

Cruel Heart Lover Novel

Chapter 1571

Late at night, kfc.

The two female shop assistants looked at Han Xiao with more and more bones in front of Han Xiao. From the beginning of seeing the handsome guy's deer bumping late at night, it became the horror of seeing a ghost late at night...

Such a handsome long-haired guy with a mysterious and unpredictable temperament turned out to be an idiot!

And even though Selena was already mentally prepared for Han Xiao's appetite, the eyes behind the sunglasses were still amazed at the moment.

"My God... did you just... just pass by by chance?" Selena asked tentatively.

Han Xiao ate a chicken leg in two bites, and replied: "No, I'm here to find you."

Selena: "..."

In the middle of the night, Da Malu flew onto the hood of my car and came looking for me... I'm really flattered, haha!

At this moment, on the table diagonally opposite, Shi Xiao's muscles were tense, staring in the direction of Selena and Han Xiao as if facing a formidable enemy.

This is the instinctive fear of the strong...

Up to this moment, Shi Xiao is still a little bit collapsed recalling the scene just now.

Nima! Because the people around Mrs. Mao are more terrifying than the other!

He simply felt that he was the one who needed protection the most, okay?

Ma'am, are you sure this person is safe? Don't you need to find foreign aid now?

"I don't know... Why is the Great God looking for me?" Selena politely ordered another family bucket, and then asked.

Han Xiao dropped a family bucket again, and then finally made room, took out an unknown object from his body, and threw it towards her casually.

Selena hurriedly reached out to catch it, only to see that what Han Xiao threw over was a whistle-shaped pendant carved with an unknown meaning, and hung on a red string.

Selena groped for the whistle repeatedly, but couldn't figure out what it was for a long time, "Master, what is this? Why did you give me this?"

"Save your life." Han Xiao said.

"Huh?" Selena was a little confused, not understanding what he meant.

Han Xiao explained: "Blow it, I will be there."

"Huh? Cough cough..." Selena almost choked on her own saliva, "This... Great God, there seems to be something wrong? How loud can the whistle be? You can't hear it unless you're nearby, right?"

"I'll be there." Han Xiao still said the same thing, and his expression seemed dissatisfied with Selena's questioning.

Selena saw that the Great God's face was not happy, so she dared not say more, she nodded quickly, "Okay! Then I will accept it! Thank you, Great God! Thank you very much! Great God, you are so kind to me! It is definitely the best in the world! The most loyal person!"

Only then did Han Xiao's expression soften a little, and then he said with dark eyes: "Recently, the emperor is very chaotic."

Selena thought to herself when she heard the words, someone has returned to the country... Can the emperor not mess up...

She didn't expect that she just helped this man casually, and half-jokingly said that he owed her life, and he really took it to heart.

Really straightforward.

It's this brain...it doesn't seem to work well?

I feel like he's still thinking like a primitive man...

Selena looked at the whistle in her hand dumbfounded, but she felt grateful for the other party's concern.

"Thank you for reminding me, God, I will pay attention." Selena said.

"Well, let's go." After Han Xiao was full, he walked away without hesitation. The speed was so fast that the people around him disappeared before they could react.

On the other side, Shi Xiao, who was about to call for foreign aid, looked bewildered.

Go... go?

It just went away...

Chapter 1572

Longqianshan Cemetery.

In the evening, the sky was gray and drizzled, and it fell on the skin with a hint of coolness.

A black Hummer stopped quietly at the foot of the mountain.

The driver quickly got out of the car and opened the door, raising a large black umbrella above his head, the shadows covered the rain.

The door opened, and a man in a solemn black suit stepped out of the car.

The man's silver-white hair swayed gently in the breeze, holding a large bouquet of dew-stained white roses in his arms, and looked towards the cemetery not far away.

With another sound of the car door opening, a middle-aged man in a black Tang suit stepped out from the other side of the car.

Qiao Yi ordered the others to wait in place, without any followers or umbrellas, and walked towards the cemetery with Yun Shen.

In the rain, the two walked silently to one of the tombstones.

The moment he saw the tombstone, Qiao Yi's condensed expression suddenly became colder, and the fingers placed by his side were tightly clenched into fists.

Yun Shen didn't speak, bent down and placed the white rose in his hand in front of the tombstone.

I saw a photo of a young woman on the tombstone. The woman was beautiful, but her expression seemed a little sad.

Qiao Yi stared at the photo on the tombstone, with a hint of madness flashing in his eyes: "After so many years... I'm finally back... Don't worry, I will help you get back everything that belongs to you!"

Yun Shen turned his back and lit a cigarette, the smoke blurred his careless face and the sarcasm at the corner of his mouth.

...

At the same time, Platinum Emperor Palace.

The audition is coming up in a few days, and Selena was reading the script in the dark, when she suddenly received a call saying that she had a courier.

Selena went downstairs to sign for the receipt, and with Daniel's help, moved the heavy box in.

"what is this?"

Selena suspiciously opened the big, square box. She bought some things online recently, but it seems that there are no such big ones?

Selena skillfully opened the outer box, only to see a black wooden box inside.

"Wait." Selena was about to lift the lid of the wooden box when Daniel supported her by the shoulders and pulled her behind him, then went to open the lid himself.

The moment the lid was opened, Selena wailed and covered her eyes with her palm, "Mist!!!"

Master Ben's dog eyes!

gold...

It turned out to be a box full of gold!

It took Selena a long while to recover from the shock, and then she carefully picked up one and took a bite: "I'm going! It's true! It's true?! What's going on? This is... which psychopath sent me a piece of paper. Chest of gold!"

Daniel stared at the gold and thought of something, his eyes suddenly turned cold.

Out of the corner of his eye, he spotted a golden card placed on top of the box of gold, and Daniel reached out to pick it up.

Seeing that Daniel took the card, Selena tiptoed over to look curiously, and saw someone's familiar handwriting on it: My dear, what's so good about the Palme d'Or? Don't think these are cuter? ...ys

Selena's heart almost collapsed: "..."

Well, when she thinks the other person is crazy, she should think of that guy!

"I'm sick again..." Selena supported her forehead with a headache, and closed the lid with a "snap" to cut off the terrible golden light of the box, "I'll find someone to take it back later."

Chapter 1573

"It's a dog! Is there something wrong with this guy! How can a normal person's brain circuit be like this? What happened to the Palme d'Or! Did the Palme d'Or invite him to mess with him? He used to hit people with diamonds at every turn. How are you doing now, I finally stopped using diamonds and changed to gold! What did I do in my previous life to meet such a master..."

Selena was spouting nonsense, but her lips were suddenly blocked by the man beside her.

The cool lips fell down unexpectedly, and bit the girl's lips with a bit of punishment...

Being bitten suddenly, Selena let out a low cry, her face full of innocence, "Ugh..."

The man clasped the girl even tighter, not allowing her to escape, and then released her after a while, staring at her deeply: "Don't mention that person in such an intimate tone."

"Uh..." The corners of Selena's mouth twitched slightly, and she was a little speechless, "My dear, how did I find out that your brain circuit...is a bit crooked..."

How can she use the intimate air to mention that psychopath? Hey!

Darling, how do you understand it? Hey!

Why did she feel that something was wrong with Daniel today?

Forget it, anyway, what her darling is right is right, and what is wrong is also right.

Selena hurriedly went along without saying a word, "Yes, yes, yes, dear, you are right, I know you are wrong! Don't be angry! You think so! I won the Palme d'Or, which means we have won half a wedding." proof!"

Hearing this, Daniel's expression softened a little, he groped the girl's lips with his fingertips, leaned over and continued to gently peck and k!ss...

Selena obediently let the man k!ss her, then quietly kicked the box away with her foot.

When the man's emotions had subsided, Selena took the opportunity to sit on the sofa with Daniel and change the subject, "Daniel, tomorrow is the family

meeting of your Lu Group! I've already prepared the dresses for you! Look, This is yours, this is Rick's, yours is fine, but Rick's is too old to fit his age, I added some small embellishments to his pockets, isn't this little rabbit special? Moe..."

"Yeah." Daniel embraced the girl, listening to the girl's thoughts, his eyes fell on the clothes Selena had prepared for her, "Will you go with me?"

Selena scratched her head, "Even if I won the Palme d'Or, I'm still halfway there... If only I could be as good as Senior Song, the goddess of the whole people, has a high prestige and influence among the people. I bought 5% of the shares of Lu Corporation with my own financial resources, I remember that less than three days after she bought the shares of Lu Corporation, the shares of Lu Corporation reached the daily limit!"

One must know that even 1% of Lu Group's shares is an astronomical figure, let alone 5%.

Those who can own 5% are considered major shareholders, and they have a high status in the company.

Song Lin's ex-husband is the president of the Merck family in China, her current boyfriend is the boss of the Hollywood sc company, and her best friend is the concubine of King Y... In short, she is surrounded by top contacts, who are like legends.

Even those traditional and pedantic super wealthy families in the country who have always had opinions on people in the entertainment industry still have to sell Song Lin a little bit of face.

Seeing the girl's dejected appearance, Daniel immediately regretted it. He kissed the girl's forehead distressedly, and said softly, "It's good to have a goal, but don't rush it. After all, Song Lin entered the industry ten years earlier than you. It is good to have the results you have now. You will become a unique legend."

A unique legend...

Hearing the prophetic words of the Great Demon King, Selena's depression was instantly swept away.

"Although you can't attend public meetings with me, you can accompany me in another way," Daniel said.

"In what way?" Selena asked immediately.

Daniel thought for a moment, "Do you have any lipstick?"

Chapter 1574

"Lipstick?" Selena was stunned for a moment, "Yes, there is, but what do you want lipstick for?"

Daniel: "Borrow."

Selena: "Huh? Borrowing..."

Why did Daniel borrow lipstick? It can't be used by yourself, can it?

In a daze, Selena went to her bag to find a lipstick that she usually used frequently.

Daniel took off the lipstick cap, gently pinched the girl's chin with his slender fingers, and carefully applied it on the girl.

Selena blinked her eyes, still completely unaware of what Daniel wanted to do.

Until, Daniel helped her lips apply lipstick, then picked up the white shirt on the sofa and handed it to her.

Now that Selena finally realized what Daniel wanted to do, her little heart was beating so fast that the little deer in her heart was about to faint.

Selena coughed softly, "Cough, sweetheart, are you... sure?"

Daniel: "Sure."

Selena looked at the white collar of the shirt, hesitated for a moment, and finally lightly printed a lip print near the collar.

Looking at the red lip print on the shirt, Selena blushed even more.

Unexpectedly, Daniel would let her accompany him in this way, and at the same time use this way to block unnecessary women.

Woohoo! She's going to be teased to death by her darling!

How can you do this!

The big devil's flirting skills have evolved to the extreme!

"Is this... okay?" Selena asked.

"Very good." Daniel refolded his shirt.

Looking at the man in front of her, feeling his almost endless pampering and doting on her, Selena's heart throbbed and she leaned over slightly, "Master Boss, do you want it elsewhere?"

The man's eyes suddenly darkened, he pinched the girl's head, and swallowed up all the bright red on the girl's lips...

...

the next day.

The family meeting of the Lu family was officially held in a separate garden of the Lu family.

The important direct descendants and important shareholders of the Lu family at home and abroad all gathered together.

All the music fountains in front of the gate of Bieryuan were turned on, and there was a small band playing in the center of the banquet hall. Under the huge and luxurious crystal lamp, it was the ultimate luxury belonging to the top class.

All the guests present were the Lu family and guests who were inextricably related to the Lu family. Everyone used this annual gathering to chat and exchange information. The atmosphere was very lively. All smiling.

Under Daniel's leadership in the past few years, the Lu Group has almost reached its peak, and they naturally benefited from it.

In the entire banquet hall, the only person who was in a bad mood was probably only one person... and the most popular was a certain bitter little koi who was being approached by countless people like a wheel war.

"Second Young Master, this is the daughter of my little uncle and his second aunt's family. Her name is Yingying. She is 24 years old and graduated from Princeton University. She is a major with you. You must have something in common..."

"Saul, this is the second aunt's niece, Yanyan. She is eighteen years old and is still in high school. The little girl adores you very much. Do you have time to chat?"

"Second young master, look at the girl on my phone. Although she is three years older than you, as the saying goes, a third-year girl holds a golden brick!"

"Two young men, two young men..."

...

Surrounded by seven aunts and eight aunts, Saul kept introducing Yingying Yanyan, telling his father that he shouldn't, and calling his mother ineffective. He looked like he had been ravaged.

Aww...

elder brother—

Why don't you come—

help —

Chapter 1575

Saul almost squeezed his way out of the crowd.

Of course he loves girls and beauties, but he can't have any of these beauties, because they all want to force him to marry!

It's okay to fall in love, he doesn't want to enter the grave of marriage so early!

The one who can make him enter the grave willingly must be his fairy sister!

"Dad! Mom! You are going too far! Am I your own? I begged for help so much just now! You actually ignored me!" Saul ran to Yan Ruyi and Lu Chongshan, almost out of anger.

Yan Ruyi straightened his son's slightly messy hair, gave him a look and said, "You're talking nonsense again! You can't be saved! How old are you, and it's time to think about life-long issues. There are so many outstanding girls today. , you don't have a fancy one?"

"It's enough to pamper you for so many years, just take advantage of this opportunity, you must make me a marriage partner within this year!" Lu Chongshan issued the military order with a displeased expression.

Saul immediately muttered in dissatisfaction, "You guys know how to bully me! Tell my brother that if you have the ability!"

Lu Chongshan glared at his son, "Your brother is the same!"

Yan Ruyi looked at the young girls who came tonight, with a look of hope on her face, "The girls who came tonight are really pretty good, maybe Daniel will like it..."

Saul glanced casually, "Mom, don't say anything against your will, no one is as beautiful as my sister-in-law!"

"What sister-in-law! Don't bark!" Lu Chongshan immediately warned with dissatisfaction.

He knew that woman would not be present tonight, so he made up his mind to hide the fact that Daniel already had a girlfriend.

Although Ting Xiao had made it public before, as long as that woman doesn't appear in the way tonight, everything is possible.

Naturally, Saul knew what his father was up to, so he couldn't help pouring cold water on him, "Dad, you are too naive, you think my brother will be at your mercy if my sister-in-law can't accompany me to attend? My brother doesn't like I'm so obedient and obedient..."

"You child! How are you talking? Can't you think of your brother?" Yan Ruyi shook her head helplessly, then glanced at the wall clock on the wall, "By the way, it's already this time, why hasn't your brother come yet? "

Yan Ruyi was about to make a phone call to ask, when suddenly there was a burst of excited exclamation, and starting from the door, the crowd automatically parted to give way.

In the backlight, two figures, one big and one small, were standing there, walking slowly towards the banquet hall.

Beside the man, the little boy wearing the same black suit as the man is particularly eye-catching.

The little boy was dressed in deep black, with the same cold and alienated look on his face as Daniel's, he was like a small copy of Daniel, with an appearance of rejecting others thousands of miles away.

Although the little guy's appearance is really outstanding, and he perfectly inherited the genes of the Lu family, but at such a young age, he seems a little too gloomy?

Someone was thinking so, and the little guy approached.

When they approached, they saw that there was a cute little rabbit on the chest pocket of the little guy's dress, which immediately added a bit of vividness to the child, and made the adults around him feel so cute It's almost melted.

Daniel's aura was as strong and compelling as ever, and his face was as handsome as a god.

The young girls present today were still anxious because of rumors that Daniel's personality was scary, indifferent and difficult to get along with, but after seeing Daniel in real life, they were so excited that they almost jumped on them!
