Chapter 1791

Lei Ming's headache was about to explode. Ever since Selena retired and Ling Zhizhi resigned, he was living in dire straits every day.

"Louis, it's not that I don't clarify, it really can't be clarified! The film crew of you and Han Zixuan is strictly required to keep it secret. If the film is released in advance to clarify, what responsibility does Han Zixuan have? Nothing at all, it's over if you don't know why the photos are leaked, and we'll be the ones to take the blame! This is Shen Mian's play!"

In fact, Louis only made a cameo appearance in this play for Shen Mian's sake, and his role was very small.

The biggest beneficiary of this hype is Han Zixuan.

"The signing ceremony of 'The World' will be signed soon. If there is a big trouble, even the crew of 'The World' will be implicated. Before the film is filmed, the hero and heroine will be at odds. What do people think?" Lei Ming racked his brains Advise.

After hearing that it would affect "The World", Louis finally changed his attitude slightly.

Lei Ming quickly took the opportunity to continue persuading, "When Director Shen's modern drama is officially announced, and 'The World' is also launched, let's clarify at that time, then nothing will happen, you just have to bear with it..."

Lei Ming's lips were almost worn out, so he finally escaped the disaster and stabilized Louis for the time being.

...

In a short period of time, the scandal between Louis and Han Zixuan really became more and more heated, and even the upcoming remake of “The World” was also stirred up.

After the adaptation of “The World”, Sun Huanqing and Meng Changge, who were already super popular supporting roles in the movie, became the hero and heroine, which can be regarded as making up for the regret of a large number of fans of the original work, so it has attracted much attention.

Various related discussions on the Internet continue.

“Wow! Meng Changge, Han Zixuan, Sun Huanqing and Louis! I’m looking forward to this combination! It will definitely surpass the original version!”

“Of course, the two of them are a couple in reality, so it’s better to act in their true colors!”

“It’s so sad, the goddess really has a master! But why didn’t they make it public? The two of them seem to have been rumored for a long time!”

“This kind of thing should be caused by the man’s side, right? You know!”

“If it’s true that the man doesn’t want to make it public, then Louis’s character is too bad, and he won’t give him a name after dating for so long?”

...

On the same day, Emperor Capital Hotel.

The signing ceremony and press conference of “The World”, which has received a lot of attention recently, was finally held.

Almost all the media came out in full force, the entire multi-purpose hall was full, and even the aisles were filled with reporters with long guns and short cannons.

Han Zixuan was wearing an iconic red dress, long black hair, which made her skin whiter than snow, and her exquisite and beautiful face. The moment she appeared, she caused a burst of amazement and murdered countless film rolls.

“Hello everyone!” Han Zixuan greeted all the media politely, and then sat down in front of the long table where her name tag was placed.

There were director Guo Qisheng, assistant director Wang Linhai, producer Qin An, screenwriter Ye Linglong, Han Zixuan’s agent Zheng Anru, etc. sitting on the table. Then there were two leading actors, Han Zixuan and Louis.

Previously, Shangguan Yingrong and Chu Beichen and other characters in various dramas have been selected and hyped one after another. Some use newcomers, and some continue to use characters from the original movie.

What is left now is the two most watched starring lineups.

At this moment, several other people have arrived, only Louis and his manager have not arrived.

Chapter 1792

Ten minutes had passed since the start of the press conference, and the people from Louis still hadn’t arrived.

While greeting the director and others, Han Zixuan chatted cordially with the reporters from time to time to divert everyone’s attention, calmly alleviating the embarrassment caused by the male lead’s late arrival.

“This Louis is too big, isn’t he? He’s late for such an important occasion!”

“That’s right! Let a girl round things up!”

“Goddess Zixuan is really nice, and her emotional intelligence is too high!”

“These days there are too few female artists who are beautiful, smart and have acting skills!”

...

After another ten minutes, Louis finally arrived late.

“I’m sorry, I’m sorry! There’s a traffic jam on the road, I’m late! I’m sorry to keep everyone waiting!” Lei Ming arched his hands and apologized to the director, producer and the media one by one. This situation is experienced.

After appeasing everyone, Lei Ming led Louis to sit down on his seat without stopping, finally heaving a sigh of relief.

Louis saw that he had just woken up. He was casually wearing a crumpled white T-shirt. He sat there with his legs spread apart, his arms across the back of the chair, his head tilted, his peach blossom eyes slightly squinted...

...

But, there is no way, Louis’s appearance is really outstanding, even with such a slovenly appearance, he is still extremely handsome, and even this lazy, unruly appearance is even more attractive than the previous formal appearance.

The reporters who were quite critical just now, especially the female reporters, almost forgave him on the spot.

Han Zixuan looked at Louis’s appearance, frowned slightly and said, “Senior Jiang, have you stayed up late to read the script again? I heard from Director Guo that you attach great importance to this drama, and it seems to be the case. I am looking forward to this time with you.” cooperate.”

These words not only relieved Louis, but also gave him a boost.

Ordinary people would definitely follow along and respond, not to mention facing such a beautiful woman, but it happened to be Louis.

Louis didn’t even open his eyes, “I’m thinking too much, I just played games all night.”

Han Zixuan: “...”

Lei Ming: He really wants to die!

Forget it, it's a good thing this is just a private chat...

At this time, the high-level executives in charge of publicity and distribution of the crew picked up the speech and began to speak.

"Okay, now that everyone is here, let's start our press conference!

First of all, I would like to thank all fans and the media for their attention and love for "The World". Today I invite you all to come over, mainly to announce the two most important starring lineups of our drama, and to hold a signing ceremony.

In order to live up to everyone's expectations and trust, after three months of careful selection, the candidates for Meng Changge and Sun Huanqing were finally announced.

The male lead is Louis, the well-known actor in the original version of Sun Huanqing.

The heroine is the national goddess Han Zixuan who has starred in many popular dramas such as "Secret Love", "Taoyuan Ji" and "Wolf Smoke Empire", and is deeply loved by audiences and fans!

Especially Zixuan's interpretation of Princess Chang'an in "Empire of Fire and Smoke" made everyone believe that she is fully capable of playing the role of Meng Changge.

I believe that after seeing these two candidates, you will be able to let go of your worries..."

After the high-level executive spoke enthusiastically about the official speech, he said, "Next is the time for free questions. If you have any questions, you can start asking them now!"

Finally, the moment that the media had been waiting for, all the reporters began to raise their hands eagerly to ask questions.

Chapter 1793

The reporter who was the first to be drawn immediately said excitedly, “I should ask this question on behalf of all the media and fans here. Zixuan and Louis, are you really together?”

As soon as this question came out, it immediately caused quite a commotion in the hall.

After all, it is such a big gossip, almost everyone’s eyes are full of gossip light.

And Louis’s lazy expression suddenly froze into ice...

The first question was so explosive that Lei Ming broke out in a cold sweat. He didn’t dare to relax and stare at Louis for a moment, for fear that he couldn’t help but explode.

At the same time, Lei Ming hurriedly said haha, and replied, “Hehe, it’s just a misunderstanding, everyone, stop thinking about it!”

How could the reporter be perfunctory so easily, and immediately asked, “It’s so obvious in the photo, maybe it’s not as simple as a misunderstanding!”

Lei Ming was about to continue speaking, replying that he will give everyone a reasonable explanation when the time comes, but at this moment, Han Zixuan’s manager, Zheng Anru, spoke first, “Sorry, I understand everyone’s concern for Zixuan, but today is “” “The World” press conference, I hope everyone will still focus on issues related to TV dramas!”

When Lei Ming heard this, his face immediately turned dark.

Others couldn’t hear it, so how could he not understand the mystery in these words.

It seems that a good person jumped out to make a rescue, but what is the difference between this and acquiescing?

Sure enough, although the reporters didn't continue to ask questions, their eyes became more ambiguous. It seemed that they almost all secretly confirmed the relationship between the two.

The reporter continued to ask questions.

"Zixuan, after all, this is a remake, will you be nervous and unable to surpass the original?" The second reporter asked a question.

This question is undoubtedly the most difficult question for artists participating in remakes.

Han Zixuan's expression didn't change at all, and she said calmly, "There is no transcendence, and there is no need to surpass anyone, I am who I am."

A short sentence, confident without appearing arrogant, immediately aroused the goodwill of all the reporters present.

Louis glanced at the woman beside him with narrowed eyes, and the corners of his mouth curled up mockingly.

The third reporter looked at Louis and asked, "Louis, it's been nearly two years since I played the role of Sun Huanqing again. Do you have any special feelings? Are you satisfied with your new partner?"

Lei Ming secretly spread his palms and showed Louis the answer he had prepared.

In the end, Louis's answer was: "I have a choice?"

Lei Ming: "..."

Forget it... this answer is already very good for him...

"Hehe, Makino just likes to joke. We are naturally satisfied with the candidates selected by the professionals of the production team after three months, and we are also looking forward to the next cooperation." Lei Ming hurriedly rounded up the words.

No matter what happened, Han Zixuan always had a calm smile on her face, while Zheng Anru looked at Louis with a calm and gloomy expression.

Soon, everyone's questions were answered one after another.

Near the end, the high-level host said: “There is one last chance to ask questions, the one in the red dress!”

The girl in the red dress looked a little excited, took a deep breath and stood up, looked at Han Zixuan, and said with a serious face: “Everyone knows that “The World” is the famous film of actress Selena, and she also won it. The work of the Golden Palm Award for Best Supporting Actress, her performance of Meng Changge is superb and deeply rooted in the hearts of the people.”

Chapter 1794

“For many old fans, Meng Changge played by Selena is their belief. Even if the ending of the movie is regrettable, regret is also a kind of beauty. I would like to ask Ms. Zixuan, how do you feel about the feelings of these fans of the original book? What do you think?”

This question is similar to the first question just now, but it is more sharp, and even directly mentioned the name that has almost been forgotten by everyone. Directly pointing out that Han Zixuan is not as good as Selena, it will tarnish Meng Changge in the hearts of old fans.

Hearing that name and such a sharp question, Han Zixuan didn’t have any special reaction, as if that person was just an insignificant name to her.

At this time, Zheng Anru who was on the side said, “Please allow me to answer this question instead of Zixuan.”

Zheng Anru paused, then continued, “The reason why I’m the one answering is because Zixuan doesn’t know or understand the artist named Selena you mentioned.

In order not to be affected by the original work, Zi Xuan never watched the original film. Just like what Zixuan answered just now, Zixuan doesn't need to surpass anyone, she only wants to be the best of herself. “

Huh, don't know?

Don't understand...?

The mocking arc of Louis's mouth became wider.

One took over all of Selena's resources, imitated all of Selena's routes, stole most of Selena's fans, maliciously broke the contract and left the company in order to get rid of Selena's brilliance, and even the response to the reporter was a parody of Selena's arrogant style... ..

This is called not understanding?

When Han Zixuan's manager said this, his face was a little displeased, and he continued to speak to everyone, “Since Zixuan's debut, she has experienced countless malicious slanders, and because of her outstanding appearance, she has also been used to compete with many other people who are empty-handed. Vase actress contrast.

However, time and strength can prove everything. Zixuan is not comparable to some inferior people who rely on their appearance and body. This is an insult to Zixuan! “

Almost as soon as Han Zixuan's voice fell, Louis's eyes that had been half-opened lazily opened suddenly, and the coldness spread overwhelmingly...

And Lei Ming who was at the side was scared out of his wits by Zheng Anru's words!

Having been by Louis's side for so long, he clearly knows what Louis's bottom line is and what he must never touch!

Relying on face and body... Zheng Anru said this because when Selena first disappeared, many people suspected and maliciously spread rumors that Selena was adopted...

Zheng Anru is clearly metaphorizing these things.

Lei Ming was so anxious that cold sweat dripped down his forehead, he stared at Louis, afraid that he would do something impulsively.

However, this Zheng Anru was clearly one of his own artists who stepped on Selena's head all the way, and also took advantage of Louis's popularity, but now he is still relying on the fact that Selena has already retired and no one pays attention, speaks righteously, and has nothing to fear Confused right and wrong.

"Here, I solemnly make a statement to all the media, and I hope that you will stop raising these insulting questions in the future! And don't mention Zixuan's name with some people with low moral character!" Zheng Anru said loudly Out of the last sentence summary.

Lei Ming shook his hands, almost peeing in fright, but seeing Louis obediently sitting on a chair playing with his phone, seemingly not paying attention to Zheng Anru's words, he was slightly relieved.

However, the moment he let go of his breath, Louis put the phone back in his pocket, stood up suddenly under the eyes of everyone, and walked directly towards the door with strides.

When the crew, including Lei Ming and others, and the reporters were at a loss...

Suddenly, the mobile phones of many people at the scene vibrated and rang...

For the Weibo of some important artists in the entertainment circle, they have set up special reminders.

Then, everyone saw that just a few seconds ago, Louis updated the latest Weibo.

Louis retweeted a scandal between himself and Han Zixuan, which was accompanied by their kissing photo, and affectionately fabricated the love history between Louis and Han Zixuan, and the lines were full of Louis's obsession with Han Zixuan...

And Louis reposted that Weibo, writing four words – fuck you!

Chapter 1795

Lei Ming saw the reactions of the reporters on the scene, and suddenly felt a little bit in his heart, with an extremely ominous premonition.

He took out his phone tremblingly, imagining that things might not be as bad as he imagined, he comforted himself, following Louis for so long, he had never seen such a big storm...

As a result, as soon as he saw those four words, the tall man immediately froze and almost burst into tears.

Ancestor hey...

You are killing me!

At the same time, Zheng Anru, Han Zixuan, and the main creative members of the film crew exchanged views with each other, and they all saw Louis's Weibo just now, and the expressions on one or two of them were so black that they couldn't bear to look directly at them.

After a brief astonishment, Guo Qisheng shook his head and showed a helpless but expected wry smile.

When those people mentioned Selena, he had a bad feeling...

really...

In the past year, Louis's temperament has changed a lot, even giving people the illusion that he has restrained his sharpness and has a calm temperament, but he forgot that Louis is still the same Louis after all.

In the hall, after a few seconds of weird silence, the entire organizer of the press conference was besieged by rioting reporters, and all kinds of questions were thrown at them head-on.

“May I ask what happened?”

“Why did Louis suddenly post such a Weibo!”

“May I ask if the two leading actors are at odds?”

“Hey, don’t go, please explain!”

...

The organizers never expected that there would be such a big mess. They had no contingency plan at all, and could only let everyone retreat first, avoiding the crazy reporters.

There was chaos at the scene.

And the perpetrators have long since disappeared.

Lei Ming escaped from the reporters’ siege by a narrow escape, hiding in an empty corridor and frantically calling Louis.

Louis’s cell phone was out of service area...

And his mobile phone has been blown up by people from all walks of life, and Yi Xudong alone has called dozens of them.

After all, Shengshi Entertainment is now almost entirely supported by Louis, and now it’s all right, the only single seedling has an accident, and even death is not enough for him to apologise.

Earlier, when Ling Zhizhi was still around, Louis would still listen to what she had to say, but now that Selena was gone, Saul had already returned to the group and left him alone, and even Ling Zhizhi disappeared after Selena retired. , he is really helpless now...

deer town.

The bedroom was empty, and there was no sign of the girl.

Daniel was standing at the door holding a bowl of ginseng soup. The soup bowl suddenly slipped from his hands and shattered at his feet.

“Ah... dear, what’s the matter with you? Are you injured?”

Hearing the girl’s voice from behind, Daniel turned around abruptly and hugged the girl into his arms.

The man’s heart was beating abnormally fast, his breathing was short and chaotic, and his scorching breath sprayed hotly on the girl’s neck.

At the moment before Selena was forced into her arms, she seemed to see the frightened and fragile expression on Daniel’s face that she had never seen before...

Is it because she went out just now, and he suddenly saw that he was not there, so he was so nervous?

Ever since he woke up, Daniel seemed to be like this. When she was out of his sight, he was as frightened as a bird.

The same goes for Rick, who is unwilling to leave her for a moment.

It doesn’t matter, she has enough time and can accompany them to make up for the long time she was vacant...

Chapter 1796

Besides, after waking up, she still has one most important thing to do!

During the period of time after she fell asleep, she regretted not doing it in advance.

Selena rolled her eyes and grabbed Daniel's hand, her small face gleaming, "My dear, come with me, I found a place with a particularly beautiful scenery, especially suitable for romance, Let me take you to see it, okay?"

Daniel had no doubts about him, and his tone was full of indulgence and indulgence, "Okay."

Daniel put a coat on Selena, and then the two walked towards the forest behind the lake.

Along the way, Selena kept talking to Daniel, no matter what she said, Daniel listened attentively and responded seriously.

The further you go into the forest, the quieter it becomes and the better the scenery, and the palm of Selena's hand holding Daniel gradually began to sweat due to nervousness...

What the hell, I'm already an old hand at flirting with girls, why is she so cowardly at a critical moment?

No no no! Wave up!

The two wore flowers and brushed leaves, and walked through the forest full of vegetation. The sight in front of them suddenly widened, and there was a large sea of flowers in front of them, forming layers of flower waves under the spring breeze...

She discovered this place when she was looking at it from the window, and she stepped on it when she sneaked out of the house just now.

Seeing such a large sea of flowers suddenly, a hint of amazement appeared on Daniel's face.

Although he has lived here for more than a month, he has never set foot in other places except for the small garden building where she is there.

"Dear, isn't it beautiful?"

Daniel looked at the sea of flowers and mountains reflected in the girl's eyes, "Yeah."

Selena raised her head and looked at the man in front of her, "Daniel..."

Selena had never called his name so seriously before, and Daniel's expression tensed up as he quietly looked at her, waiting for her next words.

Selena took a deep breath, and then said, "Before I met you, I just lived to survive, to fulfill my dreams, to fulfill my dreams, as for what I should do after everything is done, what else is there in my life?" I never thought about the meaning of continuing, even if I die at this moment, I probably don't have any regrets or memories."

Hearing this, Daniel's eyes narrowed slightly.

Selena smiled lightly, fixed her eyes on the man in front of her, and continued, "But when I met you and Rick, it was the first time I knew what it felt like to be needed by others, and the first time I knew how to be treated like the whole world. This is the first time I know that I can be vulnerable, I can be willful, I can just be myself, I can love and live like ordinary people..."

The girl tiptoed and kissed the corner of the man's lips, "Daniel, being the only one in your heart is not as good as being the only one in your heart. You are the most beautiful and warmest encounter in my life..."

"Daniel...let's...get married..."

The sea of flowers rolled up and down in the wind, butterflies fluttered all over the mountain, Daniel's sanity seemed to be shaken out of the sky in an instant, and he stood there rigidly, being kissed by the girl, motionless, losing everything ability to respond.

What did he... hear?

The man didn't respond for a long time, and Selena couldn't hold it anymore no matter how profound her knowledge was, her palms were sweating profusely, "You haven't told me your answer yet."

After an unknown amount of time, the man finally recovered from the ecstasy that almost swallowed him whole, and replied in a trembling voice: "Madam, I'm afraid... I can't do it..."

Chapter 1797

I'm afraid I can't...

can't do...

Selena only noticed Daniel's words, her face turned pale and she froze there.

She exhausted all her self-control to calm herself down, and forced herself to ask, "Why?"

Daniel pulled his hand out of the girl's little hand, and spread it out in front of her with the back facing up.

Under the sunlight, Selena clearly saw a low-key plain ring on Daniel's ring finger.

Is that...a wedding ring?

At that moment just now, countless possibilities flashed through Selena's mind, but she never expected that the result would be like this.

Daniel...is he married?

That ring was so low-key that she never noticed it?

"Are you...married?" Selena didn't know how she asked this question.

"Yes." Daniel answered in the affirmative.

Selena's eyes suddenly burst into a fierce murderous look, and her whole body was in confusion, "Who is that woman?"

"She..." Daniel paused, then looked at the girl intently and said, "She is the cutest, kindest and most dazzling girl I have ever seen in my life..."

The girl in front of her clenched her fists, almost turning into a dragon on the spot.

“When we met for the first time, the way she questioned my liking for men was cute; when I proposed to repay her with my body, the way she fled was cute;

Hearing this, Selena was stunned.

“My wife, she is very cute when she calls me Daniel, she is cute when she calls me boss, she is also cute when she calls me darling, she is standing in front of me right now as if she wants to bite me to death, very cute...”

Finally, Selena was completely stunned, and it took her a while to find her own voice, “You... what do you mean?”

Daniel took out another ring from his pocket and gently put it back on the girl's ring finger, “I'm already married to you.”

Selena stared at the ring that suddenly appeared on her finger, it was obviously a pair with Daniel's ring.

What?

“I'm sorry, your body was a little swollen before, and I was worried that it would affect your blood circulation, so I took off the wedding ring temporarily. As for our marriage certificate, at Rick's place, he had to hug it every night to fall asleep. Turn around Let Rick show it to you.”

what?

She knew every word Daniel said, how could she not understand when they were combined together?

Selena felt like an idiot, “Wait...wait! Wait! You mean...you...are you married? I'm married to me? And we both got our certificates? How could I possibly I don't know anything? Could it be that I lost my memory?”

“When you were in a coma for three months, the doctor gave you a comprehensive diagnosis, saying that there was almost no chance of you waking up. That day, I proposed in front of your hospital bed and married you.” Daniel explained one by one.

Selena: “...”

So, she really already married him?

Then she foolishly came to propose to him just now! ?

No wonder Daniel said he couldn't do it...

By the way, he seemed to have called her wife from the very beginning, she didn't pay attention, and Saul, although he used to call himself sister-in-law occasionally, but after waking up, he kept calling him sister-in-law...

At this moment, Selena was in a daze.

She came here purposely to confess affectionately and propose marriage, but she was nervous for a long time. The f*cking object of the proposal is already her husband?

With her so miserable...

No, is there anyone as lucky as her?

Chapter 1798

"Sorry, without your consent..."

Just as Daniel was about to say sorry, he made a decision without her consent.

As a result, the next second, I saw the girl staring at the ring on her hand, her eyes glowing in amazement, "I'm going! My luck is too bad! You have been asking for marriage for a long time, but you are already mine!" ?"

Daniel smiled helplessly. This girl's brain circuit will always be different from ordinary people's.

"But I was almost scared to death by you, I really thought you were married to another woman!" Selena grumbled and complained.

Daniel quietly looked at the girl in front of him, "If I really married another woman, what would you do?"

Hearing this question, Selena raised her brows immediately, her beautiful eyes were shining brightly, "How is it possible, I'm so kind, cute and well-behaved, you'd only marry another woman if your mind was trapped by the door!"

The corners of Daniel's mouth curled up slightly, and a low-pitched chuckle came out of his chest, "Yes, Ma'am said so."

When Selena heard Daniel's "Ma'am", the softest part of her heart suddenly went numb, and she happily rushed over to hug him, "I like it when you call me Ma'am, call me again..."

Daniel coughed lightly, his expression slightly unnatural, "Ma'am."

Selena was finally satisfied, but soon thought of a very important question, and asked seriously, "Is there anything else I don't know?"

"A lot of things did happen while you were in a coma," Daniel said.

Because he was afraid that she would be confused if she received too much information at once when she woke up, so he didn't indoctrinate her too much at once.

Selena immediately urged, "What's the matter? Tell me quickly!"

The two walked back slowly while talking.

"There's also something about the dealer."

"The dealer? What happened to the dealer?" Selena was puzzled.

"In the beginning, your recuperation place was not here, but the nursing home of the Imperial Capital Military Region. Later, I was afraid that you would get

tired of living here, so I changed to this place. I hope it will help your condition,” Daniel replied.

“I was able to enter the sanatorium in the district because of the help of the dealer?” Selena asked.

“Well, all the people at the dealer’s side already know your identity and have already regarded you as a relative. They have been helping to take care of you and trying to wake you up this year.”

“Ah...” Selena was a little surprised when she heard the words, “You even know about Ke’er and Rong Guang?”

“Yes.” Daniel nodded, and didn’t say much about the conflict on the dealer’s side in the beginning, so as not to worry her, “So, the outside world needs to keep the matter of your waking up a secret for the time being, but the dealer still needs to inform you. Saul went to inform.”

“Yeah, that’s natural!” Selena nodded hurriedly.

Selena was waiting for Daniel to continue, but found that Daniel did not speak again, so she thought about her words and asked, “I heard from Saul and Rick that your father’s health has not been very good these days?”

Daniel was silent for a moment, then nodded, “The situation is not very optimistic, and we are currently relying on medicine to barely survive. You saved Rick, my parents are very grateful to you, and I have always been sorry for you.”

Other than that, Daniel didn’t say anything more.

When the two reached the door, they happened to meet Saul who got out of the car and was walking towards the yard.

When Saul saw the two of them, he ran over panting, “Brother, the dealer has already notified them, and the parents also know about it!”

After Saul finished speaking, he glanced at Selena and said hesitantly, “Well, Dad said...wanted to see sister-in-law...so did Mom... said she wanted to give sister-in-law...”

Daniel frowned slightly, and was about to refuse, when Selena held him down and said, "They are your parents, not scourges, they just met once, it's not a big deal."

She and Daniel have such a relationship now, and there are some things that cannot be avoided forever.

Saul nodded repeatedly beside him, "Yes, yes! Sister-in-law, my parents are much better now, and they are very grateful to you. My father pushed away all the daughters who came to discuss marriage, and my mother, this time Over the years, in order to pray for you, sister-in-law, she almost trampled down temples all over the country!

You don't know, all the things Guan Ziyao did behind the scenes were found out by my brother and exploded in front of my parents, that Su Yimo had plastic surgery before, and the chef poisoned Rick on the day of the blind date, It's all the fault of the Guan family, even when they were chatting privately, they still said that the first thing they do when they enter the door is to assassinate Rick!

By the way, when Rick was in danger, Guan Ziyao deliberately let go of Rick out of selfishness and let Rick be taken away by those people!

My parents already knew they were wrong, they knew that they had misunderstood the wrong person, my dad regretted not trusting my brother at the beginning, and my mother has been blaming herself for misunderstanding you, sister-in-law.

Just now I went to tell them that you were awake. My dad was lying on the bed and couldn't move, but my good guy, when he heard you woke up, he sat up and wanted to come over to see you. Come with me..."

Selena was dumbfounded by Saul's words, did she say that about her parents?

"Sister-in-law, trust me, I won't cheat you, I really can see you!" Saul said with a serious face.

Selena narrowed her eyes when she heard the words, "You said you wouldn't cheat me? Then why didn't you tell me earlier that I'm married to your brother?"

"Uh..." Saul was dumbfounded when he heard that, "That's right, you don't know...but...you can't blame me for this! I never thought about it! You have been my sister-in-law for more than a year, and I don't know I'm used to it, I really don't remember..."

After Saul finished speaking, he carefully glanced at the two of them, "What's wrong? Is something wrong?"

Selena snorted, "I just took your brother to a very romantic sea of flowers in the back, and I also racked my brains to prepare a lot of affectionate confessions to propose to your brother, but your brother told me that I couldn't do it, sorry, Because he is already married! Did you make me feel so confused at that time?"

Saul said with black lines all over his head, "Then you made me feel like I'm stuffed with your dog food right now? Please spare my dog's life!"

"By the way, ba5tard, tell me quickly what happened at that time, how did your brother marry me?" Unable to get the detailed process from Daniel, Selena immediately caught Saul and asked.

Daniel looked at Saul and coughed lightly.

But Saul didn't notice his brother's expression at all, and immediately sold him out, "Sister-in-law, you don't know, everyone thought you would never wake up, and the dealer even said something so that my brother doesn't have to wait Yes, their family will take care of you for the rest of your life.

In the end, I took out the ring in a domineering manner and knelt in front of your hospital bed to propose to you. At that time, the dealer, my parents, and your manager were all there, and my brother was there under the witness of

everyone. I swore an oath, proposed, put a ring on you, and arranged for someone to get a marriage certificate as soon as possible...”

Chapter 1800

Selena listened with a smile on her face, but at the end, there were tears in her eyes.

“Hey, sister-in-law, why are you crying! Did I say something wrong?” Saul was talking cheerfully, but when he saw this, he became anxious.

Daniel’s expression also changed, “What’s wrong?”

“It’s fine.” Selena shook her head.

She just felt an indescribable pain in her heart when she thought of Daniel completing what should have been done by the two of them alone.

...

The three discussed for a while, and finally decided to meet tonight.

After Saul left, Selena immediately went to look for Rick’s marriage certificate.

The little guy stared at Selena reluctantly to close his eyes. He didn’t sleep all night, and didn’t fall asleep until morning.

Selena kissed the little guy’s sleeping face, then asked Daniel softly, “Where are you?”

Daniel held his son’s head up a little, and sure enough, he took out two small red notebooks from under the pillow.

Rick frowned, but probably because he sensed his mother's familiar breath, he soon slept soundly against the back of his mother's hand.

Selena carefully opened the marriage certificate, read it over and over several times, and murmured in a low voice while reading, "Well, it can't be a fake certificate, right?"

Daniel's face darkened suddenly, "Really."

Selena looked at it curiously for a long time, and always felt that it was amazing that she was married the moment she woke up.

The group photo was a photo of her and Daniel's photo taken together on a date, and he had a way to get the ID, and the signature was indeed her own...

"Are you sure you want to see them?" Daniel frowned and asked.

Selena closed the marriage certificate in her hand, looked seriously at the man in front of her and said, "Daniel, you have always told me to leave everything to you, but now, we are husband and wife. Whatever the problem, we should face it together."

The sentence that we are husband and wife immediately filled the man's brows with tenderness...

night.

Selena, Daniel, and Rick returned to the old house together.

As soon as they arrived at the gate, they saw that the entire old house and courtyard had been completely renewed. As soon as the car stopped, the housekeepers and servants greeted them beamingly, calling out in unison: "Eldest young master, young master, young mistress!"

Just from the servant's attitude, we can tell that the second elder must have explained something. To a certain extent, the servant's attitude has already represented the attitude of the second elder.

Soon, an elegant woman hurried out of the room, it was Yan Ruyi.

When Yan Ruyi saw Selena, she was stunned for a moment, then her eyes turned red, and then she walked out quickly, holding Selena's hand excitedly, "Selena is here! Why are you wearing so little? Is it cold? Ting Xiao, why don't

you add a few more clothes for your daughter-in-law, it's cold in spring, and it's still cold!"

Hearing this, Daniel obediently put another coat of his own on the shoulders of Selena, who was already tightly wrapped.

Saul behind him shook his head and sighed, "There is a kind of cold that makes your mother think you are cold!"

Yan Ruyi cast a sharp glance at her youngest son, "Your sister-in-law is weak now, I told you I'd better go there in person, but you won't let me go! Who's to blame if you're tired?"

Saul, who was bullied even while lying down: "..."

Sure enough, a single dog has no status at home!

"Selena, come on, come in quickly and drink a bowl of chicken soup to warm yourself up. I personally went to the kitchen to stew it on low heat for several hours!" Yan Ruyi enthusiastically took Selena's arm and led her into the room. In the house, even his two sons were completely forgotten.

Only Rick was barely remembered, and Yan Ruyi raised her mouth, "Rick, come here quickly!"
