## Chapter 1691

"Where's the money?" the man asked casually.

"It was all used to buy the shares of the Lu Corporation before! There is not a cent left! You said that you don't need to worry about it, and it was all used for the purchase!" The subordinate replied with a look of panic.

The man raised his eyebrows, "Did I say that?"

"You said it!" The other party was about to be tormented by his boss and cried.

At this moment, the door of the office was pushed open again, and Qiao Yi walked in with a chill all over, and then said, "And all the underground trading channels have been exposed!"

This means that all their sources of income have been cut off!

Before the black dragon was rescued in time, they thought it must be fine, but they didn't expect that these channels were still exposed, and they were directly stabbed to the black cat. What went wrong?

However, there is no time to think about these now.

Dmn it... This Daniel... is really not easy!

Fortunately...he was already prepared!

Kevin, who was behind him, continued, "Now Daniel has prepared a trading team to attack our stock market!"

Yun Shen's eyes, which were usually lazy and not interested in anything, suddenly burst into unprecedented light, as if there was finally something that interested him, something that made him want to be serious...

"Very good, let's play with him!" The man moved his fingers slightly, and a complicated stock market chart line appeared on the computer screen, "Heh, I want to see if the myth of Wall Street in the past is so invincible... .."

It must be very interesting to defeat Daniel in the field he is most proud of and good at!

Looking at Yun Shen's expression, Qiao Yi knew that this guy was finally serious, and he was relieved and worried at the same time.

He knew that Yun Shen, like Daniel, had amazing talents and accomplishments in the stock market. After returning to China, they were able to grow Yilan Venture Capital to such a large extent in such a short period of time, it was not just money. .

He really had no way of judging who would win this time.

However, he does not allow any possibility of failure!

This time, he must win! I will definitely win too!

at all costs!

Yun Shen waved everyone away and plunged headlong into the sea of data. Kevin quickly gathered the company's team and began to fight against Lu's side.

Qiao Yi backed out, and gave the subordinates beside him a warning look, "You must not let Ah Shen know what happened tonight!"

That child's brain is sometimes too inflexible, and he is too conceited. Those who do big things don't care about small things, so what if they are unscrupulous? With a person like Lu Chongshan, there is no need to talk about benevolence, justice and morality with him!

"Yes." The subordinate responded.

...

Tonight is destined to be a sleepless night.

Yan Ruyi was still in a coma, and Lu Chongshan had summoned all the secret forces of the Lu family to search for Rick's whereabouts. At the same time, all he could do was wait, waiting for the other party to contact him.

Once the other party contacts him, they will definitely make excessive demands, but as long as the other party contacts him, it is possible to locate them and rescue Rick.

However, time passed bit by bit, the night was getting darker and darker, so many people were dispatched, but Rick still had no news, the helicopter seemed to disappear out of thin air, leaving no trace, even he was not sure The other party is still in the country, and the other party has not contacted him...

Lu Chongshan, who was originally determined, finally changed his expression...

## **Chapter 1692**

A garden in the suburbs of Beijing.

"Uncle Qiao! There is no movement from the Lu Corporation. It seems that Lu Chongshan did not tell Daniel about this matter, but instead sent someone to find us in private...Do you want to contact Lu Chongshan now?" Feng Jin asked for instructions.

"What are you doing contacting Lu Chongshan?" Qiao Yi asked unhurriedly.

Feng Jin was taken aback when he heard the words, "Of course it is..."

"You think I'm going to use that child to threaten Lu Chongshan?" Qiao Yi asked with a half-smile.

Feng Jin heard the words with a suspicious look on his face, "Isn't it... not? Then what are you going to do?"

Qiao Yi was sitting on a large mahogany chair, looking coldly at the dark night outside the window, deep in his eyes was like a ferocious and ugly beast, wriggling his body and breaking out, then slowly answered Feng Jin Asked for instructions – "Kill that child."

As soon as the words fell, Feng Jin's pupils shrank suddenly, his face was full of panic, "What?"

The man sneered, "What? Are you scared?"

Feng Jinman lowered his head, hiding the shock in his eyes, "No...just..."

"What are you afraid of? After tonight, everything is ours, Lu Chongshan is just a bereaved dog!"

Feng Jin frowned upon hearing this, even so, there is no need to kill that child, right? Obviously there can be a more secure way...

What if killing that child was too much and caused Lu's crazy counterattack...

"Is there any question?" Qiao Yi's gaze shot at the person in front of him sinisterly like a ghost.

Feng Jin's back trembled, "No! I'll do it now!"

After speaking, I didn't know what came to mind, and asked again, "Then... where is Keren?"

The only variable in the mission this time was that Keren was also captured by accident, which almost caused her trouble at the time.

Could it be that Uncle Qiao even wanted Keren to...

Thinking of this, Feng Jin's hand, which was crippled by Yun Shen's shot before, convulsed reflexively.

Qiao Yi sighed, and said helplessly, "Keep it, it's rare for Ah Shen to have something he likes. Let her see with her own eyes how the child died."

Good to know... the fate of the betrayer...

Feng Jin's voice trembled slightly, "Yes."

After Feng Jin left, Qiao Yi lightly stroked the necklace hanging on his chest, pressed the lock, and opened a small group photo inside, his gaze was so gentle, but terrifying as a ghost, "Heh... Lu Chongshan... I've made you happy for so many years...it's time to end...I'll let you taste...the feeling of losing a loved one...hehehehehehe..."

Nervous laughter resounded in the dead of night, chilling the whole body...

Selena and Rick were blindfolded and brought to a small room of twenty square meters.

There were no windows in the room, only an iron door, and there were two people guarding the door. The room was empty, except for her and Rick, there was not even a single extra hair, so it was impossible to tell where it was.

After she and Rick were imprisoned, no one paid any attention to them.

Time passed by every minute and every second, and nearly two hours passed in the blink of an eye.

And Selena's expression became more and more solemn as time passed...

"Little Treasure, are you afraid?" Selena hugged the little guy tightly in her arms.

Rick was warmly hugged by his mother, his little head shook, and there was no panic on his face, "Just stay with mom!"

Selena's eyes trembled slightly, and she gently kissed the little guy's forehead to hide the gloomy eyes, "Good boy."

## **Chapter 1693**

Selena's nerves were highly tense, and she paid close attention to every movement outside, but the two gatekeepers were like sculptures, they were so quiet that they could barely hear their breathing, and no one else had been here before. There was no response to her tentative inquiries and intentional conversations.

After another half an hour, Selena's face had completely darkened.

To be able to kidnap Rick from the Lu family, and mobilize an entire A-level mercenary regiment to kidnap a child, there is no other possibility except the people over there.

And there was only one reason for kidnapping Rick. Daniel started to counterattack, and the other side might not be able to hold on anymore, so he prepared to use Rick to threaten the Lu family.

She thought so at first, so she wasn't particularly worried, as long as the other party wanted something, she wouldn't do anything to Rick.

However, as time passed, she realized that something might be wrong...

If the other party was really planning to use Rick to threaten the Lu family, then they should have told Lu Chongshan the purpose immediately after kidnapping Rick. It's time for them to contact the Lu family, otherwise, the longer it takes, the worse it will be for them.

Why didn't they contact the Lu family?

unless...

Thinking of a certain possibility, Selena subconsciously tightened her arms to hug the little bun.

After an unknown amount of time, finally, there was a sound of footsteps at the door.

The leader with the letter "k" engraved on the mask is explaining something to the two guards.

Selena keenly saw an emotion similar to shock in the eyes of one of the guards...

What did the "k" say, and why did the guard react like this?

They didn't seem to be jealous of her being here, and their voices were not too low, so Selena vaguely heard words such as "early tonight", "this is an order from above", "that woman keeps it"...

After Selena combined the meanings, all the blood in her body froze.

What is the implication of saying "the woman keeps it"?

The child is not staying?

The footsteps gradually faded away, the leader left, and the room returned to dead silence.

Selena's body trembled violently uncontrollably.

"Mom..." Feeling his mother's violent mood swings, Rick raised his head and looked at her worriedly.

Selena hugged Rick tightly in her arms, "It's okay..."

It's okay...it's going to be okay...

Mom will never let you have trouble!

Selena exhausted all her self-control to calm herself down. In the next second, her expression changed, and she slowly covered her lower abdomen, revealing a painful expression.

"Mom?" Little Treasure, who was still calm just now, saw Selena's painful expression, his little face suddenly changed, and he looked over anxiously, "Mom, what's wrong with you?"

Selena couldn't speak, her whole body began to convulse, and she moaned in pain.

"Mother!!!"

Hearing the movement inside, the guard on the right side of the door looked back and frowned slightly.

Just as he was about to make a move, the person next to him stopped him, "What are you doing?"

"she..."

"Don't do unnecessary things." The companion warned.

The guard hesitated for a moment, then stood back.

However, later on, Selena's reaction became more and more serious, she rolled on the ground in pain, and smashed her head against the wall until it was dripping with blood.

## **Chapter 1694**

The little bun on the side screamed in panic, and cried so hard that he couldn't breathe while hugging Selena who was rolling all over the floor, "Mom..."

The guard finally couldn't stand anymore, "I'll go in and have a look!"

Before his companion could speak, he said in a cold voice, "The woman's superiors ordered her to be kept. If something happens to her, you will be responsible for it?"

The companion snorted and reminded mockingly, "That's Keren! And don't forget, she's an actress!"

The companion said, and added, "And, he is a very good actor!"

He obviously knew Selena's information very well.

The guard who was about to go in heard this, and hesitantly took back his steps, but continued to pay attention to the movement inside with his peripheral vision.

"Mom... Please save my mother!!!"

The child cried heart-rendingly, and threw himself in front of the iron gate, begging them to save his mother, making people like them who had been

specially trained to be cold-hearted and cold-blooded couldn't help but frown.

At the same time, the woman lying on the floor twitched less and less frequently, and the corners of her mouth began to bleed continuously, and finally her body remained motionless...

Finally, the expressions of the two guards outside the door all changed.

One of them opened the door and rushed in, while the other guarded the door with a gun in his hand.

The guard who rushed in quickly walked up to Selena, kicked her, and then bent down to check her situation.

At this moment, a sudden change happened. The man's feet were swept away by a strong force, and he fell to the ground with a "boom" in an instant. The next second, the eyes of the woman whose forehead was dripping with blood and the corners of her mouth were still bleeding were as cold as piercing eyes. Han Bing, covering the child's eyes with one hand, twisted the man's wrist holding the gun with the other hand, aiming in the direction of the guard outside the door, pressed the man's finger, pulled the trigger, and with a "poof", the bullet from the silencer gun sank into the door. Between the guard's eyebrows, the guard maintained the posture of holding a gun and preparing to shoot at her, and fell to the ground with round eyes...

There was another "poof" sound of bullets entering the body, and another guard was also shot in the heart by her blow.

All this happened in the blink of an eye, and there were only two corpses left in the room.

Yes, she is Keren, and she is an excellent actress.

Even if they knew her details, so what?

The real acting skill is... no matter how well you know it, you will still forget that she is acting the moment she enters the play.

"Mom..." Rick pulled away her mother's palm, and glanced coldly at the two corpses on the ground, without the slightest hint of timidity in her eyes.

However, when he looked at his mother, he immediately rushed over with a face full of grievances, "Mom, you are fine..."

"Mom is fine. Mom lied to them. I'm sorry for worrying the baby!" Selena put the gun on the back of her trousers and quickly picked up Rick. Then she found a piece of rope from one of the guards and held Rick firmly. tied in front of his body.

"Don't be afraid, baby, Mom will take you out of here!" Just as Selena was finishing these, a piercing siren suddenly sounded in the empty room, and at the same time, a dazzling red light glowed on the two corpses.

"Dmn it!" Selena's face changed suddenly, she stared at the red light.

I didn't expect that there would be sensors on the two of them. Once the person wearing the sensor died or the heart rate and blood pressure of the body were abnormal, it would automatically connect to the system and send out an alarm.

## **Chapter 1695**

A garden in the suburbs of Beijing.

"Uncle Joe! It's bad!"

"What?" Qiao Yi, who was interrupted to remember the old man, raised his head displeased.

"Yes...it's Keren...Keren killed two guards...and escaped with the child!" Feng Jin reported panting.

"Where are you going?" Qiao Yi frowned slightly, with displeasure on his face, displeased with such a simple task, but they had problems again and again.

"It's still within our control, it shouldn't be possible to escape!" Although Feng Jin said so, his tone was actually a little uncertain.

This woman is really unpredictable. Under such a heavily guarded situation, with a child by her side, she was able to kill two of their A-level mercenaries and escape.

Qiao Yi stopped rubbing the necklace with his fingers, stood up slowly, straightened his sleeves and said, "Let's go."

"You have to go in person..." Feng Jin was surprised.

"I won't go? Which of you dares to touch that girl?" The man's expression was so cold that his soul began to shiver.

Sure enough, Feng Jin turned pale when he heard this.

Joey, what does this mean?

The man shook his head regretfully, and sighed, "Hey, that girl is quite talented, and she has some kind of friendship with me, but it's a pity... she chose the path she shouldn't take... Then... you can't stay... "

Feng Jin looked at the morbid madness in the man's eyes, cold sweat dripped on his forehead...

Lu's old house.

"Master, everyone has gone out to look for it, but there is still no news!"

"No one over there has contacted us!"

...

Lu Chongshan listened to his subordinates' report, looked at the dead mobile phone and phone, and then glanced at the wall clock on the wall that was approaching zero o'clock one by one. His fingers trembled uncontrollably, and the ominous premonition in his heart became more and more serious. Heavy.

"Master, what should we do now? Do you want to...continue to wait?" Xing Wu glanced at the time on the wall with cold sweat all over his head.

It's past zero in less than ten minutes...

"How about the company?" Lu Chongshan asked.

Xing Wu replied, "Just now there is news from Cheng Feng that everything is going well, and it's almost there! The stock is getting closer and closer to the other party's psychological bottom price. If the other party doesn't protect the market, that stock will definitely not be able to keep it. , then it will be a huge loss, and the other party may not be able to hold on..."

Lu Chongshan's voice trembled, and he said with great difficulty, "Wait...wait..."

Xing Wu: "Yes..."

Time ticks, ticks, seconds pass by...

In just a few minutes, it is as long as centuries...

"Dinglingling" A burst of original default mobile phone ringing, like a thunder, exploded in the dead living room.

Lu Chongshan's phone rang, and an unfamiliar phone number popped up on the phone screen, and the other party made a request for a video call.

"Here we come!" Seeing this, Xing Wu's eyes suddenly widened.

finally come!

He knew that the other party would definitely contact him!

Lu Chongshan stabilized his mind and pressed the connect button.

In the next second, the phone screen flickered, and then a middle-aged man's face appeared.

The man was wearing a navy blue Tang suit, and seemed to be sitting on a high platform. The high-intensity light on the high platform shone down, and an abandoned city ruin could be seen below, and the strong light illuminated every corner of the ruins clearly. , nothing to hide...

"Yun Yi!" Lu Chongshan stared at the middle-aged man's face with a gloomy expression.

The man lowered his head and laughed lowly, "Hehe, so Chairman Lu still remembers me? I thought you are so forgetful!"

"Yun Yi, it's still too late for you to stop now, you clearly know what happened back then..." Lu Chongshan said in a deep voice.

The man interrupted him with a sympathetic smile, "Chairman Lu, you don't have to tell me about the past, and you don't have to play the trick of delaying time. I don't intend to play the boring game of coercing the emperor to make the princes look like you." matter..."

When the man said this, he smiled treacherously, "Hehe, tonight, I want to invite Chairman Lu to watch a play... a... good show..."

## Chapter 1696

Tonight, I want to invite you, Chairman Lu, to watch a show... a good show...

Seeing the man's cold, sadistic and vengeful eyes, as well as this sentence, all of Lu Chongshan's calmness and rationality were wiped out at this moment, and he yelled at Xing Wu at the side almost loudly, "Notify Daniel! Notify Daniel!!!"

"master..."

"Shut up! Hurry!!!"

...

The middle-aged man at the other end of the video raised the corners of his mouth in great joy, "What a pity...it's too late..."

The moment the middle-aged man's voice fell, the camera in the mobile phone video switched and pointed at the abandoned city ruins under the high platform, and then gradually zoomed in. The picture in the camera was very clear, even at night. Clear the situation below.

Finally, a familiar figure appeared on the screen.

It's that woman!

Selena held Rick tightly in her arms, and rushed out of a complicated building quickly, searched around vigilantly, and then ran desperately towards the distance, but did not know, What awaits her is not life, but a long-planned net, a...crazy killing...

Without warning, there was a "bang -" gunshot from the phone.

"Ah..." Selena let out a low cry, and a flower of blood exploded on the wrist that was shot.

Huge desperation and panic suddenly appeared on Selena's face. Regardless of the gunshot wound on her arm, she hugged Rick tightly in her arms, raised her head, and looked around the empty surroundings, as if there were countless hearts waiting to tear them apart. behemoth...

"Mom..." Rick screamed suddenly, his little face was filled with horror.

"Don't be afraid, baby! It's fake...it's fake...it's my mother who lied to you..." Selena coaxed with an extremely gentle voice, and while the little guy wasn't paying attention, she slashed her fingers and controlled her strength. Bao quickly patted the back of the neck.

The little guy's eyes full of horror suddenly closed slowly, and he fell into a lethargic sleep.

Selena tied Rick tighter again, and continued running forward without hesitation.

Ten meters, fifty meters, one hundred meters, two hundred meters... the next pass is about to be reached...

"Bang..." There was another gunshot.

Selena's right leg plopped and fell to her knees, bowed like a shrimp to protect the child's back and trembled, then stood up quickly, dragging her bleeding leg, at a speed no less than before. Quickly continue to run... run...

non stop...

Even though she knew that she was surrounded by a group of ferocious beasts, there was almost no possibility of her surviving, even though the pain

in her leg was piercing, but she wanted to escape! She wants to escape! She wants to escape with Rick! She promised Rick...

The other party is like a cat catching a mouse. Every time he sees that the girl can't hold on anymore, he deliberately makes people stop to give her time to breathe. When she is almost about to see hope, another shot kills her hope. shattered...

Arms, calves, abdomen, ankles...the opponent didn't shoot her in the vitals, but threw her into the sky and fell down hard...

And the girl knew this, knew the opponent's tricks, but after being thrown down again and again, she continued on without hesitation...

"Enough!!!" Lu Chongshan yelled loudly at his mobile phone while clutching his throbbing heart, "I've said enough... what do you want! Yun Yi! What do you want! Do you want the Lu family! I Here you go! You let the child go! Let him go! Do you hear me!"

The face of a middle-aged man appeared on the phone. The man looked at the pained look on the other side, and laughed wildly, "Hahahahaha... what do I want? Lu Chongshan! I want you to die in pain! I want you to die! I want you to watch Watching the dearest person die in front of you, but there is nothing you can do!"

## **Chapter 1697**

Every word of the man was inserted into his chest like a sharp awl, and stirred fiercely.

The pain in Lu Chongshan's heart became more and more severe, his face was so pale that there was no trace of blood, "You..."

Seeing Lu Chongshan's completely out-of-control mess, no longer as invincible as before, the man sighed and shook his head sympathetically, but

his tone was sarcasm and cold to the extreme, and he said quietly, "I didn't expect... Chairman Lu actually There will also be such a side that values love and righteousness...It really surprises me..."

After finishing speaking, the man raised his hand towards the person beside him, "Okay, then let Chairman Lu have a good time!"

Lu Chongshan's eyes widened in an instant, and he struggled to speak in a hoarse voice, "Yun Yi! How dare you! You..."

Severe and unbearable pain came from the heart, Lu Chongshan fell silent in the middle of speaking, his eyes went dark, and he fell down with a "boom".

The phone fell to the ground...

One second before he lost consciousness, he clearly saw... the cannonballs were fired in the direction where the girl was fleeing, and a thick wall behind the girl collapsed, and then the girl disappeared from sight in an instant, leaving only a fragment In the ruins of the wall, a pool of bright red blood slowly flowed out from between the cracks in the bricks... soaking the soil and dyeing it red...

...

Lu Group company building.

With a piercing sound of "呵...", the pen in Daniel's hand accidentally scratched the paper, leaving an ugly mark.

The man pursed his thin lips, looked at the white paper full of data in front of him, frowned, and his face sank for some reason.

"Brother! This time the other party is dead!" Saul rushed over excitedly, seeing Daniel's expression was wrong, he said nervously, "Brother, what's wrong with you? Is there something wrong with us?"

Daniel stood up abruptly, "Where's your sister-in-law?"

Saul didn't expect him to change the topic so quickly, and he couldn't react for a while, "Ah? Selena? It's over there in the old house! Didn't my parents go to the temple during the day and leave Guan Ziyao at home for dinner at night? Then Little Treasure managed to keep Selena behind..."

"Boss! Come and look over here!" One of the traders ran up to Daniel in a hurry.

"Boss, the other party still hasn't done anything, what should we do now? Should we continue to sell the shares in our hands? There are only 70,000 shares left!" There was also a voice asking for instructions from the other side.

Now is a critical period, Daniel is at the helm of everyone, and he cannot be distracted for a second, otherwise, if he makes a mistake, all previous efforts will be for naught and forever will be lost!

"Brother, what are you worried about? Little Treasure is here! Selena won't suffer! We're almost there!" Saul hurriedly urged.

He almost completely solved this hateful brother's biggest rival in love!

Daniel ignored Saul's urging, and raised his hand to ask the people around him to wait for a while, and then said to Saul, "Go and pick Selena up, go now, I want to see her in my sight. "

Saul wailed, "Brother, don't you... It's only been six days since I saw you... Everything will be settled tomorrow... It's not too late!"

My brother looked over with frozen eyes, and Saul immediately accepted the order, "I'll pick him up right away!"

As soon as Saul finished speaking, a figure staggered in, "Eldest Young Master! Second Young Master! No...it's not good! Young Master was kidnapped...and...and that Miss Selena..."

## Chapter 1698

"What did you say? Kidnapping? When did it happen?"

Xing Wu wiped the cold sweat from his head: "In the evening...evening...at six o'clock..."

"Dmn it! Why did you wait until early in the morning to talk about what happened in the evening? Why don't you hurry up and explain clearly!" Saul roared angrily, asking anxiously.

From the moment Daniel heard Xing Wu's words, he didn't say a single word. The bottom of his dark eyes was like a huge deep pool. Until now, he spoke in a voice so cold that it made one's soul shiver. , asking: "Are they still alive?"

Saul, who was yelling at Xing Wu, suddenly heard Daniel's words, as if his whole body was frozen and all the blood in his body was drained...

What happened in the evening, I didn't tell them until now, just in order not to disturb his brother's mind at such a critical moment, but now, why did he rush to tell them madly regardless of everything...

Among them... what happened...

Xing Wu knelt down with a "plop", and finally said with trembling lips for a long time: "Currently... life or death is unknown..."

Saul scolded angrily in a trembling voice, "Life is life, and death is! What do you mean life and death are unknown?!"

"The other party... 's purpose... doesn't seem to be threatening blackmail... but..." Xing Wu couldn't continue, but Daniel and Saul already understood what he meant.

What the other party wants is life!

In the air, there was a terrifying silence...

Daniel made a phone call to someone, explained something in a low voice with no expression on his face, and then said to Xing Wu, "The whole story happened."

Xing Wu immediately answered: "We were ambushed on the way out of Fahua Temple, and the driver was bribed... The young master was taken away by them in a helicopter... As for Miss Xiaoxi... She chased her and jumped onto the plane to follow her." past..."

Saul's eyes turned red when he heard this, "Sister-in-law must be afraid that Rick will be afraid by herself, so she must follow with all her might!"

With no expression on Daniel's face, he picked up his phone and made a call.

Lu Chongshan's weak voice came from the other end of the phone, "Hey... Daniel... I'm sorry... this time it's my father who's sorry for you... you... quick..."

Daniel interrupted him: "Send me the video call recording."

Lu Chongshan was stunned for a moment, and after a long time, he said, "Okay..."

Ting Xiao didn't know the specific situation, but he already expected that the other party must have made a video call.

But, that video... if Daniel saw that video...

"Father, don't worry that I can't bear it." Lu Tingshen hung up the phone after saying this.

Lu Chongshan stared blankly at the phone that was hung up. If possible, he hoped that Daniel would never see that scene. However, there may be important clues hidden in the video...

Soon, Daniel's phone rang, and a video was received in his mailbox.

Daniel clicked on the video.

At the end, Saul slammed his fist on the wall beside him, blood dripping from his fist, "Those ba5tards! I killed them!!!!"

And Daniel seemed to have been stripped of all human emotions. He was just a pile of cold metals combined into a machine. He didn't show any extra expressions from the beginning to the end, and just watched the content of the video quietly.

At the end of the picture, there was a loud bang, and the thick wall shattered behind the girl, completely burying the girl's body, and the bright red blood soaked the ground beneath her...

A moment later, two masked men wrapped in black walked over unhurriedly with their guns in hand, and dragged the girl's body out from underneath with rude movements...

The girl's whole body was soaked in blood, and until the last moment, she still maintained a posture of bowing her back, blocking all the damage, subconsciously protecting the child in her arms...

## **Chapter 1699**

Even Xing Wu's eyes turned red, while Daniel's face remained expressionless.

"Brother..." Saul panicked when he saw Daniel's calm reaction that shocked him.

It would be fine if he was furious and even mad, but this look...

After the video ended, Daniel looked at Saul and said, "Sorry."

As soon as the words fell, a huge roar suddenly sounded outside the huge floor-to-ceiling windows, and a helicopter flew over from far and near, circling above the company.

Daniel took a last look at the video on his mobile phone, bowed his head and pressed a kiss on the screen of the mobile phone, then jumped from the balcony and boarded the plane.

Saul clenched his fists and stared at the direction the plane was leaving.

He knew that Daniel said sorry because he had to leave at this moment, because he gave up his family and company for Selena and Rick.

Saul rubbed his red eyes, turned his head away.

a55hole! What to say sorry! What kind of company do you care about when your wife and children are like this! That's still human!

Little Xixi...

little baby...

You must be fine...

Otherwise...he really doesn't know what will happen to his brother...

There were four people on the helicopter that Daniel took, three were from his side, one was piloting the plane, the other two were locating and looking for each other's location, and the third was Karl.

Karl repeatedly looked at the video on Daniel's phone, shook his head apologetically, "I've never seen this place before, and I don't know where it is... However, judging from the time, it won't be too far away. The one who used so many arms is definitely not in the country, and the borders of the surrounding small countries will be checked one by one. It is only a matter of time..."

Karl's complexion changed when he said this, but the most difficult thing now is precisely the question of time.

Little Junior Sister, she can't wait!

Judging from the video, even if Junior Sister is still alive at this moment, she must have been seriously injured and won't last long...

Not to mention Rick, whose injuries are unknown...

There are so many countries around, and most of them have complex terrains. How easy is it to find such a small place in the video in a short time?

What he is most worried about is... the possibility that Junior Sister and Rick have been...

After Karl finished speaking, he glanced nervously at the man beside him, feeling a sense of awe in his heart.

This kind of thing happened to the beloved woman and the only son, and it is very likely that he is... dead... But he has survived until now and has not lost control and collapsed.

Time passed by every minute and every second...

Sure enough, I searched several places and used all my contacts and networks, but I couldn't find out where this place is.

Originally, the picture in the video was in the middle of the night, except where it was visible under strong light, the rest of the place was pitch black, and it was indeed too difficult to recognize.

Since the other party deliberately wanted to torture them, they must have chosen the most secret place, how could they easily find out where it was.

Soon, ten minutes passed.

Daniel closed his eyes and remained motionless, as if he was concentrating all his attention on contemplation, calming himself down and thinking...

After a while, Daniel opened his eyes, quickly took out his phone, sent an email, and then made a call.

Karl saw that he didn't find someone from the contact book, but pressed a series of numbers, and this mobile phone number, he somehow felt a little familiar...

## **Chapter 1700**

After dialing the number, Daniel said directly to the other end of the phone: "Check the email and reply me within ten seconds."

After saying these three words, Daniel hung up the phone and sat there quietly.

Time passed by second by second...

Karl had just counted to ten seconds in his head when Daniel's phone suddenly lit up with a "ding".

Daniel clicked on the mailbox and glanced at it, and then immediately said to the pilot: "Turn around and inform everyone, country f, 31 degrees east longitude, north latitude..."

Hearing that Daniel suddenly reported the address, Karl couldn't help showing a look of astonishment, with such precise coordinates.

Who exactly was Daniel calling? Can actually find out the location of that place within ten seconds?

Ten seconds to watch the video is not enough!

Unless he saw the video and immediately knew where it was, and then sent an email to Daniel...

Thinking of this, Karl recalled the number Daniel dialed just now, and then froze for a moment.

He remembered!

That...isn't that one of Satan's private cell phone numbers?

Did Daniel call him?

What shocked him even more was that Satan actually sent the address...

Isn't that the one who was tied over there?

Karl showed a dignified expression, "Satan... I mean Yun Shen, can you believe his words? Will Junior Sister and Rick really be in the place he said?"

Daniel: "I will be here."

...

Finally, the plane arrived at the territory of country f at the fastest speed.

Fortunately, country f is bordered by country Hua, and it is also very close to the imperial capital.

Sure enough, the other party didn't go far...

Soon, they saw a familiar building. Looking from a distance, they could vaguely see a building below that was very similar to the one in the video. It should be here!

The address sent by satan turned out to be real?

When they got close to that place, they got off the plane without delay.

However, he did not expect to be besieged by a wave of people as soon as he got off the plane and was about to find someone.

Karl looked at the opponent's terrifying armaments and familiar signs, and suddenly realized that this land was also controlled by them. He had already left the organization, so he didn't know about it at all, and this place was probably the opponent's trump card...

If it wasn't for Yunshen... probably no one would know about this place...

Seeing that Selena and Rick were near the building behind them, but they were stopped by a group of people, Daniel, who had been calm and self-possessed all the way, finally erupted with terrifying hostility...

However, even if they have the upper hand, it will still take a lot of time to deal with this group of people.

At this moment, a silver helicopter descended from the sky, before the plane landed completely, a person jumped from it.

The man's silver hair fluttered wantonly in the strong wind from the propeller, and the hostility he looked at those people in front of him was exactly the same as that of Daniel.

The moment they saw the man appear, those who blocked Daniel and the others on the opposite side showed expressions of horror and awe.

One of the leading little bosses stepped forward quickly, and said in trepidation, "Satan, we are here by Uncle Qiao's order..." Stand guard here.

"roll!"

The little boss didn't finish his sentence when he came into contact with the piercing eyes of the other party, and suddenly he was sweating coldly and didn't dare to say a word, and stepped back to make room.

The others also retreated like a tide, making way for a path...
