### Chapter 1871

Actually, at this moment, Meng Linlang felt somewhat regretful.

If she had taken Selena home earlier, she would have helped Selena arrange the most suitable marriage.

In all fairness, Daniel's status was second to none.

But this is what she is most worried about. She is worried that with Selena's temperament, she will not be able to cope with such a large and complicated family.

In fact, the Li family is very suitable.

The status and status are enough to match the banker, and it is not too high-ranking, which puts pressure on Selena.

Most importantly, the Li family's personnel relationship is much simpler.

The Li family is the richest businessman in the province of S, and Li You is the only daughter of the Li family, and Li Muyan is the only son of Li You. Not only has he inherited his father's career and served in the Ministry of Foreign Affairs, but also the huge financial resources of the Li family are behind him. The officialdom has more confidence and rises step by step.

What's more coincidental is that the Li couple's surname is Li, and Li You's mother's family is closer to Li Muyan, the grandson with the same surname, and the whole family fully supports him.

If Selena married into such a family, she would definitely not have complicated interpersonal problems in the future.

What's more, she and Li You have a very close personal relationship, if Selena gets married, she doesn't even have to worry about the relationship between mother-in-law and daughter-in-law...

In a short period of time, Meng Linlang had sorted out all the background of the Li family.

Unfortunately...

All she can do now is to do her best to help Selena accumulate contacts so that she can cope with everything she will face in the Lu family in the future.

Of course, even if Selena couldn't deal with it even if she retreated 10,000 steps, the dealer would always be her way out.

...

Tianquan Villa, halfway up the mountain.

The reason why Tianquan Villa is called "Tianquan" Villa is because there is a well-known spring in the mountain, which is called the water of the Tianhe River. After drinking, it can get rid of bad luck and make the body healthy.

Li Muyan said that he was a tour guide, and he really explained everything in detail from the origin of Tianquan Villa, to the structure of Tianquan Villa, the origin of the name, related celebrity anecdotes, and finally to the history of the entire imperial capital. , It is even more professional than a professional tour guide.

Selena also listened attentively. She had been in the Imperial Capital for quite a few years, but after chatting with Li Muyan, she realized that she really knew very little about the Imperial Capital.

Li Muyan looked at Selena's attentively listening eyes, reflecting the shadows of trees around the sky above his head, and, he...

On the surface, the man still had a dignified, elegant and eloquent attitude, but his palms were already wet with sweat.

Heart, beating completely uncontrollably.

He wasn't serious about being a tour guide at all, but he had to keep talking in order to maintain his composure at the moment.

Probably because he traveled with his father since he was a child, and his mother's family and grandfather loved him very much, and all his food and clothing were the best.

The women I came into contact with ranged from wealthy daughters to official ladies, and even princesses and concubines...

Because of this, he has an extremely critical gaze, and has never been interested in treating women.

And the partner he is looking for is a real partner who can communicate with his soul, not those puppets trained by the family, as if they were all carved out of a template.

No one has ever been completely attracted by her temperament just by looking at her. He doesn't even know everything about her.

"Didn't Selena grow up in the imperial capital?" Seeing that Selena didn't know much about some things that everyone in the imperial capital should know, Li Muyan asked casually.

Selena shook her head, "Before I was eighteen, I grew up in a small town in City C."

Chapter 1872

A small town in City C...?

As the dealer's niece, how could she grow up to eighteen years old in that kind of place?

He doesn't seem to remember any of the daughters of General Zhuang married to City C...

"I see."

With just one sentence, Li Muyan knew that there must be many secrets that he didn't understand, so he immediately stopped the topic and didn't ask any more questions.

In just half an hour, the gathering of the ladies in front soon ended.

Selena also followed Meng Linlang to leave.

The sound of spring water is tinkling, and there is a shadow of trees and flowers behind him. Li Muyan's slender figure stands at the gate of the villa, looking at the shadow of a car that is gradually out of sight...

As a diplomat, what you need most is reason, reason, reason.

Whether it is dealing with national affairs or his own partner, he has a set of almost strict rules and standards.

However, he didn't know until he met that person that one day, he would also have the unreasonable and irrational emotion of "love at first sight" towards someone...

The man squeezed the center of his brows, and in his eyes, which always would not let his opponent see any flaws and emotions, there was a gleam of light that was too much before.

This feeling made him flustered, but more importantly, it was a fresh experience that transcended his stereotypes for so many years.

"Mu Yan...Mu Yan?" Li You looked at his son with a thoughtful expression.

"Mother." Li Muyan turned around.

"You to Selena..." Li You paused for a moment, then said hesitantly, "Do you want Mom to help you find out about Selena?"

The situation on Selena's side is actually a bit complicated. When Selena was born, she was hugged wrongly. Before she was eighteen, she grew up in the

countryside. Therefore, she had a lot of conflicts with her biological mother, and she had almost severed contact with her.

And her biological mother severed the mother-daughter relationship with Mr. Zhuang because of some things back then...

However, the important point is that although the old man, Zhuang Liaoyuan, and Lin Lang of the Zhuang family have no relationship with Selena's biological mother, they love Selena, the granddaughter, very much.

The reason why Meng Linlang made such a big fuss today is obviously not aimed at our Tianquan Villa, but largely to support Selena. Mu Yan, if you..."

Li You was about to continue talking, but Li Muyan directly interrupted his mother, "Mother, there's no need, I don't want to make a blind date, just let it be."

Li You was just probing, but when he heard this, he was shocked, "Are you really interested in Selena?"

Up to this moment, Li Muyan still hadn't calmed down the turmoil in his heart. He looked at his mother and said, "Mom, I have never felt this way about any girl."

Li You was actually very relieved to hear that his son finally fell in love with a girl, not to mention that the other party had a good family background, and Meng Linlang was her close friend.

"Although Selena's life experience is a bit bumpy, but there is a relationship at the banker level here, which is comparable to our Li family's family background, but we still know too little about Selena, why not..."

"Mother, I don't care about these things. What's more, the most meaningful thing about getting along with people is the process of getting to know a person personally."

Li You smiled helplessly, "Okay, okay, Mom can't tell you. Do whatever you want, let nature take its course, and I won't interfere."

At the same time, inside Meng Linlang's car.

"Selena, how are you talking with Mu Yan?" Meng Linlang asked casually.

Selena nodded, "Very good, brother Muyan is knowledgeable and easy-going."

Meng Linlang paid attention to Selena's expression, and made sure that there was nothing unusual. She thought that at most she just had a good impression of her, and she should be thinking too much.

## Chapter 1873

Night, history company building.

On the way home, Susie was called by the company.

Just as he left Mrs. Li's party in a distraught state, another bad news came from the company.

After being silent for a whole year, Ze Ling, who had been suppressed by them to the point that he had almost disappeared from the Huaguofeng market, became a hit just because of the plain white cheongsam that Selena wore at the "Tianxia" promotional ceremony.

What's more troublesome is that, taking advantage of this shareholder wind, Zeling officially announced a batch of new models that are about to be launched without warning, and this set is almost sold out at the pre-order stage.

"Back to the basics! It's obvious that Jiang Lang can't do design at all! How do you sell this rags with no bright spots and characteristics?" The deputy director of design cursed angrily.

“Is it because of the celebrity effect? Wouldn’t the completely white cheongsam that Selena wore that day be even more unremarkable, but her outfit...”

The designer who spoke seemed to want to say “It’s really amazing”, but when he caught a glimpse of Dai Wei from the corner of his eye, the conversation suddenly changed, “It’s just so-so! I think it’s all hype!”

One of the younger male designers said weakly, “Actually, I think...it’s because everyone is tired of the previous Chinese style with bright colors and too many decorations, so the back-to-basics will suddenly explode fire...”

In the conference room, the atmosphere was stagnant and silent for a moment.

Immediately, someone said, “If they can do it, so can we! Zeling’s crappy design can be popular, not to mention we have Boss Dai! Don’t they have an advantage?”

With a sullen face, Dai Wei glanced coldly at the person who spoke, “You mean to let me follow the wind?”

The person who spoke froze immediately, and quickly said, “Of course I didn’t mean that... Boss Dai, you have always been a unique pioneer in the industry. You have always been imitated and never surpassed. There is no need to follow others!

I mean, that guy’s design sucks, this time it’s all purely opportunistic, and we can ignore it. His style, everyone will be fresh for a while, it will definitely not last for a long time! “

“That’s right, isn’t it the same as before? That guy won’t last long!” Others echoed.

Dai Wei’s complexion still hasn’t completely eased. Although the problem is not serious this time, it still makes him very upset.

On the first seat, Susie’s face was also very gloomy, “Although it’s not a serious problem, it can’t be taken lightly and let it go like this. You must come up with a solution for me today, and I won’t allow any accidents in history!”

There have been enough things that have troubled her recently!

Selena's appearance was like a curse, one thing after another...

Susie pinched the pen in her hand, looking at the night outside the window, the bone-chilling chill flashed across her eyes.

She could almost imagine how Zheng Minjun's attitude would change in the future, and even worse.

It took a whole year of hard work to stabilize the position in the Su family, but at today's party, it was completely ruined.

When Dai Wei heard this, he glanced sullenly in the direction of the deputy director of design.

After receiving the hint, the deputy director pushed his glasses on the bridge of his nose, looked at Dai Wei and said, "Boss, what you said is wrong, how can you follow the trend! You have discovered the luxury trend as early as a month ago." The market is saturated, ready to change the style, and even the design drawings are almost finished, but because they are not fully completed, they have not been announced to everyone. Who knows, they will be preempted by those garbage designs that have not been driven out in a few days. !"

## Chapter 1874

The deputy director's tone was full of righteous indignation, and he couldn't bear it any longer, and he felt sorry for Dai Wei.

All of a sudden, the conference room was suddenly enlightened.

"So it is! What a pity!"

“Director Dai has always been ahead of us in his control and sensitivity to the trend! It’s just that he is too refined! It’s just like that!”

“Actually, I don’t think it’s necessary to care about whether to follow the trend or not. The question is whose design is the best! Besides, who would think that in our history, the No. 1 in the industry will go to follow the trend, a small broken company eliminated by the market?”

“Exactly! Even if they want to follow suit, they should follow us!”

...

Following the deputy director’s words, everyone echoed.

In fact, this is indeed the case. Even if they know the release time, many buyers who don’t know the truth will still subconsciously think that it is a small company following the big company.

This is not the first time this has happened in the industry.

Many small companies managed to get better, and were crushed to death by big companies.

At best the design is acquired, at worst the market is completely taken over by the big players.

Seeing that the timing was almost up, the deputy director took advantage of the opportunity and said, “I think, Boss, you don’t need to have any scruples at all, just complete the design drawing at hand, and then we will release a new model! It will definitely be a hit!”

“I agree!”

“I agree!”

...

Hearing the echoing voices around him, Dai Wei’s eyes flashed a smug look, he looked at Susie who was sitting in the first seat and said, “Let’s let President Ning decide this matter!”

Susie thought for a while, then settled down, “Let’s do it like this!”

Then, just to be on the safe side, I asked, "Are you sure your design is okay?"

Dai Wei's tone was firm, "If President Ning believes in me, I will definitely live up to expectations."

This year is enough for him to cultivate a group of "subordinates" who can be used with confidence. As long as he integrates all their designs, even if he directly writes his name, that is their glory...

Late at night, Su residence.

In fact, Susie's guess was accurate.

As soon as Zheng Minjun got home, he locked himself in the bedroom, his whole mind was in a mess.

As soon as Su Hongguang got home and pushed the door in, he saw Zheng Minjun walking around the room restlessly, and couldn't help frowning, "It's so late, why are you wandering around the room without going to sleep? I'm going to Mrs. Li today, what's the situation?" Sample?"

Su Hongguang obviously attached great importance to this matter, so he asked a special question.

As soon as this incident was mentioned, Zheng Minjun immediately looked at her husband excitedly, "Hongguang, you are back!"

"What happened?" Seeing Zheng Minjun's expression was wrong, Su Hongguang frowned and asked.

Zheng Minjun said anxiously, "I saw Selena at Mrs. Li's party today!"

"Selena? Hasn't she disappeared for more than a year? I heard that she was taken care of by some wealthy businessman?" Although Su Hongguang didn't pay attention to these things, he knew a little bit about them.

As soon as this Zheng Minjun was mentioned, his expression changed, "That's not the case at all! Selena must have been with the dealer this year!"

"Why is Selena on the dealer's side?"

“Hong Guang, you don’t know that Selena went to Tianquan Villa with Meng Linlang, and introduced to everyone in public that Selena is her niece! The dealer has probably already recognized Selena!”

Hearing his wife’s words, Su Hongguang’s expression changed instantly...

“Susie spent so much effort to get two invitation letters, and after she went, she couldn’t even say a few words. It was hard to get a good word from someone. I don’t know how much effort it took, but once Selena went... because of a little When things don’t go well, Meng Linlang is furious and supports her. Everyone present is afraid of offending her, even Mrs. Li treats her with care...”

Zheng Minjun didn’t talk about the specific situation at the time or what he said wrongly, his tone was full of remorse that what should have been his was taken away.

“Are you telling the truth?” Su Hongguang looked shocked.

“It can be fake! I think it’s true! And I saw that many wives were very interested in Selena!” Zheng Minjun began to panic again, “Actually, we should have discovered it back then. We were too careless. Already!”

Su Hongguang’s face was also a bit dignified. After a long silence, he said, “Don’t mention the past. What happens to Selena now has nothing to do with us.”

“How can it be okay! Roman of our family should have married a lady from a real family! If Roman had married Selena back then, why would it be so difficult to take another step forward now?

The Qi family has been under the pressure of our Su family before, and because their son married Minister Qin's daughter, all of a sudden the tide rose. Do you know how I feel every time I see Mrs. Qi's villainous face? "

Hearing his wife's endless complaints, Su Hongguang pinched his brows helplessly.

"How could I not know this truth, but now things have become like this. At first we thought that Selena would not be able to stand on the stage, and we chose Susie even though we knew the truth. Now we want to change, Roman and Susie We have been married for more than a year, how can it be so easy?"

Zheng Minjun looked angry, "How can we blame us for this? It's not that the Ning family lied to us first, even if we let Roman divorce Susie and remarry, that's justified!"

"Do you know that with Selena's current status, she would still be willing to marry into our Su family? Don't mess around here with wishful thinking, and it will make the family restless!" He didn't want to have an in-law like the dealer, but it was a very real problem. Putting it here, the Selena of today is different from the past.

Zheng Minjun listened to her husband's voice, and immediately said in a proud tone, "I'm sure of this. Have you forgotten how much that girl liked Roman back then? With Roman's appearance and character, we can learn it. Isn't she a hundred times better than those high-ranking officials' sons and young masters? Even if the girl has the backing of the dealer, she is still not as good as the lady of the decent family. If I go to show you a little favor, how can she not be willing?"

Su Hongguang's attitude has been shaken, but he still cautiously said, "This matter should be discussed later."

...

the next day.

Selena had a leisurely day's rest here, but the media, fans, all entertainment companies, and even the entire entertainment circle, were completely blown up in just one day.

All of them were entertainment headlines that suddenly appeared in the promotional activities of “The World” after Selena disappeared for more than a year.

Airport.

Roman returned home from a busy business trip, got off the plane, and was on the phone with the driver who came to pick him up. When he looked up accidentally, he saw the big screen in the middle of the airport from the corner of his eye, and saw the girl singing with red eyes on the screen. People are struck by lightning...

“Selena...”

What the driver on the other end of the phone was saying, Roman could not hear at all, the noisy sounds around him receded like a tide, and in the whole sight, eyes, and mind, there was only a plain white cheongsam on the big screen, whispering Shallow singing girl.

The girl is holy and beautiful, and slowly overlaps with the little girl in the memory wearing a floral dress with a pure and innocent face, as if she will disappear again in the next moment.

When the picture on the big screen ended, Selena’s figure disappeared, and the man’s heart constricted like a sharp claw.

Selena!

“President Su...President Su...Hello?” The driver asked anxiously as he waited for the boss to hear back.

Roman ignored the urging questions on the other end, hung up the phone directly, and then opened the search engine.

He didn't need to search hard at all, just searched for some keywords, and he saw all the entertainment headlines about Selena's comeback...

It wasn't until reading those reports that the man finally had a sense of reality.

The girl who disappeared as if the world had evaporated really came back...

The man held his phone tightly, and the silent feelings deep in his heart, like a dormant volcano, erupted suddenly...

Star Entertainment.

Han Zixuan's studio.

Zheng Anru looked at the sailors who had already started to move, and said with a confident expression, "Zixuan, you can relax! Selena came back this time to bring shame on herself!"

I saw that after the excitement and enthusiasm for Selena's comeback from the beginning on the Internet, under Zheng Anru's deliberate guidance of public opinion, more and more people began to question the reason for Selena's disappearance this year.

"At the publicity event that day, it was Selena who cunningly diverted the fans' attention! If you want to expose it like this, how can it be so easy! An old-fashioned woman who retired and was abandoned by the benefactor who had no choice but to come out to make money Xing, everyone spit Xingzi in one gulp is enough to spray her to death!"

Han Zixuan's mood has been extremely bad for the past few days. It wasn't until she saw that the trend on the Internet was turning around a little bit, and seeing more and more people scolding Selena, her expression eased a little.

What is the inspirational queen of the entertainment industry, dare she say what she did for a year when she disappeared?

After being dumped by the funder, I remembered to continue cheating fans to make money, do you really think everyone is stupid?

Let me be honest, Selena's idiot fans, don't criticize me, because I used to be a loyal Xi fan, so I know very well that although Selena's gun dance in the promotional event can barely be watched, it is not the same as Karen's previous level can't be better at all? I think this year, it might really be that the rich clothes and good food do not seek to make progress!

right! What we want is the best Karen, not a defective product!

...

In the beginning, passers-by questioned it, but many people followed the trend of the Internet. Gradually, some fans also began to waver, except for some diehard fans and Louis's fans who remained silent for the time being.

Zheng Anru looked happily at the many anti-multiple advertisements and cooperations in hand recently, "Selena has made such a fuss, your popularity is now even stronger, and the effect is even better than the scandal with Louis! Those investors who were shaken before are also They're all waiting and watching, they're not fools, they won't let you, who is rightly popular, want an old one!"

Han Zixuan took the ipad and swipe it slowly, admiring the comments on the Internet, "Don't take it lightly, Selena will not be unprepared."

Zheng Anru didn't care when she heard the words, "What preparations can she have? Even if she talks about flowers, it can't explain the fact that she disappeared for a whole year!"

"It's just that she is a remnant, and she still wants to come back? She still wants to suppress you? It's just whimsical! Be a stepping stone obediently! So

what if the vixen can confuse fans again? If we can grab it once, we can grab it a second time! Don't worry, Fans will definitely return to your arms, and will be more sincere to you after this time!" Zheng Anru said with a tone of experience, with a confident face.

Han Zixuan didn't take Selena seriously at first, but when she saw that the wind on the Internet had completely turned in their favor, her expression had already relaxed, and she said casually, "Let's take some time to get some fan benefits!"

"Don't worry, I've been preparing for it for a long time. It just so happens that this year's selection of the most popular male and female stars in the entertainment industry is about to start. Let's take advantage of this momentum and let Selena open his eyes to see clearly. Who owns the current entertainment circle!"

Han Zixuan didn't take it seriously when she heard the words, "Is there anything I need to prepare for? I need to fight with her?"

"Of course not, there is no suspense in the result, we are completely crushed!"

...

deer town.

Looking at the more and more ugly words on the Internet, as well as all kinds of dirty water poured over, Liang Feixing turned around anxiously.

If you can't give the fans a satisfactory explanation, then everything will be in vain, and every step of Selena's future will be as difficult as ever.

As soon as the hat of "retirement" is put off, Selena has no room to turn around.

In the small garden, Liang Feixing was pacing back and forth anxiously, "Depression? Studying abroad? Changing careers? Even if it's marriage... No matter what the reason is, it can't explain the fact that you, the boss, have kept your face secret for a whole year. You don't even have to speak out to explain it to your fans!"

He is too clear that if there is no reason enough to stop Youyou's mouth, then there will definitely be endless troubles.

Liang Feixing sighed, and carefully looked at Selena who was sitting on the rattan chair.

In fact, the reason why Selena retired, and why he retired so thoroughly, is that even he still doesn't know.

It is now said on the Internet that Selena left without saying a word because of a guilty conscience, and even questioned that she has a cold temper and doesn't care about fans at all, otherwise why do so many people worry about her and just don't show up...

Apart from Selena, Louis is also here at this moment. Apart from taking a shower, this guy is still dressed and haired like an old man, and he doesn't pay attention to his image. As long as he doesn't make any troubles.

Louis turned his head and glanced at Selena, only to see that the girl was contemplating something, with a troubled expression on her face.

Seeing this, Louis propped his chin and muttered, "Why are you worrying so much? Let's just tell the truth to the fans! You've been lying in bed for a whole year, why did you appear, how did you show up, and how did you talk?"

"What... what!" Liang Feixing was so shocked that he almost jumped up when he heard this, "Ning... Selena, you have been lying in a vegetable state for a year!?"

Although he had already guessed that Selena might be due to physical reasons, he never expected that the situation would be so serious. Moreover, given the relationship between Selena and the boss, there might be many things involved in the inside story...

This is probably why the real reason for Selena's retirement was not announced at the beginning.

Just when countless thoughts flashed through Liang Feixing's mind, there was a sound of steady footsteps behind him.

Liang Feixing immediately turned around with a solemn expression, "Boss!"

Daniel handed a document bag to him, and only said, "Go and publish."

"This is..." Liang Feixing took it hesitantly.

When I opened it, I immediately looked overjoyed, “The treatment records and diagnosis certificates from the Imperial Capital Military Hospital! With this, there is no problem at all!”

## Chapter 1878

Selena glanced at the thing in Liang Feixing’s hand, and roughly guessed what it was, so her brows frowned.

Daniel knew what the girl was worried about, so he walked up to the girl’s side, knelt down slowly, and took the girl’s hand, “Sorry, the reason I didn’t announce it was because I was worried that the media would go into the details and disturb your recuperation. Aside from that, you don’t have to worry about other things, whether it’s the Lu family or the banker.”

Liang Feixing nodded repeatedly listening, yes yes yes! Anyway, there is such a powerful plug-in as \*\*oss!

As long as there are these proofs, it is enough. As for why he turned into a vegetable, accidents, car accidents...he can come up with a seamless reason.

Selena sighed softly, “How could it be your fault...Actually, if it was me, I would have chosen not to tell the fans the truth...”

When Selena said this, when she thought of Daniel spending every day, every minute, every second in hope and endless disappointment, her heart ached again.

Liang Feixing and Louis beside them looked at the two tenderly: “...”

Liang Feixing: “Hey, I suddenly feel so bright!”

Louis shook his legs calmly, “Just get used to it!”

Liang Feixing: “...”

...

After discussing and arranging some follow-up matters, Liang Feixing made his next public relations plan.

Now we can wait for the Internet to stir up more heat, hold a press conference tomorrow night, officially announce Selena’s comeback, and at the same time announce the truth about Selena’s one-year retirement.

Xu Tao, who was at home trying to figure out how to deal with it, received a call from Liang Feixing and was shocked when he learned the reason for Selena’s retirement.

“I didn’t expect it to be like this... What’s the reason? What will you say then?”

“The real reason is very involved and cannot be used. The Second Young Master will deal with the blockade and will not let the news out. Our side directly uses the car accident as an excuse. Although it is simple and rude, it is also the most acceptable to the public.”

“Then I will notify the media now and announce the press conference tomorrow?”

“Can.”

“it is good.”

After making the phone call, Xu Tao lit a cigarette, thought for a while, and posted a Weibo...

Tomorrow night at 8:00pm, Selena’s comeback press conference will be held at the Imperial Palace Hotel.

easy to understand.

As soon as this Weibo was released, the whole Weibo became a sensation.

Selena is finally going to formally hold a comeback press conference!

Other than that, it was still the reason why Selena retired.

A large section of the comments on Weibo are all asking...

Then why Selena retired? Is it really because of self-willed depravity, like other actresses, she found a financial backer after gaining some fame?

We only care about the reason why Selena retired! Why did you leave without a word! What does she think of the fans who support her? Throw it away after using it?

What are you all anxious about? The official has already announced that a press conference will be held, of course they will give us an explanation! Before the matter is clarified, you keep saying that you are looking for a sponsor, and you don't even have the most basic trust. Is this what you call love and support?

...

Sui Jun and the fans who were led by Sui Jun's remarks, as well as some of Selena's diehard fans who couldn't stand it anymore, all the comments were mixed together, and there was a big battle below.

Seeing the expected development, Xu Tao posted a second Weibo: Sometimes, it is better to forget the truth.

Hehehe, fcuk Zheng Anru, you didn't know where to play with mud when I was in the circle! Playing with me to incite public opinion?

## Chapter 1879

Liang Feixing was on his way back to the company when the second message posted by Xu Tao popped up on his phone.

Liang Feixing couldn't laugh or cry when he saw this polite and sensational Weibo, which was in great contrast to Xu Tao's image of a bad uncle.

Judging from the specialty of being shameless, Xu Tao is quite suitable to be Selena's manager.

Because it just made up for Selena's lack.

Selena was too down-to-earth, including the style of Lin Zhizhi's manager before.

One must know that Han Zixuan would post on Weibo even if she had a cold or a piece of skin on her arm while filming.

But Selena, no matter how big the injury was or how much effort she put in, she never complained or mentioned a word to her fans. Everyone will always see her glamorous beauty, and the media will always only know that she is a century-old actress in the entertainment industry. A rare talented actor, it seems that all her achievements are only due to her talent.

As soon as Liang Feixing knocked on the door and walked into Xu Tao's office, he found Yi Xudong was there.

Yi Xudong's face was extremely gloomy, "What on earth do you mean? Selena came back and kept silent about such a big matter. As the general manager of the company, I knew it from other people! Now you are one or two. Appoint Selena as a manager, and hold a press conference again! Did you ask me all the f\*cking things? You can leave if you want, come back if you want, what kind of place do you think of the prosperous world?"

Behind him, Liang Feixing raised his brows slightly, "It turns out that President Yi doesn't want Selena to return to the prosperous world...Don't worry, I'll help you convey it!"

Yi Xudong, who was still playing awe-inspiring just now, suddenly changed his face, "Liang Feixing, don't provoke this man, I don't want Selena to come back, I mean you should ask me, the general manager, first if you have anything to do!

If you look at the comments on the Internet now, it is simply unsightly. It is because you are unprepared and messing around without saying a word,

which makes us in such a passive position! Let me tell you, from now on, I will take over everything about Selena!

You two, suspend me now and go home! What right do you have over the company to decide all this? Who gave you the guts? You are simply rebelling!”

Yi Xudong’s whole villain complained first, and even prepared to kick them away, grabbing Selena by himself, and relying on her to turn over.

Xu Tao and Liang Feixing looked at each other, and their expressions were a little gloomy for a moment. Although Yi Xudong was expected to be embarrassed, he still didn’t expect this guy to be so shameless.

If Yi Xudong really intervenes forcefully, it will be very troublesome for them...

At this moment, there was a sound of footsteps at the door, and there was a knock on the door. Afterwards, the three of them saw a man leaning against the door. The man was wearing a light blue suit with a baggy bag. His delicate and dazzling face was enough to kill him instantly. There are many handsome men in the entertainment industry.

“Do you have any objections to the courage my young master gave them?”

The moment the man’s lazy voice fell, Xu Tao and Liang Feixing’s faces were filled with excitement...”Second young master!!!”

Especially Xu Tao, because he didn’t know about the relationship between Selena and the Lu family, he never expected that Saul would appear in the company!

Ever since Selena left, Shengshi has been gradually taken care of by the group. After all, the huge Lu Corporation has hundreds of companies under it, and Shengshi is just one of them that Saul practiced.

When Yi Xudong saw Saul, his domineering expression suddenly changed, his face turned pale, and he said in a trembling voice, “Second...Second Young Master...”

## Chapter 1880

Dmn it! Didn't Er Shao return to the group? Why did it suddenly come to prosperity! It still appears at this time!

Yi Xudong wiped the sweat from his forehead, and said with a look of hospitality, "Second Young Master, it's not what you think, it's just that these two people are too reckless. How can such a big thing like Selena's comeback be possible?" What a mess!

Due to the sudden change of subordinates, the situation in the prosperous world in the past year is indeed not very good...

However, when Selena suddenly disappeared and Lin Zhizhi resigned regardless of the company, I could only find Han Zixuan, the most suitable candidate to replace Selena. Poaching away so many of us, all of this is Empire's conspiracy!

But Second Young Master, don't worry, I will personally take over Selena's side, and I will definitely restore the prosperous world to its former state! "

As long as he makes a comeback, then everything will be fine...

While showing his loyalty, Yi Xudong pushed everything away. It was Selena's fault, Ling Zhizhi's fault, Han Zixuan's, Zheng Anru's fault, and Empire Entertainment's fault. Anyway, it had nothing to do with him.

The level of shamelessness is simply astonishing.

Saul smiled and looked at the flattering man in front of him, "Do I look a lot like Shabby?"

The corner of Xu Tao's mouth twitched, Liang Feixing turned his head and suppressed a smile.

Yi Xudong's expression turned a little distorted, "This... how could this happen! Second young master, where did you say that!"

The smile on Saul's face faded immediately, and turned into a sharp and cold look, "I haven't touched any of the artistes in the company, but you have a big appetite. Treat the company as your harem? You can pamper whoever you want! I want to give the resources to you." Who will give it to whom?"

When Saul was furious, his tone and demeanor were not inferior to Daniel's. The strong sense of oppression made Yi Xudong lose all his thoughts of playing haha and muddling through.

Yi Xudong was in a cold sweat, struggling to his deathbed, "No...no...how could I touch the company's artists...those are all rumors...don't believe them, Second Young Master...I'm really all for the company..."

Saul no longer had the patience to listen to this man's nonsense, so he directly raised his hand, and asked the person transferred from the group behind him to take over Shengshi and deal with Yi Xudong.

Yi Xudong was not reconciled until he was taken away. He couldn't figure out why Saul suddenly appeared?

Dmn it!

Liang Feixing! Xu Tao!

It must be these two ba5tards!

How dare you sue him behind his back!

He wanted to see what would happen to Shengshi Entertainment after he was squeezed out, leaving only an empty shell.

No matter what, Han Zixuan was created by him. They really expected to rely on Selena to bring down Han Zixuan, and even save the whole prosperous world?

What a joke!

Seeing that Saul dealt with Yi Xudong directly without further ado, Xu Tao heaved a long sigh of relief, not forgetting to flatter him, "Second Young Master, you are indeed wise and powerful, and you know everything!"

Saul said expressionlessly, "I'll help you solve everything that needs to be solved. The new general manager will cooperate with your work. If you need anything, just go to him."

"Thank you, Second Young Master."

"En." Saul nodded and left.

Seeing the back of the man leaving, Xu Tao expressed emotion, "I haven't seen you for a year, the second young master is like a different person!"

Liang Feixing also nodded, "I heard that there has been a lot of turmoil in the group during this period."

Just when Xu Tao and Liang Feixing were lamenting Saul's maturity...

In the car, a certain little koi was anxiously calling to ask for credit, "Sister-in-law, let me tell you, my young master was handsome just now! He is handsome enough for you to cook me a sweet and sour short ribs... .."
