

Cruel Heart Lover Novel

Chapter 1656

After Shengshi Entertainment's press conference ended, all the related videos on the Internet disappeared completely, and then Su Yimo's crazy behavior of plastic surgery to become Selena and the shocking gossip became everyone's gossip. After the drama was finished, the heat dropped slightly.

"Sister Lin! You can finally go back to the imperial capital. To express my gratitude, I will treat you to a good meal when I go back tomorrow night!"

The night before the finale, Selena immediately went to ask Song Lin, because she had to hurry up with the filming schedule, she hadn't been able to thank her well, and the first thing she had to do was to make up for the meal.

Song Lin showed a regretful expression when she heard the words, "Tomorrow? I have an appointment tomorrow night, can another day be okay?"

"Of course I can, I can do it any day!" Song Lin had just returned to the Imperial Capital and there would definitely be many people to meet, so Selena agreed without thinking too much.

After returning to the room, Selena cheerfully called Daniel.

"Honey, I'm going home tomorrow!"

"I asked Cheng Feng to pick you up at the airport. I have a social event tonight, but I will try to come back as early as possible." Daniel said softly.

"Okay, I see, you do your work first!"

...

The next day, in the imperial capital, a membership-only Chinese private restaurant.

"Hey, Second Young Master! What kind of wind brought you here..." Wearing an embroidered cheongsam, the charming proprietress warmly greeted Saul.

"Invite a few clients to dinner tonight, and help me get the box ready!" Saul looked like a workaholic.

"Oh, unfortunately, someone is using your box tonight!" The proprietress apologized.

"Is someone using it? Who?" Saul frowned.

"Boss Lu!" the proprietress replied.

"My brother? How is it possible?" Saul showed a surprised expression.

Isn't sister-in-law back today? Who can ask his brother out today with such a big face? Still have to eat here!

This private restaurant is called Wangjianglou, and there is a box specially reserved for the Lu family, as long as you come here, you will definitely have a seat.

"Who is my brother dating?" Saul asked curiously.

"This..." The proprietress looked a little hesitant when she heard this.

Saul frowned, "Is there anything else you can't tell me?"

The proprietress naturally knew how good the relationship between the two brothers was, and then she thought that there was really nothing to hide, so she replied, "Ms. Song is the one Mr. Lu is dating."

"Miss Song? Which Miss Song?"

"It's Mr. Lu's legendary girlfriend!" The proprietress said mysteriously, with an expression of "you don't have to hide it from me, I already know it all".

Saul raised his eyebrows, "Who told you...my sister-in-law's surname is Song?"

The proprietress was stunned for a moment, "Uh, isn't President Lu's girlfriend Song Lin?"

Saul was speechless immediately, "Song Lin? Your brain is too big!"

"Ah... That's my misunderstanding. Mrs. Lu is making an appointment tonight with Ms. Song Lin and Song... I thought... I'm sorry, I'm sorry..." The proprietress smiled and apologized.

Daniel's rumored real girlfriend has always been a mystery, but many people have speculated that it is someone from the entertainment industry, and who else in the entertainment industry is qualified to attract a man like Daniel?

Of course, the possibility of Song Lin is the greatest, so the proprietress saw that Daniel actually asked Song Lin to meet tonight, and subconsciously thought that Song Lin was, but she didn't expect that it wasn't...

That would be really strange, who could it be?

Chapter 1657

Saul on the side touched his chin after hearing what the proprietress said, "What? My brother is dating Song Lin tonight?"

What did he ask Song Lin to do?

Recently, the Lu Corporation has been fighting fiercely with that side. The major shareholders are all competing to win over, and Song Lin has 5% of the shares of the Lu Corporation...

Could it be related to this matter?

"Thanks, I got it!" Saul was thinking absent-mindedly as he walked to the door of the box unknowingly.

Judging from his keen radar intuition, he inexplicably feels that what happened tonight might not be that simple...

At this moment, in the box.

"Last time, thank you Miss Song for your help." Daniel toasted the person opposite him.

Song Lin took a sip of her wine and said with a smile, "President Lu, you are welcome. Of course, I will help with Selena's matter."

Hearing this, Daniel paused.

Song Lin went on to say, "Selena hits me very well. I have always liked her. There are very few girls like her in the entertainment industry. She really likes acting. With such a good appearance, she is still willing to work hard. Always keep your heart, even... Even if you have a backer like Mr. Lu behind you, you never use it, it's really...cute..."

Song Lin talked a lot, but Daniel just listened quietly from beginning to end without interrupting her.

Sure enough, as Song Lin was speaking, she suddenly changed the topic, "I don't know if Mr. Lu knows, but recently someone paid a high price for 5% of Lu's shares in my hand..."

Daniel nodded, "I know a little bit."

Compared with those princelings who are difficult to shake, a neutral faction like Song Lin is naturally the best target for the opponent, which is also expected.

And this was another reason why he made an appointment with Song Lin today.

Outside the box door, Saul tensed up when he heard this.

fcuk, it's really about the shares...

He had an inexplicable bad feeling about what was going on...

"I'm struggling, should I sell this share or not?" Song Lin shook the red wine glass in her hand, and said meaningfully, the hint was already very obvious.

"Your conditions." Daniel said straight to the point.

Now that the other party has found him, it means that this matter is negotiable, that is to say, the other party has something for him.

Saul outside the door was biting his nails nervously, hey, in this situation, he can completely predict the next development of the plot!

After all, recently, there are so many women trying to marry into the Lu family that they can wrap the capital into a ball of yarn.

Song Lin is planning to use shares to threaten his brother to submit?

"Oh, actually... I'm not interested in money, and now acting is just a way to pass the time... But... Recently, I found something... that I haven't seen for a long time... that I... really want..." Song As Lin spoke, she stared at the man across from her with burning eyes, "What I want is..."

Outside the box, Saul was already beating his chest and stamping his feet anxiously when he heard this, like ants on a hot pot!

Come on! no surprise! He really guessed everything!

Sure enough, this Song Lin also harbored ill intentions towards his brother!

The next sentence Song Lin wants to say must be "I want you" ah ah ah!

"What I want is – Selena."

Daniel: "..."

Saul, known as a fortune teller: "..."

What... what! ?

What did Song Lin say just now?

There must be something wrong with the way he eavesdropped!

Chapter 1658

The person Song Lin fell in love with...wasn't his brother, but...Selena! ?

The development of this plot is like a runaway wild dog, completely not playing cards according to the routine!

Saul stood blankly at the door of the box, his whole body felt as if he had been scorched by lightning, and his whole body smelled of burnt food.

Amazing my little Xixi!

He was about to kneel down for that girl...

I feel so sorry for his brother...

In the box, there was silence for ten seconds.

"She's not an item." The man's face turned frosty, and the air pressure in the box suddenly dropped. This was the result of him suppressing his emotions for Selena's sake.

"Mr. Lu, you understand what I mean." Song Lin looked at him, "I fully understand why you chose Selena, Mr. Lu, she is indeed too cute and charming, but what you like is her beautiful appearance, since that's the case, there should be a more suitable candidate than her, right?"

Song Lin meant something, obviously referring to Su Yimo.

"As for Selena, she was born for her dreams, for all movie fans, not just someone's pet or a taboo."

"She's not a pet, she's not a pet, she's someone I spend my whole life with."

Song Lin didn't seem to expect to hear such an answer, she looked dazed for a moment, frowned slightly and said, "President Lu must be very clear that you are not suitable for her at all, and you can't give her what she wants, and I But it can make her life go to the height she desires most..."

At this time, suddenly, there was a "plop", Saul was so shocked that he couldn't stand still, and fell from the door all of a sudden.

Immediately, Song Lin and Daniel subconsciously looked towards the door. The expressions of both Song Lin and a certain brother were indescribable.

Saul got up with a bitter face, scratched his head in embarrassment, and said, "Uh...hehe...I...I was just passing by...I accidentally fell in...You guys continue...continue..."

After speaking, he ran away without a trace.

Five seconds later, Saul ran back again, poked half of his head in tremblingly, coughed lightly and said, "Hey, Miss Song, actually, you made a mistake...Selena It's true that Xi's dream is to stand at the top of the entertainment circle...but, she is so eager to reach the pinnacle of life...in fact, it's all because of...marrying my brother!"

After Saul finished speaking, he closed the door with a "bang" and disappeared, hiding his achievements and fame!

Song Lin: "..."

...

Ning Tianxin was going to go abroad soon, so Selena took advantage of the fact that she was free tonight, so she asked someone out to have a meal together.

"Sister Tianxin, the Huaguo cuisine in Wangjianglou is really delicious. If you go abroad, you won't be able to eat as many delicious foods as in our big food country. You must eat more tonight!" Selena said affectionately Holding Ning Tianxin's arm tightly, he sighed.

The two sisters were walking inside, but unexpectedly, they ran into two people head-on.

Daniel...

And her goddess...

Seeing these two people walking out of the same box together, Selena was a little confused.

Could it be...the goddess said that there is an appointment tonight, and the person who made the appointment is Daniel?

Did Daniel mean Sister Lin for the entertainment?

Selena blinked her eyes, and it took her a long time to come to her senses, and hurriedly said hello, "Master Boss, Sister Lin, you guys also come over for dinner!"

Although Selena's tone sounded fine, she looked at the two of them with an obviously unnatural expression.

Looking at Selena's reaction, he knew that she might have misunderstood something, Daniel frowned slightly, but the current situation was inconvenient to explain, "Well, there is something wrong with the company."

Chapter 1659

"Oh... I've invited Sister Tianxin to dinner!"

Daniel reached out and stroked the girl's hair, "I'll wait for you to come back."

"it is good..."

After speaking, both parties went to their respective directions.

Selena was halfway there, and couldn't help but turn her head to look at the backs of the two of them.

Although Song Lin is a bit older than Daniel, she is really well taken care of. Even if she is a girl in her twenties, no one will doubt her at all, but her aura is

definitely not comparable to that of ordinary girls. , standing with Daniel at this moment, there is a feeling of twin kings standing together.

That was exactly the state she had been pursuing... hoping to stand side by side with Daniel...

Selena was watching, and vaguely seemed to hear the conversation between the two.

"Mr. Lu, what I said today is all serious. I hope Mr. Lu will consider it carefully."

"No need."

...

After entering the box, Selena was always absent-minded.

Ning Tianxin naturally saw all that scene in his eyes just now, and said worriedly, "Selena, are you okay? Didn't Mr. Lu just say that? It's about the company, don't think too much... .."

Selena slammed her head on the table with a "boom", "Oh...how can this be done!!!"

Seeing her agitated, Ning Tianxin was about to continue persuading her, but then she heard Selena say, "My Goddess and Boss-sama are so well matched, are you sure!!!"

Ning Tianxin: "Uh..."

This reaction was clearly not what she expected at all...

Selena sighed for a while, and then was so excited that she wanted to roll around on the spot, "I feel like my idol has been robbed!"

At this moment, Ning Tianxin didn't know what to say anymore. This girl, she wasn't worried about Daniel being robbed, but she was worried about... Song Lin being robbed?

Perhaps it was because, in this girl's subconscious mind, she was certain that no one would be able to snatch Daniel away...

Originally Ning Tianxin was very worried about Selena's relationship with Daniel, but as time passed, she knew that Daniel was serious about Selena, and what moved her most was their mutual trust.

...

Platinum Palace.

As soon as Daniel arrived home, Saul rushed in right after him.

On the sofa in the living room, his brother was pinching his eyebrows with a dark expression.

Saul silently expressed his deep sympathy, the army of robbing his brother's wife has evolved to this point, it is becoming more and more brutal...

Saul leaned over and sighed, "Brother, I'm also to blame for this matter. I blamed me for not finding out about Song Lin's background, but this woman is hiding it too well! Who would have thought that she is not taboo between men and women!"

Speaking of this, Saul glanced at his brother carefully, then muttered and said, "You know...Song Lin's status in Selena's heart is very special, if this woman can't do anything with you, just I'm going to attack Selena, I'm really afraid that Selena won't be able to hold on..."

Seeing his brother's terrifying sight of death, Saul flinched a bit, but he still managed to say, "Brother, don't believe me, I've been in the entertainment

industry for a long time anyway, so I know too well what an idol is to an idol. For fans, the meaning is definitely beyond your imagination, let alone a boyfriend, even a husband has to lean back in front of idols at critical moments..."

In short, his brother's rival in love this time is really awesome...

Chapter 1660

After eating, Selena sent Ning Tianxin home, and then drove towards the Platinum Emperor Palace.

Along the way, Selena was a little preoccupied. After entering the door, she wanted to find Rick to hug and heal her, but she remembered that Rick was still in the old house!

Then, Selena immediately threw herself on the sofa like a sunflower without sun.

I don't know how long I lay there in a daze, when there was a sound of footsteps behind me.

"Why are you lying here?"

Selena turned her head, and saw Daniel who seemed to have just taken a shower and was wearing pajamas...

Looking up and down at the handsome and delicious man in front of her, Selena puffed her cheeks and showed a dissatisfied expression.

Daniel walked up to the girl and sat down, "Do you have something on your mind?"

Selena nodded her head honestly, "Yeah!"

Daniel: "Because of Song Lin?"

Selena continued to nod, "Yeah!"

Daniel thought about his words, thinking about how to speak about this matter.

"Oh, the goddess has suddenly become a rival in love, how can I face the goddess in the future..." Selena groaned in confusion.

Obviously Selena and Saul had the same thought at first, thinking that Song Lin liked Daniel.

After hearing this, Daniel said, "..."

Wife, you think too much, Song Lin is not your rival in love, but mine.

Selena didn't notice Daniel's strange expression, she was still secretly saddened, but this person was Song Lin, the idol she had always admired, even she herself thought she was almost perfect, more suitable for Daniel than her...

Seeing the girl's tangled appearance, Daniel sighed indistinctly, but in the end he still didn't tell Selena the truth.

After all, the other party was someone Selena longed to admire, and he didn't want to destroy Selena's pure and beautiful relationship.

So, Daniel said, "It's good that you know, so, in the future, you'd better not get too close to Song Lin."

Selena felt that what Daniel said made sense, so she nodded, "I see!"

After all, such a relationship is really embarrassing.

Daniel put the girl's eggplant-like head on his shoulders, and continued to coax, "From today on, try to avoid being alone with Song Lin, you know?"

Selena: "Yeah!"

Daniel continued to warn, "Don't accept the other party's invitation after ten o'clock in the evening."

Selena: "Oh..."

Daniel: "Keep your distance and avoid any close physical contact."

The corners of Selena's mouth twitched slightly, "Uh...the above two are quite understandable, why is this one?"

They are all women, sometimes it is normal to hold an arm and hug, right?

"To avoid any friction and conflict." Daniel explained casually.

Selena scratched her head, "Oh..."

Is that right?

Why does she think it's weird to combine these three requirements?

Forget it, don't want to.

Selena rolled into Daniel's arms, her watery eyes were full of longing, "My dear..."

"Ok?"

"I miss Rick!"

"Do you have work tomorrow?" Daniel asked.

Selena's eyes lit up immediately, "No, I'll rest tomorrow! I have nothing else to do except send Sister Tianxin to the airport!"

"Okay, I'll bring Rick back tomorrow."

"Yeah!" Selena immediately forgot all her troubles when she heard that she could see the baby.
