Chapter 1811

I guarantee you will find that you are still the genius designer xz who hangs everything...

Still the king of this world...

During the long darkness and tormented waiting, the girl's words were like a ray of dazzling light, which suddenly dispelled the haze of his entire world, and the lock that was firmly bound to his soul suddenly broke free and shattered into powder...

In the end, Selena brought Gong Shangze back to the small garden building in Lu Town.

There is an independent log cabin in the small garden not far behind the main building, which is just right for Gong Shangze to live temporarily.

Gong Shangze has been sleeping since he moved in, and he didn't leave the cabin for two days. Selena went to check on him several times, and she was relieved when she saw that he was fine and just fell asleep.

It wasn't until the third morning that Gong Shangze finally woke up from his sleep. Unlike before, when he woke up with a splitting headache and groggy, this time he felt refreshed and relaxed.

After a moment of daze, he remembered that he was brought here by the boss.

The young man glanced around at this quaint and interesting wooden cabin, then slowly got up, opened the door and walked out...

It was late at night when I came here with the boss, and I didn't have a chance to look around, but when I pushed the room away, Gong Shangze was stunned.

There is a large colorful lake in front of the eyes. Sporadic deer are drinking water by the lake, and birds are flying across the lake.

Looking at the mountains and lakes in the distance, Gong Shangze took a deep breath, feeling like he was in a fairyland.

After taking a few deep breaths, Gong Shangze turned around and was about to look for Selena. He hadn't gone far when he saw Selena's figure in the small garden covered with large rose trellises.

The girl was wearing a simple cotton and linen two-piece suit, and so was the little boy beside him. The two were playing a five-animal play, one big and one small moving in perfect sync. A man who was also wearing home clothes walked up to the girl and wiped the girl's forehead sweat on.

"Okay, let's rest for a while," Daniel said.

Selena nodded, and sat down on the swing beside her, then picked up the fat, white rabbit at her feet, and couldn't stop laughing, "Oh, it's so heavy, I didn't expect this rabbit to still be here! "

Daniel, "Little Treasure takes good care of it."

Seeing his mother hugging and touching the big white rabbit, Rick immediately moved towards his mother with a sense of crisis on his face.

He doesn't want to raise a rival in love for himself!

Selena put down the rabbit in her arms, pulled Rick into her arms with a smile, and rubbed the little guy's head, "Rick is really amazing!"

After the rabbit was put down, it immediately ran around happily, but it didn't take long for it to obediently return to the back of Rick's butt0cks, and never left it.

"Little Treasure, go inside and help mom bring over the cold ginseng soup on the table." Daniel said.

Rick nodded, and immediately ran towards the house.

Selena hurriedly said, “Hey, I’ll just go by myself, why did you let Rick go...”

Before he finished speaking, the man kissed the corner of the girl’s lips, “I want to be alone with you for a while.”

Selena immediately covered her burning face, ouch, foul, got teased again!

Gong Shangze stared blankly at the warm and loving scene in front of him, and immediately returned to the world from the fairyland. In an instant, the inspiration in his dry mind was like bursts of fireworks blooming, and a huge wave broke through the ground and quickly soaked the entire earth...

Chapter 1812

“Hey? Ze! You’re awake! There’s millet porridge in the kitchen, hurry up and eat some! You’ve been asleep for three days, do you know that?” Selena spotted Gong Shangze not far away, and hurried over.

“Thank you boss, I’m fine, I’m fine!”

The young man looks completely different from what he looked like three days ago. Although he still looks slovenly, his whole person feels different.

Selena breathed a sigh of relief, and said with a smile, “Well, let me tell you that I won’t cheat you. Isn’t this place great? Do you have any new inspirations?”

The young man looked at the casual and homely dress of the girl in front of him, which was completely different from the glamorous ones he had seen every time, and nodded, “Yes.”

Selena suddenly looked surprised, “Haha, there really is! So fast? Then you must stay for a few more days!”

Gong Shangze smiled, and said in a warm voice, "Thank you boss, but no need, I'm fine now, I'm going back to the studio later, lest everyone worry about me, and I've been abandoned for too long, Every second counts right now!"

Selena saw that Gong Shangze had regained his fighting spirit, so she was naturally happy, "That's fine, you can go after breakfast, and explain to Momo and Sister Weilan when you get back!"

"It is good."

"By the way, remember to go upstairs to the guest room to change your clothes and take care of your hair."

"Ok."

...

Zeling studio.

Han Momo looked at the deserted and messy design room, her little face was gloomy, "Mr. Lu said Director Gong went to his place, but it's been three days, why hasn't Director Gong come back yet? He can't be real Go resign and leave the company alone?"

"Don't make random guesses." Qiao Weilan leaned her head on the sofa, and her face was full of exhaustion.

After all, she is a salesperson, so her psychological quality is naturally stronger than ordinary people, but Selena is the core of the company, and her sudden disappearance has had a considerable impact on her. The current situation of the company is not optimistic, and she also Can barely support in the cracks.

This international fashion week is the only chance to turn things around. If it fails again, the company may really be unable to afford it.

And with Gong Shangze's current state, the International Fashion Week has almost no chance of winning...

Han Momo sighed, Qiao Weilan's thoughts were complicated.

After waiting for an unknown amount of time, there seemed to be a familiar sound of footsteps coming from the door. Han Momo and Qiao Weilan subconsciously looked in the direction of the door.

As the footsteps got closer, a slender white hand pushed open the door...

The moment she saw the young man suddenly appearing at the door, Han Momo covered her mouth and exclaimed, "Gong... Director Gong..."

Emma, how long has it been since she saw her handsome beauty director? It almost felt like a dream!

Qiao Weilan was also stunned when she saw Gong Shangze's refreshing appearance.

After seeing the two of them, Gong Shangze told without stopping, "Momo, go and prepare paper and pens for me immediately! Call all the masters of Gao Ding!"

"Oh..." Han Momo nodded subconsciously to find tools for him, while staring at Gong Shangze in a daze, "Director Gong, why are you being stimulated?"

Han Momo didn't know what to think of, and she suddenly looked terrified, "Uh, Director Gong! You must be on drugs!"

We must know that many designers will take drugs and drugs for the so-called inspiration, but Gong Shangze doesn't even drink drugs, not to mention smoking and drinking, which is a strange thing in the design circle.

"No." Gong Shangze quickly picked up the paper and brush to draw, without raising his head.

"What's the situation?" Han Momo looked confused, and Qiao Weilan was also puzzled.

With just a few strokes, Gong Shangze outlined vivid lines like flowing clouds and flowing water, and then wrote a few words of theme on the first draft. Then he raised his head, looked at Qiao Weilan and Han Momo and replied...

"My muse is back..."

Han Momo and Qiao Weilan looked at each other, suddenly showing disbelief, staring blankly at the young man who seemed to have been reborn, “You...your muse? You mean...the boss is back!!!”

Garden House.

After Gong Shangze left, Selena thought that her disappearance had really worried too many people. After thinking about it for a long time, she decided that some people should inform them about the situation.

Gong Shangze from the company will help her explain, and she will go there in person after a while, and there should be... Sister Tianxin...

“Sister Tianxin, how did you explain it back then?” Selena asked.

“I’m afraid she will be worried, saying that you went to retreat for a study tour, and you have been using your mobile phone to contact her all the time.” Daniel replied.

“Did she not suspect it?”

“I doubt it.”

“Well, sure enough, with Sister Tianxin’s delicate thoughts, she probably suspected it a long time ago... I’d better explain the situation to Ning Tianxin so that she won’t worry about me.”

Hearing this, Daniel frowned slightly and said, “I suggest that the less people know about this, the better.”

Selena muttered, "But sister Tianxin doesn't know anything, so she will be very worried if she makes random guesses. I don't want a situation like Aze's to happen again!"

Daniel pinched the center of his brows, but did not speak.

Seeing that his expression was not quite right, Selena asked tentatively, "Did something else happen while I was unconscious? You mentioned almost everyone, but...it seems that only Xiao Tao was not mentioned? Where is Xiao Tao? Sister Zhizhi resigned, what about her? Has she also left the company?"

Daniel nodded, "Yes, I have left the company."

Selena's expression turned slightly condensed, and she asked again, "Is there something wrong with Xiaotao?"

Looking at Selena's expression, Daniel knew that she must have guessed it to some extent, so he had to tell her, "Yes, that real gun was used in the last scene of the crew of "The Thunderbolt Agents" back then. Xiaotao changed it."

When Selena heard this, her expression suddenly fell silent.

No wonder Daniel is always so cautious, even wary of everyone...

I don't know how long it took before Selena finally said, "Actually, I thought about it at the beginning, but it was just a thought. I never thought that it would really be Xiaotao... Xiaotao, is she being threatened?"

Daniel nodded, "Someone threatened her with her younger brother who is studying abroad."

Selena: "So that's how it is... Then how is her brother doing now?"

Daniel: "You have retired for a year, and there is no news from anyone over there, and her brother is also fine."

Selena breathed a sigh of relief, "Have you found out who did it?"

"A gang in Los Angeles has only started to grow in the past two years. It's in chaos and its motives are temporarily unknown, but they have already sent people to watch it." Daniel replied.

Selena nodded, and then looked a little dazed.

Daniel looked at the girl's lonely expression, and stretched out his hand to wrap her in his arms, "Don't be sad."

"fine..."

Although in the end it was proved that the person who betrayed her was Xiaotao, but she still did not regret her trust in her at the beginning.

Selena took a deep breath and quickly recovered, "Although it is said that once you are bitten by a snake for ten years, you are afraid of well ropes, but you can't reject all good things just because of one experience, don't you think our father and we are the best? example? So, Sister Tianxin, I still have to tell her!"

Daniel looked at the girl's sunny face, which was not affected by any haze, and his face was full of tenderness, "Yes, madam is right."

Selena was immediately overjoyed by the compliment, "That's right!"

Chapter 1814

Sure enough, when Selena made a video call to Ning Tianxin, Ning Tianxin said that she was already planning to take a long vacation to return home.

Although out of her trust in Daniel, she had suppressed her doubts all this time, but after so long, she had to see Selena with her own eyes to be at ease no matter what.

"Sister Tianxin, I'm fine, I'm alive and kicking! I'll show you!" Selena jumped up with her phone while talking.

"As long as it's fine... as long as it's fine..." Ning Tianxin considerably didn't ask any reason, but was relieved to see that she was fine.

"Sister Tianxin, how about you? How are you doing recently? How can I see that your complexion is not very good?" Selena asked with concern.

Ning Tianxin sighed softly, "It's nothing serious, it's all been resolved."

"Did Ning Yaobang bother you again? This guy is endless, why isn't he giving up!" Selena frowned.

Ning Tianxin said helplessly, "Do you know the current situation of the Ning family?"

Selena pondered, "I have a general understanding."

Ning Tianxin on the other end of the phone thought about her words, and then said, "I don't know what trick Susie used, but my father actually gave her all 6% of the shares in his hand, so now Susie is holding her own." Li has a total of 21% of the shares, which is more than Aunt Qitong's. Now Susie is basically in control of the company.

Now, my father sees that forcing me to get married is not feasible, and he wants to take the 10% of the shares in my hand..."

"I'll go! Don't give it to him! This share is something that you and your mother can live on!" Selena hurriedly said.

"I know, I will never give it to him. My studies here have ended and I have moved to a new place. He probably won't find it again."

Selena nodded, "Be careful yourself, that guy Qin Mufeng, are you still in touch?"

"Yes, Dr. Qin helped me a lot."

"That's good. If you have anything to do, you can go to him. You're welcome. I'll keep an eye on him in China. If there's anything, you must contact me."

"Okay, I see, you take care of yourself too."

...

After Selena finished making the phone call, the man rubbed the girl's hair, "Do you feel relieved now?"

Selena nodded repeatedly, "Yeah, don't worry!"

"You play outside for a while, Rick and I will cook for you."

"Ah? I'll go too!" Selena held the man's hand.

"No, there is oily smoke in the kitchen." The man looked serious, without any room for relaxation.

"Well, all right!"

Daniel and Rick both went to the kitchen to cook, and the two buns agreed that cooking fumes in the kitchen was bad for their health, so they just asked her to wait outside to eat.

So, Selena hugged the big white rabbit and walked in the small garden.

Gong Shangze recovered, and Sister Tianxin has already contacted her. She finally has a few things on her mind...

Now, with the ointment prescribed by Annie, her body is recovering very quickly, and it shouldn't take long for her to recover.

Daniel saw that she was too bored these days, so he even helped her build a small shooting range nearby, so that she could have a good time, and it seemed that it could be done in the afternoon.

While walking leisurely with the rabbit in her arms, Selena was thinking about some trivial things, with a very contented expression.

So much so that, when she walked around the shade of flowers for a while and suddenly saw the white-haired man with a large cluster of roses... she was so frightened that she threw the rabbit out of her arms!

Chapter 1815

The poor big white rabbit was still enjoying being petted one second, and was thrown away the next second. The rabbit face stayed at the feet of the white-haired man in a daze.

And Selena still stood there blankly, maintaining a terrified expression of seeing a ghost in broad daylight.

“You...you you...” Selena didn’t say anything to you for a long time.

The main reason is that she suddenly saw this guy appearing without warning, it was really scary!

The man was playing with a bright dewy rose in his hand, and he gave a soft “tsk”, “What am I? I won’t recognize anyone if I take my dowry, my dear... sister-in-law?”

Big... sister-in-law?

Selena said that she was terrified again by ten thousand points, “You...don’t bark! What sister-in-law?”

“Isn’t it?” The man raised his eyebrows slightly, his white hair holding a rose in his hand was simply enchanting.

“Uh...” Selena said she couldn’t refute, this guy already knew that she married Daniel?

“What the hell is that dowry? When did I take your dowry?” Selena continued to be confused.

The man didn’t answer, but looked at the rabbit at his feet amusedly, then bent down, scooped up the rabbit under Selena’s nervous gaze, and stroked the soft fluff of the rabbit with his white to transparent fingers, “Tsk, really fat.”

Selena’s face turned dark immediately, “What’s wrong with Fat, I didn’t eat your carrots!”

The man looked up at her, "So energetic, it seems that everything is fine."

"Yeah, my blood is thick and my defense is high! Thanks to your inhumane oppression back then!"

Hearing this, Selena's vigilant expression eased a little. So this guy came to care about her?

Why can't they just show up well! When she wakes up, she will be so frightened that she will pass out again!

In fact, she has always had complicated feelings about Yun Shen.

One of the things she was most concerned about after waking up was undoubtedly about Yun Shen and Qiao Yi. Later, she learned that Yun Shen and Qiao Yi had turned against each other back then. Daniel caught Qiao Yi, but it seemed that he was saved. His whereabouts are still unknown, but he has never been seen again.

After the matter on Qiao Yi's side came to an end for the time being, Yun Shen and Daniel's side should have had a big battle, but in fact, the forces on both sides were indeed at odds.

However, for a whole year, the forces of the two factions have maintained a delicate balance, which has never been broken.

Under the swaying rose clusters, the man smiled lightly, not a sneer, not a casual smile, not an empty smile, but a kind of...a warm smile that she had never seen before... ..

When Selena was dazed, the man had already turned and left, "Leave."

"Ah..." So you're leaving?

Run away after being scared?

Selena was in a daze when she suddenly realized that there was something in his place, so she hurriedly shouted, "Hey, my rabbit!"

Only then did the man turn around again, and Selena hurried over to hug the rabbit back.

Thank you for saving my life, Xiao Feipang, otherwise I will definitely be taken back to stew by this terrible guy.

From the corner of her eye, Selena saw a bunch of fluffy white balls outside the man's pocket, which looked very strange, so she subconsciously asked, "What is that thing in your pocket...?"

Hearing this, the man lowered his eyes and took out his mobile phone from his pocket, "This?"

Selena finally saw clearly that the little white ball was a mobile phone chain.

The corner of Selena's mouth twitched suddenly, "I'll go, you actually use this kind of mobile phone to hang the chain?"

Moreover, this little white ball, why does she feel so subtly familiar?

But she can't remember where she saw it...

The man raised his eyebrows and squeezed the little white ball, "Is it cute?"

Selena coughed lightly, "It's pretty cute, but...it doesn't go well with you!"

The man didn't know what he was thinking, his expression was in a trance for a moment, he murmured, and after a while, he murmured, "Really? Doesn't it match...I see..."

Selena didn't know what to reply, but felt that the man's expression was a bit strange at the moment.

Afterwards, Yun Shen turned around and left without saying a word.

This mighty man who was indifferent to everything, the view from his back when he left gave her an inexplicable feeling of loneliness...

Chapter 1816

After a period of fermentation, the incident of Louis's departure in the middle of the press conference of "The World" and the Weibo scandal have now reached a fever pitch.

Fans of Han Zixuan swarmed and quickly captured Louis's Weibo, personal official blog, agent Weibo, including Shengshi Entertainment's official Weibo, crazily condemning Louis's outrageous and unreasonable behavior as a public figure. Behavior, unanimously seek justice for the wronged goddess Zixuan.

Most of Han Zixuan's fans turned from Selena. You must know that Selena's fans were no less powerful than Louis's fans back then. Now, under the instigation of someone with a heart, they are completely sparks. Hitting the earth, the noise was so loud that the entire network fell into unprecedented chaos.

Louis's biggest flaw in this matter was that he was rude, and he was rude to a woman.

Under such circumstances, many fans and passers-by will not look at the cause of the incident at all, nor will they delve into it. Just looking at this point will conclude that Louis has no taste, no demeanor, and no matter what, he should not treat a girl Do something so egregious.

Especially when many fans believed that Louis and Han Zixuan were a couple, now that this incident happened, Louis was even labeled as a sgumbag.

Shengshi Entertainment dispatched all the public relations, but still failed to restore Louis's reputation. Under the pressure of Empire Entertainment, Louis's image plummeted.

What was even more troublesome was that Louis himself did not cooperate. Since the day of the press conference, no one could be contacted. What they did was in vain.

Inside the general manager's office.

Yi Xudong slapped hard on the desk in front of him with a “bang”, and furiously yelled at Liang Feixing, “Liang Feixing, what the hell is going on? Why did something so simple end up like this? It’s so simple I can’t even handle the public relations! How dare you claim to be the master of the entertainment circle? Pack up your things and go back to your hometown as soon as possible! Waste!”

Facing Yi Xudong’s scolding and ridicule, Liang Feixing sat on the sofa with a face full of indifference, and said slowly with his head tilted, “It’s hard for a smart woman to cook without rice, and now all the people in the public relations department have been poached, you let me alone Will the polished commander sprinkle beans into soldiers for you?

Oh, by the way, I forgot to tell you. General manager Yi, just now Empire called me, saying that they want to recruit me, and the annual salary is three times what you give. You said, should I go or go? “

Heh, if it wasn’t for the face of the big boss, and he knew the relationship between Selena and the big boss, would he have survived for so long under a mentally handicapped Yi Xudong?

The second young master had only been away for a long time, and he couldn’t wait to seize the power, sneaked into his own artists, and forced Lin Zhizhi to go away. He listened to slander and made mistakes in a series of decisions, and forcibly ruined a prosperous world in his hands.

When Yi Xudong heard this, he stopped cooking immediately, and didn’t dare to fart anymore.

If Liang Feixing leaves again, the prosperous age will really come to an end...

Yi Xudong was so angry that he had nowhere to vent his anger, and he didn’t dare to scold Liang Feixing, so he turned to Lei Ming who was silent in the corner, “And you, Lei Ming! You have to bear the greatest responsibility for this matter, you are Louis’s manager, I would like to tell you to keep an eye on him. How do you do things?

Why did he let him post this kind of Weibo under such a sensitive situation! Why didn’t Louis come out and explain immediately? You keep saying that Louis has persuaded him, but this is what you call persuading him? “

Chapter 1817

Lei Ming was not like Liang Feixing. Although he was tall and big, he had a good temper and a very soft temper. He would not say a word when he was scolded, and just continued to sit there in a muffled voice.

“Useless things, if something happens, you will be silent, you are not as good as a woman...” Yi Xudong was cursing more and more ugly, when the office door was suddenly pushed open by a reckless force, and a drunk The drunken middle-aged man fell in all of a sudden.

The man was holding a wine bottle in his hand, dressed in sloppy clothes, smelled of alcohol all over his body, and said to Yi Xudong with his tongue out, “Boss Yi...you...you looking for me?”

Seeing the person coming, Yi Xudong’s face became even more ugly, “Xu Tao! Look at what you look like now! Let me ask you, what happened to those female artists under your command? It was hard to bring them up, why? All of a sudden, they all proposed to terminate the contract! And I didn’t know about it until I received the lawyer’s letter!”

“Run away...run away...white-eyed wolf...hehe...I don’t bother taking care of my daughters...every day, grandchildren treat them like princesses...

In order to get an ad for them, I drank until my stomach bleeds...I didn’t even let them accompany me once...

As a result, I turned around and was hooked away, and I went around saying that I sexually harassed them...that I cheated on them...that I abused them...squeezed them...hahaha...I abused them...” Xu Tao said while talking Keep drinking.

Yi Xudong became angry when he saw him like this, “That’s not your waste! It’s useless! You can’t even control a few girls’ movies!”

Xu Tao's eyes turned cold when he heard this, and he snorted coldly, "Yi Xudong, don't compare yourself in front of me. When I was a big hit in the entertainment industry and became a gold medal agent, you were still in your mother's arms drink milk!

I was dug by the second young master! Back then when I was with the Second Young Master, I was popular and hot, and any artist, even a top-tier brand, would nod and bow to me. Even if you are mentally handicapped, you still have to call Brother Tao in front of me! Why are you touching your conscience, who the hell is doing this for me now?"

As Xu Tao said, he smashed the wine bottle in his hand, and the fragments scattered all over the floor

Liang Feixing frowned, walked over to persuade him, "Okay, old Xu."

Lei Ming also went over and pulled him back, "Let's go."

They all knew that in this company, Xu Tao was the most wronged.

When he was on fire, Zheng Anru was just a small assistant under him.

Before Han Zixuan and her manager Zheng Anru took away all the resources and poached a large number of artists, and when Lin Zhizhi also resigned and left, it was Xu Tao who single-handedly stabilized the company. No matter what the price is, he cultivated a first-line, a super-first-line under Empire's siege, and competed with Empire, so that he was regarded as a thorn in the side by Zheng Anru and Empire, and secretly used it for him. I don't know how many stumbling blocks.

Once, he was even beaten up in an alley by a group of gangsters, and he lay on the bed for a month...

It was such a strong man who finally collapsed completely after the two female stars who had been cultivated with great difficulty quit without warning...

"Liang Zi, Lei Ming, do you frankly know how I feel now?" Xu Tao hammered his chest, "It's like my wife ran away with someone..."

“Yes, yes, I understand your feelings, but you can’t waste your body all the time. Don’t drink so much alcohol all the time. Take a good rest and start all over again. With your ability, you will definitely make a comeback!” Lei Ming had already too busy to take care of himself, but still trying to comfort the big brother in front of him.

Xu Tao laughed a few times, and murmured, “Start all over again...you think it’s so easy to start all over again...I can’t bear to start all over again, Lei Ming...”

Do you think everyone is Selena? A good seedling in the entertainment industry can only be born in three to five years, and Selena can’t have one in a hundred years...

The company is in such a situation now...why do you ask me to start all over again...Lei Ming, I’m tired...really tired...”

Lei Ming said nothing, unable to respond to his words.

Liang Feixing sighed, and his face was full of gloom. Now there are only a few old people left in the company. People leave the tea, things change. After the flowers and fire, there is only a ruins left. It belongs to their entertainment empire Their world is gradually drifting away...

Xu Tao sat down on the ground in a daze, looking at the setting sun in the distance through the huge glass window, “This prosperous world... can’t last half a year... If... If Selena hadn’t retired back then... If Selena could come back ...Heh...how is it possible...”

...

deer town.

Under the meticulous care of Big bun and Little bun, Selena's body recovered quickly.

When Annie came to review her, she was amazed at the speed of her recovery.

Selena replied: The nourishment of love.

“boom—“

After three days of getting used to it, Selena was able to hit the center of the ring again.

In the beginning, all kinds of powerlessness felt really bad, especially when she saw that she couldn't even hit the sixth and seventh rings. Luckily, Daniel and Rick stayed with her to distract her and help her. She adapts little by little.

In the end, she found that it felt good to regain this kind of ability that belonged to her little by little.

There is a feeling that I am still so awesome.

Selena was practicing shooting when a boy's high-pitched exclamation suddenly came from not far away, “Oh! Sister Xi, Sister Xi! You really woke up...”

“Rongguang... Travis...”

Seeing the person coming, Selena's face suddenly burst into surprise, “Why are you here?”

Zhuang Rongguang Lixuan slammed on the brakes like an arrow, glared at Daniel at the side, and said bitterly, “I've wanted to come, okay? This guy has been hiding you all this time, and why did he say no to guests?” Excuse me, that's why we couldn't come to see you until now! Sister Xi, you are so awesome! Even a vegetable can wake up! I knew that Sister Xi, you are a person who does great things!”

Selena was dumbfounded by Zhuang Rongguang's words, “You are the one who does great things. I heard that you are doing well in the army now. You are the first in the martial arts competition?”

“Hahaha...how can it be! It's just so-so!” The young man scratched his head with a humble mouth, but his tail was already up to the sky.

The young man paid attention to the gun in Selena's hand, as well as the other guns next to him, his eyes lit up like light bulbs, “Oh, what the fcuk, the gold Walt, the Colt revolver...**that's too!** I'm only in the picture book I've seen it on the Internet! Nima, these are all legendary antique grades!”

“Sister! Sister! Can I have a try?” The boy's saliva was almost dripping down.

Selena glanced at the young man with a half-smile, “Then you have to ask your brother-in-law.”

Zhuang Rongguang immediately curled his lips in displeasure, “I don't want it, I haven't admitted that he is my brother-in-law yet! Sister, what do you think of my elder brother Lin Qian? He is already a colonel at a young age! He was responsible for picking you up before.” Military sanatorium, responsible for your safety, even if you don't believe my eyes, you should believe my father's eyes, he is my father's confidant, the legendary child of other people's family, my father has always used it to be my father Compare...”

Seeing Zhuang Rongguang in front of him, Daniel started poaching the wall. He didn't say anything. He just took out a gun and fired at the bull's-eye in front of him, hitting the bull's-eye.

The moment Zhuang Rongguang saw the gun in Daniel's hand, it was as if he had seen the girl of his dreams, and he immediately jumped over, “Oh! Ahfox! Brother-in-law! Cousin-in-law! Let me touch you! We are all family you Surely you won't be so stingy, right...”

Selena: "..."

Rick with a look of contempt: "..."

Selena smiled for a while, then turned to Travis who was beside her who had been silent, took her hand, and sat down at the wooden table under the flower stand not far away.

The girl didn't say anything, and directly gave Travis a big hug.

She knew that for Travis at this moment, this was the best way to reunite.

Under the roses swaying in the breeze, the two girls hug each other quietly, like an oil painting.

Travis's body trembled slightly, and it wasn't until the girl's body temperature passed through the hug that she felt real, her voice choked up, "I knew...I knew...you would definitely wake up..."

"Of course, I can't bear to let sister Ke'er worry about me!"

It took Travis a while to stabilize her excitement, let go of Selena, and said softly, "No wonder we hit it off so well, I didn't expect you to be my cousin."

Selena also laughed, "Fate is indeed amazing!"

"Selena, you... have you known about it for a long time? Know about the relationship between our two families?" Travis asked.

"I heard something from Zhuang Lingyu..."

"Then why...you never say..." Travis frowned.

Selena laughed, "Because it doesn't matter if you say it or not, we are good sisters anyway!"

Travis's heart warmed, and she nodded immediately, "Well, you're right!"

I don't know what came to mind, Travis's expression darkened again, "Selena, I'm sorry..."

"Say what you're sorry about!" Selena hurriedly said.

Travis lowered her head, “I didn’t take care of your fan support group...since you fell into a coma...everyone just walked away...scattered...”

Selena hurriedly comforted, “It’s inevitable, after all, I’ve been retired for so long.”

Travis sighed with a lonely expression, “In the beginning, everyone was holding on, waiting for you to come back. No matter what happened, there was always a group of people who never wavered...”

Until Han Zixuan appeared, they secretly sent someone to break into our interior, and even bribed our top fan management to spread rumors while I was away, to shake people’s hearts, and made our interior chaotic, and the outside gradually supported us. I can’t stand it...

In addition, Han Zixuan’s style was too similar to yours at that time, and she was praised by Yi Xudong...he took away a large number of our fans...”

Selena listened to Travis’s words, although it was only a few words, she could feel the turmoil at that time, as well as the scenes of Travis’s helplessness but still persisting, the scenes of them fighting for themselves, although What she did not personally experience, but caused a strong shock in her heart...

After Travis finished speaking, she took a deep breath, looked at Selena, and immediately smiled like a flower, “However, everything is over and you have woken up. People who really like you and care about you, as long as you are happy, happy and healthy. Even in places where they can’t see, it’s been fine...”

Chapter 1820

late at night.

Selena woke up after tossing and turning.

During the day, Travis's words still lingered in her mind word by word.

Kissing the little baby on the cheek, Selena passed Daniel lightly, got off the bed and walked towards the study.

After sitting at the desk for a long time, Selena finally turned on the computer.

After deciding to retire, except for what she heard from Saul at that time, she never paid attention to any news on the Internet.

After opening the search engine, she stared at the display screen for a while, and after a while, she lightly entered the four words "Selena is retiring".

As soon as I pressed the Enter key, countless related news were displayed, basically old news from a year ago.

Some fans held up banners to support her, expressing that they would definitely wait for her to come back, some fans paraded and demonstrated at the entrance of Shengshi Entertainment, and her absence from various awards caused an uproar...

The headlines one by one are all about her...

As time passed, her name appeared less and less, and was gradually replaced by Han Zixuan and countless newcomers, until she disappeared in the entertainment industry...

"Ding" A popular entertainment news popped up in the lower right corner, which seemed to mention Louis's name.

Selena glanced at it and opened it casually.

Then I saw a harsh and magnified headline: "Fans jointly signed a protest: Louis get out of the entertainment industry!"

what happened?

Selena's face immediately changed, and she carefully read the news.

It was a coincidence that the incident was related to that Han Zixuan.

The reason was that Louis publicly posted Weibo to insult her, and even insulted the other party's mother...

fcuk you...

Selena frowned as she looked at the Weibo post. Even if she was as impulsive as Louis, she probably wouldn't use such aggressive words to a woman.

Selena began to trace the details of the incident.

It turned out that she also knew the beginning of the incident. It was the scandal about Louis and Han Zixuan that she saw in the newspaper at the small stall in Lu Town when she just woke up.

At first, Louis didn't seem to care about it, after all, there were too many female stars who were trying to catch his attention.

That photo, Selena guessed, was probably a still or something, and when it can be released afterwards, it will be fine if it is clarified.

But things suddenly got out of control at the press conference of "The World".

Louis left the venue suddenly, and posted that Weibo post without warning...

Selena took a closer look at what happened at the press conference.

Later, she found a video.

In the video, Han Zixuan's manager is answering a reporter's question with righteous words...

Zheng Anru: Since Zixuan's debut, she has experienced countless malicious slanders. Because of her outstanding appearance, she has also been compared with many other female stars with empty appearances...

Zixuan is not comparable to some inferior people who rely on their appearance and body. This is an insult to Zixuan!

Here, I solemnly make a statement to all the media, and hope that you will stop raising these insulting questions in the future! Don't bring Zixuan's name together with some unbearable people with low moral character!

...

When Zheng Anru said these words, Louis's face was hidden in the shadows and he couldn't see clearly, he was playing with his mobile phone carelessly.

And the moment Zheng Anru finished speaking, Louis stood up slowly, and left without saying a word.

Then, the whole scene set off a burst of chaos.

Louis was the only one who posted that cursing Weibo at that time.

Selena watched that video, saw Louis's unruly and cold sarcasm in the video, and the back of the arrogantly leaving without turning his head, sighed softly and showed a helpless smile...

This guy...
