

Cruel Heart Lover Novel

Chapter 1551

What?

Selena is the adopted daughter of the Ning family.

In an instant, a stone stirred up a thousand waves.

However, the most exciting thing is yet to come...

The reporter continued to speak like a cannonball, "You were originally a humble and vulgar orphan girl in the countryside. The Ning family took you in because of your pity, and sent you to study abroad. However, the first thing you did after returning home was to enter the country. In the entertainment industry, they always oppose Susie, steal her limelight everywhere, and even unite with the tribe to create a drama about having the wrong child in an attempt to occupy the magpie's nest and seize the Ning's family property, so ungrateful, despicable and shameless, they are simply unworthy of being human..."

Silence, dead silence.

No one expected that Selena would cause such a shocking scandal when she won the Best Actress Award.

If this is the case, Selena's inspirational image has completely become a villain's success.

Many reporters present recalled the statement issued by the Ning family some time ago. Regarding the adopted daughter of one of the parties involved, they couldn't find out who it was.

Never expected that that person was actually Selena!

"Miss Ning, is what he said true? Are you really the adopted daughter of the Ning family!?"

"It is said that you defrauded Mr. Ning of 10% of the shares with your rhetoric. Is this true?"

"You keep thanking those who helped you when you were in the most difficult time. Is that how you repay now?"

...

Faced with reprimands that were more severe and contemptuous, Selena's expression was extremely calm from beginning to end. She looked past the reporters who surrounded her and quietly looked at Susie who was not far away.

Susie looked at her with a smile on the corner of her mouth, and said with her mouth: I said earlier, all of this is mine.

The reason why Susie dared to turn right and wrong and turn black and white was because she knew that everyone would stand by her side, because she knew that even if everything was a lie, she would not be able to argue with it.

At this time, Roman came back, and seeing the scene in front of him, his expression changed immediately, "What's going on? How do these reporters know about those things?"

Susie shook her head anxiously, "I don't know, it seems that the reporters found out about my sister's relationship with the Ning family..."

Last time, because my aunt Qitong and my sister said those things at the reception, it had a great impact on me, and my parents had to make a public statement. At that time, the reporter was already investigating. I can't hide it...

It's just that I didn't expect...it would explode at such a time...Roman, what should we do now? "

Susie began to cry while talking, and grabbed Roman's cuff and said sadly, "Roman, I can't see my sister being misunderstood like this, should I tell the truth to the reporters? Say I'm the adopted daughter, say Selena is my parents' biological..."

Roman's face was extremely ugly, and he blurted out to stop him: "No!"

When Susie heard the words, an expected smug look secretly flashed across the corner of her eyes.

She knew that Roman would stand by her side.

She is his wife now, and she is both honored and humiliated. If she loses face, it will be a shame for him and the entire Su family.

He knows exactly who to protect.

At the same time, Lin Zhizhi frowned, and while protecting Selena, she showed a hesitant look, "The other party really came prepared! Are you sure she can do it alone? Do you want someone to help her?"

Selena looked away from the direction of Ning Luoxue and Roman, and said lightly, "No, just let her in."

"Okay." Ling Zhizhi responded immediately.

Chapter 1552

Because such a big incident happened suddenly, Susie, who was one of the parties involved, was soon surrounded by reporters.

"Susie, is Selena really the adopted daughter of the Ning family?"

"Miss Ning, Selena has done so many unreasonable things to you! Why do you want to shield such a despicable, shameless and ungrateful villain!"

...

Facing the reporters' quarrels and inquiries, Susie's face was full of grievances, "No...it's not...it's not what you think...I believe there must be some misunderstanding...I really don't know Why did my sister do this..."

These words seemed to be excuses for Selena, but in fact, they completely affirmed what the reporters said.

Sure enough, as soon as Susie finished speaking, the audience was in an uproar.

Susie did not deny it!

Selena is really the adopted daughter of the Ning family!

Selena really did those nasty things!

God!

I thought it was an inspirational goddess, but I didn't expect it to be a lowly and humble villain.

But the pure and kind Susie has endured until now.

When the crowd was excited, there was a sudden foul smell, and everyone couldn't help covering their noses.

At this moment, someone suddenly pushed the group of reporters away vigorously and rudely, because the person didn't know what he was carrying, and it was so smelly, everyone moved away one after another, allowing her to squeeze all the way in front of Susie ...

"I'm going! What is it! It stinks!"

"Don't squeeze, don't squeeze! Who is so unqualified!"

"Who is this, where did he come from?"

...

Everyone was complaining, when they saw an old lady with strong feet walking all the way to Susie carrying a big black wooden bucket.

In the next second, there was a crash, and the old lady poured the wooden bucket vigorously, pouring all the filth inside onto Susie.

In an instant, the stench was so strong that everyone almost fainted from the ugliness.

"Ah..." Susie was stunned for a second, and then let out an earth-shattering scream.

The others were also stunned when they realized it. They didn't expect an old lady to appear out of nowhere and splash Susie's feces all over her body.

Before everyone could figure out what was going on, the old lady yelled louder than Susie's scream, "Ouch! I can't survive! I'm going to be forced to die! Our family People will be driven to death by this little ba5tard!"

This... is big news!

Everyone's first reaction was to raise their cameras instead of helping Selena.

But they can't be blamed, even Janice and Roman were dumbfounded, and they didn't dare to touch Susie, who was covered in filth at the moment, only Susie was jumping around like crazy, "Come on!" Come! Come! Come!"

The helpless voice was completely drowned out by the old lady, "Don't be fooled by this little ba5tard! She is not a rich lady at all, she is a lowly girl from our valley, she is my old lady's granddaughter, and she is in the hospital. I entered the rich man's house by mistake!

She forgot Ben when she entered the door of a rich family. Not only did she ignore us, she was afraid that we would reveal her identity, and even drove our family to death!

The family was cornered by hooligans, my grandson God begged her, she asked the servants to drive out my good grandson and her own brother as a beggar!

Afraid of being found out that she is a little b!tch, she changed her own brother's wish to prevent him from going to the imperial capital to go to university..."

"Shut up! Shut up! Shut up..." Susie was terrified and rushed over like crazy.

But before Susie could get close, the old lady fell to the ground with a thud, "Oh, I killed someone...killed...help..."

Chapter 1553

Susie had never met such a shameless person before, she backed away in fright, "No! I never met her!"

The old lady was still alive and well just now, but now she was lying on the ground dying and crying, "She just wants to force our family to death so that no one will know about her scandals! What crime did our Tang family do?" Yo, such a vicious woman came out..."

Susie was so angry that she was about to faint, "No...it's not like that! Don't believe her! I don't know what she's talking about, and I don't know her at all!"

"You have turned from a pheasant into a phoenix. You have never been back, so naturally you don't recognize my old woman, but my old woman recognizes you even if she has never seen you. You are from our Tang family!" The old lady's eyes flashed. There was a gleam of light, and the tone was extremely firm.

Janice finally came to her senses at this moment, she pinched her nose and rushed over, shouting, "Security! Security! How the hell did you manage to let this kind of person in here!"

When Janice said this, she stared straight in Selena's direction, "Selena! Don't go too far! Do you think you can send an old lady of unknown origin to turn right and wrong? I don't know until now. Sorry, you are so shameless!"

Janice had always thought that Susie was the eldest daughter of the Ning family and Selena was the adopted daughter, so at this moment she thought that Selena must have messed things up on purpose.

When everyone heard this, they all suddenly realized and looked in Selena's direction.

"That's right, how could it be such a coincidence that as soon as it was revealed that Selena was an adopted daughter, an old country lady who claimed to be Susie's own grandmother came out and said that Susie was wronged!"

"Don't Selena arrange it on purpose!"

"I think it's possible..."

...

Seeing that the situation had eased, Susie immediately beamed with joy, revealing a look of madness.

Haha... Selena... You are simply too naive to think that relying on the Tang family's bumpkins can kill me!

However, Susie's complacency hadn't had time to unfold, but the next second her face turned pale.

"Mom, what are you doing! Why did you come here! Mom, get up! Get up!"

It was Sun Lan who came.

Everyone saw a middle-aged woman with a sallow complexion rushing over, calling the vexatious old lady "Mom" while anxiously trying to help her up.

What shocked everyone at the scene was that, apart from her poor skin, this middle-aged woman's facial features were carved out of the same mold as Susie's!

Seeing Sun Lan, the old lady immediately slapped her and said, "I won't come! Why can't I come! If I don't come again, Xiao Nuo's future, our family will be killed by this ba5tard you gave birth to!"

Do you think that girl Xi can sit back and relax after helping Xiao Nuo this time? When Xiao Nuo comes to the imperial capital, to this little b!tch's territory, she still doesn't know how to harm Xiao Nuo, you idiot!

Okay, you don't care, you don't care! Then I'll take care of it! I absolutely can't just watch our Tang family be destroyed in the hands of this little b!tch! "

The reporters at the scene looked at each other in blank dismay.

"What... what's going on? Do you think this woman looks like Susie?"

"What does it look like? It's almost carved out of the same mold!"

"I'll go! Could it be that this woman... is really Susie's biological mother?"

...

Susie looked at Sun Lan's face, listened to the surrounding discussions, shook her head in panic and stepped back step by step, as if seeing something extremely terrifying, "No... no... she's not... she's not My mother...not...I am Miss Ning Family...I am Zhuang Lingyu's daughter..."

She thought she was in control of everything, but she forgot that blood is something that can never be erased, even if a paternity test can be faked, so what about this face?

Her face, which was exactly the same as Sun Lan's, completely exposed all her lies to the sun...

Chapter 1554

Not only the onlookers and other entertainers, but even Janice was stunned, staring blankly at the country woman speechless.

This... what's going on here?

"Oh my god! Is it true or not? Susie is not a rich lady at all, her biological mother and grandma are actually this kind of people?"

"Then why have the members of the Ning family insisted that Susie is their own for so many years?"

...

Things became more and more confusing. After a short period of confusion, the reporters all rushed in Selena's direction again...

"Miss Ning! Miss Ning! What's going on, can you explain to us?"

"Selena, do you know these two people?"

"Selena, what is your relationship with these two people?"

...

The old lady pushed Sun Lan away, rushed to Selena again, and began to cry without saying a word, "Xi girl...Xi girl...they don't believe what the old lady says, tell them quickly, this girl is a You ba5tard, I didn't say a word of nonsense! If I said a word of nonsense, I would be blasted to death by a thunderbolt!

I know that during the eighteen years you were in our Tang family, my old woman disliked you for being a girl, and often beat you and scolded you for treating you badly... You just thought it was because of Xiao Nuo... Xiao Nuo always regarded you as her own sister treat!

Although that kid kept it from me, how could I not know that he secretly saved meat and hid delicious food for your sister...

Do you still remember a time when you were a child, your family was so poor that you couldn't get rid of it, and I had no choice but to throw you into a mass grave... How would I know... Not long after I threw you away... Xiao Nuo initiated I have a high fever and haven't been feeling well... I kept calling my sister... I had no choice but to bring you back... Your life was saved by Xiao Nuo...

Even if our Tang family is sorry for you, it is that little ba5tard who is sorry for you. It is because she is greedy for glory and wealth, and is because of her domineering parents who do not let go..."

The old lady revealed more and more information, and everyone listened attentively.

At the same time, Sun Lan, who was surrounded by reporters, was completely out of control. She could only defend Susie out of instinct, and kept waving her hands in denial, "Don't ask me! Don't ask me again! No... No...I'm not...I'm

not her mother...I don't know who she is...I don't know her...She's not my daughter...She's Miss Ning...Selena...Selena She is my daughter... yes... Selena is my daughter..."

If Sun Lan insisted that Susie was her daughter, people might still be suspicious, but at this moment, Sun Lan's protective attitude towards Susie made all the reporters more sure that she was Susie's biological mother. Surprising fact.

Heh, Selena is your daughter?

Doesn't she look in the mirror to see what she looks like? Can Selena have a face like this?

Facing the swarm of reporters and questions, Selena only said one sentence from beginning to end: "In the past 18 years, I have indeed lived in the Tang family. As for me and the Ning family, whether it is in the past, present or in the future, there is no relationship. anything."

I don't know what's going on, the incident here is so big, Susie called like crazy, trying to find someone to stop it all, but no security guard came over for a long time.

It wasn't until Selena finished speaking that someone finally came to evacuate the crowd. Shi Xiao took a few bodyguards to protect Selena and left.

Chapter 1555

A turmoil finally subsides.

But, for some, it's just the calm before the storm.

In a luxury car.

Janice was enduring the stench and wiping Susie's hair with a towel.

And Roman had already been called home in a hurry by a phone call just now.

At this moment, Susie's body was covered in filth, her hair was wet, her eyes were scarlet, her whole body was trembling, and her expression on her face was so hideous.

Janice didn't dare to provoke her at this time, but her phone was already ringing, and even the boss personally called to ask about it.

So Janice could only bite the bullet and ask, "Susie, the impact of this matter is too great. I must publicize immediately and explain everything clearly, otherwise the consequences will be disastrous! But, before I do public relations, I must first let me know one thing with you, what the old lady and the woman said...is it true?"

With a clear "slap", Susie slapped Janice's face, "Shut up! You idiot! How could it be true!"

Janice clutched her burning and painful cheeks. Although Susie kept denying it, she had been by Susie's side for so many years. From Susie's panic-stricken reaction and the frightened look in her eyes, she knew clearly that all of this might have happened. It's all true.

The young lady who always thought she was more noble than others, Susie who always claimed to call Selena a country bumpkin... turned out to be that pheasant!

That ungrateful, despicable and shameless person is Susie herself!

How did she manage to put this crime on Selena's head without changing her face, and how did she confuse the Ning family to give up their own daughter to protect her?

How deep is this woman's scheming...

Thinking of this, Janice shuddered.

Susie snapped, "Go! Go and send me a statement! Just say that all of this is fake! That dead old woman is fake! That b!tch is fake! It's all because Selena's partner and those people are slandering me !"

Janice was full of embarrassment, "Now it's people from the Tang family who come out to say this in person. Those reporters will follow the clues of the Tang family like locusts to investigate. There are too many loopholes. Sooner or later, the paper will not be able to cover the fire! What's more... ..not to mention...and...and the looks of you and that person...

"Have you said enough!!!" Susie slapped her again.

Janice fell silent for a moment.

...

In just one night, what happened last night has caused a lot of trouble in the city, and everyone in the world knows about it.

Even though the Su family and the Ning family used their connections to try to suppress this matter at the same time, they still failed to save half of it.

The headlines of almost all newspapers and magazines were about the events of last night, and they were all photos of Susie and Sun Lan together in a large size.

The media found out that Selena had indeed lived in the Tang family for eighteen years as the daughter of the Tang family. When she was eighteen, she suddenly left home. The neighbors all thought she had gone out to work.

Originally, it was useless to find out these things, but last night Susie admitted that Selena was the adopted daughter of the Ning family.

Ning Yaohua had said in his statement that his adopted daughter was an orphan, that's why he adopted her.

Why did Ning Yaohua deceive the public, why did he adopt an eighteen-year-old girl who was not an orphan, and even changed her surname to Ning...

Why did Selena's mother not look like Selena, but she was carved out of the same mold as Susie?

Indeed, as Janice said, there were too many flaws, and she couldn't justify herself, so no matter how much Susie denied it, it was nothing but sophistry in the eyes of others.

Overnight, Susie's painstakingly created "white rich beauty", "rich family daughter" and "life winner" persona collapsed...

Chapter 1556

"Holding the wrong daughter" is a dog-blood stalk that the public loves to hear, and the targets are two popular female artists in the entertainment industry, Empire and Shengshi's leading actresses, and Selena is a new actress.

Such a terrifying level of national attention cannot be suppressed by the forces of the Su family and the Ning family.

In a short period of time, the media almost covered all the news and interviewers around Susie.

Everyone wants to make a big news blog headline!

One of them caused quite a stir. A certain media broke the news about the interview video of Ning Yaohua's younger brother Ning Yaobang.

In the video, Ning Yaohua was drunk and was being stopped by a reporter to ask questions.

Reporter: "Mr. Ning, have you heard any recent rumors about your niece?"

Ning Yaohua: "This... of course!"

Reporter: "What is the truth? Can Mr. Ning reveal it to us?"

Ning Yaohua: "Hahahaha... the truth? Isn't the truth that my idiot brother's family put away their own daughter and regarded a pheasant as a treasure..."

Reporter: "Then why did your brother do this?"

Ever since Susie married Roman, Ning Yaohua's life in the company has become more and more difficult, but her daughter Ning Tianxin has been unable to find anyone, and she is in a bad mood recently, so she said with a gloomy expression: "That little b!tch... ..There are so many tricks! How could Selena be able to outplay her... She has the ability to coax Ning Yaohua into giving her 15% of the shares..."

...

Ning family.

"Ning Yaobang! Look at what you've done!" Ning Yaohua had just finished watching the video on the computer and called Ning Yaobang over. At this moment, he was slapping the table hard and furious.

After all, it is the words of the country women, and the outsiders will not believe everyone, but how is it now, Ning Yaobang, his own brother, actually said such words in front of the reporter, and now it is really true. No matter how you wash it, you can't clean it!

Ning Yaobang had an expression of a dead pig not afraid of boiling water, crossed his legs, and said mockingly, "If you have the ability, you can get angry with your precious daughter! Why are you angry with me? I didn't cause these scandals! I Didn't you just casually say a few big truths? The one who

spilled dung is your good daughter's own grandma, and the one who put on that face in front of the camera is afraid that others will not know that she is a pheasant is your good daughter's mother!!!"

"Shut up! Get out of here!"

Ning Yaobang patted his buttocks and stood up, "Yes, I'm going to go... I'll wait to see what happens when you hand over the company to this wild girl from the country bumpkin!"

Not long after Ning Yaobang left, there was a knock on the door.

"Come in!"

"Dad..." Susie pushed open the door and stood timidly at the door.

Seeing Susie, Ning Yaohua's expression was a bit complicated, "Come on, sit down."

Susie did not sit down, but knelt down in front of Ning Yaohua's desk with a plop.

"Susie! What are you doing?" Ning Yaobang immediately stood up.

"Dad, I'm sorry to you and Mom, I'm sorry to the Ning family...it's all my fault...I'm the one who got you both..." Susie's body trembled violently, "I'm willing to take all the responsibilities!"

"What do you want to do?" Ning Yaohua frowned.

"The reason this matter has received so much attention and influence is simply because I am from the entertainment industry... The only way now is... I quit the entertainment industry..." Susie's face was pale and painful, with a look of resignation, and doing it looked like a huge sacrifice.

However, in fact, this time her image collapsed to an irreparable point, even if she continued to stay in the entertainment industry, she would not be able to get along.

Chapter 1557

"I will send an announcement to quit the entertainment circle... permanently quit the entertainment circle...so that no one will chase this matter anymore! Otherwise, as long as I am still in the entertainment circle for a day, this matter will keep repeating Someone took it out!"

At this time, Zhuang Lingyu's voice came from behind: "Susie, what are you talking about? Acting is not your favorite thing to do, is it your dream?"

In fact, this matter is not as serious as you think, so what if everyone knows that you are not our own? You are still the eldest lady of the Ning family!

As for those pretentious rumors outside, and those ba5tard things your second uncle said... There is no basis and no basis, don't worry about it at all, no one will remember it after a long time! "

Susie naturally knew that this matter seemed very serious, but compared to the "death penalty" for artists such as "drug abuse", "derailment" and "political involvement", her matter was at best a personal matter and would be Her image has had an impact, but it hasn't reached the point where she's banned.

The reason why she entered the entertainment industry back then was because she knew that Selena liked acting, so she just wanted to get something she couldn't get.

Now, if she continues to stay in the entertainment industry, it's fine, but from now on, she will have the reputation of being a dove and a magpie's nest, and from now on, wherever she goes in the entertainment industry, she will bow to Selena. .

How could she endure this kind of humiliation, how could she just watch Selena show off her might in front of her?

Therefore, it is better to retreat and quit the entertainment industry now!

Susie still knelt there with a resolute look, "Dad, Mom, I've already made my decision! As long as I can minimize the impact on the family, I can do whatever I want!"

Zhuang Lingyu leaned over to hug her daughter with a distressed face, "Susie, you have suffered..."

Ning Yaohua sighed helplessly, "Susie, I really wronged you this time!"

Zhuang Lingyu's face was full of anger, "How could that old lady have the ability to come all the way from the countryside to such a place by herself! There is obviously someone playing tricks behind this scene! She deliberately chose such an occasion to make such a big fuss !"

Ning Yaohua's face was ugly, "That girl Selena really went too far this time!"

"Does she think that by doing this, we can force us to admit her? It's a dream! I only hate why Susie was not born in my stomach! Susie has suffered so much for nothing!" Zhuang Ling Yu sternly said.

Seeing Zhuang Lingyu and Ning Yaohua's protection, Susie's eyes flashed a glimmer of pride, and she said gratefully, "Dad, Mom... I'm not wronged! Really! In fact, it's like this That's good, so I can concentrate on helping my parents manage the company, history is in a critical period recently, and there are a lot of things to do..."

"Susie, it's okay if you think so, everything will pass, mom and dad will always stand by your side..."

Zhuang Lingyu and Ning Yaohua comforted Susie again for a long time.

After Susie walked out of the study, only Zhuang Lingyu and Ning Yaohua were left in the study.

Ning Yaohua was overwhelmed by this incident, and his expression was a little bad. He was staring at a newspaper on the table in a daze.

The newspaper used the entire page to publish photos of Susie and Sun Lan.

The two faces so similar always pricked his nerves, reminding him that the girl in front of him is not his own flesh and blood of Ning Yaohua.

No matter how good it is... after all, it's not your own...

It would be great if he could have a son...

As far as he knew, the second child hadn't given up on having a son until now, and was looking for young girls to mess around with.

It's a pity that he really can't afford to offend the dealer!

Therefore, even if she wanted a son, she could only have it with Zhuang Lingyu.

In fact, it is not impossible to have another child with Zhuang Lingyu...

Chapter 1558

In fact, it is not impossible to have another child with Zhuang Lingyu...

Because Zhuang Lingyu gave birth to her first child in a small village with poor conditions, her uterus was accidentally infected during the delivery process. Although she was cured later, she still lost her vital energy and blood after giving birth. Never been able to get pregnant again.

It was also because of this that Zhuang Lingyu paid so much attention to and cared about her only daughter, Susie.

Originally, this was Zhuang Lingyu's taboo, and Ning Yaohua dared not bring up such a thing as letting her have another one.

However, this time when the fact that Susie was not his own came out, when members of the Tang family, especially Sun Lan who looked so similar to Susie reappeared, Ning Yaohua thought it was time to mention it...

Thinking of this, Ning Yaohua changed his attentive and considerate expression, walked over to support Zhuang Lingyu's shoulder, and asked softly, "Lingyu, have you considered what I told you before? Actually Now the surrogacy technology is very developed, and you can choose a man or woman, and the most important thing is that you don't have to suffer from pregnancy in October!"

Zhuang Lingyu's expression was a little uncomfortable, but there was no sign of disgust, she frowned and said, "I'm so old, can I do it?"

Hearing that the tone was playful, Ning Yaohua immediately put his arms around her shoulders and said, "Whoever said that, even if my wife is only twenty years old, some people will believe it!"

"You're still talking nonsense when you're old!" Zhuang Lingyu said angrily, although it was a rebuke, but she didn't mean to be angry at all.

In fact, seeing Susie's face so similar to Sun Lan's, she was more or less concerned, and the thoughts that she had been trying to ignore and suppress all along also surfaced.

Who wouldn't want to have a child with their own blood flowing through them?

If she could have another child, she would definitely teach him more attentively and give him everything, that would be a more perfect child than Susie...

It seems that more and more people are pregnant with surrogates in recent years. The wives and wives around her have also heard about it. Some time ago, they heard that Mrs. Lin gave birth to a son as a surrogate. Mrs. Lin is already forty-eight years old.

Maybe...you can really try?

Although they are old and may not be able to accompany this child for too long in the future, fortunately there is a gentle and kind sister like Susie to take care of her...

Susie often said that being alone was very lonely, and she was looking forward to having a younger brother and sister. If she really succeeded, she would definitely be very happy!

"Lingyu, if you agree, I'll drop all the official business and immediately accompany you to go abroad for an inspection!" Ning Yaohua said excitedly.

"I... Let me think about it!" Zhuang Lingyu said, and asked hesitantly, "Yaohua, should we discuss this matter with Susie?"

Ning Yaohua immediately said, "No need, it's still uncertain after all, why not tell Susie when it succeeds, and give her a surprise."

Zhuang Lingyu thought about it, and finally agreed.

After all, she was really speechless about this kind of thing.

Ning Yaohua's plan was perfect. When he had a son, the shares that were originally given to Susie would naturally be given to him, the sole heir. Susie was so filial and obedient, so naturally he wouldn't have any objections, and

the son inherited his father's business It's right, even the Su family can't tell the truth.

Of course, he would not treat Susie badly at that time.

Besides, letting Susie successfully marry into the Su family was already the biggest guarantee for her in this life.

Chapter 1559

Haojue Hotel.

Susie will hold a press conference here today.

After the incident, except for Janice's statement denying everything, Susie never showed up.

Knowing that she would hold a press conference today, not only the reporters flocked to the press conference, but also the crowd was so dense that they couldn't see the end. Most of them were Selena's fans, and Susie's own fans also accounted for a lot.

After the incident happened, Susie's fans turned black in droves.

And Selena's fans, under the organization of the fan support club headed by Travis, ran around to speak out for the idol. Susie's fans turned to Selena.

"Susie get out of the entertainment industry!"

"b!tch! Apologize to Karen! Apologize! Apologize!"

"Susie, shameless liar, are you worthy of our love for so many years!"

...

Susie wore sunglasses and a mask, and was able to enter the hotel under the protection of a dozen security guards.

On the launch stage, Susie sat in the middle, looking pale and haggard, beside Janice and another company executive.

Janice's expression was the worst. She never thought that Susie would quit the entertainment industry.

Susie's reputation was so rotten, her manager was also rotten, now Susie could leave such a mess and just pat her a55 and leave, and could continue to be her eldest lady when she returned.

What about her? Her career as a manager is completely ruined...

She said that Susie's disguise was so good that even her manager didn't even know it? How could anyone believe it!

Janice had already regretted it a long time ago, and seeing the black-and-white withdrawal statement in her hand, she felt even more desperate.

Susie lowered her head and said with a choked voice, "I believe everyone understands that a lot of things have happened recently, and I know that no one will believe me if I say anything now... However, many things are not what you see on the surface. like...

I sincerely apologize for the harm caused by these things to the fans and friends who supported me. To the fans who still support and believe in me until now, I am really grateful...

Acting is my biggest dream and hobby in my life, but in order to give an explanation to everyone, I have decided to quit the entertainment industry permanently starting today! "

As soon as Susie finished speaking, the reporters at the scene burst into an uproar, and then the sound of flashing lights rang one after another.

The reporters stared with bated breath, expecting a major reversal in the future, but they never expected that Susie would leave under the escort of bodyguards after she finished speaking.

In a short period of time, the news of Susie's withdrawal from the entertainment industry has spread widely.

Everyone on the Internet is talking about it.

"Dmn it, what does Susie mean by these words? It seems like there is a big secret like everyone is wronging her!"

"Can there be any hidden secrets, if there are hidden secrets, she can't wait to tell them! Can there be any hidden secrets that can change these facts? This shameless villain has reached this point and still plays tricks without repenting! Apologies! To Selena's apology! I didn't hear a single word!"

"The point is, is it enough just to quit the entertainment industry? How about she pretending to be a rich lady for so many years and shamelessly occupying the things that belong to Selena's life!"

Chapter 1560

Not only Selena's fans, but also passers-by who were onlookers also complained for Selena, "That's right! How can this matter be counted! She is actually ready to shamelessly enjoy everything that should belong to Selena! Even her parents want to Robbing, isn't it too shameless?"

After being filled with righteous indignation, Selena's diehard fans said one after another:

"Didn't Karen say that? She has nothing to do with the Ning family, whether in the past, present or future! Karen doesn't need the status of a princess, nor does he need rich parents. We, Karen, are queens !"

"Yes, it doesn't matter if you don't want such blind parents! Karen has us!"

While talking, the fans' comments suddenly changed direction, "Forget about that disgusting b!tch, I'll tell you about a super exciting thing, didn't you all notice that our Karen won the best actress award?" What was the last sentence of the acceptance speech?"

"Of course I know, I will recite it! For my ultimate dream and the person I love the most...Ah! Ahhh! The person I love the most? Does Karen already have someone he likes?"

"Is it male or female???"

"Hmm... I guess it's a girl! It must be a very cute girl!"

...

Shengshi Entertainment.

Because what happened that day was so sudden and there were too many things to be resolved later, Selena went to the company with Lin Zhizhi after leaving the Palme d'Or awards scene, and they also stayed in the company for rest, food and lodging.

It wasn't until the end of Susie's press conference today that the busyness came to an end.

"Karen, this Susie is so shameless, even before he left, he still didn't forget to blackmail you!"

A dark light flashed across Selena's eyes, she naturally knew that Susie's words were actually a warning to her.

If she had held back her past experience, she might still have been afraid, but since she confessed to Daniel, she was relieved.

Selena glanced at her phone screen.

On the screen is the latest message, the sender is Roman: Selena...can we meet?

What's more, today's Roman is different from the past, will Roman now cover up Susie without principle like Roman back then, and give false testimony for her?

Presumably, Susie herself was not sure.

Selena knew that with Susie's personality, she didn't dare to risk death.

As for the fans' gossip about her acceptance speech, Selena told Ling Zhizhi that she didn't think much about it at the time, and she was only referring to fans, not anyone in particular. Ling Zhizhi said that she didn't need any special explanation.

So Selena didn't pay much attention. In fact, from a selfish point of view, she didn't really want to explain.

After the matter came to an end, everyone went home to rest.

Selena walked to the garage and was surprised to find that Shi Xiao was not waiting for her there as usual.

While being suspicious, he opened the car door, and in the next second, the whole person jumped up and rushed towards the direction of the passenger seat..."Heart!!!"

Daniel was thrown back and carefully caught the girl's body. Just as he was about to speak, he suddenly felt some pain in his chest, "This is..."

"Oh oh oh... That's right!" Selena took out a golden trophy from her bosom with a swish, and stuffed it into Daniel's hand, staring at him with incomparably bright eyes, her face flushed with excitement, and said, "Sweetheart! For you!"

Daniel: "...a very special gift."

Then you don't have to carry it all the time, do you? Don't you feel panicked?
