

Cruel Heart Lover Novel

Chapter 1591

Saul was still there and continued to howl, "Sister-in-law! You are my sister-in-law alone! My own! Your braised short ribs and vinegar fish are mine alone! You must not be someone else's sister-in-law! Absolutely not!"

"Uh..." Someone else's sister-in-law?

The image of someone calling her sister-in-law appeared in Selena's mind, and she felt a sudden chill, and goose bumps all over her body!

"Saul! That's enough for you!!! Get up, don't howl! Where's your brother?" Selena couldn't bear to interrupt a certain ba5tard.

Saul stood up aggrieved, "I'm still in the meeting. I just finished the high-level meeting, and now it's the shareholder meeting. I guess I'm still busy...I'm about to go to the hospital to visit my dad...sister-in-law...do you know about the banquet? what happened above?"

"Yeah, Louis told me." Selena nodded slightly, then asked, "Is it convenient for me to wait for him up there?"

Saul immediately muttered, "It's convenient for you to go directly to the conference room and wait for him! Wait for me to make a call and ask the secretary to take you to his office to wait!"

"it is good."

...

After entering the building, a little secretary greeted her at the door, and then took her directly to Daniel's office.

"Madam, the president is still in a meeting, please wait a moment." The little secretary greeted Selena with a sweet smile on her face, and called her Madam obediently.

The second young master directly said that she was his sister-in-law on the phone. Isn't that the legendary real girlfriend of Mr. President?

Of course she had to seize such a huge opportunity to show her face. She lost all her favorability in the past on a fake person...

"OK, it does not matter."

"Ma'am, what would you like to drink, tea, coffee, or juice?"

"Juice bar."

"Okay, I'm going!"

Although the woman on the sofa was covered tightly with sunglasses and a mask, she must be a great beauty just from her figure and the delicate curvature of her jaw!

Although she was extremely curious about who this mysterious boss was, the little secretary didn't dare to offend him at all, and quickly looked away after only one glance.

Soon the little secretary squeezed a glass of juice and brought it in.

Selena thanked her and continued to wait, because she was too tired after studying the script day and night for the past few days. She couldn't hold on for a while, so she fell asleep on the sofa...

On the other side, Daniel finally finished another lengthy meeting, and walked towards his office with several major shareholders behind him. It seemed that he still had some follow-up matters to discuss.

Daniel pushed open the door and entered the office, followed by others, and then everyone saw... a woman was lying on the sofa in Mr. President's office! Suddenly everyone was stunned...

When Daniel saw the girl leaning on the sofa, his expression was stunned for a second because of the accident, and then his expression was as if an iceberg had just melted in spring water, and the aura of repelling people thousands of miles away suddenly dissipated...

"You guys go back first, we'll talk later." Daniel lowered his voice and said to the shareholders behind him, then frowned, walked up to the girl with a slightly unhappy expression, and picked up a blanket beside her to cover the girl.

The shareholders behind nodded and left, while they all looked back with astonishment, but because Daniel's body blocked them, they couldn't even see the corners of their clothes...

Did they see the legendary proprietress just now!

The boss is too stingy, at least let them take a look...

Chapter 1592

Just when a group of directors were expelled by the boss, the girl on the sofa seemed to wake up, and stretched out her white wrist in a daze, wrapping it around the neck of their boss, "Hmm... my heart..."

The girl called out affectionately, and then kissed their boss on the face very naturally.

From that angle, although I only saw the side face of a girl, it was already amazing enough. What was even more shocking was the expression on their boss's face at that moment, which was almost melted by pampering...

Everyone: "..."

Hearing the gasp of air behind him, Daniel finally realized that the people around the door hadn't left yet, and immediately looked behind him with a sharp expression.

A group of directors and shareholders whose footsteps almost took root at the door rushed out in a swarm and closed the door...

Depend on!

It's amazing!

"I didn't expect our boss to have such a scene. It was clear that he was like a living king in the meeting just now... Now this is a hundred-smelting steel-making process!"

"What do you think... who is our lady boss?" Several shareholders discussed and speculated one after another.

"It's really hard to guess, but judging by the boss's pampering attitude, I can be sure that this person's status is as stable as Mount Tai!"

"Then there are still so many people rushing to get women for the boss?"

One of the older shareholders said mysteriously, "This can only prove one thing... Although the boss is satisfied with this woman, the second elder is not satisfied... I'm afraid her family background is not very good..."

"That makes sense!" The person next to him nodded repeatedly, and then murmured in a low voice, "That proves that other people still have a chance in

the position of head mother! Especially in such a special period, the Lu family needs to get married to stabilize their position. Lu No matter how much you like it, you have to take care of the overall situation..."

"Everything is just your guess now. I suggest you don't act rashly. What if the proprietress's family background is very powerful? Then who can say for sure!"

...

The group chatted for a while, and someone approached a female shareholder with a calm and graceful figure who was walking at the back with a full face, "Well, Miss Song, it's rare to see you once, let's have dinner together later?"

"Sorry, I have something to do later." Song Lin declined apologetically.

"That's such a pity, let's do it next time, next time the goddess must give face..."

"Feng Dong's invitation is natural, so let's say goodbye first."

As Song Lin walked, she turned her head and glanced in the direction of the CEO's office, her eyes were secretive.

...

In the president's office.

As soon as Daniel approached, Selena woke up, and subconsciously stuck to it as usual, and then realized... What the hell is Daniel's office!

And why did she seem to see a large group of people behind Daniel just now?

I go! It's a shame...

Selena woke up suddenly and scratched her head in embarrassment, "I'm sorry, I'm sleepy, I must pay attention next time..."

Daniel leaned over and kissed the girl's lips deeply. He took a breath for a while before letting go, "Don't pay attention."

Selena: Oh.

Daniel didn't move, he sat directly on the sofa next to Selena, then hugged the girl with a blanket and sat on his lap, slightly closed his eyelids, looking very tired, probably because he hadn't rested all day and night, Because she still wore the clothes she wore when she left, and the neckline was the familiar lip print...

Chapter 1593

"You know everything?" Daniel's fingers slowly smoothed the girl's hair.

Selena nodded, and then tentatively asked, "So...these are all true? Did you... have already known?"

"It was just speculation before."

Selena was full of doubts at the moment, and couldn't help asking, "What exactly is going on? That guy really belongs to you..."

She really can't say it out, she is still dumbfounded until now!

Daniel didn't hide anything, and explained: "Father only said on the surface that he made a mistake when he was distracted."

Selena frowned, which meant that there might be something inside?

Although she had been by Yun Shen's side for so long, she didn't know anything, even the relationship between him and Daniel was the last one to know...

"I don't know about this either. He never revealed anything about it," Selena said.

Daniel picked up the girl's finger and put it on his lips to kiss, "You don't have to do anything, and you don't have to make things difficult. As I said, this is between me and him."

Selena frowned slightly.

No wonder Daniel said it was a personal grudge...

This girder is really getting big...

Selena looked at the man in front of her with a slightly dazed expression. No matter what time this man was, what he cared most about was always to keep her from getting involved or embarrassing.

"What's wrong?" Seeing the girl looking at him, Daniel asked.

The girl gently raised her head, looking at him like stars, "Daniel...it doesn't matter who the Lu family belongs to...whoever it is...I belong to you..."

The man's eyes suddenly tightened, and the deep pool at the bottom of the eyes vibrated violently. After a while, it turned into a pool of soft ripples. With a soft sigh, he clasped the back of the girl's head and kissed her hard...

After the family meeting, the Lu family was ups and downs, and even the entire imperial capital was also ups and downs.

No matter how much the news is blocked, it is impossible to hide such a big matter forever. In the circle of top celebrities, as long as they are well-

informed, they will know that this Lu family... I am afraid that the sky will change...

Lu Chongming, the fourth younger brother of Lu Chongshan, the chairman of the Lu Group, was originally in a foreign branch, but recently he turned into an executive of Yilan Venture Capital, and transferred all 5% of the shares in his hand to Yilan. Such a big move, even if everyone wants to ignore it, it is impossible!

Yilan's side is obviously preparing to fight a battle for equity, and Lu Chongming is just the first step.

These years, the Lu Group has been treated like an iron bucket under Daniel's management. It is definitely not easy to conquer. Except for Lu Chongming, they can only accept some loose stocks at present, but Yilan's financial resources are really amazing, let them go on like this, no one knows what will happen next.

Lu's old house.

But in just a few days, Lu Chongshan's hair turned gray a lot.

"Ruyi, have you arranged the things I asked you to prepare?"

Yan Ruyi looked a little hesitant, "Is it really okay for us to hide this from Daniel? Why don't we discuss it with him?"

"No need, don't you understand Daniel's temperament? It's just a waste of words! The most important thing is that we have no time now! We must make all the preparations! He is in this position, these are what he has to bear of!"

When Yan Ruyi heard this, she felt sorry for her son, and her face was a little ugly, but she couldn't refute it.

"Go ahead, let someone take Rick over first, I'll have a good chat with Rick, this matter... Rick's opinion still has to be considered... Always find someone Rick can accept..."

Hearing this, Yan Ruyi's expression softened a little, "I'll send someone to pick it up right away."

Chapter 1594

Platinum Palace.

The servant knocked on the door of the study cautiously: "Eldest young master, there is someone from the master's side, and said to take the young master over for dinner."

Daniel raised his head from a pile of documents, "Let the young master come here for a while."

"Alright, young master." The servant stepped back in response.

After a while, Rick entered the study.

Daniel stood up from the chair in front of the desk, then sat on the sofa inside the room, and said to his son, "Come and sit."

Little bun walked over and sat down, holding a big fluffy white rabbit in his arms.

This rabbit was rescued during an outing with her mother last time. After the rabbit's leg was healed, Selena took Rick and tried to release it, but the rabbit followed Rick without going anywhere, and Rick I was really reluctant, so I brought it back and kept it.

Now the rabbit has gained a whole circle of fat compared to when it first arrived, and it is a round white ball dumpling in Rick's arms.

Daniel looked at his son and said, "Grandpa and grandma are going to pick you up for dinner tonight. Of course, there are other things besides eating..."

Little bun focused on stroking the rabbit in his arms without even raising his head.

Daniel: "It's related to your mother."

The little bun suddenly raised his head and stared at Daniel, even the rabbit in his arms pricked up his ears.

Daniel sighed dumbfoundedly, and continued, "Your grandparents are planning to give me a blind date."

The little bun immediately understood what Papa meant, and he pursed his lips tightly. After a long while, he said with firm eyes, "I will protect my mother!"

No one can replace mom!

Daniel nodded in satisfaction, "Just delay as long as you can, and I will do the rest."

Rick nodded.

...

After the father and son finished chatting, Rick followed the person who came to pick him up to the old house.

"grandparents!"

Lu Chongshan and Yan Ruyi had been waiting in the living room for a long time, and when they saw their precious grandson coming, the two elders

immediately burst into smiles, and all the dark clouds that had been in the past few days disappeared.

"Rick is here, I miss grandma! Come here and give grandma a hug!"

Rick obediently walked over and hugged grandma.

Yan Ruyi was so happy that her heart melted, and she looked like she was full of everything.

"Come here and have dinner, don't starve Rick!" Lu Chongshan said while urging the kitchen to serve dinner.

On the dining table, there were all Rick's favorite dishes, and Lu Chongshan and Yan Ruyi kept adding vegetables to Rick's bowl and piled it up like a hill.

The second elder looked at his well-behaved, sensible and intelligent grandson, his eyes were full of love.

Lu Chongshan coughed lightly, had no choice but to break the atmosphere, and glanced at his wife remindingly.

Yan Ruyi frowned, and had no choice but to ask tentatively, "Rick, what kind of girl do you like to be your mother?"

Rick was thinking seriously, Yan Ruyi and Lu Chongshan looked over nervously.

"A girl like my mother." Rick replied.

Lu Chongshan and Yan Ruyi: "..."

There is no doubt that Rick's "my mother" must be referring to Selena.

Yan Ruyi coughed helplessly, and continued, "Honey, your Auntie Xiaoxi is indeed a very good and excellent girl...but... there are actually many better and more excellent girls! It's just that you are too I'm young, I haven't seen it before... If there is a girl you like more, would you like to let her be your mother?"

The little bun blinked, "Then I'll have to look first to find out."

When Lu Chongshan and Yan Ruyi heard this, they were immediately overjoyed, they didn't expect it to go so smoothly.

Lu Chongshan immediately said, "Then grandpa and grandma will arrange it right away, and let you choose by yourself when the time comes?"

The little bun nodded, "OK."

Chapter 1595

Hearing the grandson's affirmative answer, Lu Chongshan and Yan Ruyi were very happy.

"Then Rick, grandpa and grandma told you, you can't go back on your word?"

"Well, Rick will take a serious look."

Lu Chongshan let out a long sigh of relief, finally letting go of half of the big stone in his heart.

At first, he thought it would be very difficult. After all, the woman completely ate his grandson to death, and he didn't know what she said to Rick behind it.

As long as Rick is willing to contact other people, he is confident that he will definitely divert Rick's mind!

...

After Rick's side was confirmed, Lu Chongshan and Yan Ruyi began to make arrangements in full swing.

The blind date banquet this time is definitely more grand than the one that died halfway five years ago.

He didn't believe that there were so many excellent girls, all of whom were young ladies from top wealthy families, and there wasn't a single one that Rick had eyes for.

Besides, the biggest difference between this time and five years ago is probably...

Last time they were planning to let Daniel meet, but this time it was Rick.

...

Soon, the news that the Lu family was going to hold a "Ladies' Tea Party" spread throughout the circle.

On the surface, it was a tea party, and the daughters of the various clans were invited to come and enjoy the flowers. In fact, anyone who knew the inside story knew that this was a blind date banquet.

The reason for saying this is only a polite and euphemistic way of saying it.

After the family meeting was over, most of the celebrities who came here for Daniel hadn't left the imperial capital yet, and they were all excited after hearing the news.

In a high-end resort under the Lu Corporation.

In the spa hall, a group of girls are vying for facial massage and aromatherapy, while chatting and discussing in small groups.

"Oh my god! I still don't have a sense of reality. Does Mr. Lu really want to go on a blind date?"

"I was also taken aback. I thought it must be a waste of time to come here this time! After all, at the family meeting that day, the lip print on the collar of the patriarch was so eye-catching..." The girl's tone was full of sourness.

"Such a big incident happened to the Lu family, isn't it expected?" Someone muttered deeply, but because it was a taboo topic, they didn't dare to speak loudly.

"Don't talk about it, let's prepare quickly! I'm so nervous! I don't know what type the patriarch likes!"

"The patriarch is also a man. Men are not all the same. I like beautiful ones..."

A few girls were discussing, when suddenly there was a mocking snort – "A group of idiots."

The girl who spoke was fair and beautiful, with a slender figure, and her face was full of arrogance.

A girl who was doing her nails suddenly burst into flames when she saw someone coming, "Hey! Chi Yingying! Who are you calling an idiot! Last time you lied to me that the patriarch's ugly appearance was a monster thing, I haven't settled the score with you yet! "

The girl next to her also took off her mask, "That's right! Who are you calling an idiot! Just speak up if you have something to say! Why are you so yin and yang here?"

"I'm not obliged to teach you idiots." The girl turned around and left without stopping for a moment.

She had already obtained inside information that the one who would appear at this tea party was not Daniel at all, but Daniel's only son, the little prince of the Lu family...

So these idiot women are just doing useless work now!

Until now, I still don't know the real key point of wanting to sit in the position of the head of the house. What is it if it is not an idiot?

Is the update over? It's still the time for double monthly tickets. One vote for a monthly ticket is worth two votes. Keep asking for tickets. It's the last day of the month.....
