

## **Cruel Heart Lover Novel**

### **Chapter 1701**

"Where are people?"

The little boss shook his body, "Uncle Qiao had someone deal with them directly...I'm afraid it's already..."

Before he could finish speaking, he was kicked and passed out.

Daniel, Yun Shen, and Karl, whose complexions changed drastically, quickly ran towards the inside.

Just stepping into the ruins of the city in front of the building, Yun Shen, who was striding ahead in front of him, did not know what to think of, but suddenly stopped, his slightly trembling fingers clenched into fists.

But Daniel didn't stop, just passed him and continued walking forward.

Daniel had already walked a long way, but Yun Shen still stood there motionless.

Karl turned his head and glanced at the man behind him thoughtfully. He seemed to vaguely see a panic-like emotion flashing through the man's usually casual eyes for a moment...

Is he... afraid?

Are you afraid that you might see... the body of your little junior sister...

Karl was surprised when Yun Shen gave Daniel the address directly, but now he seems to have come to his senses.

Could it be... that Yun Shen didn't know about the kidnapping of Rick and Selena from the beginning to the end?

Although it is not ruled out that Qiao Yi did these things without telling him, how did Daniel know for sure, and was sure that Yun Shen would help them?

He has known this man for so long, but he dare not say that he fully understands his temperament, and he is sure of what he will and won't do...

Finally came to the ruins of the ruined city that appeared in the video, the smell of gunpowder in the air mixed with a strong smell of blood.

When they got there, everyone was stunned.

The city ruins were quiet, except for the whistling wind, there was not a single extraneous sound.

What was even more weird was that they saw some guarding mercenaries lying on the ground along the road.

Karl approached and checked, and was suddenly horrified.

"These people are all dead..."

Seeing that they didn't have any wounds or blood on their bodies, he thought they were just unconscious, but when he got closer and checked, he found that they were all out of breath.

Not only that, these people died in the same way, they all suffered serious internal injuries, their internal organs were directly shattered, and they died on the spot.

At this moment, Daniel had already quickly walked towards a pile of rocks.

Next to the pile of rocks lay the corpses of two mercenaries, the guns in their hands were scattered on the ground, and there was a large piece of dark red blood on the nearby ground...

"What's going on..." Karl looked around vigilantly.

At this time, Yun Shen also followed, staring fixedly at the blood stains on the gravel, and then at the corpses of those mercenaries, his expression became more gloomy.

After winking at his subordinates, someone immediately brought the little boss over.

"Where are people?" Yun Shen asked sullenly.

The little boss glanced around, looked at the mercenaries who seemed to be dead lying on the ground, and looked surprised, "It was still there just now...how could this be... Uncle Qiao also specifically explained that after they finished processing the corpses..."

The little boss took a peek at Daniel, "Send the body to the Lu family..."

"Has anyone come in?" Daniel asked.

The little boss looked at Daniel and didn't answer. He felt that he couldn't answer his rival's question in front of the boss, but in the next second, his boss kicked him over, "I'm asking you a question! Has anyone else been here besides us?"

The little boss hurriedly replied, "No! No one has ever come in except you! No one has ever gone out! Our people are guarding this place for dozens of miles. If anyone comes in or out, I will know it!"

## **Chapter 1702**

There are guards all around, but no one notices that someone has come in and gone out?

Hearing this, the expressions of Daniel, Yun Shen, and Karl all changed.

"Judging from the traces at the scene and the same death method of these mercenaries, there is only one person on the other side. This person actually avoided so many guards, and killed these mercenaries without anyone noticing. ?"

As Karl spoke, his brows were furrowed. "It's very likely that he took away Junior Junior Sister and Little Treasure... But is the other party an enemy or a friend? Why did he take them away?"

"I don't have such a person in my memory..." Yun Shen pondered.

Karl said with a serious face, "That's why I wonder where he came from. Even if Kevin and I joined forces, it would be impossible to take away two people without a trace under such strict guards." what!"

"These mercenaries died not long ago. They must still be in Country F. They should search for them separately and conduct a blanket search." Daniel immediately ordered all the mercenaries he brought along.

"Call everyone and search the entire city for me!" Yun Shenhei also ordered with a sullen expression.

"Permit." Daniel looked at the silver-haired man in front of him and said coldly.

If they didn't have a pass, if their people encountered someone from Yunshen's side during the search process, the two parties would definitely have to confront each other again, which would waste time.

Yun Shen glanced at the little boss, "Give them a pass!"

The little boss didn't dare to have any objections, so he hurriedly issued a pass to everyone Daniel brought here. He was almost stunned at the moment, aren't these two rivals? Why did the boss obey Daniel's words?

Not to mention the little boss, even Karl couldn't help but twitch his eyebrows when he saw this weird scene.

After getting the pass, Daniel didn't delay and led the people to leave quickly.

The two parties quickly filled every corner of every town...

Huaguo, the old residence of the Lu family.

At this moment, Lu Chongshan was lying weakly on the bed in the bedroom, on a drip.

Xing Wu hurriedly opened the door and came in, "Master..."

"Is there any news from Daniel?" Lu Chongshan struggled to sit up.

"Master, the doctor said you can't get up yet!" Xing Wu hurried over to support him.

"Stop talking nonsense, what's the matter?" Lu Chongshan urged.

Xing Wu's complexion was not very good-looking, and his expression was very hesitant, as if he didn't know how to speak.

Looking at Xing Wu's expression, Lu Chongshan felt a chill in his heart, and his body trembled violently, "Is it... Is it already..."

Seeing that Lu Chongshan had misunderstood, Xing Wu quickly explained, "No, the young master and Miss Selena seem to be missing..."

"Miss... missing? How did you disappear!?" Lu Chongshan was stunned.

"I don't know the details. The news from over there is that the young master has found the place where the young master and Miss Selena were kidnapped, but after rushing there, he didn't find the young master and Miss Selena. Now I'm looking for someone in country f..."

As Xing Wu said, he hurriedly comforted, "Actually, it's good news that no one can be found, at least... at least they are probably still alive! Master, don't worry, otherwise if something happens to you, young master There are still distractions..."

..."Where is Rick! Where is Rick! Has Rick come back? Has Rick been rescued? Huh?"

Xing Wu and Lu Chongshan were talking, Yan Ruyi, who woke up from a coma, pushed the door open with a "bang" and walked in while asking.

## **Chapter 1703**

Xing Wu suddenly felt a headache when he saw the person coming, it's over!

"Old lady..."

"Xing Wu, Chongshan... Where's Little Treasure? Where is Little Treasure? Have you already redeemed Little Treasure?" Yan Ruyi grabbed Xing Wu's arm and looked at Lu Chongshan lying on the bed. Great panic emerged, "Did something happen to Rick? Tell me! Did something happen to Rick!?"

Otherwise, how could Chongshan get sick?

Lu Chongshan's face was full of exhaustion, and he hurriedly spoke to comfort him, "Ruyi, calm down! No! Little Treasure is fine... Daniel has already gone to save her..."

After speaking, he glanced at Xing Wu who was at the side.

Xing Wu received Lu Chongshan's reminding gaze, and hurriedly followed suit, "Master is right, old madam, the young master has already gone to redeem someone! He will be brought back soon!"

"Really?" Yan Ruyi's expression softened a little, and she reached out her hand to cover her chest, "Then why...why I still can't calm down... That's how I felt when Rick was kidnapped last time... Daniel can rescue him Little Treasure? Will nothing happen to Little Treasure?"

"Of course not! Since the other party proposed an exchange, as long as we meet their demands, the young master will be fine! Madam, just wait patiently! Don't you believe in the young master?" Xing Wu said in a firm tone.

"Okay... okay... I'm going to chant sutras... I'm going to ask the Buddha to bless our little treasure... and that girl..." Yan Ruyi nodded and left the room in a daze.

Only then did Xing Wu and Lu Chongshan heave a sigh of relief.

After Yan Ruyi left, Lu Chongshan picked up his phone and clicked on the video again, trying to see if he could find any clues that he had missed before, but unfortunately he still found nothing.

After a while, Yan Ruyi knocked on the door again and came in, holding a cup of ginseng tea in her hand, "Chongshan, drink some ginseng tea."

Lu Chongshan hurriedly put down his phone, "Okay, don't be too busy, let's rest more!"

"I'm fine... I can't be idle..." Yan Ruyi was still full of panic, and said to Lu Chongshan with a full face, "Chongshan, do you remember? Master Xuanjing said that girl is lucky Wushuang, you can turn bad luck into good luck! That girl also followed! Her blessing will cover our little treasure! So our little treasure must be fine this time, right? Don't believe it, sometimes it's really helpful Already!"

Lu Chongshan followed her and nodded, "Yes, it must be fine! I don't believe it! I believe it!"

Probably because of spiritual sustenance, Yan Ruyi felt a little better, and walked out with the teacup that Lu Chongshan had finished drinking.

Lu Chongshan didn't notice that when Yan Ruyi left with the teacup, she quietly took his mobile phone away...

By the time Lu Chongshan found the phone, it was already too late.

The next second, his wife's screams of extreme terror sounded outside the door, and then there was a "bang", and then there was no sound.

Lu Chongshan hurriedly pulled out the needle and stumbled out, and then saw his wife fainted, and the video was playing on the phone that fell to his hand.

After all, Yan Ruyi still didn't believe them. She probably saw him looking at his phone just now, so she stole his phone to look at it...

"Old lady! Old lady, wake up!" Xing Wu pinched Yan Ruyi's people hard.

Yan Ruyi woke up slowly, and sat blankly on the icy ground, her dark eyes were filled with a chill that sent chills down her spine, "Little Treasure is dead... My little Treasure is dead... isn't it... .."

## **Chapter 1704**

"No...it's not Ma'am...things are not what you see...although...but it's not necessarily...dead..." Xing Wu couldn't continue.

Everyone knows that in such a tragic situation, the possibility of the two of them surviving is extremely small, especially the girl.

"My Little Treasure is dead... My good grandson... Little Treasure is dead..." Yan Ruyi's eyes were empty, she kept muttering these words, and then her face was full of extreme panic and bewilderment...

"I did it... I did it... I killed Rick... why did I take Rick from Selena... If Selena was holding Rick... Rick must not Will be snatched away...I didn't hug Rick...I let Rick be snatched away...I killed Rick...I killed my grandson...It was me...ah..."

When it came to the end, Yan Ruyi's emotions completely collapsed, and she beat her chest with all her strength, choked up and couldn't breathe, "Grandma hurt you...it's grandma who hurt you... ah... My little treasure..."

Lu Chongshan pulled his collapsed wife into his arms with all his strength, "Ruyi! Ruyi! Alright! It's not your fault! It's not your fault, did you hear? It's me... Everything is because of me... It's okay to be wrong My fault...I'm sorry...I'm sorry...I'm sorry for you...I'm sorry Rick..."

"Uncle Lu, Aunt Lu... What's the matter?" Guan Ziyao's voice came from the door, followed by Guan's father, Guan's mother, and Guan Zihao's older brother.

As soon as Yan Ruyi saw Guan Ziyao, a huge hatred suddenly burst out in her eyes, she pushed Lu Chongshan away, and rushed towards Guan Ziyao with all her strength, slapped her hard on the face, and pulled her hair, pushing her hard to the ground...

"You vicious woman! Give me back Rick! Give me back Rick! At that time Selena had already rescued Rick, and she gave Rick to you! Why didn't you drive and take Rick away! Why did you Don't save Rick! Why did you hand over my grandson to those gangsters! Why did you kill my Rick!"

"Ah...no...I didn't, Aunt Lu...I was just so scared that I forgot to react...I really didn't mean it...Ah...Auntie, trust me..."

"I'm going to kill you...kill you..."

Yan Ruyi's elegance and nobility disappeared without a trace at this moment, like a lunatic, holding Guan Ziyao tightly.

It took a long time for the other people who were stunned to come back to their senses, and hurried to persuade them, the scene was in chaos...

"Doctor! Go and call the doctor! Give Madam a shot of tranquility!" Lu Chongshan shouted loudly.

After tossing and tossing for a long time, Yan Ruyi was finally pulled away, and then was pinned down, and the doctor gave her a shot of tranquility, and finally calmed down.

Guan Ziyao's cheeks were red and swollen, her hair was disheveled, and there were bloodshot scratches all over her exposed skin. She was supported by Guan's mother and stood there with a dazed expression, "I'm sorry...Uncle Lu...I'm sorry...I It's really not intentional...it's all my fault..."

Lu Chongshan was powerless to comfort Guan Ziyao, and said with a tired face, "Rick has an accident, Ruyi is more emotional."

Guan Rui's gaze changed slightly, and he quickly stepped forward and asked, "What did my sister-in-law mean when she said that Rick was killed? Could it be that Rick has..."

## **Chapter 1705**

Could it be that Rick is dead! ?

Hearing this, Guan Ziyao, Guan Ziyao, and Guan Mu all looked at Lu Chongshan together.

Lu Chongshan's face was very ugly, and he replied ambiguously: "Rick's situation is still unclear, Daniel has already gone to find someone."

Still not sure?

That is... Life and death are uncertain, is it bad or bad?

Guan Rui's eyes flickered slightly, and he said with a sad face, "It's also our fault that Ziyao is a girl and timid. She couldn't help at that time. After returning home, she blamed herself for a long time. She was really worried, so I came here." I just wanted to ask about the situation, I'm really sorry!"

Guan Zihao also comforted, "Uncle Lu, we are very sad about Rick, please take care of your health, the entire Lu family and the company still rely on you! If there is anything that needs my help, Uncle Lu Just mention it, we will do our best to help whoever can help!"

"Thank you, but I don't need it for the time being. I'm sorry, it's inconvenient to entertain guests today. Please come back first." Lu Chongshan said a few words casually, and then asked someone to see the guests off.

...

Outside the gate of Lu's house.

After getting into the car, Mother Guan's face immediately changed, and she looked at the wound on Guan Ziyao's body with distress, "Dmn it! That Yan Ruyi was born as a daughter of a famous family! How can this be a noble lady? She is simply a shrew! You See if you can beat us Ziyao? It's too ruthless!"

"Forget it, the only precious grandson of the family died, and it's normal to go crazy." Guan Rui said, his tone sounded in a good mood.

"Didn't you say you still don't know? How do you know you're dead?" Mother Guan asked.

"Don't you know Lu Chongshan's personality yet? You must have taken time to keep the company secret from Daniel, and then forced the other party to

tear up the ticket. Otherwise, why do you think Yan Ruyi is so excited? Something must have happened, it's too bad! "Guan Rui opened his mouth and analyzed.

"Then... what about Selena?" Guan Ziyao touched her red and swollen cheek with a gloomy expression, and then asked.

Guan Zihao on the side said, "The little prince is dead, how can she survive as an insignificant person? Naturally, she died earlier!"

"But, that woman is very skilled... Could something bad happen?" Guan Ziyao worried.

Guan Zihao raised his eyebrows, "Are you kidding? No matter how powerful that woman is, she is only one person, and she is still a woman. What can she do in the face of a group of kidnappers? You just wait to be your young mistress of the Lu family!"

"However, what happened this time made Auntie Lu feel so alienated from me..." Guan Ziyao was full of worry.

Guan's mother said nonchalantly, "Silly girl, she is just too sad to lose her grandson. Later, when you give her another one, how can she not like it? Why don't she hold you like a treasure! Ziguai, these four words can work anywhere!

That's why I said that Daniel's illegitimate son must never be kept! The Lu family attaches great importance to this child, and all the family property will be left to him in the future. Wouldn't it be a big loss for us to marry the Lu family? Even if nothing happened to the child this time, we will definitely find a way to get rid of it in the future. This time it really saves trouble, and it kills two birds with one stone, even that woman! "

Guan Zihao smiled and said, "Mother is right, sister, don't worry, let's go back to celebrate tonight! We should be able to hear the 'good news' about that brat tomorrow!"

## Chapter 1706

country f.

Together, Daniel and Yun Shen sealed off country f, turning the entire country f upside down, but they still couldn't find Selena and Rick.

According to common sense, the other party brought a woman and child with him, and with such a big goal, it was impossible for him to disappear so quietly.

Time passed by every minute and every second, and if you delay by one more second now, both Selena and the child may be in more danger.

Another half an hour later, Daniel and Yun Shen met in the city. They looked at each other and knew that they hadn't found each other.

For a moment, the atmosphere froze to the limit.

Country F is very small, not as big as some cities in Hua Country. Such a long time is enough for them to search for it several times, but there is no trace, as if the other party disappeared out of thin air.

Annie had already been picked up by Yun Shen, and she was following Yun Shen right now, in order to find Selena and Rick and treat them as soon as possible.

Daniel glanced at Annie, "How long can they last?"

Annie's face was serious when she heard this, "Little Treasure has been held in Karen's arms, so I can't see the injury clearly, so I can't judge. As for Karen, she was shot in multiple places in her calf, arm, and abdomen. The most fatal thing was The final bombardment, I speculate...the internal organs must have been seriously injured...the head may have been seriously injured..."

Speaking of this, Annie was almost at a loss for words, "Even if you are lucky enough not to die on the spot, if you don't get timely medical treatment at the first time... definitely... it won't last long..."

Annie didn't answer how long Daniel could last, because, with Selena's injuries so bad...it took such a long time...she probably already...

After Annie finished speaking, there was a dead silence in the air, and the expressions of the two men were extremely ugly.

After a moment of tormenting silence, Daniel suddenly said, "Go back to where you were just now."

Yun Shen's eyes flickered slightly, "The place just now? What do you mean?"

Karl suddenly exclaimed, "That's right! We haven't been able to find it after searching for so long. Could it be that the other party didn't leave there at all?"

So, a group of people rushed towards the place where Selena and Rick disappeared, and began to search every inch of the ruined city and buildings...

"Ash..."

Just as Daniel, Yun Shen and the group were racing against time to find someone, an angry voice suddenly came from behind.

Hearing this voice, Yun Shen narrowed his eyes slightly, turned around, and there was a bone-chilling chill in his eyes.

Qiao Yi was full of anger, and strode up to the man, "Ah Shen! Are you crazy? You are not in the company! What are you doing here? It's just nonsense!"

"Why do I come here, Uncle Qiao, don't you know?" The man asked coldly.

"Ah Shen! I didn't tell you this time because I didn't want to affect you. Everything I did was for your own good! But now you will ruin everything for us! I order you to return to the company immediately! " Qiao Yi scolded angrily.

Yun Shen laughed softly, "Oh, order me? Qiao Yi...do you really think you are mine? Who do you think you are? My uncle? Are you worthy? You are also worthy of using Yun Shen Is this the last name?"

"Yunshen!!!" Qiao Yi's complexion changed suddenly, and he flew into a rage.

Karl next to Yun Shen, and Kevin next to Qiao Yi were all very surprised when they heard their conversation.

What?

Qiao Yi turned out to be... Yun Shen's uncle?

## **Chapter 1707**

Qiao Yi's external name is Tang Yi, and only they themselves know that his real name is Qiao Yi.

However, after hearing the conversation between the two, they were surprised to find that... Qiao Yi actually has another name, another layer of identity?

He and Yun Shen... unexpectedly have such an amazing relationship...

Qiao Yi's complexion was not much better, and he was extremely gloomy, "Yun Shen! Just because of a woman...you actually talk to me like this! Just because of a woman, you want to watch all our achievements for so many years come to naught? You forgot How did your mother die? Do you want her to have no peace in the world!!!"

Karl, who was on the opposite side, picked out his ears, groaning to himself, tsk, this line again, he heard his ears callused, can't he change it?

Hearing Qiao Yi's words, Yun Shen lowered his head and smiled lowly, "That's right... that's right... just for a woman..."

When the man said this, he suddenly withdrew the smile on his face, his usual indifferent eyes were full of sternness, "I warned you a long time ago, don't touch her!"

Qiao Yi looked at the expression on Yun Shen's face opposite him, and his heart skipped a beat. In fact, he already regretted it.

He knew Yun Shen's temperament so well that it was difficult for anyone to get into his heart, but once someone was drawn into his territory by him, he would completely bring it under his control and not allow others to move even a bit.

This time he was indeed a little too aggressive... But when he thought about what happened back then, and when he saw Lu Chongshan's face, he really couldn't hold back, so he solved it together with the girl who was eating inside and outside.

Unexpectedly, Yun Shen's reaction was more intense than he imagined. This time, even his mother couldn't restrain him.

"Yun Shen, it's just a woman, do you want more in the future? A betrayer is not worth what you do for her! You come back with me now... we..."

In the middle of Qiao Yi's speech, Daniel led the people to come out from the building behind him after searching.

Qiao Yi's complexion suddenly changed, and he immediately ordered all his subordinates, "Catch Daniel!"

Daniel's expression did not change at all, he walked straight to Qiao Yi and stopped.

Qiao Yi sneered and said, "Mr. Lu is really brave. If there is a way to heaven, you don't go, and if there is no way to hell, you break in!"

While speaking, Daniel and his men were surrounded by Qiao Yi's men.

Damn it, since Yun Shen can't be persuaded, then get rid of Daniel directly, once and for all!

At this moment, Yun Shen took two steps towards Daniel unhurriedly, glanced lazily at everyone and said, "I want to see who dares to touch him!"

"You! Yun Shen! Are you really crazy! Do you know what you're doing?" Looking at the two people standing opposite each other, Qiao Yi could hardly believe it.

I couldn't believe that Yun Shen would help Daniel!

Now that Daniel was in his territory, he didn't want to miss such a once-in-a-lifetime opportunity, so Qiao Yi didn't have time to think about it, and immediately ordered, "Give me everything!"

The subordinates around you looked at me and I looked at you, and no one dared to move for a while.

"You dare not even listen to my order!!!" Qiao Yi was furious.

The people he brought here are all his confidantes, and Country F is even under his control, and now these people don't obey his orders!

## **Chapter 1708**

Qiao Yi's chest heaved violently, with an expression of disbelief on his face.

In order to prevent Yun Shen from being out of control like today, he single-handedly controlled and manipulated the most important forces in the dark, and Yun Shen usually didn't seem to care about these things, so he never said anything about it, and showed him With great trust, I let go of everything to him.

He thought that he had really controlled everything these years, but only now did he realize that he still underestimated the person in front of him.

Yun Shen straightened his cuffs, a trace of impatience flashed in his eyes, and he said quietly, "Send Uncle Qiao back to rest, getting old, staying up late is not good for your health!"

Seeing Qiao Yi being forcibly taken away, Feng Jin lowered his head without saying a word, trying to minimize his presence. He is one of Qiao Yi's most important confidants. Once Qiao Yi and Yun Shen fall out, Yun Shen will be the first He is the one to deal with.

Although Kevin wanted to speak, he also knew that the current situation could not be reversed by himself, and talking more might anger Yun Shen, so he could only keep silent.

At this moment, the man in front of him tore away the harmless and careless illusion on his body, and the bloodthirsty and morbid side inside was all raging, like an indefinite time bomb that may explode at any time...

"Keep looking for me! If you can't find anyone within three minutes, all of you will be buried with me!"

three minutes?

After searching for so long, I couldn't find a trace. How could I find it within three minutes?

The scene was instantly lifeless...

Looking at the tyrant in front of them, those who participated in this kidnapping operation almost regretted it, but they were just following orders...

Just when everyone was shrouded in the shadow of death, Daniel, who was working quickly on a computer, said coldly in the direction of the man, "Come here."

"What do you call a dog?" A trace of displeasure flashed in the eyes of a certain tyrant, but he still walked over.

Daniel: "What's the password?"

Yun Shen glanced at Daniel's computer screen, a hint of surprise flashed in his eyes, "You have found all of this..."

City f is almost a ruined city, and the surveillance system in the city has been destroyed to the point where there is almost no surveillance network. What Daniel found was the only surveillance site in the ruins of the ruined city. When he first took control of country f, the password for Skynet was Yunshen. reset.

"Password!" Daniel urged impatiently.

Yun Shen curled his lips: "That girl's birthday."

Daniel: "..."

Karl and Kevin at the side: "..."

For such an important password, you use such a simple number as your birthday?

No...the point is not this...

The point is, this guy actually used the junior sister's birthday as the password!

"Dmn! I can't tell that this pervert still has such a boyish heart!" Karl folded his arms around his chest and whispered in Kevin's ear.

Daniel only paused for a short while, and then quickly entered Selena's birthday, and then called up the monitoring at that time.

Compared with the blurry video in Lu Chongshan's mobile phone, this surveillance location overlooks the entire ruined city below. The equipment is considered high-end, and it is still clear at night. The effect is indeed much better than that video. His expression can also be seen clearly.

Daniel immediately adjusted the monitoring to the time when those people were going to deal with Selena, and then went to see what happened at that time, and who was the mysterious person who suddenly appeared...

## **Chapter 1709**

In the picture, Selena was dragged out from under the pile of rocks by two mercenaries.

The girl was covered in cuts and bruises, her whole body was covered in blood, she couldn't tell whether she was dead or alive, and the little treasure in her arms was also covered in blood all over her face, it was hard to tell whether it was his own blood or Selena's.

One of the mercenaries kicked Selena and cursed, "b!tch! You killed two of our brothers!"

Another mercenary next to him said impatiently, "Stop talking nonsense, the higher-ups have told you that it will be Ling Chi! Hurry up and do it! You won't have long nights and dreams!"

"Tsk ts, the most interesting thing about Ling Chi is when people are awake, let them watch their own flesh being cut off piece by piece, leaving only bones until they die. It's really boring now... But, you said Lu Chongshan What would

be your expression if you saw your grandson turned into a pile of minced meat?"

Most of these vicious mercenaries are relatively pathological, bloodthirsty, and enjoy torturing people. At this moment, they all have a look of anticipation.

"It's a pity that such a little beauty, with her skill, if she leaves this brat behind, she might actually have a chance to escape, tsk tsk...beauties come first, I'll start with you first..." The mercenary held a flash With a cold knife, he approached the girl with a sneer.

Daniel and Yun Shen, who were staring at the screen, suddenly changed their expressions when they saw this scene. No sound could be heard on the monitor, but when they zoomed in on the screen, they could roughly see their conversation through the words on their lips.

The mercenary approached Selena with a cold and happy expression on his face. He casually cut Selena's arm with a knife, and blood gushed out immediately.

Just as he was about to continue working, the mercenary thought of something, temporarily stopped his movements, and took out something from his arms.

That thing is a silver whistle the size of a thumb, engraved with simple patterns.

He had found this whistle from this woman before, and since he recognized that the pattern had a lot of background, he secretly kept it.

The mercenary looked at the patterned totem, then at the woman, with a slightly hesitant expression on his face.

How could this woman have such a thing? Could it be that she has something to do with...that legendary family...

However, this is impossible...

So, how did this thing appear on this woman?

There are very few people who know this totem symbol, and it is impossible to randomly appear on a whistle. Also, what is this thing used for?

The more the mercenary thought about it, the more strange it became. He tentatively picked up the whistle and blew it lightly. It looked like a whistle, but it made no sound at all, and it seemed to be solid inside.

Then he fumbled for the whistle, and continued to look at it carefully...

"Hey! What are you dawdling about?"

It wasn't until someone urged that the mercenary put the whistle back, "fcuk! It's a wake-up call! What's the hurry! Can people run away?"

Forget it, no matter what background this girl has or what relationship she has with that family, she will die today! Besides, that family is only in legends, how could it be true...

After this short episode, the mercenary picked up the knife again and approached the girl...

At this moment, the mercenary with a bloodthirsty smile on his face suddenly widened his eyes and fell straight down.

"Who?!"

"what happened!"

Seeing this, the other mercenaries raised their weapons one after another and looked around vigilantly. However, they didn't even see the figure clearly, so they fell down one after another silently, until only dead silence...

## Chapter 1710

Then, a person appeared on the screen.

A man with long black hair who looks as handsome as a fairy...

The man took out the whistle from one of the mercenaries, then walked up to Selena, parted his thin lips lightly, and said, "Life is so great..."

After speaking, he bent down to pick up the girl, and disappeared within a few leaps.

The moment after seeing this person, Karl and Kevin exclaimed at the same time...

"fcuk! Why is this guy!"

"It's him!"

...

"You know each other?" Yun Shen asked.

Daniel also frowned. He had seen that whistle from Selena before. At that time, Selena said that it was given by a powerful expert because he owed her a favor. Some accidents, before Selena had time to remember the whistle and blow it in time, the mercenaries searched her away.

Until the last moment, the mercenary accidentally blew the whistle by himself, and the master probably happened to be nearby, so he could come so quickly...

No wonder that person said something like "fate is really big"...

Daniel was already thrilling just by imagining all of this!

The master Selena was talking about at the time should be the man in the picture, and since the other party owed Selena a favor, he should be a friend rather than an enemy.

Karl said excitedly, "This guy interrupted my duel with Kevin that night, and even put me and Kevin..."

The guy who beat the crap out of...

"At that time, Kevin and I couldn't get close to him. He was a monster! Why did this guy appear here to save Junior Sister, and how did he and Junior Sister know each other?"

"These are not the point, he seems to be heading towards the cemetery..." Kevin said.

"The cemetery?"

...

Before they had time to think about it, they immediately led everyone towards the cemetery.

The cemetery is very close to here, but their people have already inspected it just now, and there is no trace at all!

A group of people finally rushed to the cemetery and inspected it again, but still found nothing.

At this moment, somewhere in the gloomy cemetery, there was a creepy "creaking" sound.

Everyone straightened their backs and looked in the direction of the sound.

Accompanied by the sound as if the gate of hell opened, a man's cold voice suddenly sounded in the cemetery, "Hey, you guys, who is this girl's man?"

Daniel, Yun Shen, Karl, Kevin and a group of subordinates rushed towards the man. When they got closer, the man was indeed the man under surveillance.

Hearing the man's question, Yun Shen frowned slightly, "It's me, who are you? Where is Keren?"

The man frowned slightly, and then said seriously, "I hate cheating."

Yun Shen's face choked suddenly, this guy, why should he say he was cheating.

The man ignored Yun Shen's ugly expression, and looked straight in Daniel's direction like an eagle, "It's you, you look exactly like that little guy."

"It's me." Daniel ignored Yun Shen's expression and quickly walked towards the man.

At this moment, an ancient tomb palace appeared behind the man, with oil lamps on both sides, so deep that it was impossible to see to the bottom.

"Follow me." The long-haired man walked down.

As soon as Daniel followed him in, the door was immediately closed tightly, and was buried in the grass without a trace.
