### Chapter 1971

"Thank you!" Selena nodded her thanks, and under everyone's shocked and disbelieving gazes, she sat firmly in the female number one position.

This situation made Han Zixuan and Zheng Anru, including a few assistants, and all the reporters in the audience completely frozen in place.

Zheng Anru's disdainful smile froze on her face, as if petrified.

Selena walked forward slowly, and finally sat down on the female lead of "Killer".

On the other hand, Lilian looked at Selena from time to time, she still didn't know what the film crew was thinking.

Hollywood movies, especially the remake of the biblical classic "Killer", why on earth did they use Chinese actresses.

However, even director Simon kept secret about this issue, and his tone was very unusual, and even reminded her not to make trouble, so as not to cause trouble.

So even though she was dissatisfied, she still didn't dare to do anything.

Of course, when the movie reaches its release time, if the box office is not enough, it will be a problem for the female lead of the film.

At this moment, the Huaguo entertainment media present were almost in a daze, and even forgot to ask questions.

A Hollywood production actually chose a Hua country artist as the female lead, and this female lead was still Selena...

All the cameras were focused on Selena at the first moment.

"Hello, Ms. Selena, are you Anna, the female character in the show The Killer?"

A media reporter immediately asked a question.

"yes."

Selena nodded and spoke.

Originally, everyone still had some doubts, but after Selena admitted it herself, the audience erupted in an uproar.

Zheng Anru, Han Zixuan, together with several assistants they brought with them, stared at Selena, who was attracting everyone's attention during the banquet, feeling a little dazed.

"Selena is... the killer girl, she's a liar... a liar..."

An assistant's eyes turned pale in shock.

"how is this possible!"

Zheng Anru came back to her senses, her complexion changed drastically.

It is very rare for Hua Guochao's first-line actress to play a role in "Killer" and show her face a little.

Directly become the number one female...

What kind of international joke is this?

"Zheng Anru, let's take you to the side to cool down below? Why don't you go sit up there?"

At this moment, Xu Tao leisurely paced forward, stared at Zheng Anru and said with a smile.

Zheng Anru clenched her fists tightly, her face was gloomy as if water could drip out.

This scene, even if she died, she would never have expected it.

What is the concept of the female number one in a classic Hollywood blockbuster?

There was a mean smile on the corner of Xu Tao's mouth, after Selena starred in "Killer" this time, she will become an international first-line!

From now on, who else in Huaguo entertainment industry can compare with Selena?

Han Zixuan? That's just sgum!

Unless, Han Zixuan shines her role in "Killer", perhaps, it is still possible.

But, a sideshow, is this possible?

"Xu Tao, don't be too arrogant!" Zheng Anru almost exploded his lungs when he saw Xu Tao's demeanor.

Originally thought that after Han Zixuan got this role, her status in Huaguo's entertainment circle would be unshakable in the future. How could she have thought that the film crew of "Killer" had something in their head and would ask Selena to be the female lead!

"What's wrong with my arrogance? Are you biting me? I'm afraid that your teeth will be broken!" Xu Tao laughed loudly.

Seeing Zheng Anru's distraught look, Xu Tao felt very happy.

"What are you proud of?" Zheng Anru pointed at Xu Tao: "Who knows if your old actress will be replaced halfway through, even if not, if the movie doesn't reach the expected box office, I'll see how you die!"

Zheng Anru's voice trembled with anger.

## Chapter 1972

“Oh, whether I die or not is a matter for the future, I will see whether you die now!”

Seeing that it was almost done, Xu Tao turned around and left satisfied, without even looking at Zheng Anru.

Zheng Anru stood there with a gloomy face, without saying a word, his heart was in a mess.

This time, she really panicked.

.....

“Miss Selena, how did you get the role of No. 1 Killer Woman?”

The reporters asked Selena questions.

Before Selena could speak, the assistant director Simon Joseph said, “It’s very simple. That’s because Miss Selena’s image and temperament are very suitable for the image of the leading female Anna.”

“This is the first time that Hollywood has adopted a Hua Country female artist as a Hollywood actress, and Miss Selena is the most famous actress in Hua Country, so it is the most suitable.”

Weidi on the side also agreed.

These words were tantamount to slapping Han Zixuan in the face.

“Mr. Will, have you seen Miss Selena’s work?”

At this time, a male reporter asked.

Probably no one expected that not only director Simon, but even Wei Di was speaking for Selena.

It's unbelievable that they're on a united front now.

"Yes, a few days ago, I read Miss Selena's works after I found out that I was playing opposite Miss Selena.

Although I don't quite understand the movie "The World" which has the strong characteristics of Huaguo, Ms. Selena played the role of Meng Changge very well. There is also a movie called "Mother" in which the blind man Mother... It can be said that she has brought human maternal love and understanding of human nature to the extreme.

And Ms. Selena's performance in men's clothing in "Dream Seeker" fully proves that she has the ability to interpret Anna's side in men's clothing! "Wei Di analyzed all of Selena's works carefully, and it was impossible to find fault with them.

In fact, Wei Di had indeed watched Selena's works and appreciated them very much.

"So, I'm Miss Selena's fan, and I'm really looking forward to the rivalry with Miss Selena." Wei Di laughed.

"Thank you, Mr. Will." Selena said to Wei Di.

It was completely beyond Selena's expectation to get such a high evaluation from Weidi.

"I didn't expect Mr. Will to be a fan of Miss Selena..."

After hearing Wei Emperor's comments, many domestic entertainment media were shocked.

"Mr. Will, thank you for your answer. I have another question. If you were given a choice, who would you most like to play with, Miss Selena or Miss Han Zixuan?"

"What?" Wei Emperor was taken aback.

"Miss Selena and Miss Han Zixuan, who would you most like to play with..."

The reporter thought that Weidi didn't hear clearly, so he said it again.

“I understand what you mean, but...the Miss Han Zixuan you mentioned...I’m sorry, I didn’t pay attention.” Wei Emperor said.

The world’s top stars like them never say polite words on this occasion.

If you know it, you know it, if you don’t know it, you don’t know it.

After Wei Emperor’s voice fell, Zheng Anru and Han Zixuan’s expressions were hard to describe.

Several assistants are still complaining.

“Mr. Will, Ms. Han Zixuan is also a first-line actress in Huaguo Super League, and she is as famous as Ms. Selena...” The reporter was a little embarrassed.

“I’m sorry, I’ve only seen Miss Selena’s works, and I don’t know about Miss Han Zixuan’s works. If I have a chance in the future, I think I’ll take a look. At that time, I’ll answer your question.” Wei Di generously said .

## Chapter 1973

“Okay, thank you Weidi!”

The reporter nodded and ended his speech.

The expressions of everyone at the scene were somewhat indescribable.

But soon everyone came back to their senses and continued to ask questions.

“Miss Selena, the old version of the female assassin has become a classic. I wonder if Miss Selena will feel such pressure to challenge such a role?”

“I will play the role well with my heart. As for the pressure, there will naturally be, but...”

Selena was replying when Louis rushed into the venue with his manager and assistants.

Seeing that Louis had only come now, Selena gave him a dark look. Today’s “Killer” launch ceremony in China, this kid was late!

Seeing Louis’s sudden appearance, many scenes in the venue turned to him.

“I’m sorry, I’m really sorry, the car broke down on the way.” Lei Ming apologized.

He wouldn’t even say that this guy overslept because he was too excited!

Louis walked to Simon Joseph and said, “Director Simon, I’m really sorry.”

“Sit down.” Simon Joseph waved his hand.

After Louis got the contract from Ning Xifinger, he immediately went to the film studio, met with the producer Giles once, and got acquainted with the crew.

It’s fine if this guy isn’t serious, but when he is serious, it’s hard for some not to like him, and he soon became familiar with the crew.

Seeing Louis take a seat on the place where the nameplate of “Carl” was placed, there was another exclamation from the scene...

“I’ll go! Louis actually plays Carl?!”

“Although Karl’s role in the role is not too much, but the degree of classics is no less than that of the protagonist...”

...

The artist who played the reverse male killer Karl back then has now become an international front-line actor because of the role of Karl.

He is now the highest paid comedy star in Hollywood.

Lei Ming looked around off the field, strode up to Xu Tao, said with a smile on his face, “Old Xu, it’s thanks to Selena that Louis got such a good opportunity this time!”

Xu Tao proudly said, “My Lady Queen is just so loyal!”

It is the first time that Hollywood has adopted three Chinese artists. Han Zixuan’s role is not counted, but Selena and Louis, one is the female lead of “Killer” and the other is the very brilliant supporting role Carl in “Killer”. It is unimaginable .

“But, Mr. Louis, I don’t seem to have heard that you went for an audition! How did you get this role?”

A certain female reporter looked at Louis with doubts on her face.

Hearing the sound, Louis nodded directly and replied, “Yes, I didn’t audition before.”

“Then your role is...” the female reporter continued.

“Selena helped me fight for it.” Louis said truthfully.

Not only the female reporter who asked the question, but everyone else was also stunned when they heard Louis’s answer.

What?

Selena helped him fight for it? What does it mean?

All of a sudden, everyone’s eyes fell on Selena.

“I just made a recommendation, mainly because of the strength of Senior Jiang.” Selena laughed.

Hearing Selena’s answer, Louis’s head was filled with black lines.

Nima, strength!

Does he have the ability to dress up as a man?

I always feel that this guy has something to say!

At this moment, the Chinese media present fell silent again.

All along, they have been comparing Han Zixuan and Selena.

But now it seems that it is simply too ridiculous.

## Chapter 1974

Selena became the number one killer girl, and later recommended Louis to play the classic character Carl in “Killer”.

Looking at Han Zixuan again, after a long time of hard preparation, she just got a role in the role.

You know, Louis has never even tried acting, because Selena got the contract to play Karl with just one word!

What is the current situation?

Weidi only knew Selena, and claimed to be a fan of Selena. When he mentioned Han Zixuan, he looked confused and didn’t show any face, and directly said that he didn’t know her.

Selena accepted various interviews from Huaguo media in the seat of female number one.

After Han Zixuan got the supporting role in “Killer”, Empire Entertainment made a big publicity, and the name of Huaguo zhiguang was overwhelming.

Looking at Selena again, there was no publicity at all, after “Killer” started the opening ceremony in Huaguo, she went directly to the heroine’s position...

The current Han Zixuan doesn't even have the qualifications to be on stage, so she can only stand in the audience, looking up at Selena...

What is the gap?

Needless to say, this is the gap.

No comparison, no harm!

...

"Mr. Louis, can you talk about your understanding of the role of Carl?" the reporter asked.

"Yes." Louis nodded, pondered for a moment, and said, "Karl and the heroine Anna are from the same school. The two often carry out assassination missions. In a certain mission, Karl disguised himself as a woman..."

"Then Mr. Louis, what do you think about the matter of men disguised as women? Can you personally accept such a large-scale role?" The reporter immediately asked again.

Apparently other journalists are also very concerned and gossip about this issue.

Louis wanted to slap the reporter to death, but he could only say: "I am a loyal fan of "Killer", and I also like the role of Carl very much. It is a great honor to be able to play Carl. As for the man disguised as a woman, it is also a plot need.

As a professional actor, I should try a variety of roles and constantly challenge myself to surpass myself. In short, I will definitely play this role with my heart. "

Louis looked at the flashing lights all around and felt a headache.

If it was an ordinary Hollywood movie, he would never hesitate to directly reject this kind of cross-dressing role of a man disguised as a woman.

However, as a loyal "Killer" fan, it is still difficult to resist the temptation to reshape the classics, so I can only bite the bullet.

Huaguo's entertainment media continued to ask questions, mostly around Selena, Weidi and others.

For example, Han Zixuan and a bunch of other characters were completely ignored by the media.

“Miss Selena, you are simply the light of Hollywood China, the glory of our China!”

A certain reporter stared at Selena and sighed.

After the press conference ended, Selena was directly dubbed the Hollywood “Brightness of China” that Han Zixuan had boasted about before.

...

Star Entertainment.

Wang Haojun sat down on the large leather seat, his face was ashen.

“how is this possible...”

His worst plan was that Saul used his connections with the Lu Corporation to help Selena take over this role.

Even if it was this result, he could still turn the situation around, saying that Selena had used tricks to steal Han Zixuan’s role and hit her with public opinion.

Who would have thought that Han Zixuan’s role was not robbed, Selena actually got the lead role directly, and even Louis participated in an important role.

This round... is already a dead end!

With this battle, Shengshi Entertainment has completely turned around. He no longer dares to think about the situation of Empire Entertainment in the future...

## Chapter 1975

At this time, there was a knock on the door.

Seeing someone coming, Wang Haojun immediately stood up, "President Su...why are you here?"

After Roman transferred all the shares in his hand to Susie, he seldom asked about the affairs here.

Could it be that Susie asked him to come here?

It must be so!

How about borrowing the power of the Su family?

A gleam of hope suddenly bloomed in Wang Haojun's eyes, "Mr. Su, this time the people under his command are not doing well. I cannot escape the blame for losing such an important cooperation! But the most urgent thing now is to find a way to make up for it. Is there any good way?"

Roman looked at the newspaper on Wang Haojun's desk.

The headline on the front page was a photo of Selena sitting in the female lead of "Killer" being interviewed, and the headline read: The Glory of Hollywood: Selena.

Roman looked at the photo, and his eyes suddenly felt a dull pain.

his girl...

He should have gone to her a long time ago and answered her.

But now, he could only break his promise to her again and avoid her in embarrassment.

"President Su...President Su?"

Roman withdrew his gaze from the newspaper, "The artists under the banner are not as skilled as others, how to make up for it?"

Wang Haojun was taken aback when he heard that, “Cough, but Zixuan is now our Empire’s first sister after all, her face is Empire’s face, this time Selena crushed her like this, our Empire’s face really can’t bear it! “

“Natural selection, she can’t do it, then replace someone else and speak with their strength.”

Wang Haojun was so choked by Roman that he couldn’t speak.

However, although Roman’s words were not pleasant, they were not unreasonable.

The role has been determined, the deal is done, and this cannot be changed.

Now that Han Zixuan has been suppressed like this, Empire can’t always put all their resources in one bowl.

“I understand what President Su means.” Wang Haojun said.

“Well, Susie is not feeling well these days, so please contact me directly if you have anything to do.” Roman said, and a trace of bitterness flashed in his eyes.

Now he can only use this method to get closer to her...

“Okay, I see.” Wang Haojun nodded.

Now that Roman replaced Susie to manage Empire, although he couldn’t reverse the current situation, he could only comfort himself, at least he had an extra backstage.

Not long after Roman left, Zheng Anru rushed into Wang Haojun’s office as if looking for fire.

“Mr. Wang! You must seek justice for our Zixuan! Zixuan was so angry that she was sent to the hospital! That b!tch Selena didn’t know what kind of conspiracy she used to parachute the female number one. This is completely shady! How can we, Zixuan, match up with that kind of person, isn’t this...”

Wang Haojun interrupted Zheng Anru’s chattering with displeasure, “Okay, don’t blame others for everything, I’ve spent all my resources on her, how can I seek justice for her? Gilles personally produced The leading actress in the movie, is this something that can be done by just tricks and tricks?”

Even if the Lu family uses any relationship, the actor must have enough strength to convince the crew, and even Jayers himself. This is even more difficult than having a relationship!

After all, it is absolutely impossible for Jayers to smash his own brand.

If Wang Haojun was only a little regretful before, now he has basically regretted it to the point of doubting his life.

If Selena stayed with Empire, this miracle, this great honor, would all belong to Empire, and his name, Wang Haojun, would forever be left in the history of the entertainment industry.

## Chapter 1976

Thinking of this, Wang Haojun felt even worse, and said in a deep voice, "Now that things are like this, if she is not satisfied with this role and doesn't want to go, then I will arrange someone else!"

"President Wang, that's not what I meant..." Zheng Anru hurriedly said.

What she meant was that she wanted to snatch the heroine over, not just quit the crew.

Wang Haojun said in a bad tone, "Then prepare well. Since she is ill, you can let her stay at home to recuperate well during this time, and study her acting skills more by the way! Now it is so intense, she is not the only artist in the company!"

Zheng Anru naturally understood such an obvious warning, and wanted to say something else, but fearing to offend Wang Haojun even more, he could only walk out in a whisper.

Zheng Anru had actually expected this result, but she was really unwilling!

Why was it that the hottest actress in the entertainment industry that she single-handedly brought out was overwhelmed by an outdated Selena in the end?

...

After the press conference, Han Zixuan lost so much face this time, she finally went back quickly and didn't dare to brag.

Shengshi Entertainment held a lively celebration banquet.

Everyone was full of joy and hope was restored.

After all, from what happened with Qin Shuang and Louis, it can be seen that Selena is not the kind of person who monopolizes resources by herself. On the contrary, since Selena came back, she has never forgotten to find resources for them.

Suddenly, Selena's prestige in the hearts of all the staff and artists of Glory World Entertainment reached its peak.

Soon after, "Killer" entered into intense shooting.

Selena was on the set with the script in her hand, but whenever she had free time, she would study it carefully.

The most rare thing was that guy Louis, who almost lived in the crew, so serious that he became obsessed.

Lei Ming was so moved that he burst into tears, his family's brat finally grew up!

The filming of the plot that took place in China was completed in about a week.

Selena and Louis, along with the crew, went to Europe to continue filming.

...

At the same time, Huaguo Financial's market was suddenly hit hard in a short period of time.

Most of Huaguo's financial indicators, including short-term interest rates, monetary assets, securities and real estate, and even the stocks of some listed companies, were impacted and deteriorated.

As for the deterioration of the stock, the first to bear the brunt is Huaguo's Lu Corporation.

Lu Group's subsidiaries are spread all over Asia, and they are the bellwether of China's economic system, controlling the economic lifeline of almost the entire Asia.

Once the Lu Group collapses, it will have a huge impact on the entire Hua country's economic system.

In the conference hall, Daniel's deep pool-like eyes were filled with darkness.

"Brother, what's going on?" Saul hurried to the meeting room, just in time to see that Daniel hadn't left yet.

Daniel looked at the complicated data on the computer screen, "Someone is behind the scenes."

The current economy in China is in a mess, very much like the bubble economy in the past. Once the bubble bursts, the consequences will be disastrous.

And if they want to bring down Huaguo's economy, the first thing they have to deal with is the Lu family.

"But who has such great ability? This is simply impossible!"

The other party's goal is not one or two companies, but the entire Huaguo. How much power should it be able to do?

Now, some of the large and small shareholders of the Lu Group issued an announcement three days ago to sell their stocks to the outside world.

Read **Chapter 1977** of the novel Cruel Heart Lover free online.

## Chapter 1977

And overnight, all the stocks that were thrown out were bought up by a rather mysterious foreign economic group.

If, once the Lu Group changed hands and fell into the hands of outsiders, a virtual bubble economy would be formed, which would be enough to destroy the entire economic chain of China in a short period of time.

Thinking of these, Saul's scalp was numb.

This is definitely a conspiracy!

Not only Lu's Group, but Huaguo also has several powerful SIIC Groups. What happened to Lu's Group is exactly the same!

"That is to say, it's not just aimed at our Lu Group...but wants to control the entire Asian economy?!"

Saul looked at Daniel with shock.

The Asian economy also comes with too many Asian underground forces.

If the Asian economy is destroyed, it will be very simple to dismantle those underground forces.

Whether it is disintegrated or used for its own use, there is no difficulty.

"Which faction is it? I thought it was that ba5tard surnamed Yun who was behind it again, but when I think about it, even that guy can't do this!" Saul's brain was about to explode.

After a while, Daniel opened his mouth and said two words: "Ou Huang."

After hearing these two words, Saul was stunned for a moment, and after a while he said in shock, "Dmn it...it can't be...well water doesn't interfere with river water...what does that old guy mean by coming to our territory to make trouble? And I feel that they are especially targeting our Lu family this time!"

If the Lu Group does not collapse and change hands, then the current form can still be stabilized.

But once the Lu Group falls, the consequences will naturally go without saying.

For example, those powerful listed companies in China will collapse instantly with the collapse of the Lu Group, and there is no room for negotiation.

Originally, Yun Shen's internal worries were already enough, but now this foreign enemy has meddled again...

—

At night, in an old house in the suburbs of Beijing.

In the dim shadows, came the cool voice of the white-haired man, "Tsk, Uncle Qiao is really lucky."

Looking at the person in front of him who had betrayed his family and hatred, Qiao Yi's face was extremely gloomy, "Ah Shen, you are bewitched by that woman, I can forgive you once."

"Heh..." Yun Shen laughed lowly, as if he had heard something funny.

"Now, I will give you one last chance to join hands with me. This is our only chance to overthrow the Lu family!"

Yun Shen's eyes in the darkness fell on the man with substance, "It seems...the thigh that Uncle Qiao hugged this time is quite thick? If that's the case, why do you need a junior?"

Qiao Yi was completely irritated by Yun Shen's casual tone, "Evil! Your mother's bones are not cold! You're wasting time like this. Think for yourself, what have you done for a whole year!"

"What did you do..." Yun Shen stared blankly.

This year, he obviously didn't do anything, but it made him feel that only this year, he was truly alive.

"I'm pulling you out of the quagmire!" Qiao Yi said in a tone of hatred.

Hearing this, Yun Shen chuckled, "Isn't it because I'm afraid that I'll be the same as last time, turn my back halfway, and go to help Daniel again, ruining your good deed?"

"How dare you!" After being told by Yun Shen, Qiao Yi suddenly became angry.

Yun Shen raised his eyebrows, "Uncle Qiao's backing is so strong this time, do I dare to make any difference?"

"It's good that you know! This time, no matter what, the Lu family will die! If you unite with me, I can pretend that nothing happened before!"

## Chapter 1978

Qiao Yi's tone was a little slow, and then he said with bewilderment, "If you really like that woman, it's not a big deal. When the Lu family is finished, just grab it!"

"Aye, see off the guests." Yun Shen seemed to have lost his patience, and said directly in a cool voice.

"You..." Seeing that the other party still didn't let go, Qiao Yi frowned, "Ah Shen, I don't have that much time to waste with you! Now I give you two choices. First, stand on the united front with me. We are still a family, otherwise, we will be enemies in the future."

Yun Shen hooked his lips, "Oh, I thought we were already enemies?"

"You... you... good! good! good!" Qiao Yi stood up abruptly and said good three times.

“Since you want to fight against me and Ou Huang, then don’t blame Uncle Qiao!” Qiao Yi stood up, stopped talking nonsense with Yun Shen, turned around and left.

Kevin took the order and sent the man out of the door.

Qiao Yi glanced at Kevin, and said in a deep voice, “A Ye, you can persuade him more when you have time, everything I do is for his own good! Otherwise, when the time comes, when the European Emperor takes over the power in Asia, I won’t be able to keep it. he!”

Kevin didn’t speak when he heard the words. He was caught between Yun Shen and Qiao Yi, and many things were very difficult.

Unexpectedly... the master not only escaped back then, but also got in touch with the forces of the Ou Huang over the past year...

As far as he knows, even in the heyday of the organization, it is impossible to climb up to the power over there...

This matter seems to be full of mysteries...

Who saved the master back then? How did he join forces with the Emperor of Europe?

The economic crisis in China this time is actually related to Master.

Although the master does not have this ability, but if Ou Huang is involved...

Not to mention the mere Huaguo, even the entire Asian economic chain will be destroyed.

...

Almost as soon as Qiao Yi left, another person came to visit.

Kevin looked at the visitor with a slightly surprised expression.

Daniel...

Ever since Selena fell into a coma, although Yun Shen and Daniel had never had any interaction or meeting, they seemed to have a tacit understanding, and the forces of the two sides coincidentally maintained a delicate balance.

Daniel's visit tonight was probably related to Ou Huang's affairs.

Because of the sudden invasion of the European Emperor's forces, this balance is now in jeopardy.

Whether it is the Lu family or their side, it will inevitably be affected.

There are no eggs under the nest.

Just like what the master said, Ouhuang is bound to gain power in Asia this time. If they don't cooperate with Ouhuang, then after Ouhuang solves the Lu family, they will probably be the first ones to solve.

Kevin withdrew his spreading thoughts, and after notifying Yun Shen, he brought him up.

inside the house.

Seeing someone coming, Yun Shen put his legs on the coffee table, tilted his head, and said quietly, "Well... there are so many distinguished guests tonight... just sit down..."

Daniel sat down on the single sofa opposite the white-haired man, without saying a word, he directly said two words, "Cooperation."

Yun Shen laughed softly, "I said, dear brother, your way of persuading people is really special. Do you know? My uncle told me just now that if the Lu family is ruined, then..."

Before Yun Shen could finish speaking, Daniel already knew what Qiao Yi's words would be, and his calm eyes suddenly shone brightly.

Yun Shen's eyes also turned cold instantly, and he suddenly said, "Actually, you want to kill me too?"

Like, he wanted to kill him too.

Chapter 1979

Every moment, every moment, I am thinking.

But because of that heartless little girl, she endured this thought for life.

Even he himself was surprised that he could be so tolerant...

Of course, the guy opposite seemed to be on par.

"You rejected Qiao Yi." Daniel said in a completely affirmative tone.

It seemed that not only did he expect that Qiao Yi had come to him, but he also expected that he had rejected Qiao Yi.

Yun said deeply, "I rejected him, which means I must accept you? Brother, your logic is worrying!"

"You know very well what the truth was back then." At this time, Daniel suddenly said something.

Yun Shen's pupils shrank suddenly, "Oh, so what if you know? Everyone back then deserves to die! Including your Lu family!"

"After this matter is over, I will leave the Lu family." Daniel continued.

The huge Lu family actually let go so easily?

Seeing that the other party said this sentence expressionlessly, as if he didn't care, Yun Shen narrowed his eyes slightly, without the slightest pleasure in his heart, and said with a sneer, "Otherwise, let's change, you want the Lu family, I want the Tang family." Xi?"

Daniel's expression was slightly cold, "She's not something to trade."

After Daniel finished speaking, he got up and left.

Behind him, the sharp indifference on Yun Shen's face suddenly turned into a hollow and numb expression.

“Tsk, it’s boring...”

...

Half a month later, Selena and Louis returned to China.

The framing of the European part went very well.

Originally, other actors in the production team had doubts about Selena, but after Selena played the role of Anna perfectly, they finally shut up.

Although Hollywood is scheming to exclude Chinese, it still respects those who are truly capable.

Even Lilian’s relationship with Selena has eased a lot.

In Europe, news broke out in the media that Selena and Lilian went shopping side by side and stayed in the same hotel.

...

As soon as Selena got off the plane, the phone rang.

“Hello, dear, are you here?” A woman’s sweet voice came from the other end of the phone.

“Yes Lilian, I just got off the plane.” Selena said.

“Oh! Dear! Do you know, I just finished watching your “The World”, and your Meng Changge’s performance is amazing! If it were placed in Hollywood, it would at least be an Oscar statuette!” On the other side of the phone, came Lilian, who was far away in Europe, sounded quite excited.

Selena could even hear some of Meng Changge’s classic lines on the phone.

“Lilian, you are exaggerating.” Selena laughed helplessly.

“Okay, my dear, I am relieved that you have returned to China safely, and you must call me when you are free!”

“Don’t worry, I will!” Selena laughed.

During the half month in Europe, she and Lilian had the most scenes, so that after getting along day and night, the two of them had a tense relationship at the beginning, and later became best friends who talked about everything.

After hanging up the phone, Selena walked out of the airport.

Homecoming is like an arrow.

Soon, she will fly to other countries to continue filming. Taking advantage of this time to rest, hurry up to accompany her sweetheart and baby.

Thinking of something, Selena's eyes flashed a trace of worry.

Recently, she has been filming in closed mode abroad, and she just learned that the domestic economy has undergone huge turmoil during this period, and the Lu Corporation has been most affected.

I don't know what's going on with Daniel's situation...

Selena got into the car and was rushing to Lu Town when her cell phone rang suddenly.

Caller ID: Han Xiao.

## Chapter 1980

The second time Selena received a call from the Great God, Selena didn't make such a fuss anymore, she just frowned slightly, thinking to herself, maybe she was asked to pay the bill again?

"Little girl..."

“Master, which kfc are you at, I’ll pay the bill right now.” Selena said very obediently.

“You don’t need to pay the bill.” Han Xiao said on the other end of the phone.

It’s so good this time?

Selena was surprised, “Then you are looking for me?”

“Take my white tiger away.” Han Xiao said.

“Uh... huh? What are you talking about?”

“This guy eats my half a year’s food expenses a day, and the whole family can’t afford to eat kfc these days. All I can ask for is a chicken leg, and I can’t even drink milk tea...” Han Xiao sighed, full of resentment.

The emperor is no better than a forest, and it is really difficult to feed a white tiger.

Especially like Han Xiao, who couldn’t even afford to support himself, let alone feed and drink the white tiger.

She found that although the great master is powerful, his ability to take care of himself is almost negative. She really doesn’t know how he survived until now.

Selena: “So what do you mean?”

“Help me raise it for a few days!” Han Xiao said bluntly.

Selena didn’t want to say anything now.

The first time I asked her to pay the bill, the second time I asked her to cook the meal ticket directly, and it was a meal ticket for a tiger with a huge appetite!

Fortunately...for this request, Selena couldn’t wish for it!

Ow! Her little cute tiger...

“No problem, just send it over here! I’m in the same town as last time!”

Not long after hanging up the phone, Han Xiao couldn't wait to send the white tiger to Lu Town.

Fortunately, Lu Town is remote and belongs to an undeveloped area, and it is already night, otherwise the appearance of this white tiger may cause panic.

After seeing the white tiger next to Han Xiao, Selena immediately rubbed her eyes brightly, "Master, what does it usually eat?"

"Feed whatever you want!" Han Xiao yawned lazily, but just waved his hand and walked away.

The corners of Selena's mouth twitched slightly, and she sighed and touched Bai Hu's big head, "Your master is too unreliable, you should hang out with me in the future! Custodian has raised you to be fat and fat!"

"Mother—"

Selena was talking to Bai Hu with her head down, when suddenly, her legs gave way, and a soft little dumpling rushed towards her.

"Oh! Little baby! I miss me so much! Hurry up and give mommy a hug..."

Little Treasure clung to Selena's arms, full of joy. At this moment, seeing the white tiger next to Selena from the corner of his eye, his eyes widened, "Mom! Be careful!"

After the little guy finished speaking, he quickly rushed between Selena and Bai Hu, and made a blocking posture, staring at the opposite tiger like a little tiger.

Selena was so moved that she rubbed the little guy's head, "Don't worry, little treasure, this is mom's friend and won't hurt anyone."

"Mom's friend?"

"right."

Hearing what Selena said, Rick relaxed.

After losing vigilance, he looked at the big white tiger with curiosity.

"Come on, let's go in and play again, don't scare the other neighbors."

“Ok.”

So, Selena led the little bun and the big white tiger into the house.

Hearing the sound from the entrance, Daniel knew that Selena was back, so he subconsciously looked in the direction of the entrance.

After seeing the familiar white tiger appearing beside Selena, Daniel was taken aback, “Has Han Xiao come?”

Selena shrugged, “No, it’s that guy who said he couldn’t afford it anymore and asked me to help raise it for a few days! This master is too unreliable!”
