

Cruel Heart Lover Novel

Chapter 1511

"Then come in quickly!" The little nurse hurriedly urged.

The matter was urgent, Daniel didn't have time to talk to Selena, so he just hugged her lightly to comfort her, "Don't worry, it's fine."

After speaking, he followed the little nurse into the emergency room.

Kevin watched the back of the man entering the emergency room, and a white reflection flashed on the lens.

"I'll go! What a coincidence? My uncle also has panda blood...?" Louis murmured in amazement. He really doesn't know about this...

Selena only just found out, frowning and staring in the direction of the emergency room.

She didn't expect Daniel to come over suddenly, and it was such a coincidence that he had the same blood type as Yun Shen...

Yun Shen and Daniel entered the emergency room at the same time, Selena sat on the bench outside, Louis was beside her, Kevin was on the phone at the end of the corridor, the atmosphere in the corridor became more and more stagnant.

Time is flowing slowly, and it is extremely difficult...

After an unknown amount of time, the door of the emergency room finally opened again.

Selena was able to stand up and greet her, "Doctor, how are you?"

The doctor in a white coat was drenched in sweat, and said in a tired tone, "Temporarily out of danger."

Then Annie also came out from inside. The little girl was also sweating profusely, with several bloodstains on her clothes, "Karen, don't worry, thanks to Mr. Lu's help, Brother Shen is fine now!"

At this time, two nurses pushed Yun Shen out of the emergency room and walked towards the ward.

Seeing that Yun Shen was fine, Selena's tense nerves finally relaxed a little, but they tensed up again almost immediately, looking inside anxiously, "What about Daniel?"

Just as he finished speaking, a familiar sound of footsteps sounded from inside, and Daniel also walked out.

Probably because too much blood was drawn, the man's face looked very pale, he took off his coat, and was only wearing a white shirt, with the sleeves rolled up at the moment, and he was pressing the blood-drawing needle with his finger Mouth.

Selena hurried to support him, "Are you okay? Are you dizzy?"

Seeing that the blood had stopped, Daniel let go of the cotton ball, reached out and rubbed the girl's hair, "It's not that weak."

Selena carefully supported Daniel and asked, "How do you know about my affairs..."

"Shi Xiao called me." Daniel replied.

"That's it..." Selena looked at Daniel's pale face, her heart ached so badly, "I'll make you something delicious later, and I'll make it up for you!"

Louis, who worked as a coolie driver and was continuously abused by dogs:
"..."

"Me and me! I worked so hard to be your coachman, and the little baby I just bought is still covered in blood all over the car!"

He is so nice to his ex-boyfriend and his current boyfriend, so he is a dog, right?

Selena took out a bunch of car keys from her pocket, "Thank you, you drive my Xiaobai first, I'll go back and wash your car for you, and when it's done, I'll drive it all night with you!"

Louis finally calmed down a little after hearing the last sentence, but he still held his breath, let alone Daniel, Selena was really upset with Yun Shen being so nervous.

This kind of psychology is like...you can't be jealous of Einstein, but you can be jealous because the kid next door is better than you...

Annie followed Yunshen into the ward, while Kevin walked up to Daniel, his gaze was a bit unclear and probing, "Boss Lu, thank you for your help."

Daniel: "You're welcome, Selena's business is my business."

Chapter 1512

In the ward.

Yun Shen was not in a coma for a long time, he had only a skin trauma, as long as the bleeding stopped, he would be fine.

The man looked very quiet when he was in a coma. His soft silver hair covered his forehead obediently, covering half of his brows and eyes. He even looked a little fragile, which was completely different from his usual arrogant appearance.

However, when he opened his eyes, as if he was armed in an instant, he immediately turned back into another person.

A trace of sharp vigilance subconsciously surfaced in the man's eyes, and he quickly scanned the surrounding environment. When his eyes fell on the girl standing by the bed, the gloomy look at the bottom of his eyes receded, replaced by the usual laziness. And cynical, "Tsk, it seems that he didn't die..."

"Bah!" Selena glared at the man angrily, "Did someone mention death in the hospital?"

A rather regretful expression appeared on the man's face, "So disappointed..."

Selena was speechless, "Did you die from disappointment?"

The man looked at her with a half-smile, "Suddenly I want to see what your expression will be if I die..."

Selena: "..."

This neuropathy!

"Honey, I saved you again!" The man's eyes flashed, and he suddenly said with great interest.

Selena said with a look of pissed off, "Don't try to trick me again..."

God knows that she desperately hopes that the person who gets smashed is herself!

The man chuckled, "I've shed so much blood for you anyway, so it won't be a problem for you to stay and take care of me until I recover, right?"

Selena originally thought that this guy was going to make some extravagant demands. If that was the case, she would definitely refuse immediately, but this guy suddenly returned to normal, and the request was not too much, but she didn't know how to respond... ..

"Honey, go and help me peel an apple..."

Selena hadn't agreed yet, someone was already lying there smiling like an old man and started asking.

Selena frowned, her eyes fell on the bandage on Yun Shen's shoulder and the blood all over her body, and finally went to the side to get an apple...

Just as he was about to peel an apple, a hand suddenly came from behind him.

Daniel came over at some point, so he naturally took the apple and fruit knife from Selena's hand, and said in a low and cold tone, "I'll do it."

When Yun Shen saw the person coming, he glanced at him with a half-smile.

I saw that Daniel's movements were quite skillful and fast, and he peeled an apple in a short while. The skins of the apple were all connected together without any break in the middle. It was a cure for obsessive-compulsive disorder.

With his slender fingers, Daniel passed the apple towards the man on the hospital bed, and then said expressionlessly, "I'll pay back what she owes you."

"Daniel..." Hearing these words, Selena couldn't tell what she felt.

On the hospital bed, the white-haired man narrowed his eyes for a moment, letting out a gleam of coldness, but his face did not show it at all. He glanced at the apple in Daniel's hand, and said with a look of disgust, "I only eat sliced rabbits. shaped apple."

Selena: Enough mud!

Daniel didn't have any temper at all, he found a tray, and then neatly carved the apples into rabbit shapes.

"Suddenly I don't want to eat apples anymore!" The man on the hospital bed curled his lips, his eyes rolled, and he was so fascinated, "Help me change my clothes..."

Hearing this, Selena finally couldn't stand it any longer, with the expression that you dare to flirt with my wife and I want to bite you to death, "I'll go! Enough is enough for you!"

Chapter 1513

Nima, you should know that this guy is not taboo for men and women, so don't just fall in love with her sweetheart!

In fact, for a long time, she has always suspected that he likes men. After all, before returning to China, she always appeared in men's clothing in front of this guy. After pretending to be a man for a long time, she almost forgot her own gender. When she asked, she was so shocked that three souls came out of her body, and she said "I don't do gay" on the spot...

Later, she and the third senior sister Feng Xiaoxiao had many discussions in private, and they all doubted whether he liked men...

Seeing Selena's expression, the man on the hospital bed chuckled, "Don't worry, I'm not interested in men..."

Selena was still vigilant, "Do you think your words are credible? Also, although you helped me this time, you bled like an aunt and almost died. It was Daniel. If the blood transfusion saved you, we'll be evened..."

Hearing the words, the man showed a thoughtful expression, and he didn't know what he thought of, and he said casually, "As the patriarch of the Lu family and the helm of the Lu family, just in case, do you think the entire Lu family will not have rare blood types stored? He wanted to give me a blood transfusion himself..."

Oh, dear, you can't even see such a superficial trick, your IQ...is it fed to the dog? "

As soon as he finished speaking, Daniel's eyes suddenly sank, and he looked coldly at the man on the hospital bed with a provocative face, and at the same time, there was an imperceptible look of worry in his eyes.

After hearing Yun Shen's words, Selena was stunned for a moment, and then stared blankly at Daniel beside him. The next second, she threw herself into the man's arms, raised her little head, her face was full of emotion, "Dear boy ...Thank you..."

Selena's mind suddenly came back to what Daniel said to herself back then, "I just want to tell you that no one or anything can affect your decision. The only thing you need to consider is me, and there is only one thing, and that is whether you like me"...

And he really did this, even in order not to burden her, he did not hesitate to give Yun Shen a blood transfusion himself, just to help her repay Yun Shen's favor.

Daniel heaved a sigh of relief, looking at the girl with extremely gentle eyes.

There was never any need for verbal explanations between them.

As for Yun Shen, who looked at the two people who were embracing each other and almost collapsed from anger again: "..."

"Cough..." Kevin at the door of the ward spoke in time, saving his eldest brother who was almost pissed off, "Junior Junior Sister, you can go back, I will take care of you here."

Selena scratched her head, "Ah, that's so embarrassing, I'd better stay and help, after all, it's because of me..."

Kevin had no choice but to sigh and said tactfully: "You are here... it will cause the patient's emotional ups and downs."

It was only then that Selena realized that she seemed to have accidentally abused a dog, and Yun Shen's eyes looked like she was about to kill someone, so she hurriedly pulled Daniel out of the room, "Ahem...that's alright...Elder brother, what do you want?" Contact me again if you need it habaibye..."

...

After Selena and Daniel left, the man on the hospital bed looked displeased: "It's a lot."

Kevin pushed his glasses, but did not answer, "Master is on his way."

Yun Shen frowned, his expression became even worse, "Trouble..."

Not long after, there was the sound of three or five people's footsteps outside the ward, and then the door of the ward was pushed open, and a middle-aged man in Tang suit walked in.

Chapter 1514

The man glanced at Yun Shen on the hospital bed, his expression was extremely ugly, "Nonsense!"

After speaking, he looked at Kevin, his face became even more gloomy, "Didn't I tell you to keep an eye on him!"

Kevin immediately admitted his mistake: "It's my fault."

But in fact, he didn't watch it at all, because he knew that even if he did, he wouldn't be able to watch it.

"What's going on?" Qiao Yi guessed and knew Yun Shen's temperament, took a deep breath to suppress his anger, and asked in a deep voice.

Kevin briefly explained what happened, and then said, "Satan blood type is under the control of the Lu family in all the black market blood banks in the imperial capital. I thought that this time they might take the opportunity to kill... But I didn't expect Daniel will personally come over to give Satan a blood transfusion..."

"Huh..." On the hospital bed, the man snorted again when he heard this, with an expression of disgust for someone's blood.

Qiao Yi changed his attitude, and said, "Ah Shen, it's not that girl Xi has no feelings for you, but there are too many temptations outside, and Daniel is used to playing tricks, it's normal for her to be fascinated for a while, little girl, For a man like Daniel, there is really no resistance..."

Having said that, Qiao Yi changed the subject, "But, if one day you get everything instead of that person, and when he has nothing, do you think there will still be women following him? On the other hand, if you don't fight, you will only be killed. Take away more, including... Keren..."

Qiao Yi clicked so far, and left the ward directly after speaking here, and before leaving, he signaled Kevin to follow him out with his eyes.

Kevin's eyes flickered, so he could only follow out.

Because Kevin reserved the entire floor, this floor was empty.

There was a gloomy and dead silence in the corridor, and as soon as Qiao Yi left the ward, the murderous intent immediately pervaded Qiao Yi's face, "A Ye, you let me down!"

Kevin knelt down on one knee with a bang, lowered his head and said, "Karl's skills are improving very quickly..."

"Don't tell me, even you are not his opponent."

"Yes." Kevin replied without hesitation.

Qiao Yi looked down at Kevin, and by looking at his expression, he knew that Kevin suspected that Kevin was deliberately releasing the water.

After a long time, Qiao Yi finally said, "Come on... I'll go there myself and solve that evil obstacle!"

Kevin's fingers on his side tightened suddenly, "Master..."

At this time, a sudden sound of footsteps came from the end of the corridor, which was very clear in the quiet air.

After hearing the familiar footsteps, Kevin raised his head subconsciously, and then saw...

"Karl..." Seeing the person coming, Kevin's face suddenly changed.

And Qiao Yi's surroundings suddenly became murderous, and he stared at his former disciple with dark eyes, "Evil...how dare you appear in front of me!"

Karl's face was as heartless as ever, and he said with a smile, "Long time no see, I came here to say hello to Master..."

Qiao Yi looked at him as if he was looking at a dead person, "May you leave the last words before you die."

"Heh..." Karl laughed lowly, and looked up at Kevin who was in a complete mess at the moment, "Brother, you think I'm going to die, why don't you let me see my little Kaka for the last time?"

Karl: "..."

The moment Karl finished speaking, Qiao Yi attacked without hesitation...

Seeing the two people fighting fiercely, one is the brother he grew up with, and the other is the master who has nurtured him and regarded him as his father, Kevin's face was pale, and his heart was bloody struggling to tear... ..

Chapter 1515

Kevin was more worried about Karl, of course, Karl had almost no chance of winning against his master...

Karl was forced to retreat step by step by his master. Dangerous situations arose several times, and Kevin could no longer just watch like this.

Sure enough, Karl didn't hold on to even ten moves. Kevin's expression changed suddenly when he saw Qiao Yi attacking Karl with one move. He was about to make a move, but Karl's body was like a swimming fish, and he narrowly avoided it.

Afterwards, Karl stood three steps away from Qiao Yi, smiled leisurely and said, "Master, I gave you ten tricks, you should be careful next time..."

"The ba5tard is arrogant!" Qiao Yi was furious when he heard this, and attacked more fiercely.

However, this time Karl was not in the same defensive position as before, but attacked fiercely. Everything about Karl was taught by Qiao Yi, who knew him best. There is not much understanding...

Kevin didn't lie to Qiao Yi when he said that Karl's skill was excellent, and Kevin's skill even surprised Qiao Yi when he disappeared in such a short time.

In the end, the two had a tie, and after a hundred moves, because Karl was young and had more energy after all, he gradually gained the upper hand...

Finally, Karl's five fingers strangled Qiao Yi's throat like eagle claws...

"Karl..." Kevin made a sudden move, narrowly blocking Karl's killing move.

And Qiao Yi was shocked, as if he hadn't recovered from the fact that he was defeated by his apprentice...

Seeing Kevin's attack, Karl did not continue, but looked at Qiao Yi with unprecedented cold eyes and said, "Master, this time, I will repay your kindness for nurturing me. Next time, I will not be merciful." . "

After speaking, he turned and left.

Qiao Yi's knuckles creaked, "This evil!!! evil!!!"

He knew that Karl's talent was extremely high, but his temper was too lazy. If he had one tenth of Kevin's intentions, it would only be a matter of time before he surpassed him.

Although he knew this a long time ago, at this moment, Karl's terrifying speed of progress still made him extremely astonished. At the same time, this was also the reason why he was so anxious to get rid of Karl as soon as possible.

But the current situation is getting more and more difficult. Kevin can't kill him, and because of the obstruction of Daniel's dark forces, the other people he sent have repeatedly missed...

Forget it, it's just an insignificant little fish, don't worry, the top priority now is still the Lu family...

...

Office of the President of the Lu Group.

After Saul checked the situation clearly, he ran to report to Daniel immediately, "Brother, I checked... The camera falling this time was indeed an accident!"

Hearing this, Daniel didn't let Saul go down, but said, "Video."

At that time, the camera that was accidentally dropped was not the only one that was working, so there were other cameras that captured the whole incident, and Saul must have seen it.

"Uh..." Saul showed a troubled expression, coughed lightly and said, "Brother, I've checked everything, there's nothing wrong with it, so you don't need to watch the video, right?"

Daniel didn't speak, but raised his head to look at Saul.

Saul was terrified by his brother's sharp eyes that seemed to be able to penetrate his heart, but he still insisted and refused to hand it over, "Brother, really, don't you believe in my ability to handle things?"

Chapter 1516

However...the more Saul pushes back and forth like this...the more it proves that there is something wrong...

After Saul refused to hand over the video again, Daniel didn't speak again, but looked at the computer on the table again.

Saul thought it was over, but he didn't expect to hear a familiar voice coming from Daniel's computer soon...

"You don't need to be moral to the demon girl, let's go together..." the voice of the extras.

"Ah – Selena -" the voice of the crew.

"Yunshen!!!" Selena's exclamation...

Saul's eyes almost popped out, and he moved closer to Daniel's computer screen, and sure enough, he saw that the video that should have been in his mailbox was already playing on Daniel's computer.

"Dmn! Brother, you actually hacked my computer?! How can you be so swollen!"

Daniel glanced at him lightly, as if to say, I need to hack your computer to deal with you?

So, in the next second, Saul saw clearly that his brother had directly logged into his mailbox, "I'll go! Brother, how do you know my mailbox password!"

The video on the computer was still playing, and now Saul finally couldn't stop it even if he wanted to.

Then he watched helplessly as his brother saw Selena's extremely nervous attitude towards Yun Shen in the video...

"Hey, brother, it's really nothing. After all, that guy was injured because of Selena. It's normal for Selena to be nervous..." Saul's words of reassurance really slapped his face.

Since it's nothing, why were you so nervous just now and didn't show your brother?

Daniel quietly looked at the scene in the video, his expression secretive, and he did not reveal the owner's emotions at all.

Selena was nervous because things happened because of her, because of Yun Shen's illness and rare blood type, and because he was the one who was by her side in her darkest time after all, even if he gave her darkness, but let her survived...

Although he met her before Yun Shen, he missed her most important time...

No matter how many reasons there are, he has to admit that the position of that man in her heart is irreplaceable.

...

After Selena left the hospital, she began to answer the phone calls from various parties.

Because of this accident, the entire crew was in a state of distress. Guo Qisheng and the producer were going crazy. After receiving a call from Selena, they were finally relieved to know that Yun Shen was fine.

Next, Selena went to discuss with the crew how to solve some subsequent troubles. Because the situation was urgent, when she and Louis sent Yun Shen

to the hospital, some passers-by took pictures and posted them on the Internet.

But as long as Yun Shen is fine, these problems are not serious, and the crew is enough to deal with it...

The next day, Selena went to the set as usual.

Because yesterday's accident happened right after the filming was over, Yun Shen's last scene had already passed, so there was no need to reshoot.

In the next few days, most of the scenes were between her and Meng Shiyi.

As a result, she waited from morning until noon, and was finally told that Meng Shiyi would not be able to come due to business these days.

Guo Qisheng was going to finish filming the last few scenes in one go, but he didn't expect Meng Shiyi to lose the chain at this time, so he had no choice but to stop and let everyone go back to rest first.

Selena held the car keys in one hand and walked towards the underground parking lot. After hesitating for a while, she decided to go to the hospital to see the guy first, then go to Zeling, and go to Daniel's place in the evening to make some supplements for Daniel to take good care of his body...

"do not move—"

Selena was planning what to do today, when a hoarse and sinister warning came from her ear, and at the same time, a cold and hard tube suddenly touched her waist behind her.

Chapter 1517

She was all too familiar with this touch.

"Turn around and raise your hands!" the man scolded coldly.

Selena raised her hand cooperatively, and then looked behind her, only to see a big, fleshy man in a black vest pointing a gun at her viciously, and another person beside her was also pointing a gun vigilantly at her. Looking at her, he lowered his voice and urged, "Get in the car!"

Selena glanced at the white van next to her. She saw that there were two people in the van, and they all had guns in their hands. They were definitely not ordinary kidnappers.

After deliberating the situation for a while, Selena knew that she definitely couldn't escape, so she cooperated obediently and waited for the opportunity to escape...

Pushed vigorously, the pink crystal hairpin on Selena's head accidentally fell to the ground.

It was given to her by Rick on her birthday...

Selena's eyes tightened, and she was about to turn her head to pick it up, but that hunky man stepped on it, and the hairpin instantly shattered...

"What are you dawdling about! You're looking for death!!!" The fleshy man pushed Selena into it like he was stuffing a sack.

Selena took a deep breath to hide the killing intent in her eyes.

As soon as she got into the car, Wuhuada tied her up, but they didn't blindfold her.

This made Selena frowned slightly. If she wasn't blindfolded...does this mean that there would be no survivors?

"Who are you?" Selena asked tentatively while calmly looking at the four people in the car.

The driver who was driving had a scar across his entire face, and the yellow-haired co-pilot was smoking a cigarette danglely. On her left was a curly man, and on her right was a tall, thin man.

After Selena took a preliminary look at these people, they were all in good shape and physique. It looked like they had practiced all year round, but they were not killer mercenaries at Feng Xiaoxiao's level, so Feng Jin could be ruled out. side people.

Of course, these people are definitely not ordinary kidnappers and hooligans, they should be gangsters, and their backgrounds are not shallow...

"The one who wants to kill you!" the hunky man said with a gloomy expression while playing with the gun in his hand.

Huang Mao, the co-pilot in front, rubbed his hands excitedly and turned his head, "Give me a refreshment before you die!"

The hunky man glared at Huang Mao, "Then it will be your turn if the boss doesn't!"

"Uh... Such a top-quality product... How could the boss not want it!"

"Stop talking nonsense, I haven't spoken yet, so hurry up!"

"Yes yes yes... I'll just follow your bosses and pick up some scraps..." Huang Mao chuckled, staring at Selena with incomparably open eyes.

The skin of the woman in the back seat is as white as snow, her exquisite little face is amazingly beautiful, and she is wearing a light pink dress, which makes her extremely fresh and lovely...

"Tsk tsk... Such a goblin, no wonder our young lady insisted on getting rid of her..." Huang Mao murmured.

Hearing this, Selena finally knew who the other party was, Meng Shiyi?

Seeing that Selena seemed to have guessed it, the man with the flesh didn't care at all. She was going to die anyway, so it didn't matter if she knew or not!

...

Those people were quite vigilant, probably because they knew she had some skills, and they didn't forget to point their guns at her even in the car.

Selena was very quiet along the way, closing her eyes and resting her mind leisurely. She was quite curious about the background of this Meng Shiyi's legend...what is it...

The car drove unsteadily for an unknown amount of time, and finally stopped.

Chapter 1518

The car door opened and Selena was pushed out of the car.

What came into view was a building similar to a gymnasium, with a large flag standing in front of the door, and on the flag was a sign with the word "green".

Selena frowned slightly, tsk, Qingxuan Gang?

I see...

This Meng Shiyi is actually behind the Qingxuan Gang...

Just now I heard that Huangmao call her Missy. Could it be that she is the daughter of Meng Zhenhuan, the leader of the Qingxuan Gang?

No wonder he is so unscrupulous, he dares to send someone to kidnap her with a gun in full bloom in a place like the imperial capital, and even prepares to kill her directly...

There are countless underground gangs, large and small, in Huaguo. Except for the Black Tiger Gang in Province D, the Qingxuan Gang is the most famous and powerful. Its number is not the largest, but it has the greatest influence. After all, it controls the capital and the underground world of surrounding provinces and cities...

While thinking to herself, Selena followed a few people through the dojo and went deep.

It was probably because they had arrived at their base camp, and the few of them obviously relaxed a lot. They must have felt that it would be difficult for her to fly even if she got here.

Selena took a closer look. The place wasn't too big, and the staff was relatively scattered. It should be just one of the small branches. Of course, for Meng Shiyi, to kill someone, it was more than enough to use the small boss of a small branch. up.

"Boss, the person that the eldest lady wants has been brought!" The man with fleshy flesh pulled Selena to one of them.

I saw a large mahogany chair in the middle of the lobby, with a whole piece of fine tiger skin spread out on the chair, and a man with a thick back and a waist full of sashimi was sitting there hugging his left and right sides.

Seeing Selena being brought over, the man pushed aside the two cool and hot beauties beside him, and walked up to Selena with great interest, "It's you, little b!tch, who dare to mess with our eldest lady?"

Selena didn't say a word, she flinched appropriately, showing a look of fear and fear, but actually her eyes were looking around quickly.

When her eyes fell on the items in a metal box not far away, Selena's eyes lit up slightly... Hmm, she seems to have seen something interesting...

"Ask you! Didn't you say that you are very capable? Why are you dumb now?" The boss of the branch looked at the girl's trembling and weak appearance, his eyes were full of lewdness, and he barely restrained himself and asked the subordinates beside him, "Miss, what's wrong?" Did you explain it?"

The man with the flesh came forward and said with a sneer, "Missy asked us to make some wonderful movies for her, and then let us play...until we die!"

"Hahahaha...it's exactly what I want!" The boss burst into laughter, probably because he was used to doing this kind of thing, and soon someone brought the shooting equipment.

"Boss, you go first! You come first! Let us all learn from your majestic posture!" Huang Mao flattered graciously.

Because Selena seemed to have been completely softened, and there was no one guarding her, only the boss took off his shirt and walked towards her impatiently...

It's now! When everyone loses vigilance...

Say, dare to break the hairpin that Rick gave her! Want to play, right? I'm going to play you to death!

The moment the man rushed towards her, Selena's hand reached behind his waist, touched his gun, and quickly pressed it against the man's forehead. Before everyone could react, Selena grabbed him again. Pulling to the iron box that she had noticed just now, she took out a tiny instrument from the box, stuffed it into his mouth, and forced him to swallow it...

Chapter 1519

In the blink of an eye, all of this happened in just three seconds.

The yellow-haired guy who kept flattering, the thin, tall, thin-eyed man who took pictures with his mobile phone... all the subordinates around him with equipment... were all stunned like stones!

After Selena stuffed the tiny instrument into the man's stomach, she ignored him and pushed him away like throwing trash, then walked slowly to the tiger leather chair where the tattoo boss was sitting just now, Crossing his legs casually, he lazily glanced at everyone below.

"F*ck!!!"

"This b!tch!"

"Catch her!"

...

At this time, those subordinates who were in a daze finally came back to their senses, and ran towards her clamoring one by one.

Selena leisurely watched them rush towards her, raised her white hand amidst the roar of the crowd, and pinched a bright red switch-like device with her fingertips.

"Bring it all back to me...come back..." Behind him, the tattoo boss howled heartbreakingly, and then threw his a55 at Selena's feet, "Don't! Don't! Don't! Don't touch it! It's dangerous... Danger..."

While crying, the boss scratched his throat with his hands, trying to spit out what he had swallowed, but as soon as the thing entered his stomach, it seemed to be rooted in it, and he couldn't get it out...

At this moment, when the others saw the switch in Selena's hand, they were all terrified, and subconsciously took a step back...

What the man swallowed was a miniature bomb, which would automatically attach to the stomach wall after entering the stomach. Although it was small in size, it was enough to blow up the whole person to pieces as long as the switch was pressed.

But now, the button that controls his life and death is in the hands of the woman in front of him.

The woman was wearing a cute and pretty pink dress. She was obviously the same person, but at this moment, it gave people a completely different feeling. Her expression was not scary, and even the corners of her mouth were hooked, with a faint smile, but it made him feel like seeing a demon. ...

And the whole process of her from snatching the gun to forcing him to swallow the bomb just now. Although he is only the leader of the branch, he still has a bit of vision. This skill is not an ordinary person. It is absolutely impossible to do this...

Especially the way this woman holds the gun... She looks like a veteran!

And they know everything about this new type of munitions. How would ordinary people know that it is a bomb?

Nima, who did they mess with...

The boss didn't have time to think about it anymore, he stared at the detonator in the woman's hand with a split mind, and begged for mercy regardless of his image, "Elder sister..."

Selena narrowed her eyes slightly, "Huh? What do you call me?"

"Big... No no no! Auntie! I don't know Taishan with my eyes! Please show me your hand! That thing really can't be played around!"

Selena turned around slightly from the corner of her eye, kicked a yellow-haired man who was trying to attack and snatch the button from her hand, "Tsk, boss, it seems that someone wants you to die sooner?"

"ba5tard! You're looking for death! No one is allowed to move!" The boss roared angrily, and kicked the yellow-haired man who had been kicked by Selena until he was in a mess.

After finishing speaking, he carefully looked at Selena again, "Grandma, I was wrong... I really know I was wrong... I'll send you out right away, do you think it's okay?"

Selena turned the detonator under the terrified gaze of the boss, and chuckled, "Send me out?"

"exactly..."

Chapter 1520

"Who said I was leaving?"

"Uh..." The man was suddenly stunned, and the others also looked at each other in blank dismay.

"Then... what do you want then?"

"Wait until I've had enough fun..." Selena said that this place is fine and I want to stay and settle down, which made everyone's faces darken.

" ... "

That's not enough, Selena tapped the armrest of the mahogany chair, and then said, "Each of you, eat one!"

After finishing speaking, he added, "Women don't need it."

"What!" Everyone was stunned, but the two girls who had been serving the boss just now breathed a sigh of relief.

"This...that's unnecessary..." The tall and thin man backed away step by step.

The fleshy man also coughed lightly, "This is our boss, his life is in your hands! How dare we move?"

Selena curled her lips, "What if one of you wants him to die and usurp the throne?"

The boss immediately jumped up and slapped one of them, "Eat! I'll eat it all! I ate it all! Can't you eat it? Ah? Hurry up! Do you want to rebel!"

The fleshy man had a bitter face, "If we eat them all, you won't be able to tell who is which!"

Each bomb has a corresponding serial number. The detonator in Selena's hand can choose the serial number of the bomb to be detonated, but if everyone eats it, she will definitely not be able to tell which number it is.

Selena murmured, blinked at the eyes of everyone expecting to be let go, and then said, "Then I'll just press the master switch and let everyone detonate together!"

Everyone: "..."

Nima! The devil! This is simply a female devil!

People are swords, I'm fish, Selena holds the life of their boss in her hands, everyone can only be forced to eat a bomb.

"Grandma, are you satisfied now?" The boss rubbed his hands and asked more carefully.

Selena turned the detonator in her hand, with a bored expression, "It's boring..."

These three words are like reminders, scaring everyone to death.

The boss hurriedly asked, "Then what do you like? What do you want to play? Let me get it for you? Are you willing to leave after you can have fun?"

The most urgent task is to quickly coax this little ancestor, otherwise, if he is not careful, his body will be dismembered on the spot!

"decide as things go..."

At this time, Huang Mao obediently approached the boss who was discussing, "I, I, I... I have an idea!"

"What idea?" The boss looked at him displeased.

Huangmao leaned into his ear and whispered, "Boss, call Sister Huahua to send some fresh meat that will come soon..."

"Can this work?" Both the boss and the man with the flesh looked at him suspiciously.

Huang Mao hurriedly said, "It may be useful if you don't know it! Women nowadays like this..."

The boss pondered for a while, and with the mentality of treating a dead horse as a living horse doctor, he immediately walked to the corner and made a phone call.

A moment later, a row of ten pretty, attractive little fresh meats who had been trained to be extremely obedient stood in front of Selena.

The boss rubbed his hands together and asked nervously, "Grandma, do you like any of these? You can play with them! They are all well-trained! They are especially good at serving people!"

Selena sat on the tiger leather seat like a king of the mountain. Her eyes swept over the men on the ground one by one, and her brows frowned.

Daniel had already taken her eyes off her, so how could she be interested in these things...

Seeing Selena frowning, the boss broke out in a cold sweat. He hurriedly asked people to drive everyone away, and then kicked Huang Mao again, "What kind of bad idea did you come up with!"

Huang Mao just yelled, and said with a mournful face, "It doesn't make sense! It's not going to work... This batch is already the best... Well... Could it be... Could it be that this aunt is not good at this? Otherwise... Shall we try another woman?"
