## Chapter 1616

Xiaotao was clearly reporting to work, but the topic changed when she was talking.

Ling Zhizhi on the other end of the phone couldn't laugh or cry when she heard the words. After all, Selena's image is here. When she decided to take Selena with her, she had already prepared for such things. Selena herself was always careful about her words and deeds. Already done well.

It's just that I didn't expect that if I escaped the first day of the junior high school but not the fifteenth day, nothing happened to the domestic artists, and something happened to the Hollywood crew...

"We just need to take care of ourselves and don't leave any talk for others. As for Orlando, director Martin is famously strict, and the director will restrain him in the crew."

As for the aftermath of filming, Selena will leave the film crew, and Orlando will return to China after the filming, so the two of them will naturally have no interaction at that time.

After finishing the phone call with Ling Zhizhi, Selena was relieved a lot, indeed, as long as she survived the time on the set, it would be fine.

What's more, for a man like Orlando, enthusiasm comes and goes quickly.

...

Two days later, the new script was rushed out by working overtime overnight.

Selena was very surprised after watching it. The weight of the plot...was even more important than she had imagined!

After hearing the news, Ling Zhizhi immediately helped her adjust the next itinerary, freeing up time.

Even if it may be deleted in the end, such an opportunity is too rare, and there is a glimmer of hope to fight for.

"Sister Zhizhi, Director Jiang...is there any news?" Selena had already told herself not to think about it, but she couldn't help asking.

"There are rumors that it may be Fang Xiaowen, but there is no official news yet. As soon as there is news, I will let you know immediately." Ling Zhizhi replied.

"Okay, thank you, Miss Zhizhi!"

...

Time passed quickly, Selena's filming in the crew was going well, director Martin's intimidating power was there, and Orlando was still restrained.

In a blink of an eye, the last scene will be filmed tomorrow.

Orlando walked up to Selena with a face full of reluctance, "Xi, I really hope that this movie will not end and continue to be filmed..."

Selena smiled, "There is a saying in Huaguo that there is always a banquet in the world, and we will have the opportunity to cooperate in the future if we are destined. During this time, thank you, Senior Orlando, for your care!"

Probably knowing that Orlando might like to be abused, Selena tried her best to maintain a soft and well-behaved image in private, but at present, it seems that it has no effect.

Not only did Orlando look at her, the heat in her eyes didn't subside, but it became more and more hot as time went by...

"Xi, I'm really afraid that I won't be able to shoot the scene tomorrow."  
Orlando looked at the gun in his hand with a sad face.

In tomorrow's scene, Orlando shot and killed Selena with his own hands...

Regarding this result, Orlando hugged the screenwriter Charles several times and cried several times. He even demanded that he could be killed by Selena, saying that he couldn't kill Selena, even if it was filming...

Selena's eyes accidentally fell on the gun in Orlando's hand, then she frowned slightly, and couldn't help staying for a few more seconds.

Seeing that she was interested, Orlando immediately introduced to her excitedly, "This is Brat 92f! The king of guns! The body of the gun is made of aviation aluminum alloy..."

Probably because men are more interested in guns by nature, Orlando introduced Selena eloquently for a long time, and then said, "This one is fake, but it is very realistic! You will also use guns in tomorrow's scene, Come, let me teach you how to hold a gun!"

## -----Chapter 1617

Selena still wanted to maintain her character as a weak little white rabbit, so it was impossible for her to say that she was so good at playing with this thing, so she said innocently, "Thank you, senior."

When Orlando heard this, he immediately happily taught Selena how to hold a gun and shoot in detail, as well as the skills to make the movements look more beautiful.

"Orlando, prepare for the next game!" The director shouted not far away, his tone full of warning.

During this period of time, as long as Orlando clings to Selena for more than five minutes, Martin will give him "kind greetings".

Orlando looked very sadly at the club that was hitting the mandarin ducks not far away, and then gently put the gun in Selena's hand, "Do you like it? You can take it back and play, and just return it to me when we shoot tomorrow." Yes! Martin made me familiar with the grip of the gun, and I'm already very good at it!"

Selena originally wanted to say no, she wasn't interested in a fake gun, and besides, she didn't have many scenes with a gun, it was just a scene, so she didn't need to practice, but a pair of the other party's expectant Eyes as bright as gemstones that shone beyond words...

Selena could only accept it with a nod, "Thank you!"

During this period of time, she had explicitly rejected her, and even vaguely revealed that she already had someone she liked, but the other party was completely immersed in her fiery emotional world that was about to ignite spontaneously, and she didn't listen to it at all...

Fortunately, it will be finished tomorrow...

Return to the hotel at night.

After taking a shower, Selena called Daniel.

At that time, the Lu's Group building was still brightly lit, and the long and tense memories in the conference room made everyone's faces tense and exhausted.

In the condensed air, a mobile phone rang suddenly.

Daniel glanced at the caller ID, and then raised his hand to interrupt the senior executives who were reporting, "The meeting is suspended."

Everyone looked at each other in blank dismay. What an important phone call, but the boss interrupted the meeting at such a time?

"Do you still need to ask? Just look at the boss's expression!"

"Thank you lady boss for saving my life..."

...

"Hello?" Daniel walked to a quiet balcony.

"really miss you..."

Hearing the girl's voice on the other end of the phone, the man's expression softened instantly, "I asked Cheng Feng to book a plane ticket."

Selena naturally knew how busy Daniel was during this time, but because of a casual sentence, he rushed over immediately...

Hey, she must have saved the world in her previous life.

Selena hurriedly said, "No need! I called to tell you that I have my last scene tomorrow, and I can go back the day after tomorrow!"

"Send me the itinerary, and I will pick you up."

"Hmm..."

Selena was about to get bored with Daniel for a while, when suddenly there was a singing voice from downstairs outside the window, "You let me taste the taste of love, like a silent night in the forest, like a mountain full of spring..."

Selena suddenly had black lines all over her head, and almost forgot that someone had a fit and gave a concert from time to time, "...cough, one of the leading actors of our film crew was a singer before, and he likes to shout a few times when he has nothing to do..."

"Let me be by your side forever, please accept my love for you, dear Xi, my favorite Xi..."

Selena: "!!!" Dmn! This guy actually changed the lyrics!

Daniel: "..."

Selena: "Boss, don't worry, I'll pinch it myself!"

...

The next day, the filming location of the crew.

Last night, Selena sadly explained to Daniel for a long time that the first thing she did, after she came to the set, was to concentrate on preparations and try her best to get it over in one go.

On the contrary, Orlando made up his mind to pay more attention today!

However, when it was time to shoot, Orlando was in a daze...

## ----Chapter 1618

The location of today's shooting is a cliff with magnificent scenery.

Originally, Selena's ending was to die by Orlando's gun, but after Martin and Charles discussed it, they finally arranged an open ending of being shot and falling off a cliff, and Ming Selena's life and death were not mentioned in the end.

When Martin made this suggestion, Charles was surprised to understand what Martin meant.

This film is very likely to be followed by a sequel. If the first film shows that Selena's role is well received, then it is very likely that Martin will let Selena continue filming the sequel.

Selena naturally thought of this when she got the revised script. Even if it wasn't for avoiding Orlando, she would definitely go all out today.

"3, 2, 1, action..."

With the sound of hitting the board, the filming began.

From the very beginning, Orlando had intentionally missed a few times in order to spend more time with Selena. He had been in the entertainment industry for so long, and it was really easy for him to get an invisible ng.

However, when the filming officially started, Orlando was in a daze...

The moment the director yelled "Ka", Selena, who was holding a gun not far away and fighting with the extras, seemed to be possessed by something terrifying.

Originally, the design of her scene was very simple, but it became completely different under her performance. The dazzling marksmanship, the handsome gun-holding action, the cold eyes that are so exciting that they are trembling. It seems that she is really a killer without any emotion...

And Selena's skill with the gun is too amazing, he just taught her casually yesterday out of ulterior motives, it is absolutely impossible for her to do this.

Although it was the first time to shoot, and there was no match at all beforehand, Selena was able to bring everyone into the scene, leading everyone to cooperate with her every movement, even Orlando, who was

originally planning to be ng, ended up with a body Completely uncontrollable cooperation with the girl, kicking off the gun in her hand, and then ten steps away, he pointed the gun at the girl's heart, his face was full of mixed emotions of love and hate...

At this moment, he forgot everything, forgot that he was Orlando, and forgot that he planned to have selfish intentions. He looked at the girl opposite and completely entered the world of the protagonist Randy...

This mysterious girl who moved his heart beyond hope was his enemy...

Compared to Orlando's complicated and struggling expression, Selena was just a murder weapon trained since she was a child. She didn't have any emotions. Even in the face of death, her eyes still didn't fluctuate in the slightest.

Selena looked at Orlando, and her peripheral vision fell on the gun in his hand. In the next second, her eyes flickered, and her indifferent expression, which was completely immersed in the scene, shook slightly...

that gun...

"Bang..." At this moment, Orlando finally closed his eyes and finally pulled the trigger.

The moment Orlando pulled the trigger, his closed eyes widened in horror, and he was instantly shaken out of the scene by the sound of gunfire.

what happened!

This is just an imitation gun, why does it make such a sound! And the feeling when he shot just now... No...

Not only Orlando, but everyone present was stunned. Martin, Charles and all other staff were in a mess, running towards the direction where the girl fell in horror.

"Oh my God!"

"My God! That's a real gun!"

"f, u, c, k! What the hell is this!"

"Xi! Selena! How are you?"

...

## -----Chapter 1619

Hospital, outside the ward door.

Orlando's beautiful blond hair was messed up, his clothes were wrinkled, and one of his shoes was missing, and he was full of panic at the moment.

In addition to Orlando, there are directors, producers, screenwriters, prop masters, Xiaotao outside the door of the ward...

"Orlando! You'd better give me an explanation! What the hell is going on!" Martin was as irritable as an enraged lion at the moment.

"Martin! I don't know! I really don't know...I don't know how that could become a real gun!" Orlando held his head in pain, his fingers were still trembling until now.

Martin stared at the man in front of him, his expression shouldn't be just pretending...

However, Martin's expression still did not ease at all, "You don't know! That gun has always been with you, how could you not know?"

Orlando was already a little distracted at the moment, holding his head for a while before he stuttered and said, "Yes...it's with me...but it's not always with me...I...I put that I gave the gun to Xi...let her take it back for practice...she gave it back to me this morning..."

Xiaotao on the side cried until her eyes were almost swollen into peaches, and she choked and said, "Director, Teacher Orlando did give the gun to Karen last night, and I returned it to Teacher Orlando the next day... .."

"Have you passed other people's hands?" Martin asked immediately.

Xiaotao shook her head, "Probably not!"

"Dmn it..." Martin cursed angrily.

The hotel is sealed off, except for the staff, outsiders are not allowed to enter. Who is it that changed the gun without anyone noticing? The other party wants us to do this again?

The scene just now was chaotic, and Selena's costume was red again, so it was hard to see where she was injured.

Now the doctor is still examining her inside, and they don't know what's going on.

Selena is the most popular entertainer of Shengshi Entertainment, the most powerful agency in Huaguo, and Shengshi Entertainment is also a subsidiary of Lu Group, if something happens to Selena in his crew...

Even if this matter doesn't alarm the Lu family's lord, they will definitely have a lot of trouble...

Hua Guo's management of guns is very strict, so he found a relationship and sent the person to this very secret private hospital, otherwise he would send him to another hospital. If he saw that it was a gunshot wound, even the police would be alarmed...

"Why hasn't Xi come out..." Orlando looked anxiously into the ward.

"Orlando, you go back to the hotel and stay for me. Find out, your suspicion has not been cleared!" Martin said coldly.

Orlando's face was ashamed, "I will, but please let me confirm Xi's situation first!"

At this time, the door of the ward opened, and a doctor in a white coat came out.

"Doctor, how is she?" A group of people surrounded her.

Just as Martin was nervously confirming Selena's condition with the doctor, there was a sudden sound of footsteps in the corridor behind him.

Martin's expression darkened immediately.

How could someone come, he clearly told the hospital to seal off this floor!

The man was followed by a subordinate who looked like an assistant, a frost came from a place of ice and snow, and his whole body exuded an incomparably frightening aura...

After seeing the person coming, Martin's heart skipped a beat, and he secretly thought it was bad.

## -----Chapter 1620

Lu... Daniel...

how can that be?

The CEO of Lu's Group, the legend of China's Wall Street, the myth of China's business circle...

The other party is extremely low-key and rarely shows up in public. Martin will recognize him because he has seen the other party once at a reception. The other party didn't seem to be as unreasonable as the rumors said, and he seemed to be very interested in the entertainment industry and very professional. I talked to him about a lot of professional issues...

"Leo..." Martin called out the other party's English name tremblingly.

Martin almost didn't dare to recognize him, because the man in front of him was so different from the man he saw that day.

"How is he?" Daniel didn't linger on Martin for a moment, but looked straight at the doctor like a sharp knife.

There was still a trace of luck in Martin's heart, but he didn't expect that what he was most worried about happened. The other party really came for Selena!

The CEO of the group actually came forward for an employee of the subsidiary?

The doctor was frightened by the horrific aura of the visitor, and immediately after the man appeared, he was in control, the doctor hurriedly abandoned Martin, turned to him and replied, "I'm fine, fortunately, it's just a superficial injury. "

"Skin trauma?"

"It's just a skin injury, are you sure?" Orlando couldn't help interjecting.

"Yes, the bullet missed vital organs and organs, but the shoulder." The doctor replied truthfully.

Hearing the doctor's words, Martin's face was full of survivors, and his back was already wet with sweat.

Immediately afterwards, Martin's eyes were full of disbelief. You must know that Orlando's gun was aimed at Selena's heart. If it hit, it would definitely be a disaster.

But now he suddenly remembered that before Orlando shot, Selena seemed to have moved very quickly. Could it be that she noticed something was wrong at that time and avoided it on purpose?

At that time, how did she find out that something was wrong and precisely avoid the vital point?

Orlando didn't care about who the person who appeared suddenly was. The doctor rushed into the ward impatiently..."Xi!"

Daniel's gaze stayed on Orlando for a second, and then he stepped into the ward.

Martin still didn't understand the situation at all at the moment, so he could only follow in nervously...

In the ward.

At this moment, Selena was leaning on the hospital bed. Her wounds had been treated and she had changed into her hospital bed clothes. She looked fine, but her face was a little pale.

"Xi...are you okay? I'm sorry! I'm really sorry...I really don't know that gun is real...I'd rather the bullet hit me...hit me thousands of times...on behalf of You suffer all the pain..." Orlando was about to shake Selena's hand excitedly, but

for some reason, he felt chills down his spine, so he withdrew his hand halfway.

Selena looked at Orlando and was about to speak, but out of the corner of her eye she saw the man behind him through Orlando, she almost jumped up excitedly, "Heart...boss!!!"

Dangerously changed his mind.

Daniel frowned, stepped forward to hold her down with his long legs, and said in a very cold tone, "Don't move!"

"Boss! Why are you here!" Oh! Darling! really miss you!

"I passed by on a business trip and learned about you." Because the ward was full of crew members, Daniel said simply.

In fact, after calling Selena yesterday, he booked a plane ticket and rushed here today. He was afraid that his wife's hands would hurt, so he came here to pick peach blossoms himself.
