

Cruel Heart Lover Novel

Chapter 1621

As a result, he didn't expect to get the news that almost scared him out of his wits when he got off the plane.

"Thank you boss, the doctor just took a look at it for me, it's just a skin trauma, nothing serious!" Aww! It hurts so much... I want to kiss and hug...

Although Selena took one boss at a time, her small eyes had completely betrayed her coquettish heart, Daniel almost couldn't hold back, and lost control on the spot.

Orlando's Chinese was not bad, and only after hearing the conversation between the two did he realize that the man who suddenly appeared was Selena's boss.

Orlando turned to Daniel with a serious expression, and bowed at 90 degrees on the spot, "So you are Xi's boss! I often hear Xi mentioning you, saying that you are someone she admires very much! This matter started from the beginning to the end." It's all my fault, I didn't take good care of the gun, which caused the gun to be replaced, and I caused Xi to suffer such terrible injuries... Please rest assured, I will definitely be responsible for this matter!"

Daniel already knew from the way Orlando looked at Selena that this person was the rotten peach blossom he heard on the phone last night, his complexion was thickly stained with frost, "Responsible?"

Orlando sneaked a sneaky look at Selena, and then continued, "I've decided, I want to marry Xi!"

Orlando speaks Chinese.

And his Chinese is obviously not very good. There is no difference between "marry" and "marry". After he finished speaking, he seemed to realize it, so he changed his mouth and said, "I want to marry Xi! In short, I will marry Xi!"

Daniel: "..."

Selena: Brother, what grudge does I have against you? It's not enough for you to shoot me once? I'm already like this, why don't you let me go?

Even Martin couldn't stand it anymore, "Orlando, shut up!"

You almost killed someone, but now you still want to marry her, what logic is this?

And he didn't know if it was his illusion, he always felt that Daniel's appearance was too weird, he didn't just pass by and learned about it, so he was afraid that the idiot Orlando might say something wrong.

However, Orlando couldn't listen to other people's persuasion at this moment. He looked at Daniel excitedly and continued, "Sir, please believe my sincerity towards Xi, and be a witness for my oath today! A word falsify! From the first side of the day, I dumped her. Whether she looked like me or looked at my expression coldly, I firmly believed that she was the person I have been looking for. I beg you, hand over Selena to me!"

Selena: I managed to escape from death, could it be because I was so mad at this guy?

She already... didn't dare to look at Daniel's expression...

The air... an eerie silence...

Orlando stubbornly continued to stare at Daniel.

Daniel: "No."

"Why?!" Orlando frowned immediately, "I am really sincere to Xi, and for her career, I can hide our relationship..."

Daniel's eyes swept over Martin and the others one by one, "Please go out first, I have something to say to this gentleman alone."

Martin was holding back his stomach full of questions, but was interrupted by Orlando and had no chance to ask. Seeing how things had developed, he had no choice but to go out with everyone first.

"Why?" After everyone left, Orlando still asked reluctantly.

Daniel looked at the girl on the hospital bed, stroked her chin with his slender fingers, and in the next second, leaned over to cover the girl's lips, and kissed her deeply...

"Because she is mine."

Chapter 1622

Orlando stood there dumbfounded, looking as if he had been chopped into ashes by lightning.

With messy hair, he opened and closed his mouth, as if he wanted to say something, but he couldn't speak for a long time. After an unknown period of time, a Chinese idiom finally popped out of his mouth-"You...you you You...you guard yourself!!!"

Selena: If you don't speak Chinese well, don't force yourself to show it off, okay?

Having said that, she really had to sigh, her darling's skill of destroying flowers with hands is really getting more and more proficient! She was so handsome that the deer bumped around!

Selena coughed lightly and corrected the other person's words: "It's mutual love. Senior, I told you before that I already have someone in love."

Orlando stared at Daniel, with an expression that had greatly changed his outlook on life, "It's impossible! How can a girl like this kind of cold guy! I'm more handsome than him, more charming than him, sweeter than him, and cuter than him." He is enthusiastic... Xi, have you been coerced by him? Because he is your boss?"

Selena: "I was the one who confessed to him and asked him to date me."

Hearing the girl's defense, Daniel's expression was extremely gentle.

Orlando clutched his scarred heart precariously, but he still didn't give up. He suddenly thought of something and said excitedly, "He... it is said that he has a son! He even has a son! He is already impure !"

impure...

Selena became even more speechless when she heard this, as if he himself was pure, someone who has dated so many girlfriends...

"Senior, those who love each other don't care about these things."

"How could this be..." Orlando crouched in the corner against a rainy cloud, "This is not true...I don't believe it...I won't give up..."

In the end, all the crew including Orlando were invited by Cheng Feng to cooperate with the investigation of this matter.

Suddenly, only Daniel and Selena were left in the ward.

Selena began to smooth her hair, "Daniel, I'm really fine... One second before Orlando shot, I realized that the gun seemed to be real... So I dodged it... The

bullet just passed by, and it looked a bit scary, but it's just a superficial injury, and it will heal soon..."

Daniel remained silent, his expression still extremely ugly.

What if she didn't dodge? That shot will hit her right in the heart!

He didn't even dare to think about this possibility.

"It seems that someone is going to kill me..."

It's just... there are too many suspicious objects... I really don't have a clue for a while...

Selena frowned as she recalled Orlando's performance from beginning to end, "According to my relationship and understanding with Orlando during this time, he should really be ignorant, and the gun has always been with me, it should not have passed through other Human hands are indeed too strange..."

"Don't think about it, take a good rest, and leave these to me."

"Oh." Selena obeyed obediently.

"Go home." Daniel directly picked up the girl by the waist. Although his tone was firm, his movements were extremely gentle.

Upon hearing this, Selena hurriedly said, "Ah? But what about my last scene..."

I almost lost my life, still thinking about this?

Daniel said with a cold face, "Special effects."

Seeing Daniel's scary little expression, Selena didn't dare to ask any more questions. She thought for a while, and she was still in the scene until the last

moment. The shot of the bullet shooting the heart and falling off the cliff behind were all special effects, so That's how I feel at ease...

Chapter 1623

Daniel didn't delay for a moment, and directly took Selena back with his private jet.

Orlando was still lying at the small window waiting for the investigation to end to find Selena, but he didn't know that she had already left Sichuan City.

"Sleep for a while."

On the plane, Daniel carefully covered the girl with a quilt.

In order to be able to finish the filming and leave earlier, Selena was indeed too tired during this period, and her physical strength and energy were almost exhausted. Now that Daniel was by her side, she immediately relaxed completely, nodded in a daze, and soon fell asleep up.

Daniel unbuttoned the girl's clothes very lightly, glanced at the gauze on the wound on the girl's shoulder, and his face became more gloomy.

...

imperial capital.

After returning home, under Daniel's urging, Selena temporarily suspended all work schedules and stayed at home to recuperate her wounds obediently. She was finally allowed to go out until the gauze was removed and the wound scabbed over.

In the evening, she asked Ning Tianxin to meet at a restaurant.

Because Ning Tianxin didn't want to trouble her too much, she went back when her body was almost recovered.

During this period of time, Selena was busy filming and Ning Tianxin was busy going abroad. The two hadn't seen each other for a long time.

"Selena, are your injuries okay?"

"It's just a small injury, but it's already healed, but you, how is your health? Have you continued taking the medicine Annie prescribed for you?" Selena asked.

"It's okay. Annie's medicine is very useful. I'm afraid I've been taking it on time. The doctor said I'm recovering well." Ning Tianxin said.

Selena felt a little relieved when she heard the words, but of course she also knew that Ning Tianxin was comforting herself to some extent, there was nothing wrong with it, and even Annie said that it would not be a matter of time before she recovered from her current situation. Children, everything is unknown.

"Have you completed the formalities for going abroad?"

"It's almost there." Ning Tianxin held the teacup in her hand, looking a little embarrassed, "I originally wanted to take my mother along so that it would be convenient to take care of her, but she didn't want to, saying she wasn't used to living abroad..."

"It's like this, and I don't really want to move when I'm old. My second aunt has moved out to live alone now. There are not so many messy things. You can hire a reliable nanny. I will often go to see her when I am free. Second aunt, don't worry!" Selena comforted.

"Selena, thank you, if it wasn't for you this time..."

"Look at you, you're being polite to me again!"

The two chatted for a while, and Selena noticed that Ning Tianxin's face seemed to be getting paler, so she asked nervously, "Sister Tianxin? What's wrong with you? Are you uncomfortable?"

Ning Tianxin's fingers lightly covered her lower abdomen, she frowned slightly and shook her head, and said in a low voice, "It's okay, Selena, I'm on my menstrual period today, and I've had a bit of physical pain before, and maybe it's because it's the first time after giving birth. This time, it seems that the reaction is a bit big..."

Selena was so distressed when she heard this, she quickly stood up and went to the opposite side to help Ning Tianxin, blaming herself, "Then go back and rest quickly! If I had known, I wouldn't have asked you out today!"

Seeing Selena's sky about to fall, Ning Tianxin said helplessly, "It's just dysmenorrhea, it's not a big deal."

"Is that all? Your face is pale..." Selena supported Ning Tianxin and walked slowly outside the door.

Ning Tianxin herself didn't expect that this time her reaction would be bigger than usual, and her body really couldn't support herself, so she left the restaurant with Selena's support.

As soon as the two of them went out, they bumped into two people head-on...

It was Mo Lingtian and Guan Ziyao...

Seeing these two people, Selena's face suddenly darkened.

Really, the enemy's road is narrow!

Chapter 1624

Mo Lingtian on the opposite side was completely stunned when he saw Selena and Ning Tianxin, especially when he saw Ning Tianxin bumping into him head-on, he stood there dumbfounded and didn't respond for a long time.

Ning Tianxin's eyes slowly flicked over Mo Lingtian and the woman beside him, her expression was just slightly dazed, and she didn't see any reaction.

When Selena was chatting with Ning Tianxin just now, she purposely didn't mention Mo Lingtian a word, because she was afraid that Ning Tianxin would fall in love with the scene. How could she know that they were about to leave, but they bumped into each other directly? Not to mention, beside Mo Lingtian Still following Guan Ziyao...

Selena was full of the mood of fcking a dog, resisting the violent factor of going to run away as soon as she saw Mo Lingtian, coldly holding Ning Tianxin's arm, passed the two of them and left quickly.

Afterwards, until Selena and Ning Tianxin had left, Mo Lingtian still stood in the same position as before.

"Ling Tian... Ling Tian..."

It wasn't until Guan Ziyao's voice came from next to his ear that Mo Ling came back to his senses, "What?"

"Are you okay?" Guan Ziyao asked while glancing at the two people who had walked away behind her, "The one next to Selena just now...was that...the woman? The one who blackmailed you with a child a while ago? "

"Shut up!" Mo Lingtian said instantly, his voice was surprisingly cold, and his face was covered with frost.

Guan Ziyao had never seen Mo Lingtian treat her so coldly, so she was taken aback for a moment.

Sensing Guan Ziyao's injured expression, Mo Lingtian pinched the center of his brows, slowed down his voice, and explained, "Ziyao, as I said before, she is not that kind of person, it's my fault, don't say such things in the future gone."

Guan Ziyao frowned, but in the end she didn't make any excuses, she just showed a sad expression, "Sorry, I understand."

...

in the car.

While driving, Selena carefully watched Ning Tianxin's reaction in the rearview mirror.

"It's really unlucky, I just ran into that sgum..." Selena couldn't help muttering, her expression was very ugly.

What made her even more angry was, why did Sister Tianxin suffer so terribly, but that sgumbag had a red face and a beauty beside her, acting like a normal person.

She just said, at the beginning she was arguing every day to see sister Tianxin, but then why didn't she continue, it turned out that she had settled her true love!

What the hell, where is her knife!

I shouldn't have tolerated it just now...

"He is very romantic and happy, but he has caused you such misery..."

Selena was muttering indignantly, when she noticed that Ning Tianxin in the co-pilot seemed to be asleep with her eyes closed, with cold sweat on her forehead.

Selena hurriedly speeded up, Ning Tianxin looked a bit serious, she should go to the hospital directly...

Just as he was about to turn around, Ning Tianxin's weak voice came from beside him, "Don't go to the hospital...Selena...take me...take me home...OK..."

Selena looked hesitant.

"I have medicine at home... I'll just rest for a while..."

Seeing Ning Tianxin's rejection of the hospital, Selena had no choice but to send her home, "Okay, I won't go to the hospital, I'll take you home, you can rest in the car for a while!"

...

Inside the restaurant.

There is the melodious sound of the violin, and the air is filled with the fragrance of flowers.

On the opposite side, Guan Ziyao wore the latest Chanel high-end white long dress today, which lined her waist tightly, her skin was creamy, her chest was ready to be exposed, and her whole body exuded a noble and proud atmosphere. She just sat there quietly, but Like a luminous body, it steals everyone's sight.

Chapter 1625

Many men around cast envious glances at Mo Lingtian.

However, at this moment, the man on the opposite chair leaned lightly on the back of the chair, with his arms casually placed across the armrest, and there was a trace of coldness and alienation between his brows. Although he was still sitting there, his expression was obviously absent-minded.

Guan Ziyao naturally also noticed that something was wrong with Mo Lingtian since he met that woman.

In fact, after that incident, Mo Lingtian has been a little bit wrong.

Because that woman was pregnant with his child, so even if she doesn't like it, is it still different after all?

Even though she didn't like Mo Lingtian, seeing the change in his attitude towards her, especially when he spoke to her with that attitude just now because of that woman, she still felt uncomfortable after all.

Ever since she was a child, Mo Lingtian had never said a single harsh word to her. Every time he saw her, he would focus all his eyes and attention on her, but now...

Guan Ziyao tried hard to let herself ignore the discomfort in her heart, "Uncle Lu and Aunt Lu actually arranged some celebrity tea party for him without telling Daniel, and even asked Rick to help him find a woman... Really... But this time the Lu family's The situation is really tricky, no wonder Uncle Lu and Aunt Lu are in such a hurry!"

Guan Ziyao was very disdainful when he thought of those women who racked their brains and went to the Lu family to sign up one after another during this period of time.

In this way, it is too low-grade to let others choose and criticize.

Mo Lingtian's slender fingers rubbed the wine glass in his palm, and his eyes were dark. It was obvious that the woman he loved the most in his life was

opposite him, but he seemed to be crazy, his mind was full, full of everything. It was the picture of another girl that I saw just now.

When he first learned that Tianxin had beaten the child and saw the surveillance with his own eyes, he wanted to see her crazily. Later, his reason made him control himself and stop disturbing her.

Even if he is more suppressed, the desire to see her becomes stronger.

He never expected that he would meet her unpreparedly under such circumstances today...

She has lost a lot of weight, she was thin before, and now she looks even thinner, when she sees herself... very calm...

He noticed that her complexion seemed a little unwell, very pale, could it be that she was not feeling well?

What Guan Ziyao on the opposite side was saying, he hardly listened to a word, thinking of this, he couldn't sit still any longer...

"Squeak!" There was a sound of the chair rubbing against the ground. Mo Lingtian took out a brown file bag from behind and put it in front of Guan Ziyao, "This is what you want. I'm sorry, I have something to do, so I'll leave first." a bit."

"Ling Tian..." Guan Ziyao got up in surprise and wanted to ask, but Mo Lingtian had disappeared.

...

"Sister Tianxin, do you really not need to go to the hospital?"

Selena fed Ning Tianxin painkillers, and gave her another dose of medicine just as Annie prescribed, but she was still worried.

"It's an old problem, I know it in my heart, just sleep on it."

"Alright then, I'll stay here with you." Selena tucked her back.

After Ning Tianxin fell asleep, Selena went to the balcony and softly called Annie.

"Hey, Annie..."

As soon as the phone was connected, Annie's nervous voice came from the other end, "Karen! Karen, I heard that you were injured, are you feeling better now? I wanted to see you, but I was in a mess chaos..."

"What's wrong with you?" Selena hurriedly asked.
