

# Cruel Heart Lover Novel

## Chapter 1611

Director Martin has a lot of research on Chinese culture, and he immediately saw that Selena's tea making techniques are very professional.

It was originally a very bland plot, but Selena's every move from making tea to serving tea was full of artistic sense and Chinese classical flavor. This collision of Chinese and Western cultures made Martin's blood boil. This is what he wanted!

Therefore, even though the time for watching this scene has exceeded, Martin still didn't yell "click", and let the cameraman continue to shoot, and he was ready to not delete a single frame.

"Xi, you are really amazing!"

After the shoot, the director warmly hugged Selena, this time the compliment was obviously a little more sincere.

"Have you ever learned how to make tea?"

Selena was naturally very happy to be recognized by an international director like Martin, "I've studied it, but I'm not proficient, so I can only deal with shooting."

"No, no, no, you are doing better than many professionals I have seen! You are very good!" Director Martin looked seriously, and then looked at the girl intently, showing a thoughtful expression.

Originally, he found an actor from Huaguo purely for the purpose of making a gimmick to earn Huaguo's box office, but he never expected that this girl's performance would be so outstanding.

Wouldn't it be too little for a three-minute shot?

...

This scene passed smoothly, and the next scene followed.

Selena only has two scenes in total, if this one goes well, then tomorrow she can make a show...

The next scene is a fighting scene, which is also a rival scene between her and Orlando. The director specially invited a first-class martial arts instructor in China to teach them martial arts moves.

Orlando guessed that he had been mixing with this martial arts instructor for the past few days, and he was already very proficient in the movements, not to mention Selena, who also learned quickly.

When Selena and Orlando played against each other in private, they were in slow motion, and they would speed up a little when they became more proficient.

Orlando's attitude was different after seeing Selena's change of clothes just now. Now he treated her like water, and taught her to cooperate with her very patiently, for fear of hurting her.

Selena was chilled by the other party's petite appearance. She was wandering around the battlefield anyway, so how could she fail to see what this guy was trying to do.

This guy... is trying to tease her?

It is said that Orlando likes oriental girls, which seems to be true?

But Orlando is still quite a gentleman. Although he is suspected of taking advantage of filming to pick up girls, he never makes excessive verbal provocations or hands-on actions.

"Okay, everyone, get ready, the next one will start!" Director Martin shouted not far away.

Orlando immediately spoke to Selena affectionately, "Don't worry, I'll secretly slow down a little later, you don't have to worry about not being able to keep up..."

"Thank you, Senior Orlando!" Selena thanked obediently.

Orlando's desire for protection was satisfied, and he smiled with satisfaction.

"action..."

Shooting begins.

Orlando and Selena stood facing each other in a forest.

In this scene, Orlando stole the treasure map and was stopped by Selena.

The moment the director yelled "Start", the originally graceful and soft classical beauty seemed to be a different person in an instant, and flew towards Orlando with an extremely sharp momentum in an instant.

The white color flashed through the high-slit cheongsam.

When they were playing against each other, the two of them were mainly proficient in their movements. In addition to this first shooting, Orlando only practiced his hands first. He never expected that Selena would change so much after entering the scene. She was like a walking Murder weapon ah.

However, before he could react, the opponent's attack was fiercer than the last, and there was still half a point left before that cute and gentle appearance, which was simply terrifying...

At the last moment, when Orlando was trampled under by Selena, with a condescending gaze, he pulled out the treasure map he had hidden inside...

Orlando was lying on a dead leaf, looking at the girl's terrifying and even chilling expression with a full face, muttering in his mouth, "Oh baby, I'm so fascinated by you!"

Selena: "..."

There is no such line, okay!

This guy doesn't like Huaguo girls, but a masochist, right?

## -----Chapter 1612

"good-take!!!"

After a moment, the director yelled.

After hearing the director's shout, not only Orlando, but Selena was also taken aback.

Did she get it wrong? Not "take-o", but "good-tack"?

Forget it, maybe the director thinks Orlando's impromptu play of this line is not bad!

In short, it is good to be able to live.

Selena hurriedly took her foot off Orlando's body, stretched out her hand towards Orlando, and apologized, "I'm very sorry, Senior Orlando, I didn't hurt you just now, did I?"

Orlando grasped Selena's hand with a queen's exaggerated expression and climbed up, "Of course not dear, you are too gentle, you can definitely use a little more force! Make me hurt more!"

Selena: "..."

What the hell is it that makes you hurt more by pushing harder...

Could this be a real shock...

"It's fine, thank you very much! It's a pleasure to cooperate with you this time! I hope to have the opportunity to play with seniors next time!" Selena bent down and bowed to express her gratitude to Orlando, and then thanked Orlando one by one. Other entertainers and crew.

After this was over, she was done.

Xiao Tao, who was on the side, had just recovered from the picture of her Karen being so handsome, and found that Karen had actually finished!

Sister Zhizhi said it would go well for a few days, but she never thought it would go so smoothly... The filming was finished in one day! Oh, what a pity!

Not only is the scenery beautiful here, but the handsome guy is so handsome!

Orlando really deserves to be called the goblin by fans, he is so charming and charming!

Seeing Selena saying goodbye to everyone, Orlando couldn't sit still, and rushed to Martin, his beautiful eyes full of emerald pools filled with begging,

"Oh, my dear director, I think I made a mistake just now. Got the lines, didn't you?"

So hurry up and let me retake it!

The director was concentrating on something, and waved his hand impatiently, "Orlando, this scene is over, please don't disturb me."

After speaking, I went to the camera to watch the replay.

Orlando sadly extended his hand towards the director's ruthless back.

After greeting the actors and staff, Selena walked up to the director, "Director Martin, it's a great honor to work with you. Although the time is short, we have gained a lot..."

After exchanging polite greetings, Selena said goodbye, "If there is nothing else I need to do, then I will leave the group tomorrow."

After all, hotels are provided free of charge, and they are considered public resources. It is not good to say that she continues to stay here after her role is over.

Director Martin withdrew his gaze from the video playback, looked at the girl in front of him, and said seriously, "Dear Xi, I have a presumptuous request. Your shooting today is very good, there is no problem at all. However, I hope you can stay for a few more days! Three days... no, two days, is that okay?"

Selena thought about it for a while, thinking that there might be something that needs her cooperation in the future, for example, if there is any change in the related plot later, then her part will also be involved.

Since it was the director's personal request, and her itinerary had enough time, Selena naturally wouldn't refuse, so she simply agreed, "Of course no problem, I'm at the hotel, director, if you need anything, you can always contact me!"

Martin breathed a sigh of relief when he heard the words, "Thank you so much!"

## -----Chapter 1613

After work was over, director Martin found the screenwriter immediately, "Charles, please come to my hotel room after the end! Bring the script!"

Charles, who was smoking a cigarette, showed an expected expression, and then made an OK gesture.

...

Inside the hotel room.

Martin was pacing back and forth. After Charles came in, he didn't have time to say more, and he couldn't wait to get straight to the point and said, "Dude, I want to add some roles to Xido, what do you think?"

Charles stretched out his hand and gave Martin a high-five, and said something in Chinese: "A gentleman sees the same thing."

Martin immediately expressed his thoughts excitedly, "There's only one fighting scene, which is too little. Xi's skills are great, and the effect of the shooting is very exciting..."

Charles pondered for a moment, and then interrupted the other party, "But...man, you have to be clear, if you add too many scenes, it means that other plots must be cut!"

We must know that the time requirements of movies are very precise. Sometimes the reduction of one frame of special effects is a lot of money. It is not easy to get one more shot.

This is naturally the reason why Martin was so entangled. Hearing this, he said with a firm gaze, "Charles, don't you think that this marvelous scene gifted by nature and Xi's strong oriental cultural heritage are more moving than the cold special effects? I know there will be risks, but I trust my judgment!"

Charles shrugged when he heard the words, "OK, if you insist, I actually think so too! Well, let's discuss the additional plot, how long are you going to increase?"

"Ten minutes! No... fifteen minutes!" Martin said excitedly.

Appearing in such a blockbuster full of special effects for fifteen minutes...is this enough to catch up with the role of the second female lead? Even Benny, who is one of the leading actors, only has a plot of more than ten minutes.

Charles heard the words and said, "If this is the case, then I suggest that we can add another emotional line, the emotional line between her and Orlando..."

The screenwriter Charles didn't finish his sentence. With a "bang", a tall figure rushed in like a whirlwind and hugged Charles, "Oh, baby, I love you! You are really my angel!!!"

Charles pushed Charles away quite helplessly, "Orlando, you don't need to thank me, I think Martin thinks so too, otherwise he wouldn't have left your wrong line..."

Orlando was about to hug Martin excitedly again, but Martin avoided him in disgust, and said with a serious face, "Orlando, I know she is the type you like..."

Orlando immediately interrupted him, and said with a serious face, "Oh no! My dear, she is more than my type! She is my queen!"

Martin was speechless, and continued to remind, "But, I want to warn you, you know me, it is strictly forbidden to pick up girls and have scandals in the crew! You'd better pay attention!"

Orlando hurriedly swore to the sky, "I swear to God! I will definitely endure until the end of the filming before pursuing her!"

Martin knew that although Orlando was flamboyant, he still had professional ethics, so he relaxed a little.

Seeing that the director was no longer angry, Orlando hurried to the screenwriter, who was as sticky as candy, and smiled obsequiously, "Hey, dear Charles, what do you think of arranging a sex scene? It will definitely be very exciting!"

## ----Chapter 1614

Orlando's request was rejected by the director.

The final decision was to go in an ambiguous direction. Orlando had a good impression of this mysterious oriental woman, but King Xiang had dreams, the goddess had no intentions, the flowers had intentions, and the water was ruthless.

In short, Orlando wishful thinking.

Orlando imagined being stared at by those cold eyes without emotion, and his blood boiled suddenly. Well, being ruthlessly rejected by the queen is also very emotional!

...

After Selena returned to the hotel, she first reported the situation to Ling Zhizhi.

"Sister Zhizhi, today's filming went smoothly. Both scenes have been filmed, but the director asked me to stay for another two days. Maybe there is something that needs my cooperation in the future!"

Ling Zhizhi on the other end of the phone was silent for a while, but she didn't say much, "Okay, got it."

Generally, it would not be the case for an artist to stay on the set after filming. Besides, Selena's role has little influence at all, and there is no possibility of any changes, unless... there may be additional scenes later.

But, after all, in the Hollywood crew, it would be good if the Chinese were not deleted in various ways. Many artists followed suit for several months, and only a few scenes were deleted in the end. It is almost impossible to add scenes.

Lin Zhizhi wasn't sure, so she didn't say anything, but told Selena to wait.

Selena had just finished taking a shower, and was leaning on the deck chair on the balcony, blowing the cool night breeze mixed with the fragrance of grass and trees, when suddenly there was a deep, hoarse and affectionate singing voice from downstairs...

"You gave me a taste of love

like a silent night in the woods

like spring mountains

like a free and easy walk in the rain

like a wild storm in the desert

like a gentle sleeping blue sea

..."

Xiaotao rushed out of the room in a flash, "Ah... that sounds good... this... this seems to be the voice of Lord Orlando!"

Orlando was a singer before entering the show business circle. He had a very charming voice and was once known as the prince of love songs. Now, on such a beautiful night, such a beautiful day, singing this love song full of love is enough to make all girls fall in love love river...

Xiaotao didn't even have enough mask, so she took it off, then leaned excitedly on the railing and looked downstairs, exclaiming excitedly, "Ah! Karen! It's really Lord Orlando!"

At this moment, Orlando was standing under a trellis of roses, with the sparkling lake behind him, blond and blue-eyed, looking up at Selena affectionately and singing in Selena's direction, it seemed like a romantic plot only found in retro movies... ..

"Let me dedicate my life to you

let me fall in your smile

let me die in your arms

let me always be by your side

Please accept my love for you

..."

Hearing this sentence, Xiaotao suddenly recovered from her intoxication, and covered her mouth, "Ah...my God! O...Master Orlando, what do you mean by this..."

Standing on Karen's balcony and singing a love song, or... a love song with this kind of lyrics...

Although Orlando sang in English, this song is really famous. It is also a household name in China, and Xiao Tao is also very familiar with it, so I understand all the lyrics.

Selena looked downstairs and met Orlando's affectionate eyes.

Selena: "..."

She thought that even if Orlando had something for her, she would not show it on the crew, but now...

Selena pinched the center of her brows, worrying about what to do in this situation, when she heard Orlando's cell phone ringing downstairs.

At the same time, the opposite window opened, and through the shadow of the tree, Selena could vaguely see Director Martin who was holding up the phone and shouting.

"Orlando! What did I say to you!!!" Director Martin roared from Orlando's cell phone.

Orlando was yelled at with an aggrieved face, "I promised you...but...she's so cute, I can't help it! Dear Martin, if you've ever fallen in love with a girl, you can understand me..."

"Shut up for me! Get out of there immediately!!!"

## -----Chapter 1615

"Shut up for me! Get out of there immediately!!!" Martin's roar was so loud that even Selena who was opposite could hear him.

Selena heard the two of them fighting each other, black lines all over her head: "..."

Orlando reluctantly glanced in Selena's direction, and then muttered to Martin on the other end of the phone, "Martin...do you know? You look like a father who beats a mandarin duck and ruins his daughter's relationship!"

Martin: "..."

He really wants to kill that brat now!

Orlando was scolded, and finally walked away step by step.

Not long after they left, Selena's cell phone rang. It was Director Martin calling.

Martin on the other end of the phone sighed helplessly, "Xi, I'm sorry, that brat was too abrupt, I hope he didn't cause trouble to you, you can just ignore him!"

"Cough...it's okay..."

Fortunately, the entire scenic spot is closed, and there are no outsiders, so the impact is not great.

Martin continued, "There is one thing that I wanted to tell you when I was ready, but let me tell you now, that's right, I've already discussed with the screenwriter, and I want to add a play to you, the specific content to be added We will confirm it as soon as possible, so I will trouble you to wait a few more days."

Hearing Martin's words, Selena was stunned for a moment, "Add drama?"

"Yes, your performance today is very exciting, I believe your joining will give the audience more surprises."

Listening to this voice... It seems that there are quite a few scenes added?

Selena quickly calmed down, "Director Martin, thank you! Thank you very much for your affirmation!"

"No, this is what you deserve. By the way, your role...in addition to the added fighting scenes, there is also a relationship with Orlando, but don't worry, it's just ambiguous!" Martin deliberately explained.

"Okay, I understand, thank you director, I will perform well! Thank you director for your trust and the opportunity you gave me!"

...

Selena couldn't react until she hung up the phone. Not only did she add a fighting scene, but she also added a relationship with one of the main protagonists?

Xiaotao immediately forgot about Orlando's troubles, and was attracted by the word "add drama", "What's the matter? What extra drama? Karen! Did the director say he wants to add drama to you?"

"should be."

"Great!" Xiaotao turned around excitedly, "I'll report the good news to Sister Zhizhi!"

After Lin Zhizhi received Xiaotao's call, she never expected that her prediction would come true, so she immediately told Selena to cooperate well, and then told the two of them not to disclose this news to the outside world.

After all, it's just what the director said verbally, and it hasn't been confirmed yet. What's more, even if it is finalized, it is completely uncertain whether it will be deleted later. If it is exposed now, and it is deleted later, it will inevitably be considered deliberate Deception and hype.

There are countless pairs of eyes staring at Selena now, so she must always be careful.

"Understood Sister Zhizhi, and... there is one more thing..." Xiao Tao glanced at Selena with some hesitation, wondering if she should say anything about Orlando.

Selena also had a headache, but felt that it was necessary for Ling Zhizhi to say something, so she nodded to Xiao Tao.

Only then did Xiaotao say, "Sister Zhizhi, Orlando seems...seems to be interested in Karen... just now he was downstairs singing a love song to Karen, but he was yelled back by Director Martin... Alas, Sister Zhizhi, you don't know Orlando-sama is really handsome and charming, he sings well and looks like he really likes Karen..."
