Chapter 1891

“That’s right, I’m married and very happy! Don’t worry now, little Tang Seng?” Selena smiled helplessly.

Tang Nuo nodded again and again, a big stone in his heart finally fell down.

“However, because of my career, you know, the wedding has not yet been held, and I will invite you over then, and I will let you carry me out!”

“Of course! It must be me!” Tang Nuo said excitedly.

The siblings happily chatted all the way around the playground.

While talking, an abrupt voice suddenly came from behind...

“Selena...”

The siblings immediately turned around subconsciously.

Behind him, a man in a formal suit was standing there. The man was travel-stained and looked a bit embarrassed. His face was full of exhaustion. He stared at Selena without moving his eyes for a moment.

Seeing Roman who suddenly appeared here, Selena frowned and her face turned cold.

Tang Nuo looked at Selena, then at Roman, and suddenly realized something, and became anxious, “Sister, it’s not me...I don’t know why he’s here...”

Before Selena could speak, Roman had already replied, "I waited here on purpose, because other than that, I really don't know how to meet you."

From the period before she fell into a coma, Roman had been contacting her frequently, but after waking up, she still did not give up, and even used Tang Nuo...

"What's the matter?" Selena asked.

"Can I have a chat with you alone?" Roman said, looking at Tang Nuo at the side.

"Sister..." Tang Nuo looked at Selena in embarrassment. Looking at Selena's expression, she obviously didn't want to see Roman, but now he met Roman because of him.

How did he know that after Roman called him, he expected that he would ask Selena to meet, so he would squat here...

Selena looked at Tang Nuo with an apologetic expression, her expression softened a little, and she said soothingly, "Xiao Nuo, it's none of your business, you wait here for me."

Tang Nuo could only nod obediently,

After Selena finished speaking, she walked straight towards the stands.

Roman breathed a sigh of relief, and hurriedly followed the girl in front.

Tang Nuo stood below, looking at the two worriedly, ready to rush over if something strange happened.

At this moment, there were only Selena and Roman in the stands.

Selena didn't talk nonsense, and said directly, "Speak."

"I..."

Probably because of the closeness, he had been holding back the words in his heart for more than a year, but at the moment when he finally stood in front of the girl, he suddenly didn't know how to speak.

The girl was wearing the school uniform of Imperial University, with a ponytail. Because she had no makeup, she looked more immature than usual. Even on such a night, her skin could still be seen to be flimsy, which suddenly brought him back to that boyhood , overlapping the person in front of me with the girl in my memory...

his girl...

Roman didn't say anything, and Selena didn't speak, but just stood there quietly.

The man's fingers on both sides were tightly clenched into fists, trembling slightly because of being too nervous.

And Selena's complexion was getting a little impatient.

It took some time before Roman finally said, "Selena, we..."

Selena raised her eyes and looked at the man who hadn't spoken for a long time.

Being watched by the girl's gaze, Roman felt that the blood in his whole body was about to boil and flow backwards...

Finally, the rest of the words burst through the throat in an instant, "Let's... start over, shall we?"

Chapter 1892

Hearing these words, Selena's expressionless face finally flickered for a moment.

She almost thought she had heard wrong.

Restart?

She simply couldn't understand the thinking of the man in front of her.

After so many things happened, how on earth could he say such things to Susie when he and Susie had been married for a year?

The girl's gaze made Roman feel chills in his heart.

The man said dryly, "Selena, I know what I said may sound ridiculous to you..."

"Is not it?"

"You heard me..."

Roman took a deep breath, "I've thought about it for a long, long time... This is not what I told you on the spur of the moment... I really... really regret it... and finally understand... what I really like ...who is the one who really loves..."

Selena looked at the man in front of her who entrusted her best feelings when she was young, this man who once made her heart torn and heartbroken...

He regretted it when he finally spoke to her.

Hearing him say, the one he really loves is her.

I didn't feel the slightest bit in my heart.

If anything, it's downright chill.

"Selena, what happened back then was my fault, I was the one who betrayed our relationship first... But in the beginning, I never thought of being separated from you... until I met Susie..."

Susie's temperament is too simple and weak, and when he suddenly encountered such an accident, he often chatted with me and complained, and I gradually... I don't know when... this kind of relationship has changed..."
Roman's expression Full of pain and annoyance.

Selena's heart was clear.

That's right, she was the one who was at fault for everything, she didn't have Susie's morality, she would act pitiful, she would cry, and she would satisfy his desire to protect as a man.

Her fault was that she always reported the good news but not the bad ones, for fear that he would worry about herself. The fault was that she never said a word to him even if she was humiliated and excluded and isolated again and again...

"Until later...I had sex with Susie on impulse...Susie was her first time...I'm a man...I can't help but be responsible to her...I've been hiding it from you...Because I really I don't know how to face you..."

Heh, responsible... When he was responsible for a third party, did he ever think about her as his girlfriend?

It was a precious first time for Susie, but she was an unclean person who lost her body inexplicably and became pregnant with a bastard. How could she be worthy of his precious young master of the Su family?

"However, it wasn't until later that I realized that Susie was what I was worried about all this time, but I never thought about your feelings. You left your hometown for me, and in the end I left you alone, and even made you suffer. After such a thing, he was sent abroad alone, and after returning to China, he wandered in the entertainment industry alone..."

In fact, I have always wanted to help you and make up for it...but your temper is too stubborn..."

Roman fixed his eyes on the girl in front of him, "You disappeared for a whole year, and I also thought about it for a whole year, until you appeared again..."

After a moment of silence.

Roman took a deep breath and continued, "Selena, I've been deceiving myself for too long... I don't want to continue deceiving myself! I don't want to just lie to myself for the rest of my life!"

Selena's mouth curled up mockingly, "So?"

“I know that I am not qualified to say these words to you in my current situation, and I have absolutely no intention of insulting you. I will...restore my freedom...”

To regain freedom?

Selena’s expression was a bit incredulous...

He loved Susie to the point of death, even if he knew what she had done to him back then, he could easily forgive her just because she cried and apologized and said a few soft words.

The person in front of her now actually told her that he regretted it, that he understood, that he wanted to divorce Susie?

Selena couldn’t tell what she should feel at this moment.

After a long time, Selena said with cool eyes, “Roman, there are some things, like cotton-padded jackets in summer and palm-leaf fans in winter. And, when a person is discouraged, he changes his mind.”

Roman’s pupils shrank suddenly, “Selena, I know you hate me, but I know it’s because you love me. I know it’s too late now, but, Selena, believe me, everything I just said It’s all sincere, and I will definitely do it, I will give you a title, I will marry you, and I will take care of everything! You will still be Mrs. Su! We will start all over again!”

“Heh...” Hearing Roman’s tone that she was sure that as long as he divorced, she would definitely return to his side, Selena chuckled and said no more.

She also couldn't figure out who gave him the confidence in the person in front of him.

It's been so many years, it's enough for her to spend several laps, why does he think she'll still be waiting for him at the same place?

"Selena, wait for me!" Roman turned around and left after saying this.

Selena glanced at the back of the man leaving in the darkness, but did nothing, and of course she would not stop him.

She really wanted to see if Roman would really divorce this marriage, and if she really mentioned it, what expression would Susie have...

After seeing Roman leave, Tang Nuo hurried over and asked worriedly, "Sister, are you okay? What did he tell you?"

"It's nothing, it's just a bunch of nonsense, let's go." Selena said casually.

Seeing that Selena's complexion was not very good, Tang Nuo blamed himself, "Sister, I'm sorry, it's all my fault for causing you trouble! In fact, it was Brother Roman who called me, and I didn't know you were back, so I made an appointment. You met, but I didn't expect him to do it on purpose..."

"Okay, someone shamelessly used you, what does it have to do with you, don't blame yourself..." Selena was talking to Tang Nuo when the phone rang suddenly.

Selena looked at "Sweetheart" on the caller ID, her eyes softened suddenly, and she answered with the corners of her lips bent, "Hello, hubby?"

Listening to Selena's soft and sweet "husband", Daniel felt as if his whole body was wrapped in a ball of honey, and his deep voice revealed the master's happy mood, "Well, are you done with your work? I'll pick you up."

"I'm done! Have you finished your meeting?" Selena asked.

"Just finished, there is still a little finishing touch left, soon."

"Then don't rush over here in such a hurry, I'll go find you, wait for me..." Selena said caringly.

“Okay.” His wife wanted to come to visit the class, so naturally he would not refuse.

...

“Brother-in-law? Brother-in-law?” Tang Nuo asked with bright eyes.

“Yes, I went to the company to look for him, you should go back to the dormitory!” Selena said with a light smile.

“Yeah, sister, slow down on the way, and say hello to my brother-in-law for me!”

Tang Nuo saw that Selena had answered the phone call from her brother-in-law, the indifference and gloom on her face were instantly swept away, and her tense mood was also relaxed.

Fortunately, fortunately, such a person appeared...

It can make my sister forget the past and start over...

Lu Group.

When Cheng Feng heard that the proprietress was coming, he hurriedly went down to greet her in person.

Selena followed Cheng Feng and took the direct elevator to the top floor.

After bringing Selena to the office, Cheng Feng left immediately with great insight, but he couldn't help but give Selena another look before leaving.

“My sweetheart... I’m coming...” As soon as the door closed behind her, Selena immediately took off her mask and happily hopped towards Daniel.

“Here we come...” Hearing the girl’s voice, Daniel, who was dealing with official business, subconsciously raised his head from a pile of contract materials.

The next second, after seeing the girl in front of him clearly, his expression froze, and his cold eyes darkened instantly.

Selena was actually wearing a school uniform. If he was not mistaken, it should be the girls’ school uniform of Imperial University. Saul had shown him a magazine album before, saying that he would use it as a reference for the company’s employee uniforms. It was rejected, so he has some impressions.

At this moment, the girl is wearing a short uniform skirt and a refreshing ponytail. She doesn’t wear makeup on her face, but her eyebrows are as far away as ever, her lips are like cherry blossoms, and her skin is even more fragile. Standing there pretty, she can’t see He turned out to be an entertainer who has been in the entertainment industry for so long, and he is completely a naive and romantic college student...

“Sweetie, I need a hug...” Selena had just been disgusted by some sgumbag, but now seeing Daniel was like seeing a clear spring, she immediately walked around the desk and rubbed it stickily.

By the time Daniel realized it, he had already embraced the girl in his arms.

Selena sat on the man’s lap, nestled in the fresh and safe embrace, her little head rubbed against the man’s chin.

The man carefully embraced Wen, Xiang, Ruan, and Yu in his arms, and stroked the girl’s head lightly, his voice was a little hoarse, “Why are you dressed like this?”

It was only then that Selena remembered that she was still wearing a school uniform, and she scratched her head suddenly, “Ah... because I went to see Xiao Nuo at Imperial University just now, so I asked Xu Tao to find me some inconspicuous clothes, but he didn’t know where to go from here. Where can I find a school uniform...”

No wonder when she came over just now, Cheng Feng and several other employees looked at her with strange expressions!

Hmm, did they think she was playing with Daniel in uniform temptation?

Sad reminder, she really didn't mean it!

But...of course it can be done on purpose...

The girl's nimble eyes turned around, and she immediately frowned and leaned closer, "My dear, do I look good in this dress?"

The man's eyes darkened instantly, "It looks good."

The girl immediately looked smug, "Hey... I didn't mean to brag about what I said before... If you marry me, I will marry a treasure... I said that I want you to have the feeling of changing wives every day, but I'm not coaxing you..."

While the girl hummed triumphantly, she danced and moved on his body, Daniel faintly traced a trace of collapse on his forehead, and said, "Hey, go sit on the sofa for a while, I'll take care of the rest use up."

Selena's face collapsed when she heard this, "I can't sit here, can you handle it?"

Daniel: "No."

Selena immediately felt even more aggrieved, "Then I won't bother you! Is it okay if I don't talk?"

Looking at the clingy little wife in his arms, Daniel pinched the center of his brows helplessly. After a while, he sighed, took the girl's hand, and pressed it down somewhere under him...

Selena blinked her eyes, being drawn for some unknown reason. The next second, after feeling the hard heat in her palm, her eyes widened, "...!!!"

Daniel kissed the girl's neck, and said in an extremely hoarse voice, "I will be distracted."

Chapter 1895

Why would Mao be distracted...

Selena expressed that she was innocent.

She didn't do anything just now, right? Just said a few words to him...

However, she is still very happy to have teased the Great Demon King so easily...

Selena raised her small head, looked at the man's obviously forbearing expression, blinked her eyes and said, "Well... my heart, actually... my body has almost recovered... Annie has been dispensing medicine for me, and I can't help it. There is a mother who cooks tonic soup for me every day..."

So, in fact, you don't have to be patient...

The girl said, raised her chin, and kissed the man's cool and thin lips...

After hearing the girl's hint, Daniel's body stiffened suddenly and he remained motionless.

A moment later, the big palm on the girl's waist tightened suddenly, the back of the head was held by the man, and she kissed her hard...

The space on the chair was too narrow, and Selena was forced to press her waist against the desk behind her, making her feel a little uncomfortable, so she faltered and groaned...

In the next second, the body suddenly flew into the air, and was placed on the large and soft sofa in the office by the man...

Selena was lying on the sofa, looking at the man hanging in front of her, her usually cold and desireless eyes were filled with incomparably hot flames, and her frozen face was more seductive and tender than usual because of lust and desire. A hundred times sexier.

When she thought that the man's emotion was all because of herself, this kind of thought filled her heart with more satisfaction.

Seeing the man leaning over and about to kiss him again, Selena purposely reached out her hand to block his kiss, and pursed her lips, "Well, didn't you say there are still things to deal with? Is it okay?"

The man's Adam's apple slid, he took the girl's hand, and kissed the girl's palm lightly, "It's over."

Selena felt the itching heat in her palms, and a tingling went from the soles of her feet to the nerve endings, "Well, so you lied to me just now..."

"Are you sure...your body is fine?"

Selena chuckled, "It's really no problem, let me tell you, even if I go up the mountain to fight tigers, there is no problem at all! Let alone..."

Speaking of this, Selena paused for a moment, then suddenly turned around, threw the man lying in front of her on her body, and said softly, "Let alone...I threw you down!"

The moment Selena finished speaking, there seemed to be something in the man's eyes, and he broke out of the cage completely, and suddenly turned into a raging flame, engulfing her...

From her neckline, slender fingers unbuttoned her school uniform one by one...

tick...

Beads of sweat from the man fell on the girl's skin with scalding temperature...

"Click" sound of the belt buckle being undone, at the same time, the zipper of Selena's skirt had already been undone...

At this moment, Daniel's breathing became disordered, and beads of sweat covered his honey-colored skin, "If something feels uncomfortable...tell me..."

Selena's mind was in a mess, she didn't hear what the man was saying at all, she just nodded subconsciously.

“Ah...” The next second, the thing roared into her body with terrifying force, and Selena curled up like a shrimp.

Chapter 1896

Feeling the tightness of the girl's body, the man stopped his movements immediately.

And such a pause is simply torture for him, “Uncomfortable?”

Selena was almost at a loss for words, why...why this is not the first time...it still hurts so much...

Boss...are you sure you...you...are your size normal?

Seeing that Daniel had come to this kind of time, she was the one who was the first to worry, Selena's tense body softened a little bit unconsciously, she bent her eyes and rubbed against the man's neck, “It's okay ...”

The girl's cat-like gentle tone and expression completely tore off the man's last trace of self-control...

In the huge office, there is only sweet and ambiguous melody left...

At this time, Selena put it in the bag beside her, and her cell phone rang suddenly.

Selena regained some clarity in her drowsy mind, “The phone...”

However, before he could finish his words, he was already struck by the increasingly violent actions of the Great Demon King and lost all ability to think, and could only follow his ups and downs...

...

Later, Selena finally realized her innocence and ignorance.

Miscalculated!

How can a tiger be as ferocious as a boss!

She even boasted that she was in good shape and there must be a problem.

But the problem is, even if she is in good health, she might not be able to bear the demands of the Great Demon King...

Uh, suddenly a little worried about my future...

Meanwhile, Deer Town.

The little baby stood up in a flash, "I'm going to find my mother!"

Selena couldn't get through on the phone, the little guy finally got anxious.

At this time, Saul next to him had just called Daniel, but he couldn't get through either.

If Selena or Daniel was the only one who couldn't get through, or he was still worried, but if both of them couldn't get through, then...

Thinking of this, Saul's expression suddenly became meaningful, and he said, "Wait, wait, baby, trust me, your mother is fine!"

"But mom won't refuse to answer Rick's call!" Rick said with a straight face.

"There must be something that we can't get out of!" Saul explained.

He suddenly had an ominous premonition that the dog food this time might be enough to kill him...

"Impossible, no matter what happens, mother will never refuse to answer Rick's phone call." Rick said firmly.

Saul shook his head sympathetically, thinking, baby, there really are... and you will probably be abused many times in the future... This is just the beginning...

“Don’t worry, I’ll make another call to ask.” Saul said, and called Cheng Feng.

“Hey, Special Assistant Cheng... Have you seen my sister-in-law?” Saul asked directly.

“I see, the lady boss just came to the company.” Cheng Feng replied truthfully.

“Then where is she now?”

“I’m not sure about this. I’ve already left work, but when I left, the proprietress and the boss hadn’t left yet.” Cheng Feng thought for a long time, then coughed lightly, and added hesitantly, “Cough, second young master, you If there is nothing urgent, don’t bother now...”

Tsk tsk, sure enough...

This young master is really smart!

“Success, I see.”

Saul hung up the phone.

OK, don’t worry about it now.

It’s just that Rick’s side...

With tears in his eyes, Saul resigned himself to helping coax the child for a long time, and finally calmed Rick down.

Forget it, it’s not easy for his brother to endure it for so long. He doesn’t care about the dog food this time...

Chapter 1897

Late at night, Su residence.

After Roman left Imperial Capital University, he returned home without any delay.

In the living room, Zheng Minjun had just finished talking on the phone with a lady he had a good relationship with on weekdays, and was about to fall asleep when he heard the sound of a car engine at the door, followed by footsteps, and saw his son who had been away on business for many days come back.

Seeing his son coming home, Zheng Minjun smiled immediately, "Roman is back! Why is it so late? You should have arrived home yesterday, didn't you?"

Roman didn't answer, "Where are Dad and Susie?"

"Your father is upstairs in the study, Susie seems to have a social event at night, and he hasn't come back yet!"

"Yeah." Roman slightly nodded, and then walked upstairs, "I'll go to my father and discuss something with him."

Zheng Minjun has been inquiring about Selena and Zhuang's affairs here and there for the past two days, and now he finally waited for Roman to come back. He planned to inquire about his son's intentions first, but seeing Roman walking in a hurry, he seemed to be in a hurry. I can put it aside for now, "Oh... okay... let's go!"

In the study.

Under the desk lamp, Su Hongguang was looking solemnly at the bid for a piece of land. This piece of land was very important to them collectively, but without the internal relationship above, it was almost impossible to compete with the other two companies.

This circle is like this, and sometimes it is as difficult as climbing the sky without a few connections.

Su Hongguang's eyes dimmed, and he couldn't help but think of his wife's words that day...

After all, Roman and Susie have been married for such a long time, the Su family and the Ning family are now inseparable, divorce will affect the whole body, so he told Zheng Minjun not to be impulsive.

However, at this moment, if Roman could marry Selena, the huge benefits he would bring would be shaken no matter how firm he was.

If it is possible to marry the Zhuang family, then all the troubles caused by the divorce will be nothing more than minor problems...

Su Hongguang was in a daze when his son's familiar voice suddenly sounded in his ear...

"Father."

Only then did Su Hongguang come back to his senses, and raised his head to look at his son, "I'm back."

Roman nodded, his expression looked a little unusual compared to usual, "Father, I have something to discuss with you."

Seeing Roman's unusual expression, Su Hongguang straightened his face, "Sit down, it's so late, what's the matter?"

Roman didn't sit down, but stood in front of the desk with his back straight. It seemed that he had made a great determination, so he looked at Su Hongguang firmly and said, "Father, I am going to divorce Susie."

The moment the words fell, Su Hongguang's expression changed suddenly because of astonishment, and at the same time, a gloomy light flashed across the bottom of his eyes.

Su Hongguang suppressed all kinds of chaotic thoughts in his heart, looked at his son with an extremely solemn face and said, "Do you know what you are talking about?"

"Father, I know that you and mother will definitely object, and you will never understand my impulsive and unreasonable behavior, but... this matter... I am definitely not impulsive, but I have thought about it for a whole year. ! I have already decided!" Roman's tone was very strong.

Rather than saying that I came to discuss with him, it is better to say that I just came to inform him.

If Su Hongguang heard Roman say divorce before knowing Selena's identity, he would definitely be furious...

But unluckily...

So everything is a little bit different...

Chapter 1898

Therefore, although Su Hongguang's face was serious at the moment, he felt relieved.

"For such a big matter, you always have to give a reason, but what did Susie do wrong?"

Roman squeezed his fists on both sides, "No... It's not that Susie did something wrong, it's my fault, it's because I owe too much to one person..."

Su Hongguang's eyes lit up immediately, "Alone...do you mean...that girl Selena?"

Hearing this, Roman nodded, "Father, you know about Selena and I. No matter what, I betrayed her first, so that she suffered so much alone, I even I just found out that all of us have misunderstood her for the past year. She was not as nasty as the rumors said, she was adopted, but got into a car accident, fell into a deep coma, and lay in bed for a whole year..."

I see...

In fact, Su Hongguang had seen his son's intentions a long time ago.

After all, he is also a man, and he understands what it means to be a man.

For a woman like Selena, there is no man who can't be tempted.

And in the past, Selena was so devoted to his son that he didn't think there was anything wrong with it, but now she suddenly ignored him, and her appearance of astonishing the world again naturally aroused her son's idea.

Coupled with the exposure of the truth of Selena's disappearance for a year, it suddenly aroused his son's pity and remorse...

He could understand that his son would suddenly propose a divorce.

"I already know about Selena." Su Hongguang said.

"Father, you also know?" After all, Su Hongguang didn't pay much attention to the entertainment industry, so Roman was a little surprised.

A gleam flashed in Su Hongguang's eyes, and while observing his son's expression, he said, "Selena is the niece that the Zhuang family has publicly admitted, and she has a great status, how could she do that kind of thing like the outside rumors?"

Roman was slightly startled when he heard this, "Father, do you mean that the dealer has already recognized Selena?"

"That's right." Su Hongguang nodded, "And it was your mother who saw it with her own eyes at Mrs. Li's private party. Meng Linlang brought her to attend and introduced it to everyone personally."

Roman pondered, "I guess when Susie and I got married...the Zhuang family should have known about Selena's background...It's just that the Zhuang family has always kept a low profile...so no one knew..."

"Yes, it must be so."

After Su Hongguang finished speaking, he said earnestly, "Back then, your mother and I were kept in the dark by the Ning family. After all, we didn't know about it. Being brought up as Selena, we were determined not to be able to enter our Su family."

Now, since we have learned that she is not only the biological flesh and blood of the Ning family, but also the granddaughter of the Zhuang family, it is okay for this identity to match our Su family. “

Roman heard the implication of his father’s words, and was suddenly a little surprised, “Then father, what do you mean...you agree?”

Su Hongguang didn’t answer directly, but asked, “What are you going to do with Susie? She didn’t do anything wrong, and you suddenly want to divorce her. Will Susie agree? Will the Ning family agree?”

fault?

Roman thought of what Susie did to Selena back then, although he couldn’t tell Su Hongguang the truth, his heart felt like a needle was pricking him.

He didn’t know why he was so obsessed at the beginning, allowing her to do that kind of thing to Selena, but he still chose to forgive her...

Chapter 1899

At that time, he was full of this weak girl, he was her sky, her land, her only support and everything.

She said that she did something wrong because she was too afraid of losing him. He was so moved by her affection that he forgave her like that.

He always felt that after the exposure of Baocuo’s life in the hospital, Susie had only himself, so he embraced everything about her and always protected her from harm.

But the fact is that even though her background has been exposed, Susie is still the eldest lady of the Ning family who is loved by thousands of people.

She has a good family background, has the affection and love of Ning Yaohua and Zhuang Lingyu, and even betrayed him. For Selena, he stood by her side.

On the contrary, Selena left her adoptive parents and was not accepted by her biological parents. In the end, even he...

It wasn't until time woke him up little by little that he finally realized how cruel what he did back then was to another girl.

It wasn't until he watched the girl's efforts to bloom with brilliance that he realized that his feelings for her had never disappeared...

Why did things become like this step by step?

In the final analysis, it was because, as the eldest son of Su, even though he had recuperated in the countryside for many years, he was still arrogant in his bones.

Back then when he was alone and helpless in the countryside, Selena's presence made him feel like a warm light, but when he returned to the flashy imperial capital, everything reminded him of his identity, Selena's inseparable relationship with the upper class. Compatibility gradually made him feel bored, and even gradually began to avoid her...

And at that time, Susie, who was outstanding in appearance and talent, and frequently showed her kindness to him, appeared and matched him well in every way, so it was hard for him not to be tempted...

Similarly, it was also because of his arrogance that even though he mostly admired and pitied Susie, Susie's real background was always a thorn in his heart.

Especially when Susie's life experience was directly exposed in public, and everyone in the circle knew it tacitly.

With such a high spirit, how could he bear the sympathy and gloating of those people, and privately gossip about him marrying a pheasant and going home?

Now, he's just getting things back on track.

His Roman's wife was supposed to be a real daughter, and she should have a noble status!

So now, even at all costs, he still wants to make up for and redeem, to redeem the girl who has been waiting for him for so long and who has loved him deeply for so long.

He even wished he could fly to him immediately and tell her that he had regained his freedom.

I can't wait to see the smiling and loving expression on the girl's always cold and mocking face...

Thinking of this, Roman's gaze became firmer, "I will deal with Susie's side, but with the Ning family, it may take a lot of work for my father and mother to coordinate."

At this moment, various interests and interests flashed through Su Hongguang's mind, and he was almost completely overwhelmed. He said slowly, "If you really decide, your mother and I can only show this face..."

If everything goes well, as long as the relationship between Roman and Selena is confirmed, there may even be time to take that piece of land directly.

There is no need to mention the various conveniences in the future...

As for Selena, Su Hongguang seemed extremely relieved, but didn't ask any more questions. That girl loved his son to death. Now that her son divorced her because of her and was willing to remarry her, how could she be unwilling? of!

Su Hongguang's abacus was rattling...

As everyone knows, all his calculations are just a joke...

Lu Corporation, President's Office.

The girl has been carried by the man to the big soft bed in the lounge.

On the bedside table, the petals in the vase trembled and fell in pieces...

The girl's school uniform has been completely taken off, and the porcelain-white jade skin is steaming with sweet and greasy heat, which is redder than flower petals. The body shaking with the man's movements is like a ball of nephrite, and the hard and hot body in front of her, in stark contrast...

No rejection, no fear, no panic...

Not a single shadow and distraction...

Only wholehearted delivery...

A feeling similar to completeness filled her heart...

It turns out that the relationship between men and women is such a feeling, beautiful and pure...

After all, Daniel had endured it for too long. He had always been afraid of hurting the girl in the slightest, but when he really bonded with her, the words "temperance" and "control" were tantamount to torture to him.

However, after thinking of something, Daniel's expression suddenly changed, and he stopped moving instantly.

Selena's hair was disheveled on her temples, looking at the expression on the man's face that was almost collapsed, she said hoarsely, "What's wrong..."

The girl's soft voice and glistening eyes made things even worse. At this moment, Daniel's body was tensed into a bow, and there was a thin layer of sweat on his forehead, "I... don't have..."

"Huh? Nothing?" Selena was stunned for a moment, but she quickly realized that the corners of her mouth were slightly curved, and she wrapped her soft arms around the man's neck, "Well... darling... Do you think it's safe? , set it?"

Daniel nodded with an extremely dark complexion, "Yes."

Selena rubbed against the man's neck, "It's okay, it's a safe period..."

As Selena said, her bright eyes in the dark stared intently at the man's eyes, and said, "Actually...my dear...I really want to give birth to you..."

Hearing the girl actually said that she was going to give birth to him, almost the moment the girl's voice fell, the man's pupils shrank suddenly, and he felt a sudden electric current rushing through his back, and then, unexpectedly, it just came out like this...

"Dmn it!!!" Daniel cursed in extreme annoyance.

The scorching heat in her body made Selena's body tremble violently. After feeling the man's remorse, she couldn't laugh or cry.

Please, Lord Boss, it's almost dawn now, okay?

My body, which can fight tigers on mountains, can't stand it! How long do you want?

Daniel did not back out immediately, but hugged the girl's body nervously, "Selena, are you...are you sure? Are you really willing?"

He has always been worried about the shadow caused to her by the events of that year, so he never thought that she would be willing to get pregnant again, and he never raised similar issues in front of her...

There was nothing unusual on Selena's face, she smiled and said, "Of course I'm sure, please, we're both married, is there anything wrong with me giving birth to you?"

After finishing speaking, Selena didn't know what to think of, and a trace of worry flashed across her small face, "Well...but...I'm worried that Rick won't like it...Actually...I have Rick and that's enough..."

The reason why she suddenly said that to Daniel just now was because of her affection. She felt that the best way to express her feelings for him was to give birth to him.

Hearing the girl's words, Daniel's eyes shone brightly, and he said in a firm tone, "Don't worry, Rick will like it, I promise."
