Chapter 1821

“Can’t sleep?” A man’s voice came from behind.

Selena looked away from the computer screen and looked at Daniel behind him, with a somewhat absent-minded expression, “Hmm...”

Daniel’s eyes fell on the video and search records on the screen, and he gently rubbed the girl’s soft hair with his broad palm, “I said before, no matter what decision you make, I will support you.”

Selena turned around, buried her head on the man’s body, and said nothing for a long time.

After an unknown amount of time, the girl’s gaze gradually became firmer, “Daniel, I want to go back.”

Daniel: “Okay.”

After all, Louis was doing it for her this time, so she couldn’t sit idly by.

And like Louis, there is Ke’er, and there are many fans she doesn’t know, who have been silently protecting her behind her back.

If the first time was for a dream, but this time, it was for those who have been standing behind her.

...

After deciding to go back and help her eldest nephew get back on the scene, during the next period of time, while recovering and recuperating, Selena

learned about all the developments in the entertainment circle in the past year at the fastest speed.

After reading almost all the old news, Selena was sitting on a rattan chair in the garden, looking at the latest issue of Entertainment Weekly.

When Selena's gaze fell on a familiar name in a gossip in the corner, she paused for a moment.

Xu Tao...

Shengshi Entertainment's oldest gold medal manager, now dressed sloppily and got drunk in a bar, had an argument with a former female artist, and was slapped and insulted by a small assistant next to the female artist on the spot.

And this news is obviously biased towards that female artist, with irony and schadenfreude between the lines, saying that Xu Tao oppressed and abused his artists, and today he is doing it on his own.

Seeing this gossip, Selena frowned little by little.

Xu Tao's reputation in the industry is very good. He has been standing in front of Sheng Shi after the accident, and even sold his own property. No matter what, it is impossible to do something that violates professional ethics.

However, this situation is also commonplace.

Those artists who have been cultivated by him with all his efforts are now poached by Empire at a high price, and they are afraid of being accused of being ungrateful. If they want to have a legitimate reason to betray the company, they will naturally spread rumors to discredit him.

Earlier, Daniel helped him find out about Miss Zhizhi. Her family members seemed to be in poor health and had been busy taking care of her.

Sister Zhizhi worked so hard to bring her to that position, and now she really doesn't want to let her suffer again.

I was still worrying about who to find my manager this time...

"Xu Tao..." Selena tapped the name on the paper lightly with her finger, showing a thoughtful expression.

...

not far away.

“Boss, you... are you looking for me?”

No matter what, Liang Feixing would never have imagined that one day he would be personally summoned by the big boss.

All the way, he was thinking about what the boss was looking for him for, but he didn't dare to ask more, so he could only follow behind the man in fear, his heart pounding with nervousness.

Liang Feixing followed the man in front of him for a few more steps. Through layers of flowers and leaves, he vaguely saw a woman leaning on the rattan chair under the flower stand not far away, but the woman's face was covered by a flower shadow, Can't see clearly.

A vague guess formed in his mind, and Liang Feixing showed a suspicious look on his face, but soon felt that it was impossible.

At this moment, the woman stood up slowly, and the face that made the noon sun lose its brilliance appeared in front of his eyes little by little...

“Director Liang, long time no see.”

“Ning...Selena...”

After seeing clearly who that woman was, Liang Feixing's eyes widened little by little, as if he had been struck by lightning in broad daylight.

He looked at the woman who had disappeared for more than a year in disbelief, not only because of the shock of seeing her suddenly appear, but also because of her temperament at the moment.

Back then, Selena was enough to make the sun and the moon darken, but the woman in front of her at this moment was like turning back time. Not only did time not damage her face in the slightest, but it made her aura even worse. .

It was hard for Liang Feixing to imagine, those gutter rats who secretly guessed that Selena's figure was out of shape, and those who dared not meet people after the plastic surgery failed, would see the expression of Selena at this moment!

It's hard to imagine... If Selena appeared in front of the public again, what kind of shock would it cause...

The entire entertainment industry will be reversed for her...

As long as... she is willing to...

She was born to be the king of this world...

Liang Feixing, who usually had an exquisite mouth, suddenly couldn't even speak at this moment, and was in great shock and disbelief.

At this moment, out of the corner of his eye, he saw the low-key and solemn ring on the woman's finger...

He immediately looked at the big boss' finger again, and sure enough, he saw the same style... wedding ring on the big boss' finger...

fcuk!

they got married?

Although he was the first person to know about the relationship between the two, he was still stunned for a moment.

Aww, his big boss, his queen, is actually married...

Nima, if this news gets out, it will definitely blow up the entire entertainment industry!

Talk about Selena being taken care of by a wealthy old man, saying that she secretly got pregnant with a wild child and retired from the circle, Nima's family is the real winner in life, you stupid human beings!

"Old... Boss lady! Long time no see... Really long time no see..." Liang Feixing didn't know how long it took before he finally regained the ability to speak normally.

Seeing Liang Feixing staring at Selena for so long, Daniel was a little displeased at first, but after hearing the voice of the proprietress, his expression eased a little, "Selena is looking for you."

"Ah... the lady boss is looking for me... I don't know why the lady boss is looking for me..." Liang Feixing's expression became even more flustered.

Seeing this, Selena comforted her, "Director Liang, don't be nervous, it's nothing serious, just sit down and have a cup of tea first."

Now she is only a little familiar with Liang Feixing in the company. There are many things that need him to help her. In addition, Liang Feixing knows her relationship with Daniel, so it is more convenient for her to be considered as her own. Therefore, Daniel wants to help her contact Liang Feixing. At that time, she didn't refuse.

"Okay... okay..." Liang Feixing sat down and took a sip of the scented tea on the table.

"Director Liang, I asked you to come here this time because... I want to come back." Selena said.

"Pfft..." Liang Feixing spat out a sip of tea and coughed earth-shatteringly, "Wh... what? Not... Boss lady, what did you just say?"

"I said, I'm going to come back." Selena repeated, a smile slowly bloomed on that otherworldly face.

Liang Feixing: "...!!!"

What did he hear!

Selena said she was going to come back?

Is this not a big deal?

But how is it possible? Now that Selena has everything, the entertainment industry is at its peak, and she is married to a man like Daniel, what do she want in life? How could he still think about coming back?

Chapter 1823

Selena seemed to have guessed Liang Feixing's question, and said slowly, "After I retired, I seem to have caused a lot of trouble for everyone, and I just learned about Louis's matter recently, after all, it was all because of me."

"No, no, it has nothing to do with you. It's all because some people are stupid!" Liang Feixing said hastily.

He never imagined that, at the end of the prosperous age and being abandoned by the group, Selena would suddenly appear and offered to come back.

Selena's comeback was not just a simple comeback, she also represented the big boss and the Lu Group.

"Miss Boss, you don't know. A few days ago, I told Lao Xu and the others that it would be great if you could come back! Mistress Boss, are you sure you really want to come back? Then who are you planning to do when you come back this time?" Your manager? Shall we bring Lin Zhizhi back?" Liang Feixing asked a series of questions.

"Sister Zhizhi has something to do at home, don't bother her, just Brother Tao." Selena said.

"Old Xu? Boss, are you sure? Dmn! That guy will be crazy if he finds out!"

Liang Feixing was excited, but suddenly his expression froze, and then he glanced at the direction of a wife-protecting madman next to him, "The boss...does he agree with your comeback?"

Selena hugged Daniel's arm, "Well, my sweetheart has agreed, as long as I don't get too tired, I'm not in a good physical condition right now."

"Huh? Ma'am, are you pregnant?" Liang Feixing stared at Selena's stomach with widened eyes.

The corners of Selena's mouth twitched immediately, "I was seriously ill before, and I'm recuperating..."

"Oh oh so that's it! Boss, lady boss, you can rest assured about the workload, lady boss, you can move your little finger as thick as their thighs, so you don't need to worry about it! You came back this time with a little Let's go to recover the country and sweep the world!"

Selena laughed, "Director Liang, you have too much confidence in me."

"Ma'am, what I said is absolutely true! By the way, when will we start work?" Liang Feixing asked impatiently.

Selena thought for a while, "The sooner the better, let's go tomorrow, take me to find brother Tao first."

"no problem!"

...

Quiet night.

Selena k!ssed the baby who was put to sleep, and then went around to sleep next to Daniel, clinging to someone's arms and smoothing her hair, "My dear, don't worry, I really will Properly, I will definitely not let myself get tired! My body has recovered more than half of it now!"

Originally, she planned to rest for a few more days, but she worried that the longer the matter dragged on, the worse it would be for Louis, so she wanted to solve it as soon as possible.

Daniel didn't speak, but Selena kept rubbing and k!ssing stickily. In the end, the man couldn't bear it anymore, "I've mostly recovered? Huh?"

After finishing speaking, he picked up the troubled girl from the bed and went to the next room.

Selena felt her body suddenly hang in the air, and then gently fall down on the soft quilt.

Under the moonlight, there was a fire in the eyes of the man in front of her. The fire was getting closer and closer, and suddenly burned her together with the hot temperature on his lips...

Well...

Is she finally going to complete the wedding ceremony that has been dragging on till now?

The entangled tongue and the deeper and deeper kisses seemed to suck her soul away together. Selena felt tremors in the depths of her body, and her pink toes curled up.

It was just a moment of foreplay, and Selena already felt like a fish short of water on a dry embankment, and her breathing began to be difficult.

I don't know how long it took before the man finally left her lips, with a depressive look on his face, "Are you sure you're physically strong now? Huh?"

Selena stuck her head in the man's arms, and scratched her paws unwillingly, "How can this be the same! It has nothing to do with physical strength, okay? Even if you smile at me, my heart will beat a hundred and eight, let alone You treat me this way and that..."

Daniel was stunned for a moment, he couldn't laugh or cry because of the sudden flattery, "Where's the nonsense..."

"This is the truth!"

Chapter 1824

Because of the so-called “physical strength”, there was no hole in this room.

Selena secretly made up her mind to increase the progress of her rehabilitation, and it was more reliable for her to rush forward.

It had already reached that point last night, Daniel actually held back when he saw that she was exhausted.

I don't know if it's her illusion, but sometimes she really feels that Daniel treats her...a little too carefully...

Still, the feeling of being fully respected and cherished moved her every time.

If that person wasn't him, it is estimated that she would never have such an intimate relationship with a man in her life.

...

the next day.

Liang Feixing drove over to pick her up early in the morning.

Before leaving, in order to avoid trouble, Selena temporarily took off the wedding ring on her finger, tied it with a silver necklace and wore it around her neck.

“Uh, boss lady, that...Brother Xu's condition is not very good recently...you will only see him...don't be too surprised...” Liang Feixing gave Selena a vaccination in advance, a little worried that Selena Xi will change her mind when she sees Xu Tao's ghostly appearance.

As a friend, he naturally hopes that Xu Tao can seize this only chance to stand up.

“No problem.” Selena didn't seem to care.

After half an hour's journey, the two stopped in front of an old apartment building with a cramped environment.

“Brother Xu sold all his assets in order to support the newcomers under his command. The house he rented here, seeing how hard it was to bring them out, didn’t expect that both of them would run away at this time. He bit him back, because of this matter, Brother Xu was a bit decadent, he had been drinking and getting drunk for a while, and was slapped in public by a small assistant at the bar a few days ago, his mood probably got worse...”

Sighing, Liang Feixing carefully led Selena upstairs.

As soon as the two of them reached the door, they saw things being thrown out of the house, and then heard a harsh and sharp voice from inside, “Pooh, you shameless drunkard! Return the gold broker? The big stars Liu Xiaorou and Yin Youyou were all brought out by your subordinates? The gold medal manager is your virtue? My mother told you, if you don’t pay the rent tomorrow, you will get out of my mother!”

After another bang, ping, bang, bang, the bloated landlady in a nightgown came out of the house domineeringly. After seeing the man with extraordinary temperament at the door and the woman with sunglasses beside him, her complexion paused slightly. Curiously, he looked back at the two of them for a few times, and then walked away muttering...

“Cough, lady boss, I’m sorry, please slow down, this way!” Liang Feixing didn’t expect the reality to be worse than he expected, carefully kicked away the debris at his feet, and led Selena into the room.

As soon as he entered the room, there was a pungent smell of wine. Everything in the room was smashed into a mess, and Xu Tao himself was lying on a pile of debris like mud.

Liang Feixing pinched his nose and kicked Xu Tao’s leg, “Old Xu, wake up! Wake up and have a look! Look who’s coming!”

Xu Tao impatiently waved the wine bottle in his hand, “Get out...get out of here...even if I come here...I don’t see you very often...”

Liang Feixing glanced awkwardly at Selena beside him, and in a hurry snatched the wine bottle from Xu Tao’s hand and threw it away, “You can see clearly, Selena, it’s Selena who is back! She wants to ask you to do it!” Her manager!!!”

Hearing the name Selena, Xu Tao was stunned for a moment, then laughed until tears came out, “Ha...hahaha...Liang Zi, you are more drunk than me...Selena is back...Selena Ask me to be her manager...haha...if Selena comes back...I’ll let you fcuk me!”

Liang Feixing: “...Thank you, I’m not interested in you!”

Chapter 1825

“...Thank you, I’m not interested in you!”

When Xu Tao heard it, he immediately frowned, “Dmn! Why aren’t you interested in me! Do you know how many little fresh meats I killed in seconds with my looks? Do you know how many female and male artists want to sleep with me? Dmn it! Now a two What the hell, you actually said that I have unspoken rules for them, that I forced them to sleep? Give it to me and I won’t even sleep!”

Liang Feixing looked at the other party’s ugly uncle with incomparable disgust, and hid his face speechlessly.

“Pfft...” Selena stood aside and couldn’t help laughing.

Hearing a girl’s chuckle suddenly from inside the room, Xu Tao, who was cursing, fell silent as if someone had choked his throat.

It wasn’t until this moment that he realized that there was another person behind Liang Feixing.

Selena held back her laughter, took off her sunglasses, looked at the opposite man lying in a pile of sundries, and said softly, “Brother Tao.”

Xu Tao was still in a daze: “...”

“Director Liang didn’t lie to you, I really want to ask you to be my manager.” Selena continued.

“I... fcuk!!! Liang Feixing, I call you uncle...”

After a while, Xu Tao uttered an earth-shattering curse, stood up abruptly, and the messy things beside him fell to the ground.

The man didn’t bother to help, he dug out the only clean chair from a pile of mess like a spinning top, wiped it with a sheet, and pushed it in front of Selena, “Sit...Goddess Xi, Sit down quickly! Sorry, the house is too messy!”

After speaking, he pulled Liang Feixing, who was leisurely standing aside and watching the show, to the corner, “Why didn’t you fcuking tell me earlier!”

Liang Feixing smiled, “If I had said it earlier, how could I have gotten the opportunity of Xu Meiren to sacrifice herself!”

“Get out!” Xu Tao cursed angrily and kicked the man, and when he turned to Selena, he immediately changed into a flattering expression, “I...I’m not dreaming! Queen Ning, you really I’m back, are you planning to come back?”

“There is such a plan.”

“But... why me... are you sure you want me to be your manager?” Xu Tao looked at himself in embarrassment.

Dmn Liang Feixing, remind him earlier, he wouldn’t have left such a bad impression on the goddess.

Liang Feixing seemed to guess what he was thinking, raised his eyebrows and said, “Stop muttering, you think Selena doesn’t know what you look like now, pictures of your wretched uncle have been flying all over the sky!”

“Brother Tao, you are the person who knows the company’s situation best. I think you are the most suitable candidate. What’s more, I also admire Brother Tao for your perseverance.” Selena said.

Xu Tao was startled when he heard this, his eyes were slightly warm.

“If brother Tao thinks there is no problem, we can start to arrange work now. Is there anything I need to do now?”

When Xu Tao heard it, his cloudy and dazed eyes immediately became sharp. He finally realized that Selena was serious, and finally realized that all this was real and not just a dream.

He actually waited for the chance to stand up...

Xu Tao wiped his face, quickly took out a stack of materials from the drawer, and said quickly, "I ran for a month to help Liu Xiaorou get the ad for yld skin care products, but after she was poached by Empire, she died. It's all Empire's credit...they signed the contract this morning! Even the time was set by me!"

Selena nodded and stood up, "Let's go, get it back, and start with this ad."

Chapter 1826

Go get it back and start with this ad.

A simple sentence instantly ignited the cold fire in Xu Tao's heart.

Seeing that Xu Tao had regained his energy, Liang Feixing at the side heaved a sigh of relief, "The matchmaking task is complete, I have to go get busy."

Now that Selena is back, he has to prepare a series of public relations plans.

Selena nodded, "Call me if you need anything."

The three discussed for a while, and then began to split up.

Xu Tao used the fastest speed to make himself look like a human being, and then immediately took Selena to yld's company branch in Huaguo.

The endorsement of the first-line international big names is undoubtedly the dream of every rising actress who wants to be gilded.

Now Liu Xiaorou is only short of a few big-name endorsements and a lot of awards to take another step forward, that's why he put in so much effort to help her get this endorsement.

Because Liu Xiaorou was a completely different type from Selena, Yi Xudong didn't like her very much, and he didn't want to spend energy on her. It can be said that he fought hard to get all her resources back.

Speaking of this endorsement, he turned his old face back and forth, don't know how many relationships he has found, and all the entertainment expenses are paid out of his own pocket, but he ended up in such an end, how can he not lose control of his emotions.

He knew that Empire did it on purpose this time. He had offended Empire too hard before, and the other party was already there waiting to give him the final blow.

...

yld company building.

Parker, the person in charge of yld, Liu Xiaorou, and Cheng Yibin, Liu Xiaorou's new manager, were chatting happily in the office.

Cheng Yibin said in a earnest tone, "Hey, there are a lot of empty vases out there now. There are not many distinctive and recognizable artists like Xiaorou. I'm not boasting. We Huaguo have a saying that is good. There is a poetic spirit in it, and an old brand like yld with a profound heritage needs a spokesperson with temperament and connotation like Xiaorou!"

Liu Xiaorou's appearance is not outstanding, but she has a very comfortable scholarly atmosphere, which is like a spring of fresh water in the current impetuous entertainment circle, which is why Xu Tao took a fancy to her at the beginning.

Sure enough, after Liu Xiaorou performed several classic roles because of her unique temperament, she immediately attracted a large number of diehard fans, which also proved Xu Tao's vicious vision.

Parker smiled and said, “Hehe, we are also looking for this quality in Miss Xiaorou.”

Parker was obviously also very satisfied with Liu Xiaorou. Although Xu Tao was the one who persuaded him with this set of arguments, it didn’t make any difference to him.

As long as the results are the same, it doesn’t matter who Liu Xiaorou’s manager changes to. What’s more, Empire’s strength is much stronger than Shengshi. Liu Xiaorou’s joining Empire will be more beneficial to them.

Cheng Yibin looked at Liu Xiaorou at the side, and when he thought of Xu Tao’s panic-stricken expression, he felt a burst of joy in his heart, “Director Parker, look, if there are no other questions, let’s sign the contract today? I’m already at the Grand Hotel Book a seat and celebrate our happy cooperation!”

Parker nodded, and opened a thick stack of endorsement contracts, “Of course it’s okay, this is...”

Halfway through the conversation, there was a knock on the door suddenly.

The assistant pushed the door open apologetically and walked over to Parker’s side, looking a bit embarrassed.

“What’s the matter?” Parker asked in a deep voice, a little dissatisfied and disturbed.

“Director, that... Mr. Xu... Mr. Xu is here...” The assistant glanced at Liu Xiaorou and Cheng Yibin who were facing him, and then said hesitantly.

“Xu Tao?” Parker frowned.

Liu Xiaorou and Cheng Yibin glanced at each other and frowned.

“yes.”

“What’s he doing here?” Parker asked.

The assistant coughed lightly in embarrassment, and replied, “He said...he came to sign the contract...”

Before Parker could speak, Cheng Yibin on the opposite side laughed first, “Sign the contract? What did he use to sign the contract?”

“I think he brought a female artist with him.” The assistant replied.

“Female artist, which female artist?” Liu Xiaorou asked tentatively.

She didn’t remember Xu Tao’s other talented artists.

“The other party is wearing a mask and sunglasses. I don’t know who it is, maybe he is a newcomer?” the assistant guessed.

Cheng Yibin snorted coldly with an angry expression on his face, “This drunk man, has he passed out from drinking, and actually brought someone here to force someone to sign a contract? What kind of place does he think this is?”

Liu Xiaorou showed a sad look on his face, “Brother Tao is probably still upset about my leaving...”

Cheng Yibin’s face was dark, “Unhappy, he still has the face to be unhappy? Xiaorou, you are such a good seedling, you have been delayed by him until now, if you arrived at our Empire early, you would have already become popular, how could you Suffering so much, wasting such a good age in vain!”

Liu Xiaorou pursed her lips, showing a bit of resentment on her face.

She wholeheartedly believes that she can be what she is today because of herself, and under Cheng Yibin’s constant brainwashing, she believes so even more, blaming Xu Tao and Sheng Shi for dragging her down, but she never thought that if Xu Tao hadn’t discovered her back then, With such conditions, she may never have a bright future in her life.

Parker was also very dissatisfied with Xu Tao's nonsense, so he said with a gloomy face, "Go ask him to leave and tell him that I have decided to sign a contract with Miss Liu."

"Okay." The assistant nodded, because Xu Tao stuffed him with a big red envelope just now, so he said something more casually, "By the way, Director, Mr. Xu asked me to help you with a sentence, he Say..."

"What did he say?" Parker asked indifferently.

"He said that if you insist on signing with Ms. Liu, you will lose the only chance to surpass SS." The assistant replied.

The moment the assistant's voice fell, Parker's expression changed suddenly.

As an international first-tier brand, ss is yld's biggest competitor in the Huaguo region, and its sales are suppressed by ss almost every year. He, the director of the Huaguo region, will be beaten by the above every time he holds a meeting. Was ordered to die, must exceed ss.

However, this year's SS spokesperson is the most popular actress in China, Han Zixuan. No matter who he finds, he can't surpass Han Zixuan. That's why Xu Tao persuaded him to find another way and choose Liu Xiaorou.

But now, Xu Tao, who personally persuaded him back then, told him that if he chose to sign a contract with Liu Xiaorou, he would lose the only chance to surpass SS, such contradictory words.

Cheng Yibin saw that Parker's expression was not right, so he hurriedly said, "Director Parker, don't listen to that guy's nonsense, he is completely out of his wits trying to stimulate you by saying this! Why lose the only chance to surpass SS? Could it be possible to sign a contract with him? Surpassing ss? It's just a dream!"

Chapter 1828

Liu Xiaorou also took the opportunity to say, "As far as I know, after Sister Youyou and I left, Brother Tao didn't have anyone under his command... Even in the entire prosperous age... there are not many female artists who can do it..."

Listening to Cheng Yibin and Liu Xiaorou's words, Parker remained silent and did not speak.

He had to admit that Xu Tao had completely pinched him, and those words had too much impact on him.

After a long time, Parker stood up slowly under the eyes of the two, "Mr. Cheng, Ms. Liu, please wait a moment. I'll meet him for a while, and I'll be back later."

Cheng Yibin was unhappy in his heart, but he didn't show it. He smiled generously and said, "Director Parker, you are more considerate. If you explain it clearly to him, you will avoid any unnecessary troubles in the future."

After Parker left in a hurry, Cheng Yibin's expression darkened, and he slapped the coffee table in front of him forcefully, "Good job, Xu Tao! How dare you trip me up at this time, it seems that I am against him. It's too light to strike! A lifeless thing!"

Liu Xiaorou on the side hurriedly comforted him, "Bingge, don't worry, he doesn't have any artists under his command. Even if he tricks Director Parker, it's just a self-inflicted humiliation."

Cheng Yibin's eyes flickered fiercely, "I'll settle the score with him after the contract is signed!"

...

Yld's reception room is decorated with a very artistic atmosphere, retro multicolored glass windows, embroidered sofas with simple patterns, white velvet carpets, tea flowers and peonies with large mouths in vases, and in the display cabinets beside them are Homemade classics.

At this moment, Selena had taken off her sunglasses and mask, and was sitting on the sofa, picking up a picture album on a shelf beside her and flipping through it.

And Xu Tao didn't do anything, just kept staring at Selena, just like a miser staring at his huge treasure.

There's no way, as long as it's a man, no, as long as it's a person, there's absolutely no way to look away from Selena.

The two didn't wait long when there was a sound of footsteps coming from far and near outside the door.

Soon footsteps came to the door, and the door lock was unlocked with a "click", and Parker, who looked very displeased with a cold face, directly pushed the door and walked in, "Mr. Xu, what do you mean? You recommend Liu Xiaorou to me, even if she is not an artist under your command now, you shouldn't deliberately sabotage..."

Parker was talking angrily, and in the next second, his eyes seemed to have his own consciousness, and he was instantly attracted by the figure on the sofa, and his pupils suddenly contracted were filled with incredible light, "My God...Ning...Ning Miss..."

Xu Tao was not surprised at Parker's sluggish reaction. He shrugged and said, "Director Parker, I am not contradicting myself. When I persuaded you to use Liu Xiaorou, I said that if you use Liu Xiaorou, you may be able to find another way to find a way out of danger. win, and this time..."

Parker reacted almost instantly, and his attitude changed a hundred and eighty degrees: "I'm really sorry, I was entangled with trivial matters just now, please wait a moment, both of you."

After speaking, he immediately turned around like a whirlwind, opened the door, and said to the assistant outside, "Go and prepare a new endorsement contract immediately!"

"Huh?" The assistant froze for a moment.

The director just went in for a few seconds, what happened?

At this moment, the corner of Xu Tao's mouth twitched slightly, and he couldn't tell what it was like.

At the beginning, he had spent a lot of effort to persuade Parker to use Liu Xiaorou, and his words were almost broken, but now, he only said this short sentence.

In the face of real strength, all skills are nothing.

Is the update over? Continue in the early morning...

Chapter 1829

Parker wiped his sweaty palms, made a gentlemanly salute, and extended his hand towards Selena, "Miss Selena, hello!"

Selena reached out and shook Parker lightly, "Hi, Director Parker."

Looking at Selena's face as if turning back time, Parker's excitement was beyond words, "Miss Ning, it's been a long time! It's been a year since the last fashion dinner! I don't want to be away for a year, Miss Ning Your face is even more beautiful than before!"

Leaving aside the sensation that Selena's comeback would cause after a year's absence, this "time-turned-back" shocking appearance alone can be used as the biggest selling point of this advertisement.

In the history of classic advertising endorsements, the counterattacks and sales myths of several big names all happened when retired queens and queens came back. What's more, Selena's retirement was not long and the topic was strong.

If he hadn't seen Selena in person a year later, he still wasn't sure if she could beat Han Zixuan who was in the spotlight now, but after seeing the real person, the last sliver of worry was gone.

Han Zixuan and Selena are not in the same weight class at all...

Xu Tao's words were correct, if he missed this time, he might really miss the only chance to defeat ss.

This cooperation must be won no matter what!

"Director Parker, you are overrated."

"No, no, I'm speaking from the bottom of my heart!" Parker's expression was extremely sincere, "It's just that I didn't expect that, Miss Ning, you would come back. It's really a big surprise. If I knew it earlier, I would definitely come to visit in person. Why do you need to run away again?" This trip..."

After finishing speaking, he looked at Xu Tao gratefully, "Mr. Xu, I would like to express my sincere apologies to you for being presumptuous and disrespectful before. Please be sure to sign with yld for this endorsement. Naturally, we will renew the endorsement fee. Agreed, although you can open the price, I can still do it!"

Xu Tao twitched the corners of his mouth with a half-smile, "Hehe, isn't that appropriate? Isn't there someone waiting on your side? It's not good to be told that we cut off the contract midway."

Parker immediately spoke uprightly, "Mr. Xu was the one I met with today. I don't think there is anything wrong with this. Everyone in the company can prove that I have been negotiating with you, Mr. Xu. "

Xu Tao looked a little speechless, tsk, this foreigner can really talk...

"Okay, then let's discuss the specific details now?" Xu Tao accepted it as soon as it was agreed.

"No problem, please take a look at this preliminary contract first, and I will try my best to meet all the requirements of you and Miss Ning!"

...

Meanwhile, in the office.

Parker said he would come back later, but he never came back. Cheng Yibin and Liu Xiaorou had been waiting for more than half an hour, but they still didn't come back.

Cheng Yibin, who was originally an old god, couldn't help feeling a little impatient, "What's going on! Where's the person?"

After all, Xu Tao is an old gold medal manager in the industry. He has been in the entertainment circle for many years, and he has a lot of tricks. Could it be that he has used some tricks again, and things have changed?

Liu Xiaorou looked in the direction of the door, convinced that no matter how capable Xu Tao was, she would be too good for a good woman, so she said indifferently, "I guess he was entangled by Xu Tao, and you know that Xu Tao is very difficult to entangle..."

Cheng Yibin looked displeased, "This kind of rascal, just ask the security guards to drive him out. Talk to him and waste our time for nothing!"

When Cheng Yibin was complaining, Parker's assistant knocked on the door and came in.

Chapter 1830

"Assistant Feng, you're finally here. Where's Director Parker?" Cheng Yibin glanced behind the assistant, but saw no one.

The assistant said politely, "I'm sorry, Director Parker is receiving distinguished guests, please go back, both of you."

Cheng Yibin was stunned when he heard that, "VIP guest? What kind of guest can make Parker break such an important contract?"

Seeing that he was only one step away from signing the contract, he even booked the celebration banquet, but something happened again, Cheng Yibin's expression became a little ugly for a moment, and he said in a slightly lowered tone, "Assistant Feng, please tell Parker The director said, I have already made an appointment to sign the contract today. I came here to help Xiaorou push several important announcements. It is inappropriate for your company to change the date suddenly. If you make an appointment next time, I There may not be enough time here."

There was warning in Cheng Yibin's tone.

After listening to Cheng Yibin's words, Liu Xiaorou immediately gained confidence. Now she is an artist of Empire Entertainment, which is different from the past.

When the assistant heard this, a hint of sarcasm flashed in his eyes. Not only did he not show any nervousness on his face, but he said unhurriedly: "It's not a rescheduling, you two don't have to come again, we have already decided on another candidate for the spokesperson."

"What did you say!!!" The moment the assistant's voice fell, Cheng Yibin stood up abruptly.

Liu Xiaorou's face also changed instantly, with an expression of disbelief.

"What do you think of our Empire Entertainment? If you say that you change people, you change people, and you don't even say hello?" Cheng Yibin couldn't hold back his face, and his face was full of anger.

The assistant chuckled and said slowly, "Mr. Cheng's words are too serious. You understand the rules in the circle. All verbal promises don't count. As long as they don't sign, anyone has a chance to compete. What's more, even if it's a verbal agreement, it's an agreement between Director Parker and Mr. Xu, and it has nothing to do with you, Mr. Cheng, right?"

"you..."

"But I'm the person Xu Tao decided on!" Liu Xiaorou said unwillingly.

"But now Mr. Xu has recommended a better candidate for us."

Cheng Yibin was so angry that his lungs were about to explode, but he didn't dare to really spoil at yld, so he could only hold back his breath, and asked with a gloomy face, "Who is the new spokesperson appointed by Director Parker?"

He wants to see, who doesn't have a good eye but dares to snatch their Empire's endorsement!

Even if this endorsement is taken away, so what, he immediately blocks her to see if Xu Tao can keep her!

"Sorry, this is a company secret, so I can't disclose it." The assistant only said this, and then left.

Liu Xiaorou slumped down on the chair in a daze, "It's impossible...Xu Tao simply can't come up with any better candidates..."

Cheng Yibin snorted coldly, "It's probably a trick!"

Liu Xiaorou was very anxious, "Brother Bin, what should we do now? This endorsement is obviously mine! Brother Bing, you must help me get it back! I have waited so long for..."

"It's just a small endorsement, what's the rush? It's unsightly! Are you still worried about not getting an endorsement if you follow me?" Cheng Yibin irritably said perfunctory.

Parker already has this attitude, how can he snatch it?

He won't act like Xu Tao shamelessly pretending to be his grandson for the sake of endorsement!

Liu Xiaorou wanted to say something else, but seeing Cheng Yibin's impatient expression, he could only keep silent in aggrieved manner.

Cheng Yibin has a lot of big names, and all the good resources go to other people first. How can any good resources fall into her hands?
