

Cruel Heart Lover Novel

Chapter 1631

Many very good actors have been too involved in the drama, unable to come out for a long time after filming, and even suffered from depression.

"Selena, don't be in a daze, congratulations, welcome to the crew!" Song Lin spoke briskly, trying to help Selena get out.

Selena's gaze finally had focus, what does this mean?

Jiang Xingzhou's usually serious and indifferent face showed some appreciation, and his tone of voice softened a lot, "Selena, your performance is very good. The audition is over. Has the agent come over? If possible, today We can sign."

"Here we are, just outside..." Selena said reflexively, and finally regained her sanity at this moment.

Auditioned?

She got the role?

"Thank you director! Thank you sister Lin! Thank you all the judges!" Selena thanked gratefully, and then went out to report the good news to Ling Zhizhi.

Audition room.

The problem that had been bothering him for a long time was finally solved. Jiang Xingzhou let out a long sigh of relief, and glanced at the few people beside him, "What is good, now that I see it?"

Several other judges nodded again and again, without further ado, they all sighed.

"Director Jiang is your professional! I'm convinced!"

"Speaking of which, it's not easy for this girl to be so young! Even Jiang Xinyi can't do this! The last time I guess it was because I didn't perform well last time, but luckily I auditioned again!"

"Young people are terrifying!"

...

"Sister Zhizhi! I passed!" Selena rushed to Lin Zhizhi as soon as she got out.

Selena went in for ten minutes. Although it wasn't too long compared to Jiang Xinyi, it was still enough for Lin Zhizhi to be nervous. Seeing Selena coming out now, even though she was always calm, surprise appeared on her face, "Really? What did the director say?" Say?"

"The director said that we can sign the contract today, so I'll let you go there!" Selena suddenly remembered something while speaking, and hurriedly glanced at the time on her watch and said, "Sister Zhizhi, please trouble me about the contract. It's urgent, you have to leave first!"

It was already 8:40, and there were only 20 minutes left before the appointed time.

"It's okay, you go first, leave it to me here!"

"Okay, sister Zhizhi, I'll go first, I'll call if I need anything!"

...

After leaving the audition building, Selena drove towards the police station.

The gate of the police station.

Kevin, Feng Xiaoxiao, Annie, and someone who looked like a lawyer were already waiting there.

"Karen! You're finally here!" Seeing Selena rushing over from a distance, Annie rushed forward excitedly, "I thought you wouldn't be able to come! I wanted to call you, but I was afraid to disturb your audition!"

"Sorry, the audition just ended!"

"How was the result? Did it go well?" Annie asked with concern.

Selena showed her face and smiled, "Well, it went well!"

"Great, congratulations Karen!" Annie was also happy for her.

At this time, Kevin next to him interrupted the two of them with a light cough, "The time is almost up."

Selena turned to Kevin with a helpless look on her face, "So, big brother, let me ask you what should I say when I go in? Let's see how he is doing?"

At this time, Feng Xiaoxiao squeezed over, put her arms around Selena and interjected, "Little Junior Sister, please persuade him, please stop torturing us and come out quickly, okay? ? Is it so comfortable to live here? Are you so happy to miss leaving?"

"Uh..." Selena was sweating, so, it's because this guy didn't want to come out?

She should have guessed...

"Okay... I'll try my best..."

Chapter 1632

Afterwards, Selena was brought to the visiting room by the staff.

A certain person was sitting across the glass, lazily tilting his head, with an impatient appearance of being disturbed. Not only did he not have the haggard look that a prisoner should have, but his appearance was even more arrogant, as if he did not enter a prison, but instead It's his territory...

"What do you want me to do?"

Nima looked at the tone, as if this was his home.

This was the first time seeing him after learning about his relationship with Daniel, and Selena really didn't know how to face him for a while.

Selena couldn't help but sized him up a few more times, then she muttered inwardly.

Is this guy really Daniel's half brother?

Whether it's appearance, personality or temperament, there is really no similarity at all...

It's just too unreal...

genetic mutation...

"Have you seen enough?" Sensing Selena's scrutinizing gaze, the man narrowed his eyes slightly.

Only then did Selena come to her senses, "Ahem, I have nothing to do, I just came here to pass a message, have you lived enough? When are you going to go out?"

Hearing Selena's words, a coolness flashed in Yun Shen's eyes, and he said faintly, "The answer is wrong."

After speaking, he got up and prepared to leave.

Selena was stunned.

Why do you get out of the way when you disagree?

Fortunately, she rushed here like a dog...

"Wait...wait! Wait, hey!" Selena was so anxious that she directly stuck it to the glass, "Why did you get the wrong answer? Well, even if you got the wrong answer, then at least give me a hint!"

The man who was about to leave glanced sideways at her, sat back with a magnanimous expression, and said lazily, "Then I'll give you another chance, what do you want from me?"

Say hello to the dog...

The corners of Selena's mouth twitched and she rubbed her forehead. What else could she do with him? Just came here to pass on a message! What else could it be?

This answer is wrong, what is the correct answer? What the hell does this guy mean?

Selena was almost driven crazy, she couldn't understand his brain circuit at all...

After holding back for a long time, Selena choked out, "Can I ask for help on the spot?"

The man frowned slightly.

Seeing that he didn't speak, Selena assumed that he had acquiesced, so she called Kevin.

"Hello? How's the situation?"

Selena lowered her voice and complained, "Don't worry, it's alright, it's easy to torture all of us one by one! As for the matter of persuading him to come out... this guy is totally insane, I can't talk to him at all. Communication! When I first came, I asked why I came to him. I said I was here to send a message, and asked when he would leave. He said that I answered wrongly, and then turned around and left without saying a word. Now I have won the second answer. Chance..."

Kevin on the other end of the phone was silent for a long time, probably quite speechless.

Then, the phone seemed to be taken by Feng Xiaoxiao, and Feng Xiaoxiao's voice came from the other end, "Idiot! Why did you come to him! Because he was worried about you! Seven words! Standard answer! Do you understand?"

Selena: "..."

Feng Xiaoxiao muttered and complained while talking, "Little Junior Sister, let me tell you, this ba5tard is boring and childish, he most likely just wants to get your attention!"

"Isn't it?"

"If you don't believe me, try it!"

"Forget it! I'll try to communicate again, if it still doesn't work, then I can't help it..."

Why are people worried about you, even if you beat her to death, she won't be able to say such things, okay?

Even if I was really worried about his state before...

Chapter 1633

"Then don't hang up the phone, so I can remind you anytime!" Feng Xiaoxiao said solemnly, concealing her desire to listen to gossip.

Selena thought about it and thought it was nothing. She just wanted to let them know how difficult this guy is, and she really tried her best.

So, Selena didn't hang up her phone, and sat back down again.

"Before I answer you, can you answer me a question first? Why are you staying inside?" Selena asked.

The corner of the man's mouth twitched into sarcasm, "Let me show you how dignified the gentleman is in your mind."

Selena frowned slightly upon hearing this.

What he meant was that Daniel did this thing?

"Let's not talk about who actually did this. Even if it was Daniel's people who did it, you are now on opposite sides. Even before, you didn't make things less difficult for Mr. Lu, right?" Selena said. .

The man's expression didn't change at all, but he said in a natural tone, "So what, I'm not a good person, but I've never hidden it from you."

Selena: "..."

Nima this nonsense.

Sure enough, there is still no way to communicate...

Selena saw the lovely Annie's worried face, so she tried her best to continue persuading, "We are all worried about you, if it is because of this reason, there is really no need, well, now I know, I know him It's sanctimonious, okay?"

Feng Xiaoxiao on the other end of the phone was in a hurry, "Oh, little junior sister, you can't do this! What he said just now are all excuses, only what I told you is the only correct answer, not even one more word or one less word." of..."

Selena was speechless for a while, she couldn't really say that, could she?

"Your chance is exhausted." After the man finished speaking, he got up and left.

"Hey...you..." Selena was about to call out to him, but she didn't know if it was because she got up too hastily that her eyes went black, and then her brain felt dizzy. She tried her best to calm down. Clinging to the body, but suddenly lost consciousness...

"Plop..."

A strange voice suddenly came from behind.

The man who was walking halfway turned around subconsciously, and then saw the girl behind him fainting on the ground without any warning.

"Selena!!!" The man rushed back instantly, his originally lazy and cold expression turned into panic, "Dmn it, don't play tricks!"

The girl was lying on the ground, motionless, and her face was abnormally pale, her brows were tightly furrowed, and her breathing was a little short.

"Huh? What's going on, what's going on... What's wrong with little junior sister?" Feng Xiaoxiao's anxious voice came from the phone that fell beside Selena.

"What's going on?" Kevin also asked.

At this moment, the man's expression turned extremely ugly, he approached the window on the glass, and roared towards the outside...

"Kevin! Get me out immediately!!!"

Kevin: "..."

Feng Xiaoxiao: "..."

...

Kevin arrived quickly with his lawyer.

In less than five minutes, the man was released, and he was invited out respectfully.

"Where's the person?" The man asked with a cold face as soon as he came out.

Just now after Selena fainted, she was helped out by the police staff.

"In the car." Kevin replied.

"I helped you to the car, don't worry, Annie is here!" Feng Xiaoxiao followed up.

A moment ago, the man who was looking like he wanted to sit in the police station, now the wind was blowing on the soles of his feet, and he walked towards the door quickly...

Chapter 1634

Spacious suv back seat.

Annie was taking care of Selena who was in a coma.

Suddenly, with a swipe sound, the car door was pulled open from the outside, and the man got into the car with an ugly face, staring at the girl lying on the back of the chair with frowning eyes, "What's going on?"

Annie glanced at the man carefully, and then she thought about her words and said, "I just gave Karen a pulse...Karen fainted suddenly because of exhaustion due to emotional agitation..."

At this time, Kevin and Feng Xiaoxiao also followed, and Feng Xiaoxiao poked her head from the co-pilot to the back, with a horrified expression on her face, "fcuk me! Emotional agitation...exhausted energy...boss, what did you do just now?" What did you do to the little junior sister?"

But it's only a few minutes, it's too cruel to make the tough little junior sister like this!

The man stared at the girl's pale face, recalling what happened at the police station just now, his thin lips were tightly pursed, and he gave Feng Xiaoxiao a gloomy look, "Shut up! Is she so fragile?"

"Uh..." Feng Xiaoxiao thought for a while, then nodded and muttered, expressing that it made sense, "That's right... If you were really so fragile, you would have been pissed off by you a hundred times long ago... What's going on? What made little junior sister's emotions fluctuate so much?"

There was silence in the carriage for a while, and then Kevin said, "It might be because of the audition in the morning."

Annie thought for a while and then said, "Karen told me last night that she was going to catch an audition this morning. Apart from that, she didn't say anything else this morning. After the audition, Karen told me Immediately rushed over..."

So, this should be the only possibility.

"Give me the video of her audition!" Yun Shen said in a deep voice.

The corners of Feng Xiaoxiao's mouth twitched slightly, "Boss, isn't this appropriate?"

Yun Shen cast a cold glance across, "Are you busy? Have you completed the S-level mission?"

Feng Xiaoxiao immediately had a sh1t-eating expression on her face, "Hehe, I'm leaving now! Can't I just leave..."

Three years ago, the master sent her an S-level mission to assassinate an important person, but that guy was so tricky, she couldn't find a chance to do it for three whole years, three whole years! For her, this is simply a shame!

What the hell, when that guy falls into her hands, she must fcuk first and then kill him!

After Feng Xiaoxiao was humiliated and fled, Kevin always obeyed Yun Shen's words, and finally helped him get the morning video.

Kevin: "It has been sent to your mobile phone."

Yun Shen put on his earphones and clicked on the recording video.

He didn't know what he saw, his complexion became worse and worse, and then he threw the phone halfway, staring gloomily at the girl lying on the car seat next to him, pinching the girl's delicate jaw with his slender and cool fingers, "idiot..."

Annie saw the man's fingers getting harder and harder, and Selena's chin was pinched red, and she immediately showed a nervous expression, "Shen...Brother Shen, shall I send Karen back to rest?"

The man gave her a cold look, "Go to my place."

Annie timidly began to persuade, "But...Brother Shen...you are too scary...Karen will be scared...She can't stand the stimulation now...she needs to rest..."

The man's face was terrible, and Anne's voice became smaller and smaller.

The end result was that someone who has always been arbitrarily determined could not listen to anyone's opinion, and finally brought Selena to the "ghost house"...

Chapter 1635

"Within two hours, rearrange this Dmn place for me."

The man dropped these words, and then closed the door of the master bedroom with a "bang".

Annie looked at the closed door with a look of worry and self-blame on her face, "Karen will be fine, right?"

After all, she was the one who asked Karen for help. If something happened to Karen...

Kevin: "It's okay, I will watch."

Hearing Kevin's words, Annie felt a little relieved, "Then I'll go to work first, and you must tell me if you have anything to do!"

Brother Shen is still very concerned about Karen. After seeing Karen fainted, he was obviously so nervous. Although he insisted on bringing him here regardless of Karen's fear, he specifically asked her to reorganize the "ghost house"...

In the master bedroom, on the large and soft bed, the girl was sleeping soundly.

The man stood by the bed, quietly looking at the girl's sleeping face, his expression was a little erratic, as if he had fallen into some kind of long-term memory...

Back then, when she first met her, she was being bullied by a group of sgum.

Those people are notorious gangsters in the local area. They like to play with Chinese girls who have no background and no trouble. Almost everyone has their lives on their backs. Relying on the fact that the gang behind them is unscrupulous, if they are stared at by those people, they will die. destroyed.

After seeing the girl's face clearly, he instantly understood why she was being watched.

Although the girl looks down and out, she has a beautiful face, especially her frail and deceitful appearance, which can arouse those people's sadism.

He will not be bored enough to take care of this kind of thing, continue to stay on the balcony, overlooking this unilateral massacre with indifference like ants...

However, unexpectedly, the following plot unexpectedly exceeded his expectations...

The moment those people approached, the girl pulled out a gun from behind.

It is legal to own a gun in China, so it is not surprising that she has a gun.

Tsk, obviously a novice, the first time he touched a gun, his hands were shaking, and his eyes were full of fear, it was just a meaningless and ridiculous struggle.

He knows such people too well, they are small and cowardly, even if he has a butcher knife in his hand, it is useless.

She dared not shoot.

In the end, as he expected, it became a one-sided massacre.

It's... the girl's cruelty to those sgumbags.

With a sound of "bang", the bullet hit the eyebrow of the gangster who laughed the most wildly and unscrupulously, precisely hitting the vital point, and killed him with one shot.

"Bang" was another shot, and another gangster fell down, still in the same position.

He judged that the person who would never dare to shoot fired twice in an instant.

The girl's body was shaking like chaff, and her whole body was soaked in sweat as if she had been fished out of the water. Her wide-open eyes were full of panic, but the moment she fired the gun, she was terribly calm. It was obviously the first time she fired a gun. Can be killed by tricks...

If you are just an ordinary person, you may not dare to shoot even at an animal, let alone a living person?

What a funny kid...

It's a pity that the gunshots aroused the accomplices of that group of people, and she will still die tonight.

...

In her sleep, Selena had a long, long dream. She dreamed about all kinds of things after returning to Ning's house, the car accident, the child's bruised body, and even the day when she almost died in Los Angeles. that time...

Dreamed that she killed someone, dreamed that she was surrounded by a group of vicious people, there was no way to retreat, a white-haired man fell from the sky, landed in front of her, and said to her...

I saved you, and you will be mine from now on...

Chapter 1636

He is obviously such a weak person...

However, from the moment she shot the gun to the years when she was brought back to the organization, he was surprised time and time again.

She is like a weed at the bottom, but has the most tenacious vitality, absorbing everything around her and growing crazily.

Perhaps it was because his life was too boring. After many years, she became his only pleasure unknowingly, the only uncertain factor besides his fate...

Until at some point, when he saw those girls clinging to her, smiling coquettishly and acting coquettishly, he felt a hostility in his heart, and when he learned that she had the intention of returning to the country, he couldn't restrain the hostility any longer. He regretted the agreement with her on the spot, refused to let her go, and made such a request, even though he knew he couldn't keep her...

He should have gotten used to it, everything he cares about will eventually be lost...

"Brother Ye, I've already been messed up by someone. Brother Shen...hasn't he come out yet?" Annie stood worriedly at the door.

The two had been inside for almost two hours.

It's very quiet inside.

But it does seem eerily quiet.

Kevin frowned, turned around, and knocked lightly on the door.

Nothing happens inside.

Knock again, still no response.

So Kevin changed his face, and decisively pushed open the bedroom door, and Annie followed nervously.

The two of them pushed the door open and entered with serious expressions, but they froze there for a second.

Selena was lying on the bed sleeping soundly with long breaths, while Yun Shen... was lying on the edge of the bed, quietly closing his eyes, looking like he was asleep...

In his sleep, the man's fingers seemed to be unconsciously grabbing the corner of Selena's clothes.

"Brother Shen..." Annie murmured in surprise.

Kevin watched the man fall asleep peacefully, and sighed softly, "Let him sleep for a while."

Annie kept quiet and nodded, "Since... since I came back from the Lu family's family meeting last time... Brother Shen has hardly slept much..."

"Emma, my dog eyes! I actually think this scene is very warm and beautiful..."
Feng Xiaoxiao didn't know when she came back, she put her head on Annie's shoulder, and looked at this scene with a ghostly expression on her face.

"Shh, don't wake them up..."

After closing the door and leaving.

Feng Xiaoxiao stood at the door, still with a terrified expression on her face, "I thought this guy would go crazy if he brought little junior sister back... It's better to go crazy... It's too scary..."

"Brother Shen, he's not that scary!" Annie muttered.

Feng Xiaoxiao glanced at Annie, curled her lips and said, "If this guy hadn't been out of his mind, I'm afraid he would have taken care of my junior sister long ago, okay? Four years, what a chance! It's still such a dreamy meme like a hero saving the beauty! How old is junior sister? It's the easiest time to be hooked up! I'm also drunk after such a good deck of cards is played like this! Now it's okay...it's too late to regret..."

Feng Xiaoxiao kept complaining, and Kevin beside her remained silent.

He and that person grew up together, that person... just can't express his emotions at all, let alone how to treat a person well...

Or, in his subconscious mind, he resisted giving too much to one person, let alone revealing his true self to anyone...

Probably because of too much emotional exhaustion, Selena slept very deeply this time.

When she woke up, she suddenly saw a magnified sleeping face in a daze, and she was so scared that she suddenly woke up.

She was subconsciously shrinking back, only to find that the sleeves of her clothes were tightly pinched in the palm of the man...

Chapter 1637

Selena subconsciously glanced at the corner of her clothes that was being grabbed by the man, her expression was a little dazed.

The man in the dream lost his usual arrogant and lazy disguise, and his face looked a bit childish. He didn't know what he dreamed of, his brows were furrowed all the time, and his face seemed to be enduring some great pain. The knuckles of the fingers holding the corner of her clothes began to turn white due to excessive force...

His complexion is so ugly, he must be sick, right?

Selena looked at the thin layer of sweat on his forehead, and subconsciously stretched out her hand to touch it, but the man was caught off guard and held tightly, like a drowning man grasping the last piece of driftwood...

Selena frowned slightly, and was about to pull it back when she heard the man muttering in a daze, "Mom..."

Selena froze for a moment.

Mother?

Did she hear wrong just now?

"Mom..." Yun Shen murmured again, this time in a hurry and panic, his voice was very clear.

He's really calling mommy...

Selena fell into deep thought immediately, what exactly did Yun Shen dream about?

Why did he react so painfully when he dreamed about his mother?

The man was still immersed in the nightmare, his expression became more and more painful, and even his body began to twitch slightly. Selena hurriedly reached out and pushed him, "Hey...wake up...Yun Shen...Yun Shen!"

With a "swipe", the man suddenly opened his eyes.

In the next second, Selena's throat was firmly strangled by a palm, and she fell silent instantly.

Yun Shen's eyes at this moment were extremely terrifying, cold and gloomy, the sight alone was enough to suffocate...

One second, two seconds passed...

He finally saw clearly who was in his eyes, and the strength to strangle her in his hands finally disappeared, but his face was still very ugly, "Who allowed you to be here?"

Seeing how uncomfortable he was having nightmares, Selena originally wanted to comfort him, but when she heard the words, her head was filled with black lines, "How would I know? I remember fainting when I was in the police station, right? Could it be that you put Did I get it here?"

"Stop being so passionate!" the man denied without hesitation.

Selena scratched her head, couldn't it really be him, then who brought her here?

It won't be the same as last time, it's Feng Jin again, right?

It shouldn't be, at that time the senior brother and the third senior sister were all there...

Selena didn't think about it any more, then she muttered and said, "You had a nightmare just now, I kindly woke you up, but you almost strangled me..."

"What did you see?" The man stared at her as if he was looking at a voyeur.

Selena was left speechless by his stare, "What can I see? What's so interesting about your nightmares... It's like hearing you call mom..."

The man's face became even colder, and there was a hint of anger in his eyes that someone had broken his secret, "Get out!"

"I think so too, you loosen my clothes first!"

Yun Shen's face froze, and he waved away the fabric of the clothes in his hand, his face was full of disgust, as if she had forced her clothes into his hands.

Selena walked away muttering.

At the door, Kevin, Feng Xiaoxiao, and Annie were all there. When they saw Selena coming out, they immediately went up to meet her.

"Karen! You're awake!"

"Little Junior Sister, are you okay? Did that guy do anything to you?"

Selena shook her head, "No."

Feng Xiaoxiao's face darkened when she heard the words, and she sighed with regret that it was so true and that she hated iron for not being steel.

"By the way, why did I come here and... still lie on that guy's bed?" Selena asked puzzled.

Feng Xiaoxiao blurted out the answer, "That guy insisted on bringing you back, and even hugged you to the bed himself!"

Selena: "..."

Chapter 1638

"That guy insisted on bringing you back, and even hugged you to the bed himself!" Feng Xiaoxiao sold her out without hesitation.

Selena was speechless to the extreme.

Is that guy schizophrenic?

Otherwise, the ability to talk nonsense with open eyes and the wicked to sue first is too great...

"Dmn! Then he chased me away as soon as he woke up just now, and asked me why I was here..." Selena couldn't help but vomit.

Feng Xiaoxiao covered her face and held her forehead, "..."

Boss, you will be alone like this...

"But junior sister, you didn't go to an audition in the morning, why did you pass out? Annie said that you were too emotional and exhausted! Even if it was an action scene, it wouldn't be enough, right?" Feng Xiaoxiao Can't help but ask.

Selena coughed lightly, "Sometimes it happens when you get too involved in the drama, the main reason is that I'm too tired during this time..."

Feng Xiaoxiao didn't doubt it, "At that time, the boss insisted on adjusting the video of your audition..."

Selena's heart skipped a beat for no reason, "Did he say anything?"

Feng Xiaoxiao shrugged, "I don't know, I just said that it's not good for him to do so, so he got out of the car!"

Selena looked at Annie again, casting a questioning look.

Annie looked a bit embarrassed, but she still couldn't refuse Selena's question, and said with a little embarrassment, "Boss didn't say anything...just said two words..."

Selena: "Two words? Which two words?"

Anne: "Stupid... idiot..."

Selena: "..."

At this time, Feng Xiaoxiao's cell phone rang.

It was someone calling.

"Send her back." A man's cold voice came from the phone.

Feng Xiaoxiao's eyes lit up, and she thought that she had finally come to her senses, and was about to match up these two people with good intentions, and tell her junior sister that this guy was actually still normal, when a colder voice came from the other end of the phone, "Again If you dare to say one more word, I will break your leg!"

Feng Xiaoxiao: "..."

Well, she gave up the treatment of her boss...

In the end, Feng Xiaoxiao still didn't say anything, "Junior Junior Sister, your car is still parked at the police station, I'll take you back!"

Selena nodded and didn't refuse. It's true that there's no way to get a taxi back to this Dmn place.

Selena had just woken up and was a little confused at first, but when she followed Feng Xiaoxiao downstairs and saw the layout of the entire villa, she suddenly became confused...

"I... I'm going! Am I dreaming? Or am I in the wrong place?"

The originally eerie haunted house has taken on a completely new look at this moment. All the weird oil paintings on the walls have become modern paintings with fresh colors, and all the dark wooden furniture has been replaced. Flowers are placed on the table, and the bay window made of eerie white gauze They have also become fanatic fans of lace...

The haunted house suddenly turned into a princess castle! ?

"What happened during this time, this guy's taste suddenly became so strong?"

Feng Xiaoxiao at the side looked at her little junior sister's unaware expression, but couldn't explain, "It's all for you", she was almost suffocated!

Upstairs, by the window of the master bedroom, the man lit a cigarette and watched the girl leave with a secretive expression. What appeared in his mind was the scene from the audition video he saw in the morning.

Idiot, I hope you won't regret it after learning the truth...

Chapter 1639

As soon as Selena got home, she received a call from Ling Zhizhi.

The contract with the crew has already been signed.

She finally got the role!

Before, Jiang Xinyi was too impatient, disregarding the crew's warnings against leaking all relevant content, and as soon as she got the news that she had passed the audition, she secretly revealed it to the media. The navy publishes various conspiracy theories.

Although Selena had just won the Palme d'Or Best Actress, her qualifications and status were still inferior to that of Jiang Xinyi, who had been in the entertainment industry for more than ten years. After Jiang Xinyi had already been selected, the crew conducted a second audition and passed the second audition. The audition squeezed Jiang Xinyi out of the top position, which really made people have to think too much.

However, because the director is Jiang Xingzhou, Jiang Xingzhou's character and reputation in the entertainment industry are really good, I believe that the crew will still account for the majority after all.

Those doubts did not make much waves. On the contrary, many people are looking forward to what kind of sparks will be created by the famous director who keeps creating miracles and this young new actress, and what kind of surprises they will bring to everyone.

Except for this little disturbance before the filming started, the crew's filming was conducted in a low-key manner throughout the filming, and they were all filmed in a closed mode in a small village, without any relevant reports.

For a better shooting effect, the whole crew lived in the village, worked, ate and lived with the villagers.

Everyone was worried that such a delicate little girl like Selena wouldn't be able to bear this kind of life, but they didn't expect her to adapt very well, doing all kinds of farm work decently, and even helping to teach other members of the crew.

Jiang Xingzhou would not choose anyone randomly, and he had also learned about Selena's background in detail. He knew that she had lived in the countryside for eighteen years. Even though he was always strict, he was very satisfied with Selena's performance.

"This girl is not bad, she is a good material! As long as she doesn't go astray, she may surpass you in the future!"

Hearing Jiang Xingzhou's high evaluation, Song Lin didn't mind at all. Instead, she looked in Selena's direction and said with a smile, "I never doubted that!"

At this moment, with a "ding", Song Lin's cell phone rang.

Song Lin picked up the phone casually and glanced at it, but her face suddenly changed in the next second.

Immediately afterwards, Jiang Xingzhou's cell phone rang. Jiang Xingzhou picked up the cell phone and looked at it. His face showed the same astonishment as Song Lin's, and then his face was instantly filled with anger.

Song Lin glanced at Jiang Xingzhou's mobile phone screen from the corner of her eye, saw that he had seen it too, and hurriedly spoke to steady him, "Director Jiang, before the matter is fully understood, please calm down first!"

After all, Jiang Xingzhou has experienced strong winds and waves, so he endured it, "Finish the filming first, so don't affect her mood."

"Thank you, director!" Song Lin said gratefully, with a look of worry on her face.

At this moment, Selena didn't know anything about what happened outside. During this period of time, in order to focus on filming, she hardly paid attention to what happened outside.

It wasn't until after the filming of the scene in the evening that Selena relaxed that she realized that there was something wrong with the reactions of the crew around her. They were looking at their phones and whispering to her secretly.

Selena frowned slightly, and walked towards Xiaotao.

I saw that Xiaotao was anxiously looking on the phone and didn't know who she was talking to.

"Xiao Tao?"

"Ah! Karen!" Xiaotao hung up the phone and looked at Selena with a flustered expression.

"What happened?" Selena looked at Xiaotao and asked.

Chapter 1640

Xiaotao bit her lip, her face full of embarrassment, she faltered for a long time, unable to speak.

"Give me my mobile phone." Selena held out her hand.

Xiaotao hesitated for a moment, thinking that she couldn't hide it, and finally handed Selena's phone to her.

As soon as Selena unlocked it, she saw a piece of latest entertainment news popping up.

The eye-catching and eye-catching headline came into view: Selena, the queen of the golden brown actress, sleeps with the door!

Selena frowned slightly. Since she debuted, there have been gossips like this kind of pure dirty water, but after Lin Zhizhi sued a magazine to make an

example, and Shengshi Entertainment's influence in the entertainment industry is here, even if it is a small newspaper that is not well-known and irresponsible, and the self-media does not dare to make such unfounded reports.

But this time, the news that popped up on her phone turned out to be from an influential media in the industry.

Coupled with the unusual reactions of the staff and even Xiaotao...

When Selena clicked on the page, her pupils suddenly shrank.

As soon as I clicked in, I saw all kinds of unsightly photos. Even after mosaicing, I can still see the 5luttu poses of a man and a woman in the picture.

What shocked her was not the photos, but the face of the woman in the photos... It turned out to be her!

Could it be ps?

But it doesn't look like...

Selena continued to scroll down, and saw that there was another video. The video had undergone some mosaic processing, but the faces of the men and women in the video were very clear.

That woman is still her!

This video obviously completely broke the possibility of PS, the photo is real!

According to the description in this gossip news, and the man in the video is a well-known rich second-generation playboy in this city.

"Karen... don't look..." Xiao Tao said nervously, as if she was afraid that Selena would be stimulated.

Selena pinched the center of her brows, her expression helpless, even Xiao Tao thought that the woman in these photos and videos was her, let alone anyone else...

This thing is really tricky...

Selena couldn't help recalling the incident where the fake guns were replaced with real ones on the crew of "The Secret Service". With Daniel's influence, he still couldn't find out who did it, and now this kind of thing happened again...

The other party wanted to kill her, so he was going to destroy her?

Or this matter has nothing to do with what happened last time, it was done by someone else...

She has drawn a lot of hatred recently...

"Selena, the director wants you to go over there!" Selena was in a trance, when the director's assistant hurried over and said, looking at Selena with an ambiguous expression.

"Got it, thank you."

Selena didn't explain to Xiaotao immediately, but went to the director first.

In the room, both Jiang Xingzhou and Song Lin were there, and the atmosphere was very dignified.

"Got it?" Jiang Xingzhou asked straight to the point with a serious face.

Selena nodded, without the slightest guilt on her face, but frankly, she said directly, "Director Jiang, the woman in the video and photo is not me. I'm sorry for causing trouble to the crew, I will contact my manager about this matter. People should solve it as soon as possible, without affecting the filming process of the crew!"

If Selena had such a scandal at this time, according to the contract, her image was damaged due to personal reasons, so it is a trivial matter that she needs to pay a huge liquidated damages, the important thing is that all the hard work of the crew during this period will be in vain, and the casting will be recast. If she shoots again, she won't be able to catch up with the film festival, and it's even very likely that her entire entertainment career will be ruined because of this incident...
