Chapter 2051

After a moment of dead silence, there was an uproar at the scene, all eyes looking at Dai Wei were filled with anger, and the domestic audience was even more enraged.

“fcuk you, Dai Wei! sgum! sgum! It’s completely embarrassing our country!”

“Liar, I’m going to burn all History’s clothes in the closet! It’s disgusting!”

“There is such a shameless person! You’d better stay abroad for the rest of your life, and if you dare to return to China, I will beat you once!”

Under the overwhelming accusations and swearing, Dai Wei’s face completely turned pale.

Arcas’s face was also extremely ugly, with naked evidence in front of him, he finally couldn’t say anything.

It was announced on the spot that Dai Wei would be expelled from the Fashion Association and banned for life.

After everything was torn apart, the moment Arcas announced in public fell in the huge Lorraine Palace...

Dai Wei suddenly rushed over like a ra5cal in the market and cursed, “So what if I took his design! If it wasn’t for me, his work would have been moldy!

He has exhausted his talents long ago, except for those things, he has not been able to design any works, and now he just wants to step on me! It’s not

Lao Tzu, his work is a pile of rubbish! waste paper! Worthless! He is a piece of trash! waste! “

Dai Wei's clamor could only make everyone despise and hate him even more, and Susie felt like she was sitting on pins and needles, seeing Dai Wei's behavior, her face was extremely gloomy, and she almost wanted to throw him out herself.

It wasn't until Dai Wei was dragged out by the security that the scene finally calmed down.

Gong Shangze lowered his eyebrows slightly: "I'm sorry, because of me, I ruined this show."

Akas's face was a little embarrassed, and his face was full of self-blame, "We didn't know people well, and almost let such shameless people defile the fashion circle. This kind of thing should be the responsibility of the association."

At this moment, Akas suddenly recalled that a long time ago, his mailbox had received many reports from the same person one after another, claiming that Dai Wei, the chief designer of History, had stolen his work.

At that time, because the man could not provide evidence, he chose to ignore it.

But I didn't expect that today... this matter would be exposed in such a way...

At this time, the vice-chairman Said hurriedly came to the stage to smooth things over, "It is really a disgrace to our entire fashion industry to let such a despicable liar get mixed into the hallowed hall of clothing! The association will definitely give the most severe punishment to the thief, and at the same time , to protect the rights and interests of all talented designers who really love fashion design!"

There was a burst of thunderous applause instantly.

The vice president breathed a sigh of relief, and quickly took the opportunity to say, "This time, Zeling also brought us the latest work, let us look forward to this person who has brought us an unparalleled surprise and made us feel Huaguo. What kind of surprises will the designer of the magnificent cultural treasure bring us!"

With the vice president's words, everything was ready for the runway, and the exhibition started again.

Everyone looked inquiringly, and then landed on the stage. The people of Huaguo, who were standing in front of the live broadcast, also held their breath and stared at the screen nervously.

Many people know that Zeling has not had any works for a long time, except for the excellent works in the first period.

Could it be true that, as Dai Wei said, Gong Shangze is actually exhausted?

Will Hua Guofeng fall...

Chapter 2052

Under the stage, some insiders analyzed in a low voice.

"Since Dai Wei's use of 'Spring in the Garden' caused a wave of Huaguofeng upsurge, in recent years, designers of major brands have liked to add a little Huaguofeng elements to their designs, and various Huaguofeng brands that follow the trend are even more so. Too many to list, all available elements have been used up!"

"Indeed, it is really difficult to think about innovation and come up with new and different things!"

"However, it has now been proved that Dai Wei's previous designs were all made by him, so Dai Wei's achievements will naturally return to the original owner. As long as he performs normally this time, it is enough for him to have a place in the international fashion circle. "

...

At this time, all the surrounding lights were dimmed, and everyone's discussion stopped instantly.

Finally, on the runway, the first model slowly stepped out from the backstage.

There is a long skirt with navy blue as the main color, and a large cloak behind it. The warm orange and black colors create a majestic and heavy scene.

"That's...it's Dunhuang!!!" Someone immediately exclaimed at the scene.

The color and pattern elements on this garment come from the largest and most abundant treasure house of classical culture and art in Huaguo, which is also the world-famous Buddhist art center-Dunhuang Mogao Grottoes!

Soon, the second set of ready-made clothes also appeared in front of everyone.

The main color of this suit is gold, and there are two flying dragons embroidered on the dress. As we all know, the totem of the dragon is the symbol of Huaguo.

Among the dragon patterns, there are colorful cloud patterns embroidered with auspicious meanings. On the floor-sweeping skirt, there are rolling waves in Cixi River, which seems to be full of turbulent waves, implying "eternal peace"!

The third set uses the more classic blue and white porcelain elements of Huaguo.

The pattern of the whole dress is a perfect copy of a blue and white porcelain vase from the Song Dynasty, supplemented by blue and white wrapped branches, dragons, unicorns, phoenixes and magpies as accessories.

The fourth set, a bright red slim long dress, with cranes and plum blossoms tattooed on the skirt, immediately brought everyone into the misty fairyland of Huaguo.

The fifth set, the sixth set, the seventh set...

A set of ready-made clothes appeared in front of everyone one after another, and each set represented the ancient and unique elements of Huaguo, which was amazing and breathtaking.

No one could have expected that this seemingly gentle and harmless designer possessed such an astonishing power in his body, not one set, but a whole ten sets, each of which amazed the world!

In the audience, all the well-known buyers with keen intuition are frantically looking for Zeling's contact information, preparing to snap up Zeling's works this season. Superstars from all over the world can't wait to wear these unique dresses .

"This is simply unbelievable!"

"It's so beautiful! Each set! Each set is so unique!"

"A design of this level would take several months even for one set. How did he do it for ten sets?"

...

The Zeling show ended, and the audience praised it.

Faced with more and more exclamations, Gong Shangze said, "Indeed, almost all designers will encounter the dilemma of exhaustion of inspiration. However, I always feel that as a designer in Huaguo, I am happy, because in our five thousand years of Chinese culture, there are endless inspirations and treasures!"

The moment Gong Shangze finished speaking, the audience applauded thunderously.

People as far away as China were even moved to tears.

In the live broadcast room, the names of Gong Shangze and Ze Ling were all over the place!

“Ze Ling! Ze Ling! Ze Ling!!!”

“Gong Shangze’s words are too good!”

“Such a designer should represent Huaguo on the international stage!”

“A fake is a fake! Let’s see what that thief Dai Wei has to say!”

“By the way, which blind boss cooperated with Dai Wei and invested in History!”

As soon as this remark was brought up, countless people commented below, “Who else could it be! That fake daughter of Susie! It’s a pity that I almost became a fan of her before!”

...

Zeling’s show is the last one.

After the show, the reporters on the scene flocked to interview Gong Shangze, and most of the reporters went directly to block Susie.

Susie didn’t want to stay for a moment, she was going to leave as soon as it was over, but how could the reporters let her go, they all surrounded her before she got up.

“Miss Ning! The chief designer of History turned out to be a thief who stole other people’s works. Do you have anything to say about this?”

“All Dai Wei’s works over the past year have been secretly buying designs from other designers and taking them as his own. Are you totally unaware of this?”

“When you and Dai Wei co-founded History, didn’t you first understand each other’s character?”

“As the president of History, there has been such a scandal in your company, which has even affected the reputation of our entire Huaguo. Do you have anything to explain to everyone?”

...

Asking one sentence after another, one question was worse than the other, Susie felt like strangling Dai Wei to death.

This Lorraine Fashion Week was supposed to be her elation, and it was time for History to shine. The effect of that neon dress and feather coat is so stunning. After Fashion Week, History's entire scale will be more than doubled, and the international market will be even bigger. broad.

She is even ready to expand the number and scale of overseas flagship stores after returning home. By then, History will be the number one clothing brand in China, and she is the well-deserved founder of this brand!

But now, ruined, everything is ruined!

Susie's internal organs were overwhelmed, and she was almost going crazy with anger.

She exhausted all her self-control to hold herself back. After taking a deep breath, she said, “It's been my idea all along to set up a Hua Guofeng clothing company. I have been preparing for this for a long time and have been working on it Find the right designer.

At the beginning, the reason why I chose to cooperate with Dai Wei was entirely because I was attracted by his designs.

Mr. Gong Shangze's designs are so beautiful and aura. At the first glance, I believed that these designs would be popular, and that the clothes with Huaguo's characteristics would be accepted by the world. Later facts also proved that we did It worked!

However, what I never expected was that all of Dai Wei's designs were stolen from Mr. Gong, because at that time Dai Wei could provide evidence that all the design drafts were his original creations, so I didn't know about it at all. His design talent is dedicated to helping him realize his dream.

Of course, as the founder of history, I have an inescapable responsibility for knowing people unknown!

Here, I sincerely apologize to all colleagues, guests, clothing lovers, and all clothing lovers in Huaguo! “

As Susie said, she bowed deeply to the camera, and then she said angrily, “History will never condone Dai Wei’s extremely bad behavior. From this moment on, he I am no longer the designer of History, everyone can rest assured! Of course...”

Chapter 2054

Speaking of this, Susie’s eyes suddenly turned to the direction of Gong Shangze, and said sincerely, “History welcomes all truly gifted, talented, and passionate designers!

I personally love and appreciate Mr. Gong Shangze’s works very much, and now the truth has come to light, so it can even be said that the original history was actually established by me for Mr. Gong! “

Listening to Susie’s voice, it turns out that she threw an olive branch at Gong Shangze.”

The reporters were immediately excited, “Mr. Ning, do you mean to invite Mr. Gong Shangze to join History?”

Susie nodded and said, “History has always been committed to Hua Guofeng. The most rare thing is that our History is completely in the style of Mr. Gong, and our core soul is also Mr. Gong. If Mr. Gong is willing to join History, he will definitely be able to serve the people. Hua Guofeng creates even higher brilliant achievements!”

As Susie spoke, she suddenly became agitated.

In any case, History is also one of the top Huaguofeng listed companies in Huaguo, and Zeling is just a small workshop, how can it be compared with History.

As long as Gong Shangze has a little brain, he should know how to choose.

And as long as she poachs Gong Shangze, this scandal can become a good story, and History can still make a comeback, even going further than when Dai Wei was here!

After hearing Susie's words, the reporters all turned to Gong Shangze.

"Mr. Gong, what do you think of History's invitation?"

"Now that Dai Wei has received his due punishment, Director Gong, would you consider joining History?"

"Mr. Gong Shangze..."

...

The reporter kept asking questions, and Susie's eyes on the other side were extremely hot and blatant... Gong Shangze had actually been holding on since he stepped onto the stage. The show was also a great success, he finally lived up to Selena's expectations!

Under the sudden relaxation, all the strength to hold on finally disappeared. He only felt his hands and feet were cold, his head was full of buzzing voices, and the whole world was spinning.

What was Susie talking about, what were the reporters surrounding him saying, he could hear them, but he had no idea what they were talking about...

Just when Gong Shangze finally supported himself to the extreme, at this moment, a warm and powerful force suddenly supported him firmly on the shoulder behind him.

The familiar and extremely reassuring and powerful aura suddenly came to his side.

“It’s Selena!”

Seeing Selena suddenly get up from the seat and walk to Gong Shangze’s side, all the reporters’ eyes immediately shifted to this figure that would attract everyone’s attention whenever he appeared.

Everyone was asking whether Gong Shangze intended to join History, but when they suddenly saw Selena, they all looked at each other in blank dismay. They didn’t know why Selena came over suddenly at this moment.

Selena stood by Gong Shangze’s side, her bright eyes swirled and slowly landed on Susie’s body.

Susie suddenly met Selena’s gaze, and her heart tightened.

What is this b!tch trying to do again!

Do you want to add insult to injury!

Under the gaze of all the eyes on the scene, Selena lowered her eyes and gave a low chuckle, then raised her eyes and said, “Mr. Ning...isn’t it appropriate for you to poach my corner in front of me? “

At this moment, hearing Selena’s voice, Gong Shangze’s chaotic brain finally came to his senses, and he looked at the person beside him with dim eyes, “Boss...”

what!

This... what does this mean?

Following Selena's calm words, all the reporters onlookers, including everyone at the scene, suddenly burst into exclamation.

Susie's complexion suddenly lost all color.

What did Selena say just now?

Dig her corner!

She seemed to have heard Gong Shangze calling her just now...Boss! ?

how can that be!

She must have heard wrong!

There must be a mistake somewhere!

"Miss Selena! What do you mean by what you just said?"

"What do you mean Mr. Ning poaching your corner in front of you?"

"Do you mean...you are Zeling's..."

...

Just as the reporters frantically surrounded Selena to ask questions, Gong Shangze's hoarse voice resounded clearer and clearer among the noisy crowd...

"Miss Selena, she is my boss, the founder of Zeling!"

With Gong Shangze's affirmative answer, everyone was stunned, and there was an uproar at the scene.

"I'll go! Zeling's behind-the-scenes boss is actually Selena?"

"Shocking!"

"No wonder Selena never accepts fashion endorsements! So she started her own company!"

“The person in charge of Zeling who came out to the outside world has always been Qiao Weilan, and Qiao Weilan is obviously Qin Shengyue’s subordinate. I thought Zeling’s boss was Qin Shengyue!”

“This Selena not only poached Qin Shengyue’s most capable subordinate, but also received a genius like Gong Shangze!”

...

“Mr. Gong, you mean that Queen Ning is your boss, the founder of Zeling?” the reporter asked in disbelief.

Gong Shangze nodded and replied, “At the beginning, no one believed my words. I had nowhere to complain, and I was penniless and begging on the streets of Lorraine. It was the boss who found me, believed me, and brought me back to China to help me set up a Zeling has supported me all the way to this day...”

The reporter continued to ask excitedly, “It turned out to be like this! I don’t know how you and Miss Selena met back then?”

Gong Shangze pursed his lips, his expression paused, as if recalling something good, he said softly, “At that time, the boss bought a lot of history clothes, and when he passed by me, he probably saw me staring at looked at her and gave me a sandwich...”

At that time, I found that the design of those clothes, one of them was my unfinished design draft with many flaws, so I couldn’t help but speak out.

At that time, I was full of anger and hatred. Seeing that my semi-finished products were stolen, I directly scolded that dress in a bad manner...

Who would listen to a beggar’s words, such ugly words... But at that time, the boss listened to my analysis from the beginning to the end, and also listened to my story...”

Gong Shangze recalled the situation back then, his eyes were slightly red.

And everyone at the scene was also attracted by the youth’s memories.

Gong Shangze took a deep breath, and continued to speak, “At the beginning, under that kind of blow, I was completely desperate, and I couldn’t even design any more works, but the appearance of the boss gave me hope.

On the plane back to China with my boss, I thought I would never be able to design any more works, but I designed my first work after returning to China, Nirvana.

It is also this work that allowed me to win the Golden Summit Award and gave me a new start...”

Hearing this, someone at the scene immediately showed a look of enlightenment, “Ah! It turns out that Nirvana was designed like this! No wonder it is so shocking and explosive!”

Chapter 2056

Qu Guanyang nodded, showing his original expression.

At the beginning, he thought that there must be a story in this suit, but he didn’t expect that the inside story was more tragic than he imagined.

“Later, at the beginning, our studio encountered many difficulties. From registration to site selection, the boss worked hard to invite a professional marketing director and opened the first flagship store...

The boss said that one day he will help me clarify all the truth in front of the whole world. The boss also said that in the face of real strength, all tricks are nothing. Evidence, and someone will believe me!

These words have always supported me...”

Speaking of this, Gong Shangze continued to speak with a gloomy expression, "Everything was going in a good direction, until something happened to the boss..."

When everyone heard this, they already knew that what Gong Shangze said should be about the fact that Selena had been in a vegetative coma for a year.

"The meaning of the boss to me is not only my boss, but also my belief. Because of her, I regained my inspiration and confidence in design. The reason why I came back is not only for me I want to prove to my boss that she is right, and I want to be her pride!

However, in the year when the boss disappeared, I suddenly lost my direction, I thought, I was abandoned again.

Those self-doubts and insecurities, and the sudden lack of faith, made me unable to design another work...until...the boss came back..."

Hearing this, everyone already understood what was going on.

No wonder...

No wonder Gong Shangze suddenly didn't design a single piece of work for more than a year, and no wonder that shortly after Selena's comeback, Zeling released dazzling new works one after another.

"Back to basics", isn't this the truest portrayal of Selena after her comeback?

It turns out that the source of inspiration for this series is also Selena!

Also, it's no wonder that every time Selena wears Zeling's clothes, they are so amazing and fit, it even makes people feel that those clothes are designed for Selena!

Can it not fit? Selena is clearly Zeling's muse!

After hearing Gong Shangze's words, everyone was extremely moved, and even more contemptuous of Dai Wei's shameless behavior.

At the same time, everyone who was almost brainwashed by Susie just now came to their senses.

This woman is clearly helping Dai Wei to commit crimes, yet she can turn black and white and shamelessly say that history was established for Gong Shangze.

Obviously it was history that drove Gong Shangze into the abyss of despair, almost ruining such a talented designer!

After listening to all the stories of Gong Shangze, all the audiences in the country began to swipe their screens frantically...

“My Karen is really mighty and domineering!”

“I have a unique vision, and I am very accurate in seeing people!”

“This story is so loving. I just cried when I heard Gong Shangze’s words! It’s really touching!”

“They are not only bosses and employees, but also the most suitable partners!”

While lamenting Selena and Gong Shangze’s pair of Bole and Maxima, everyone was also outraged at Susie’s behavior.

“I made a fool of myself! Susie is too shameless! Just now he wanted to poach Xiao Zeze from Karen’s family!”

“Dmn it, Susie robbed Selena’s parents and her boyfriend, and now Susie’s subordinates robbed her design draft! There really is such a dog as there is a master!”

Chapter 2057

Soon, all the gossip about the Lorraine Fashion Week spread back to China.

Dai Wei, the chief designer of history, exposed a shocking scandal and was removed and banned by the International Fashion Association on the spot. However, Zeling staged an all-powerful Chinese story at the fashion week, and domestic and foreign media were rushing to report on this stunning world-wide story. The world's big show, fashion people are full of praise.

All of a sudden, Zeling is well-known in the international fashion industry and has become the new favorite in the circle, and the orders are endless like snowflakes.

As for History, because of the scandal that caused a stir in the international fashion industry, the stock price fell to the limit the next day, and all the well-known partners terminated their contracts one after another. The decline of history has had little effect...

Los Angeles, a film and television shooting base.

The filming of "Killer" is finally over.

Accompanied by the director's last "pass" command, all the staff applauded and hugged excitedly, saying goodbye to each other.

Selena was immersed in the excitement of the finale and the sadness of parting when suddenly a voice that made her scalp tingle came from behind her.

"Hi... dear Xixi... it's finally finished... congratulations..."

"Cough, thank you, Senior Orlando!" Selena was about to hide, but it was too late.

Orlando stepped forward with his long legs, and blocked her tightly at the door. With sparkling peach eyes, he looked at him expectantly, "Honey, are you sure you're free tonight?"

Selena squeezed the space between her eyebrows, "Hey, I'm going to have dinner with everyone tonight."

Orlando immediately looked disappointed, "Oh, what a pity, what about tomorrow? Can tomorrow be okay?"

Selena wondered, "Sorry, I have an appointment with Lilian tomorrow."

“What about the day after tomorrow?” Orlando persisted.

“Uh...” Selena’s headache was splitting.

Recently, the crew of “The Secret Service” has finally heard the news that it will be released in the near future. In addition, she happened to be in Los Angeles during this time, so Director Martin invited her over for several meetings. Orlando as one of the leading actors.

Since Orlando accidentally wounded her with a gun more than a year ago, she has been in touch with her since then, but she had been in a coma for a whole year, so she didn’t know about it. I sent a lot of apology emails.

After meeting again, Orlando treated her to a meal and apologized to her again.

The fact that the fake gun was replaced with a real one had already been revealed, and it had nothing to do with Orlando, so Selena naturally wouldn’t care.

Originally, this was the end of the matter, but helplessly... Orlando, a playboy... has entangled her...

After that day, he began to go to the hotel where she was staying to block her every day, and now he even went directly to the film crew.

After all, during the promotion period of “Thunderbolt” for a long period of time, they will often meet together, and Selena can’t speak too harshly, but Orlando’s nerves are really too tight, she refused several times. any effect.

At this moment, facing the eager eyes of this man who was called “little fairy” by all the girls, Selena expressed that she was devastated.

This guy is really not an ordinary grinder...

Just as Selena was racking her brains to find an excuse to reject Orlando’s invitation, there was a sound of footsteps behind her.

“I couldn’t find you for a long time, why did you come here alone?”

I saw Louis’s waist-length black hair like a waterfall, starry eyes, lips like cherry blossoms, a black biker suit with tights and Martin boots, with a heroic

posture, arms crossed chest, tone impatient, brows slightly Frowning, she looked at Selena and Orlando beside her.

Chapter 2058

Louis's height is more than 1.8 meters. If it is placed in China, a woman of this height is enough to make people daunting.

But in China, there are not a few women of this height among ordinary people. Many goddess-level supermodels in the circle are of this height, and those supermodels who are fairies are all flat-chested.

Louis's women's clothing did not intentionally fill his chest with anything, it was completely his original figure, he only did slimming and fat reduction, but the effect was unexpectedly good, embodying the indistinguishable beauty of male and female vividly.

At this moment, seeing Orlando blocking the door, and Selena showing a helpless expression, Louis's brows were immediately frowned, and his unruly gaze was coldly directed in Orlando's direction, but he retracted it for a moment and looked at Selena. Xi said, "The director called you!"

"Oh oh oh! I'll go right away! Senior Orlando, I'll get busy first, we'll talk about it another day!" Selena hurriedly followed Louis as if she had been pardoned.

After walking a little further, Louis warned Selena angrily, "Stay away from that guy! That guy is a notorious playboy in the circle!"

When Selena heard the words, the corners of her mouth twitched and she muttered, "I never thought that one day, this sentence would come out of your mouth..."

After all, someone was once part of the notorious playboy gang!

“I’m telling you something serious, do you hear me? This guy likes to provoke Hua Guo’s entertainers the most! He must be plotting against you!” Louis glared at her.

Selena nodded softly, “I know, I know, anyway, I’m going back to China in a few days, so I just need to escape these few days!”

After Selena finished speaking, she stared at Louis, covered her chest, and acted like a deer bumping wildly, “Baby, don’t stare at me like that! It’s too seductive!”

“Selena, I call you uncle! You dare to say another word and try!” A certain golden retriever who was molested instantly exploded.

“Oh, the fried hair looks even cuter!”

“Selena! Don’t run away!!!” Louis was so angry that he was chasing someone, when he suddenly felt a scorching gaze fall on him, but when he turned to look, there was no one there, so He looked back suspiciously.

...

After everything on the production team was finished, Selena packed up her things and went outside.

As soon as she walked to the parking lot, Orlando, who she thought had left, was still there, and seemed to have been waiting for her for a long time.

Selena’s heart just collapsed...

“That, Senior Orlando, I will...”

“Xixi!!!” Before Selena could speak, Orlando suddenly grabbed Selena’s hand with an excited expression as if he had attracted girls all over the world.

“Uh, what’s the matter?” Selena was a little startled by Orlando’s expression.

“That black rose just now! Who is that black rose!!!”

“Huh? Black Rose?”

What the hell!

Selena was at a loss.

“That’s the one just now, black, with long hair, black jacket and leather pants!” Orlando gesticulated and described excitedly.

“Ah...you mean he...”

Did Orlando mean Louis?

“Yes, that’s her! The nose is very straight, the skin is good, the eyes are very beautiful and can talk, and the lips are especially suitable for kissing...”

Selena watched Orlando talk more and more in a strange direction, and his head was covered with black lines. Why did she think... what was weird?

While muttering, Orlando excitedly said, “Xixi! I’m in love again! I’m in love with that black rose!”

Selena: “...”

What did she hear?

This... this guy said he fell in love with Louis!

The moment Orlando’s voice fell, Selena froze there like a fool.

Also, what the hell is falling in love “again”?

How could someone say such a thing so openly, and he said it in front of the girl he was chasing just a second ago!

What about morals!

“Xixi, she’s your friend, isn’t she? Can you give me her contact information?” Orlando said, with a slightly awkward expression, “Can I? I mean it!”

correct! You mean it! You are true to every girl...

Selena was still immersed in the thunder that Orlando had taken a fancy to Louis, and was speechless for a long time.

And Orlando thought that Selena was worried about her, and had already persuaded her with various explanations, “Xixi! I swear! I really mean it! She is so beautiful! When she looked at me just now, her eyes were like Like lightning!”

What the hell does lightning usually describe?

Just now Louis was obviously staring at him with a bad expression, right?

Uh, okay... When Louis glared at people in a woman’s dress...it was really too much...

Those small eyes are full of unruly and unruly wildness, which can definitely arouse the desire of all men to conquer.

“I’ve never seen such a girl! She’s so special!” Orlando was still in constant excitement and excitement.

Selena: Of course you haven’t seen it, because he’s not a girl at all...

“Xixi, if I can’t be with him, I will definitely die! My life will be meaningless! It’s like a barren desert! Please, please help me?” Orlando was heartbroken, The expression that seems to be dying in the next moment.

Selena expressed that she was very conflicted.

This time, is she selling golden retrievers, or is she selling golden retrievers?

Selena thought about it for three seconds, then nodded numbly, "Okay! This is his mobile phone number, the number is... Forget it, I'm afraid you won't be able to remember it, so I'll write it to you directly!"

Selena gave him Louis's cell phone number without hesitation.

Orlando clutched the small note excitedly, "Xixi! Thank you! If we get married, you must come to our wedding!"

"..."

Selena almost vomited three liters of blood.

It's just the first time Nima has met. Hey, you're already thinking of getting married?

I never expected that the charm of Louis's women's clothing was so great that even Orlando, a veteran playboy, was fascinated by it.

Great, my golden retriever!

At this moment, Louis, who was in the fitting room, suddenly sneezed non-stop, "Dmn! Who is cursing the young master?"

...

"Tsk tsk tsk, I mean little junior sister, is it appropriate for you to stab two brothers like this?" Karl, who was waiting for Selena in the car, watched the scene just now, expressing his amazement.

This time when he came to Los Angeles, Karl came with him as a bodyguard. He also followed Selena every time she was filming. Naturally, he had seen Louis's women's clothing, so when Orlando opened his mouth just now, he knew what Orlando was talking about. Who is the black rose.

After finally getting rid of Orlando, Selena expressed that she was in a good mood, and said with a smile, "No way! I'm clearly helping my brother, okay? Isn't Golden Retriever not confident in his women's clothing all the time? I'm helping him regain his confidence!"

"I don't think he needs this kind of thing..." Karl had an extremely sympathetic expression.

Without Orlando's entanglement, Selena's last few days in Los Angeles were extremely comfortable and carefree.

Zeling has already been preparing for the listing, and everything is ready. This time, taking advantage of the brilliance at the Lorraine Fashion Week, it went all out and successfully listed on Wall Street.

That day, Karl clamored for Selena to treat her guests to a big meal.

"Mr. Tang! If you don't invite me to this meal, why don't you just say no?" Karl rubbed his chin with an expression that he wanted to beat her up.

Selena gave him a blank look, "Please, please! Of course please! But what's the point of us eating together! I heard from the third senior sister that she and the senior brother are also in Los Angeles, why don't we ask them to come out together? We haven't seen each other for a long time. We got together!"

Karl shrugged his shoulders, "Call me, I have no objection, the two bosses at the top have made peace for the time being, what do we youngsters have to say?"

Before, because the relationship between Daniel and Yun Shen was too tense, in order to avoid suspicion, their senior brothers and sisters almost never met in private, but now, the two parties did not know what agreement they had reached in private, and they even shook hands reconciled.

"Hey, I'll call you..." Selena happily dialed Feng Xiaoxiao's number.

When Feng Xiaoxiao on the other end of the phone heard that Selena wanted to invite them to dinner, she immediately agreed and promised to bring her senior brother along.

Half an hour later, the four brothers and sisters met at an intersection.

“Wow! Junior sister... I love being hugged... Senior sister misses you.....” As soon as Feng Xiaoxiao came over, she immediately flew over and gave Selena a big bear hug.

“Third Senior Sister, I miss you so much too!” Selena rushed over excitedly.

On the side, seeing Selena and Feng Xiaoxiao embracing each other, Karl raised his brows, and looked at Kevin, who was wearing gold-rimmed glasses and had an expressionless face as usual, with a half-smile, “Eldest brother, how about... ..we hug one too?”

After finishing speaking, he opened his arms cheaply.

Unsurprisingly, it was Kevin who looked at Karl with an idiot-like look.

Karl clutched his chest, with a hurt expression on his face, “Hey, I’m so sad... It seems that senior brother doesn’t miss me at all...”

The moment the voice fell, Karl suddenly took a step forward, grabbed the shoulder of the man opposite him, and pressed him into his arms, “Although senior brother is so heartless, I still miss senior brother...”

Kevin’s expression froze immediately, and he almost subconsciously wanted to make a move. As a result, his hand hung in mid-air for a long time, and finally he put it down as if in compromise.

Karl seemed to have expected this, and the corners of his lips curled up in success.

“Let’s go, let’s go! I’ll take you to a super feast! I’m treating guests today, so you can order whatever you want!” Selena said happily.

Feng Xiaoxiao rubbed Selena’s white and tender face, “Oh, my little junior sister is capable! Became the CEO, married Bai Fumei, and reached the pinnacle of life! After the senior sister washes her hands in the golden basin, she will just follow you! “

“No problem...”

A group of four walked towards a high-end restaurant in Los Angeles while chatting.

Halfway to the road, Karl was hanging on Kevin’s shoulders and talking, suddenly, someone stretched out a foot under his feet at some point, causing him to be inattentive, stumbled, and almost fell.

“I’m fcuking you! Who is it?” Karl cursed angrily.

I saw a sloppy man who looked like a beggar sitting by the corner. The man covered his face with a newspaper, and his slender long legs were the culprit who tripped Karl just now.

Karl rolled up his sleeves, and was about to settle accounts with that person...

A gust of wind blew, and the newspaper on the man’s face suddenly fell off, revealing a face that was too beautiful to be true.

Karl’s eyes widened immediately, with a ghostly expression on his face, “Dmn it! Grandpa! You...why are you here?”
