

Cruel Heart Lover Novel

Chapter 206

The remote control in Susie's hand fell to the ground, her entire face was bloodless, distorted and hideous.

The worst outcome she expected would be to make Selena clean, but she never expected that the other party would actually have such important evidence, completely exposing all of her past.

Could it be that the person who sent the anonymous email was eating both? First extorted eight million from her, then turned around and sold the evidence to Shengshi?

On the TV, the reporter was asking Selena: As far as I know, you and Susie have a good relationship on weekdays. What is her motive for doing this? Is there any festival between you...

Susie shook her fingers, quickly turned off the TV, threw the remote control away, and hugged Roman beside her, "Roman, listen to my explanation..."

After she hugged Roman, she realized that Roman's whole body was trembling, her tightly clenched fists were creaking, and her usually gentle and peaceful face was extremely ugly...

She had never seen him so terrible!

Susie's heart was filled with great panic, and she couldn't help hugging Roman even tighter, explaining eagerly, "Roman, it's not me... It's really not me... I really don't know at all... I I don't know why Caijing would do such a thing! Could it be that she has a grudge and wants to hurt me like this just because I occasionally scold her when I'm stressed out and in a bad mood?"

Roman let her hold her, remained motionless, and there was no trace of warmth in his tone, "If Cui Caijing only wanted to harm you, then why did she let Zhang Qiang frame Selena? What good would it do her?"

Susie's face froze, and she immediately said, "She must be looking for a scapegoat in order not to be discovered! She has always been by my side, and knows that Selena treats me very badly in private and has a problem with me." , if Selena was blamed, I wouldn't doubt it at all..."

"Even if this reason can be justified, what about your injury?" Roman continued to ask.

Susie had calmed down a little at this moment, and explained with a grievance on her face, "I said from the beginning that I was fine, it was because my parents were too worried about me that they kept me recuperating in the hospital, Roman, you know , During that time, I was really exhausted physically and mentally, and my body was uncomfortable every day, how could they slander me like this!"

Roman was so shocked that his almost numb face was stained with deep pain, "Susie...can I continue to trust you?"

Susie cried with tears all over her face, and held his hand firmly, looking at him as if she was looking at the only salvation, "Roman! You trust me! Trust me, okay! Now everyone outside must be criticizing I doubt me, if you don't even believe me, I don't know what courage to persevere? Others don't understand me and doubt me, I don't need to care, but don't you understand me? Do you think I will treat Xiao Did Xi do such a thing? Roman, please...please...don't even abandon me..."

Roman's expression was dull and dazed, and he didn't respond for a long time.

Susie kept staring at him nervously.

After a while, Roman finally took a deep breath, then pushed her arm away little by little, stood up staggeringly and walked towards the door.

Susie followed in panic, "Roman, where are you going?"

"Don't follow, leave me alone."

With a "bang", Roman slammed the door shut.

Inside the room, Susie's face was gloomy, and she fell to the ground like a survivor, and quickly picked up her mobile phone to call Janice...

Chapter 207

Roman stumbled downstairs and drove aimlessly on the bustling street.

My mind is full of images of that day when Selena helped Susie cover her wound and called for help, but she was rudely pushed away by herself...

It was full of pictures of her stubbornly refusing to bow her head in the face of the accusations of Uncle Ning and Aunt Ning, her eyes were full of sadness...

It was full of the hurtful words and accusations he sent her word by word...

After the incident happened, he stood by Susie's side without even thinking for a second, and never thought of hearing her explain.

He keeps saying that even if they break up, he will take care of and protect her as his own sister, but he has always done things that hurt her.

Susie has him, her parents who love her, her company, her fans...

But she was accused by the whole world, bearing the abuse of everyone, and enduring all the grievances of being wronged.

In the end, it was not those hypocritical people who claimed to care about her, but strangers who had never met before...

Through the car window, he saw on the large LED screen outside the shopping building, Selena had a serious expression on her face, and answered the reporter word by word: I want to work hard, help my boss earn more money, repay the kindness of my friends, and prove that he didn't watch Wrong person.

He knew that this was not an official answer, but what she said in her heart. She has such a temperament. As long as someone treats her a little better, she can't wait to treat her with all her heart...

He always thought that she had changed, but the one who really changed was himself.

I frantically repeated in my mind the scene when I saw her walking out of the courtyard alone at the window of the ward that day...

Thinking of that thin and helpless back...

heartbroken...

In the evening, vivi bar.

This bar is small in scale and located in a remote place, but it is very stylish. It was opened by a senior in the entertainment circle. It is very popular and it is a place where people in the circle often come to relax and gather.

When Selena arrived at the private room, Louis had already arrived, sitting on the sofa with his legs crossed, and the tea table was already empty of several wine bottles.

Selena took off her mask and sunglasses, "Hey, hey, can you drink it yourself before I wait?"

Louis cut it contemptuously, "Aren't you going to quit drinking? Waiting for you, I'll drink it myself!"

Selena shrugged, "Okay, pretend I didn't say anything, just keep drinking! Have you got some juice for me?"

"fcuk! Where's the juice in the bar!" Louis glared at her angrily.

So Selena rang the bell to call the waiter.

A handsome boy came in and asked with a smile, "Miss, what do you need?"

Selena took out a big bill and stuffed it into his pocket, blinking, "Little handsome guy, help my sister to buy two bottles of juice?"

The little brother was stunned for a moment, his cheeks flushed slightly, and then he smiled, "I am willing to help you."

Louis's eyes nearly popped out of his eyes, "Selena! Can you calm down, don't flirt with someone who looks good?"

Selena stretched out her leg and kicked him, "Go away! Where did I go wrong! You are dirty in your heart and see everything dirty!"

Louis patted the ashes on his pants, "Don't talk nonsense with me, get to the point!"

"You didn't talk about it first!" Selena rolled his eyes at him, then leaned back on the sofa, and sighed long, concealing the exhaustion of the day and could no longer suppress it, all poured out from between her brows...

Chapter 208

Seeing her like this, Louis asked awkwardly, "Why are you so tired? Didn't today's press conference go well?"

Everything is sorted out by someone...

"It's not your fault! I'm tired!" Selena was full of irritability, then she got up and stared at him with burning eyes, "Let me ask you, that day...that day Daniel...really...k!ssed me?"

Louis drank the wine in his glass: "If I lie to you, I will burn all my equipment on fire, and I will never play games again from tonight!"

Selena nodded: "Okay, I believe you." This oath is poisonous enough.

Louis finally couldn't help cursing: "You fcuking count how many times I've reminded you! You just won't listen! Why don't you just die of stupidity! How long have we known each other? How long have you known Daniel? Do you believe me? He doesn't believe me?"

Looking at Louis's injured face, Selena sighed, "Actually, since I first met Daniel, he told me about it."

"What?" Louis's expression tightened.

Selena spread her hands, "He said he wanted to marry me."

"Pfft... cough cough cough... what did you say?" Louis almost choked to death with a sip of wine, coughing so loudly.

Selena patted him on the back vigorously, "My reaction was more shocking than yours!"

"What happened next?" Louis asked anxiously.

"Then I naturally asked him why he wanted to marry me! This is simply unscientific!"

"Then what did he say?"

"He said that I saved Rick, so he will repay me with his body!"

"fcuk! Then how did you answer?"

"I said that I saved Rick, and Rick also saved me. It was even, so there was no need to report it, and then I ran away quickly!"

Louis stood up in a hurry, and walked back and forth in the private room for more than ten times, "I really want to strangle you to death, Daniel has something wrong with you from the beginning, and he has already said it outright, yet you still don't hide Further?"

Selena raised her eyebrows, "Please, how can you say no to Rick's face? Besides, I always thought that Daniel wanted to marry me because of Rick, okay? Then I refused, He didn't force it, so what else can I do?"

"What for Rick! It's hypocrisy! And you, you're a pig!" Louis finally stopped running wildly, then stared at her and said, "Let me tell you this, under normal circumstances, when a hero saves the beauty, In this case, if the beauty is not interested in that hero, she will definitely say, thank you hero for saving me, the little girl is willing to be a cow and a horse to repay you! Now comes the question, if the beauty is interested in that hero, what will she say? Selena ,please answer me!"

"Hmm..." Selena rubbed her chin, "A beauty would say, is this little girl willing to give her body?"

"So, now do you understand the meaning of the words 'promise with your body'?! It means labor and management like you, have a crush on you, and are interested in you!" Louis yelled in her ear.

Selena picked out her ears that were numb from the yelling, "That makes sense..."

Louis: "This is the truth!"

Selena patted her buttocks and stood up, clasped Louis's shoulders to let him sit down on the sofa calmly, and then said leisurely, "Okay, since you asked me, I'll ask you a question too!"

Louis looked at her warily, "What do you want to ask?"

"I ask you, if you walked into a room and saw the person you liked was aphrodisiac, wearing transparent pajamas, lying on a kgsized bed covered with red petals, what would you do?"

Chapter 209

Louis was stunned for three seconds, then his ears were on fire, and he pushed her away, "Selena, you are so dirty!"

"Get out! Pretending to be innocent! Give my old lady a serious answer!"

"Why are you asking this question?" Louis's eyes dodged. He didn't dare to say that Selena's words just now were too graphic, and the person he substituted in an instant was...

"Answer me first!" Selena urged.

Louis hesitated for a long time, and finally replied hesitantly, "Of course I did it straight away! Is it still a man if he doesn't do it? Or that man doesn't like that woman at all!"

Hearing the expected answer, Selena looked at him with a half-smile.

"Why are you looking at me like that? Am I wrong?" Louis was terrified by her look.

"you are right."

"Then you can always say why you ask such a question now?"

Selena rested her chin with her hands, and said with a dazed expression, "Do you know what Daniel would do in such a situation?"

Louis's face suddenly changed, "Daniel encountered such a situation? What do you mean!"

Selena briefly explained the cause and effect, and then said, "... Later Zhu Xiangcheng tied me up and sent me to Daniel's bed!"

"Lu...how did Daniel do it?" Louis was so nervous that his voice changed.

"He didn't do anything." Selena recalled that night, "He reassured me not to be afraid, he distracted me by chatting with me, he didn't do anything to disturb me from the beginning to the end, and just quietly accompanied me through the day. It was the most helpless and difficult night of my life."

After Louis listened, he bit his lip, unable to say a word.

Selena looked at him fixedly, "What kind of possibility do you think Daniel is? Not a man? Or doesn't like me?"

Louis clenched his fists tightly, "I'm sure he likes you!"

And when Daniel did this, not only did he not think he was unmanly, but he felt that he was too manly... If it was him, he would never be able to do it...

Selena nodded, "So I wasn't sure, and I didn't dare to be sure. Now, I'm also sure that he likes me. So, there is a third possibility."

Louis immediately looked at her, "What?"

"It's not because I'm stupid, but because his rank is too high. I'm not surprised that I'm attracted to him, and I'm not unwilling..." After Selena finished speaking, there was a kind of dust between the misty brows settled compromise.

Louis's voice trembled, and he could hardly utter a complete sentence, "Are you... attracted to him?"

Selena smiled, "Although I don't want to admit it and I have avoided it for so long, it is indeed the truth."

Louis slammed his fist on the coffee table, his scarlet eyes were shattered, "Selena! How much do you know about him? How much do you know about him? You've only seen the side of him pretending to be in front of you! Are you such a gentle gentleman? Do you know that Jia Qingqing died in the wilderness? Do you know what happened to that fat pig Zhu Xiangcheng? Do you know that he dispatched an aircraft to artificially rain just to spoil a kiss scene? Even my house Sudden accidents... were all planned by him!"

Selena was silent for a long time, and then said softly: "But, Louis, he has never done anything to hurt me. If I fear him because of that, stay away from him, and spurn him, it would be unfair to him. It doesn't matter whether it's right or wrong, or it doesn't matter whether it's life or death, I just know that he treats me well, very well. No one has ever treated me so well like him."

Chapter 210

Louis's face was slumped, and he said with difficulty in a hoarse voice, "You want to be with him?"

"How is it possible!" Selena gave him a sideways glance, "I still have this bit of self-knowledge."

Louis frowned, "I didn't mean that, I didn't mean that there was nothing wrong with you, I just said that Daniel is too scheming and dangerous, and the environment of the Lu family is not suitable for you..."

"Brother, thank you for flattering me so much. I know what I am like." Selena interrupted him, her expression had completely returned to normal, "Don't

worry, a heartbeat doesn't mean I'm losing my mind. I know what I'm doing. What to do."

Louis was not at all happy when he heard her say that. Instead, he felt like a water-soaked sponge was stuffed into his chest, and he couldn't tell, "How are you doing? You're working hard to make progress. You look cynical and heartless, but you're actually kind-hearted. If you love and hate clearly, you deserve the best and the best for you!"

Selena was stunned for a moment, then she looked surprised, "I didn't expect that, Golden Retriever! I have such a great image in your mind? Are you in love with me?"

Louis's back stiffened instantly, "Get out!"

"Hahaha..." Selena covered her stomach and laughed for a while, then looked at him darkly, "Louis, to paraphrase what you said before, how much do you know me? How much do you know me? You just look at When it comes to the side I show you in front of you, do you really think that I am exactly what I have shown?"

The moment Selena looked at him, Louis almost thought that she had seen through his heart, that she was saying these words specially for him to remind him to give up...

Lu house.

Daniel sat on the sofa in the living room, flipping through the Bender documents intently in his hand.

On the other hand, Saul wandered around the room overnight like a needle growing in his butt, without stopping for a moment.

"Brother, Selena's date tonight is that kid Louis! Don't you want to know what the two of them talked about? I have a hunch! The content will definitely be explosive! And it means a lot to you!"

Daniel turned a page without even raising his head.

"Hey, brother, it's all your fault. It's too old-fashioned. I told someone to secretly plant a bug and you refused! Now I can only stay at home and worry!" Saul complained.

Although judging from the current situation, he is the only one who is anxious.

In the end, finally, even Daniel couldn't stand his noise anymore with such good patience: "Be quiet, or go back."

"I don't! I'm not going back!"

He still has to wait for Selena to come back to make a routine! Otherwise, how could he sleep tonight!

"It's almost eleven o'clock, why haven't the two of you come back?" Saul was scratching his head in anxiety when his cell phone rang, and it was an unfamiliar number.

"It's so late, who's calling me?" Saul picked up his phone and went to the yard to answer it.

Ten minutes later, Saul rushed in as if he had been spat out...

"It's really someone giving me a pillow right after I dozed off! Brother, guess what I just got? It's actually the wiretapping recording of Selena and Louis's box! The ignorant paparazzi recorded it secretly, but fortunately their boss knows the current affairs, stopped him immediately after receiving it, and found me here, and made a close apology with me!"
