### Chapter 1741

Sanatorium of the military headquarters in the suburbs of Beijing.

A black Maybach and a silver-white Ferrari stopped at the door at the same time.

“Uncle, I’ve taken it!”

“Boss Lu!”

“Master Boss!”

After greeting each other, everyone walked towards the nursing home together.

Xiaotao widened her eyes and looked at the place in front of her. She saw guards with guns stationed at the door, and there was a high sentry post, and there were also guards above.

This... isn’t this the legendary military sanatorium? It is said that only important officials or relatives of the central government can recuperate here!

Why is Karen here?

Could it be that Mr. Lu arranged...

After arriving at the door, Daniel made a phone call, “I brought a few people with me, hoping to meet Selena. They are Selena’s manager and assistant, and some follow-up work problems of Selena must be handled properly, so this matter They need to be informed.”

After a brief conversation, someone soon came out of it.

Is a young officer.

After seeing the officer, the guards at the gate saluted together, "Colonel Lin!"

"Well, open the door and let them in."

"yes."

"Please, Mr. Lu." Lin Qian led a group of people into the nursing home.

The entrance was only on the first floor, and it took about ten minutes to walk, after passing several sentry posts, and finally arrived at a row of small red brick buildings hidden in the dense woods. If it wasn't for Lin Qian, it would be impossible for ordinary people to enter to here.

Because it was not suitable for too many people to visit together, Ling Zhizhi, Louis and others could only stand outside the glass window and watch.

"Once upon a time, there was a lovely little girl who was liked by everyone who saw her, but the one who liked her the most was her grandmother, who gave her whatever she wanted. Once, the grandmother gave the little girl a little red riding hood made of velvet. It fits perfectly on her head, and from now on..."

A soft child's voice echoed in the ward.

Daniel quietly looked at the girl and Rick in the ward, his cold face melting slightly.

Saul was also a little moved, "Rick has spoken..."

Under the warm sunshine, the little boy with a peaceful face, holding a book in his hand, is sitting quietly on the head of the bed, reading stories in a soft voice, like an angel.

The girl next to him was lying quietly on the hospital bed, her whole body was covered with bandages, beside her were complex and cumbersome instruments, and countless tubes and threads were connected to her body.

With just one glance, Louis couldn't bear to look any longer, hastily concealed the embarrassment from the corners of his eyes, turned around and rushed out.

Ling Zhizhi also had a look of shock and pain on her face. When she was in the car, Louis only vaguely told her that it was serious, but after seeing it with his own eyes, he still couldn't believe it was so bad.

Xiao Tao stood beside Ling Zhizhi blankly, her face pale, her body trembling violently, "Karen..."

"Miss Lin, how long can you delay at most?" Daniel asked straight to the point.

Ling Zhizhi took a deep breath to calm herself down, and then replied: "To be honest, I'm not sure, it depends on the reaction of the fans.

In the future, Selena's three dramas "Nine Heavens", "Mother", and "Thunderbolt Agent" will be released one after another, and Selena's popularity will reach a peak, especially in the future, which should be Selena's most active film promotion. During this period, she was starring again, and almost all promotional activities required her to attend.

Under such circumstances, if Selena never showed up, one or two times would be fine, but if the number of times is too many and the time is long, fans and the media will definitely become suspicious. "

Ling Zhizhi said, with a embarrassed look on her face, "My side... I'm afraid it won't be long..."

## Chapter 1742

Hearing Ling Zhizhi's words, the air suddenly became more dull, and everyone's expressions were serious.

Everyone knew how much Selena loved this career and how much she had paid for it. Naturally, they tried their best to protect her most precious thing for her.

Daniel quietly looked at the girl behind the glass window. After a long silence, he said, "Three months later, if Xiaoxi still hasn't woken up, announce her real situation."

Lin Zhizhi nodded when she heard the words, the deadline given by Daniel was exactly the maximum time she predicted that she could delay it.

"During this time, I will take care of her social accounts on Selena's behalf, and try my best to delay the time as much as possible to keep Selena's popularity and popularity. It would be best if Selena could wake up, but if...the situation is really serious To the point of control, I will arrange a press conference, prepare a reasonable explanation, and explain Selena's situation to fans."

Ling Zhizhi knew very well that in Selena's situation, the possibility of waking up was slim, but even if there was only a glimmer of hope, she still had to try.

Fortunately, Selena is now living in the military sanatorium, there is no place that is more private than here, and can block all interference and disclosure of news.

However, what exactly happened, why Selena was suddenly injured so badly...

Ling Zhizhi sensitively sensed that there might be a lot of rich family secrets involved in this, so she was cautious and didn't ask any more questions. She is Selena's manager, all she needs to know is that she will do everything she can to protect what Selena has worked so hard so far. .

"Yeah." Daniel nodded, agreed to Ling Zhizhi's arrangement, and then gave Ling Zhizhi his personal number, "For anything about Selena, just call me."

"Okay." Ling Zhizhi nodded.

At this moment, she suddenly understood why a girl like Selena who was free and wanton chose this man in front of her.

With Daniel's status and status, if he likes someone, he can keep her in captivity, give her everything, and let her follow his own preferences and identity.

However, Selena had been dating Daniel for so long without telling her that she had never found out that she was in love. Selena even told her privately that Ke Mingyu was Daniel.

This man, who loves her, never forces her to do anything, but stays by her side, respects, pampers, and protects everything about her.

While Lin Zhizhi was discussing some details with Daniel, Xiao Tao who was beside her kept staring blankly at Selena behind the glass window with a pale face.

"Karen... Is it possible for her to wake up? When will she wake up? Will she wake up in three months?" Xiao Tao asked eagerly.

Saul on the side answered dryly, "It's not certain, even a doctor can't know when she will wake up, and...whether she will wake up..."

"Are you saying that Karen might never wake up?" Xiao Tao's body trembled even more.

Saul smiled wryly, "I can't rule out this possibility..."

Saul's words were like a switch, Xiao Tao's expression suddenly collapsed, she held the tears all over her face, knelt down in Selena's direction with a "plop", and burst into tears, "Karen... Karen, I'm sorry You...I caused you...I caused you...I'm sorry...I'm sorry..."

Looking at Xiao Tao who suddenly lost control and cried on the ground, Lin Zhizhi was stunned, and quickly turned around to help her, "Xiao Tao, what's wrong?"

## Chapter 1743

Seeing Xiaotao's reaction, Saul and Daniel looked at each other, but they didn't speak. Their eyes were very calm, as if they had already expected it.

"Xiao Tao, get up and talk!"

Xiaotao shook her head vigorously and pushed Lin Zhizhi away, insisting on kneeling, "No! Sister Zhizhi! I won't get up! It was me...it was me who caused Karen...it was me who made Karen like this...Xi Brother is so kind to me...but I made her like this..."

"Xiao Tao, calm down, what's going on?" Ling Zhizhi's face became more serious.

Xiao Tao was very emotional for a while, and kept repeating "It's all my fault", Ling Zhizhi comforted her for a long time, Xiao Tao finally calmed down a little, knelt there blankly, and said in a trembling voice, "I know ...I've known for a long time...I've known for a long time that someone is secretly trying to kill Karen...they want to kill Karen...want Karen's life..."

"What? Someone is trying to harm Selena? How do you know?" Ling Zhizhi asked hastily.

Xiaotao choked with sobs and said, "Because those people came to me a long time ago! When I was filming in Chuanshi, that gun...that gun was replaced by me! It was I who replaced the fake gun with a real one! "

"What did you say?" Hearing Xiao Tao's words, Ling Zhizhi froze there, she never thought that the person who hadn't been found out last time... would be Xiao Tao!

Saul looked at Xiao Tao who was kneeling on the ground, and sighed softly.

They had been investigating who replaced the gun before, but they couldn't find out who it was, as if the real gun had been replaced out of thin air.

But how could such a thing happen?

Then... maybe there is only one possibility left...

This matter was related to the closest and most trusted person around Selena, so it was possible to change the gun without anyone noticing without leaving any traces.

And the person who was with Selena at that time and had the opportunity, the most likely person was Xiaotao.

"I almost killed Karen last time! Fortunately, Karen is good at it! I was lucky. I felt that those people would not dare to take risks after failing this time, so I didn't say anything! I didn't remind Karen! Unexpectedly, Karen became like this... Sister Zhizhi, I'm sorry... President Lu, I'm sorry... It's all my fault... President Lu, arrest me..." Xiaotao lay on her stomach on the ground, seeing Selena lying on the bed covered in injuries, she cried even harder.

Daniel glanced at the girl on the hospital bed with a condensed expression. When he found out it was Xiaotao, he was worried that Selena would not be able to accept it, so he didn't tell her for the time being. Instead, he sent someone to secretly watch Xiaotao's whereabouts.

What is certain is that the person who instigated Xiaotao to want Selena's life is definitely not the same group of people as Qiao Yi.

Xiaotao didn't understand the situation, and thought that Selena's injury this time was caused by the person who ordered her before, so after seeing Selena like this, she suddenly broke down emotionally, thinking that she had hurt Selena, and she revealed it under extreme self-blame. everything.

He deliberately asked Xiaotao to come over today, somewhat hoping that she would confess her feelings.

"Xiao Tao, why on earth did you do this? Who told you to do this?" Ling Zhizhi asked anxiously.

Xiaotao had a terrified expression on her face, "Sister Zhizhi, you know, I have a younger brother who is studying at the National University, and those people arrested my younger brother and threatened me, saying that I would kill him if I didn't follow through... I also I don't know who they are... I only know that

they speak English... there is a translator next to them... they should not be Chinese...”

## Chapter 1744

“Did those people still look for you later?” Saul asked from the side.

“It didn’t anymore...but they said that there would be something for me to do at any time...I guess they were waiting for the opportunity to do it...They also threatened me not to tell anyone...otherwise my brother might be in danger at any time...”

The reason why Xiaotao said everything today was because after seeing Selena like this, she had an emotional breakdown out of strong self-blame.

On the other hand, it was more or less because she knew it was absolutely safe here that she completely relaxed her vigilance and said these words.

Thinking of Selena, Xiaotao burst into tears again, “Karen is so kind to me, so trust me...he never doubted me from the beginning to the end...Other artists are always calling and shouting at their assistants, even when they are in a bad mood Beating and scolding, but Karen has always been so gentle to me, thinking of me every time there is something delicious and fun, obviously I am the assistant, but she is always afraid that I will be tired, and will not let me touch the dirty work ...

The time I was working with Karen was the happiest of my days, if possible, I really... really hope that I can walk with Karen...”

But... there is no chance anymore...

Listening to Xiao Tao's words, Ling Zhizhi didn't know what to say. Although it was unbelievable that the person who betrayed Selena would be the person she trusted the most, she couldn't blame Xiao Tao for anything.

Xiaotao took a deep breath, stopped crying, looked at Daniel and begged, "Boss Lu, I'm sorry for Karen's care and trust in me, I'm sorry for the company, I can do whatever you want! But I'm just afraid that those people will find out that I After hearing the news from the side, I became angry, what will happen to my brother... I know that you have great powers, and you can do whatever you want with me, but can you...can you help my brother..."

All of a sudden, everyone looked at Daniel.

Daniel said, "I won't dispose of you. You belong to Selena, and even if it's up to her to decide what to do with you. As for your brother, if you trust me, I will guarantee his safety, but the premise is that you must obey everything. My arrangement."

Saul who was on the side explained, "It means, just pretend that nothing happened today, continue to keep in touch with them, and then act as our internal response. If there is any movement from them, you must tell them as soon as possible. us!"

Xiaotao had already prepared for the worst, but she never thought that such a result was waiting for her.

Knowing that Daniel gave Selena the chance because of Selena's face, Xiao Tao burst into tears again, and nodded repeatedly, "I can cooperate with you in everything! As long as I can make up for my mistakes!"

"Your brother, if others can move, so can I." Daniel added with a frosty face.

Clearly, he doesn't trust anyone.

Xiaotao's spine trembled suddenly, her body trembled like chaff, "I understand, I understand..."

She knew that she had betrayed Selena once, so she couldn't be trusted, and she completely understood what President Lu did.

Instead of worrying about it all day, it's better to trust Mr. Lu, even if he is held hostage by Mr. Lu, it's better than being threatened by those people.

Lin Zhizhi looked at Daniel's handling, and heaved a sigh of relief. This kind of handling should be the most appropriate. Selena is in a special period. If she suddenly changes the assistant who has been working beside her for so long, it will be too loud. If it is hard to explain to someone else, she can't use it with confidence...

## Chapter 1745

Seeing that the atmosphere was really scary, Saul coughed lightly and smoothed things over, "Alright, alright, now that the matter has been discussed, it's decided. Brother, don't be so stern all the time, do you know that you This makes me pee my pants in fright, you are so close to my sister-in-law, your aura will affect her!"

Hearing the last sentence, Daniel's expression relaxed a little.

A few people left the door of the ward and walked into the yard, only to see Louis squatting under a big tree, his eyes were red, as if he had just cried.

Seeing them come out, Louis got up and walked over, standing still in front of Daniel, "Can I talk to her alone for a while?"

The corners of Saul's mouth twitched slightly behind him, how could it be possible...

"Can't."

Sure enough, as soon as he thought about it, Saul heard his brother answer.

Louis also clenched his fingers tightly.

Immediately afterwards, Daniel said again, "Rick is here."

When Louis heard that something was going on, he quickly said, “Rick is fine!”

Daniel didn’t say anything, and walked away directly, as a tacit consent.

Only then did Louis rush in.

“Pfft...Louis, that idiot...” Saul shook his head dumbfounded when he saw this.

How could Rick be all right?

This guy is probably going to express his feelings to Selena...

In front of Rick...

That scene is sour to think about...

Lin Zhizhi glanced at the back of Louis who was rushing in, with a clear expression on his face.

He... regret it...

Many times, people always regret and hate when they lose it, why some things are not said, some things are not done...

In Selena’s ward.

Rick had just finished reading the story of “Little Red Riding Hood” to Selena, when he realized that someone had come in to interrupt him, he frowned displeased.

Louis quickly explained, “I just wanted to say a few words to her, your father agreed...”

Rick didn’t speak or pay attention to him, and continued to sit there quietly.

Louis coughed lightly, and opened his mouth tentatively, “So, little grandpa, can you avoid it for a while, and let me have a few words with her alone?”

Hearing this, Rick’s indifferent expression suddenly turned cold, and the air in the entire ward became several degrees colder.

Louis was embarrassed immediately, and finally understood why Daniel said that “Rick is here” on purpose, “Okay, okay, don’t avoid it! You don’t need to avoid it...”

Thinking that he was just a child anyway and didn’t understand anything, Louis didn’t care that he was here anymore, so he dragged a chair and sat down on the edge of Selena’s bed.

Looking closely, the injuries on the girl’s body are even more terrifying. There is no life in the whole body, as if all the anger has been drawn away.

Louis wiped his face, looked at the motionless girl on the hospital bed, “ba5tard...you agreed to go out into the sky together...”

After saying this sentence, he buried his head deeply.

After a long time, Louis murmured bitterly, “I knew... I knew what to do with so much... What to worry about so much... I don’t care what you think of me... I don’t care who you like... fcuk it For my face... ba5tard... I... I like it...”

Before Louis could finish his sentence, a gaze of the howling north wind fixed on him as if it had substance.

Then, as soon as he got emotional, he saw a certain white and tender bun beside the bed staring at him like a giant dragon guarding his treasure.

Those little gazes... are simply cruel...

## Chapter 1746

He said how could someone be so assured that he came to see Selena...

It turned out to be waiting for him here...

In the end, under the attack of the little tyrannosaurus, Louis was unable to say those words, and sat there with his shoulders slumped, with a look of lovelessness on his face, "What the hell, I was demolished in my last life." Have you visited the Yuelao Temple?"

This marriage line is too cruel!

...

Late at night, at the border of country f.

Karl pulled out a blade of grass from somewhere and put it in his mouth. He turned his head and said to the person beside him, "Now that the defense around the target is the weakest, the only thing that needs attention is the one wearing glasses. I'll go and seduce that guy later... er no, hook him up!"

The man in black next to him: Is there a difference between hooking up and seducing?

The man in black said in an uncertain tone, "Are you sure we have enough people? I think it's a little too risky! The other side is playing with arms, in case the other side..."

"Don't worry, didn't the boss say that the people over there will definitely not intervene this time, don't be cowardly, just feel free to do it boldly!" Karl said in a firm tone.

In fact, he was also very worried at first, but since Daniel had already said that there was no problem, he believed that there must be no problem.

It wasn't that he blindly believed in Daniel...but that he really had to believe in this evil!

For example, last time, who would have thought that Daniel would call Satan directly at a critical moment, and in the end Satan actually reported the exact location immediately and obeyed him...

Regarding his understanding of Satan, he still believed in Daniel's judgment.

After Karl finished speaking, he unhurriedly took out his mobile phone and sent Kevin a text message: I'm in a small forest 800 meters away from your

ten o'clock direction. I can now tell you what you asked last time. you answer. are you coming?

Almost at the moment when he sent this text message, Kevin immediately replied him with one word: OK

After hooking up successfully, seeing a familiar figure walk out of the house, Karl proudly made an OK gesture to the person behind him, "It's done, let's do it!"

In the night, a hidden group of people approached the building in front of them silently...

in the woods.

When Kevin came over, Karl was sitting on a thick branch of an uncle.

Seeing someone coming, he jumped down, "Oh, here we come! So fast!"

"Answer!" Kevin looked at the man opposite him expressionlessly.

Karl shrugged and said, "Tsk, you already know, why ask me again?"

"I want to hear it from you!" Kevin's eyes became sharper.

"Well... okay... I'll say yes! Let's fight first? I'll tell you if you win!" Karl attacked directly as he spoke.

Kevin's face remained unchanged, he moved slightly to avoid his attack, and then the two of them fought in one place.

After ten moves, Karl looked at the gold-rimmed glasses on the opponent's face, and a gleam of fire flashed in his eyes, "Tsk, why don't you take off your glasses? Do you look down on me?"

After all, the moves are more violent!

After a hundred moves, Karl's wailing sounded in the woods, "Dmn it! Kevin, you pervert!"

What the hell is really a super perverted physique, how long has it been since I saw him, and he even drew with him without taking off his glasses, without being violent...

Once Kevin enters the fighting state, he will not be distracted at all, and will not notice anything outside.

And this was exactly what Karl wanted.

I don't know how many tricks have passed, Karl looked at the signal of the success of the secret operation not far away, and his expression immediately relaxed.

And at this moment, he was strangled by Kevin.

Karl suddenly approached the opponent with his body, but instead of attacking, he hugged him immediately, and whispered in the man's ear, "Senior brother, I'm sorry..."

Hearing this sentence, Kevin suddenly woke up from the fighting state, and looked towards the direction not far away with a drastic change of expression, "Karl! You..."

Seeing that Karl was about to rush over immediately, Karl said in a cold voice, "No need to go, people have already taken it away. Senior brother, don't blame me, as I said, I don't want to be your enemy, this is the only thing I can do." Think of a way."

## Chapter 1747

Huaguo, a garden in the suburbs of Beijing.

Feng Jin covered the gunshot wound on his body and stumbled into a dark room, "Satan! Uncle Qiao was kidnapped by Daniel's men! Hurry... Hurry up and send someone to rescue him! Otherwise it will be too late... ...If he falls into Daniel's hands..."

Inside the large sandalwood chair, the expression on the silver-haired man's face did not fluctuate at all. He tilted his head, picked up the teacup on the table, took a sip unhurriedly, then raised his dull eyes, and said quietly, "What does it have to do with me?"

Feng Jin's face froze suddenly, his expression was full of despair, and he said excitedly, "Satan! Uncle Qiao was at fault for keeping the matter from you before, but everything Uncle Qiao did was for you! You don't want to get rid of him again! Even if you are angry, you can't see him die! He is your..."

Swept by the man's icy and bone-chilling peripheral vision, Feng Jin's face turned pale, he suddenly fell silent, and swallowed back the words behind him, "Master, you just see that he has been by your side for so many years, and he has worked hard without credit..."

"Heh, you're selling yourself in front of me now? When you took what I said as bullsh1t, why didn't you think that I was the master?"

Feng Jin himself has a previous record of obedience and transgression, so he is naturally more guilty. Facing the other party's anger at this moment, he can only bite the bullet and continue begging, "For your mother's sake..."

Hearing Feng Jin mentioning his mother, Yun Shen's face turned colder, "Who gave you the illusion that I have such a good temper? Will I give chances to disobedient people again and again?"

Seeing that the other party was determined to make Ren Qiaoyi fend for himself, Feng Jin became anxious, "Uncle Qiao has so many things in his hands, and the consequences of falling into Daniel's hands would be disastrous! The black dragon is the best lesson from the past!"

Before, they thought that the black dragon really didn't say anything, but it turned out that all their underground channels had been leaked, which put them in an extremely passive situation, and they fell into a large number of people unprepared.

Yun Shen's expression was already stained with impatience, "I ordered him to stop all the things you called a year ago, but how did you do it in private? I really think I don't know anything. ?"

"If those businesses are really cut off, we'll lose an arm. How can we fight against the Lu family? This is Daniel's plan to divide people. You must not fall

for it! If Uncle Qiao really gets involved, how much turmoil will be caused by the organization Have you ever thought that after Daniel dealt with Uncle Qiao, you must be next!"

"Really? I'm looking forward to it."

...

Feng Jin tried hard to persuade him, but in the end he had no choice but to back out with a face full of defeat.

Feng Xiaoxiao leaned against the door, looking at Feng Jin's face with an expected expression, "It's useless to say what I said earlier! Do you think he is still the puppet of Uncle Qiao who was controlled by everything?"

"But everything Uncle Joe did was for him! How could he be so ungrateful!"

Feng Xiaoxiao rolled her eyes, "What the hell! That guy is the hottest thing, okay? If you hadn't been smart enough to kidnap Rick, it's not sure who will win the battle with the Lu family this time." That pervert who was looking forward to this battle with Daniel so much that he was ruined by you all, can he not be popular? Now it's all right! Since you are so capable, you are finished! go!"

Feng Jin's face became more and more ugly when he heard that. When Qiao Yi wanted to move Selena, he had some concerns, but he thought that satan would get angry at most, and he would not do anything to Qiao Yi anyway, but he didn't expect that, To the point of a complete break!

"The problem now is how to convince the master..."

"Don't be naive, this time it's in someone else's restricted zone, it's useless to say anything, just wait for death!"

## Chapter 1748

“Look at Kevin, he is much smarter than you. I knew it was impossible, and I never thought of coming to that guy at all!”

When Kevin was mentioned, a glint of hope flashed in Feng Jin’s eyes, “Perhaps Kevin has a way...”

Feng Xiaoxiao sighed, “What can we do? We didn’t even rescue the black dragon last time, so we still expect to rescue Uncle Qiao this time? What’s more, there is Karl over there this time...”

“Don’t mention that traitor!!!”

...

The basement of a winery owned by the Lu family in the suburbs.

“what–“

The thick soundproof walls cut off the creepy howls in the room...

“I said... I said... I said it all...”

Saul curled his lips, “Isn’t it? So fast? Your little black dragon has survived for three days!”

Daniel sat on the sofa with no expression on his face.

Qiao Yi’s kneecap was dug out in one piece with the minced meat, and he collapsed on the ground like a dead dog. His dark eyes stared at the man on the opposite sofa who was expensive but whose methods were more terrifying than devils. It is the color of fear.

Fortunately, he actually thought that the black dragon could hold on...

He thought Daniel was just a businessman full of money, but he didn’t expect that his methods were even better than people like them!

Under such punishment, even a god can’t hold it...

Heh, the members of the Lu family are indeed hypocritical villains!

He can't die, he absolutely can't die! The Lu family has not yet been destroyed! How could he die in such a place, by the hands of these people!

As long as he can go out today, he will never let these people go!

And that ungrateful little ba5tard actually let him die...

Hearing Qiao Yi let go, the man on the sofa still showed no expression: "Continue."

Saul scratched his head, "Huh? But he said he was going to recruit? Well, well, it's definitely not the truth to recruit so soon! Let's continue..."

...

Dawn is approaching.

The man stepped out of the room, dressed in a black suit as always, as if he had just come off some elegant reception, except for the faint hostility and bloody smell mixed with him.

Saul glanced at his elder brother beside him in a daze. For some reason, he couldn't help but feel warm instead of any chill in his heart.

He prefers such a brother.

Such a real him, even a frightening him, does not always look so perfect that he is not real, and does not hide all the dark sides in front of him.

Karl, who was sitting at the bar, heard the footsteps behind him, and turned his head with a slightly drunken expression, "It's done?"

Saul waved the recording chip in his hand, "It's done! It's enough for him to be sentenced to death!"

Hearing this, Karl raised his brows and muttered in a low voice, "Why are you making such trouble? Just do it!"

Daniel glanced at him indifferently: "It's legal."

Saul walked over to get a glass of wine, took a sip, put his arm on Karl's shoulder and explained, "My brother means that we are good citizens who

abide by the law. Of course we must know the law and abide by the law, and act according to the law!”

The corners of Karl’s mouth twitched when he heard that, yes, you guys are really law-abiding, compared to yours, the prison is simply heaven...

“You want?” Daniel looked at him and asked suddenly.

“Huh? What do you want?” Karl didn’t react.

A koi brand translator continued to translate, “My brother asks you, do you want this guy’s life? It was originally planned to be given to the black cat. If you want it, I can give it to you! After all, thanks to you this time, we can Get this guy!”

As soon as the words finished, Karl’s face was slightly startled. After a moment of silence, he shrugged and said, “Forget it, you’re right, let’s be good citizens who obey the law!”

Forget it... that’s it...

If he killed that person with his own hands, he would not be hunted down by Kevin for the rest of his life...

## Chapter 1749

Leave the underground winery.

The morning breeze was slightly cool, blowing away the bloody aura from the two of them.

After a day and a night of tossing around, Saul stretched sleepily, and couldn’t help but vomit, “Brother, you think that guy is also weird! So many secrets

have been explained... But ask him about that woman named Yun Lan What the hell is it... just keep silent... my dad is the same, he doesn't tell us anything!

In fact, I have always been puzzled by this matter. With the old man's family and family values, even if he meets a woman he likes and can't help it, it is absolutely impossible for him to marry her! But the tombstone engraved with my wife is indeed his handwriting... I'm so curious! Shall we have another trial? “

Daniel: “No need.”

Qiao Yi wanted to survive, that's why he recruited so happily, but for him, there were more important things than life.

However, all these entanglements are not important to him.

Daniel looked at the gradually brightening sky for a long time. After a while, he looked at Saul with a slightly soft expression, “Go back and rest.”

Saul rubbed his acting skills, which were barely open, and nodded, “Oh, what about you?”

Daniel: “I have something to deal with.”

Saul's eyes widened when he heard it, and he said anxiously, “We're still dealing with it! Even if it's a big deal, you should at least go to sleep before talking about it! I haven't seen you sleep since the day we went to save my sister-in-law and Rick. !”

“fine.”

“How can it be all right, you...”

At this time, Daniel's cell phone rang, so he raised his hand to interrupt Saul, and began to answer the phone, “Hello? Uh, just today. Book the nearest flight. Okay.”

Saul couldn't believe it, “Where are you going? You really don't want your life! If something happens to you, what will my sister-in-law and Rick do!”

“I have a measure.”

“You have a fart! You have forgotten that you are still a human being! No, you have to go to sleep today! Immediately! Otherwise, you will not think about anything today...”

Before he finished speaking, Saul suddenly felt a pain in the back of his neck, and then his vision went dark, and he gradually lost consciousness, feeling as if he was being helped into the car beside him by a big arm.

“elder brother...”

“obedient.”

Saul closed his eyes unwillingly and fell into a lethargic sleep.

Depend on! To knock him out at the slightest disagreement! Knock him out!

I’m still not your dearest brother!

## Chapter 1750

When Saul woke up, it was already dark outside.

The first thing he wanted to do was to look for his brother, but the phone rang just as he was leaving the house, and the caller ID showed Mo Lingtian.

Why is this guy calling him at this time?

Saul picked it up suspiciously, "Hey, Brother Tian! Do you need me?"

Mo Lingtian's tone sounded very serious, "Saul, what's going on with your brother? Why did you suddenly turn against the Guan family?"

"Ah? Flip? Flip! Fell a long time ago! But, how did you know?" Saul asked suspiciously.

"How do I know? Now everyone in the whole circle knows! The big deal that the Guan family negotiated with the government in China recently was revealed to be huge bribery and unfair competition. Guan Rui has been taken away for investigation, and the Guan family's overseas listing The company was also on the verge of bankruptcy overnight, and now the Guan family is looking for connections everywhere to ask for help, but your brother directly spread the word in the circle, whoever helps the Guan family is against him!" Mo Lingtian quickly explained.

Saul was dumbfounded, "Dmn it! I just woke up from a nap... He bankrupted the entire Guan family?"

"Now I can't get through to your brother, so I can only come to you. What's going on?" Mo Lingtian asked in a low tone.

Saul curled his lips, "Tsk, did Guan Ziyao ask you for help? Brother Tian, don't blame me for not reminding you, you'd better not meddle in this matter, otherwise I won't even be friends with my brother!"

“I always need to know why!”

Saul’s tone was slightly mocking, “Before I tell you the reason, I really want to know what Guan Ziyao told you.”

“She said your brother was doing it for Selena. This reason...is reasonable, but it’s unreasonable. If something special hadn’t happened, he wouldn’t have made it to this point.”

Hearing that Mo Lingtian was still reasonable, Saul’s attitude softened a bit, “It’s a good thing you found me. If you were looking for my brother, he would definitely not bother to explain it given his temperament. When the time comes, you will be tricked by others and cry casually.” If you cry, you might be fooled! Wait for me to send you two wonderful recordings, you can listen to them yourself!”

After Saul finished speaking, he sighed and said, “Brother Tian, I admire you for liking someone so hard for so many years. I respect you for being so persistent. However, some people may not be what you seem on the surface. You still have to be careful.” Bar!”

After Mo Lingtian hung up the phone, he fell into a long silence.

Soon, there will be a reminder of the latest email in the mailbox.

Mo Lingtian lit a cigarette, hesitated for a while, and then lit it. As the voice came out, his face became more and more ugly...

After an unknown amount of time, Mo Lingtian finally returned to the box.

In the private room, seeing him, Guan Ziyao asked nervously, “Ling Tian, what did Ting Xiao say?”

Mo Lingtian looked at the other party with complicated eyes, and then said, “Daniel couldn’t get through, so I called Saul. He sent me two recordings.”

Guan Ziyao’s face turned pale when he heard the word “recording”.

Mo Lingtian stared fixedly at the woman in front of him, “Ziyao, do you have something to hide from me?”

Guan Ziyao sat down on the chair behind her, knowing that she couldn’t hide it, she said with a wry smile, “Yes...my parents and my brother...did some

stupid things...but they were all for me...to let I can be happy... I can pay for my stubbornness...but they are all innocent...”
