

Cruel Heart Lover Novel

Chapter 1606

I see...

Just at this time, Susie quit the entertainment industry, and Selena won the Golden Palm Award for Best Actress. Her image and popularity were all suitable, and the time, place and people were right, so she got this role.

"Okay, Sister Zhizhi, I understand, will you join the team the day after tomorrow?"

Selena had known about this character before, she was a mysterious oriental woman with strong martial arts to pretend to be, and it was basically not difficult for her who was born as a martial artist.

Now that Huaguo's film market is getting bigger and bigger, even Hollywood has to pay attention to it. In order to boost the box office here, many Hollywood blockbusters like to play this routine, and get popular Chinese supporting actors in it. They will use this point to create momentum when they are promoting, but in reality, when the time comes to screen, Huaguo's artists will only have a few minutes or even tens of seconds of plot, and their lines will only have one or two lines.

She had interned in Hollywood before, and the treatment of Chinese people was very different from that of white people.

Although it is cruel, there is no way, the current status quo is like this.

Ling Zhizhi on the other end of the phone replied: "Yes, I will join the team the day after tomorrow. Because the post-production of "Jiuxiao" is about to enter

the promotional period, I need to prepare, I can't accompany you there in person, I will let Xiaotao accompany you to enter Group."

"Okay, no problem." Selena hung up the phone after chatting with Ling Zhizhi.

Although she had just been informed of such unexpected good news, Selena felt a little regretful about her failure in today's audition.

Late at night, Taohuawu.

There was a beep at the door, and the door automatically recognized the visitor's pupil and fingerprint password.

As soon as Daniel entered the living room, he saw the light in the living room was on. The girl was leaning on the sofa in her pajamas, fast asleep, holding a densely written script in her hand.

Daniel frowned slightly, walked over with light steps, and slowly pulled out the script from the girl's hand.

Just about to put the script on the coffee table, after seeing the contents of the script clearly, he was stunned for a moment.

Scene 37: Losing a child in a rainy night.

Obviously, the owner should have read this page countless times, and the edges of the paper are already frayed.

"Hmm...Daniel...?"

"Ok."

"Why are you here so late?"

Daniel didn't answer, bent down and picked the girl up from the sofa, and walked towards the bedroom, "Why don't you go to sleep in the room?"

Naturally, it was because she was worried about her.

Saul had already told him about her audition today, and it seemed that it was not going well.

"Accidentally fell asleep..." Selena rubbed her eyes in a daze.

Daniel put the girl on the bed, and the girl very consciously rolled over and slept on the other side, saving half of the space.

Daniel rubbed the girl's hair, and lay down beside her, "The audition didn't go well today?"

Selena sighed, "Actually, it's okay, it's just that there are too many masters... But it's okay, I knew before going that the competition this time must be very big, if you don't make it this time, try harder next time!"

The girl's tone sounded very relaxed, and she didn't seem to care. If she hadn't held the script in her sleep and continued to watch the scene after returning home, he might really have believed it...

Daniel looked at the girl, hesitated to speak, and finally said, "Well, there will be opportunities in the future."

In fact, he was worried from the very beginning when he knew that she had chosen this drama, and now it seems that it has come true.

The girl he loves the most...all her pain...is actually brought by him...

Chapter 1607

Seeing Daniel's expression, Selena chuckled, and couldn't help but stretch out her hand to hold his cheek, "Hey, it's just a play, don't you look sadder than me! It really doesn't matter, I haven't So fragile, I can't even accept this small failure!"

Seeing the girl who was clearly hurt and sad but consoling himself, Daniel's heart felt like a knife, and he hugged the girl into his arms with all his strength, wanting to comfort him, but he didn't dare to touch that part of the past.

Looking at Daniel's expression, Selena knew that she couldn't hide it from him, so she sighed and said, "Well... I'm really... still a little affected by what happened back then... After all, that child... stayed in my stomach Nearly eight months..."

No matter what the final truth is, after all, she thought that the child belonged to her and the person she loved the most. From the beginning to the end, she was full of longing for the arrival of this new life. During the days when Roman lost contact, only this The child is with her, she talks to him, sings, tells stories, pours all her beautiful feelings and a mother's love...

However, when she woke up, everything was turned upside down, and the beating little life in her body that was connected with her blood just disappeared...

When she was brought to the morgue, she saw the bruised and cold body of the little baby...

That was a picture she never wanted to recall in her life.

As for the thirty-seventh scene in this play, if she empathizes, if she is fully involved in the play, she will definitely bring that scene back then.

She dare not enter the play.

It was an instinctive reaction of the body's self-protection function, which made her suppress her acting skills uncontrollably.

Daniel kissed the girl's forehead and stopped the girl from continuing, "If you don't like it, don't act. I'll help you pay attention to better scripts."

Selena, if I tell you that the child is not dead, if I tell you that the father of that child is me, if I tell you that I am the one that makes you hate to the bone, that I am the source of all your pain... ..

No matter how clever Daniel was, he still couldn't predict what Selena would face after knowing all of this...

Su house.

The enthusiasm for real and fake daughters has not completely passed, these days Susie has been staying at home to curry favor with Su Hongguang and Zheng Minjun.

"What did you say? That Hollywood role fell into Selena's hands?" Susie went to the balcony to answer the phone, her face immediately filled with sullenness.

"Yes, I heard that the contract has been signed, and Selena will join the team tomorrow." Janice's voice came from the phone.

"This b!tch..." Susie was filled with hatred when she thought of how much effort she had put in to get this role, but in the end she was snatched away by Selena so easily.

If it weren't for this Slut, the golden brown actress, and the Hollywood film contract, all of this aura should belong to her!

"So what? It's just a sideshow that I don't want! There are only three minutes of plot and two lines in the whole play! What is she so proud of!" Susie's tone

was full of disdain, and she was not displeased at the moment. Recall how when she got the role, she went around showing off that she was going to enter Hollywood.

"She can only play with the rest of you. I heard that she went to audition for Director Jiang's new play recently, and her performance was a mess. She must be unsuccessful! Then I will find someone to make a show, and I will make sure she loses it." Big face!" Janice tried her best to say something that made Susie feel comfortable on the other end of the phone.

Chapter 1608

Sure enough, Susie's mood improved a lot after hearing this, "You should pay close attention to the results of the audition."

"Don't worry about it, it's for sure!" Janice assured repeatedly, and then took the opportunity to say, "By the way, Susie... what I said last time...how is it? When can I leave Empire?"

Now that her status in Empire has plummeted, the most important thing is to hang out in the entertainment industry. She really has no face to stay with Selena and Ling Zhizhi, so she hopes that Susie can let her enter Ning International's public relations department.

"Let's talk about it, I'm still staying at home, how can I settle down with you?" Susie's tone was a little impatient, "Help me keep an eye on Selena first, otherwise nothing will be discussed!"

Janice knew that Susie wanted to use her and drain her of her last ounce of value, but she had no choice but to answer in a muffled voice, "I see..."

After finishing the phone call with Janice, Susie removed a pregnancy test stick and went into the bathroom.

After a while, he walked out with a dark face.

Dmn, not pregnant...

Not pregnant again!

These days Roman stays at home less and less, she can even feel his avoidance on purpose, Zheng Minjun is also becoming more and more indifferent to her, and what makes her even more startled is that Ning Yaohua's side last time was intentional or unintentional He tried to test her and said that it would be great if she had a younger brother, so that she could help her and support her...

It's ridiculous! support?

If she really had a younger brother, if Ning Yaohua really had a son, would she still have a place in the Ning family? I'm afraid I can't keep the shares in my hand!

Ning Yaohua was most afraid of Zhuang Lingyu, and would never dare to mess around outside, why did he suddenly have such thoughts?

Or is she thinking too much...?

...

In a blink of an eye, the day of joining the group came.

The place where "Thunderbolt Agents" was filmed in China was Sichuan City in Province S. The scenery in Sichuan City has the most Chinese characteristics, like a pair of ink landscape paintings.

Because the filming of this time has a great publicity effect, Chuan City directly blocked the scenic area for the filming of the crew, and the hotels where the artists live are also free.

"Wow, the scenery is amazing! If the hotel rooms here are in the peak tourist season, you have to book them three months in advance!"

Xiaotao excitedly pushed open the window of the hotel, a large expanse of emerald green bamboo forest came into view, accompanied by the sound of the flowing stream, in the distance were dark mountains and unknown birds...

"Oh, Karen, I hope you don't always pass it at once, so that we can stay for a few more days!"

Selena was pressing her legs on the railing. Hearing this, she turned her head and smiled at Xiaotao, "I'm sorry baby, I'm afraid I'll disappoint you!"

That baby sound, that confident and dazzling expression... Xiao Tao immediately expressed that she was hit knowingly, and then hurriedly "clicked" to take pictures of this scene.

"Karen, can I post on Weibo?" Xiao Tao excitedly showed Selena the photo she just took.

Selena didn't look carefully, "Okay, let's post it."

Selena's signing of this film has been officially announced, so she can already reveal the itinerary to fans.

Xiaotao hurriedly posted a Weibo message happily:

(Shy) Haskashi... I feel like I'm on my honeymoon with Karen...

The background of the picture is the beautiful scenery outside the window. Under the setting sun, Selena is pressing her legs. The difficult and extremely standard movements complement the girl's figure very well, especially the confident and doting smile when she tilts her head to look at the camera. It's like making people bump into each other, killing both men and women.

Chapter 1609

As soon as Xiaotao's Weibo post was posted, there were countless likes, comments and retweets, and it quickly became popular. Selena's fans were so jealous that they couldn't help but beat Xiaotao up.

Apart from licking the screen, many fans recognized that Selena was on the filming location of "The Secret Service", and they became even more excited.

Brother Fan Xi has been with me since "The World", seeing my Karen is getting more and more popular, and now I can make movies with Keshen, I am so excited!

And my goblins Orlando, Benny, and my Goddess Jennifer! They are all super international celebrities! That's amazing, my Karen!

Among the excited voices, it is inevitable that there will be some inappropriate comments...

I'm also speechless, isn't it just a trick? Is it necessary for you stupid fans to have a collective orgasm? It's as if it's such an important role. When the movie is released, you will be confused. It was just a trick, and it will be reduced to only a few seconds of showing your face!

Tsk, the 18th line who was born as a walk-on, isn't he still playing a walk-on even today!

Isn't this character the one that Susie doesn't want to keep after she retires? What kind of Miss Qianjin actually picks up things that others don't want!

...

Someone's sailors keep their mouths clean, they dare to yell here for doing such a shameless thing, what do you want, they are clearly kicked out of the entertainment industry like a bereaved dog! Who doesn't know that she spent

tens of millions of dollars for this trick, and even lowered her self-worth with zero pay to join the group? Now it's a disdainful tone! Where is the face?

On the contrary, it's a certain shameless person who racked his brains to fight for everything, and the title of Miss Qianjin who has been brazenly occupying until now, is what we Xi brothers don't want and don't care about!

Fortunately, Selena's fans were extremely powerful, and quickly scolded the other party to silence.

If you want to ask who has the strongest fans in the entertainment circle, besides Louis, that's Selena!

Many people were even secretly thinking, if one day Louis's fans and Selena's fans got into a fight, who would win...

After resting in the hotel all night, Selena rushed to the filming location on time the next morning.

There were about fifty people at the scene, everyone had a clear division of labor, and they were filming a gunfight scene in a tense atmosphere.

There were a lot of gunfights in this scene, but Selena didn't. Her roles were limited in the first place. There were only two scenes, and they were all classical Chinese martial arts scenes.

There are four protagonists in this play, three men and one woman, Colin, Orlando, Benny, and Jennifer, all of whom are well-known Hollywood stars in Huaguo.

The character of Selena was one of the subordinates of the villain boss.

As for the whole plot, it is nothing more than a few heroes saving the world together. Hollywood blockbusters mainly focus on special effects and scenes.

A tense shooting ended quickly. After the director shouted "click", he saw a Huaguo girl not far away from the corner of his eye. His eyes lit up and he greeted her enthusiastically, "Hey, Selena?"

"Director Martin!" Selena stretched out her hand to greet the director.

"Oh baby, you are even more beautiful than I imagined, you are like an oriental porcelain doll!" The director praised exaggeratedly, and then gave Selena a warm hug.

Selena exchanged a few words with the director modestly, but she didn't take the director's words too seriously. If you deal with foreigners a lot, you will know that they are habitually enthusiastic, not necessarily because they really think you are so good.

Chapter 1610

Soon several other leading actors came over and greeted Selena one by one.

Colin is the earliest generation of beautiful men in the country, which is equivalent to those little fresh meats that are popular in Huaguo now, but now Colin is in his forties, has been polished in the circle for so many years, and he has the charm of a mature man all over his body. He is a veritable male god in the eyes of fans all over the world.

Benny is very big, he is the classic image of a tough guy with a bald head in Hollywood. Needless to say, Jennifer is a super beautiful woman with a hot body and big wavy blonde hair, and the only heroine in the whole show.

"Orlando, nice to meet you, my little beauty..." Orlando, who was nicknamed the little fairy by Huaguo fans, was speaking. The characters in the film looked at Selena with great interest, but they were not particularly explicit.

Fans who are familiar with Orlando know that Orlando especially likes oriental women, and several of his girlfriends are Chinese.

"Me too, you are very popular with girls in China!"

"Ha, is it?"

...

Because Selena was studying in Los Angeles before, her spoken English was pretty good, and she had no problem communicating with everyone. After a brief exchange of pleasantries, Selena went to make up and change her clothes.

For convenience, Selena wore a simple white T-shirt and jeans when she came over.

And she only has one set of clothes in the play, which is the cheongsam that best reflects Hua Guofeng.

Selena was changing clothes in the dressing room, while outside was busy preparing for the next scene.

Because the director was busy talking to several leading actors, so the first generation staff asked Selena to put on her make-up and go to get ready first.

After Selena changed her clothes, she went straight into a thatched hut where she was filming later.

Later, several leading actors will come to visit her master, and she will be in charge of receiving them.

Selena waited bored inside the house for a while, and finally waited outside to call for preparations to start.

"ation..."

Outside an antique cabin, Colin, Orlando, Benny, and Jennifer glanced at each other, and then approached the house with vigilant faces.

Squeak...

Accompanied by the sound of a hoarse door being pushed, plain white slender fingers pushed open the door of the hut, and a Chinese woman in a cheongsam with flowing clouds and dark patterns appeared in everyone's sight.

The woman looked completely different from the one just now wearing a t-shirt and jeans. A gorgeous cheongsam outlined a perfect figure, and the appropriate vintage makeup made the whole person look like a classical beauty who had just stepped out of a picture scroll. The hairpin is casually held behind the head, the eyebrows are far away, and the mouth is full of vermilion. Together with this ink painting-like landscape, it forms a dreamy picture scroll...

The wind blowing from the mountain mist brushed the hair on the girl's sideburns, Selena's eyes were stained with frost, and her eyes swept coldly at the uninvited guest in front of the door: "Who is here?"

Looking at the woman full of oriental charm in front of him, Orlando's expression was dull, and his expression had completely changed from a light greeting just now to a hot one, and the eyes of the other three leading actors also flashed surprise.

The director didn't seem to have expected that Selena's effect after changing her costume would be so good, so he forgave the collective ng of his leading actors.

The filming started again, Selena opened the door to receive the four people, and then poured tea for them, asking them to wait for the owner to return.
