong, what made her even more uneasy was that, Roman's attitude towards Selena always made her feel that she was not just guilty...

Now that Roman has become suspicious of her, she can only give up for the time being. When she becomes pregnant with Roman's child and the eldest grandson of their Su family... She doesn't believe that Zheng Minjun and Su Hongguang will still have something to say at that time!

Whether it's for the Su family or the Ning family, this child is very important...

Now she can't tolerate any more mistakes...

The next day, Susie took the time to call the Tang family.

For the first time in several years, he took the initiative to call the Tang family.

Sun Lan's tone on the other end of the phone was extremely excited, and she seemed a little unbelievable, "Hello...? Xue... Susie?"

"it's me."

"Susie, why did you call me? Is there something wrong? I wanted to go when you got married, but I was afraid that you would be unhappy, so I didn't go... How are you recently?" Sun Lan asked in a cautious tone.

Susie said directly: "Send me the account number, tell me how much it will cost, but only this once."

Sun Lan immediately refused in embarrassment, "No need, no need, the matter has been settled... The person who borrowed the money has already returned the money to us! Susie is sorry... At that time, a group of them came to the door with knives every day, and I was really desperate Only then will Xiao Nuo go to the imperial capital to find you... I really didn't intend to trouble you..."

"Okay, I don't have time to talk to you about this, since it's settled, let's forget it. Let me ask you, which city is Tangnuo University volunteering for?" Susie asked.

Sun Lan thought that Susie was concerned about her younger brother, so she quickly and happily replied, "Xiao Nuo! Yesterday Xiao Nuo told me that he was planning to volunteer all his time in the Imperial Capital! This kid... has wanted to go to the Imperial Capital since he was a child... ...His grades are not bad, there should be no problems..."

He hasn't been out much since he was a child. I really don't trust him. When he goes to college, I want to go to accompany him, but Xiao Nuo said that I don't need to accompany him... Hey... This is a matter for the future, we will discuss it later ..."

Sun Lan babbled about homework, while Susie on the other end of the phone frowned, "Let Tang Nuo change his choice and fill in another city."

"Ah...?" Sun Lan was stunned when she heard this sentence, as if she didn't react.

"If you really still feel guilty towards me and still treat me like your daughter, tell Tang Nuo to change his mind and stay away from the imperial capital!" Susie's words were already very straightforward.

## Chapter 1494

"I...Of course I regard you as my daughter! But, what does this have to do with which city Xiao Nuo went to?" Sun Lan was anxious.

Susie's tone suddenly became even worse, "Now that Selena has caused my life experience to be leaked, even my in-laws know that I am not the eldest lady of the Ning family at all, but the daughter of a country woman! You know my current status. How difficult and embarrassing is the situation? At a time like this, you still want Tang Nuo to come to the imperial capital, and you have to come with him! Are you afraid that not enough people know about it?"

When Sun Lan heard the phrase "the daughter of a country woman", her heart throbbed violently.

She didn't expect her daughter to dislike them to such an extent...

Sun Lan's tone trembled slightly, "Susie, I know you're in trouble, but it's about Xiao Nuo's future and future! I don't have to come to the imperial capital at that time, but I'm afraid Xiao Nuo's wish can't be changed... I have been thinking about going to the imperial capital... If I go to tell him to change my choice at this time... how can he bear it..."

Susie sneered, "Heh, you keep saying that you can do anything for me, but now that it involves your son, that's it. Is this what you call love?"

"It's not Susie... I... Susie, let me think... Let me think about it, okay? I can't decide this matter alone..."

...

City C, Chunfeng Town.

In a low bungalow.

Sun Lan sat at the table wiping her tears, while Tang Shan squatted on the threshold smoking a cigarette.

The boy was full of anger, "Why! Why did I change my choice! Who does she think she is! What qualifications does she have for us to do this and that! You didn't raise her for a day, but she, she has a day! Filial piety? Who owes her!"

Sun Lan cried, "Xiao Nuo, don't say that... She is also your sister... and her current situation is really not easy... She said that her life experience has been leaked now, and her husband's family also knows... It's a bad situation right now..."

Tang Nuo's expression became even more ugly, "So what if it was leaked? Everyone should have been told about this five years ago, okay? She really thought it was her Miss Ning family? All of this was my sister... ...My sister Xi's! She has occupied her for so many years, isn't it enough? Mom, can you stop being so selfish! Even if sister Xi is not your own, fortunately she has stayed in our house for eighteen years. She was the one who appeared at the first time!"

"I didn't... I didn't say Selena was bad... Now we're talking about Susie... What about your sister... She's worried that we went to the imperial capital... More people will find out about her... ...I know these should belong to Selena...but it's not easy for your sister to come to this day..."

She has just married, and she married such a family, so life must be difficult. If we are so close to her, even if we don't go to her, and no one finds out, she

will still feel uncomfortable in her heart, and she will be worried all day long of..."

"Life is hard? She is well-clothed and well-fed and married to a wealthy family. Why is life so hard? She deserves to be worried about occupying other people's things for so long! Mom, think about how she has treated us all these years? I really don't know what guilt you have towards her!" The young man was so angry that his face flushed.

"Dad, do you agree to let me change my choice?" The boy looked at his father beside him.

## Chapter 1495

The mother and son were arguing all the time, but Tang Shan remained silent from the beginning to the end. He had no idea in the first place, and now he has no idea at all.

Hearing his son asking himself, he subconsciously glanced at his wife, and then said hesitatingly, "Xiao Nuo, actually what your mother said makes sense, you don't have to go to the imperial capital, there are many good schools in other places. Well, at worst, it's the same if you take the exam in a city that is closer to the imperial capital..."

Tang Nuo's face was full of disappointment and anger, "You... Anyway, I will never change my choice! I just want to test the imperial capital! No one can stop me!"

Not only because he yearned for the imperial capital since he was a child, but since Selena left, he wanted to go to the imperial capital even more. He missed his sister... He endured it for so long... just so that one day he could go to the imperial capital... so that he could leave My sister is closer, and I can often see her...

Now that person just made him give up his goals and wishes all the time, why?

He disliked him for getting in the way, and he hated her so much that he lost his sister!

"As soon as I came here, I heard you guys arguing. What are you arguing about? Xiao Nuo is about to take the exam. Are you still letting him study quietly? Could it be that... Ah Shan lent money to someone else?" An old lady with gray hair and a stern face came over.

"Grandma..." Tang Nuo called out.

"No, mom, how can I!" Tang Shan hurriedly explained.

Seeing the old lady approaching, Sun Lan subconsciously panicked.

Her mother-in-law, whose husband died when she was young, raised her son single-handedly, insisted on one thing at home, and had a tough and powerful personality, so Sun Lan was a little afraid of her.

"What's going on? Xiao Nuo, grandma's grandson, come and tell grandma!" The old lady looked at Tang Nuo with an extremely kind expression.

Tang Nuo's eyes lit up, as if seeing a savior, he immediately walked up to the old lady and told the old lady everything.

While pinching the old lady's shoulders, the boy said with righteous indignation, "Grandma, just for such a ridiculous reason that she feels uncomfortable, my parents insisted on making me change my choice and not let me take the imperial capital...Grandma, you know... I have liked the imperial capital since I was a child... I also promised to take you to the capital to play, grandma!"

The old lady flew into a rage on the spot when she heard it, "It's just nonsense! Who dares to make my good grandson change his will! If such a big matter is changed, which onion is she? A little b!tch is still in charge of our Tang family's affairs coming!"

Sun Lan secretly pushed her husband, Tang Shan had no choice but to say, "Mom...your words are too harsh...she is my daughter...is your granddaughter..."

"fcuking granddaughter, what kind of granddaughter is she if she doesn't eat a grain of rice from my Tang family? Since it's given to someone else, it belongs to someone else's family. I don't want to touch her in the slightest, and she doesn't want to interfere in anything about our Tang family! Especially About Xiao Nuo!" The old lady said in a loud voice, "Nothing is as important as my grandson, if I hear you urging Ah Shan to make Xiao Nuo change his mind, go back to your grandson's house!"

Sun Lannuo dared not speak, and Tang Shan was even more silent.

In fact, how could they want to wrong their son? It's just that they will inevitably miss this daughter who has never grown up by their side...

In the end, because of the intervention of the old lady, the two of them finally stopped thinking about changing their choice...

## Chapter 1496

After the filming in the nearby film and television city ended, Selena followed the "Nine Heavens" crew to more than a dozen places across the country to shoot scenes.

Time flies by, and finally, after finishing today's shooting, I can go back to the imperial capital.

It's also a coincidence that today's scene was filmed in City C, and what's more, it happened to be in the wheat field in Chunfeng Town.

In "Heroes in Troubled Times", there is a scene where the wheat wave rolls on the bed was filmed here. It was also here when she raped her darling in the car last time... It's a pity that she didn't roll at that time...

During this period of time, Ke Mingyu didn't have any part in the scene, so she and Daniel haven't seen each other for a long time. Selena has already returned to her heart and wanted to go back to see Big bun and Little bun, but thinking that she happened to be in City C at this moment, she agreed to it before Tang Nuo is going to come over for dinner. To save her from running back and forth, why not take this opportunity to go directly to Tang's house.

She had just made contact with Tang Nuo when Daniel called.

"Hello..."

"Come back today?"

"Yeah, because it suddenly occurred to me that I promised Xiao Nuo to go back to Tang's house for dinner, and I happened to be here in City C today, and I was going to have a meal before leaving after work, so I guess I'll be back late!" Selena said.

"If it's too late, don't rush back. It's not too late to come back tomorrow."

"Yeah, I got it!"

"The meeting is about to start, I'll hang up first."

"Okay, go get busy! My side is about to start work!"

After Selena hung up the phone, she felt a little disappointed. It's been a long time since I saw her. Doesn't her family miss her at all? He actually told her not to rush to come back tomorrow...

The twilight is all in one.

Today's scene was finally finished. Selena said goodbye to the crew first, then told Xiaotao that she was going to visit a relative nearby, and then drove to Tang's house.

There was a section of the road leading to Tang's house that cars couldn't drive through. Selena parked the car at the intersection, and then prepared to walk there.

As soon as he got out of the car, he saw the familiar figure of the young man.

"Sister..." Tang Nuo seemed to be taken aback when he saw her, and then he showed a happy expression.

Selena didn't deliberately disguise herself as a country girl last time. This time she was her original appearance. After work, she took off her makeup and changed into her usual attire. Although she didn't put any makeup on her face, her skin was so white. Shining, the facial features are exquisite and beautiful to the extreme, the seaweed-like natural slightly curly long hair is paired with a light green long skirt, the whole person is fresh and amazing.

"Xiao Nuo, why are you here?"

"I'm here to pick you up!" The boy said in a natural tone, and then he looked at her several times with sparkling eyes, "Sister, the Internet said that you look good...I didn't believe it at first! I thought it was all from PS of..."

Selena was speechless for a while, "Dmn! Sis, those are all genuine, okay? Are you my brother?"

Selena had just blurted out this sentence out of habit, but it was only after she finished speaking that she realized that both siblings were inexplicably embarrassed...

Selena hurriedly changed the subject, "Let's go, don't keep your parents waiting!"

"Yeah! I knew you were coming this morning. Mom went out to buy vegetables early in the morning, and Dad went fishing, but it was so fresh..." Tang Nuo started chatting with Selena.

"Oh, I almost forgot to praise you. The score is so high. You are well qualified at Imperial University. My brother is really awesome! Did you get the college entrance examination notice? Hurry up and take a picture of your sister and go out to show off!"

Tang Nuo scratched his head embarrassingly, "Not yet! Waiting..."

## Chapter 1497

Arrived at the Tang family.

Sure enough, Sun Lan had already prepared a table of dishes, and Tang Shan had been waiting at the door, and when he saw the two, he immediately welcomed them in.

Compared with the embarrassment of last time, the atmosphere this time is much better. Although alienated and polite, at least it will not be cold.

"Selena is here, come in, come in! I'm so sorry, I let you go without letting you have a meal last time!"

"It's nothing, it's just a little effort, do you need help?"

"No, no, just wait and eat. I still have a soup here, and I can start eating right away!"

...

After a while, the former family of four sat around the table.

Sun Lan looked at Selena's appearance now, with a look of embarrassment, "It's really a girl's eighteenth change, I almost can't recognize it..."

Tang Shan also sighed and nodded, "Selena is even more beautiful!"

They didn't feel anything about the outfit last time, but now they can deeply feel the change of this former daughter, whether it is appearance or temperament, they are so strange.

Talking about other topics was afraid of embarrassment, so they gradually talked about Tang Nuo. Sun Lan and Tang Shan were very happy when they talked about Tang Nuo's good school.

"This kid, he wanted to be admitted to the school in the imperial capital, and now he finally got his wish!"

"Boys should go to the big city to have a look." Selena said.

Tang Shan nodded again and again, "That's right, that's right!"

Seeing that their son did so well in the exam, Sun Lan and Tang Shan were extremely grateful for their original decision. If Xiao Nuo really changed his mind, it would really delay Xiao Nuo.

"It's just that the notice hasn't been sent, it's really worrying..." Tang Shan frowned.

"What's the hurry, can the notice still fly?" Sun Lan said angrily.

While talking, Tang Nuo's grandma hurried over.

Seeing someone coming, they all stood up.

"grandmother..."

"Mom, why are you here so late?"

The old lady opened a small restaurant in the town, and usually lives in the restaurant.

The old lady glanced at the extra person in the room, "This is...?"

"Grandma, she is my sister! My sister Keren!" Tang Nuo quickly grabbed Selena's arm.

"Tang...Keren...how did she come back..." The old lady was obviously surprised, but she didn't have time to say more at the moment, she hurriedly took out a big express envelope from her bosom, and said to Tang Nuo excitedly. He said, "Xiao Nuo, your admission letter has arrived!"

"what?!"

"Admission letter!"

...

For a moment, everyone's eyes fell on the envelope in the old lady's hand.

"Hey, I can't stop. I have to go to the courier point to see if there is any letter from our Xiaonuo after a while. No, I finally made me wait! Please open it quickly and read it to me. ..." the old lady said happily.

Tang Nuo took the envelope excitedly, took a deep breath, and opened the envelope. Sun Lan and Tang Shan surrounded him excitedly.

Seeing the happy appearance of the family of four, Selena was also happy for Tang Nuo.

In the next second, Tang Nuo suddenly changed his face for some reason...

It was indeed an admission letter, but...but it was not an admission letter from Imperial University at all! It's a university in western Xinjiang that is thousands of miles away from city c and the imperial capital...

"How could this happen! This Xijiang Institute of Technology... I have never applied for this school, why did I receive a notice from this school?"

## Chapter 1498

"What...Xijiang..." Sun Lan was stunned for a moment, but she couldn't read, so she hurriedly urged her husband to find out what was going on.

Tang Shan hurriedly took the admission notice and read it again and again, "This...how could this happen? Why is it not Imperial University, but some Xijiang College...is it sent by mistake?"

"But Xiao Nuo's name is written on it!" Although Sun Lan could not read, she still knew her son's name "Tang Nuo".

Mrs. Tang never expected that coming here full of joy would turn out like this. She pulled Tang Nuo anxiously and asked, "Xiao Nuo... Could it be that you accidentally filled in the application wrong?"

"Impossible! I definitely did not fill in any school in Xijiang, and I checked many times in advance, and I will never make a mistake!" Tang Nuo's tone was extremely firm.

"Then... what's going on? Is it because there is a school with the same name and surname, or something wrong with the school in Xijiang?" Mrs. Tang guessed.

Tang Shan shook his head, "It's unlikely that the school made a mistake. If Xiao Nuo didn't fill in this school, how could there be information about Xiao Nuo in this school?"

Sun Lan's face turned ashen, "Xiao Nuo, hurry up and find out what kind of school this is?"

Tang Nuo had already been checking. Hearing this, he raised his head from the phone with a sullen expression, "A secondary school, because it is located in a remote area and has policy support, you can get into it with more than 300 points..."

"Two...Erben...Xiao Nuo's score is the most important score! How could it become such a broken school! It's still so far away, and it takes two days and two nights to take the train! I heard that the place is very chaotic, and the law and order It's not good either...how can Xiao Nuo go to school there! This...what can I do..." Sun Lan burst into tears in anxiety.

Tang Shan panicked, "Otherwise...we'll wait a little longer? Maybe we'll receive the notice from Imperial University in a few days?"

Sun Lan said angrily, "The teacher said a long time ago that this is absolutely impossible. How could it be possible to be admitted by two schools at the same time! If you are really admitted by this school, you will definitely not be able to enter Imperial University! What a crime... My family Why is Xiao Nuo so miserable..."

"Stop crying, what's the use of crying!" Mrs. Tang became even angrier when she saw Sun Lan's appearance.

...

At this time, Selena, who had been silent all this time, couldn't help but said, "It's too late now, and I can't contact anyone, so I'd better call the relevant schools and departments in the morning tomorrow to find out the situation."  
."

Hearing Selena's words, Sun Lan nodded again and again, "That's right...let's call and find out! There must be something wrong!"

Tang Nuo clutched the notice tightly and said nothing.

Tang Shan drooped his head, "That's the only way..."

Old Madam Tang glanced at Selena, but did not refute.

...

That night, the Tang family discussed Tang Nuo for a long time, but of course there was no result.

"Sister, it's too late now, it's not safe for you to drive back, or you'll stay here for the night?" Tang Nuoqiang cheered up and said to Selena.

Selena thought about it, and finally nodded, "Okay."

Originally, she planned to rush back to the Imperial Capital tonight, but now that something like this happened to Tang Nuo, she was really worried, so she agreed to stay, and immediately sent a text message to Daniel to explain the situation.

## Chapter 1499

"Sister, why don't you live in my room! I have just washed the sheets and quilts!" Tang Nuo said.

After receiving Selena's call in the morning, he deliberately washed the sheets and quilts himself, just thinking that if it was too late, it would be too late for her to go back and stay overnight.

Selena used to sleep in a small woodshed where sundries were piled up, but now that she hasn't come back for many years, that room is naturally uninhabitable.

"Then where do you sleep?" Selena asked.

"I can just make a floor bed in the living room!" Tang Nuo said indifferently.

At this time, Mrs. Tang, who was talking to her son and daughter-in-law, immediately changed her expression, "What can I do, what should I do if I catch a cold?"

"Grandma, I'm a man, what does it matter if I play on the floor, I can't let a girl play on the floor, right?"

"No, your body is so weak, how can you sleep on the wet and damp floor!" Old Madam Tang refused to let go, looking at Selena as if she had murdered her own grandson.

...

"Cough..." Selena coughed lightly, "Xiao Nuo, don't bother me, I'll just go to a nearby hotel to make do for the night."

"That's even worse. The conditions in that place are poor and chaotic!" Tang Nuo frowned, looked at Mrs. Tang who never compromised, then looked at Selena, and finally said, "Why not?" It's better at home, sister, you can sleep in the living room, I'll make the floor thicker for you!"

"Okay." Seeing Tang Nuo's Qiji gaze, Selena could only nod her head.

Old Madam Tang barely had anything to say, pulled her son and daughter-in-law aside and said, "I haven't asked you yet, how did this Dmn girl come here today?"

Tang Shan coughed softly, "Cough...Mom...now she is the eldest daughter of a rich family...not your granddaughter..."

"I gave her so much rice for nothing, but it turned out to be someone else's! I said at the beginning that I would throw away this money-losing product, but you didn't listen! Now it's all right, I have raised my daughter for nothing for so many years!" Mrs. Tang was full The flesh of the face hurts.

Tang Shan hurriedly pulled his mother away, and said in a low voice, "Mom, don't talk about it! If you really throw it away and find it, we will be in real trouble!"

...

The voices of the three of them got farther and farther away. Tang Shan and Sun Lan sent the old lady away, and then went into the bedroom.

Tang Nuo lowered his head and began to lay the floor in the living room, "Okay!"

"Thank you!" Selena was about to lie down, but was pulled up by Tang Nuo, "What are you doing, sister! You are really going to sleep here! I was just trying to fool grandma, I am an old man How could they really let you sleep on the floor as a girl! Go sleep in the room!"

Selena was stunned for a moment, she didn't know what she recalled, her eyes were slightly red, and the next second, she took a step forward and hugged the boy in her arms, not letting him see her wet eyes, "Dmn child..."

Tang Nuo scratched his head innocently, "Sister...what's wrong with you?"

Since childhood, this child has always been like this... always protecting her...

Selena adjusted her mood before releasing Tang Nuo, "It's fine."

"Sister, go to sleep quickly, you will have dark circles under your eyes if you stay up late!"

"Okay, I won't argue with you old man, by the way, don't worry too much about the admission notice, it will be fine!" Selena comforted.

Mentioning this, Tang Nuo's expression darkened immediately, and he smiled wryly, "How can I not be worried... I've been looking forward to it for so many

years... I've worked so hard for so long... In fact... Sister... I'm almost dying of grief ...I'm so scared...what if I really can't get into Imperial University..."

Selena rubbed the boy's hair with a smile, "Don't worry, sister promises, you will definitely be able to go!"

## Chapter 1500

The next morning, Mrs. Tang rushed over just after dawn, urging her son and daughter-in-law to call.

As a result, no one picked up the phone, since they haven't gone to work so early.

Mrs. Tang, Tang Shan, and Sun Lan looked very haggard, as if they hadn't slept all night. As for Tang Nuo, I don't know if it was because of Selena's comfort before going to bed, but unexpectedly fell asleep.

Finally when it was time to go to work, Tang Shan immediately started dialing the number of Xijiang Technical College, because he was too nervous and couldn't speak clearly. In the end, Tang Nuo took the phone and asked about it, and turned on the loudspeaker .

"Hi, is this the Admissions Office of Xijiang Technical College? I'm Tang Nuo, a senior high school student at Yulin Middle School in C City. I received your admission letter yesterday, but I didn't fill in your school's application form, so I would like to ask Your school will check to see if something went wrong..."

"Have you received the admission letter?"

"yes."

"Since you have received the admission notice, you have been admitted to our school. What could go wrong?"

"But my volunteering didn't..."

"It must be that you filled in the wrong application. You should go to the relevant department in your city or county, or ask your teacher."

"I'm going to ask, if I'm sure it's not your school who made a mistake..."

"Go check your volunteer first, and call again if you're right!" After saying that, the other side hung up the phone with a "snap".

...

"What kind of attitude is this teacher! How can we push things that are related to our Xiao Nuo's life like this! How much trouble will it take for him to help check?" Old lady Tang was anxious.

"Forget it, forget it, I guess they are busy too, Xiao Nuo, you should call the Admissions Office to check!" Tang Shan said.

Tang Nuo frowned upon hearing this, so he could only call the Admissions Office.

He was very sure that he would never make a mistake, but Xijiang said so, so he had to confirm it again.

It took a lot of twists and turns to check the volunteers. Finally, in the afternoon, the Admissions Office finally called back, but the results of the final investigation made everyone desperate...

"That's right, your first choice is indeed Xijiang Technical College!"

"It's impossible. I didn't fill in this school at all. I filled in Imperial University!" Tang Nuo said excitedly.

"This teacher, can't you change it?" Sun Lan asked cautiously.

"If every student is like you and didn't choose their own choice, just say that the school I filled in was not this school at all, and I will change it for you. Do you think it is possible?"

"My teacher can prove it!" Tang Nuo said immediately.

The staff member sneered, "Who knows if you are in the same group? Let me tell you, I have seen you like this a lot! You are already the third one today!"

"I'm not... I really didn't make a mistake..."

"Okay, okay, stop messing around! Now you can either go to this school in Xijiang, or repeat for a year!"

After speaking on the phone, he hung up the phone directly.

The room was dead silent.

Tang Nuo's eyes were red, and he clenched his fists, "I don't believe it...I don't believe it...I obviously did not make a mistake!"

At this time, Selena who was at the side murmured and said, "Did someone change it?"

She naturally believed that it was impossible for Tang Nuo to make such a low-level mistake. The point is, Tang Nuo didn't know about this college in advance, let alone use it as a candidate, so how could he miraculously fill in the wrong one.
