

Cruel Heart Lover Novel

Chapter 1601

Saul coughed for a long time before he stopped, and said with a terrified expression, "Selena! You are too scary! From now on, I must keep my girlfriend away from you!"

Selena squinted at the past, "Wait until you have a girlfriend, let's talk about being single, you can really worry about it!"

"Dmn!" Saul cursed in a low voice, and immediately howled towards the kitchen angrily, "Brother – brother! Sister-in-law said that she will turn all the girls who hooked up with you! You don't care, hey!"

This time it was Selena's turn to scold her, "Dmn! Saul! Are you a three-year-old kid? You actually filed a complaint!"

As Selena spoke, she immediately retracted her legs and looked in the direction of her sweetheart nervously. She saw Daniel walking over with a plate of dishes. He glanced at Saul expressionlessly and said, "I won't give it to you." her chance."

The implication is that he won't give other women the chance to hook him up, so Selena naturally won't have the chance to make a move.

Selena immediately beamed with joy, and glanced at Saul proudly, then leaned over and k!ssed Daniel on the cheek.

"Find someone who loves deeply, loves deeply, wants to love, and bid farewell to being single...a passionate, infatuated, heartless, ruthless person, come and scar me..."

Saul ga-over again and passed out crying in the toilet.

...

After dinner, because Daniel and Saul had to go back to the company to deal with matters and couldn't stay longer, Selena originally wanted to stay with Rick for a night, but Rick refused.

Little bun looked up at his mother with his little head up, with a struggling but determined expression on his face, "Mom, I'll go back to my grandparents today!"

As if afraid that Selena would be unhappy, the little guy nervously added, "Mom, don't be angry, Rick will always be with mom from now on!"

How could Selena not know that the little guy took the initiative to stay in the old house for her own sake, and her heart was filled with emotion, she squatted down and hugged the little guy's soft body, "Mmm! Mom will always be with Rick from now on! Always be with Rick!"

Rick immediately pursed his lips with a happy face.

After sending the three of them off, Selena and Karl ran to the rooftop to have a drink.

Karl lay on his back on the floor, with one hand behind his head, and sighed all over his face, "Tsk, my good apprentice is so annoying, no wonder you are willing to have a man with a baby!"

Selena was lying on the railing, looking up at the starry sky above her head, she immediately turned her head in dissatisfaction and said, "You are jealous of people who bring their own cheats!"

"Okay, okay...I'm jealous!" Karl looked at her baby-protecting mockup speechlessly, and he didn't know what to think of, showing a lingering

expression of fear, "It's really scary, Satan and Daniel have such a relationship..."

Although Karl has been in the organization since he was born, he just found out about this matter just now, and because of his temperament, he doesn't care about fighting chickens and running dogs all day long, so he pays even less attention to these things.

Selena pinched the center of her brows. Whenever this was mentioned, her head ached. She was the one who was most frightened, okay?

"Second Senior Brother... You've been by Satan's side for so long, have you met his mother? Do you know who it is?" Selena asked tentatively.

Karl shrugged his shoulders, "I've never seen it before, and I haven't heard him mention it. It's really hard for me to imagine that guy would be born of a human being. It wasn't this time, I thought he jumped out of a crack in the rock. Woolen cloth!"

Selena: "..."

Forget it, I knew I shouldn't ask this unreliable product! She should save some time to read the script!

Chapter 1602

Early the next morning.

Selena rushed to the audition location on time.

During this period of time, besides studying the script at home, she was studying the script. What Lin Zhizhi did was to help her find a lot of materials related to film and television themes for her reference, and did not care about anything else.

Because it is well known in the circle that director Jiang Xingzhou's audition is the easiest and the most difficult.

The simple thing is that his crew rejects all recommendations and unspoken rules for private relationships. Everything only depends on strength, and the difficulty lies in strength.

Jiang Xingzhou was notoriously harsh, so much so that the scalps of the artists in the circle would tingle whenever they heard these three words.

But there is no way, their films are the guarantee of quality and awards, and they are the battleground for front-line people who want to compete for coffee.

When Selena arrived, she saw that almost all the people who came to audition were first-line celebrities in the industry, and most of them were powerful.

Because those who have no strength dare not come here at all.

I remember a year ago, a popular artist who had a backstage and a lot of fans wanted to come to Jiang Xingzhou to be gilded, but because of his poor acting skills, he was almost scolded by Jiang Xingzhou and quit the entertainment industry.

After Selena arrived, she greeted everyone, then found a corner and sat down to prepare. Everyone else was also waiting attentively. These were all experienced artists, but in Director Jiang's In the audition, I was as nervous as when I was in the first art test in college.

Selena paid a little attention to her opponent, but saw a few acquaintances, Fang Xiaowen, Xu Jiaojiao... These two people also met in the audition for the perfume advertisement in Los Angeles last time. It's normal for Fang Xiaowen to come, and they also took it The Palme d'Or, but this Xu Jiaojiao...she can only admire her courage...

There are quite a few people like Xu Jiaojiao who have no acting skills but took the risk to try their luck.

It is worth mentioning that there are many married and pregnant entertainers at the scene. After all, the heroine this time is a mother. A lot of the plots in the play are middle-aged images. There was no sense of motherhood and vicissitudes. When she was chatting with Song Lin before, listening to Song Lin's voice, Director Jiang was also planning to find someone who was a little older.

And she is obviously not competitive among a group of competitors, no matter in terms of age or appearance.

"Senior Song!"

"Sister Lin!"

"Sister Lin, you are here!"

...

There was a sudden commotion in the crowd, and it turned out that Song Lin had come.

Song Lin is also one of the judges this time.

After Selena heard Song Lin's name, she chased after Song Lin reflexively. What surprised her even more was that the goddess was wearing their Zeling high-end style today.

With just the right smile on Song Lin's face, she responded to everyone's greetings, and did not specifically talk to Selena, and soon entered the audition room.

Soon after Song Lin arrived, the audition began.

The first one to go in was Xu Jiaojiao, and within three minutes, she came out crying.

Those present were not surprised, on the contrary, they all had expected expressions, but the faces of a few female artists who were planning to come over to try their luck like Xu Jiaojiao were obviously paler.

The audition continued, and soon it was Selena's turn.

After Selena's number was called, many people looked sideways at Selena.

It is inevitable that the Palme d'Or actress who won the Palme d'Or award for Best Supporting Actress and Best Actress in a leading role at the same time will attract much attention.

Chapter 1603

Although everyone wouldn't say it on such an occasion, they couldn't help but feel that Selena was too arrogant, and to put it bluntly, she was out of control.

It's just that he just won the Palme d'Or, and he hasn't touched a category A international side, or he doesn't fit the image of the characters in this show at all, so he dares to audition for Director Jiang's play?

This is no different from Xu Jiaojiao...

"Hello judges, I'm Selena, an artist from Glory World Entertainment." Selena simply greeted her.

There are five judges today, Jiang Xingzhou is in the middle, and Song Lin is on Jiang Xingzhou's right. There are also producers, assistant directors, and screenwriters.

There is no doubt that Jiang Xingzhou has the most say among these people.

I don't know if it's because there are more than a dozen auditions in a row but no one is suitable. Jiang Xingzhou's complexion is a little ugly at this moment, and his aura is even more frightening.

"Hey, Director Jiang, if you put on such a tiger face, it will affect the performance of the actors!" Song Lin next to her laughed lightly.

Song Lin was probably the only one who dared to joke with Jiang Xingzhou at this time.

"I can't bear this kind of interference, what else is there to do?" Jiang Xingzhou said with a cold face.

"This kind of interference? Director Jiang, you are too modest. After I went back to the audition with you for the first time, I had nightmares for several nights..."

...

Because of the chatter of the judges, and hearing that Song Lin was also so nervous during her first audition with Jiang Xingzhou, Selena's originally tense mood relaxed a lot. Looking at Song Lin, a trace of gratitude flashed in her eyes.

"Okay, let's start." Jiang Xingzhou said.

Selena nodded and pulled out a note.

Scene 37: Losing a child in a rainy night.

Seeing the scene she had drawn, Selena frowned indistinctly. Too bad, why did it happen to be this scene...

Several people had already drawn this scene just now, Jiang Xingzhou didn't have any special expression on his face, and said step by step, "Ten seconds to prepare."

As soon as Jiang Xingzhou finished speaking, someone beside him had already started counting the time, and there was no time for the actor to react.

Even if the heroine of this play is dumb and has no lines, it is a huge challenge for actors to read the script in ten seconds and immediately enter the play.

Fortunately, she had prepared well before, and she already knew the content of the script by heart, and she knew what she was going to act in just one glance.

Ten seconds is up.

The staff who was helping the show said the lines: "No...I'm out of breath...Little Zhuzi is out of breath..."

The staff is only responsible for speaking the lines, not acting. When reciting the lines, they are also rigid and without any emotional ups and downs. It all depends on the audition artist to enter the play.

The moment the staff's voice fell, Selena's expression froze, and then she scrambled and hugged the prop man on the ground.

Similarly, this prop is really casual enough, just wrapped in a roll of quilt, imagined as a child.

When Selena rushed over like crazy, everyone thought she would cry, but she didn't.

Selena hugged the "child" tightly in her arms, pressed her cheek against the child's cheek, kissed the child's cold forehead and face... trembling, she took

off her coat and wrapped it tightly around the child's body, Hugging and shaking gently...

Like, the child is not dead yet...

However, from the mother's body trembling violently, the expression on her face that was terrified to the extreme but still holding on, her eyes that were wide open but still unwilling to shed tears... Everyone knows that the child is indeed dead...

It wasn't until the end that the mother's suppressed emotions finally broke out, crying, silent, but deafening.

Chapter 1604

After the performance, Selena pulled away from the play almost instantly, stood up, then bent down and bowed to the judges.

Jiang Xingzhou glanced at her thoughtfully, as if he wanted to say something, and finally said only one sentence: "It's ok."

Selena responded and walked out, a trace of sadness flashed in her eyes.

I'm afraid it's out of play this time...

After the audition.

Selena was walking absent-mindedly on the side of the road when suddenly a white car slowly stopped beside her.

"Selena!"

Hearing Song Lin's voice, Selena suddenly came to her senses, "Senior Song!"

"Go for a drink together?" Song Lin invited.

Selena was actually not in the mood, but because it was an invitation from the goddess, she finally nodded.

Song Lin brought her to a membership-only music bar. There were not many people in it, and soothing music played, creating a good atmosphere.

"What to drink?" Song Lin asked.

"I also can."

"Then I helped you order?"

"Yeah." Selena nodded.

Seeing the girl's well-behaved appearance, Song Lin's eyes flashed a smile, "How about it, are you sure about today's audition?"

Mentioning this, Selena's expression was slightly embarrassed, but she still answered honestly, "To be honest, I'm not sure. There are too many capable seniors this time. My performance should be considered mediocre..."

Song Lin took a deep look at her, "That's not the case, your previous performance was considered excellent, but..."

Song Lin paused for a moment, and then continued, "Although it's considered pretty good, it's still unlikely to get this role with such a level."

When Selena heard this, she showed an expected expression. When she accepted the script, she didn't read it carefully. After going home, she read the whole content and thought about it. Then she discovered a fatal problem. I was trying to overcome it and wanted to solve it, but... I didn't expect that when I interviewed... I still failed...

"Actually, I was prepared before I came here, so try harder next time!" Selena smiled.

The waiter brought up the two cocktails Song Lin ordered.

Song Lin took a sip and looked at the girl, "Why?"

Selena didn't react when she heard Song Lin's question, "What?"

"Why do you deliberately suppress your acting skills?" Song Lin asked.

Hearing Song Lin's words, Selena was stunned for a moment, and then a trace of helplessness flashed in her heart.

As expected of Senior Song, it really isn't that easy to fool...

"No, Miss Lin, you think too highly of me. I've already given it my all." Selena coughed lightly and said.

Song Lin thought for a while, then propped her chin and said, "Or, should I put it another way, you have scruples, so you can't show your true level. I don't believe you can only do this..."

Selena's head hurt even more.

In fact, her performance today is considered pretty good, just in terms of acting skills.

However, the most deadly point is that she has no empathy, no empathy, and no involvement in the play.

Ordinary people may not be able to see it, but people like Jiang Xingzhou and Song Lin can probably tell it at a glance, especially Jiang Xingzhou, the most important thing is to act with emotion instead of acting purely. After seeing her performance like this, I definitely won't be satisfying.

"Someone secretly tripped you up?" Song Lin asked in a deep voice.

Selena quickly shook her head and explained, "No, it's my own problem."

Chapter 1605

Selena obviously didn't want to say more, and with Song Lin's EQ, she naturally wouldn't force her to ask.

It's just that I still feel a pity.

She was too aware of the value of this film and the heights it might bring Selena to. If she missed this opportunity, she might have to wait for the next film of this quality, and it might take several years.

"By the way, Selena, have you got a boyfriend yet?"

Song Lin suddenly changed the subject, and Selena was so scared that she choked on the wine, "Ahem..."

"Are you okay?" Song Lin hurriedly patted her on the back.

"It's okay..." Selena breathed a sigh of relief.

"Why? This question is more difficult to answer than the one just now?" Song Lin chuckled.

Selena hurriedly said, "No, I don't have a boyfriend!"

Hey, even though the goddess is sitting across from her, she can't tell the truth about this question.

"Really?" Song Lin shook the wine in the glass, "So... where's your girlfriend?"

"Pfft..." Selena choked again.

Song Lin couldn't stop laughing at the girl's innocent reaction, "Selena, you are so cute!"

Selena had a bitter face, she couldn't tell that the goddess still had a side of joking in private!

Song Lin's expression was slightly drunk, and she looked at the girl in front of her eyes, "I really... like you more and more!"

Selena expressed that she was flattered, "I also like you very much, Sister Lin!"

Song Lin smiled and said nothing.

This girl is definitely not a pure personality, otherwise she would have been eaten to the bone in this circle. What is commendable is that she always retains her pure and true side in front of the people she likes and respects...

She likes everything that is real...

Let her have the hope of taking the Internet for herself...

After saying goodbye to Song Lin, Selena immediately called Lin Zhizhi back.

Although Song Lin told her not to give up so early before leaving, there might be hope, but she also knew that Jiang Xingzhou's harshness, no matter what the reason was, her performance today would definitely not pass the test for him.

"Sister Zhizhi, the auditions are over... Sadly, I got the one that I was least sure of... I feel a little hanging..."

Ling Zhizhi comforted her after hearing the words, "It's okay, just try your best, let's wait for the notice from the crew first. If not, we will use the alternative one. I just talked to you about a Hollywood movie." There are not many scenes in the film, and if it goes well, it can be finished in a few days, so you just go to

shoot this first. This time, because the other party is in a hurry and is a small role, there is no need for an audition, and you can directly join the team the day after tomorrow. "

Although Ling Zhizhi said so, everyone knows that even if it is only a few seconds, it is the dream of every Chinese artist to appear in a Hollywood blockbuster. First steps in Hollywood.

How many superstars who have been famous for a long time are just soy saucers in Hollywood. This role is easy for Ling Zhizhi to say, but it is definitely not easy to get it.

Selena was a little surprised when she heard the words, "A Hollywood movie? Could it be... The Secret Service? The movie that Susie signed before?"

"That's right, we were originally talking about Susie. After Susie quit the entertainment industry, this role became vacant. Although there are objective factors such as a temporary replacement, the competition for this unexpectedly vacated role is still fierce.

You The main reason for being selected is that your "The World" was well received after it was released in China. There are also many scenes of fighting and martial arts in Huaguo. Foreigners are interested in these, and the director is very satisfied after watching the film. ..."
