

Cruel Heart Lover Novel

Chapter 1641

Song Lin on the side broke the tense atmosphere, "Director Jiang, you heard me, I said it couldn't be Selena! The woman in this video is just similar to Selena, and she doesn't have any charm of Selena, her expression is stiff, the figure is obviously not as good as Selena! Whether it is the waist or the legs and the chest, Selena has a well-proportioned body and a perfect body fat percentage. Not much, not too little, can be called perfect, and the woman in the video has a soft body, the proportion of the legs is too short, and the chest..."

"Ahem..." Jiang Xingzhou coughed lightly.

Song Lin chuckled and said innocently, "Director Jiang, I'm just explaining the facts."

Even Selena was sweating a little when she heard it, she was a little embarrassed, Goddess, do you have sharp eyes?

I didn't expect the goddess to pay so much attention to me and give her such a high evaluation...

Speaking of figure and face, Song Lin is the real charm, and her figure is still very perfect at this age...

"Okay, it's fine if it's not you. I hope you can handle this matter well. If this matter affects the crew in any way, I won't do favoritism for you!" Jiang Xingzhou said with a sullen face.

Although Jiang Xingzhou's tone sounded very unreasonable, in fact, his attitude had already indicated that he was on her side. After all, he chose to believe her.

"Yes, I see, thank you director!" Selena said gratefully.

As soon as she came out from Director Jiang, Selena saw Lin Zhizhi waiting outside the door, it seemed that she came here immediately.

"Sister Zhizhi, why are you here? I'm about to go back!"

"No, don't interfere with your filming."

Selena was stunned for a moment, Miss Zhizhi meant...

"Let's go, let's discuss how to clarify." Ling Zhizhi said directly.

Selena swallowed all the words she had to explain, blinked her eyes and said, "Sister Zhizhi, do you know it's not me?"

Ling Zhizhi: "Your vision isn't that bad."

Selena: "Cough cough cough..."

She suddenly remembered that she had once told Ling Zhizhi that the only man she could fancy in the whole circle was their boss, Daniel...

At that time, it was just a quick talk, I didn't expect Ling Zhizhi to remember it...

inside the house.

Xiaotao stared at that video and watched it hundreds of times, and her corns were almost visible, "I'll go! I'll just say it! Even if my Karen wants to choose a

man, he must at least choose Lu Ershao's class Ah! After a while, it's not Karen at all! But... this... this is too similar! It's exactly the same as Karen!"

Very similar indeed.

If it wasn't someone who was extremely familiar with and understood Selena, he would definitely think that person was Selena, after all, even Xiao Tao didn't recognize her so well.

This is where things get trickiest.

Because it was so similar, she said that the person in the video was not her without any evidence to prove her innocence, and no one would believe her.

"One possibility is that this person was born to look like you. This possibility is extremely small. Another possibility is that this person deliberately underwent plastic surgery to look like you. However, the recovery period for plastic surgery is at least a year and a half. It will take at least two or three months, not to mention that it will take a long time to complete this level... This means that this person has been planning to plot against you for a long time..." Ling Zhizhi analyzed.

Xiaotao on the side was stunned, and it took a long time to come back to her senses, "This... this is too scary!"

Chapter 1642

Lin Zhizhi frowned, "Now your fans on the Internet are all defending you, unlike before, a single yank is enough to ruin an actress, as long as it doesn't involve moral issues like being a third party, this kind of only It can be regarded as being maliciously exposed, and it will definitely affect your image, but it will not destroy you... But the problem is, the other party is obviously prepared, it is impossible to just release such a simple video!"

Selena twitched her mouth when she heard the words, "It's hard to get plastic surgery to look like me, and I've waited so long, how can I be satisfied if I don't make a big deal..."

I'm afraid this video is just foreplay...

The three of them discussed until late at night without knowing it.

Sure enough, it came faster than they expected, when it was close to zero, Xiao Tao, who was constantly updating the latest information, suddenly exclaimed, "It's not good, Karen, sister Zhizhi, there is a new video! "

Selena and Lin Zhizhi poked their heads to look, and sure enough, they saw that the other party broke the news about a new video, and the content in this video was even more exciting. The woman was with three men at the same time, and two of them had families. of...

This time, the only possibility of being whitewashed is gone.

The thing I was most worried about happened, and Ling Zhizhi's face was a little ugly, "The only way to prove your innocence now is to find that woman as soon as possible! But the other party came prepared, so we will definitely not let us find it so easily. Clarify everything within an effective time, once too much time passes, the false will become true..."

At that time, it will really be over...

"Even if the company's public relations team wants to find someone who has planned and deliberately hidden their tracks, it is tantamount to finding a needle in a haystack!"

"Then...can you ask...the people from the head office to help?" Xiaotao asked in a panic.

Lin Zhizhi smiled wryly when she heard the words, "How is it possible? The situation in the Lu Corporation has been tense recently, and even the second young master has been transferred back to the head office. Shengshi Entertainment is just one of the countless branches of the Lu Corporation. What happened alarmed the head office."

Selena rubbed her phone, thinking to herself, it's really not easy to find that person, but it's not impossible, as long as you use your previous relationship...

It's just that in case she doesn't want to use the connections over there...

But in the current situation, she couldn't help thinking so much...

"Sister Zhizhi, don't worry, I met some contacts when I was in the country, maybe they can help..."

Before Selena finished speaking, at this moment, suddenly, the door of the small wooden house was pushed open from the outside, and a slender figure who was busy in the world but still handsome and handsome appeared at the door...

Because the folk customs of this village are simple and honest, the doors are not locked.

The visitor seemed to have just come down from some formal occasion. He was dressed in a meticulous black formal suit, his shirt was buttoned to the first button, his tie was straight, and he had a condescending look on his face that belonged to the superior...

"Uh...boss..."

Selena was about to call out "boss" in disguise, but she was suddenly pulled away by a long arm, and bumped into a cold embrace, and then a warm and soft touch was imprinted on her forehead...

Selena's brain crashed, and she was stunned on the spot...

fcuk!

What's the situation, my lord boss, my dear heart!

Sister Nimazhizhi and Xiaotao are still here!

Is the update over? ... I recommend waiting for the update. The great god Ye Feiye has a very good-looking new book "The Great God Introduced into the Heart: 101 Deep k!ss". You can eat it with confidence, and the author himself is chasing it...

NEXT CHAPTER

Chapter 1643

Selena subconsciously reached out and touched her forehead that was k!ssed just now, and stared at her immediate boss Lin Zhizhi and assistant Xiaotao behind her...

Okay...

Both of them have been weathered into stone statues...

As calm as Ling Zhizhi stood there, let alone Xiao Tao, whose appearance could be compared to the horror expression in the famous painting "The Scream".

Selena was trying to struggle to the death, but the big devil directly leaned over and k!ssed the corner of her lips with his warm lips.

Selena: "..."

Darling, there are... people in this room...

There are other people. Hey...

I don't know if it's her illusion, but somehow feels that Daniel's state is a bit...unusual...

what happened?

In case the big devil would do something even more unpredictable if he didn't pay attention, Selena hurriedly diverted his attention, "You...why are you here?"

Daniel: "If I don't come, will you forget that you have a boyfriend?"

"Uh..."

This tone... is extremely sad...

I guess I heard what she just said.

She knew he was busy, it was all because she didn't want him to be distracted!

Selena subconsciously glanced at Xiao Tao and Ling Zhizhi again, no need to ask, with the words "boyfriend" of the big devil, the three views of these two people were obviously broken into powder and reorganized again.

"Ahhh"), after all, the sound insulation here is not good. great.

Oh my god my god! What did she see and hear! Is she dreaming! She must be dreaming! She saw **oss hugging Karen, and she saw **oss k!ssing Karen! She also heard **oss say that he is Karen's boyfriend!

**Oss, the legendary girlfriend who is extremely mysterious, so mysterious that she is known as the No. 1 unsolved mystery in the entertainment industry...

Their future proprietress, unexpectedly... has been by her side all the time!

It turned out to be her Karen!

Poor Xiaotao was shocked by this news...

Ling Zhizhi took a deep breath, and exhausted all the composure she had since entering the business to regain her composure. She looked at the big boss in front of her who was like a god descending in the middle of the night, "Mr. Lu...you..."

Well... I can't calm down at all!

Selena looked at Daniel and Ling Zhizhi with a headache.

The relationship between her and Daniel was exposed so suddenly that she didn't know how to explain it to Ling Zhizhi.

It took Selena a long time to recover, and she said bravely, "Sister Zhizhi, I'm sorry...you told me from the beginning that you can't fall in love...I broke the promise I made to you..."

Lin Zhizhi didn't know how to answer: "..."

The focus now is obviously not about her dating in private, but that the person she is dating is actually...

At this moment, Lin Zhizhi recalled everything that had happened since she took over Selena, from Saul personally inviting her, to Lu Group's gold medal lawyer Chen Jing personally handling the contract dispute between Selena and Empire, to That dance at the company anniversary...

If you think about it carefully, there is no trace.

It's just that this girl is too good at hiding the truth, she can be said to be watertight, if Daniel didn't expose her on purpose today, she wouldn't have found out at all...

Chapter 1644

If Selena was to be blamed, Ling Zhizhi really couldn't blame her.

This girl even kept it from her, not to mention other people, she had been dating Daniel for at least half a year, but it didn't have any impact on her work, and she never even took advantage of her relationship with Daniel.

"Miss Lin, thank you for taking care of Selena during this time."

Lin Zhizhi came back to her senses, and hurriedly said, "Mr. Lu, you are too serious. This is my duty."

"As for my relationship with Selena, I will respect her opinion and will not affect her work. I also promised her from the beginning that I will not interfere in any of her work matters."

Speaking of this, Daniel changed the subject, "But this incident was caused by me, so I will deal with it. I hope you understand."

Selena who was on the side looked at Daniel in surprise when she heard the words, did this incident happen because of him? What's the meaning?

Ling Zhizhi was also a little suspicious, but she didn't ask too much, and said with a sigh of relief, "This matter is indeed very difficult, and I am also worried. It would be best if President Lu came forward to solve it."

After Lin Zhizhi finished speaking, she looked at the two people in front of her, hesitated to speak, and looked worried.

If Daniel knew what she was thinking, he added, "Selena and I are dating on the premise of marriage. To put it simply, as long as she nods, I can immediately go with her to get the certificate. Ms. Lin can rest assured. Little Xi Zeng promised me that when she reaches the top of the entertainment

industry, she will agree to marry me, so I hope you two will be more considerate."

The implication is that whether I can marry my wife or not depends on you.

Ling Zhizhi: "..."

Xiaotao: "..."

These words undoubtedly shocked Ling Zhizhi and Xiaotao by the side three more times.

This... this pressure is too much, boss!

Selena held her forehead slightly, and said to Daniel in a low voice, "Enough is enough! Stop scaring my manager and assistant, hey..."

Seeing that his wife was about to explode, Daniel finally stopped obediently: "Yeah."

Lin Zhizhi and Xiaotao winked and didn't linger, and left quickly after exchanging a few pleasantries.

Selena was full of questions at the moment and wanted to ask Daniel, so after Lin Zhizhi and Xiaotao had left, she turned to Daniel and said, "That... Lu... um..."

As a result, as soon as he opened his mouth, he was sealed with a hot k!ss.

Different from the forbearance and soothing k!ss just now, at this moment, the man clasped her waist, supported her head with his big palm, and plundered her mouth recklessly.

Selena felt that the air in her chest was getting less and less, her brain felt dizzy for a while, her tongue was numb from being sucked, as if her soul was about to be swallowed...

There was a sudden pain on her lips, and Selena subconsciously groaned in protest.

The man's movements were slightly lighter, but only for a moment, and soon he uncontrollably increased his strength...

Daniel's behavior today was indeed a bit abnormal. No matter how urgent the situation was, according to his personality, he should discuss it with her first, instead of suddenly exposing him to Ling Zhizhi.

Moreover, almost the moment Ling Zhizhi and Xiaotao left, Selena could clearly feel the deliberate gloom, violence, and... similar to the intense irritability caused by restlessness on Daniel's body, erupting all of a sudden. Rampage in the cramped hut...

Did something happen?

Chapter 1645

Selena was thinking dizzily when her body suddenly flew into the air, and she was carried to the narrow wooden bed in the next second.

The quality of the small wooden bed was really not very good, and it immediately made an ambiguous sound of "squeak".

Selena didn't have time to think about it, and followed by the hot kiss, it fell again, lingering on her sensitive earlobe, collarbone, chest...The hot palm also penetrated into her clothes, causing waves of tremors wherever she went ...

However, as long as the movements are a little stronger, the small wooden bed will be like a small boat in a storm, shaking as if it is about to fall apart...

Selena's nerves were kept tense by the sound of "squeak" and "squeak", she panted slightly and said, "Dmn it, this little bed... that... darling... I can discuss it with you." It's nothing...we might as well just go outside and find a corn field to roll..."

Daniel paused when he heard the words, and then took a bite of the tender flesh on the girl's chest, "Nonsense."

"I'm serious..."

Being interrupted by Selena, the violent and out-of-control aura on the man's body was obviously relieved, and his arms tightened to hold the girl in his arms.

Selena grabbed the man's arm, put her head on the man's chest, "Daniel, what happened?"

The man's voice was deep, "It's okay, I missed you."

Selena thought about it. They hadn't seen each other for a long time because of the filming of this movie. There seemed to be no problem with this answer, but she somehow felt that there was something else going on.

"Then...you just told sister Zhizhi that what happened today is related to you, what do you mean?" Selena asked again.

Daniel's face was slightly condensed, "It's not sure yet, but you just need to earn a dowry with peace of mind, and I will handle this matter."

Selena: Earn a dowry with peace of mind...

The man stared at the girl in front of him, his eyes were filled with a dark color that couldn't be melted away, and he gently supported the girl's waist with his broad palm, "Selena..."

"Ok?"

"Have you ever regretted it?" the man said hoarsely.

"Regret? Regret what?" Selena was puzzled.

"Stay with me."

Selena immediately opened her eyes wide when she heard this, and said without hesitation, "How is that possible! This is the most correct and wise decision in my life! Marry one and get one free, I don't want to make too much money!"

Daniel sighed, stroking the girl's head and resting it in his arms, "It's late, go to sleep, don't think too much, I'm in charge of everything. I'll accompany you for a while, and we'll leave before dawn."

"Yeah." Selena nodded while rubbing against the man's chest.

Because of Daniel's appearance, those unsightly videos and photos on the Internet, and the cannibalistic words and speculations all disappeared immediately, turning into a deep sleepiness after exhaustion.

The girl clings to his arms like a small animal, murmuring in a daze, "Dear...I like you the most...you are my sunshine..."

Daniel's back suddenly stopped, and he leaned over to press a kiss on the girl's forehead.

The girl beside him was already sound asleep, but Daniel stayed up all night, his mind was filled with the video he just saw not long ago.

The video of Selena's second audition...

The video that brought him to the scene when she experienced despair that year...

As the picture turned in my mind, another picture appeared.

Daniel opened the mailbox with his mobile phone, and clicked on the attachment in the latest anonymous email.

Attached are a few photos, the first one is the one he saw when he was helping Selena move in Selena's apartment.

In the photo are a group of young people dressed in punk and heavy metal. Selena is in the middle, wearing a black motorcycle suit and men's clothing, with a wanton smile on her face.

She rested her arm casually on a man's shoulder, and she was talking to him with her head turned, her posture seemed to be that of a very familiar person.

And that man was turning his head sideways to light the lighter. Due to the dim light, he couldn't see his face clearly. He could only see a blurred side face and a head of white hair...

Chapter 1646

There are still a few photos in the back, all of which are Selena's life in China in the past. Although they are all group photos, she and the man did not have any ambiguous actions, but the familiarity and tacit understanding between the two people in the picture is obvious even through the photos. revealing...

And the last photo... the date was the day of Selena's second audition.

In the picture, Selena was lying on the bed and sleeping soundly. The white-haired man was quietly lying on the edge of the bed, holding the corner of the girl's clothes with his fingers, and fell asleep...

Just yesterday, he received this anonymous email. The other party used a virtual ip, so it was impossible to verify who the sender was.

Although none of these photos were explicit, each one was enough to make him jealous out of control.

Yes, jealousy.

Although he didn't want to admit this emotion.

However, from the very beginning, all the dark emotions that he deliberately ignored and suppressed in the depths roared out...

Selena's words back then ran rampant in his blood, tearing at every nerve of his...

"Daniel, actually, I told you from the very beginning that I already have someone I like, very! Very! Very much!

Although for some reason I can't be with him, but he will be in my heart for the rest of my life, full of it, no one can replace him, and there is no extra space.

No matter how good and perfect that person is, it won't work, do you understand? "

As soon as the phone screen changed, a call came in suddenly, interrupting his thoughts.

The gloomy look on Daniel's face faded like a tide, and he picked up the phone lightly, walked to the back of the house, and connected the call.

"Hey?"

"Boss, the inner ghost has been caught! He almost committed suicide by poisoning that guy. Fortunately, boss, you reminded him in advance, and now he has successfully controlled him!"

"Understood, I will come back tomorrow, and I will interrogate myself."

"yes!"

Daniel hung up the phone, a cold killing intent flashed in his eyes.

The photos in that anonymous email are definitely not accessible to ordinary people. No matter who the other party is, his goal has been achieved.

Even though he clearly knew that the other party sent those photos on purpose to intensify the conflict between him and that person...

In the middle of the night, in the Bieyuan in the suburbs of Beijing.

Qiao Yi slapped the table and stood up with a terrible look of anger on his face, "What did you say?"

The subordinate who came to report tremblingly replied, "The black dragon...was discovered...now it is under the control of Daniel's people..."

"Trash!" The man's face was extremely gloomy, "Have you sent someone over?"

Cold sweat was dripping on the forehead of his subordinates, "Go! But... I missed it, the person has been transferred, and even if I find it, I'm afraid I can't save him, the guards are too strict..."

Qiao Yi naturally knew this, otherwise he wouldn't be so annoyed.

Black Dragon is the code name of one of their insiders in the Lu Corporation, and it is their deepest buried pawn. It currently has a very high status in the Lu

Corporation and has provided them with countless important information. However, at the same time, Black Dragon also controls their There are countless secrets around.

Once the black dragon fell into Daniel's hands, the consequences would be disastrous.

No, I have to think of a way to rescue him, and if I can't, I absolutely have to silence him before he speaks...

Qiao Yi paced back and forth in the room, "Go and call Xiaoxiao back, and ask her to come back immediately after suspending the mission!"

"Yes!" The subordinate hurriedly took orders and retreated.

At this time, a lazy voice came from the door, "It's just a waste of effort."

"Ah Shen..." Qiao Yi looked at the person coming.

Chapter 1647

"It's already in Daniel's mouth, and you still expect to get it out?" Yun Shen said slowly, with a faint mockery on his face.

Qiao Yi frowned, "Then we can't let the black dragon fall into Daniel's hands, he knows too much about us!"

The man raised his eyebrows casually, "So what?"

Qiao Yi warned in a deep voice, "Ah Shen, don't underestimate the enemy, Daniel is not that easy to deal with!"

The corner of the man's mouth was slightly hooked, and there was a frenzied interest in his eyes, "Oh, if it's easy to deal with, what's the point?"

Qiao Yi's tone suddenly became severe, "Ah Shen! You can play as much as you like, but this is not for fun! Don't forget how your mother died, and how the Yun family got married. Destroyed!"

"The destruction of the Yun family has nothing to do with me?" The man's voice suddenly turned cold.

Qiao Yi was stunned, "Okay, let's not talk about the Yun family, but your mother, Ah Shen, don't let your mother die in vain!"

"Uncle Qiao, you don't need to bother to remind me. I see her dying in front of me every night. Are you satisfied with this answer?"

"Ah Shen, I know you are in pain, but you have to remember, all this was brought to you by the Lu family!"

...

five o'clock in the morning.

It was very quiet in the small village, and everyone in the crew was still asleep, except Ling Zhizhi and Xiao Tao who stayed up all night because they were too scared.

"Squeak!" There was a slight sound, Daniel got up and got dressed.

Just as he was about to get out of bed, a pair of soft arms wrapped around his waist desperately, "Well... where are you going?"

Daniel turned around and kissed the corner of the girl's lips reassuringly, "I have to go."

Selena didn't wake up at all, she just subconsciously shook her head like a rattle, "Don't... don't want you to go..."

"obedient."

"Well, then I'll get up and see you off..."

"No, you need to sleep a little longer, today's shooting task is very heavy, don't delay." Daniel said softly.

But I didn't want the girl to mutter aggrievedly as if she had heard some unkind words, "You know you want me to earn a dowry, and you don't even love me anymore!"

Daniel looked helpless, but the pampering and pampering on his brows almost melted him, "I'll lie down with you for a while, huh?"

"Hmm..." The girl was satisfied now, and fell asleep again in a daze.

After laying down with her for a while, and even coaxing and bringing the kiss, Daniel finally left smoothly.

If it was too late, he wouldn't be able to leave until everyone else got up.

Daniel gently closed the door, and just as he reached the door, he bumped into someone head-on.

Song Lin...

When the other party saw him coming out of Selena's room, he was not shocked as expected, but raised his eyebrows slightly, "President Lu, what a coincidence."

Before Daniel could speak, Song Lin smiled and said, "Don't worry, I'll keep it a secret."

"Thank you, Selena, for taking care of you." Because the person in front of him was an idol his wife had always admired, Daniel's attitude was very polite.

"President Lu, you are welcome. I have always liked this girl, but I never thought that the girl I saw in President Lu's office that day...is really Selena..." Song Lin murmured meaningfully, and then, Looking at Daniel, he said, "Boss Lu, I want to talk to you about something. When will you be free?"

"When there is time, I will ask my assistant to notify Miss Song."

Song Lin smiled slightly, "Okay, then I will wait for news from Mr. Lu."

Chapter 1648

With the advent of dawn, yesterday's events have been fermented overnight, and now they have spread throughout the entire network.

A sailor who fixed black Selena, and Jiang Xinyi, who was still harboring resentment before, all showed up at this moment.

"My God! This is really amazing! The video is still being updated, and there are already nine people. Is this the rhythm of sleeping all over the entertainment industry?"

"I really thought she was an inspirational actress! I didn't expect her private life to be so sloppy, and all her resources were really made out of sleep? I didn't believe it before when I had no certificates, but now this It's hard evidence! No wonder Jiang Xinyi's characters were robbed even after she got her hands! So many people have been exposed, and I don't know how many people she has slept with and haven't been exposed yet!"

"Speaking of it this way, Susie, who was forced to quit the entertainment industry by Selena before, is so pitiful! No wonder the Ning family would rather have an adopted daughter than their own daughter, Selena. So it's because of her bad morals?"

"Don't talk nonsense until the matter is clear, it is not clear who the person in the video is!"

"So-and-so's sailors are enough, are they all blind? If you don't believe the pictures or the truth, what are you going to do?"

"I know who the navy is. They've been kicked out of the entertainment industry, and it's enough to buy a navy and bite Karen every day! If you're so innocent and noble, you can leave the Ning family to prove it." Ah? How come you have the audacity to join someone else's company? Why can't you bear the glory and wealth you have stolen?"

...

Her fans were fighting for herself, it was impossible for Selena to do nothing.

Since Daniel promised, then he must have a solution.

Selena discussed with Ling Zhizhi, and then sent a simple message on Weibo: The person in the video is not me, thank you for your trust!

As soon as Selena's Weibo post was posted, the fans immediately seemed to have a backbone, and their combat power soared, and they fought even harder against those black people. As long as she said it, they would believe it.

Selena was very moved when she saw her fans spontaneously running around explaining and believing in her unswervingly.

"Before, I was very envious of Louis. I never thought that one day I would have so many fans who support me..."

When Ling Zhizhi heard Selena mention Louis, she seemed to suddenly understand something.

No wonder... no wonder with Louis's personality... he would be willing to quit...

After posting that Weibo, Selena went to the shooting location.

As soon as she arrived at the scene, the staff gathered in groups of three and four immediately looked at her in unison.

Selena said good morning to everyone without changing her expression and then walked up to Jiang Xingzhou.

Jiang Xingzhou was also like a normal person, as if nothing had happened, he started talking to Selena calmly.

Seeing Selena's candid performance and the director's attitude, the others believed Selena for the most part.

After all, they have been together for a long time since the filming, and they have all seen this girl's diligence and hard work.

Therefore, most of the staff chose to remain neutral, and those who were close to Selena didn't care if they would be implicated, so they directly posted their attitude on Weibo with a large number: I believe the person in the video is definitely not Selena, saying It's even more nonsense for Selena to rely on sleeping all over the entertainment circle, because, with her strength, she doesn't need it at all!

Chapter 1649

If he wanted to prove that Selena was relying on unspoken rules and selling his status, then at least he had to prove that the resources Selena got were not worthy of the name.

But in fact, every announcement, every endorsement and movie of Selena since her debut has been done exceptionally well.

However, the Internet did not stop because of this, and began to turn public opinion, saying that Selena was born to be a prostitute who likes to hook up with men, saying that even if she has strength, she can't hide her moral problems...

Because Selena only posted a statement on Weibo and hadn't released stronger evidence for a long time, such public opinion soon became overwhelming.

On the third night, the other party exposed another video.

The man in this video is one of the important investors of "Mother".

Those who had been holding on to Selena suddenly saw the meat like wolves, and frantically began to make use of it, selectively ignoring the fact that Director Jiang's crew had no right to intervene in casting matters even if they were investors.

After all, it's not a big deal to watch the excitement, and I only choose to watch the most direct and superficial things...

However, the turning point of things also started with this video.

Looking at the latest video that broke the news, Xiaotao was already in a panic, "Karen, is it really all right? It's been three days, but there is no news from the boss at all, and the evidence in the other party's hand is Constantly...is the boss okay?"

Selena was lying on the bed and applying fresh cucumber slices to her face. Hearing the words, she said meaningfully, "Honey, you are so courageous to question the boss..."

When Xiaotao heard that, she was scared to pee on the spot, "Karen! How could I! I was worried about you, and you still made fun of me! What if the boss didn't get it right?"

Not being able to survive in the entertainment industry is the second thing. The scary thing is that she will be charged with such a terrible crime for the rest of her life. For a woman, this life is completely ruined.

The other party's intentions were simply too sinister, obviously, they wanted to put Selena to death!

Selena smiled lightly, "It's nothing in case."

Almost the moment Selena finished speaking, the phone rang, and it was Daniel calling.

"My dear, you are done..."

Looking at Karen, who is usually domineering and cool, but turns into a little girl in love in a second, Xiaotao said that her outlook on life has been impacted.

Karen is probably on the phone with... Lord Boss, right?

Oh my god, Karen actually called the boss the sweetheart, this is too tiresome!

Selena turned on the speakerphone because she wanted to justify his ability for the boss.

Sure enough, Daniel's voice came from the other end of the phone, "Well, miss me?"

Xiaotao: "..."

Mother, she thought Karen was the only one who got tired of it...

"Of course I want to, but fortunately I have been obedient and focused on filming. The progress here is very fast, and I can go back in a few days!"

"obedient."

Xiaotao heard with her own ears the gentle and frightening voice of her boss, almost coaxing a child: "..."

No, the point is the two of you, in such an urgent situation, can't we talk about the business first and then abuse the dog?

She is really the emperor not in a hurry to kill eunuchs...

"Selena, get ready. A press conference will be held at 8 o'clock tomorrow night. I have already sent Ling Zhizhi the detailed procedure."

Xiaotao was abused for a long time, and finally heard the key point, she was shocked!

A press conference at 8 o'clock tomorrow night? This means... the boss already has a way to clarify everything?

Chapter 1650

"Okay, then I'm going to ask the crew for a day off."

"No, the press conference will be held at a hotel near your filming location. Just show up after you finish work."

"Uh, well..."

Actually let all the reporters come to this wild place to hold a press conference? Boss, you are too awesome!

After Selena hung up the phone, Xiao Tao was so excited that she almost jumped up. She was wrong, she shouldn't have questioned Mr. Boss!

"Ah, Karen, the boss is so handsome and caring!"

Originally, their Karen was right, why should he pay for this matter, they are pushing the flames and fearing that the world will not be chaotic, since they want to get gossip so much, then they should make a trip by themselves.

...

Daniel just called Selena, and Shengshi Entertainment's official Weibo immediately issued an announcement, saying that tomorrow night at 8 o'clock in the evening, a press conference will be held at the Four Seasons Hotel in D City. Respond and explain the "sleeping door" incident.

Accompanied by this news, the entire Internet exploded, and Shengshi Entertainment finally responded publicly.

Where the press conference will be held is not the point at all, all the invited media are rushing towards City D without stopping.

Selena slept until dawn, then went to the set to continue filming as usual.

Because there are many roles for young actors today, the little guy is not experienced enough after all, and director Jiang is very demanding, and everyone has accompanied ng many times.

It was past seven o'clock when work was over.

At the same time, the entrance of the Four Seasons Hotel was already surrounded by reporters.

Seeing the time ticking by, eight o'clock was almost here, but there was still no one from Selena's side, and the reporters started whispering.

"What's the situation? Why hasn't anyone come yet? You can't play tricks on us, right?"

"Could it be that you dare not come?"

"Let me tell you, Glory World Entertainment is completely stubborn. The woman in the video is Selena. There is absolutely no mistake! Since Selena's

debut, I have been in charge of covering her news in our newspaper, and I will get to know her better. But! Impossible to admit the wrong person!"

"Actually, I also think that whether it's plastic surgery or natural looks, there will be flaws to some extent, but the woman in the video, even the mole on the earlobe is exactly the same, how could it be someone else!"

"that is..."

...

Amidst all the discussion, a white car pulled up, and someone immediately recognized that it was the special car of Shengshi Entertainment. All of a sudden, the flashing lights came and went, and all the cameras were aimed at the car.

With a "crash", the car door opened, and then a woman stepped out.

The woman had long curly hair, and she was wearing a red one-line collar dress, which made her skin look like white jade. When she raised her head, she revealed an extremely delicate and beautiful face.

"Selena! What do you think of the recent videos and photos that were leaked online?"

"You tweeted that the person in the video is not, is that true? Or are you lying?"

"You said that the person in the video is not you, do you have evidence?"

...

The reporters wrapped up the woman like locusts, and one question after another was like a cannonball.

The woman's face was pale, and her face was full of guilt. This expression was like a catalyst, making all the reporters more excited and more sure that their judgment was correct...

Also getting out of the car were two bodyguards in black and Liang Feixing, the director of the public relations department of Shengshi Entertainment. The three of them saw the woman being surrounded, but they didn't react at all, and they didn't intend to step forward to stop her.
