Chapter 1861

After Susie finished speaking, she stepped forward, with an expression of meeting her relatives.

Zheng Minjun didn't want to talk to him at first, but seeing that Susie had already made a move, he could only follow.

"Sister, is that you?"

Walking to the side of the stream, Susie looked at Selena excitedly and nervously and said.

Hearing the voice behind her, Selena subconsciously turned around.

Seeing that it was Susie who came, Selena was slightly taken aback and raised her eyebrows slightly.

She didn't expect to meet Susie in Tianquan Villa, and Roman's mother Zheng Minjun was also there.

"Sister, where have you been this year? Roman and I are so worried about my sister!" Selena just turned around when Susie said with excitement.

"Worried?" At this moment, Zheng Minjun sneered, "Susie, what are you worried about? Who doesn't know that this woman was taken over by a powerful old man? Otherwise, would she have given up the entertainment industry? Nian must be happy and happy, so it's your turn to worry?"

"Mom, I believe my sister will never be this kind of person." Susie immediately helped to defend.

“Susie, you are just too naive. Mom has lived such an old age. I have never seen anyone. There are countless women who are willing to degenerate, vulgar, and willing to sell their bodies for the sake of glory and wealth. How would you know how dirty it is inside! “Zheng Minjun looked at Selena as if he saw something disgusting.

Susie smiled apologetically at Selena, “Mom, don’t say that about my sister...”

Selena stood there, full of sh1t, watching the two sing along like an idiot.

Not seeing each other for more than a year, she thought Susie could make some progress, but this trick has not changed at all, is she really planning to rely on this trick to win the world?

Before Zheng Minjun could speak, Susie said in a smooth manner: “Sister, I’m sorry, Mom and I still have something to go to the villa, so we’re leaving first.”

After finishing speaking, he reminded casually, “By the way, sister, are you here to see Mrs. Li? You need an invitation letter to enter, but unfortunately I only have two here, otherwise you can bring my sister in together Already!”

Zheng Minjun immediately frowned and said, “Susie, okay, is this kind of place allowed for people like her to enter? Susie, let’s go in quickly, don’t keep Mrs. Li waiting.”

“Sister, I’ll look for you next time I have a chance.” Susie achieved her goal of showing off, and left with Zheng Minjun in satisfaction.

When the two female receptionists saw the two of them coming back, one of the female receptionists looked at Selena who was not far away, and asked curiously, “Miss Ning, Ms. Zheng, do you know that woman over there?”

Zheng Minjun immediately said, “How could we know such a lowly woman!”

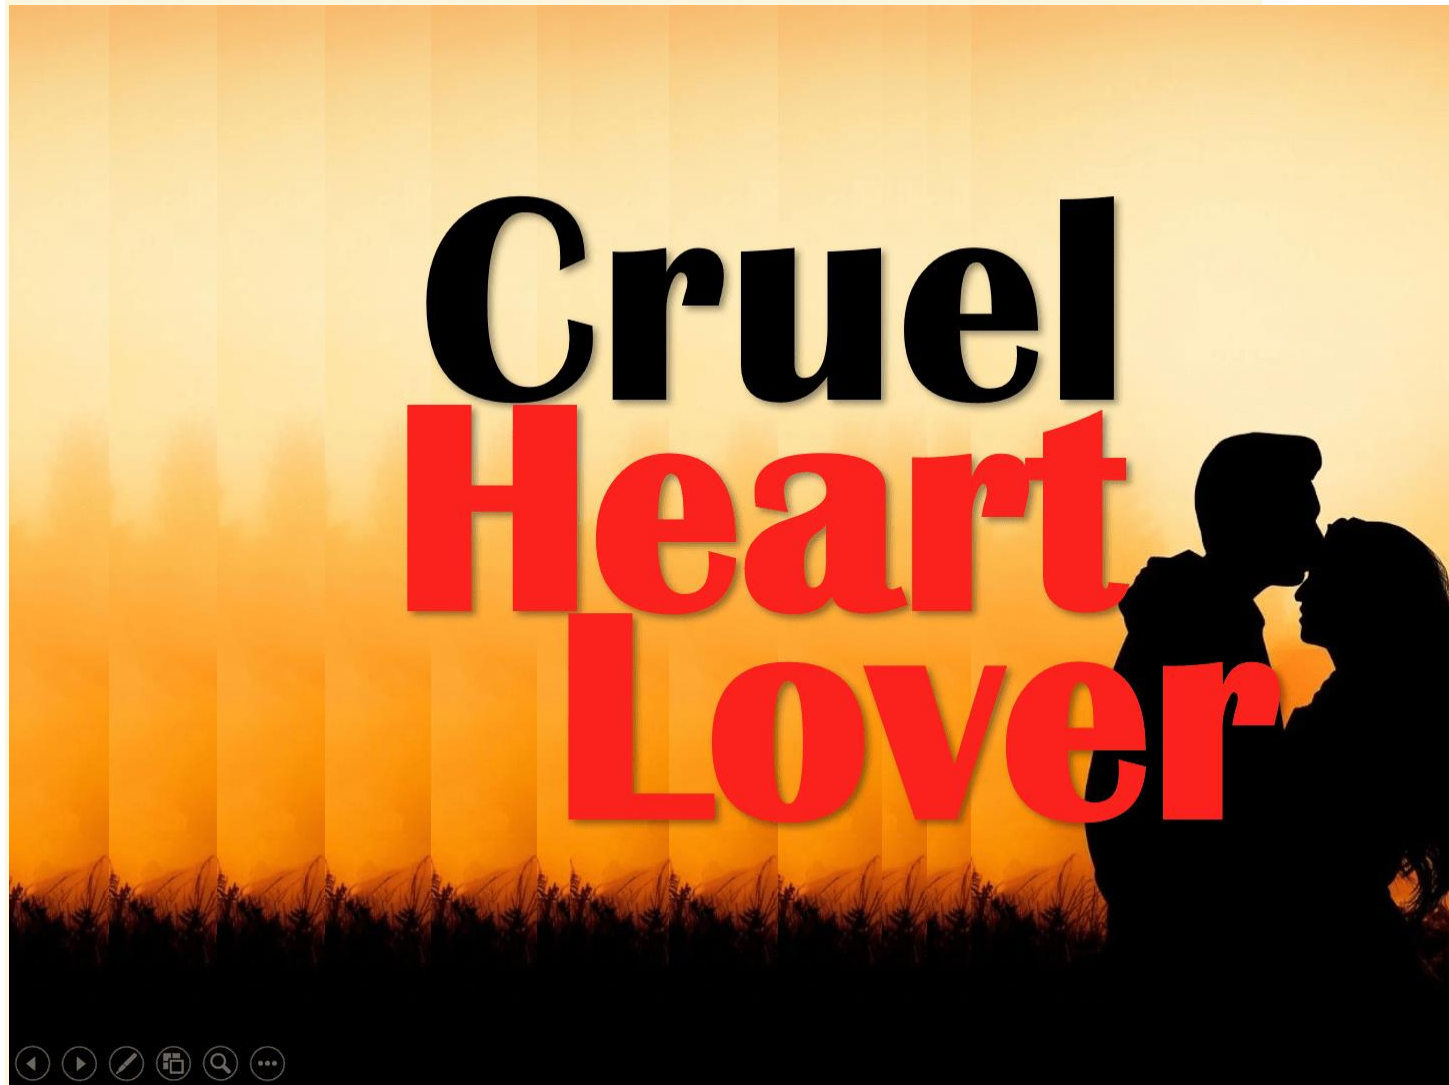

When the female receptionist heard Zheng Minjun’s tone, she immediately changed her tune and said, “Let me just say, as the two of you, you shouldn’t know that kind of woman! I think she has been around the villa for a long time, and she is probably here to apply for a job.” The waiter in the villa.”

“It’s just a has-been actor. I’m afraid he’s tired of playing after being taken care of by others. He probably won’t be able to get along anymore. Maybe he really came here to apply for a servant.” Zheng Minjun sneered.

“Huh? An outdated little actor? Still being adopted?”

Hearing what Zheng Minjun said, there was a trace of disgust in the eyes of the two female receptionists.

“No wonder, when I saw that woman, I knew that she was just like those flamboyant women recently, who wanted to sneak in and start a relationship!”

Chapter 1862

“No wonder, when I saw that woman, I knew that she was just like those flamboyant women recently, who wanted to sneak in and start a relationship!”

“What kind of place do they think this is? Our receptionists are all highly educated and have undergone strict training. Does she think that she can get in by relying on her face and body?”

Female receptionists like them have great malice towards women who want to steal their jobs from them, and their words are very ugly.

Of course, Zheng Minjun, especially Susie, was very pleased to hear such words.

“If you really came here to apply for the job, you must not use it, and don’t dirty the boundary of Tianquan Villa.” Zheng Minjun said quietly.

“That’s for sure, don’t worry, you two, we will warn that woman later! I won’t disturb all the distinguished guests!” The two responded repeatedly.

...

Soon after the two receptionists led Zheng Minjun and Susie in, they came back again.

Looking at it, it turned out that Selena was still hanging around.

The two looked at each other, and immediately walked forward with a cold face.

After seeing Selena’s face at a close distance, the two of them were stunned.

The shock from a close look is countless times more shocking than from a distance. The girl’s skin is as fair as suet jade, and even the pores cannot be seen. Her temperament, appearance and figure are not even comparable to the ladies of many dignitaries and wealthy families. superior.

No wonder it looked so familiar just now...

He is indeed a big star. Isn’t this Selena, the heroine of “Nine Heavens”, who was so popular back then?

They never thought that Selena's real person was thousands of times more beautiful than the one on TV, and she didn't even appear on the big screen for more than a year.

I'm afraid this woman... is not abandoned, but relying on her appearance, she is not willing to just be kept, but wants to continue to climb up!

No matter how beautiful she used to be and how popular she was, she was just a low-status actor. Could it be that she still wanted to be an official's wife?

It's simply unsatisfactory, whimsical!

Among the women who came to the villa to apply for a job, what they hated the most was people in the entertainment circle, because people in that circle often had the most status means and the greatest threat to them.

"Sorry, this is a private club, so you can't visit it at will!" One of the female receptionists looked Selena up and down unabashedly, her tone extremely indifferent.

"Miss, if you are here to apply for a servant, then I'm sorry, our Tianquan Villa has enough staff recently, you can try another one." The other also said.

A beautiful past actress who was once taken care of by others came to apply for a job at Tianquan Villa, a place where rich and powerful gathered, do I still have to ask? Definitely looking for a new target!

Just thinking about it makes me sick!

"Application...?"

Selena was taken aback, a little dumbfounded, did she look like she was looking for a job?

One of them looked at the time on the phone and said impatiently, "Don't pretend, we've seen a lot of people like you, hurry up and go, otherwise if you see you still walking around later, it's not a warning Easy!"

They still have to go inside to entertain distinguished guests, so they don't want to waste precious time here.

This woman has been around here alone for so long, obviously she has no connections, and she wants to try her luck nearby. The management of this kind of person will certainly not be recruited casually.

These servants all have referees to ensure that there is no problem with their family status.

Chapter 1863

Not long after the two left, Selena received a call from Meng Linlang.

“Selena, I’m really sorry. I’m in a hurry here. I’ve sent someone to pick you up. You go in with her first. I’ll be fine soon!”

“Okay, it’s okay, auntie, you are busy with your work!”

Selena didn’t mention the matter to Meng Linlang just now, lest Meng Linlang would be difficult to do and would conflict with the master.

Anyway, it was nothing more than a small misunderstanding between the two waiters.

After Selena hung up the phone, a receptionist who was wearing the same uniform as the two receptionists just now walked over.

The moment the receptionist saw the girl, she was stunned for a moment because of the girl’s appearance and temperament, but her professional quality quickly brought her back to her senses.

“Hello, Mrs. Zhuang asked me to pick you up, please follow me.”

“thanks.”

Along the way, the receptionist secretly looked at the girl beside him from time to time.

Who is this girl from Meng Linlang, and why has she never seen her before?

The appearance is very similar to a certain big star she knows, but there is still a big difference in temperament and appearance...

Probably just look alike...

Although she was very curious, in her capacity, she didn’t dare to ask rashly, and could only guess secretly.

...

At the same time, the atmosphere of the small party belonging to the wives in the villa was lively.

Just now, the two receptionists were smiling sweetly at the moment, interspersed with ease, serving the distinguished ladies.

Mrs. Li was surrounded by stars like a moon, surrounded by laughter and joy.

The topics that the women talked about were nothing more than clothes and jewelry, men, and gossip from various families. Of course, they did not forget to quietly inquire about the news during the period, and hinted their purpose to those who wanted the other party to know.

This is a diplomacy between ladies.

In many cases, “lady diplomacy” also occupies an extremely important position in the business and political circles.

When Susie and Zheng Minjun arrived, they could only see that all the people present were people whom they would have a hard time meeting. Except for the mistresses of the top wealthy families, most of them were wives of officials.

Susie and Zheng Minjun could do well in the business district, but they are nothing here.

When the two arrived, only Susie’s referrer and a few people greeted them briefly, and then continued to chat.

But the two of them didn’t care about it at all, after all, the identity of the other party was here.

Seeing such a high-end gathering place, Zheng Minjun was filled with pride and anticipation. After returning from this gathering, it would be enough for her to show off in front of those wives and wives who usually play together for a long time!

Susie’s eyes turned slightly, and she started from a wealthy lady who was a little friendly, and slowly blended into their topic.

Although she can’t talk to Mrs. Li for the time being, she knows that this kind of thing can’t be rushed, and if she can get acquainted with her a little today, it will be considered a success. If she is too attentive, she will leave a bad impression on others.

After chatting for a while, Susie caught a glimpse of the chic magnolia flower brooch on Mrs. Li's chest from the corner of her eye, so she found a suitable moment, and tentatively took this as a topic, "Mrs. Li, the brooch on your clothes, The style is really unique, I don't know where I got it, recently my mother's birthday, I'm wondering what to give?"

Because of Susie's interruption, everyone's eyes immediately fell on her.

I saw that the one who spoke was a fresh-faced girl with a very good appearance and a very gentle temperament. It seemed that she should have a good family background.

Chapter 1864

Hearing Susie's question, Li You looked quite happy, and he answered, "This...I probably can't buy it! My son made it for me!"

Susie's eyes lit up when she heard the words, knowing that she was right, she immediately complimented her, "Young Master Li is really filial!"

When Susie talked about it, everyone immediately started to praise Li You's son.

"That's right, the son of Minister Li's family is a well-known filial son in the circle!"

"It's more than that, Mu Yan is now extremely appreciated in the Ministry of Foreign Affairs, even that one has personally praised him! The future is limitless!"

Seeing that Susie's words hit the point and won Li You's favor, Zheng Minjun was naturally overjoyed, and praised repeatedly, "Madam Li, you are so lucky!"

When Li You mentioned this proud son, she was really in a very good mood, and she was more than happy to say a few words, "This lady is a bit unfamiliar, I wonder if you are?"

Zheng Minjun was ecstatic to see Li You noticed him and talked to him, and immediately introduced a long series of introductions, "My surname is Zheng, my husband is Su Hongguang, the chairman of Yifeng Group, and my son is the executive president of Guangyi. This is my daughter-in-law Susie."

"Hi Madam Li, my name is Susie."

There are too many wealthy families in the imperial capital, and Li Youzhen doesn't have much impression of Yifeng Group or this girl, but he still politely exchanged a few words, "Mrs. Zheng is also very lucky to have such a beautiful and generous daughter-in-law!"

Although it was only a few short exchanges, it was considered to have entered Mrs. Li's eyes. Today's trip was so worth it!

Zheng Minjun felt more and more that it was right to let Roman marry Susie back home, and it really is a prosperous husband!

The two receptionists are used to meeting with the wind to make the rudder. Seeing Zheng Minjun and Susie fell into Li You's eyes, they treated them more attentively.

"I haven't seen Mrs. Li so happy for a long time!"

"Isn't it!"

...

The two were enjoying themselves in front of the nobles, when they suddenly caught a glimpse of a familiar figure not far away from the corner of their eyes.

The opera singer who was brazenly wandering outside just now has the audacity to barge in here!

This is not bad!

Seeing that Selena was about to rush this way, one of the female receptionists with a pointed chin put down what she was doing, rushed over quickly, and shouted angrily, "Stop! Who allowed you to come in! Do you know where this is? "

Another short-haired receptionist stared at the receptionist next to Selena, and said sharply, "Xiao Cai, what's the matter with you! You took so many benefits! You even brought such a mess in here! You disturbed the nobles inside, Can you afford it?"

After all, it was Zheng Minjun who said that Selena was an actor for sale, so the two of them had already confirmed her identity and never thought about other possibilities.

And the receptionist named Xiao Cai opened his mouth, and was about to explain, but was stunned by the two angrily scolded.

This... Isn't this woman the one Mrs. Zhuang asked her to bring in?

Did she pick up the wrong person just now?

Then...then she was in big trouble!

Seeing the panicked expression on Xiao Cai's face, the two of them immediately became more sure of their judgment.

At this time, the movement outside the flower hall has gradually alarmed the ladies and wives inside.

"What's going on?" Li You frowned displeasably.

"I don't know! It seems that some random people broke in..."

...

Susie had already noticed what was going on at the door. Seeing that Selena was so courageous that she dared to bribe the receptionist to break in, she was ridiculously ignorant and stupid.

Looking at Selena's clown-like appearance at this moment, his heart was filled with ridicule and pleasure.

And Zheng Minjun sat nobly on the seat, his face was full of disgust, "It's really shameful..."

"Xiao Cai, you are so audacious! Don't explain to us! Go and explain to the manager yourself!"

"And you woman, how shameless are you? Didn't I tell you that we don't hire waiters!"

"An actor who comes out to sell, we still think it's dirty to clean the toilets of our Tianquan Villa!"

The two receptionists' sentences became more and more ugly, and they were ready to call the security guards to arrest them directly.

However, the moment the sharp-jawed receptionist finished speaking, an extremely sharp and furious voice suddenly came from behind..."Presumptuous!"

Chapter 1865

Li You was very dissatisfied that his party was disturbed. He was about to send someone to expel him, but Meng Linlang suddenly appeared, looked at the two receptionists with an angry face and scolded... "Presumptuous!"

“Let me, Meng Linlang’s niece, come to your Tianquan Villa to clean the toilets! Who gave you the guts!!!”

After all, Meng Linlang came from a military and political family, and when she was furious, her aura was extremely frightening, and a terrifying low pressure instantly enveloped the entire flower hall.

And following Meng Linlang’s angry reprimand, everyone present was dumbfounded!

The two receptionists who spoke a sentence that was worse than a sentence stayed there stiffly, and looked at each other with horror on their faces, they couldn’t believe it no matter what...

This... this dirty actor... is Meng Linlang’s own niece?

This...how is this possible!

Just now Zheng Minjun personally said that she is a past actor who was taken care of by others!

But how could Meng Linlang’s own words be wrong...

what is going on?

The two of them were completely scared to death!

The body of the short-haired receptionist was shaking like chaff, “Zhuang...Ms. Zhuang...it’s not like this...this is a misunderstanding...we...we may have made a mistake...”

Another female receptionist with a pointed chin echoed, “Yes, yes, we have admitted the wrong person! We have admitted the wrong person! It is no fault of those who don’t know, Mrs. Zhuang, you have a lot!”

Listening to the two people’s arguments, Meng Linlang’s face not only did not ease at all, but became even more gloomy. She glanced at the two of them and smiled coldly, “Oh, misidentified the person? What do you mean by that, my Selena saw It looks like a waiter, like an idler who is not even worthy of cleaning the toilets of your Tianquan Villa?!”

The moment the last word fell sharply, the coercion of the high-ranking person made the legs of the two weak, and they almost collapsed in fright!

And Xiao Cai, the female receptionist who brought Selena in, who was on the verge of crying just now, was standing there blankly...

She thought she was dead! Unexpectedly, it was not her who made the mistake, but these two people!

Scared her to death!

She just said, this girl has such a good temperament, how could she recognize the wrong person?

Seeing Meng Linlang's chest heaving violently with anger, Selena couldn't help saying softly, "Auntie, forget it..."

After all, this is Mrs. Li's private gathering place, and Mrs. Li and Meng Linlang are close friends, so it would be too difficult for Meng Linlang to be caught in the middle if they started a fight for themselves.

Meng Linlang was all for her, she really didn't want to cause her any trouble because of herself.

This is also the reason why she didn't care about these two people just now and wanted to make it a trivial matter.

Naturally, Meng Linlang knew that Selena endured it for her own sake, so she sneered and said, "Forget it?"

After finishing speaking, he looked in the direction of the flower hall like ice blades, and said sharply, "Li You! This is Tianquan Villa's way of hospitality!?"

Li You never thought that things would develop to such a point, and his head suddenly became dizzy.

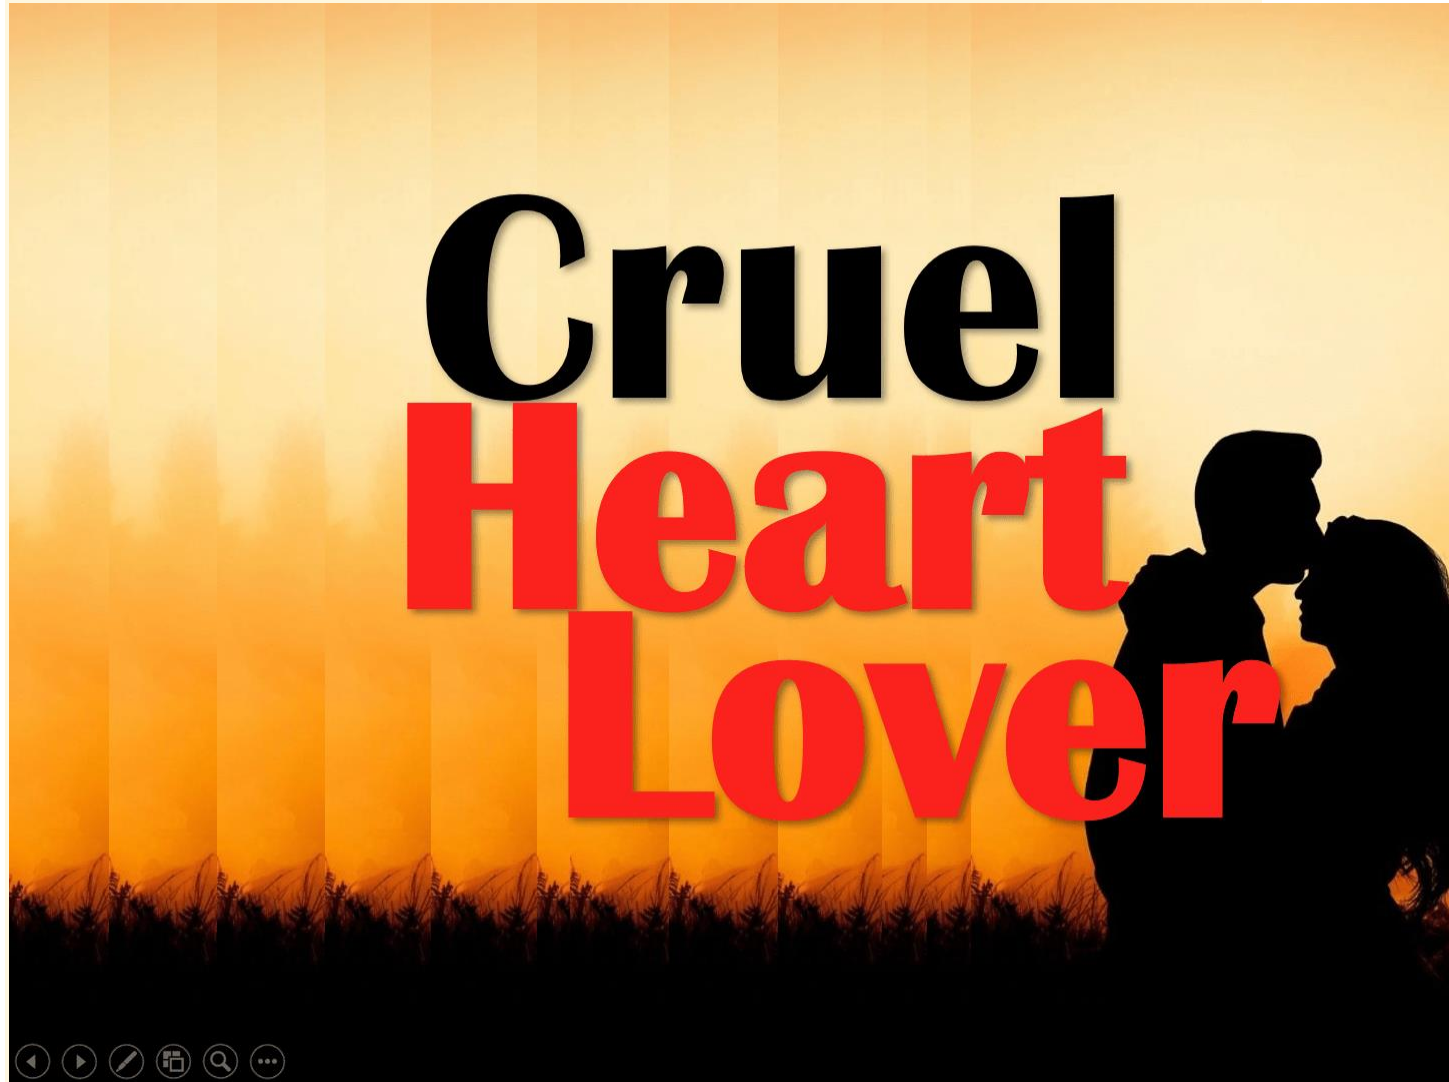

These two idiots! How could such a low-level mistake be made!

Who is Meng Linlang! If you offend her, even she, the minister's wife, can't help it!

And based on her understanding of Meng Linlang, she was really popular this time, so it can be seen that this girl's status in the dealer is definitely not low with Meng Linlang.

Seeing Meng Linlang's furious attack, even Li You panicked. In the whole flower hall, all the wives and wives were silent, and no one dared to say a word.

Li You gathered the shawl on his shoulders, gave the two receptionists a hard look, and could only hurry over to make amends.

Chapter 1866

Li You walked over hurriedly, “Lin Lang, I’m really sorry, this matter is indeed a misunderstanding! If you know that this girl is your Selena, even if you borrow a hundred courage from them, you will never dare to say such a thing.!”

Li You also didn’t know how these two girls got mad, but the most urgent thing now was to quickly suppress Meng Linlang’s anger, instead of continuing to investigate further and make the matter even bigger.

“You two! Why don’t you come over and apologize to Miss Selena!” Li You was furious when he saw these two people.

The two receptionists naturally didn’t dare to say that it was because they were jealous and afraid of being robbed of their jobs that they took it for granted that Selena had come to apply for the job, let alone that it was Zheng Minjun who told them that Selena was a past actor, otherwise they would offend not only It was only Meng Linlang and Zheng Minjun, so they could only keep apologizing.

“Mrs. Zhuang, I’m sorry! Miss Selena, I’m sorry!”

“Sorry! We really didn’t mean to!”

...

Li You said without hesitation, “Both of you, go to the finance department to settle this month’s salary by yourself, and you don’t have to come back tomorrow!”

Hearing Li You’s words, the two of them immediately turned pale, “Mrs. Li, we...”

In order to send them here, the family didn’t know how much money they spent and how many relationships they used. In the end, they lost their jobs and were fired by Mrs. Li herself. Their reputation was ruined...

The two wanted to beg, but they received the stern look in Li You’s eyes, and immediately knew that if they talked too much, the consequences would only be more serious, so they could only retreat with a blank face.

Xiao Cai watched for a long time, sure that she should be fine, and quickly retreated.

After dealing with those two people, Li You smiled and walked over to take Meng Linlang's hand, "Linlang, I've dealt with them too, so don't be angry, it's been hard for us to get together once! Violent temper... I don't know how to show me a little face in front of so many people!"

Li You looked a little sad.

Meng Linlang was really angry just now, on the one hand, and taking advantage of this opportunity to give Selena prestige is also one of the important reasons.

At this time, seeing that my goal has almost been achieved, naturally I will not be aggressive, Mei Mei squinted at my best friend, and said, "Ayou, you also understand my temperament, this is you, if it is someone else, you Think I'll make it so easy?"

Li You laughed, "Yes, yes! I know you are gentle enough, thank you for giving me face! What happened today is indeed that I have not received well at Tianquan Villa!"

After all, Tianquan Villa is the property of their Li family. Today they are not only the hosts of the banquet but also the managers. This responsibility cannot be shirked.

After Li You finished speaking, he hurriedly changed the subject, and pulled Selena who was beside Meng Linlang with an astonished expression, "Linlang, I've been listening to you talking, and I took it as an exaggeration. I saw it with my own eyes today. You are not exaggerating. It's too modest! I really can't find a second one among so many ladies from aristocratic families with such appearance and temperament!"

Just now she was far away, and Selena was blocked by those people so she couldn't see clearly, now that she saw it, she felt that something was wrong.

The two receptionists were kind of winking, why did they somehow decide that Selena was here to apply for a waiter job? What's even more absurd is that there are people with a nose who say that she is an actor who came out to sell.

Even if Selena is an actress, with her background, how could she do such a thing?

At this moment, not far away, apart from those wives, the most shocked people are none other than Susie and Zheng Minjun.

Zheng Minjun had already had an ominous premonition from the moment Meng Linlang appeared, and after hearing the phrase “my niece of Meng Linlang” that Meng Linlang said in public, there was a bang in his head, and he was completely dumbfounded...

Chapter 1867

After hearing Meng Linlang's public utterance of "my niece of Meng Linlang", Zheng Minjun's head went bang, and he was completely dumbfounded.

Other than that, there is a guilty conscience.

Especially when Li You dealt with those two receptionists just now, he was afraid that those two people would slip up and reveal what he just said.

At this moment, seeing Li You holding Selena's hand with great enthusiasm, compliments and admiration were endless, and all the wives and wives around were also flattering, Zheng Minjun sat there with a stiff body, suddenly proud of himself. All disappeared without a trace.

It took them so much effort to find a relationship to get two invitation letters, and it took them so much effort to have a word or two with Mrs. Li, it was so ridiculous that they were complacent about it.

As for Selena, just because she was the granddaughter of the Zhuang family and the niece of Zhuang Liaoyuan and Meng Linlang, with just a few clicks of her finger, she could get in touch with those high-level people who were hard for them to reach, and get resources that they might not be able to get in their entire lives.

And her son, their Su family, originally had the opportunity to marry such a noble daughter-in-law who could bring the Su family great glory...

Marry a real phoenix...

Because of Susie's ability to do business, she had almost ignored her background. Only now did she deeply feel the huge gap in identity!

With everything in Susie added up, it couldn't compare to Selena's status.

She knew this a long time ago, so when she learned that Selena was very close to the Zhuang family, she immediately thought about it. It was not until Selena disappeared and it was rumored that she was adopted...

But now...

She never expected that the dealer had already recognized Selena, and that Meng Linlang's attitude towards Selena was so important.

Even if he treats his own daughter, it's nothing more than that!

From this point of view, those rumors about Selena being adopted are simply a joke!

Thinking about those photos and videos...all of them are unreliable evidence...

Thinking of this, Zheng Minjun almost felt remorse, and sat there distraught.

And how could Susie next to her not know what Zheng Minjun was thinking, her nails had already dug deeply into her palm.

The original determination and gloating all turned into monstrous jealousy and resentment at this moment!

Why!

Why is it all Selena's!

Obviously she is the eldest lady of the Ning family, Zhuang Lingyu's daughter, she has been since she was born, and all of this should belong to her!

The dealer should also belong to her!

Why is it that despite all her efforts, she still can't compare to Selena, a pheasant raised by a village woman!

The Mrs. Qiu who recommended Susie had some personal relationship with Zhuang Lingyu, so she knew a little about the relationship between the Ning family and the Zhuang family.

Seeing this, she couldn't help but say, "Susie, why don't you go over and say hello to Mrs. Zhuang?"

When Susie heard this, her face froze immediately, "This... I'm afraid it might be a bit abrupt to step forward."

How could she not want to, but the Zhuang family has long been bewitched by that bitch Selena, and has always been honest with her, so she is undoubtedly bringing shame on herself by going up now!

Seeing this, Zheng Minjun felt the unspeakable imbalance in his heart magnified to the extreme. He lowered his voice and pulled Susie aside, and said anxiously, "Why can that girl do it, but you can't? I've told you so much on weekdays." , Are you paying attention? Can it be that girl's turn if you pay attention a little bit? The relationship between that girl and the dealer is not because of your mother in the final analysis!"

Chapter 1868

Listening to Zheng Minjun's complaints, Susie cast a gloomy look in her eyes, "Mom, it's because I have a close relationship with my mother that the Zhuang family won't get close to me! You also know that my mother and the Zhuang family have always had rifts! "

"If you had listened to me earlier and persuaded your mother to think about you and have a good relationship with the dealer, Mrs. Li's guest today should be you! How did you get it so hard to get an invitation letter?" Begging grandpa to sue grandma everywhere!" Zheng Minjun had an expression of resentment, and his tone was full of complaints, which was completely different from his proud and proud attitude before.

Seeing Zheng Minjun speaking in such a relaxed tone, Susie was filled with irritability.

The old guy who stands and talks without back pain, does she think she hasn't done it?

If it was really that easy, how could she not even touch the banker's side until today.

But on weekdays it was she who always acted in front of Zheng Minjun as uncontested and scheming, and now she wanted to explain but couldn't refute, so she could only hold back her anger with a sullen face, and watched Selena being brought by Meng Linlang's side. Wandering among those distinguished ladies and wives...

"Mrs. Zhuang, it's your fault. There is such a beautiful and outstanding niece who is still hiding it. Please introduce it to us. What is the name of your niece? I don't know if it is my illusion, I always think This girl has a nice face!" One of the ladies in a champagne-colored dress asked hesitantly.

There were also several wives beside him who echoed, "It's indeed a bit kind!"

It's just that they don't dare to recognize...

With Meng Linlang's temperament, Li You was afraid of her, who would dare to touch her bad luck.

When Susie heard those wives' words, she thought to herself with a gloomy face, heh, can she not be kind? Isn't she just an actress!

Where did they go wrong?

Even climbing up to the banker's high branch can't change this fact! What's more, she's back now!

Meng Linlang heard everyone's questioning and glanced at Selena beside her. Seeing the girl's calm expression, she felt very relieved.

So, he spoke directly with a proud expression, "Naturally, Mian Shan, my niece is called Selena."

"Selena..."

Hearing this familiar name, several ladies present came back to their senses!

This girl... is really Selena?

That female star who was so popular a year ago but suddenly disappeared?

Selena turned out to be the niece of the Zhuang family.

This gossip is really amazing!

"Oh, so it's really the big star Selena! I just said how familiar she is! It's just that Mrs. Zhuang, your niece is more beautiful and temperamental than in reality. I haven't dared to recognize her right now!"

"Miss Ning, my daughter is a loyal fan of yours! Can you sign me later?"

...

Susie bit her lip unwillingly when she saw the flattering attitude of those wives and wives who had always looked down on the entertainment industry towards Selena.

Isn't this b!tch relying on the name of the dealer's niece!

...

The party in the flower hall continued.

“Miss Ning, I like your plays very much. You are really good at acting. I was very sorry to learn that you have retired. I wonder if you will continue to act in the future?” A lady asked with a very regretful expression. He said, judging by her expression, she should really like Selena’s scenes.

Selena said truthfully, “I should. In fact, I should officially announce my comeback in the next few days.”

Chapter 1869

“Really? That’s really great!” The lady immediately looked forward to it.

At this time, Li You couldn’t help but said to Meng Linlang, “Being an actor is so tiring, why do you make Selena work so hard?”

Li You really felt that the profession of an actor was not suitable for Selena’s identity, because he had a good relationship with Meng Linlang, so he said it directly.

Selena replied, “I really like acting, so I don’t think so.”

Of course Meng Linlang understood Li You’s implication, and said indifferently, “As long as the girl from my farmer relies on her own ability, she can do whatever she wants, how can she be so particular about it!”

If someone else said this, everyone might not take it seriously.

But it was Meng Linlang who said this, and everyone couldn’t refute it.

With the dealer’s background, what could Selena want to do?

Nowadays, many artists in the entertainment circle may seem nothing special, but in fact, their identities and backgrounds are extremely amazing, but because of the power of the family, no outsiders know about it, and only a few people in the circle know about it.

How can these people be compared with ordinary artists.

What’s more, when Selena was on fire back then, both her popularity and her reputation among the people were quite good.

Therefore, regarding Selena’s career, these wives and wives actually didn’t think much of it.

No matter how chaotic the entertainment industry is, it is impossible to meet Selena with her background.

On the contrary, when they saw Selena for the first time this time, they found that not only was the girl extremely good-looking and temperamental, but her character and temperament were also quite good.

Facing the rude and domineering attitude of the two female receptionists just now, she always looked calm, neither angry nor annoyed, and now she is also open-minded when facing her profession, which is completely the upbringing and bearing that only young ladies of the family have.

And this kind of family background and character is undoubtedly the best candidate for the head of each family's mistress.

All of a sudden, some wives who had married sons in their families secretly thought about Selena...

When Zheng Minjun saw that the wives of officials were so interested in Selena, he felt even more heartbroken.

And Susie looked at the attitudes of those wives towards Selena, and even read between the lines that they seemed to be marrying that bitch Selena, so she couldn't stay any longer, so she just found an excuse to say that she was not feeling well, and left the stage early. The party she worked so hard to qualify for.

Zheng Minjun was always worried that what he said in front of those receptionists just now would be found out, and he didn't want to stay longer, so the two left in a hurry.

Before leaving, Zheng Minjun took a deep look in Selena's direction, and an unknown light flashed in his eyes...

Everyone was looking for news from Meng Linlang with their own thoughts, when there was a sudden sound of footsteps at the entrance of the flower hall, and several waiters walked towards the flower hall with small delicately packaged gifts in their hands.

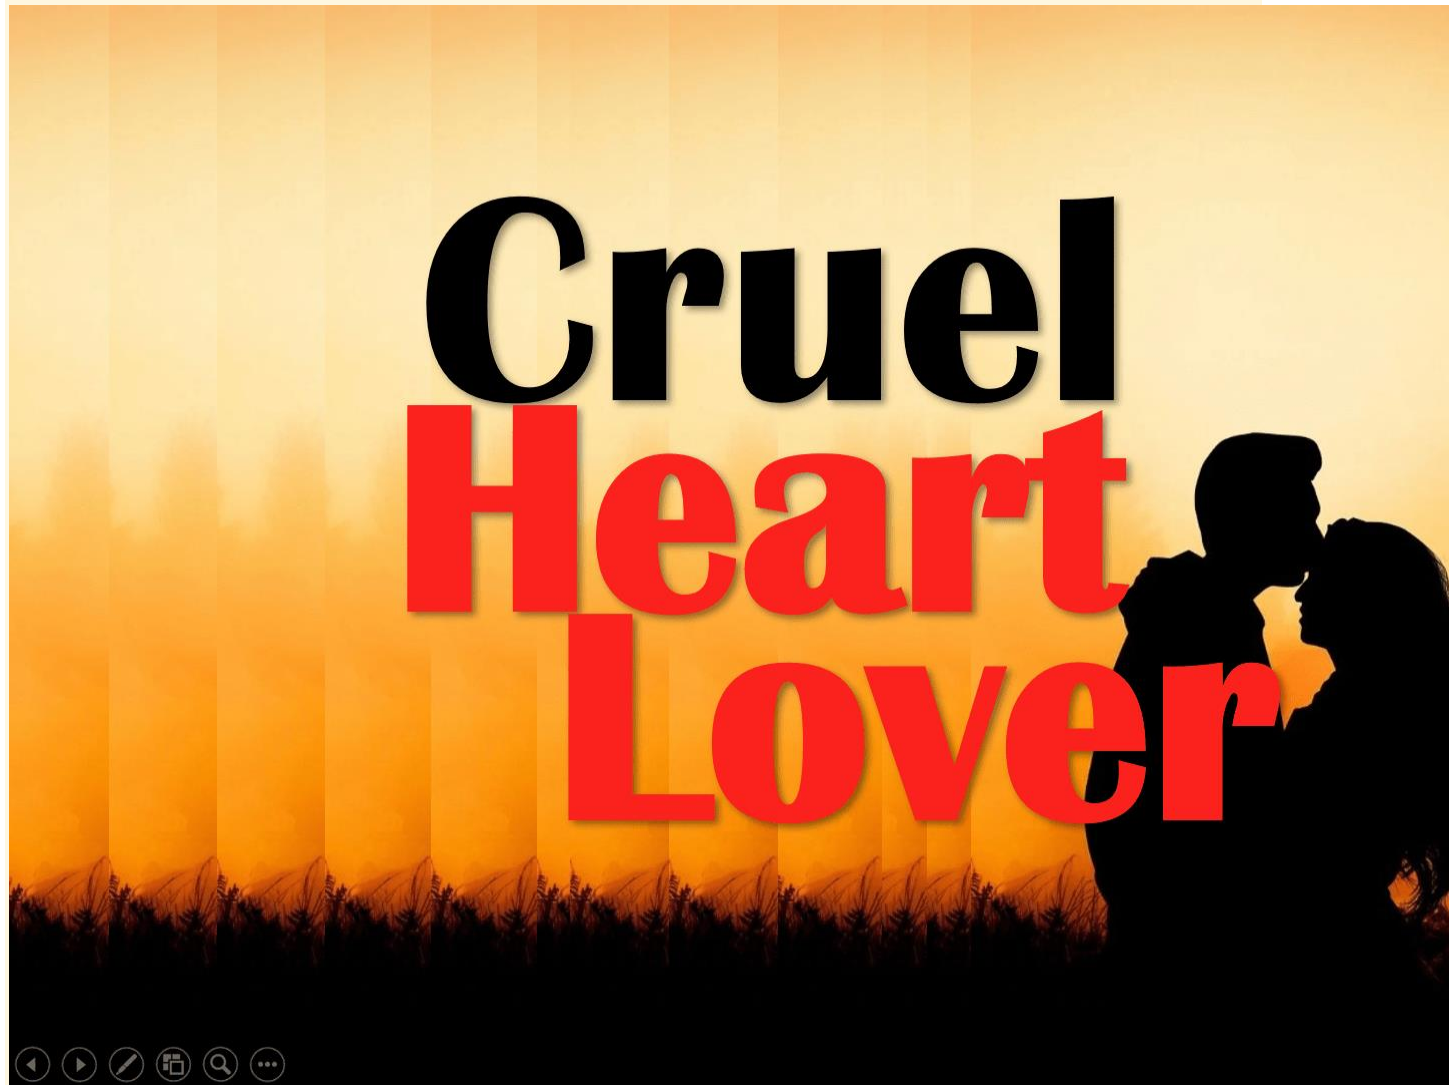

Following the waiters was a young man in a gray suit with an elegant demeanor.

The waiters moved out of the way, and the man stepped forward and called in Li You's direction, "Mother."

“Mu Yan, why are you here?” Seeing his son, Li You immediately smiled.

“I just finished my work here. I heard that my mother is here to entertain guests, so I came here to say hello to all the distinguished guests.”

After Li Muyan finished speaking, he signaled his servants to distribute all the carefully prepared small gifts, and apologized sincerely, “Because of the negligent management of Tianquan Villa, I have disturbed the elegance of all the guests, and this junior apologizes to you all!”

Chapter 1870

Seeing Mrs. Li, the legendary son of a diplomat, noble and handsome, and her impeccable workmanship, all the wives and wives who were appeased were full of admiration.

“Young Master Li is too polite, it’s just a trivial matter, it’s nothing serious!”

“Mrs. Li, it turns out that this is your son, and he is indeed a good-looking talent!”

...

After exchanging pleasantries with the guests, Li Muyan walked up to Meng Linlang to say hello, his tone was obviously much more intimate than those of the guests, “Aunt Lin!”

Looking at this junior whom she has always loved very much, Meng Linlang’s expression softened a lot, “Mu Yan is back!”

“Aunt Lin, what happened just now...”

Meng Linlang knew what he was going to say, so she interrupted him directly, “Okay, since the matter has been settled, there is no need to bring it up again, I don’t have to hold grudges because of such a trivial matter, and my Xiaoxi is not such a narrow-minded person. .”

After Meng Linlang finished speaking, she greeted Selena, who was surrounded by a group of wives talking not far away, “Selena, come here!”

The wives and wives didn’t know what was going on, they were suddenly so interested in her personal issues, Selena could hardly cope with all kinds of roundabout inquiries.

Hearing Meng Linlang calling him at this moment, he breathed a sigh of relief, hurriedly told the wives, and then walked towards Meng Linlang.

“Aunt!”

The girl walked slowly towards Meng Linlang from the crowd.

Hearing Rickey's voice, Li Muyan subconsciously raised his head to look in the direction of the girl, but with just one glance, he was completely stunned...

The girl was wearing a moon-white dress, with seaweed-like long black hair, a face so beautiful that no words could describe it, especially the sparkle in her eyes and the swaying smile at the end of her eyes...

Like a ray of light, it suddenly exploded in his mind...

"Muyan, this is Selena." Meng Linlang introduced, then looked at Selena and said, "Selena, this is your Aunt You's son, Li Muyan, who is two years older than you, you should call him brother."

Hearing this, Selena nodded and said hello, "Brother Muyan, hello, I'm Selena."

Li Muyan had already recovered from his brief gaffe at this moment, and he didn't let anyone notice his strangeness, so he hurriedly said, "Hello, Selena. I've heard Aunt Lin mention you a long time ago, and seeing it is as expected."

Although Li Muyan's city is enough to prevent anyone from discovering his abnormality, Li You is not included.

Although it was only for a moment, Li You still saw the extraordinary moment in his son's eyes.

The son of her family has been visiting various countries all the year round, running all over the world, his eyes are above the top, and she has never seen any girl in his eyes.

His marriage has always been one of her biggest heart problems.

Li You's eyes turned slightly, and he immediately said, "Mu Yan, Selena always chatting with us aunts is bound to be boring. I'm worried that she will be bored. You just came back, why don't you take her around. Do your best to be a landlord."

"Of course, if Selena doesn't dislike it, I'd be happy to be the tour guide." Li Muyan said.

Hearing this, Selena subconsciously looked at Meng Linlang.

Seeing this, Meng Linlang's eyes turned slightly, thinking of something, but it just passed by in a flash.

Immediately, Meng Linlang looked at Selena lovingly and said, "Go! Go for a walk!"

Today's goal has almost been achieved, and she is also afraid that Selena will not be able to handle it if she goes too far. This kind of thing should be done step by step.
