

Cruel Heart Lover Novel

Chapter 1541

After more than two hours, the red carpet stage of the scene finally came to an end.

The exciting awards ceremony has officially begun!

The Palme d'Or is known as the Oscar of Chinese-language films, and is the highest honor for Chinese-language films. Anyone who has paid attention to it knows that this award means a great affirmation of the film works and the strength of the actors. Song Lin, Leng Manyun, Zhao Sizhou, Fang Xiaowen, Meng Shiyi... Almost all the big names in the film industry have won awards here.

To put it bluntly, the Palme d'Or means quality and status.

The status of the Palme d'Or is inseparable from its professionalism and fairness. All the judging processes for the competition are strictly confidential, so all the nominated artists are very nervous.

Including Susie, she used all her strength to get Janice to help her get the shortlist in advance, and to get a few more irrelevant award nominations for "Da Shan" in order to build momentum, but in the end, she was completely unknowable.

However, relying entirely on her own strength, she was nominated for Best Actress in two films at the same time. She has the highest voice and the greatest possibility of winning the award.

Tonight, wherever she went, she attracted much attention, and the cameras on the big screen frequently cut shots of her.

Susie was sitting upright maintaining a dignified, impeccable and perfect posture, with a tranquil smile on her face, she looked at Selena who was not far away from her corner of the eye, and sneered in her heart, heh, this is the Palme d'Or awards ceremony, isn't it? Where you can be sensationalist by relying on your face, in the end you still have to rely on your strength to speak!

As long as she wins this award, all the previous negative news can be washed away.

And now the matter with the Tang family has finally been resolved...

She sent someone over to inquire, and the Tang family looked for help everywhere, but they were so naive as to try to change their wish back, but they naturally ran into obstacles everywhere, and finally had to go home in vain.

Everything is as she expected.

For a powerless and powerless Tang family, they can only suffer from being dumb when they encounter this kind of thing. How could those relevant departments and agencies bother to investigate such a thankless thing for them alone!

Later, Sun Lan called her and asked her if she knew about the fact that Tang Nuo had filled in the mistakes in his volunteer application and failed to pass the entrance examination for God's Capital University. When she heard the voice, she probably wanted to beat around the bush and ask her for help again, so she replied impatiently. Then he hung up the phone.

She absolutely... Absolutely must not be dragged down by these people and such a family!

Her surname is Ning, and she is the eldest lady of the Ning family! It has nothing to do with the Tang family!

Under the stage, the stars gathered.

In the middle row are the crews of "Dashan", "Tianxia", and "Dream Seeker".

On the stage, the beautiful host He Jiaying came gracefully.

"Good night, distinguished guests and audience friends around the world. I am the host He Jiaying. Welcome to the 53rd Palme d'Or awards ceremony..."

After the passionate opening remarks, there was thunderous applause.

After a brief warm-up, the stage of the formal awards ceremony entered.

"The next thing we are going to present is the Best Visual Effects Award. As you all know, this award means the fourth creation of the film, and it is one of the important parts of the film. Please see the big screen below for our shortlisted works. which..."

The previous awards were over, and the guest performers came on stage to sing. After a brief relaxation, the awards show entered into a climax.

He Jiaying said excitedly; "The next award we are going to present is... Best Supporting Actress!"

Chapter 1542

There was thunderous applause at the scene!

The camera images switched to the five shortlisted actresses one by one, and then put them in the same frame and appeared on the big screen, showing everyone's expressions.

In the middle is Selena.

The girl clapped along with everyone, her expression obviously a little nervous, and of course the others were also like this.

The old god Susie was sitting on the chair, watching the nervous expression on Selena's face on the big screen, her heart was full of ridicule and disdain, she was just the best female supporting role, and she deserved her nervousness.

On the big screen, clips from each of the shortlisted films began to be displayed, and the introduction sounded from the speaker, "Wu Yan's 'I Have a Secret', Liu Jingjing's 'The Tenant', Qin Cailin's 'Cafe No. 8' ... Selena's 'The World' ..."

The last one shows the relevant clips of Meng Changge played by Selena in "The World". The organizer intercepted the most classic scene in the play. Glancing in the direction of the palace, bloody flowers bloomed from the corner of his mouth, and with just one look, he completed the huge transformation from a general to a demon concubine...

Just through the screen, everyone could feel the huge shock. Selena's performance was very powerful!

Laymen and those who hate Selena like to talk about Selena's appearance, but most of them are professionals, and they are full of admiration for this new girl's acting skills. I am afraid that there will be another miracle in the entertainment industry in the future ...

"Dear friends, now, I'm going to reveal the suspense. The winner of the 53rd Palme d'Or Award for Best Supporting Actress is..."

Accompanied by the host's voice, the camera's lens quickly switched over the five shortlisted actresses, and finally they were frozen into the same frame.

Because five cameras were combined together on stage, Louis who was beside Selena at this moment was not photographed.

The guy looked down at Selena's tightly clenched fingers, curled his lips and said, "Are you nervous about wool?"

Selena really wanted to stare at someone, but at the moment the camera was on her, so she still had to maintain her image.

"The winner of the 53rd Palme d'Or Award for Best Supporting Actress is – Selena!!!"

As soon as the host finished speaking, everyone at the scene looked in Selena's direction and applauded.

"I said a long time ago that you don't need to be nervous... Can you be a little promising, you are the one who will sweep all the awards in the future..." Louis hummed, and in the next second, Selena hugged him vigorously.

Before Louis could react, Selena had already let go of him, and hugged Guo Qisheng and the staff on the other side.

"Selena, she was selected as the Best Supporting Actress for "The World". She played Meng Changge in "The World".

Accompanied by the sound of the explanation, Selena accepted the congratulations from her friends around her, collected her mood, and then walked towards the stage.

Louis looked at the girl on the stage, feeling empty in his arms, but he was quite satisfied in his heart, heh heh, that's the CP in his play! He is also honored!

The host stepped back and left the stage to Selena.

At this moment, Daniel was sitting in the first row. Although he was far away from Selena just now, he could hardly see each other.

But when Selena stood on the stage, she was very close to him.

The man was applauding all the time, his eyes were always on her, his eyes were full of pride, even though this was just a supporting actress, it was as if she had done something amazing...

Chapter 1543

Selena took a deep breath, stood in front of the microphone, and began to give her acceptance speech, "'The World' is the first movie I starred in, and it has a very special meaning to me. Here, I would like to thank Golden Brown Movie Grand Prize, thanks to the judges for their affirmation, and also to my director, Mr. Guo Qisheng, for giving me the opportunity to play this role, and to my partner Louis..."

In this drama that Selena starred in, there are really very few people who can thank her. She was framed by Susie, terminated by the company, and isolated. It can be said that this was her most difficult time...

Louis's mouth was so happy when he heard his name, this girl still has a conscience! After all, he broke the principle of not acting unless he is a male lead, and made a huge sacrifice to play Sun Huanqing! Although the scandal that broke out at that time almost caused him to be hunted down by this girl...

"Finally, what I'm most grateful for in this movie..." Selena paused, looking towards the center of the first row of tables, "Thanks to my boss, Mr. Lu, it can be said that without him, there would be no me." Today, I thank him for the trust he placed in me..."

The camera's lens immediately focused on Saul's direction. After all, everyone knew that Selena was recruited by Saul from Empire Entertainment in person, and there was an uproar at that time.

Only Saul, who was maintaining a benevolent smile, knew clearly... Nima Selena, the Mr. Lu who thanked him affectionately was his brother after all, right?

"Acting is my dream, and it's also to be worthy of all the people who support me, trust me and love me. I will die for my confidant!" Selena concluded her acceptance speech with these words.

There was thunderous applause at the scene, and these words won the favor of many people. It can't be seen that this girl not only has online acting skills, but also has a high EQ.

Under the stage, Susie maintained a blessed smile and applauded with the crowd, looking at Selena who was making a big splash.

Dmn it...

Unexpectedly, she actually won the Best Supporting Actress award!

After winning the Golden Palm Award for Best Supporting Actress, no matter how badly she does in the future, she won't miss out on a role. Most importantly, this important award is for an actress like Selena who is always called a "vase". It is a very powerful counterattack.

Susie took a deep breath to calm down the displeasure in her heart.

It's just the best female supporting role, that's right, she deserves to be the female supporting role, and the female supporting role for a lifetime will always be just her supporting role!

Only she is the eternal protagonist...

The awards ceremony continues.

Next, "The World" won another Best Action Design Award, and other awards were released one after another. "Dashan", which received the most nominations, won a Best Original Screenplay Award. This award is well deserved.

Such a good book is very possible even in World War I, the four major international film festivals. It is obvious that Qi Feng also came with this ambition.

As for "Dream Seeker", after all, it is a small production, and the script is not original. If you don't have the money to hire first-class production staff, you will naturally miss out on things like "best photography", "best visual effects" and "best art design". It is an award that needs to burn money, so it only received two nominations for "Best Director" and "Best Actress".

The best actor was taken away by an old drama player who had been shortlisted six times, and then finally came the penultimate award, which is also one of the most important awards: Best Director Award.

Chapter 1544

This time, a total of five films including the directors of "Dashan", "The World" and "Dream Seeker" were shortlisted at the same time. The other two films were a science fiction film and an action film.

The shots of five directors, Qi Feng, Guo Qisheng, Shen Mian, Xie Yilei, and Qiao Yanzhi appeared on the big screen.

Not only these directors, but also the other leading actors are also very nervous, after all, it is a matter of both glory and humiliation.

Susie took a deep breath to relieve her worry, whether it was Guo Qisheng or Qi Feng, it would be fine, but absolutely... definitely not Shen Mian!

On Selena's left is Louis, second from left is Guo Qisheng, and on the right is Shen Mian.

Diagonally opposite Shen Mian was Qi Feng.

Qi Feng has won the most awards. He has been shortlisted in the four major film festivals of category A for many times. He has won the Grand Prize of the Lorraine Film Festival, one of the four major film festivals. Big guy, this time Susie will act in his movie with zero pay, and she has to cooperate with all his demands, and act ugly in various ways without bottom line.

Seeing too many such scenes, Qi Feng was naturally the calmest, and Guo Qisheng was still smiling and good-natured. He was always on the commercial route, so being nominated this time is already a good harvest.

As for Shen Mian's attitude... Shen Mian has talked to her before, and it is unlikely that he will win the award this time. Although his being shortlisted is enough to prove that there are many people who appreciate him in the judging panel, most of the Golden Palm Awards The judges are still academics who like literary films, and the subject matter of their film is difficult for the judges to like.

The award presenter this time was a famous foreign director, and he said in unproficient Chinese: "Next, I will announce the winner of this Best Director Award..."

Everyone stared with bated breath waiting for the result.

The reason why this award is so important is also because the best director is the vane of the best actress. In many cases, a film wins the best actress and best director at the same time.

"The winner of the best director award this time is...Guo Qisheng!"

Guo Qisheng's popularity in the circle was very good, there was enthusiastic applause at the scene, and they all congratulated Guo Qisheng.

Guo Qisheng seemed to be taken aback when he heard his name, then he stood up and thanked the people around him with his hands clasped.

It was unexpected and reasonable that Guo Qisheng would win the award this time. After all, the time and place are favorable, the book is good, the funds are sufficient, and the actors have online acting skills...

Susie's excitement was beyond words, she immediately got up and wanted to hug Guo Qisheng.

However, Guo Qisheng was the first to turn to Selena beside him, and hugged Selena.

Susie's expression suddenly turned ugly. He was not the first to hug her, the heroine, but what does it mean to celebrate with Selena, the female lead?

Fortunately, Selena sat closest to Guo Qisheng, so it made sense for Guo Qisheng to hug Selena first.

Then Guo Qisheng hugged Susie, Zhao Sizhou and other leading actors and the main creators one by one.

Shen Mian also congratulated Guo Qisheng with a smile, while Qi Feng in front couldn't see the expression on his face...

On stage, Guo Qisheng thanked everyone in a regular manner in his acceptance speech.

Just as he was about to step down, the host deliberately asked in order to brighten the atmosphere, "Director Guo, can you predict for us who will be the best heroine this time? It is worth mentioning that this time, Susie has two The

film has been shortlisted, do you think it is more likely to be "The World" or "The Mountain"?"

Chapter 1545

This question is really too difficult to answer, but every time the host likes to ask it, this time because of the special situation, he asked it especially tricky.

Is his "Tianxia" more likely, or Qi Feng's "Dashan" more likely?

How does this make him answer?

Guo Qisheng could only do Tai Chi with a smile, and brought this question to the past in a vague manner and changed the subject. .

...

After the best director award was over, there was only one last award left, the best actress, who was the most watched actress tonight!

It can be clearly seen that everyone who was a little tired from the lengthy awards ceremony immediately lifted their spirits.

"Thank you for the presenter, and congratulations to the winners! The presenters for the next paragraph are Jiang Xingzhou and Song Lin!"

Just hearing the names of the two award presenters is enough to make people's blood boil.

One is a highly respected international famous director, and the other is Song Lin, the Grand Slam record holder!

Jiang Xingzhou: "Good evening."

Jiang Xingzhou was dressed in a black suit, with an elegant appearance, and looked very kind and kind, but everyone who knew him and worked with him knew that when he was filming, his state would be completely different. He was so strict that some artists directly cooperated with him. It is not uncommon for people to go to see a psychiatrist.

But the artists who want to cooperate with him are still like the crucian carp in the river, because almost none of the films he shoots won awards. Of course, he chooses the roles so strictly, how many people can't pass the first hurdle in their lifetime.

Song Lin: "Good evening, everyone! Thank you to the organizer for inviting me to present this award..."

Song Lin is wearing a white evening dress, with a beautiful appearance and elegant temperament. At the age of 35, she has already collected the three highest best actress trophies in the Chinese film industry, including the Golden Palm Award, the Golden Luan Award, and the Golden Deer Award. A total of 12 trophies have been won in all major film awards in Asia. She is the youngest winner of a Grand Slam actress in the mainland. On the altar, one of the major representatives of the Hua Kingdom.

After the two briefly greeted each other and exchanged a few pleasantries, the clip began to play on the big screen.

Xu Jiaojiao's "Canoe".

Roach's "Alice's Mirror".

Susie's "The World".

"The World" selected the scene where the heroine Shangguan Yingrong, played by Susie, looked back and smiled at the heroine under the pear tree.

Next is Selena's "Dream Seeker".

When the opening scene of "Dream Seeker" appeared on the big screen, that is, the scene at the banquet where a man in a suit tilted his head and smiled softly at Shen Hanchen, there was a lot of exclamation from the seats, regardless of any other factors, It's a purely physiological response from them as spectators.

Then, finally came the last nominated work, and Susie's name appeared on the big screen again: Susie, "The Mountain".

The clip of "The Mountain" is in stark contrast to the extravagant and beautiful style of "Dream Seeker". The background is a simple and desolate loess high slope and a low earthen house. Susie is dressed like an authentic rural woman , she also spoke in an obscure dialect, and she almost couldn't recognize her at all. It can be seen that Susie really spent a lot of money to win the prize this time. If it was in the past, Susie would never be willing Playing such a role...

After the film ended, there was enthusiastic applause and encouragement from the audience.

Susie showed a thankful and modest smile towards the camera that was pointed at it.

Chapter 1546

Next to Guo Qisheng, a colleague in the circle couldn't help muttering, "Recently, the development of Taizhou's film industry has become more and more unsightly. After choosing and choosing, Luo Qi was chosen. This is obviously to accompany him. Xu Jiaojiao The department is a bit interesting...

Your "The World", even though Susie performed super-level, but with Selena's Meng Changge on display, it seems a bit unsatisfactory...

Just watching "Dream Seeker" and "Dashan", Susie really worked hard this time, not hesitate to destroy her image, and obviously "Dashan" is more to the taste of the judges, right? Lao Guo, what do you think? "

Guo Qisheng chuckled, "It doesn't matter what I think, what matters is what the judges think!"

The people around were not happy when they heard it, "Hey, it's fine if you play haha with the host, why don't you tell me the truth?"

Guo Qisheng showed a helpless look, and then he could only say, "This award is for Best Actress."

"Huh? What does that mean?"

Without waiting for the person next to him to think about what Guo Qisheng meant...

On the stage, the two award presenters were ready to announce the final list of winners.

After Jiang Xingzhou and Song Lin made room for each other, Song Lin finally handed over the envelope to Jiang Xingzhou and asked Jiang Xingzhou to announce the name.

So, Jiang Xingzhou opened the envelope and said slowly into the microphone, "Then, let me announce the name..."

Accompanied by the rapid drumbeat of "dong dong dong", the hearts of everyone in the audience rose to their throats, and the camera scanned the guests one by one, Guo Qisheng, Qi Feng, Shen Mian, Roman, Saul, Daniel ...

Finally, the faces of the four nominees were frozen on the big screen.

Everyone was waiting with bated breath for the final result, except for the nominees and guests sitting at the scene, as well as all the audience watching the live broadcast in front of the TV.

Gong Shangze, Qiao Weilan, Han Momo, Zhuang Jia's family, Ning Tianxin, Annie, Tang Nuo... are also standing in front of the TV at this moment.

"The 53rd Palme d'Or, the winner of Best Actress is...Ning..."

The moment they heard the syllable of the word "Ning", Luo Qi and Xu Jiaojiao's complexions on the big screen visibly dimmed. In contrast, Susie's eyes suddenly lit up. And some staff couldn't hide their emotions even more, and some people even stood up slightly and prepared to hug and congratulate...

"Selena!!!"

In the next second, Jiang Xingzhou's voice resounded throughout the hall, and the name lingered in everyone's ears: Selena!

After the scene was silent for about a second, the crew of "Dream Seeker" let out an exclamation of excitement. Ji Yumeng jumped from behind and jumped on Selena, "Karen! Congratulations!"

Only then did Selena come back to her senses, and hugged the congratulators one by one.

At the same time, there was thunderous congratulatory applause.

"Selena, by playing both Ji Feixue and Ji Feibai in "Dream Seeker", as well as gender reversal, has shown us her superb acting skills and rich characters' hearts...Welcome our actress this year to come on stage! "The host said excitedly.

I don't know if the cameraman did it on purpose, but the camera flashed across Susie's body. Susie's ugly expression almost didn't have time to recover. When she saw her face appear on the big screen, she immediately cheered Palm clapping, showing a gesture of generous blessing, but that look is a bit far-fetched no matter how you look at it.

Chapter 1547

As for Qi Feng, the director of "Dashan", after seeing this result, his face showed a look similar to "it really is".

The best actress, the final fight, of course, is the heroine's acting skills.

No matter how good the book of "The Mountain" was, and how well the subject matter suited the judges' wishes, it couldn't change the fact that Susie's acting skills couldn't impress the judges.

The Best Screenplay Award they won was actually the greatest irony to them. He failed such a good script...

With the development of the times, the market for literary and artistic films is getting more and more bleak. Even for directors like them, there are many late festivals that cannot be guaranteed.

Even he couldn't be exempt. Although he still insisted on making a good script, he knew that Susie's acting skills couldn't support the show, so he finally succumbed to her background popularity, not to mention that she not only invested a lot of money, but also starred in it with zero pay. , such a condition is too difficult to refuse.

And Shen Mian was able to go upstream in such a big environment and use newcomers to make a movie like "Dream Seeker". He admired it in terms of courage alone.

Of course, he was more envious, envious that he met an actor like Selena.

It can be said that without Selena, the film "Dream Seeker" would not have existed, and even if it existed, it would definitely be lost to everyone.

After all, actors are the soul of a movie.

on stage.

Selena stepped onto the podium for the second time tonight, bent down to take the Palme d'Or trophy from Song Lin, and then stood in front of the microphone, becoming everyone present, everyone in front of the TV at the moment The center of attention.

Until she got the trophy and stood on this stage, Selena was still a little dazed. From the darkness where she couldn't see a ray of light five years ago, she finally stood on this stage and won the trophy of Best Actress. Senior Song Lin, the target, presented her with an award in person...

She finally crawled out of hell and got a new life.

It's all like a dream, floating on soft clouds, but it doesn't feel real.

Selena stood there, keeping quiet the whole time without speaking, but no one in the audience urged her, and they all quietly looked at the girl on the stage.

Compared with her dazzling aura when she was walking on the red carpet, the girl has settled down at this moment, so quiet and beautiful that it is unbearable to disturb.

An old house of the Republic of China in the imperial capital.

The white-haired man sat in front of the huge screen, tilted his head and looked at the girl standing on the podium in the screen, "Is she leaving for this kind of thing?"

Kevin's voice came from the side: "Everyone has something they insist on and yearn for. Maybe these are worthless in the eyes of others, but they mean life to them."

The man frowned slightly, his eyes still fixed on the girl. He really didn't understand before, but when he saw the girl's expression for a moment when she took the trophy, he seemed to... suddenly understood...

On the podium, after a brief silence, the girl raised her moist eyes and said slowly, "I am very excited and honored to receive this award, and what is even happier is that my idol gave me this award !"

Speaking of this, there was a burst of laughter from the audience, and Song Lin was also smiling all over her face. The girl's attitude was excited and sincere, and it didn't make people feel that she was deliberately flattering, but was infected by her frankness.

Chapter 1548

"Being able to receive this award, I would like to thank more people, thank the crew, thank the director, thank my agent, and all the fans who supported me, thank you for helping me when I was most desperate and dark when I wanted to give up everything people.

If Meng Changge is the voyage of my dream, then Ji Feibai is the first stop I successfully arrived at, and there is still a long way to go in the future. I will not forget the original intention, always, always continue to go on with my heart! "

Having said that, Selena paused for a moment, her gaze fell on somewhere below the stage, and then she continued, "For my ultimate dream, and for the person I love the most!"

After the words fell, the audience applauded thunderously.

In the song "Stubborn", the Palme d'Or awards ceremony officially ended.

"When I'm different from the world, make me different

I am my own god where I live

Me and my proud stubbornness, I sing loudly in the wind

Crazy for myself this time

Yes, people who love me don't be nervous, my stubbornness is kind

You don't care about my past, see my wings

You said that only after being burned by fire can a phoenix appear

The direction against the wind is more suitable for flying

..."

...

At this moment, the gate of the awards ceremony was already crowded with reporters.

As soon as someone came out, they were immediately surrounded by airtight.

"Director Feng, this time "Dashan" received eight nominations, but in the end it only won one best screenplay award. Do you have anything to say about this?"

"Director Feng, do you feel sorry for missing the best director award!"

Qi Feng walked forward without saying a word, as if he didn't intend to answer the reporter's question.

Of course, the reporter couldn't let him go, "Director Feng, what do you think of the winner of the Best Actress this time?"

"Director Feng, don't go!"

"Director Feng, say a few words!"

...

Surrounded by a group of people, Qi Feng suddenly stopped, looked at the reporters quietly, and then said, "You deserve it."

All the reporters were stunned for a moment, and then suddenly realized that the scene was in an uproar.

Qi Feng actually said that Selena "deserves her name"?

Obviously, they didn't expect that Selena would get such a high evaluation from the rival director. At the same time, everyone lamented that Director Feng was worthy of everyone's demeanor, and that he could say such things under such circumstances.

As soon as Susie came out, she heard Qi Feng say those four words, and her face turned blue.

Before she could recover, the reporters huffed up like hungry wolves when they saw her, and quickly wrapped her up tightly.

Of course, it's not because she's in the spotlight tonight, but because...it's too embarrassing!

This time Susie was clearly the favorite to win the award, but in the end she didn't get any. It really surprised everyone. This was a shame. Just now, even her own director affirmed that Selena's acting skills are better than hers.

What is the concept of "Dashan" being nominated for eight awards but only winning one award for best screenplay?

"The World" was nominated for four awards, and won Best Action Award, Best Director Award, and Best Supporting Actress. Only one Best Actress was not selected, so what does it mean?

Even a blind person who doesn't know how to do it can see it...

"Susie, this time you have the highest probability of winning the award, but in the end, you were not selected, and just now the director of Caifeng said that Selena deserves the name, can you tell me your thoughts?"

"The Mountain" only received one nomination for best screenplay, does it mean that you failed to perform the essence of this play?"

"As we all know, you acted in this drama for transformation. This transformation failed. Do you have any plans for the future?"

...

Chapter 1549

The reporter's questions became more and more hot, and finally someone even asked her "how does it feel to be defeated by the former junior sister of the same company"...

Even Susie's manager, Janice, was not spared, and was asked many questions that almost made her want to die.

After all, Selena, the actress, was single-handedly driven away by her.

"Miss Chang, when you and your company terminated the contract with Selena, did you ever think that Selena would have such potential?"

"Miss Chang, have you ever regretted your original decision?"

...

"Everyone step aside, please step aside, thank you for your concern for our Susie, I will arrange a group interview for you later, and focus on answering your questions!" Janice and Roman protected Susie together and tried to break out of the encirclement. .

"Mr. Su, what do you want to say about Ms. Ning's loss of the golden brown shadow?" The reporter began to point the contradiction at Roman again.

Under the reporters' push and push, Roman frowned slightly, and then said, "Susie will always be the best heroine in my mind."

Hearing Roman's words, Susie could hardly see the extreme expression on her face, so it got better.

At this moment, there was a sudden burst of exclamation and screams from the crowd.

It was tonight's actress Selena who came out.

As soon as Selena appeared, all the reporters who surrounded Susie just now disappeared completely, and even Roman's eyes followed her past unconsciously.

"Selena, congratulations on winning Best Supporting Actress and Best Actress! You have won two trophies! As the biggest winner tonight, can you tell us about your mood at the moment?"

"In such a short period of time, she has surpassed her predecessors who have been in the industry for many years. Queen Ning is indeed born for the entertainment industry!"

"I don't know what work arrangement Ningyinghou will have next. I heard that director Jiang Xingzhou has offered you an olive branch. Is this true?"

...

Queen Ning... Queen Ning...

The Yingying Queen Ning who kept saying that should belong to her, but now she became Selena!

It's Selena! Why was it Selena!

She had prepared for so long, and even made such a big sacrifice, not to hesitate to play that kind of dirty and lowly role... At the same time, two films were shortlisted, and in the end, Selena won the actress. How can she continue to entertain in the future? circle foothold?

Since ancient times, people have stepped on the high and held the low, but at this moment, there are still whispers from other artists in my ears...

"Hehe, back then Susie said that an actor should speak with strength! Tsk tsk, that's true! This actor should indeed speak with strength! She must have nothing to say now, right?"

"Looking and acting skills are not as good as Selena's in everything, I don't know where her sense of superiority comes from every day... Even men... Tsk tsk, with Selena's conditions, it is not difficult to find someone who is richer and more powerful than Roman, right? "

...

Hearing these harsh words, Susie felt like a fire was burning in her body.

Shut up shut up shut up!

She is the distinguished eldest daughter of the Ning family, and Selena is just a lowly bumpkin, how can she compare to her!

Thinking that in the future, in the entertainment industry, as long as she was in front of Selena, she would be inferior to her, and would be accused of being the loser, the jealousy was so strong that it was about to swallow her up.

no! She will never allow it!

That country pheasant, that lowly adopted daughter...why is she! Why dare to ride on her head!

Because of the extreme anger, Susie's whole body was trembling. While Roman was driving, she immediately gave Janice a sinister look to hint her to act.

Chapter 1550

Janice immediately understood Susie's meaning, and hesitated a little, "You really want to do this?"

Janice knew that Selena came from a lowly family background and that she was the adopted daughter of the Ning family, but now that this matter was about to be exposed, she always felt a little uneasy for some reason...

"Didn't Chairman Ning explain that the relationship between Selena and the Ning family cannot be disclosed to outsiders?" Janice hesitated.

"When will it be your turn to comment on my work! Do whatever I tell you to do! Hurry up and do it!" Susie was already on the verge of breaking out, so she couldn't listen to anything.

She didn't want to watch the picture of Selena showing off her power in front of her, not for a second, she wanted her to be spurned and ridiculed by everyone!

Anyway, because of that b!tch Ning Qiutong, the Ning family had two daughters, one biological and one adopted daughter. At that time, in order to

clarify, Ning Yaohua and Zhuang Lingyu were forced to stand up and disclose. She issued a statement, claiming that she was the eldest lady of the Ning family, and explained that the other one was just an orphan adopted by the Ning family from the countryside, and not the wrong child as rumored.

At that time, many media wanted to find out who the adopted daughter was, but Ning Yaohua suppressed them all.

However, since there are cracks in the matter, it is estimated that it will be exposed sooner or later, and the media may even continue to dig...

Therefore, she might as well seize the opportunity and expose this matter by herself today.

It's fine if this adopted daughter is someone else, but what if it's Selena, who is also in the entertainment circle and is the opposite of her!

So what will the media and the general public think?

They would think that Selena, an orphan from the countryside, was kindly adopted by the Ning family, and they didn't know how to be grateful, and they even tried to pretend to be the daughter of a thousand gold lady...

The most important thing is that once the identity of Selena's adopted daughter is confirmed, Selena will always be in debt to the Ning family for her upbringing, which means she is in debt to her. She will even be like a servant girl in front of her, and Selena will always be inferior to her. On the one hand, all the previous conflicts and suspicions with her can also be attributed to jealousy, ignorance, and ungratefulness...

She believed that Ning Yaohua, Zhuang Lingyu, everyone including the Su family would stand by her side and prove that she was the real Miss Ning family.

It just so happened that today she was going to take this opportunity to take the bottom line, completely eliminate her worries, and forever, truly become the eldest lady of the Ning family, replacing Selena's position, so that no one will question this in the future!

Seeing that Susie's attitude was very firm, Janice had no choice but to find a corner where no one was around, and secretly dialed a few calls to the reporter who had been arranged earlier.

Originally thought that Susie's award this time was a sure thing, but after all, it was not 100% possible. The Palme d'Or was indeed unpredictable, so in order to avoid the unexpected occurrence that they least wanted to see, that is, when Selena won the award In this case, Susie has prepared this set of plans...

After much deliberation, Janice felt that the exposure of this matter would indeed be beneficial to Susie, and could turn the situation around to a large extent, so she gradually felt at ease, and watched the development of the situation in the dark.

At this moment, a tall reporter suddenly rushed up to Selena and asked loudly, "Ning Yinghou, you and Susie both have the surname Ning, is there any relationship? There are rumors that you are from the Ning family adopted daughter, is this true?"
