### Chapter 1841

“Hey, I guess everyone didn’t expect that today’s organizer could invite the former national goddess Selena to attend. Everyone must be very pleasantly surprised!”

“Even the host himself was stunned! After all, Selena has left the entertainment circle for over a year!”

...

After receiving Zheng Anru’s reminding eyes, the host seemed enthusiastic, but in fact, after the sarcasm was over, the conversation suddenly changed, “Mr. Ning, I don’t know what do you think of Zixuan’s performance just now? Fans and The audience is very satisfied with Zixuan’s new interpretation of Meng Changge!”

this problem...

She said that the fans and audience were very satisfied, if Selena replied that she was not satisfied, wouldn’t she be against the fans?

If the answer is satisfactory, it is affirmation of Han Zixuan’s performance that is even more exciting.

Even if Selena was a little more polite, it is entirely predictable that the other party will definitely hit the snake with the stick in the future. At that time, it will all be entertainment gossip such as “Selena is ashamed to watch the show

live”, “The waves behind the Yangtze River push the waves ahead”, and become the other party’s gossip. stepping stones of...

Facing the hole dug by the host, Selena’s expression remained unchanged, she nodded lightly and said, “The eyes of the fans and audience are naturally right.”

Hearing this, seeing that Selena had fallen into a trap, Zheng Anru secretly showed a mocking sneer.

Selena, who would have thought that she would dare to show up, came just in time!

“Senior, it’s amazing. I still have a lot to learn.” Han Zixuan replied generously and humbly.

However, this senior is full of irony.

Regardless of the host or Han Zixuan, they kept saying that the old days, seniors, once... always reminded Selena that it was a past tense...

At this moment, Zheng Anru, who was on the side, said casually, “Zixuan really has a lot to learn. It just so happens that senior Selena is here today. It’s a rare opportunity. Why don’t you let seniors have a wonderful fight and teach me?” Our Zixuan?”

“Yes, Teacher Ning, please give us a segment! Everyone must be looking forward to it, right? Do you think so?” The host immediately echoed.

Before Selena could say anything, Xu Tao’s face had already changed, “It’s fine if it’s too intense. Selena’s physical condition is not very good recently, so she can’t bear it.”

Hearing Xu Tao’s refusal, Zheng Anru’s heart immediately became more happy, how could he give up such a good opportunity.

Selena used to be a martial arts stand-in before. She has a good foundation and gained a large number of fans with her good skills, but now that she has retired for a year, she must not be as good as before. The role of Meng Changge is not based on face!

Seeing how soft and weak she is now, one can tell that she is absolutely uncontrollable.

As long as Selena disillusioned all the fans on the spot today, then Zi Xuan will have no worries in the future!

“Ah...that’s it! What a pity! But, it’s just a random episode, shouldn’t it be a big problem? After all, Mr. Ning’s Meng Changge was very popular back then, and many old fans at the scene were very much looking forward to seeing Ning again. What was the demeanor of the teacher back then!” The host urged, obviously to make Selena unable to leave the stage if she didn’t perform.

“Brother Tao was too nervous, it’s nothing serious. Do you have a spear?” Selena didn’t care, and asked directly.

Xu Tao became anxious when he heard this, but he kept in mind Liang Feixing’s advice to Selena that she had a serious illness before and had just recovered recently, so she must not be too tired or exercise vigorously.

## Chapter 1842

Xu Tao’s expression was somber, and he was about to continue speaking when Selena glanced at Xu Tao, gave him a comforting look, and signaled that she should be measured.

Seeing Selena’s calm expression, Xu Tao could only hold back temporarily, but his back was tense, and he was always ready to deal with emergencies.

However, even though he was vigilant enough, he still didn’t expect the other party to be so shameless...

The staff member of the fighting scene with Han Zixuan was standing far away holding a spear in each of his hands, and then he threw the spear in one of his hands towards Selena with all his strength... ..

Most people would definitely not be able to handle the huge force thrown at them, and would dodge in embarrassment on conditioned reflex.

Obviously this is the effect the other party wanted. I'm afraid the photographers are already secretly preparing to take a picture of Selena's embarrassment...

Just when Xu Tao was so angry that he vomited blood, and was about to rush up to block the gun, he saw that Selena didn't even blink her eyes, and she slightly backed away. Then, a slender, plain white hand firmly stopped her. that long gun.

After zooming in on the big screen, the fans in the audience could clearly see how fast the long gun flew over, and when the long gun was held in the girl's hand, the gun body trembled violently.

“Wow—“

There were bursts of exclamations and applause at the scene.

Zheng Anru's face turned black, she just picked up a gun, what's the name, what a fuss!

The staff frowned slightly, and a look of surprise flashed in their eyes. After receiving Zheng Anru's displeasure, they immediately raised the spear in their hands and quickly attacked Selena.

When they were fighting Han Zixuan just now, Zheng Anru had already boasted that the other party was a professional martial arts actor, and that he had been training Han Zixuan for the past six months, and the other party did have two talents.

When Selena saw the other party attacking aggressively, she stood in place, and the spear in her hand spun around in her palm as if it was alive, and then, with a “bang”, it fought with the other party's long spear, sparks sparked at the junction radiant.

It was just a short fight, and the martial arts actor knew instantly that Selena was not Han Zixuan's kind of showmanship, but a real one, so he didn't dare to take it lightly...

At the beginning, the other party was still thinking about how to make the other party look ugly without being discovered, but in the end, he didn't have the heart to think about these twists and turns at all, and could only go all out to deal with the other party's increasingly difficult situation. More and more tricky moves...

Dmn it!

This woman actually made a beautiful spear. Before Guo Qisheng said that all the actions in the play were done by Selena himself, he didn't believe it at first, but now...

All the fans in the audience, including the host, stared with bated breath except for the exclamation from time to time. They were so nervous that they couldn't bear to blink, as if what they saw was not a dazzling stage, but a battlefield full of flames. It was not a performance, but a battle. A real battle of life and death.

finally...

With a bang, the spear in the staff's hand was thrown to the ground by the girl in an extremely embarrassing manner.

In an instant, all the fans at the scene were screaming and exclaiming with excitement, whistling non-stop.

"Oh! Selena is amazing!

"so amazing!"

"It's so exciting! I'm so nervous that I'm sweating!"

...

Seeing the reaction of the fans at the scene, Han Zixuan gritted her teeth and clapped her hands with a smile on her face, but Zheng Anru's complexion hidden in the shadows was extremely ugly.

## Chapter 1843

This useless thing! waste!

The professional martial arts stand-in she hired with a high salary actually lost to a woman on the spot?

After the staff member received Zheng Anru's fierce gaze, his body trembled subconsciously. In the next second, a glint of scorn flashed in the man's eyes, and he suddenly picked up the spear that had fallen by his feet, and rushed towards The unsuspecting Selena attacked and left...

brush—

At this very second, the long spear in Selena's hand came out with lightning speed, brushed the opponent's neck, and after a loud bang, it stabbed into the wall behind the opponent.

On the large screen that enlarged the picture, the long gun cut off the broken hair by the man's ear, the tip of the gun sank into the wall, and was inserted straight there, while the martial arts actor's body was stiff, and the extremely terrified expression on his face was magnified in this way. on the screen, forming a huge visual impact...

"Accepted." Selena casually handed over the spear in her hand to the staff on the side, and slowly sat down again.

There is no warm red dress, no heroic makeup, and even she is wearing a gentle cheongsam with her hair in a bun, but no one suspects that the soul in her body at that moment is Meng Changge!

Even if that person was disarmed and returned to the field one day, even if that person's body turned into decay, she would still be Meng Changge!

“Long song! Long song! Long song...” the old fans at the scene shouted excitedly one after another, their expressions were beyond words.

“Selena, are you okay?” Xu Tao asked Selena nervously like an old mother the moment Selena came back.

“It’s okay.” Selena shook her head, a thin layer of sweat broke out on her forehead, and her wrist also felt swollen and painful, but luckily it didn’t last long, so there was no serious problem.

At this moment, looking at the reaction at the scene, Zheng Anru was pinching his fingers, his face pale...

over...

irreparable...

Originally, she planned to ruin Selena’s image in the hearts of fans, but it turned out that she was insurmountable...

It’s like digging a hole and burying yourself!

no...

This kind of thing must not be allowed to happen!

Once this impression is given to fans, everything will be over!

“Senior is worthy of being a senior. It really is not old. Our Zixuan is young, so it seems that we are still too young!” Zheng Anru applauded with a smile on his face, but deliberately emphasized the old words to highlight Han Zixuan’s youth.

In fact, Han Zixuan’s age was only about the same age as Selena’s.

When Zheng Anru said this, he glanced at the excited fans present with a half-smile, and then said slowly, “It’s really surprising that Senior Selena was able to attend today, but it should be more of an accident, right?”

After all, senior Selena retired a year ago, your fans were very sad back then!

After being away for more than a year, senior suddenly reappeared today. Is there nothing I want to explain to your fans? “

Zheng Anru sneered, provoking every sentence, no doubt trying to arouse the hatred of the fans and the conflicts between Selena and the fans in this long year.

Stupid fans, have you forgotten how cruel this woman was back then, how she disappeared irresponsibly without making a sound?

This kind of person...is it really worth your continued liking?

Accompanied by Zheng Anru's words, the fans who were excitedly cheering just now fell silent in an instant.

Most of the fans who came today were fans of Han Zixuan and Louis.

And almost all of Han Zixuan's fans and some of Louis's fans were Selena's diehard fans back then...

On the stage, Selena sat there quietly, silent for a long time.

Xu Tao's heart tightened suddenly, the thing he was most worried about happened...

## Chapter 1844

Seeing the reaction of the fans, Zheng Anru on stage, and Wang Haojun behind the stage, all breathed a sigh of relief.

"Zheng Anru still has a solution!" Wang Haojun looked very satisfied.

The PR director next to him sighed, "After all, she is one of the people who knows Selena best, so she naturally knows where her weakness is!"

At this moment, the entire hall was still dead silent.

I do not know how long it has been...

The atmosphere became more and more oppressive, like the calm before the storm.

Just as a haze was gradually brewing and spreading among the crowd like a plague, a woman's voice finally rang out.

"I'm sorry...for making everyone worry, for making everyone wait...for so long..."

The fans in the audience were silent.

"A lot of words... I don't know how to speak..."

In the silent hall, the girl continued talking.

"Let me... sing a song for you!" The girl raised her head and smiled, but her eyes were full of sadness.

Still no one spoke.

Selena tilted her head and spoke softly with Xu Tao. Xu Tao hesitated for a moment, then nodded and left to go backstage.

Zheng Anru and the others didn't stop them, they all looked on coldly, hehe, singing at this time? Divert attention? How funny! Could it be that she still wants to switch careers and become a singer?

I don't believe she can turn the world upside down! Even if they flipped over, they still have a way to flip back! It doesn't matter who's here today!

After a while.

With a sound of "dong", the whole stage suddenly went dark, only a ray of light hit the girl in the center of the stage in a white cheongsam.

The girl closed her eyes and sat there very quietly.

The prelude to the music sounded...

"Thank you..." The girl held the microphone, her eyes fell on all the fans in the audience, and she continued to sing softly, "Give me the glory..."

“I want to bow deeply to you... because someone can understand the hard work I put in...”

The moment the girl's voice sounded, the eyes of the fans in the audience tightened slightly.

“The applause is thunderous, the heart is surging

This is the beginning, not the end

When you slap your palms for me

What should I get in return, you have a soft spot...”

Accompanied by the girl's words, the big screen behind the girl suddenly lit up.

A girl appeared on the big screen. The girl was wearing a bright red outfit, smiling shyly and signing autographs for several fans. The girl said that this was the first time she had signed autographs for fans, thank you everyone...

“Thank you for the honor

I used to be so ordinary

It was you who made me realize my dream to its peak...”

The scene on the big screen switched. Selena, dressed in handsome men's clothing, was surrounded by a large group of enthusiastic fans with other crew members. The girl raised her eyebrows and raised her mouth slightly, and said to the security guards, be gentle with my women... ...

“That minute, in my mind

too many feelings, indescribable

The future is full of twists and turns, never relax

Prove that your choice is different...”

On the screen, the girl's face is full of tears, walking alone in the wild forest in the heavy rain, followed by behind-the-scenes footage, the girl is too tired,

directly lying on the ground, sleeping with her clothes on, her face is so beautiful...

"It is our honor

I already know where I should go..."

Wearing a bright red dress, the girl spoke her acceptance speech with tears in her eyes on the podium of the much-anticipated Golden Palm Awards...

"It is our honor

This is an ode to you

Every one of you is my great hero..."

Accompanied by the girl's hoarse and choked last song, the picture on the screen stopped, and the faces that were already full of tears appeared in the audience.

And the girl singing quietly on the stage has already burst into tears at this moment...

Chapter 1845

And the girl singing quietly on the stage has already burst into tears at this moment...

The music stopped, the lights came on, the girl stood up, and bowed deeply to everyone in the audience.

Scenes of memories belonging to them and Selena, pairs of red eyes, faces full of tears...

Among the crowd, I don't know who was the first to speak out, breaking the silence...

"Xi Fan is everywhere, Karen is irreplaceable..."

This familiar and tearful loyal fan slogan was like a ground-breaking shock, and instantly ignited the fire buried in everyone's heart.

Immediately, like the tide, everyone shouted along...

"Xi Fan is everywhere, Karen is irreplaceable..."

"Xi Fan is everywhere, Karen is irreplaceable..."

"Xi Fan is everywhere, Karen is irreplaceable..."

...

On the seat, Travis, whose eyes were red from crying, suddenly stood up and shouted: "I will never forget my original intention, and I will shine brightly with you..."

Immediately, there was a hundred responses, and everyone began to shout: Never forget your original intention, and shine brightly with you...

Zhuang Rongguang next to Travis wiped away the boy's tears, and began to howl at the top of his voice: "No Selena, no world..."

"No Selena, no world..."

"No Selena, no world..."

"No Selena, no world..."

...

Until Selena bowed and left the venue, the uniform voice still echoed above the huge exhibition hall for a long time, and the excited fans watched the girl leave one after another.

That is their idol, their idol, their belief, their youth...

So what if she left?

We are still here! We are always there!

Under the stage, a girl with a round face lay on the shoulder of her best friend, crying out of breath.

The best friend patted her shoulder lightly to comfort her, "Okay, okay, Karen is back!"

"I'm not crying about this!"

"Then why are you crying?"

"Crying, how could I be so stupid, how could I betray Karen, and fall in love with Han Zixuan, that pirated counterfeit? I don't deserve to be Karen's fan at all!"

"Uh, don't be sad, anyway, so many people will accompany you to be an idiot!"

The round-faced girl smiled through tears, and said gleamingly, "I didn't know until some people appeared again, what is irreplaceable..."

This moment.

Han Zixuan's face was pale, and Zheng Anru's guts were green with regret, regretting that Selena should not be allowed to sing, and the two hosts were completely unable to intervene.

The investors in the seats were completely stupefied, but in the backstage, Wang Haojun was so angry that he almost fainted on the spot when he saw the fans who were still crying and chanting slogans, and those fans of Han Zixuan who were chanting Selena's name crazily. past.

He spent so much money, invited so many guests and media, and created a venue...

In the end, it became Selena's personal comeback show...

The new version of "The World" was crushed into the dust, fans returned to Selena's embrace because of one song...

He finally knew that Glory World Entertainment was here to spoil the show today! And smashed it thoroughly! The table was smashed!

The public relations director hid aside, secretly watching the excited fans outside, his face full of amazement.

Hey, at first he really thought that Han Zixuan was invincible, but when the real master appeared, no matter how popular Han Zixuan was, no matter how glamorous her appearance was, he felt that she was nothing.

How can fireflies compete with the sun and the moon...

## Chapter 1846

In the video game city.

At this moment, countless passers-by looked up at the live broadcast on the big screen. Like the audience in the live broadcast, their eyes were red, and they couldn't help shouting slogans one after another.

In addition, there are restaurants, streets, companies, homes...

Countless people saw this live broadcast, countless fans saw Selena, heard her singing, and heard her calling out in unison...

After Selena left the venue, the live broadcast continued.

"Selena, may I ask if you are coming back this time to make a comeback?"

"Queen Ning, after a year, why did you choose to appear on an occasion like today? Is it just because you were invited by the organizer?"

"You should know about Louis, right? What we have been waiting for today is Louis's apology. It is said that the person who was originally arranged to attend was also Louis. Why did it become you later? It was because Louis refused. Sorry, is that why Sheng Shi asked you to come forward?"

“You are in the limelight today, won’t you be a bit of a sensationalist? Hehe, it sounds nice, why are you invited to join us, you are not here to spoil the scene, are you?”

“Empress Ning, could you please answer me?”

...

As soon as Selena came out, she was immediately surrounded by the swarming media.

Facing the barrage of questions, Selena suddenly stopped and glanced at the reporter who questioned that she was here to mess things up.

The reporter was a little scared by her, and he took a step back unconsciously.

Afterwards, the other party saw that Selena frowned slightly, and then said quietly, “Who said... I didn’t come here to mess things up?”

All reporters: “...”

Louis, who was lying on the wooden horse and watching the live broadcast attentively, “Puff...cough cough cough...”

The reporter who deliberately wanted to embarrass Selena, seeing Selena’s calm appearance, became speechless, and said with a flushed face, “You are going too far, are you bullying others just because you are a senior?” ? Don’t you know how bad Louis’s behavior is? How dare you cover up this kind of person? What kind of goddess, but she’s the same as that sgumbag!”

“Have you recorded it?” Selena didn’t reply, but spoke to Xu Tao who was at the side.

Xu Tao nodded and shook his phone, “It’s done! Actually, there is no need to record it, someone is broadcasting it live! Everyone can see it!”

The reporter immediately became anxious when he heard that, “I’m only telling the truth, can’t you even tell the truth these days?”

Xu Tao chuckled, “Whether it’s the truth or a rumor, a lawyer will tell you later.”

Selena glanced at the reporters who kept asking questions, and said calmly, “I already know about Senior Jiang’s affairs, and I also know that the original arrangement of today’s organizer was for Senior Jiang to apologize publicly, that’s right, I also think it’s true. There should be a public apology.”

Hearing Selena’s words, the reporter thought she had given up, and immediately looked proud, “Queen Ning, it’s too late to change her words now...”

In the next second, Selena’s gaze flickered, and the topic changed suddenly, “However, it’s the organizer, and I apologize to Senior Jiang.”

The moment Selena finished speaking, there was an uproar in the audience.

What? Apologize to Louis? Is Selena crazy?

A large part of the reporters also muttered to themselves, Selena’s tone was so sure, could it be that there was something hidden about this matter?

After Selena finished speaking, she ignored the reporters’ frenzied questioning and got into the car without saying a word, escorted by Xu Tao and bodyguards.

In the video game city.

Louis stared blankly at the live broadcast above his head, seeing the girl domineeringly supporting him, seeing the girl raising her eyebrows and saying, “Who said I’m not here to mess things up”, his heart was full of swells, and said I can’t feel it...

in the car.

Xu Tao's mood was so good that it exploded, "Selena, the song you sang impromptu just now was so effective! With the video materials I brought with me, it was tear-jerking ax! fcuk, I even cried What an idiot! This saves me a lot of trouble, I was thinking about how the fans would explain it..."

As Xu Tao said, remembering Selena's confrontation with the reporter just now, he looked a little worried, and said in a tactful tone, "Well, but, Selena, is there something wrong with what you just said to the reporter? Louis This matter is very tricky! I understand your desire to help Louis, but it's easy to get yourself involved when you talk so full of words in front of everyone!"

"They will apologize." Selena said with certainty.

After saying this, Selena picked up her cell phone and made a call.

Seeing this, Xu Tao looked over curiously, wondering who she was going to call.

Regarding Louis's matter, it would be useless to ask someone to come forward, right?

That photo is the proof!

Unless Shen Mian personally clarifies...

But how is it possible!

Shen Mian almost regarded that film as his lifeblood, and because he knew about it, Louis didn't say a word until now.

Even if Selena had some friendship with Shen Mian, she might not be able to convince him...

"Hey, Director Shen, long time no see?"

When Xu Tao heard Selena's voice, he thought to himself, he really was looking for Shen Mian!

"You... Ning Ning Ning... Selena?" On the other end of the phone, Shen Mian's voice was as if he had seen a ghost, and he couldn't speak clearly, "Dmn it! I just watched the live broadcast! I thought I was hallucinating What! You really came back? Nima, a whole year and three months! I thought you went back to your alien planet!"

“Oh, it’s rare that Director Shen still remembers me.” Selena said quietly.

Shen Mian heard something wrong with Selena’s tone, and coughed lightly, “What, you called me because...”

“Louis.” Selena said Louis’s name straight to the point, “Director Shen, you’re not doing this well enough, right?”

Shen Mian’s tone was a bit awkward, “Hey, hey, I know, I know that Louis was really wronged in this matter! But I’m a victim too!

I have been trembling and hiding it all the time, how could I know that the still photos would suddenly be exposed!

I don’t know if they have told you that the situation of my film is indeed sensitive, and it will definitely not be released in China. I am rushing to participate in international film festivals!

You said... I was sneaking through the process to submit for review. If it was revealed to me, the higher-ups would immediately order me to block it and not let me go to foreign exhibitions. Who would I cry to? At that time, this film will be shot for nothing! “

“So you just watched Louis bear all the consequences by himself?”

Shen Mian struggled, “Selena, I know you’re fighting for Louis, I’ve worked with that kid in so many dramas, and we’re old acquaintances, this time I really appreciate his generosity, wait for my process to go Finished, after confirming the qualifications to participate in the exhibition, shall I immediately issue a statement?”

“The day lily will be cold by then!”

“But...but this is the only way now! Otherwise, tell me, what do you want me to do?” Shen Mian said helplessly.

“Clarify everything right now.”

“My little aunt, aren’t you trying to force others to do this? If you clarify now, then my film will be completely ruined!”

“If you destroy it, I will pay you one.”

“Okay! I’ll post it right away!!!!” Shen Mian changed her words so quickly.

## Chapter 1848

Xu Tao who was next to him vaguely heard the conversation between the two, and almost spit out a mouthful of old blood!

Nima’s deep sleep... is too immoral! This changed to...

Selena didn’t expect Shen Mian to change her words so quickly. Looking at the phone, the corners of her mouth twitched slightly.

“Selena, that’s what you said. You said you would pay me for one movie. The heroine of my next play has already booked you. If the heroine can’t do it, the male lead can also book you! You can’t go back on your word!” Shen Just now Mian was trying to force Haha to sell miserably, but now she has a tone of wishing that the drama will be ruined.

Selena laughed, “Understood, when did I go back on what I promised you?”

“Hahaha...Okay! Then I’ll post it right away! Just wait!” Shen Mian happily responded.

Xu Tao on the side watched in amazement from beginning to end, unprepared, “Uh...is this solved...?”

Awesome, my lord queen!

“Tsk, but it’s really cheap for Shen Mian! The first film after your comeback, I just booked it for him! Let me tell you, after Shen Mian finished filming your “Dream Seeker”, later filmed Although the two movies in the movie are not bad, they can’t compare with “Dream Seeker”.

Probably because I was always told that I couldn't surpass "Dream Seeker", I was a little impatient, and I took the risk to ask Han Zixuan to make a banned film that I knew I couldn't pass in China, and wanted to win an international award..." Xu Tao couldn't help but vomit .

...

At the same time, the International Convention and Exhibition Center has been empty.

Wang Haojun, Zheng Anru, Han Zixuan, and a group of investors stared in the background, and the atmosphere was gloomy.

At this moment, besides Han Zixuan, the most embarrassing person at the scene was the well-dressed Deputy General Manager of Star Entertainment, Susie...

Tonight was an opportunity she had waited for a long time on purpose, and she deliberately wanted to make an appearance at the finale, taking the opportunity to clean up the past, and even the idea of inviting the original people to attend as guests was also brought up by her taking the opportunity.

But she didn't expect... Selena, who had disappeared for so long, appeared without warning like a ticking time bomb and exploded in her world.

Originally, her original affairs had been forgotten with Selena's retirement. With the success of her career, she even gradually began to walk the route of an inspirational goddess. Some sympathy and understanding.

However, as soon as Selena appeared in front of everyone, all the things she was most ashamed of, hated, and least wanted to be known by others surfaced again.

As long as Selena is around, everyone will firmly remember that Selena is the real rich lady, and she is just a fake who wants to occupy the magpie's nest.

Even if she has everything now, she can't get rid of this Dmn shadow...

"When Shengshi agreed, why didn't you check it out?" No matter how deep Susie fell into the city, she was already upset and angry at this moment, her blood was surging.

“Ask you! Why didn’t you find out!” Wang Haojun angrily scolded.

The public relations director who was responsible for the blame had a bitter expression on his face, “I asked clearly, and the other party said with certainty that he would give us an explanation. How did I know that Shengshi would come to this... I would never have thought that Selena would Come out...”

In their eyes, Shengshi is just a lingering dregs, let alone this high-level executive, in fact, everyone did not pay attention to Shengshi, so they made such a big mess by taking it lightly.

The PR director continued, “Also, from Selena’s answer to those reporters, it’s clear that they... clearly planned it... to make things worse...”

“Nonsense! Do you need to say this?” Wang Haojun was furious.

His place was smashed, and he even made a wedding dress for someone else!

At this time, one of the few investors who had been muttering next to him stood up as a representative and said, “Well, actually... Judging from today’s incident... the cast of our drama... In fact, it can be adjusted and adjusted...”

Zheng Anru’s face immediately changed upon hearing this, “Mr. Qian, what do you mean?”

With a beer belly, Mr. Qian said with a smile, “Today, you have seen Selena’s popularity and topicality. We have invested so much money in this drama, so naturally we hope to get the biggest return, don’t you think so? “

How could Zheng Anru not know what the other party meant, and immediately said with an ugly face, “Zi Xuan’s contract has already been signed, do you still want to change? Change to an old actress who has retired for so long?”

Mr. Qian, Mr. Li, Mr. Cui, you don’t know much about the entertainment industry, that’s why you were deceived by tonight’s appearance. Selena just showed up after a long absence, and the fans will inevitably get emotional. It’s like a flash in the pan !

You really let her take the lead, do you think she can do it? She has no resources, no connections, and is still in that ghostly place in the prosperous age, so why should she compare with Zixuan? She is not even qualified to carry Zixuan’s shoes! “

After Zheng Anru’s crackling words, Mr. Qian and several other investors looked at each other and hesitated again.

Wang Haojun hurriedly took the opportunity to say, “You guys, please be safe and don’t be impatient! Manager Zheng Da is the most outstanding gold broker in the circle, and her words are absolutely correct! Our Empire invested the most this time, how can we not I won’t cheat myself!”

At this time, a well-dressed middle-aged man next to him said in a deep voice with displeasure, “Don’t think we don’t understand anything, people are stupid and money is easy to fool, even if Selena has completely lost popularity now, her appearance today It has completely ruined everything we have been building for so long!

The movie “The World” will never be surpassed in the hearts of the audience! It’s useless even if we spend more money! In this way, even the original version can’t be surpassed, and you still want to surpass “Nine Heavens”? dreaming?

Why? With your so-called popular queen Han Zixuan? Han Zixuan who can’t even control her own fans? “

Tonight, Han Zixuan’s fans turned their backs one after another, no doubt they slapped Han Zixuan heavily on the spot.

At this moment, being pointed at by the investor, Han Zixuan trembled with anger. After she became popular, she was chased and praised wherever she went. How had she ever suffered from such a useless attitude?

Just when Han Zixuan was almost unable to control her emotions, Susie said, “Mr. Li’s words are wrong, you know, not all the fans who came tonight are Zixuan’s fans, at least half of them are A diehard fan of Louis.

Is it true that there is so much noise tonight, or someone deliberately arranged and instigated it for people to see, so as to achieve an ulterior purpose, or even...to snatch the role... Mr. Li knows the entertainment industry very well, I think you You know the twists and turns here, right? “

That President Li frowned slightly when he heard Susie’s words, and he listened to it. He really couldn’t guarantee the authenticity, but tonight’s situation, according to his intuition, he didn’t think it could be faked, after all, Even he, a bystander, was moved, and was convinced by Selena...

## Chapter 1850

Wang Haojun and Susie managed to appease the investors, but something happened on the other side.

Public relations director Liu Wenliang ran over with his mobile phone in sweat, “Wang... President Wang... Vice President Ning...”

“What’s the matter?” Wang Haojun asked impatiently.

Seeing his flustered expression, Susie, Han Zixuan and Zheng Anru all frowned and looked at him.

Facing everyone’s eyes, Liu Wenliang’s pale face became tangled, swallowed, and said with great difficulty, “Shen Shen...”

“Why is it heavy?” Wang Haojun cursed.

“Shen Mian!!!” Liu Wenliang finally pronounced the name, glanced at Han Zixuan and Zheng Anru secretly, and then said, “Shen Mian just posted a Weibo, clarifying that the k!ss photo of Zixuan and Louis is Stills!”

“What did you say? It’s impossible!” Zheng Anru suddenly changed color.

Liu Wenliang said with a bitter face, “It’s true, Shen Mian even released detailed video materials to testify!”

“Is Shen Mian crazy? Does he know what he is doing?” Zheng Anru screamed in disbelief.

Han Zixuan’s complexion also changed completely, but her tone was extremely firm, “There must be some misunderstanding, Director Shen absolutely cannot do this!”

Shen Mian is definitely the last person who doesn’t want this matter to be exposed, that’s why they leaked the photos without any scruples.

While talking, Han Zixuan quickly took out her phone and clicked on Shen Mian’s Weibo.

As a result, in the next second, I saw the extremely eye-catching Weibo content that Shen Mian put on the top right now...

Here I would like to clarify one thing with everyone. This photo is a still photo of the new drama “Kanto Chaos” that I took not long ago, and it was taken on loan at that time. Because of my selfishness, when I knew the truth, I never stood up and explained it to everyone, causing innocent people to be greatly affected and implicated. I am deeply sorry for this!

Below this passage is a detailed comparison of the stills and the content of the film, even including some sensitive content...

Han Zixuan froze there immediately.

Shen Mian is indeed crazy...

Not too crazy...

Zheng Anru’s face was dark, and he said sharply, “This matter must not be left like this! What is going on with Shen Mian, even if he goes crazy, he can’t drag our Zixuan into trouble. Doesn’t he know that this movie is very important

to our Zixuan? How important it is! At this juncture, he actually exploded the movie himself! And everyone knows it! Is it because I am afraid that the higher authorities will not ban it?"

Liu Wenliang coughed lightly, "I don't think it's that simple, Shen Mian couldn't have done this for no reason..."

"Nonsense! It's up to you to say that? It must be Shengshi's tricks!" Wang Haojun said angrily.

Liu Wenliang frowned, "But... with Sheng Shi's current ability... how could he possibly be able to persuade Shen Mian to make such a big sacrifice, and personally stand up for Louis..."

"Selena..." At this moment, Susie who was beside her read a name dimly in her eyes.

Although Zheng Anru hated Selena, he didn't quite agree with Susie's words, "How can Selena have such a big face? Vice President Ning, you think highly of her too!"

Wang Haojun was completely overwhelmed, "Okay, don't talk nonsense, the problem now is how to solve the matter! Liu Wenliang, I want to ask you a question! What do you do as a public relations director for making so many troubles one after another? No wonder people always said that you are the second child of ten thousand years, and you will be suppressed by Liang Feixing for the rest of your life!"
