

Cruel Heart Lover Novel

Chapter 1596

Of course, Chi Yingying was not the only one who got the inside information.

Even many of Lu Chongshan's favorite candidates were personally revealed by the Lu family.

Guan Zhichen has been running to the old house every day since the family meeting ended, and he almost lived in the old house. The Chi family also sent Chi Shuai, the grandson who is the same age as Rick, to the old house to play with the little prince, trying to touch him. Touch the little prince's temperament and preferences, so as to know himself and the enemy.

There are even those who have a long-term vision and think in their hearts, even if there is no headed mistress in the family, maybe there will be a future-headed mistress?

So, all of a sudden, the small garden outside the floor-to-ceiling windows of the old house was full of distinguished grandchildren and granddaughters of various families.

In the living room, a group of noble ladies and wives were sitting, looking at the lively and lovely children in the small garden with loving faces.

Apart from the advice of parents and adults, the children really like Rick. Although he doesn't talk much, he is very polite, very smart, and has an innate leadership ability.

Especially the girls, after seeing Rick's expression within a few days, they already admired Rick so much, they rushed to play with Rick, and gave Rick all the delicious and fun things they had.

Guan Zhichen looked at this little boy who was flattered and flattered by everyone, and felt very disdainful, but on the surface he kept praising Rick all the time, "Karenaobao is a genius, I gave Rick a gift before It took me an hour to solve my little brother's Rubik's Cube, but Rick solved it in just over a minute. Last time, there was a particularly difficult math problem, and no one at the scene knew it. Only Rick solved it..."

"Wow! Rick is amazing!"

"It's amazing! Rick, can you be my master!"

"I want me too!"

"Karenaobao, I want to marry you when I grow up, okay!" In the crowd, one of the most beautiful and cutest little loli came over and said sweetly.

Because of these words, the peaceful atmosphere of the past few days was broken...

As soon as the words fell, a very burly and strong boy suddenly rushed out of the crowd, "Tiantian! No! You are my wife!"

Little Lolita immediately looked at the little boy with disgust, then walked to Rick's side, "I'm not your wife! I'm Karenaobao's wife!"

"You are! You are!" The boy turned red with anger when he heard this, and even stretched out his hand to pick up the girl.

...

As the person concerned, Rick backed away a little bit, still showing no emotion on his face, with the same unfeminine appearance as his father, obviously not interested in the question of who is whose wife at all.

"Quickly say, Tiantian is my wife! Not yours!" The thick-headed little fat man couldn't quarrel with girls, so he ran up to Rick and pushed him to admit it.

Guan Zhichen at the side glanced at the little fat man thoughtfully and recognized him as Chi Shuai, the precious grandson of Chi Jingwen's family, one of the largest shareholders of the Lu Group. Not afraid of the ground, irritable and impulsive.

I didn't expect that the Chi family would dare to send this kind of person here, and they were not afraid that he would cause trouble. No, now is the best opportunity.

My father said that now the Chi family is my sister's biggest rival...

How about he take this opportunity to help his sister-in-law solve the Chi family directly, so that they don't even have the chance to attend the tea party!

Chapter 1597

Guan Zhichen's eyes flashed a hint of evil that didn't match his age. Of course, the best thing is to kill two birds with one stone, and even solve Rickey, a defiant little brat, at the same time!

He was so ashamed at the birthday banquet last time, and he was imprisoned by his grandfather and father for a whole month when he returned home, and then he was forced to apologize and please this little kid like a servant. enough.

No matter how bad he wants to come back!

What a super genius, what an invincible little prince, he is going to make him embarrass himself in front of everyone today, and see if anyone dares to compare this little kid with himself in the future!

Chi Shuai obviously likes that little lolita, and he is impatient because his family has warned him ten thousand times before he came here, so he got along with Rick before, but now seeing that the girl he likes has been snatched away, he immediately forgot everything, and the temptation of my mother promising to buy Transformers for Rickey after making friends with Rickey was forgotten...

"Did you hear, Tiantian is mine!" the little fat man roared angrily.

"Oh." Little Treasure nodded slightly, with an expression that beauty is like floating clouds.

Fatty Chi was dumbfounded for a moment, he didn't expect that such a cute girl like Tiantian, Rick, would really not rob him.

Seeing that the little fat man might not be able to make a fuss if he ignites, Guan Zhichen said in a joking tone, "Brother Chi Shuai, you can't do this. As a gentleman, you should respect other girls' opinions!"

He was completely speaking for Rick, and couldn't understand Rick's tone of being forced to compromise.

Rick slowly raised his head and glanced at Guan Zhichen.

Guan Zhichen's heart skipped a beat when he was seen, there was nothing wrong with what he said just now, it's impossible for this brat to see anything, and even if he did, he couldn't do anything about it...

When Chi Shuai heard this, he became anxious, "Tiantian! Then tell me! Who do you like!"

"Of course I like Karenaobao!" The little girl named Tiantian said crisply immediately, and took Rick's arm angrily, "I just like Karenaobao, if I don't like you, don't bother me anymore Already! I hate you!"

Okay... After being provoked by Guan Zhichen, the question immediately went back.

And this time Chi Shuai was even more angry.

Chi Shuai was the same age as Rick, but he was a head taller and twice as big as Rick. When he rushed to Rick angrily like a cow, he was like a hill to Rick.

"Sweet! What's wrong with this little guy! He's so short and so skinny! Look, he still has a bunny puppet in his pocket! That's something girls play with! He's a sissy! Shameless face! "

Although children are innocent, the more innocent a child is, the more vicious they are, the more terrifying they are.

After all, Rick's health was not good in those few years. Although Selena gained a lot of weight after coming here, she didn't grow up so easily, and she was indeed a little shorter than her peers.

Chi Shuai, who was dazed, cursed him with "short", "sick child" and "sissy". In fact, there are many little golden grandchildren who are dissatisfied with Rick like Chi Shuai these days, especially when they see Rick like this. How could he not be dissatisfied with being popular with girls.

Where there are people, there are rivers and lakes, even in the world of children.

They were originally forced to come here by the adults, but after a long time, they were provoked again, and the conflict suddenly broke out...

Chapter 1598

Now, after seeing Chi Shuai making such a move, they all echoed in a low voice, "That's right, so short and white, just like a girl!"

"Sissy! Sissy... I saw on TV that this is a sissy..."

"He also plays with girls' things!"

...

Guan Zhichen has been helping Rick with the conversation, "Everyone stop making trouble, we are all friends, don't make it unpleasant, how can you say that about Karenaobao?"

The other girls, including Tiantian, defended Rick angrily, "You guys are going too far! Don't bully Rick!"

Chi Shuai rushed up, pulled out the little rabbit from Rick's suit pocket, and held it in his hand, "It's supposed to be! Playing with girls! It's so disgusting!"

At this time, the wives and wives in the living room had already noticed that something was wrong in the small garden, especially the old lady of the Chi family, stood up abruptly, and hurried towards the small garden.

Rick, who had been expressionless all the time, changed his expression in an instant after the little rabbit on his chest was robbed.

Guan Zhichen didn't notice it, but saw this little kid being so deflated and bullied that he didn't dare to say a word, he felt extremely happy in his heart.

"Give it back to me." Rick looked at the rabbit puppet that was snatched by Chi Shuai and held it in his hand, with an extremely cold expression on his face.

Chi Shuai shuddered inexplicably, but when he saw the weak monkey-like appearance of the other party, he immediately became more courageous. After all, he is the master who is not afraid of anything at home. It's so easy to change, and he snorted triumphantly, "Don't pay it back! I won't pay it back! If you have the ability, come and grab it! Little dwarf!"

While yelling, Chi Shuai deliberately held the rabbit up high, sincerely not to let Rick reach it, and the other little boys beside him were all gloating and giggling, "He won't cry later!"

"Girls are the ones who cry!"

"He's a girl..."

...

Rick took a deep breath: "I will say it for the last time."

"I won't give it to you! I'm mad at you! I won't give it to you if you throw it away! Little dwarf! Sissy!" Chi Shuai's dirty little hands viciously grabbed the puppet rabbit that was held high go.

At this moment, Rick, who had been standing quietly on the opposite side without any expression on his face, suddenly appeared in front of him in the blink of an eye.

Immediately afterwards, without giving him any time to react, he only felt the sound of a gust of wind blowing past his ears...

In the next second, Chi Shuai, who was almost twice as big as Rick, was kicked several steps away with his round body like a kite with a broken string, and fell to the ground with a bang. Dust kicked up...

Accompanied by a gasping sound, all the children stood there dumbfounded.

Step by step, Rick walked to the place where Chi Shuai was kicked away, and looked down at the little fat man who was completely stunned by the fall and didn't know what happened. It was obviously a cute and cute picture The small face is now so cold that it is chilling: "I warned you."

Not far away, Saul, who was about to come over to check the information, happened to see this very familiar scene: "..."

Nima!

This kick was...

Get the true biography of Selena!

Luckily, he was still worried that the little baby would suffer, so he hurried over...

His brother and Selena, the child of two beasts, the combination of the genes of these two beasts, can they suffer? ? ?

Chapter 1599

"My mother taught me to give courtesy first and then soldiers, and I have already given you a chance." Rick bent down, picked up the little rabbit puppet that fell aside, wiped the dust on it with his small hands very carefully, and then carefully Put it back in your br3ast pocket.

Half of the little rabbit is stuffed in the pocket, and the other half of the head is exposed, as if lying on the outside of the pocket with its head poked out, it is extraordinarily cute.

"Ah-" The wives and wives who came in a hurry just saw the scene of Chi Shuai being kicked away, and they were all stunned. fastest.

"Handsome! Handsome! How are you doing? My God! How can this be good..." Mrs. Chi was so frightened that she almost lost her soul.

"I didn't touch his vitals, he's fine." Rick replied coldly.

Was kicked so far! How could it be all right?

At this time, Chi Shuai, who had been stunned by the kick, finally came to his senses. After the little guy woke up, he immediately pushed away his grandma who was hugging him, and then swept up to Rick like a whirlwind. He was so excited that he said incoherently, "Rickey, you, you, you...how did you do it! Do you know kung fu! It's that hero on TV who can kick people away and fly...you do it again! Do it again!"

Uh...

Mrs. Chi's face was full of embarrassment, and now she believed that her grandson was fine, "What nonsense! Do it again! You monkey, how many times have I told you that you must be polite when you are a guest at someone's house, why are you making trouble for me again!"

Mrs. Chi saw her grandson snatching other people's things with her own eyes and provoked her first. She was worried about her grandson's injury just now, but now that she has recovered, she is afraid for a while!

This doesn't offend people so badly!

How did Chi Shuai know so much, he was already excitedly circling Rick, asking him how he did it, can you teach him, and even exchanged his precious toys, if this little guy has a tail behind him, At this moment, it is estimated that it has been shaken to fly.

Not only Chi Shuai, but children are very interested in such things, especially boys, so Rick was immediately surrounded by a group of little guys.

"Karenaobao is so handsome!"

"Karenaobao is amazing! He is a real man! He is not a girl!"

"Rickey, why are you so strong?"

"Rickey, can you do light work?"

...

A group of brats came and went quickly, and they were chattering around Rick at the moment, and there was still half a stance of finding fault just now...

"Mrs. Lu, you look at this... I'm really sorry! My Shuai Shuai is just too naughty, but he really doesn't mean anything!" Mrs. Chi apologized to Yan Ruyi with a sorry face.

Yan Ruyi was indeed very angry when she saw Rick being bullied just now, but now she naturally calmed down. Looking at her grandson who was teaching those children, she said, "They are all children, and some friction is normal. Ma'am, don't be nervous."

Only then did Mrs. Chi breathe a sigh of relief, and immediately there were other wives beside her who flattered her, "Mrs. Lu, your little treasure is really amazing! How can you be so good at such a young age?"

It's not flattering, Rick's skills just now, and the way he is teaching other children at the moment, it can be seen that he has been trained formally.

Chapter 1600

Yan Ruyi was full of pride, "Actually, it's nothing, I just invited him to exercise with a master so that he can strengthen his body..."

"It's not just about strengthening the body, is it? I also hired a taekwondo teacher for my family, but it didn't help at all!"

"My family is the same. I wonder which famous teacher Mrs. Lu hired?" one of the wives asked.

Yan Ruyi was a little embarrassed when she heard the words, and heard Saul say that Rick's master was a friend of Selena's.

"This...is all arranged by Daniel, I don't know too well!" Yan Ruyi replied ambiguously.

On the other side, Saul was secretly sending text messages to Selena and his brother respectively.

Saul: Selena, do you know what I saw just now? Our little treasure is amazing! With one kick, the little fat guy from the Chi family who bullied him was kicked away!

Soon, Selena replied to his text message.

Selena: My darling's genes are really crazy...

Saul sent the same content to his brother again.

Daniel replied: The child's mother taught him well.

Saul was so stuffed with dog food that he couldn't die...

Are you two on a date? Hey!

...

Taohuawu.

Selena was lying on a wicker chair under the shade of flowers at the back of the yard, with a script in one hand, and answering Saul's text messages with her mobile phone in the other hand, her eyes were full of smiles.

With a "ding" sound from the phone, Saul sent her another message. It was a screenshot. In the screenshot, Saul also asked Daniel the same question. Daniel's answer was: The child was taught by his mother.

Selena chuckled suddenly, and could almost imagine Saul's expression when he saw her and Daniel's replies at the same time.

Tomorrow she was going to Jiang Xingzhou's crew for an interview. In the evening, Daniel, Rick and Saul would come over for dinner, saying they wanted to cheer her up. Selena also invited her second senior brother Karl over, after all, he was Rick's master. , Rick is so powerful, he is also indispensable.

After coming over in the evening, Saul vividly described to Selena how heroic Little Treasure was during the day.

"Now those little brats are all subdued by our Little Treasure..."

Karl was originally quite reluctant to accept this little apprentice, but now he is very happy and feels a sense of accomplishment, "That is, it doesn't matter who taught it!"

Selena was speechless looking at the person next to him who was shining brightly when given a little sunshine, "Stop putting gold on your face, that's my little treasure, if you change someone else, you will be pissed off by your unreliable master! Is there a master like you who runs around twice in three days without seeing anyone!"

While talking, Selena looked at the father and son who were busy in the kitchen with tender eyes, with a faint smile on the corner of her mouth.

"Then I didn't delay the teaching, today is the best testimony..." Karl chuckled, then looked at Selena on the sofa thoughtfully, with admiration, "Tsk tsk, junior sister! I'm not talking about you, you are so calm! Your sweetheart is about to go on a blind date, yet you can still laugh?"

"With my darling and baby in charge, what do I have to worry about?" Selena rolled his eyes at him, then paused, and said in a drawn-out voice, "Besides..."

"What more?" Karl raised his eyebrows with interest.

Selena put her legs on the coffee table, leaned her head lazily with one hand, and continued to speak with her eyes rolling, "Besides, there is still me... Who dares to hook up with my heart, it's a big deal... come here, I'll bend another !"

Karl: "..."

"Pfft..." Saul, who had just walked over with a glass of water, spat out a mouthful of water, coughing earth-shatteringly.
