Chapter 1731

Zhuang Rongguang twisted Guan Zihao and kicked him on the ground, his lungs were about to explode, "Thank you so much! What sincere compensation! It's all bullsh1t! My cousin is not dead yet! You are already in a hurry to find another son for me!" Yes! Do you want to make a k!ss in front of her ward door in the future?"

"Ah..." Guan Zihao's wrist was about to be broken, and he yelled in pain, "No! It's none of our business! The Lu family betrayed their promises and called our family to break the engagement!"

What?

Break up the engagement?

Not only the dealer, but even Lu Chongshan and Yan Ruyi were stunned when they heard this.

Guan Rui purposely glanced at the dealer, then revealed a disappointed look, and said mockingly, "I wonder why Brother Lu is so unfeeling all of a sudden...so that's it..."

Guan's mother took the opportunity to yell in a sharp voice, "Okay, Lu Chongshan, I said that you promised to say it well, why did you suddenly want to break off the engagement with our family! It turns out that you have climbed a high branch! The granddaughter of the Zhuang family in the imperial capital, Of course it's not comparable to a small family like us! Lu Chongshan, you have a good plan!"

Seeing that the Guan family was talking nonsense and turning the truth upside down, Guan Ziyao still stood there with an aggrieved expression, as if the Lu family really betrayed them, and Lu Chongshan was so angry that he almost fell ill again. At this moment, he really saw it clearly. The face of this family.

But Yan Ruyi immediately stood up and slapped Guan's mother on the face, "I slapped this slap for my little treasure!"

As soon as he finished speaking, he slapped again, "I slapped you for Xi girl! Chongshan and I have always regarded your Guan family as family friends, so we believe in your family's character and upbringing, even ignoring Daniel. He already has someone he likes, and he tried to match Daniel with your daughter over and over again!"

But what about you... It wasn't until today, until today when Daniel presented evidence and exposed everything, that I didn't know that Chongshan and I have been trusting so much all these years, and that the people who have been in touch with each other like relatives are a family of jackals!

You keep saying that you are innocent and kind, but you do all kinds of dirty things behind your back, frame Xiaoxi, hurt Rick, plan how to seize the Lu family's property before you get through the door, and now you still slander me for having a marriage contract with your Guan family?

At that time, the Lu family was in distress. I really hoped that the two families could get married as soon as possible. Not only did Daniel find a girl for him without telling him, but I even visited your house several times to inquire about your family's intentions. But what is your attitude? Seeing that the situation of the Lu family was not clear at that time, they kept pushing and blocking!

Now that the company's affairs have been settled, and Xiaoxi almost gave her life to save Rick, do you think about it now? Do you really think our Lu family are all fools?

I tell you! Not to mention that girl is unconscious now, even if she never wakes up for the rest of her life, I, Yan Ruyi, only recognize her as my daughter-in-law!"

Yan Ruyi's words echoed in the corridor... for a long time...

Saul on the side was dumbfounded, simply amazed.

Depend on! Mother-in-law's fighting power is off the charts today!

You know, his mother pays most attention to image, she has a weak and gentle personality, and she rarely speaks loudly, but now she is so powerful...

Sure enough, I answered that sentence... a woman is weak, but a mother is strong...

"Do you want me to release the dirty evidence of your family in front of Chief Zhuang and Old General Zhuang?" Yan Ruyi scolded coldly, then looked at her younger son, "Saul!"

Chapter 1732

After receiving the order, Saul immediately clicked on the recording.

As soon as the recording sounded, the faces of the Guan family members suddenly changed. Before the dealer's people could react, they quickly snatched Guan Zihao out of Zhuang Rongguang's hands, and ran away in a hurry without daring to fart.

After Zhuang Rongguang heard the content in the recording, he immediately flew into a rage, "These dogs are crazy!!!"

They were the ones behind the frame-up of Sister Xi, who caused a lot of trouble some time ago?

Just as Zhuang Rongguang was about to chase him out, he remembered that there were more important things to do today, so he held back temporarily, forget it, don't worry! This group of people have plenty of time to clean up!

“Hmph, now I know what’s good or bad, what did I do long ago!” Zhuang Rongguang muttered coldly, “I see your Lu family... only the guy my sister likes has better eyes...”

Saul hurriedly raised his eyebrows and pointed at himself, “This, this, this, there is another one with good eyes! I have always supported my brother and my sister-in-law! Please call me God Assist No. 2!”

After explaining the misunderstanding clearly, Zhuang Liaoyuan’s expression softened a little.

As for what the Guan family said that the Lu family wanted to climb high, Zhuang Liaoyuan knew that it was impossible.

Previously, because his father still couldn’t let go of Lingyu’s matter, he just took care of Selena in private, but he didn’t officially recognize the child, and because of his prejudice against Daniel, he didn’t want Selena to be with that kid, so knowing the situation in the Lu family, and knowing that Selena was facing a very difficult situation, but she didn’t come forward, but hoped that she would retreat despite the difficulties, which eventually led to such consequences...

This matter...they also have a lot of responsibility...

That child Selena helped them so many times, but they couldn’t do anything for her...

After the members of the Guan family fled, Yan Ruyi walked up to Zhuang Liaoyuan and Zhuang Zongren, and said sincerely, “Old Chief Zhuang, Major General Zhuang, all our mistakes are our parents’ fault. I don’t know, I don’t know who she is, and I always misunderstood Selena, and tried to stop Daniel from being with that girl again and again! But we, Daniel, are absolutely sincere to Selena!

This child is stubborn and has identified that girl at a glance. No matter how much we persuade him, his feelings for Selena have never wavered. Whether it is the previous blind date banquet or the marriage intention with the Guan family, it is all against his father and me. His will was decided by himself...”

Lu Chongshan closed his eyes, heaved a long sigh and said, “At the beginning, I insisted against them being together. I told Daniel that as the leader of the company and the patriarch of the entire family, the selection of a

wife is not his business alone. At that time, Daniel said something to me... He said, except me and his mother, no one can influence his decision...”

Hearing this, Zhuang Liaoyuan’s eyes changed, and Zhuang Zongren also pondered with emotion.

In fact, after calming down and thinking about it, Daniel and the others met a few times, and even came to eat at home. Looking at how he got along with Selena at that time, it can be seen that the child is really sincere to Selena.

Zhuang Liaoyuan’s prejudice against him mainly came from the grievances his family caused Selena...

As Lu Chongshan said, his eyes were slightly red and his voice trembled, “Daniel is a very filial child. He has been looking for a way to have both. In fact, his mother and I have been shaken by him before, and we are ready to let nature take its course, but I didn’t expect such turmoil to happen in the Lu family...”

Just seven days ago, Daniel told me that he could solve all this and made a seven-day agreement with me, but...I didn’t believe him...it was my fault...”

Chapter 1733

After Zhuang Liaoyuan pondered for a moment, he exchanged a glance with his father beside him, and then he thought about his words and said, “We don’t care about the rights and wrongs of your Lu family. I can’t wake up anymore, now we just want to take Selena back.”

“Lin Qian, go pick up Miss.” Before Lu Chongshan and Yan Ruyi could speak, Zhuang Liaoyuan had already raised his hand and gave the order. It was obvious that he must be taken away today.

“yes!”

Immediately after the young officer got the instructions, he led a group of people, including the professional medical staff who had already prepared, and walked straight to the door of the ward. On the side, no one dared to step forward to stop...

The young officer named Lin Qian strode to the door of the ward, and was about to reach out to push the door, when, suddenly, the door of the ward was pulled open from the inside.

A tall man in a black suit with a cold face stood at the door, and with a glance from the corner of his eye, the powerful aura of a long-time superior and the killing aura that can only be soaked in thousands of battlefields suddenly burst out.

Out of his keen sense of danger, Lin Qian immediately touched the weapon on his waist vigilantly, and stopped in his tracks, not daring to move on.

When Zhuang Liaoyuan saw Daniel appear, his breath suddenly cooled down.

The two men stood facing each other, their auras were evenly matched, and the atmosphere was tense to the extreme for a moment.

Zhuang Liaoyuan's thin lips tightened into a straight line, and he said in a very cold voice, “Daniel, I didn't agree with you being together before, because I knew very well that Selena was too simple, and a family like yours was not suitable for her. But the facts have proved that all of this has come true. In such a situation, once, there may be a second time.

I only hate that I didn't stop it in time to let such a thing happen, and watched her become what she is today. So, sorry, today, man I have to take! Whether Selena is good or bad in the future has nothing to do with your Lu family! “

Zhuang Rongguang on the side nodded and agreed repeatedly, “Yes! I have long thought that you are not good enough for my cousin. My cousin is so beautiful and good. Whoever she marries can't be married. Why should she marry you? Bottle! Now my cousin almost lost her life trying to save your son! Isn't that enough?”

Zhuang Zongren stood aside without saying a word, but he obviously agreed with Zhuang Liaoyuan's words, and he was obviously determined to keep his granddaughter away from the Lu family.

Daniel didn't respond to Zhuang Liaoyuan and Zhuang Rongguang, but Jiang's eyes fell on Zhuang Zongren, "Old Chief Zhuang, can you take a step to speak?"

Zhuang Rongguang became anxious when he heard this, "What are you borrowing! What else is there to say? You should take your son to find a daughter from any family to be a stepmother! Don't bother my cousin again!"

Zhuang Zongren gave the young man opposite him a cold look, and the other party looked at him without any fluctuation in his eyes.

After a while, Zhuang Zongren said, "Okay."

"grandfather..."

Zhuang Zongren raised his hand to silence his grandson, and then followed Daniel to the end of the corridor not far away to talk alone.

Zhuang Rongguang walked around in a hurry, "Dad! You didn't stop me just now! What if that guy tricked Grandpa with his eloquent tongue?"

Zhuang Liaoyuan squinted at his son, "Is your grandfather so easy to bewitch?"

Zhuang Rongguang scratched his head, "This is really..."

Chapter 1734

Zhuang Rongguang snorted, rubbing his fists secretly, Grandpa, you're welcome, beat him to death!

Lu Chongshan and Yan Ruyi glanced at each other, feeling uneasy in their hearts.

The dealer's attitude is so firm, is Daniel really able to convince the old chief?

What if it fails...

What should Rick do...

The end of the corridor.

Zhuang Zongren's expression was cold, his face was like frost, and his attitude was very firm, "What do you want to say, say it now. But I want to declare in advance that no matter what you say, I will definitely take away Xi girl today. Because of my own hesitation I have made a mistake once in a while, and I must not let Xi girl suffer again. Although what Rongguang said just now is rough, it is not unreasonable. Xi girl does not need you to make up for anything, let alone your meaningless guilt. You can bring Let the child start again, and Xi girl..."

Daniel: "Little Treasure is my own flesh and blood with Selena's."

The rest of Zhuang Zongren's words stuck in his throat, and he stared at the young man in front of him in astonishment, "You... what did you just say?"

"Little Treasure was born to me and Selena." Daniel repeated.

Even Zhuang Zongren, who had gone through a lot of wind and waves, was stunned for a long time before he could react, "You said...you said that Rick was born by Xi girl?!"

"Yes. Little Treasure is Selena's biological son and your great-grandson." Daniel replied.

The Zhuang family has reached the generation of Selena, Travis, and Zhuang Rongguang. Most of them are still unmarried, and those who are married are also busy with their careers and have not given birth. Therefore, Zhuang

Zongren does not have any grandchildren of the previous generation. I have always been very regretful, wondering if I can hold the fourth generation child of the dealer before I die...

Now Daniel suddenly told him that he has a great-grandson...

This, how could he not be shocked by this?

Apart from the shock... is the uncontrollable excitement...

"Boy from the Lu family, are you serious? Didn't you lie to me?" Zhuang Zongren asked with a serious face.

Daniel's complexion did not fluctuate at all, "I privately conducted a paternity test on Rick and Selena at the Imperial Capital Military Hospital. If you don't believe me, you can ask Doctor Zheng at the Imperial Capital Military Hospital. You have a very close personal relationship with him. I believe what he said, You must believe it. Taking a step back, even if there is no appraisal, just relying on your judgment, old chief, don't you think Rick should belong to your banker?"

The old chief immediately said without thinking, "This kid is good at marksmanship at a young age, and his talent is stronger than that of Rongguang. Why is it so strange that he is from our dealer?"

After Zhuang Zongren finished speaking, he realized that he seemed to have fallen into Daniel's pit, but he couldn't care less about it. He repeatedly recalled the brief contact with Rick back then, and the more he thought about it, the more frightened he was, "Like... It's no wonder I felt that Little Treasure had too many resemblances to Miss Xi..."

Zhuang Zongren paused as he spoke, "That's not right...you said just now that you only found out about this after going for an appraisal...doesn't Miss Xi know about this?"

Daniel's face was slightly condensed, and he nodded, "Yes, Selena is still not clear about it. This matter is very complicated. On the one hand, it is out of my own selfishness. On the other hand, there are too many doubts about what happened back then. Act rashly, so as not to startle the snake.

This is not the place to talk, I will explain the situation to you later, but before I find out everything, I hope you can keep this matter a secret for the time being. “

Zhuang Zongren nodded solemnly and said, “Of course I have a sense of proportion.”

After speaking, he asked eagerly, “Where is Rick now?”

Chapter 1735

“Rick is accompanying Selena in the ward.”

Daniel replied, and then continued, “This incident has greatly stimulated the child, because he was too guilty to face the fact that Xiaoxi died to save him, and Rick couldn’t hear anyone after waking up. Talk, don’t eat or drink and don’t speak.”

Zhuang Zongren’s expression tightened immediately, “How could this happen? How is the child doing now?”

“Later, I told him that Xiaoxi was unconscious now, and his mother needed him, so he recovered slowly and kept guarding by her side. Rick can’t leave her mother now, and I believe that mother and child are connected. Rick is the one most likely to wake Selena up.”

Zhuang Zongren, who was cold-eyed at Daniel just now, nodded again and again, “That’s right, what you said makes sense! At this time, Rick and Girl Xi must not be separated!”

After Zhuang Zongren finished speaking, he looked at Daniel and asked, “Then what do you mean?”

Daniel paused for a moment, and then offered a suggestion, "With your connections, Mr. Zhuang, the medical conditions you can obtain are naturally better than those of the younger generation, so I am in favor of you taking Selena away."

When Zhuang Zongren heard Daniel's words, he didn't blindly want to keep Selena like their parents did. The last bit of anger towards him dissipated immediately, and he showed a satisfied expression, "At last you still know what to do."

"However, Rick and Selena are definitely inseparable, so why not let Rick go with you?"

When Zhuang Zongren heard it, he couldn't wish for it, "Let Rick go with me? That's naturally the best! But, you are in charge of this matter?"

Daniel nodded, "My parents will agree, you can rest assured."

Zhuang Zongren immediately made a decision, "Well, the matter is settled like this!"

...

Not far away, Zhuang Rongguang couldn't help feeling anxious when he saw that his grandfather hadn't finished chatting with him for so long.

With their backs facing them, they couldn't hear their voices or see their expressions, and they didn't know what they were talking about for so long...

Just as he was considering whether to sneak over to eavesdrop, the two people at the end of the corridor finally came back.

"Grandpa! Grandpa, you are back! You must not have listened to this guy's smooth talk, have you?" Zhuang Rongguang hurriedly greeted him with an expectant expression on his face.

Zhuang Zongren glared at his grandson, "What nonsense?"

Zhuang Rongguang squeezed his shoulder flatteringly, "I knew you wouldn't, Grandpa! Can we take my cousin away now?"

Zhuang Zongren nodded, "Well, people will naturally pick them up."

Zhuang Rongguang's expression brightened immediately, while Lu Chongshan and Yan Ruyi on the opposite side showed anxious expressions.

"Lin Qian..."

Zhuang Liaoyuan was about to order people to go in and take them in again, but Zhuang Zongren interrupted him dissatisfiedly, "Wait, don't move, all get out, so many of you, what if you scare people? I'll go in person! "

Zhuang Liaoyuan frowned slightly, while Zhuang Rongguang looked puzzled, scared? Miss Xi is in a coma! Who do you scare?

Zhuang Zongren went there in person, and naturally no one dared to stop him.

So everyone saw Zhuang Zongren walking towards Selena's ward with a cold expression.

After entering the ward, I saw a soft little guy lying in front of Selena's hospital bed, with his little hand in his mother's palm, his eyes staring at her unblinking, as if afraid that she would disappear, like the whole eye. In the whole world, there are only him and his mother...

Zhuang Zongren was moved when he saw it, his eyes were slightly sore, and he tried to keep his tone as light as possible, for fear of disturbing the little guy, "Rick... Rick, I'm too...cough...Come to Grandpa Zhuang..."

Chapter 1736

The little guy seemed to have sensed the intrusion of outsiders, and his expression of nostalgia when he was looking at his mother suddenly changed. His soft and cute face suddenly froze into ice, and his eyes flicked towards the other people in the ward with incomparable sharpness.

Like a small animal that suddenly showed its claws, although it is immature, its momentum is not weak at all.

“Click” “click” suddenly there was a strange sound similar to metal friction, and a row of robots suddenly appeared from nowhere in the suite. There was a cold light on the mechanical body, and the black holes on the iron arms were brushed together. Aimed at the “intruder”.

“Oh my mother! When did Little Treasure get these things here?” Saul was so frightened that he almost ran away with his head in his arms. He hurriedly looked for something to cover him, so as not to be injured by mistake later and would be stinking to death.

Seeing those uniform robots that were obviously controlled by someone, the dealer’s people, including the officers outside the door, were all surprised when they saw them.

Zhuang Rongguang’s eyeballs almost popped out, “It’s so cool! This...these robots can’t be controlled by this brat, right?”

Taking a closer look, there is indeed a black thing that looks like a controller in the palm of Rick’s palm.

“Little ba5tard! Who are you calling little ba5tard?” Zhuang Rongguang had just finished speaking when Zhuang Zongren slapped him hard on the forehead.

Zhuang Rongguang immediately groaned and hugged his head, he was beaten in a daze, “Grandpa, why did you hit me!”

Zhuang Zongren glared at him, then looked admiringly at the little guy opposite who was guarding Selena, his tone became more gentle and loving, “Rick, don’t be nervous, don’t be afraid, we won’t hurt her We’re here to help her...”

Rick’s expression did not change at all, his face was full of vigilance, he used his small body to block Selena’s body, and the robots were still on standby.

Zhuang Zongren showed a helpless look.

At this time, Daniel passed the robots, walked up to Rick, knelt down, and asked Rick, “Do you want Mommy to get better soon?”

The little guy was immediately attracted by these words, and looked towards Daniel.

So, Daniel continued, "Grandpa Zhuang, you met him before, and my mother was there at the time, remember?"

Hearing his mother, Rick thought about it seriously, and then nodded.

Seeing that the little guy still remembered him, Zhuang Zongren was immediately relieved.

"Grandpa Zhuang is mom's friend, he can send mom to a better hospital," Daniel said.

Hearing this, the little guy relaxed a little, but he still didn't intend to give way.

"Accompany Mom and go with Grandpa Zhuang, okay?"

It wasn't until Daniel said this that Rick completely relaxed and nodded.

At the same time, the robots standing in front of the bed also retracted the weapons on their arms, and retreated in two rows, making way for a path.

Seeing this, Saul walked out from behind the door, patted his chest, and was a little dazed immediately.

What's happening here? His brother not only let the dealer's people take away Selena, but also let them take away with Rick?

This...isn't this losing the wife and the son?

At this time, Zhuang Zongren took a deep breath, tried to speak again, "Little Bao, come to Grandpa Zhuang?"

Rick hesitated for a moment, then finally walked towards Zhuang Zongren.

Zhuang Zongren looked at the appearance of the little child swearing to protect his mother to the death, and saw the child walking towards him uncertainly, looking back at every step, feeling distressed, and carefully hugged the little guy.

After comforting Rick, Zhuang Zongren then ordered the accompanying medical staff to transfer the patient.

Chapter 1737

Zhuang Zongren held the soft little guy in his arms and coaxed him very patiently, "Rick, don't be afraid, go home with grandpa, grandpa will take good care of your mother, and grandpa will promise you that he will not allow anyone Separate Rick and mother, Rick can stay with mother all the time!"

The little bun looked at the kind old man in front of him, his vigilant face softened a lot, and he nodded obediently.

Seeing the little guy reacting to his words and nodding his head, Zhuang Zongren was overjoyed, "Okay, okay... Let's go home now!"

Zhuang Zongren treats his children and juniors very strictly, and he has been in a high position for most of his life. He has always been serious and rigid. He rarely even smiles in front of the juniors, but now he is so gentle to Rick.

Zhuang Rongguang was dumbfounded when he saw his grandfather hugging the little bun lovingly, and hurried up to Zhuang Zongren, "Grandpa, what's the matter with you? Just take my cousin away! How can this little... Bring this little boy with you? Why are you taking him with you if you have nothing to do!"

What about breaking all ties with the Lu family? What kind of trouble is this little bun!

Zhuang Zongren patted Rick's back to coax him, and gave Zhuang Rongguang an annoyed look, "I still need your permission to do something? Don't make a fuss here, you're here too, why don't you hurry up?" Back to the army!"

“Dmn! You want to take this little kid home, but you want to drive me away! I’m still not your grandson!” Zhuang Rongguang was so wronged that he lost his shape, “Dad, don’t worry about it!”

Zhuang Liaoyuan pursed his thin lips tightly and did not say a word. He glanced in Daniel’s direction with deep eyes, obviously not in a good mood.

I don’t know what this kid said to his father, so that his father insisted on taking the child away...

The point is not to bring the child, but after the child is brought over, he must be confused with the Lu family...

Dmn it, I still underestimated this kid!

“Xi girl, I will transfer her to the nursing home of the military headquarters in the suburbs of Beijing. As for Rick, I feel sorry for him because he is young and has a good relationship with Xi girl. He can’t do without her at the moment, so I took her away together. Do you have any? Opinion?” Zhuang Zongren looked at Lu Chongshan and Yan Ruyi at the side.

Although Zhuang Zongren’s tone was inquiring, the hand holding Rick was not loose at all, obviously his mind had been made up.

Lu Chongshan and Yan Ruyi looked at each other, they didn’t expect it to turn out like this in the end, they were caught in a dilemma.

It’s good for Rick and Selena not to be separated, but...letting the people from the dealer take Rick away...this...

“Why, are you still worried that our banker will murder your grandson?” Zhuang Zongren’s expression turned serious.

Lu Chongshan glanced at his son at the side and knew that this should be the best result his son could achieve. Since Daniel did this, he must have his own intentions.

What’s more, since people like the Zhuang family have taken Rick over, they will naturally take good care of him, so their worries are really superfluous.

So, after a brief hesitation, Lu Chongshan said, “Mr. Zhuang, you are too serious. We are just worried that Rick will trouble you too much!”

“No trouble.” Zhuang Zongren made a decision immediately after hearing the words, “Since there is no objection, then this matter is decided like this.”

“Dmn it... No one has any objections...” Zhuang Rongguang’s voice was completely ignored.

Chapter 1738

Daniel personally escorted him all the way to the military nursing home in the suburbs of Beijing.

Only senior state leaders or family members can enter the sanatorium here. All the medical facilities are top-notch, and the most important surrounding areas are stationed by elite troops, which is absolutely safe and secret.

Daniel leaned over and pressed a k!ss on the girl’s forehead. After watching for a long time, he stood up and said to his son beside him, “Rick, stay with mom and listen to Uncle Zhuang and Grandpa Zhuang, you understand?”

Rick stood there with his head down, not saying a word.

“I am leaving.”

Rick remained motionless, without any reaction.

Daniel sighed inaudibly, patted the little guy’s head with his broad palm, and then turned to leave.

Just a few steps away, one leg suddenly went limp.

As soon as Daniel lowered his head, he saw his son hugging him tightly, looking up at him with his little head up, without making any sound, but his little face was already full of tears...

Yes, he hates his father, he has always hated him, but he doesn't want his father to leave...

Looking at his son's crying face, Daniel's heart felt as if it had been eaten by countless aphids, and he felt a sharp pain. He squatted down and hugged his son's small body in his arms, imitating Selena's usual way of comforting Rick, patted lightly in a hurry, "Don't cry, what's wrong?"

At the door, Zhuang Zongren's eyes were slightly sour, and he hurried over and said to comfort him, "Don't cry, Rick! Dad is not going to come back after leaving. Your dad can come to see you and mom at any time! Grandpa promises!"

Hey, after all, he is still just a child. He has just experienced such a big blow. The closest mother may not be able to wake up again to save him. Now his father is leaving, and he is suddenly in a completely unfamiliar environment. Panic!

Seeing the little guy crying silently, Zhuang Zongren was so distressed that he didn't know what to do, so he blurted out, "Hey, that... Daniel, or you can stay here for the night first, This suite is big enough for you to live in, and you can accompany Rick until Rick adapts to the environment, don't leave in such a hurry! What is important about having children? Did you hear that?"

Daniel was coaxing Rick at a loss, when he heard this, he subconsciously nodded, "Yes."

It's fine to bring the child here, but now Daniel is allowed to come and go as he pleases, or even let him stay?

Zhuang Liaoyuan at the door couldn't intervene at all, and before he had time to stop him, he had watched the matter develop to this point, and sighed helplessly with a dark face.

...

Daniel left the next morning.

When we returned to the Platinum Emperor's Palace, there were already five thin men in black uniforms waiting in the study room. Different from these five men was Karl, who was dressed in the same colors as the palette and had

messy curly hair. Mao, who was casually spreading out on the sofa, looked a little depressed.

In front of the desk, the man said with a frosty face: "Karl is the commander in chief of this operation, do you have any objections?"

The five of them answered in unison.

Karl raised his hand and muttered twitchingly at the corner of his mouth, "Me? Commander?"

Daniel gave him a sideways look: "Is there a problem?"

"No...no problem! Boss, you are so good at employing people!" Karl's decadent expression was swept away, and a cold light flashed in his eyes, "Never disgrace!"

Chapter 1739

Shengshi Entertainment, in Lin Zhizhi's office.

Xiaotao knocked on the door out of breath and came in, "Sister Zhizhi! Karen's house... and places where Karen might go...I still haven't found anyone..."

"Not here?" Ling Zhizhi's expression darkened upon hearing this.

During this period of time, Selena's dramas were one after another, and she almost never took a break. After "Thunderbolt's Secret Service" was finished, she gave Selena a short vacation to let her have a good rest.

Although she was on vacation, in case there was any emergency, she specifically reminded Selena as before that she must have a mobile phone and other contact methods.

Selena had always been very measured in this regard, and basically would not let her worry about it. Unexpectedly, something went wrong this time.

“Nine Heavens” premiered tonight. Originally, she asked Xiaotao to call Selena, and asked Selena to post on Weibo to promote the interaction and drive the ratings. She didn’t want Selena’s mobile phone and her landline at home to be disconnected, so Xiaotao was worried. Selena’s home was searched but there was no one there, and later even the places she frequented were nowhere to be seen.

Xiaotao wiped off her sweat, “Yes, I’ve searched everywhere! What should I do now, Sister Zhizhi? Something happened to Karen, right?”

“Don’t talk nonsense.”

“Oh...” Xiaotao hurriedly fell silent, then her eyes lit up, and she tentatively suggested, “Sister Zhizhi, there is someone... who can definitely contact Karen!”

“who?”

“**oss!” Xiaotao blurted out, “Why don’t you call **oss?”

Ling Zhizhi’s eyes narrowed slightly, that person’s identity was too special, and she was just a small manager, so it would be inappropriate to call directly to ask Selena’s whereabouts.

After thinking twice, Ling Zhizhi made a call.

It took about seven or eight rings before the phone was finally connected, and a sleepy voice came, “Brother Lin... If you don’t have a reasonable reason to wake me up...”

“Selena is missing, is there a way for you to contact her?” Ling Zhizhi asked straight to the point.

The other end of the phone was quiet for two seconds, and then the man’s voice clearly became clearer, “What does it mean that Selena is missing?”

“Nine Heavens” will premiere tonight. I was going to ask her to post a Weibo, but her phone and cell phone are not connected, and there is no one at home or in the places she frequents.” Ling Zhizhi quickly explained the situation.

“Tsk, this guy...has he been hiding somewhere to drink again? He didn’t even invite me to drink...” Louis muttered.

“Selena is not such a careless person,” Ling Zhizhi said.

“Please, have you forgotten the last time she was so loud that she almost caused a fan riot at the bar?” Louis directly exposed the old story.

“I’m just afraid that something will happen to her...”

“Thinking too much, even if something happens, it’s someone else’s problem, okay?” Louis complained speechlessly. Hearing Lin Zhizhi’s anxious tone, he said generously, “Okay, let me look for it for you!”

“Okay, please help me to see if she is with Mr. Lu.”

“Oh...” Just as Louis finished speaking, he froze for a second, “Dmn it! You... how do you know about her and my uncle?”

“That’s not the point.”

“Why is that not the point? Dmn it! I’m still pointing at this matter to pinch that Dmn girl! She’s afraid of being discovered by you, okay! There’s nothing to play with now...” Louis looked sore tone of voice.

Ling Zhizhi was speechless.

Chapter 1740

After Louis finished the phone call with Ling Zhizhi, he didn't even change his pajamas, and ran to the next door in his pajamas and slippers.

Where else can that girl go, besides filming, she is either stewing dog food or spreading dog food...

When they reached the entrance of Daniel's villa, suddenly a man rushed up from the opposite side, without looking at the way, and bumped into him.

"Oh, I'll go! Second uncle... what are you doing? You're in such a hurry!"

Saul picked up all the piles of materials that fell on the ground, and hurriedly asked, "I have something to do with my brother, why are you here?"

"I'm looking for Selena! Just now Lin Zhizhi called and said she couldn't be reached!" Louis replied.

Hearing Selena's name, Saul's complexion changed, and he froze suddenly.

Louis saw that Saul's expression changed instantly, and he frowned, "What's wrong?"

Saul pinched his brows, not knowing how to speak.

Too many things have happened recently, the whole Lu family is in chaos, everyone is very busy, and the dealer has just finished the trouble, there are still many things that have not been resolved in time.

For example, the most important thing is that Selena's work is very difficult...

With Selena's current state, she still doesn't know when she will wake up. What about her work? How should I explain to the fans and the media?

Louis had never seen Saul's serious expression before, and his expression changed immediately, "Second uncle, what's the matter? She...she broke up with my uncle, right?"

Saul took a deep breath, and then said, "Selena...something happened...Rick was kidnapped by the people over there...she was seriously injured to save Rick...didn't wake up after the operation..."

Louis's expression suddenly disappeared. He never expected that something really happened to Selena.

"What... What do you mean you didn't wake up?" Louis's voice trembled slightly.

"Deep coma, vegetative state, currently maintained by a ventilator..."

"How is it possible...how did this happen! When did this happen?" Louis still couldn't believe this fact.

"He was rescued the night before yesterday. The operation was done yesterday morning. Now he is sent to the military sanatorium in the suburbs of Beijing..."

Louis stood there stupidly, opened his mouth, but couldn't utter a word.

The Lu family blocked all the news. There was no news about such a big matter, and he didn't know until now!

"Brother!" From the corner of his eyes, Saul saw Daniel coming out of the house.

Daniel took the document from Saul's hand, and at the same time, a black car parked in front of the door. Daniel quickly stepped into the car and left a sentence, "Go pick up Ling Zhizhi and Xiaotao, and send them to the nursing home. I'll be there soon."

Louis hurriedly said, "Uncle, let me pick them up!"

Daniel glanced at him and did not refuse.

Saul patted Louis's shoulder, "Then Louis, I'm sorry, and please remember to keep it a secret! We have to discuss how to deal with this matter, and try not to affect Selena's work..."

Louis nodded blankly.

After the car left, Louis still stood there blankly. After some time, he wiped his face and dialed Ling Zhizhi's cell phone dryly, "Hey...Zhizhi...you and Xiaotao Where are you now? I'll pick you up!"
