Chapter 1761

Late at night, in the Platinum Emperor Palace, the study room was brightly lit.

Looking at the documents in his hand, Saul wished he could prop up his eyelids with a toothpick, but a certain non-human being was still dealing with those extremely complicated documents like a normal person.

These days, he has been guarding every step of the way. Since he can't be persuaded, he can only watch to prevent him from having an accident.

"Brother...Brother...I know...I know that you want to wait for my sister-in-law to wake up...I hope to give her a peaceful and prosperous world...When the time comes, let me say, look, this is the world I have laid down for you! Hiring! How romantic! But you have to live until the day your sister-in-law wakes up, right?"

Daniel raised his eyes and glanced at Saul who was slumped on the sofa.

Saul immediately clutched the back of his neck subconsciously, "Why? You want to hit me again? Okay... okay... I get it... I shut up! I still have to save my life to help Selena keep an eye on you Woolen cloth!"

At this moment, Daniel's cell phone rang on time.

The man answered the phone as usual.

"Mr. Lu, the media and fans are pretty stable these days, but... Selena's cousin called me a few days ago, and she didn't know what to do with Selena. Today, Ning Yaohua and Selena's aunt Ning Qiutong also called, it seemed

that Selena's uncle had returned to China for a family dinner, and I tried to push it away, but they didn't suspect anything."

Ling Zhizhi had a routine call with Daniel, reporting all the situation of Selena, and then asked for instructions, "Is it... including these people, are they all going to be kept a secret?"

Daniel: "The fewer people know about it, the better."

Ling Zhizhi nodded, "Okay, I understand."

The facts about Xiaotao last time were really a warning. The less people know about Selena's situation, the safer she is.

Just as Daniel hung up the phone, Karl rushed in through the door alone. Panting, Karl bent over and said, "fcuk! Qiao Yi has been robbed! Dmn, everyone has been sent to prison! Can you still be robbed?" Get out! Is that fcuking guy a human?"

"What? Prison robbery, this is it! Awesome! Is it the same one who robbed the black dragon last time?" Saul immediately perked up.

Karl breathed a sigh of relief, "I think the modus operandi should be the same person! The people at Qiao Yi's side seemed to think that we let the black dragon out last time, but in fact, it was kidnapped at all, okay? Now this thing has appeared again!"

Saul was puzzled, "What exactly is that person's background? Don't Qiao Yi and the others know about it? Look at it, aren't they in the same group?"

Karl scratched his head irritably, "Actually, I'm not sure about this, but I've been in the organization for so many years, and I don't even know there is such a person. If there is, even if I don't know, the f*cking combat madman Kevin can still do not know?"

Saul nodded again and again, with an expression of "You're right."

"It's a pity that I failed to fight that person twice, otherwise I could still identify him!" Karl looked at the cold-looking man in front of the desk with a headache after speaking, "Boss, what should we do now?"

The man leaned on the wide seat, his dark eyes were like bottomless black holes, "Wait."

"Huh? What do you mean?" Karl was confused.

Saul walked over with a smile and put his arms around Karl's shoulders, and said in a low voice, "My brother asked me to put some small things in that guy's body while he was unconscious... "

Karl raised his eyebrows in surprise, "You put a tracker on Qiao Yi?"

"Then do you know where they are now?" Karl asked hastily before he had time to think.

Saul explained proudly, "Don't worry, after all, the other party is not an ordinary person, so they may not have thought of our trick. If the tracker is discovered, wouldn't it be a waste of success? So we haven't activated that gadget yet, and wait for them to relax their vigilance." Time to reposition!

Moreover, this thing also has recording and video recording functions! All the data can be transmitted to us at the moment of activation. If it is destroyed by external force, it will automatically activate and transmit the data! "

The corner of Karl's mouth twitched, these two people are worthy of being brothers with that guy...they are all the same pervert...

At that time, Qiao Yi was no longer a threat at all, and they still made second-hand preparations.

Could it be that he expected that person to appear again last time?

“Actually, Qiao Yi is no longer in the limelight. Even if he escapes, it’s useless. Satan has completely broken with him this time, and has already incorporated all of his part of the team.”

As Karl spoke, he glanced thoughtfully at the man in front of the desk with a secret expression.

Now that Qiao Yi has been solved, then, his next goal...could be that guy, right?

Wouldn’t it be another terrifying battle by then?

...

Time flies, and three months have passed in a blink of an eye.

The entire imperial capital was calm, and the big battle Karl thought did not occur.

The miracle everyone was looking forward to did not appear.

That flamboyant girl was still lying quietly in the heavily guarded, cold and quiet sanatorium, without the slightest sign of waking up.

To make matters worse, “Mother” starring Selena was released, and won the Golden Deer Award and the Golden Luan Award for Best Actress. After the trophies, including other awards of various sizes, seeing that all the film awards that can be won in China are almost collected, Jiang Xingzhou revealed the news that “Mother” has been selected for the Lorraine International Film Festival.

At the same time, since “Nine Heavens” was broadcast, Selena’s popularity has been increasing with the advancement of the plot. The absolute sex scene between Selena and Ke Mingyu even set a record for the ratings of Imperial TV in the past ten years. It was broadcast on the Internet. Records have been broken again and again. All kinds of derivative copyrights such as online games of the same name are blooming everywhere. In the streets and alleys, the entire Internet, in the past three months, everyone, men, women and children, are talking about this movie.

Both the leading and supporting roles in this drama became popular, and Selena completely crushed the double actress Meng Shiyi with her super

popularity and acting skills, and was nominated for this year's Golden Orchid Award for "Actor".

There is no doubt that this year Selena's movies and TV shows have a bumper harvest, and all newspapers, magazines and networks are full of related reports about Selena.

"Thunderbolt Agents" is still in the long post-production and has not been released. Selena has already become popular with these two works alone. On a par with her.

If it is said that Selena was always called Leng Manyun's successor before, but now people's evaluations of her are all "the blue is better than the blue", "the wave behind the Yangtze River pushes the wave ahead", "the treasure of the film and television industry", "historical treasure". The Most Talented Actor", "The Second Song Lin"...

Chapter 1763

Outside, Selena's popularity had reached its peak, but at this moment, the building of Shengshi Entertainment Company and Ling Zhizhi's office were filled with darkness.

Recently, there were too many occasions that required Selena to attend in person. Some of them could be pushed away, but the promotion of movie premieres and the acceptance of awards for major awards were absolutely unstoppable.

Selena had already been absent from all the promotions for "Mother", the presentation ceremonies of the Golden Orchid Award and the Golden Deer Award, and she was even absent from yesterday's Golden Luan Award.

On the “Mother” crew, because of Jiang Xingzhou’s tolerance and Song Lin’s help in talking, it can still be said that the trophies of the Golden Orchid Award and the Golden Deer Award can be collected by the agent, but the Golden Luan Award has regulations. You must go to receive the award in person, otherwise the trophy will not be issued.

Although the name of the actress will be kept, the absence of such an important occasion will leave a very bad impression on both the judges and fans.

In these three months, even if her manager gave Selena perfect reasons every time, under such circumstances, no matter how perfect the reason was, if it didn’t show up for three full months, it would be unreasonable anyway...

In the office, Ling Zhizhi’s mobile phone and landline have never been stopped, Xiaotao is only doing some things that need to deal with the media, and she handles other things in person.

Looking at the overwhelming entertainment headlines about Selena, the invitation letters from the organizers of countless awards, and the script advertisements that fell like snowflakes, Ling Zhizhi fell into a deep powerlessness.

After all... she still underestimated Selena...

This time, it is absolutely unstoppable...

At this time, there was a rapid knock on the door of “dong dong dong”.

The general manager of Shengshi Entertainment, Yi Xudong, pushed the door open with an extremely ugly expression, without saying a word and threw a stack of newspapers on Ling Zhizhi’s desk, “Ling Zhizhi! What are you doing? This is your job Ability? People! Where’s Selena?!”

I saw that the newspapers and magazines were full of headlines about Selena’s absence from various occasions. Media fans reviewed all of Selena’s trips during this period, and they all discovered the fact that Selena had disappeared for three whole months. , various speculations are flying all over the Internet now...

"I thought you would at least learn a lesson after what happened with Leng Manyun. What about this time? Again! You can't even manage your artists well, what kind of shitty manager are you!" Yi Xudong was furious.

Yi Xudong couldn't be blamed for being so excited.

Right now, Selena is so popular that almost 90% of the company's profit comes from Selena alone, but at this time Selena actually disappeared, not to mention missing so many important occasions, and all kinds of things that followed Important advertising cooperation, it's all money!

Saul had already gradually delegated authority and handed Shengshi into his hands. Now that he has been promoted from the vice president to the general manager, how could he allow himself to make such a big mistake before he has established himself in this position.

Facing Yi Xudong's anger, Lin Zhizhi pursed her lips, "Sorry."

She understood Yi Xudong's anger, but she couldn't tell the truth. All she could say at the moment were these two words.

Yi Xudong was even more angry when he saw her like this, "What's the use of saying sorry! You should find them quickly! Do you think those investors and important partners have the time to wait for you? Let me tell you, The company doesn't need an artist like her who wantonly ignores the company and the contract! Now you hand me all the scripts and collaborations under Selena's name! She won't do it! Some people will do it!"

Chapter 1764

"Understood." Ling Zhizhi didn't make any sense.

With Selena's current situation, these contracts can only be rotten with her. Yi Xudong will definitely let other artists take the top based on the principle of maximizing profits. Even if Saul came to say this in person, it can only be so.

Even if this continues, Yi Xudong may soon start looking for someone new to take Selena's place...

Otherwise, all the resources Selena has in her hands will be in vain...

She could wait, but Yi Xudong couldn't.

"Ling Zhizhi, I don't care if you can contact her now, let me tell you, seven days! If she doesn't show up within seven days! She won't have to come to the company anymore!"

Yi Xudong let out a rage and left.

...

By the time Ling Zhizhi sorted out all the cooperation materials and scripts, it was already late at night.

When passing by Yi Xudong's office, she inadvertently heard the ambiguous voices of male and female love coming from inside... Suddenly, she frowned slightly...

Listening to that woman's voice... a bit like a newcomer who joined the company some time ago...

Probably seeing that Selena's style of artist has become popular recently, the company has recruited a lot of newcomers of this type, and that newcomer is the best-looking one among them. He was selected completely according to Selena's style line, and took the path of good looks, but , because Selena's radiance was too bright, this group of newcomers didn't make any splashes.

Now, seeing such a great opportunity, it is no wonder that some people are impatient.

This is the case in the entertainment industry, which never stops competing and fighting.

Ling Zhizhi just paused for a while, and quickly walked away, as if nothing had happened.

...

early morning.

The sanatorium of the military region in the suburbs of Beijing was quiet.

It was rare for Daniel to sit quietly in front of Selena's hospital bed, and he sat there all night long.

These three months are enough for him to do everything he can do until he can no longer find anything to numb himself.

Time ticked by, and finally it was six o'clock.

Three months had passed since Selena fell into a coma.

In fact, Selena's previous condition cannot be strictly defined as a vegetable. If a vegetable cannot wake up within three months...

These three months are the time when the patient has the greatest chance of waking up. After this time, there is almost no possibility of waking up again.

On the bed, the girl was lying quietly, as if she had just fallen asleep, and Rick lay obediently next to her and slept with her, as if everything was the same as before, as if at home, as if the world was safe.

However, the cruel reality is that the girl he loves the most may never speak again, never give him any response, never wake up...

The man gently picked up the girl's hand, buried his head on the back of her hand, and murmured softly, "Selena... sorry... I may... not be as indestructible as you imagined..."

You are not by my side, I just know that I am nothing...

Only then did I realize that all my weaknesses...

"Squeak..." There was a sound of pushing the door.

Saul poked his head at the door, "I knew you were here...Brother, you won't be up all night, right? I bought breakfast, come over and have some!"

Daniel put down the girl's fingers and stood up, but the moment he got up, he fell backwards without warning...

"Brother..." Saul was scared out of his wits, and hurried in.

Rick was also awakened by the sound, and looked at the man lying on the ground in horror...

Chapter 1765

"Come on! Come on! The doctor..."

After the chaos, Daniel was placed on the hospital bed next door, and everyone in the Zhuang family was alarmed.

Seeing the doctor examining Daniel with a frown, Saul looked around anxiously, "How is my brother? What did he ask?"

The old expert who looked very old put down his stethoscope and cursed sullenly, "It's nonsense! Is there such a thing that ruins your body? You should ask him what's wrong! His stomach is pierced like this It's been at least two months, and he still hasn't seen a doctor, his body is so depleted, and after a few more months, he won't be much better than the girl lying on the bed next door!"

Saul's face was pale, and he was on the verge of crying, "Since Selena fell into a coma...my brother has hardly slept...I've tried my best to keep an eye on him every day...for fear that something will happen to him... ..But I... really can't persuade him... I also know that no one can persuade him...he can't control himself at all..."

Hearing Saul's words, the old expert and Zhuang Zongren behind him all sighed.

Although Zhuang Liaoyuan still had a straight face, there was a hint of worry in his eyes.

Especially seeing Rick with a restless face guarding his father's bedside...

At the beginning, he really had prejudices against the father and son, and he even couldn't understand his father's decision. But during this period of time, he saw Rick's intentions for Selena, and looked at Daniel who had nothing to do with him. Changes, but quickly become thin and haggard, and even become what it is now...

The dissatisfaction in my heart has somewhat dissipated.

Even if Xiaoxi didn't love her in vain...

He claimed to be her uncle, her relative, and he hadn't done anything for her after all, so he was not qualified to comment on her choice.

Saul choked with sobs, "Actually, I've known for a long time that although he seems to be fine on the surface, he might fall down at any time if the wind blows... He couldn't hold on for a long time... but he kept... holding on By now..."

Until the day when Selena had been in a coma for three months, the last nerve that supported him completely collapsed.

During this period of time, it was not only Selena's coma that weighed him down, but also his self-blame and deep-seated regret, each of which was gnawing at all his spirit and bone marrow...

Saul clenched his fists tightly, stood up abruptly, bent down and bowed deeply, "My brother, please take care of me first, I'll come as soon as I go!"

He knows that this is a heart disease, which cannot be solved by ordinary methods.

He had to... had to think of a way...

Otherwise, if this goes on like this, before Selena wakes up, his brother may have already fallen down first!

Not long after Saul left, Daniel woke up quickly, and the first thing he did was check the time on his phone.

Seeing Daniel sit up suddenly, the old doctor next to him quickly said with a stern face, "Lie down!"

This old doctor was the same Dr. Zhao who had helped him to test the relatives of Selena and Rick.

Daniel frowned, didn't even think about his physical condition, and didn't ask himself why he was lying here, and said, "Today, I made an appointment with an expert team to give Selena another comprehensive examination!"

Doctor Zhao said dissatisfiedly, "Then you lie down for me too, wouldn't they not be able to check without you?"

"Sorry." Daniel didn't argue, but just let go of what he was doing and walked out the door.

Chapter 1766

"You, you, you... I've never seen such a disobedient patient like you! You're dying!" Dr. Zhao jumped in a panic behind him. Seeing the person running away quickly, he could only follow him to the next door.

Because today is a special day, the dealer let go and agreed to let Lu Chongshan and Yan Ruyi come over.

At the same time, the two also heard the news that their son had fainted. While being frightened out of their wits, they kept asking about the situation, and at the same time nervously waited for the results of the expert's consultation with Selena.

“Daniel! Are you alright? Saul said you fainted! How many times have I told you to take good care of your body, you child? You know how to talk about Rick, but why don’t you know how to lead by example! You How much does it hurt to wait for Selena to wake up like this?”

“fine.”

“How could it be okay!” Yan Ruyi was so anxious that she kept wiping away her tears, and then glanced into the ward again, “How is Selena?”

“What do the experts say?” Lu Chongshan also asked.

Daniel stood up quietly, “Wait for the result.”

...

Standing at the door, Dr. Zhao looked at the child standing there with his back straight and waiting for the results of the consultation. He shook his head and sighed, with a trace of unbearable in his eyes.

Seeing Dr. Zhao sighing, Zhuang Zongren, who was also nervous, frowned immediately, “Old Zhao, why are you sighing when you’re fine? Could it be that Selena’s condition is very bad?”

Dr. Zhao glanced at Zhuang Zongren, but did not hide it, “It is not optimistic.”

Zhuang Zongren’s face darkened when he heard this.

After a while, a group of experts finished a detailed examination and held a small meeting before finally walking out of the ward.

Everyone dared not speak, and waited for the diagnosis result with bated breath.

One of the leading experts said solemnly, “During this time, the patient’s condition...has not changed much...Our diagnosis result is the same as last time.”

What?

Until now, the result is still the same as before, Selena hasn’t improved at all?

Zhuang Zongren held Rick carefully in his arms. He didn't want Rick to be present today, but he was as stubborn as his father and couldn't persuade him to leave, so he could only ask hurriedly, "Is there any possibility of Xiaoxi waking up?" ?"

The leading expert looked embarrassed, came in and said in a tactful tone, "With all due respect, the possibility of waking up within three months is the greatest. After three months... the possibility of waking up... is very small." ...The patient's body functions will also begin to degrade step by step..."

After listening to the expert's consultation results, the air was dead silent, and everyone's hearts felt as if they had fallen into an ice cellar. Their long-standing expectations fell from a high altitude and were shattered.

Daniel stood there without saying a word, facing the result without any expression on his face.

During this period of time, he has searched through medical books and materials, and he can almost be regarded as a half-expert.

The expert's result was as he expected.

He already knew.

Just still have to come and hear it in person.

Not far away, Saul had just rushed back and heard what the experts said, and then saw his brother's cold, empty face, as if he would be stripped of all vitality in the next second, leaving only one shell.

Saul's heart twitched violently, and he squeezed something cold with his fingers. He took a deep breath, walked over quickly, and dragged the man who was standing there blankly all the way to a tree not far away in the yard. , stuffed a recording pen in his hand, "Brother! Listen to this! Now, immediately, immediately!!!"

Chapter 1767

Seeing that Daniel didn't respond, Saul was so anxious that he simply pressed the switch and turned on the recorder.

Selena: Hey, hey, can you drink it yourself before I wait?

Louis: Aren't you going to quit drinking? Waiting for you is also my own drink!

Selena: Okay, if I didn't say it, just keep drinking! Can I have some juice?

Louis: Screw a fart! Where's the juice in the bar!

...

It wasn't until Selena's familiar voice came from the recorder that Daniel's attention turned to the recorder.

Saul heaved a sigh of relief, wiped the sweat off his brow, pressed fast forward a few times, and then Selena's question came from the recorder...

Let me ask you, that day...that day Daniel...really...k!ssed me?

Saul quickly explained from the side, "Brother, do you still remember this recorder? At that time, Louis had just returned to China, and the crew of "The World" had a dinner to welcome him. When the show was over, you went to pick up Selena. At that time, Selena Xi was drunk, Louis saw that he was interested in Selena at first sight, and directly asked you what your attitude was towards Selena, and then you k!ssed Selena in front of him.

Later, Louis couldn't hold back and told Selena about it, and then Selena asked Louis to meet.

At that time, I thought there must be big gossip in their conversation this time, and I couldn't help but want to eavesdrop, but you stopped me. But there were paparazzi who eavesdropped in that box to make big news, and this recording pen was stopped by their supervisor for my sake, and it was sent to me...

At that time, you didn't want to use this method to snoop on Selena's sex, so you didn't listen to it, but I secretly kept it, and it was this recording pen! “

Seeing that Daniel's eyes were gradually returning to focus, and seemed to be recalling, Saul didn't say any more, and quickly fast-forwarded to the key point.

Selena: OK, since you asked me, I'll ask you a question too!

Selena: Let me ask you, if you walked into a room and saw the person you liked was aphrodisiac, wearing transparent pajamas, lying on a kgsized bed covered with red petals, what would you do?

Selena: Do you know what Daniel did when he encountered this situation?

Selena: He didn't do anything. He comforted me not to be afraid, chatted with me to distract my attention, did not disturb me from the beginning to the end, and just quietly accompanied me through the most helpless and difficult night in my life.

Selena: Which possibility do you think Daniel is? Not a man? Still don't like me?

Louis: ...I'm sure he likes you!

Selena: In the past, I wasn't sure, and I didn't dare to be sure, but now, I'm also sure that he likes me. So, there is a third possibility.

Louis: What?

...

Hearing this, Daniel held his breath just like Louis did back then.

Afterwards, Selena's soft sigh came from the recorder: It's not because I'm stupid, but because his rank is too high. I will be tempted by him, I am not surprised at all, nor unwilling...

The moment Selena said those words, Daniel's expression changed drastically, and countless complex emotions raged violently.

Immediately came Louis's slightly trembling voice: Are you... attracted to him?

Selena: Although I don't want to admit it and I have avoided it for so long, it is indeed true.

...

Hearing this, the man was holding the recording pen in his hand, his expression froze, he couldn't recover for a long time...

Chapter 1768

Immediately afterwards, Louis asked excitedly: "Selena! How well do you know him? How much do you know him? You're only seeing the side of him in front of you now! Do you really think that Daniel is as gentle and gentle as he appears on the surface? Did you know that Jia Qingqing died in the wilderness? Do you know what happened to Zhu Xiangcheng, that fat pig? Did you know he sent an aeroplane to artificially rain just to spoil a kiss scene? Even sudden accidents at my house... were all planned by him!

Following Louis's questioning, Daniel's expression suddenly became tense.

However, Louis, he has never done anything to hurt me, if I fear him because of that, stay away from him, and spurn him, it would be unfair to him. You say that I don't know right from wrong, or that I don't know how to live or die, but all I know is that he treats me well, very well. No one has ever been so kind to me like him.

Then, Daniel heard the girl's answer, and instantly pulled him back from the edge of the cliff.

She said that no one has ever treated her so well like him...

The girl's talk continues...

Selena: What I look like, I know in my heart. Heartbeat doesn't mean losing my mind, I know what I'm doing and what to do.

Selena: Louis, to paraphrase what you said before, how much do you know about me? How much do you know me? You see only the side of me that I show you now, do you really think I am exactly what I appear to be?

...

Recording ends here.

However, Daniel's mind was violently shaken, and he stood under the big lush tree with a dazed expression, and finally figured out everything from beginning to end.

It turned out that her rejection of him from the beginning to the end was only because of the knot in her heart back then, and the so-called person she really liked was actually just a shield.

Saul looked at the expression on his brother's face, his eyes were slightly sore, "Brother, did you hear that? There is no if! There is no one else! Selena has liked you from the beginning! And only you!"

Daniel closed his eyes tightly and squeezed the recording pen tightly. Countless memories flooded his mind, frantically filling his mind...

He recalled when Selena said with a proud expression: The person I like? He... He is mighty, domineering, talented, talented, gentle, romantic, witty, brave, mature, stable, lucky, unprecedented, thunderous, and rare in a thousand years. Hmph, if you knew who he was, you wouldn't think I was exaggerating!

He remembered that she had said in a firm tone: Daniel, actually, I told you from the beginning that I already have someone I like, very much! Very! I like it very much! Although for some reason I can't be with him, but he will be in my heart for the rest of my life, full of it, no one can replace him, and there is no extra space. No matter how good and perfect that person is, it won't work, do you understand?

He remembered that one night not long after she rejected him, he was at the door of the box and heard her singing inside: I miss you so much, miss you so

much, but lie to myself, I miss you so much, miss you so much, keep it as a secret , I miss you so much, I miss you so much, I keep it deep in my heart...

He also remembered that she once sent such a circle of friends... I could tolerate the darkness, if I had never seen the sun, but now, the sun shines on my loneliness even more desolate...

He thought of her saying that he was her sunshine...

That person... the person he always thought she loved deeply, the person he thought should be more suitable for her, from the beginning to the end... turned out to be himself...

Obviously so many flaws, obviously so many traces...

Why... why did he know that he only found out now...

The man sat on the wooden chair beside him, buried his head deeply, and remained motionless. Saul didn't bother him, but walked a little further away, letting him be alone for a while.

After an unknown amount of time, the man stared blankly at the voice recorder, then took out his cell phone and made a call in a hoarse voice, "Hey, Miss Lin, please prepare a copy of Selena's autograph for me. I'll let the assistant pick it up."

Immediately afterwards, he made a second call, "Go to my office now, and help me get something, it's in the last drawer of my desk...and..."

Saul saw the man under the tree making a long phone call, and then continued to sit there quietly.

...

In Selena's ward.

The atmosphere was unprecedentedly dignified.

Travis and Zhuang Rongguang also arrived at this moment. Travis was lying beside Selena's bed, crying all the time, and Zhuang Rongguang's face was also full of sadness.

Yan Ruyi couldn't bear to look at the girl on the hospital bed, "It's all the fault of our Lu family...but this child has been implicated...Master Xuanjing said that she is blessed with unparalleled destiny...she has exhausted all her good luck ...that changed our Little Treasure's life..."

Lu Chongshan knew that what he said was useless, so he could only stand there silently, facing it speechlessly.

Zhuang Zongren sighed for a long time. This girl didn't even know that Rick was her own flesh and blood, but she was able to do this for this child. This kind of heart...

Zhuang Liaoyuan's expression was calm, "Now that things have become like this, it's useless to say anything more. No matter what happens to Selena, we will take care of her for the rest of my life."

After speaking, he glanced at Yan Ruyi and Lu Chongshan, "You have also seen Selena's situation, and we have also received your guilt these days, but there is no need, let's call it a day."

Given Selena's situation, it was basically impossible for her to wake up for the rest of her life. They used their guilt to kidnap the Lu family and asked Daniel to spend his whole life on a vegetable. What's the point?

Now that the time is short, they can still do this because of guilt, but what can withstand such a long time?

Just when everyone was silent with dignified faces...

There was a sound of footsteps behind him.

Daniel and Saul walked in one after the other, followed by Ling Zhizhi and Daniel's assistant Cheng Feng.

I don't know why, looking at Daniel at this moment, they always feel that he and Cai just now feel...somewhat different...

Daniel walked straight into the room, then glanced at everyone in the room, and said, "Today, while everyone is here, I hope you can witness something for me."

witness?

What's up?

Everyone looked at each other, wondering what Daniel was going to do.

Even Saul didn't know what he was going to do, he just vaguely seemed to guess something...

"Cheng Feng."

Daniel called out to his assistant.

Cheng Feng stepped forward quickly, took out a small square black box from his bag, and handed it carefully to Daniel.

Immediately, everyone saw Daniel walking to Selena's hospital bed with the small black velvet box.

The man's slender fingers opened the box, and inside was a pair of men's and women's rings, very simple and simple, with the letters xx faintly visible on the inner layer of the ring.

In the next second, under everyone's shocked eyes, Daniel knelt down on one knee and put the men's ring on his left ring finger, and then gently put the other ring on Selena's ring finger.

He... this...

this is...

Seeing this, Zhuang Liaoyuan and Zhuang Zongren were shocked, Travis and Zhuang Rongguang stood there dumbfounded, Yan Ruyi and Lu Chongshan were also speechless in a daze.

After a moment of astonishment, Saul's eyes softened, showing that he really did.

Daniel lowered his head and kissed the girl's ring-wearing finger. His cold and hoarse voice resounded in the quiet ward and everyone's ears: "I want to love her and be loyal to her. Regardless of poverty, disease, or hardship, I will never leave her." , stay with her for the rest of her life, until death. Selena, my only wife in this life."

Sunlight came in through the window lattice, and the man kneeling on one knee swore alone, with a pious expression as if he was facing all the beliefs and his life in this life.

Travis's eyes turned red, and she immediately burst into tears, sobbing softly.

And the shock and astonishment of everyone else from the beginning have all had red eyes at this moment...

After a while, Cheng Feng walked over, "Boss, this is also done."

What Cheng Feng handed over were two small red notebooks, which were indeed... marriage certificates.

As soon as Cheng Feng received Daniel's call, he immediately prepared all the materials in the shortest possible time, and then found out the relationship with the Civil Affairs Bureau, and settled everything.

No matter how prejudiced Zhuang Liaoyuan was against Daniel, he was speechless at this moment. He really did not expect that Daniel would do this.

Yan Ruyi and Lu Chongshan went from being shocked at the beginning to their expected expressions at the end.

Well, they should have known this earlier...

Looking at the brightly colored marriage certificate, Yan Ruyi was full of regrets. If they hadn't been so stubborn back then and let these two children get together earlier, their family would definitely be harmonious and beautiful now, why is it so.

It's just that it's too late to say anything.

As soon as Rick saw the things in Cheng Feng's hands, he couldn't stay still anymore, and immediately broke free from Zhuang Zongren's arms, quickly ran to Cheng Feng, and stared at him eagerly with his little head up.

Cheng Feng quickly squatted down and handed him the two certificates in his hand.

The little guy immediately held it in his hands carefully, like a baby, looking at it over and over again...

Saul walked over with a chuckle, hugged the little guy, and deliberately glanced at Zhuang Rongguang, then said, "Rick, are you happy? In the future, no one will say that Selena is not your mother, so you hang this thing up every day." On your neck! One on the front and one on the front! Give them a good look!"

Rick nodded vigorously when he heard the words, and then tightly held the two certificates in his arms.

...

outside.

Lin Zhizhi, Saul and Daniel were standing under the flower stand not far away and talking.

Lin Zhizhi subconsciously glanced at the wedding ring on Daniel's hand, her expression dazed, full of emotion.

I didn't expect to witness such a scene with my own eyes today, and I didn't expect these two people to actually get married, and it was under such circumstances.

"Boss Lin, thank you for your hard work. I'm afraid your side...is about to turn the world upside down? Selena is really awesome!" Saul smiled wryly.
