Chapter 1951

Selena shook her head with a helpless expression, it really was Xu Tao's style of handling things.

This move is really bad.

"Selena, how did you get selected? It was appointed by Jayers!" Xu Tao hurriedly asked, wagging his tail.

So Selena told Xu Tao the detailed process again, and Xu Tao listened to the whole process without blinking his eyes.

—

After leaving the private club, Selena returned directly to Lu Town.

After chatting with Jayers for a long time, Selena finally understood why part of the casting for "Killer" was in China.

According to Geers, his youngest daughter, Caroline, likes Huaguo very much, and some of the scenes and plots in "Killer" are also located in China.

Of course, after the filming of "Killer" officially starts, and the filming of the domestic plot is completed, it is still necessary to go to various countries with the crew to continue to select locations for filming.

"How is it? Did it go well?" Daniel asked.

"Killer", an old Hollywood movie, was once a sensation. Daniel had also seen it, and knew how much Selena liked this movie. He even did not hesitate to

study the script for a long time for a supporting role that didn't have many roles.

"Wooooooooo dear...it didn't go well, the role I auditioned for was not selected!" Selena cried and rushed over to be caressed and comforted.

Daniel was naturally distressed, so he tried to comfort him softly.

As a result, as soon as I finished speaking, I saw the girl raised her head like a little fox, and there was no trace of sadness in her eyes, "Hehehe, although I didn't choose the role for the audition, but... the film crew asked me to play the role of the female killer ..."

Hearing Selena's words, even Daniel was a little surprised.

Originally thought that Selena failed the audition, but never thought that she would get the role of the female lead instead.

In Hollywood, the status of the Chinese is low. As we all know, it is hard to find a supporting role, let alone a heroine.

"My dear, did you know that today my idol invited me to meet him personally!" Selena said excitedly.

"Jers?" Daniel asked.

"How do you know!" Selena curled her lips, originally wanting to show off to Daniel.

"Aside from Jayce himself, who else can make you so excited." Daniel said in a doting tone.

His favorite thing was the way her eyes lit up when she talked about her work.

"Mr. Geers, he is really a gentleman and kind, not at all what I imagined, just like an ordinary and kind grandfather!

And you know what? The heroine Caroline is actually Jayers' daughter, but it's a pity that Caroline has already passed away..." Selena's expression was full of regret and regret, and at the same time she became more determined to act in this play well.

"My dear, I must perform this play to perfection."

“Of course Ma’am can.” Daniel said, thinking of something, an imperceptible glint flashed in his deep eyes.

...

“Killer” was very efficient and quickly notified Selena to try on makeup.

On that day, Selena arrived early.

In the dressing room, a Caucasian man with western beauty walked up to Selena, staring at Selena naked with blue eyes.

“You are Selena, an actress from Huaguo.” The white girl smiled.

“Hi, I’m Selena.” Selena replied politely.

“I’ve heard of you... It seems that you have been in Hollywood before, and acted in a movie, the one that was released recently?” The white girl stretched out her hand towards Selena.

Chapter 1952

The white girl in front of her was not too unfamiliar to Selena, she was a well-known actress in Hollywood.

The filming of “Killer” has a very luxurious cast.

The male lead is played by Hollywood actor Stewart.

Because of the long conversation with Jayers yesterday, Selena already knew all about the current cast. This white girl played the assistant of the first male in the “Killer” movie.

“You are so amazing, you can actually play the role of the first female killer, and play a lot of rivalry with Wei Di.” The white girl looked envious.

Although the outside world doesn't know everything yet, the fact that the heroine has been changed to a Chinese actor has already exploded inside.

Even Selena herself thought it was due to a lot of luck for getting the female lead role. After all, Selena had almost no idea about the female lead role in “Killer”.

However, now that she has obtained it, she will naturally go all out.

“However, Miss Selena, you have to be careful.” The white girl looked around and lowered her voice.

“Be careful?” Selena was puzzled.

The caucasian girl nodded, and said softly: “The film crew has already decided on the role of the lead actress, and it's Lilian as the lead actor, but then the film crew issued a notice to replace the lead actress with you as the lead role. Now Lilian It was replaced by the second female villain...”

Lilian is the most popular actress in Hollywood in recent years. When the film “Killer” was about to be re-shot, Lilian had been contacted. After the audition, Lilian was confirmed to play the female lead.

However, with Selena's arrival, the film crew's decision suddenly changed. It was said that even many high-level executives didn't know why they made the sudden change. Everyone was very curious about Selena.

The white girl seemed to be afraid of Lilian, so she just told Selena to be more careful.

Selena already knew about this matter, and asked Jayers about it, so she didn't take it to heart.

The female lead role in “Killer” is the producer's decision, and it has nothing to do with her, let alone snatched it by herself. She just has a clear conscience and goes all out.

“What the hell, the role of Lilian’s female lead was actually replaced by the film crew, and an actor from Huaguo was cast as the lead role. I don’t know what the film crew thinks!”

“I asked before, what is the name of that actor from Hua Country, Selena? Although he is famous in Hua Country, he is not qualified in Hollywood at all!”

Soon, two black girls walked into the dressing room.

The eyes of the two black girls fell on Selena instantly.

One of the black girls looked at Selena and said with a sneer, “It’s really not easy for actors from Huaguo to make a name for themselves in Hollywood. No matter how many movies they have acted in, they still have to leave in the end.” !”

“There are always people who want to go to Hollywood, but in the end it seems that none of them stay!”

What the two black girls said was obviously for Selena.

Before the two black girls could continue to say something, several makeup artists from the crew finally arrived.

“Hello everyone, we are the makeup artists of the crew, and today the crew asked us to try on everyone’s outfits.”

Headed by middle-aged woman, smiling.

After hearing the sound, the two black girls stopped talking, sat on the chairs, and looked at each other in the mirror.

“Miss Selena, hello, my name is Lisa, and I’m your makeup artist.”

The middle-aged woman walked up to Selena and introduced herself.

“Hello, I’m sorry.” Selena nodded.

Chapter 1953

“Leave everything to me.” Lisa said with a smile.

Almost all of these people followed the crew all over the country and were professional makeup artists for the movie “Killer”.

Lisa is an overseas Chinese, and she is fluent in Chinese. After learning that the female lead role is a Chinese actor, she volunteered and became Selena’s exclusive makeup artist.

The table was full of cosmetics, but Lisa didn’t do anything for a long time.

“Lisa, is there a problem?” Selena was a little puzzled.

A hint of surprise appeared in Lisa’s eyes: “Miss Selena, your complexion is really good. I have been in the industry for seventeen years, and I have rarely seen your skin.”

Lisa exclaimed, the light makeup on Selena’s face was already perfect, there was no need to add more.

Moreover, the makeup of the characters in the play is not heavy, and such a cool, clean and authentic style is needed.

“Thank you for the compliment.” Selena said modestly.

“Miss Selena, you... don’t need makeup at all.” Lisa was going to show off her skills, but in the end she reluctantly put the cosmetics in her hand on the table, and only made some simple touch-ups.

Not far away, the makeup artist who was doing makeup for the other people couldn’t help but look sideways at Selena.

“I don’t think the skin is good, there is something wrong with the eyes!”

“No matter how good the skin is, is it better than white people’s skin?”

The two black girls glanced at Selena with disdain.

“Don’t pay attention to them! I’m the kind of person who is discriminated against, but I still mock others for looking for a sense of existence!” Lisa gave Selena a wink and comforted her.

Selena laughed it off and ignored it.

Similar to this situation, Lisa has seen too many.

Not only actors from China, but also big names from many countries, once they come to Hollywood, they will definitely be targeted.

Of course, it almost never happened that Selena directly snatched the role of actress Lilian and became the number one actress. It was unbelievable.

Even, Lisa heard complaints from the crew before.

It seems that Selena’s role as the female lead was not originally the crew’s decision, and for some unknown reason, the film crew temporarily decided to replace the lead female role.

“Lilian, you are here!”

Suddenly, the two black girls looked forward, with a hint of schadenfreude in their eyes.

I saw a white girl walking into the dressing room with an assistant.

When Lilian learned that she was replaced by someone, she was very angry, especially after knowing that she was an actor from Huaguo, she even made trouble with the crew.

Seeing Selena from the corner of the eye at this moment, a dark light flashed in his eyes, and his eyes scanned Selena’s body.

“Lilian, sit down quickly.”

One of the black girls stood up quickly and graciously offered her seat to Lilian.

After Lilian sat down, the assistant at the side glanced at Selena, frowned and said, “Where is this little actor, can anyone enter the dressing room of the crew?”

“This is Miss Selena, the lead actress in this show.” Lisa said calmly.

“Selena? Who is it? I’ve never heard of it. Where did this little character come from? Has any of you heard of it?”

Lilian’s assistant looked around.

“No, I’ve never heard of Selena!”

“The position of the number one female, could it be that she came to sleep with some high-level crew? I know that their Chinese circle is very dirty!”

The two black girls sneered separately.

“You guys, don’t go too far. You speak so badly. Didn’t your parents raise you well?” Lisa stared at the two black girls and reprimanded them in a warning tone.

Chapter 1954

Even though this low-level trick was completely harmless to Selena, Selena still gave Lisa a grateful look for her protection.

“Lisa, what does this have to do with you!”

The two black girls frowned.

The make-up artist in front of her is very famous in the circle, and it is said that she has some relationship with Weidi. The attitude of the black girl did not dare to be too tough, she just complained in a low voice.

Hearing this, Lilian gave the little assistant a wink, and the little assistant immediately fell silent.

Seeing that Lilian stopped talking, the two black girls naturally stopped talking.

Seeing Lilian's attitude, Lisa's eyes flickered slightly, and she couldn't help being a little surprised.

Lilian is not easy to get along with, she thought that this time Lilian would definitely give Selena a severe blow, but she actually chose to calm down?

Lisa subconsciously glanced at Selena. Since this Chinese girl can get the position of female number one, her identity and background must not be easy, right? Even Lilian is afraid...

Not long after, Lilian got a call from her manager and got up to leave.

Several other actors rehearsed and auditioned separately, and they left the crew at noon.

Selena was just about to return to the apartment when her phone rang.

Staring at the phone screen, Selena was suddenly surprised, and was so excited that she almost threw the phone out.

"Han Xiao?"

Depend on! God!

After seeing the caller ID, Selena hurriedly connected the phone, "Hello? Great... God? Are you looking for me?"

"KFC near J Street, come here."

Before Selena could continue speaking, a blind voice came.

What the hell, it's kfc when you open your mouth?

Ten million thoughts rushed past Selena's heart.

In desperation, Selena had no choice but to go.

The Great God calls, let alone kfc, even if it is a mountain of swords and a sea of fire, you have to go!

Inside the store, Selena saw Han Xiao sitting in the corner at a glance.

I saw Han Xiao wearing loose white clothes, looking very casual, like a harmless boy next door.

Although it looks seductive, it's just... the way this great god eats is really dazzling.

Standing on Erlang's legs, holding a fried chicken leg in his left hand, and a beef roll in his right hand, he lowered his head and sipped milk tea by the way.

Selena sat beside Han Xiao for a while, but this guy didn't notice her existence at all.

"Is it tasty?"

Selena didn't want to disturb Han Xiao at first, and was going to wait for him to finish eating, but the foodie ordered another luxurious family bucket!

After he finishes eating, he will probably wait until the end of time!

"Huh... When did you come?" Han Xiao turned his head and looked at Selena who had already arrived.

"It's been ten minutes." Selena, who was completely ignored, said with a twitching corner of her mouth.

"Oh... go and get the family bucket for me, and by the way... help me pay the money." Han Xiao nodded.

I take your grandma!

Selena wished she could slap the foodie in front of her to death.

He and Han Xiao haven't been in touch for more than a year, but the first thing this guy said when he saw her was that if he asked him to get him the family bucket...

The worst part is that he has to pay him!

She rushed over in a racing car, so nervous that she thought something big had happened, okay?

Forget it, for the sake of saving my life...

—
After eating, Han Xiao drank milk tea contentedly.

“Long time no see, how are you doing?”

After putting down the milk tea, Han Xiao finally returned to normal.

“If you don’t call me, I’ll be better.” Selena said truthfully.

Almost scared to death!

“If I don’t call you, I will be very bad.” Han Xiao said.

“Why?” Selena was a little puzzled.

“I’m not full, and I don’t have enough money.” Han Xiao thought for a while and said truthfully.

Selena: “...”

“It seems that your body is almost recovered.” Han Xiao looked Selena up and down.

“Body recovered?”

“Aren’t you a vegetable? I thought I would never see you again.” Han Xiao wiped the oil from his mouth.

“Thank you!” Selena was helpless. Although this guy said so, his expression was obviously not sincere at all, okay?

“Oh, by the way, you invited me to dinner just now, and I have to give you something... There are a few people following you.” Han Xiao stared at Selena and smiled.

“Is someone following me?”

Selena looked surprised, if Han Xiao hadn't said it, she wouldn't have noticed it at all.

“I went into the store with you just now, and my kung fu should be pretty good. Just based on your current physical condition, crushing you to death is like crushing a chicken.” Han Xiao said.

You little chickens, your whole family are little chickens!

Although in the eyes of the Great God, she is almost a little chicken...

“You said that you are a hot star after all, and you just change your outfit when you go out and walk around, and you don't have a few bodyguards by your side.” Han Xiao shook his head.

“Bodyguards...with you here, what else do bodyguards do, Big Brother Han Xiao...”

Selena stared at Han Xiao and smiled meaningfully.

How could she bring other people with her when she came to see Han Xiao? What if he had something urgent and secret?

Who knew... she really thought too much!

“It's useless to call Dad, I'm full and want to sleep.” Han Xiao yawned.

I will calculate all the bills you eat, and you will not recognize anyone after eating!

At this moment, Selena hoped that a master would show up to beat Han Xiao up, and it would be best to spit out the luxurious family bucket that he ate just now.

However, this is clearly impossible...

Selena couldn't help but look around, who was following her and what was the purpose.

Although Selena didn't notice anything, since Han Xiao was able to speak out, there would definitely be no mistakes.

"One more family bucket!" Suddenly, Han Xiao shouted.

Selena: "Your second uncle!"

Han Xiao: "Go get it, go pay!"

I pay your sister!

Selena swore that if the man in front of her was not a monster, she would definitely fight him.

Selena rolled her eyes and said with a chuckle, "It's fine to pay, you have to help me deal with the people who followed me."

"Send me for a family bucket?" Han Xiao was taken aback, obviously feeling that he was at a disadvantage.

"Two copies, okay? I already paid you one!" Selena argued.

"Okay... okay..." Han Xiao pondered for a moment, and finally made a difficult decision.

After eating and drinking, Han Xiao took the last fried chicken leg in the family bucket and left KFC side by side with Selena.

Seeing Selena leave, the two men wearing sunglasses got up at the same time and strode away.

Selena drove to the suburbs outside the city.

An off-road vehicle went straight up and blocked Selena's car.

From the off-road vehicle, two middle-aged men stepped down.

"Selena, come with us."

One of the chubby middle-aged men quickly stepped forward and grabbed Selena's wrist.

In the blink of an eye, Selena raised her right arm and pushed the chubby man staggeringly.

"Selena, don't seek death yourself, I'll give you another chance and come with us, otherwise..."

There was a cold light in the fat man's eyes.

Listening to the man's words, Selena stood where she was, with the corners of her mouth slightly raised, outlining a wicked smile.

Chapter 1956

These two people are Lianjiazi, and they have guns on their bodies.

However, Selena had nothing to be afraid of.

On the left side of the car, there is a monster that is more terrifying than a cannonball.

At this moment, Han Xiao was sitting in the co-pilot, gnawing on the ordinary fried chicken leg left in his mouth.

"You said it's inappropriate for you two old men to bully a little girl." Han Xiao looked at the two men outside the car.

Hearing the sound, the short and thin man stepped forward, closed the co-pilot's door again, and stared at Han Xiao coldly: "Eat your food, don't seek death yourself."

The order the two of them received was to take Selena back home. If Selena didn't cooperate, it would be settled directly there.

As for others, it is not within their consideration.

After Han Xiao finished eating the chicken legs, he wiped the oily corners of his mouth, "It tastes good, do you want to eat it?"

Han Xiao rolled down the car window and looked at the short and thin man beside him.

"What to eat?"

The short and thin man failed to recover and asked subconsciously.

"Please eat chicken legs."

After finishing speaking, Han Xiao threw the chicken bone in his hand, and there was a faint sound of breaking the air.

I saw that the chicken leg bone was thrown into the thin man's mouth accurately.

"Uh... ah..."

The foreign object was stuck in the short and thin man's throat, and within two breaths at most, the short and thin man's face was livid, his eyes were bloodshot, and he let out a "woo woo" sound in the rumble.

"Is it so delicious..." Looking at the extremely painful appearance of the short and thin man, cruelty appeared in Han Xiao's eyes.

After a while, there was a "plop", and the thin man fell heavily to the ground, his body twitching non-stop.

"you wanna die!"

This situation made the fat man's complexion suddenly change. He immediately took out a pistol from his waist and aimed it at Han Xiao.

Swish!

Before seeing Han Xiao's movements, he saw a flash of white light, and Han Xiao had already appeared beside the fat man, with his slender fingers casually resting on the gun.

The fat man instinctively wanted to press the trigger.

"this..."

The fat man's pupils shrank suddenly, the trigger had already been blocked by the finger of the young man in front of him, and he couldn't shoot at all.

"What a broken thing, bring it to me and have a look."

In a moment, Han Xiao took the gun from the fat man's hand.

"do not..."

Seeing the black muzzle of the gun pointing at him instead, the chubby man's body trembled, his face full of horror.

The two of them are also well-trained killers, but this young girl in front of her has a terrifying power beyond human comprehension...

There was hardly any power to fight back, and the form was completely reversed between the jokes of the evil man.

"This sh1t, how do I use it, it's..."

"boom"!

Before Han Xiao could finish speaking, there was a strange noise from the muzzle of the gun, and the bullet pierced the fat man's head.

"Ouch... I'm sorry, I'm sorry, my hands are full of oil, I made a mistake."

Han Xiao stared at the fat man lying on the ground, and smiled softly.

Seeing Han Xiao's expression, even Selena couldn't help but shudder.

This person, saying that he is a monster, is not exaggerating at all.

As a friend, he will bring you an extremely strong sense of security.

But if it is as an enemy...

Simply unimaginable.

“Han Xiao, your uncle, why did you kill them all!”

When Selena came back to her senses, the two men wearing sunglasses had already been killed by Han Xiao.

This process was so fast that it was too late for Selena to stop it.

“My uncle? It’s none of my business. I killed it for you, not my uncle.” Han Xiao casually threw the pistol aside.

“you...”

Selena almost sprayed Han Xiao’s face with old blood. What kind of comprehension is this pervert? The Chinese teacher died earlier!

Explosive update tonight, there will be a lot later...

Chapter 1957

Originally, Selena wanted to find out who was behind the scenes from the two dead people, but this Han Xiao...

Killing people without blinking an eye, making mistakes, and being oily in their hands... cheating ghosts.

Does this guy know something?

“These two people, each treat me to a family bucket, two buckets for two people, it should be about the same.” Han Xiao said.

Selena: "..."

Selena couldn't help feeling sorry for the two killers. In Han Xiao's eyes, their lives were only worth a family bucket...

Moreover, it is not a luxury family bucket...

"Please, please, please, I'll treat you to two hundred barrels, and I'll watch you finish it." Selena was a little helpless. Sometimes this Han Xiao was terribly abnormal, and sometimes he looked like a child who couldn't grow up.

"Well...you said it, but I'm not free tonight. I have an appointment with a beautiful woman. I'll go find you."

Han Xiao turned around and waved, and left before Selena could speak.

"A beautiful woman has an appointment..."

Selena couldn't help but rolled her eyes.

She had never seen a woman around Han Xiao, let alone a woman, nor a man.

No excuses will be found to be credible!

...

Selena returned to the small garden building in Luzhen, but she didn't see Daniel, but Saul ran over.

This guy seems to be coming less and less frequently recently, it is said that he is full of dog food.

"Why are you here? Are you hungry?" Selena opened the door for Saul, let this guy in, and asked with raised eyebrows.

Saul made a bitter face, "Sister-in-law, you are being modest, this little bit of survival in my stomach is enough for me to survive in my next life... Sister-in-law, I am looking for you because, according to my brother, "Killer" let you play the leading role?!"

Saul was so excited that he asked.

Selena nodded, “Yes, where’s your brother?”

Saul walked around Selena, “At the company, the company has something to deal with these few days!”

Selena originally wanted to call Daniel, but when Saul said that Daniel was busy, she lost her mind.

“Sister-in-law, I know it’s been like three autumns since you last met, but can you tell me clearly first? Is what my brother said true or false?”

The movie “Killer” was a super classic in Hollywood back then, sweeping all the major awards. Although you are considered a big name in China, you are really nothing in Hollywood. Maybe in order to occupy the Chinese market, let you play a supporting role, it’s still possible... It’s too unscientific for you to play the leading role in the female lead, which is still a super classic work that everyone has been looking forward to...”

Saul is absolutely no stranger to the movie “Killer”.

It can even be said that among those who have been in the entertainment industry, who hasn’t watched “The Killer”?

Even in the past many years, there are many domestic film works with good reputation and blockbusters, many of which pay tribute to “Killer”.

Now, the new filming of the old film “Killer” has caused a sensation in the entire domestic entertainment industry. It is very difficult for many popular artists to get a small role.

“I didn’t lie to you, it’s true.” Selena said helplessly.

Saul still couldn’t believe it when he heard Selena personally accept the concession.

After the new shooting of the old film “Killer”, the lineup can be described as unprecedentedly strong, which is extremely rare.

The male number one is even more famous, with the world-renowned Steve Will as the role, known as Wei Di, a Hollywood actor-level figure.

The original female lead, Lilian, is one of the biggest actresses in Hollywood today. She should be about the same age as Selena, but in Hollywood, she

has already been crowned queen at a young age, and she has once blocked the honorary title of female artist of the year.

Before that, he and Wei Di starred in a movie called “Lowell Lost Town”, which received rave reviews.

Chapter 1958

Although Selena’s reputation is not small, it is also for the country. In Hollywood, it is easy for an artist like Selena to get a supporting role.

An entertainer from China, taking the role of a Hollywood actress, this kind of thing has never happened in history.

The shooting team is even more top-notch, and even some insignificant supporting roles are also well-known in Hollywood.

Most importantly, the producer this time is the mysterious and unpredictable Giles...

Just talking about the current domestic situation, how many big-name agents have used all means to find a small role for their artist, even if it is cannon fodder, it is worth it...

Unfortunately, almost no one has heard of success.

Although Saul was very confident in Selena’s strength, this matter was somehow unreasonable.

So just in case, he was worried, so he asked a few more questions.

“Sister-in-law, don’t say it’s a remake of the super classic Killer, even if it’s an ordinary Hollywood movie, which Chinese actress have you seen played the

leading role? Even if there are only a handful of important supporting roles, there are almost none... Well, how old is Jays?" gone?"

Saul rolled his eyes and asked, don't change the subject too abruptly.

How could Selena not know what Saul was thinking, and said directly, "It's too late to talk! Stop thinking about it! Mr. Giles is a very nice person!"

"Then it could be that the old gentleman has lost his mind..." Saul muttered softly.

"Huh?!" Selena narrowed her eyes immediately.

"Uh... I have to say, this time, the film crew of "Killer" is really good. They don't stick to the shape, and they dare to make breakthroughs. They are lucky. They actually found a super artist like my sister-in-law. I am a little envious..." Saul immediately gave a thumbs up, and changed his words quickly.

"Don't flatter." Selena stuffed the freshly peeled apple into Saul's mouth.

Looking at the bright fruit knife in Selena's hand, Saul smiled obsequiously, "Sister-in-law, what is my identity? How can I flatter you? I'm all dragon farts...Ahaha..."

Saul changed the subject, "Sister-in-law... the killer movie, I remember a male killer, I think it suits me."

Selena also remembered this role deeply.

The old version of the male killer is also considered an important role. It was starred by the famous Hollywood comedian Marlowe back then.

Selena still remembers some classic cross-dressing scenes of men disguised as women.

"Forget it, Mr. Lu is handsome and handsome, how can he act like this, don't ruin the dreams of thousands of girls!" Selena gave Saul a white look.

"Sister-in-law is still considerate of me!" Saul's face was full of emotion.

At this time, there was a sound of opening the door.

The door opened, and Daniel put away the key, carrying a lot of fresh fruits, vegetables and raw meat in his hand.

“Brother, has the company’s matter been resolved?” Saul hurried over to ask.

After walking into the kitchen and washing his hands, Daniel returned to the hall and said simply, “It’s okay.”

“It’s fine, it’s fine! I won’t bother you anymore, I’m leaving!” Saul patted his butt and was about to run away, not wanting to be stuffed with dog food.

“Come here, let’s eat here tonight!” Selena said.

“Well, what about this...” Between the fear of dog food and the temptation of food, Saul finally chose to bow his head to food.

“Sister-in-law still loves me so much, so it’s such a happy decision!” Saul stepped back immediately, and sat on the sofa to watch a movie.

What a rare opportunity!

Chapter 1959

Hey, recently, in order to create more two-person worlds for these two people, their whole family mobilized, and even Rick resolutely left Ma Ma’s embrace for his sister, and went to the old house to accompany his grandparents. Naturally, he doesn’t come here often ...

No one can understand the likes and dislikes of a single dog...

“My dear, you look so handsome when you cook!”

Seeing Daniel concentrating on cooking, Selena couldn’t help but praise him.

Hearing the sound, Daniel raised his brows slightly, "Only the one who is good at cooking?"

"They're all handsome!" Selena stared.

The corners of Daniel's lips curled up, and he kissed the girl lightly on the cheek, "Yu Da, go out first, give me half an hour."

Selena originally wanted to accompany Daniel, but she was worried that she couldn't help swallowing him before she finished her meal, so she obediently left the kitchen.

...

After dinner, Saul wanted to go back, but seeing it was getting late, Daniel decided to keep him.

"Brother, sister-in-law, if I live with you, will I disturb your good affairs..." Saul chuckled.

"Then you can go back now." Daniel said lightly.

"Oh... drank some wine... I'm sleepy, I'm going to sleep first... See you both again!" Saul hurried into the bedroom, not giving Daniel a chance to chase him away.

At this moment, a deep roar sounded from a certain corner, shocking people's hearts.

Hearing the sound, Daniel was stunned, and subconsciously looked out the window.

"Beast?" Selena was a little puzzled.

Daniel frowned slightly: "Tiger."

"Tiger?!" Selena couldn't believe it.

Although Lu Town has not yet been developed, where will tigers come and go?

"This roaring sound...is not like a tiger in a normal zoo," Daniel said.

Just now he let out a low growl, which was strong and powerful. Based on a preliminary analysis of the decibels, the roar should have come from ten kilometers away.

“I rely on it!”

Wearing flowery underpants, Saul staggered out of the bedroom, his face full of bewilderment: “What just happened, you were watching the animal world?”

“It should be a wild animal from the zoo,” Selena explained.

“Ah?!” Saul’s expression shook, “Sister-in-law, are you kidding me? In our neighborhood, the birds don’t sh1t. Where did the zoo come from? There is no zoo in the town? There are no wild animals nearby! They are all deer and white rabbits. of!”

“Do wild animals that escape from the zoo only wander around the zoo?” Selena asked.

“this...”

Saul was speechless.

“Brother...Sister-in-law, I thought about it, I still have something to do today...Well, I’ll go first...” Saul said immediately.

When he was a child, he went to a relative’s house as a guest, and was chased by a tiger for several streets, so he had a little psychological shadow on tigers.

“Don’t be afraid to meet me halfway, just go.” Daniel got up and led Selena back upstairs.

“I rely on... Brother, don’t scare me!”

Saul looked around outside the window. It was dark and late at night, and visibility was extremely low.

“What’s wrong with the tiger, I saw the young master and I killed him and ate the meat!” Saul murmured, thought for a while, and finally returned to the bedroom.

...

Deer Town, a certain corner.

A white tiger about twice the size of an ordinary tiger was moving forward.

Anyone who saw this scene would be shocked.

On the back of the white tiger lay a young man who seemed to be in a semi-conscious state.

About half an hour later, the white tiger came to Selena's small garden building with the young man on his back.

“Roar—“

There was a deep roar, as if the earth was cracking and avalanche, it was shocking.

Chapter 1960

“Oh my God!”

Saul had just fallen asleep, when a frightening roar of a tiger sounded in his ears, so frightened that he jumped up from the bed, a huge shadow outside the window enveloped his whole body.

Saul looked at the huge white tiger outside the window, with a cold light in his eyes, he was instantly stunned.

Bai Hu looked at the bewildered Saul through the window, and let out another low growl.

“Brother! Sister-in-law! Dmn it! No... it's a tiger... a live tiger...”

Saul didn't have time to put on his pants, so he ran out of the bedroom in an instant at a sprint speed of 100 meters, and rushed towards the second floor.

...

The roar of the tiger outside the window seemed to be a huge mountain collapsing, it was shocking, and it made people feel instinctive fear.

It is a sense of fear originating from the food chain.

"Brother, sister-in-law, something happened, something big happened!"

Saul ran to the second floor, shouting non-stop.

Daniel and Selena had already walked out of the room.

The two tiger roars just now were too shocking. Daniel and Selena hadn't fallen asleep in the first place, so they heard them more clearly.

"It was indeed the roar of a tiger just now. It should be nearby. Could it be a tiger that escaped from the zoo?" Selena looked strange.

"It's still nearby, sister-in-law, just outside my window!"

Saul was still in shock. He opened his eyes in a daze and saw a giant white tiger from the window. He was almost scared out of his wits.

"Go and have a look." Daniel said.

"Brother, go over and have a look. It's a tiger. You thought it was a monkey! You forgot that your own brother was almost killed by a tiger when I was young..." Saul octopus pulled Daniel back.

Daniel glanced at Saul, "Get off me."

"Oh..." Saul felt wronged.

Selena followed Daniel, and the three walked to Saul's guest room.

The window is here, and the moonlight is hazy.

Through the moonlight, the figure of a giant white tiger appeared.

“White Tiger...”

Daniel frowned. How could there be a native white tiger in this imperial capital?

“ghost!”

Suddenly, Saul rubbed his eyes, looked at the back of the white tiger, and immediately sized up his whole body.

This time it really is hell!

Hearing the sound, even Selena’s body trembled.

It was extremely strange for a white tiger to appear outside his house in the middle of the night, but such a word suddenly came out of Saul’s mouth.

She, Selena, was not afraid of anything, but in this life, she was only afraid of ghosts...

“It’s a person.” Daniel hurriedly reassured the girl beside him, followed Saul’s gaze, and found a figure from Baihu’s back.

“Brother, is there a person on the white tiger’s back? You’re kidding, it’s possible to carry a ghost!” Saul curled his lips.

“What the hell is it...” Selena frowned.

Daniel took a few steps forward, looked carefully, and finally saw clearly.

“Han Xiao.” Daniel said.

“What the hell...?” Selena thought she had heard wrong.

What did her sweetheart say just now?

“Han Xiao.” Daniel repeated.

Hearing Daniel’s words, Selena immediately walked forward...

“fcuk!”

After Selena took a good look at the young man on Baihu's back, she completely froze in place, her mind blank.

Now, Han Xiao is in a coma, with obvious scars on his body.

"No way...he is Han Xiao, that super master of martial arts?!" Saul opened his mouth in shock.

Every man has a rivers and lakes dream in his heart.

Either in the game of swords, lights and swords, or in the hearty books, or the expectations and fantasies in reality.

After Saul learned of Han Xiao's existence, he also wanted to see the true face of this great god.
