## Chapter 1566

The farce at the Palme d'Or was finally over, and Selena's work was back on track.

With the blessing of two golden brown trophies, Selena is now like a tiger with wings added.

Of course, at the same time, she has higher demands on herself.

Ling Zhizhi was also more cautious when choosing her next movie and book.

Ling Zhizhi considered for a long time, and finally pushed a film to Selena, "Selena, I suggest you audition for this one."

"A new play directed by Jiang Xingzhou?" Selena glanced at the script.

Just seeing the words Jiang Xingzhou almost sent a chill down the spine of everyone in the entertainment circle.

Director Jiang's state when he was filming was really scary, even Song Lin, who has reached her current status, was very embarrassed to mention Director Jiang.

Lin Zhizhi said, "The heroine of this film is a mute mother, and the age span in the play ranges from teenagers to old age. I have read the script, and the book is very good, and it is Director Jiang's film. It can basically be said in China. It is a must-win award, and the key point is that it can enter the four major international A-category film festivals. Of course, because of this, the casting is also extremely strict. This time the competition will be very fierce!"

Selena was flipping through the script at the moment, and she was already attracted by just reading the beginning, "It's really a good book, it's completely different from "The World" and "Dream Seeker", it doesn't have much more The twists and turns of the plot, the whole play is just about a mother's life, but this kind of script is the real test of the actors' acting skills!"

Ling Zhizhi nodded, "If it was someone else, I would definitely choose a more secure script, such as Director Lin's, but I think you are more suitable for this "Mother"."

A long-lost challenge flashed in Selena's eyes, "Just this one! Anyway, let's go to the audition and try it first! If it doesn't work, we can choose other ones!"

"Okay, let's make a decision first, you go back and prepare."

"Uh-huh!"

...

Selena had just left the company when her cell phone rang suddenly.

Selena casually glanced at the caller ID, but she was so scared that she almost lost her soul!

Song... Song Lin!

Her goddess Song Lin!

After the Palme d'Or last time, they exchanged mobile phone numbers in the background, but she never dared to disturb the goddess. She never thought that the goddess would take the initiative to call her?

Selena took several deep breaths before finally calming down, and connected the phone, "Hello...Song...Senior Song?"

"It's me, is it convenient to answer the phone now? Is it not disturbing you?" The goddess's very charming voice came from the other end of the phone.

"How could it be! No, no, no! If you have anything to say, Senior Song, just say it!" Selena hurriedly said.

A low laugh came from the other end of the phone, as if amused by the girl's cute reaction, "It's nothing serious, just chatting with you casually, what are you going to do next?"

"I've just finished discussing with my agent, and I'm going to audition for Director Jiang's "Mother" now." Selena replied seriously.

"This one... oh, it's exactly the same as what I guessed."

"Actually, I'm not very sure...the interviewees must all be experts..." Selena scratched her head and said.

It is not an exaggeration to say that those who will be interviewed this time are the elites of the entire entertainment industry. Selena's acting skills are good, but there are also many extremely talented entertainers in the entertainment industry. The closer she is to the top of the pyramid, the more people she meets. The more powerful people are, of course, the more excited she is for such a challenge.

Song Lin on the other end of the phone said, "Coincidentally, I also have a role in this play, but I'll just play a supporting role, and it's already decided."

"Really?" Selena's eyes lit up immediately, "Then if I succeed in the audition, wouldn't I be able to act with you, the goddess!"

Song Lin's tone sounded cheerful, "It's true."

"Senior Song, I will definitely work hard!" Selena immediately burst into motivation.

"Selena, are you... free tonight?" Song Lin asked suddenly, her tone was so gentle, even with a hint of bewitching, that even Selena, a woman, couldn't hold back what she heard.

## Chapter 1567

Selena thought for a while, "Tonight? I'm fine..."

Song Lin: "If you're okay, come over to my side and we can talk about the script."

When Selena heard this, she was stunned for a moment, feeling as if she had been knocked out by a big cake falling from the sky, "Uh...Song...Senior Song...are you going to give me...a little trouble?"

Her goal and direction all along, the super actress she has looked up to for so many years, the goddess she has liked for so long, to contact her actively, to guide her in private, to give her a little trouble?

It's just that happiness came too suddenly!

Song Lin smiled, "That's right, do you want to come over?"

Of course I want it!

Selena suppressed what she almost blurted out, and said with some restraint, "This...will it be too much trouble for you? You are so busy!"

"It's okay, I'll send you my address, come over at night." Song Lin said.

...

After receiving Song Lin's text message, Selena almost gave up her phone.

night.

In the Platinum Imperial Palace, Selena got into the room after eating and kept trying on clothes.

"La la la la la... It's okay to stay up late chatting with you until your liver explodes, and it's okay to go shopping with you until you have flat feet. Thank you so much for letting me rebirth the whole orz, let me know love, love g, happy-g again, It's like being on a jet plane..."

Hearing Selena's extremely cheerful singing from inside the room, Saul, who was sitting on the sofa playing backgammon with Rick with him, looked sad, "Brother, you two are going out on a date again tonight?"

Daniel: "No."

"No?!" Saul looked obviously disbelieving, "Then she looks like she's full of love, who is she dating?"

Daniel: "..."

Saul immediately realized that he had said something wrong, covered his mouth immediately, and coughed lightly, explaining, "Ahem...Maybe it's just to change clothes and have fun! It doesn't have to be a date..."

"I've finally chosen it! Does this look good?"

Selena wore a small water green silk dress, this horrible color, even the slightest skin can't hold it, but the effect on Selena is simply... tsk tsk...

Impatiently, Rick slapped his annoying second uncle, then ran up to Ma Ma, "Mom looks good!"

Selena happily took a bite of the little bun, "My son has the best eyesight!"

"Mom, are you going on a date?" Rick raised his head and asked me.

Saul immediately looked over gossiping and nervous, and Daniel also looked sideways.

Selena's tone sounded a little excited, "Yes! Mom has a very important date tonight! Give Mom some encouragement..."

The little bun immediately gave me a nice and cute one.

Daniel: "..."

Saul: "!!!"

I go! What a date!

Saul had a terrified expression, "Karen, who did you date? Who would let Karen go out and change eighteen sets of clothes and three makeups? Even my brother doesn't have this kind of treatment! How can you be so swollen, Selena! How can you embarrass my brother!"

Selena glared at Saul angrily, then stepped up to Daniel, tiptoed and kissed the corner of Daniel's lips, "What's wrong with me! I don't need to wear it in front of your brother! Darling, please don't wear it." Listen to your brother's provocation with that fool!"

The slight coldness on Daniel's face immediately turned into boundless tenderness and pampering, and he betrayed his brother without hesitation, "Yeah."

Saul: "!!!"

Depend on! Selena, you smooth-haired madman!

## Chapter 1568

Depend on! Selena, you smooth-haired madman!

Shameless is so shameless!

"Brother, can you still have such a principle, little bun, you too, your mother is going on a date with someone else, hey!" Saul had a heartbroken expression.

It's true that the emperor is not in a hurry, and the eunuch is in a hurry to die!

Selena kicked Saul's leg with a big footprint, "What's wrong with me going on a date with my goddess? Are you jealous of you! You single dog!"

"What a single dog! What a single dog! I'm a lone wolf! A lone wolf!" Saul yelled indignantly, and then he was taken aback, "Huh? A goddess? A woman..."

"Nonsense!" Selena glanced at the time on her phone, "Stop talking nonsense with you, I'm going out, or I won't be good if I'm late! The Goddess is going to give me a small talk about the script with me! Absolutely don't give me Goddess Make a bad first impression!"

"Goodbye sweetheart, goodbye baby..." Selena said goodbye to the big bun and the little bun respectively, and then went out happily.

Saul behind him hummed and muttered, "Why do you see a woman making such a big show... bun, who is your mother's goddess?"

"Song Lin, thirty-five years old, the youngest grand slam actress in Huaguo, was nominated for the Golden Globe Award for Best Actress, and is the closest actress in Huaguo's entertainment circle to the Oscar..." The little bun is Ma Ma's number one fan, of course, knew all about this kind of thing, and immediately introduced Song Lin's information in detail.

"Ah! Song Lin... no wonder!" Saul suddenly realized.

Almost everyone around Selena knew that she was a fan of Song Lin. If it was Song Lin, it would be understandable.

However, no one in the circle knew that Song Lin had an arrogant and indifferent personality, and she rarely interacted with others. She never expected that she would treat Selena so differently after meeting Selena only once at the awards ceremony.

However, Song Lin's reputation in the circle was very good, and she was indeed capable. It would be beneficial for Selena to get in touch with her more.

Saul didn't think too much, because there were more difficult things to deal with right now.

"Oh...brother...brother...the family meeting is about to start in three days! Now all the monsters and monsters from all walks of life have rushed to the imperial capital one after another! Almost every family has prepared women to come to the two of us! Our days are terrible! How are you going!" Saul was paralyzed on the sofa, with an expression of lovelessness, "Otherwise, I should make a public statement saying that I like men? No... that would be beaten to death by my parents..."

Rick looked at his second uncle who was committing another crime with disdain, then went upstairs to sleep.

Anyway, Dad has him guarding him, and he will never allow anyone to destroy him as a baby!

Hearing Saul mention the family meeting, Daniel sat on the sofa, thinking of something, his eyes suddenly sank, and there was a stormy aura on his face.

Saul looked at his brother's expression, and there was a hint of worry in his eyes. He didn't know if he was thinking too much. He always felt that something would happen at this family meeting...

...

The address Song Lin sent Selena was in the Jinxiu Garden in the imperial capital.

Selena was actually quite surprised when she saw the address, because as far as she knew, Fairview Garden should be Song Lin's private residence.

Generally, a super big coffee like Song Lin pays great attention to the privacy of her personal space, and would not easily invite others to her private residence.

## Chapter 1569

"Ding dong..."

Selena stood at the door and pressed the doorbell nervously.

Soon the door was opened from the inside.

I saw Song Lin wearing plain home clothes, her black and soft hair was casually tied in a bun behind her head, and she stepped on the pure white blanket with her bare feet, "It's Selena, I guessed you It's almost here, come in!"

Selena was stunned for a moment before she came to her senses, hurriedly bent over to say hello, and then entered the room, "I'm bothering senior!"

Everyone loves beauty, and Selena could hardly take her eyes off Song Lin.

At the moment, Song Lin's casual home clothes are completely different from the glamor in front of the camera, which makes Selena have so many fans, only she is special, seeing the secret joy of idols on the other side.

Now she really understands the feelings of those star-chasing fans!

"Sit down." Song Lin greeted her and poured her a cup of tea.

In the middle of the living room is a low table with a flower arrangement in a white porcelain vase and a set of exquisite tea utensils.

"Thank you senior!" Selena took the tea and sat down on the cushion beside the low table, "What kind of tea is this, it smells so good!"

"Sakura tea, I made it myself."

"Really!" Selena was excited again when she heard that the goddess did it herself.

Song Lin looked at the girl's excitement and joy with a smile, and her mood was infected.

She hasn't been in such a good mood for a long time.

She has been in the entertainment industry for so long, and she is very accomplished in acting. When a person faces her, whether she really likes it, or is it a hypocritical compliment, or whether it has a deliberate purpose, she can tell at a glance.

It's rare to be confused, and sometimes she really hates herself for seeing it all so clearly.

So... when she met this girl for the first time at the Palme d'Or, and saw the pure admiration in her eyes, and her love for acting, she was like a long-awaited traveler in the desert. Arrived at Qingquan.

Song Lin brought Selena some homemade snacks, and chatted casually, "Why did you want to act in the first place?"

Selena paused slightly when she heard the words, why did she want to act...

She didn't even mention this issue to Daniel, nor did she confide in the media.

However, the person in front of her at this moment can be said to have changed her life, and she couldn't hide it.

Selena lowered her eyes and thought for a while, then replied, "Actually, there is no particular reason... just to... let others see me and know my existence... But at that time, I didn't know what to do... I know One day, I saw you, senior, on TV, and saw you on the podium, so dazzling, everyone's eyes were on you..."

When she was a child, because of more than one experience of being discarded and thrown away, Selena realized that she was too small and weak. Except for her young brother who was the only one who cared about her, no one would notice even if she disappeared or even died.

Wanting people to know her existence was her survival instinct at the beginning.

Although Selena didn't explain in detail, Song Lin roughly understood the source of the girl's idea when she thought about the girl's life experience.

Selena said with a smile, "Of course, I'm not exempt. I also want to earn more money and become more powerful!"

She still has to stand side by side with that person...

Selena looked at Song Lin in front of her. Her gestures and gestures were all magnanimity and charm that can only be acquired through years of honing. Both the entertainment circle and the business circle investment had almost reached the peak, and she suddenly felt that she was really far behind...

## Chapter 1570

Selena chatted with Song Lin a lot.

Originally, she was still a little restrained, but she didn't expect to hit it off at the end of the chat. The two had the same views and ideas. In the end, they talked a lot about the analysis of the script, and they still couldn't get enough of it until late at night.

The ancients said that listening to Jun's words is better than reading ten years of books, and she finally felt it for real today!

Along the way, she has been groping alone, reading and researching by herself, and suddenly there is a guide who helps her solve many problems that have puzzled her for a long time and even some misunderstandings.

"Thank you, Senior Song, I really appreciate it today!" Selena bowed deeply and thanked.

Song Lin smiled nonchalantly, "You're welcome, it's rare to meet someone you like, and I haven't had such a happy chat with someone for a long time. Call me Sister Lin from now on, don't be so unfamiliar!"

Selena immediately responded, "Sister Lin!"

"It's very late, did you come alone? Do you want to stay with me for one night?"

"Don't bother, I've already troubled you a lot. I have a driver to come with me." Selena said hastily.

"That's good, go, slow down on the road."

"Well, then I'll go first, good night, Sister Lin!"

"Good night." After Selena left, Song Lin did not enter the room immediately, but quietly looked at the girl's energetic figure.

...

downstairs.

When Shi Xiao saw Selena coming down, he finally breathed a sigh of relief.

Although the proprietress is dating a woman...

However, based on his understanding of the proprietress, women aren't safe either!

"Miss Xi, are you going back to the Platinum Emperor Palace?"

"Well, let's go home."

On the way, Selena was humming a song in a good mood while writing down some inspirations she received during the chat with Song Lin with pen and paper.

Just as I was engrossed in writing, the car that was running smoothly suddenly slammed on the brakes with the harsh sound of "squeak".

"what happened?"

"Miss Xi! Be careful!!!" Shi Xiao's face was full of horror, and his voice began to tremble.

Then Selena unexpectedly saw a dark, human-like figure squatting on the hood of her car like a spider.

"Dmn it..." Selena rubbed her eyes hard, almost thinking that she had seen a ghost.

What the hell is this?

Shi Xiao took out a gun from the hidden compartment of the car, opened the door and pointed it at the unknown object on the front hood.

And that object moved quickly and attacked Shi Xiao as if it was not human.

Selena also got out of the car, and when she saw what was attacking Shi Xiao, her eyes widened and she quickly stopped Shi Xiao, "Shi Xiao! Don't shoot!"

There was a muffled sound of "", and the thing's body dodged the fast-fired bullets at an extremely strange angle, and then directly grabbed the gun from Shi Xiao's hand.

"I hate when people point a gun at me."

Hearing this familiar voice, 10,000 horses flashed through Selena's mind. I hate people squatting on the hood of my car in the middle of the night!

"Master Han Xiao! I'm sorry, I'm sorry! My bodyguard didn't do it on purpose! But...why are you here...in the middle of the night?" Selena asked twitchingly.

Can you change to a more ordinary way of appearance?

Han Xiao: "I'm hungry."

Selena: "..."

Great God, don't you know that it's scary for you to say such things to me in the middle of the night?

Fortunately, although she didn't have much contact with her, she still managed to figure out some of the temper of this great god...

"Oh oh oh, then I'll treat you to dinner! KFC is open 24 hours a day!"

"En." A certain great god instantly moved his eyes full of murderous intent away from Shi Xiao's body.
