

Cruel Heart Lover

Chapter 2071

Finally, a certain golden retriever who had a rabies attack rushed in.

"Selena, don't hide behind my uncle if you have the ability!"

Selena curled her lips, "Am I stupid and I won't hide?"

After finishing speaking, he still gossiped, "Hey, Louis, what did Orlando do to you, to make you so angry?"

Louis clutched his chest and almost vomited blood, "I'm clearly mad at you!!!"

Selena muttered weakly, "Please, you are a big man afraid of him! He can still eat you! When two sgumbags meet, one is stronger! I think you can kill him instantly with your skill!"

Louis gritted his teeth, "I really thank you for being so confident in me!"

"And, anyway, Orlando is far away..." Selena was still dying.

"Fart, "Thunderbolt" will be released the day after tomorrow, that guy has been in China all this time!" Louis's expression was about to collapse.

Selena came to her senses immediately, and sighed, patting her chest like a catastrophe, "That's right! Thankfully, Emma..."

Fortunately, Louis saved her from this catastrophe!

"Selena!" Louis started to explode again, this ba5tard really used him as a shield on purpose.

Selena was so yelled at that her hair was about to blow out...

At this moment, Daniel put his arms around his little wife, looked at Louis and said, "Your mother called me just now."

The moment Daniel finished speaking, Louis was in Sparta, "Dmn! My mother! What did my mother tell you?"

Every time his mother came to see Daniel, there must be something wrong!

Sure enough, just as Louis thought about it, he heard Daniel say, "Discuss your marriage with me."

"Dmn it!" Louis immediately cursed in a low voice, couldn't his mother calm down for a while.

Knowing that the uncle Daniel was what he was most afraid of, he always used Daniel to pressure him and force him to marry.

"I pushed it for you. Now is the time when you are busy with your career. Don't worry about getting married."

Louis was originally ashamed, but when he heard this sentence, he felt like he was illuminated by Buddha's light, and he was so excited that he almost burst into tears, "That's right! Uncle, you are so right!"

You know, no matter who it is, 800 words are not as useful as Daniel's words in front of his queen mother.

With Daniel's golden words, he won't have to be forced into marriage for at least a year!

Louis carefully considered this deal, and decided that...it's not a loss!

"Hmph, forget it, this time it's me who defends you out of righteousness!"

What's the matter, back then, he was also the best among the prodigal sons, and he was afraid that he would not be able to deal with that guy Orlando!

"Oh dear, you are amazing..."

As soon as Louis calmed down, he saw that someone had already embraced his heart and kissed him.

please! I was the one who sacrificed, and I was the one who helped you!

Forget it Nima...

sad!

Louis gritted his teeth angrily as he looked at the two old, disrespectful and affectionate people in front of him.

At this moment, Louis suddenly thought of something, and his expression froze for a moment...

I don't know when...

Seeing these two people together, he didn't feel so bitter and uncomfortable anymore, he just looked at friends and even relatives...

Oh, Daniel, that guy's eyes are too poisonous!

I'm afraid that he has already seen that he has given up, so he kindly helped him push for a blind date!

Come on, the rival in love is too perverted, and the person he likes is even more perverted, he loses his temper at all...

Two days later, “The Boys of the Thunderbolt” began its global release.

It was only the first day, and all the fans who saw the full movie were shocked.

What seven seconds! What soy sauce! What a trick!

Selena starred in the play for a full 15 minutes, and the role is extremely brilliant, and she has an ambiguous relationship with Orlando. There is even a foreshadowing at the end of the film. It is very likely that Selena will be resurrected to participate in the second part. The shooting of the second part.

All of a sudden, the entire fan circle was buzzing, and Selena’s fans were all elated.

“Aww, Karen’s red cheongsam in the movie is so beautiful!”

“Nonsense! I, a woman, want to lick the screen, okay? Especially the scene between Karen and Orlando, it’s so cute! I’m really looking forward to the second part!”

“Tomorrow I’m going to do the second brush!”

“This time, who the hell said that my Karen’s “Killer” was obtained through connections and shady scenes? I can’t even slap him on the wall with a slap! Karen has already entered Hollywood a year ago. Is it? The strength and foundation of others are here!”

“Thanks to Susie’s fans who still haven’t given up yet, they were still saying that Karen stole Susie’s “Thunderbolt Agent”! Please, when Susie hadn’t quit the circle, she got this The character only has a seven-second plot, but in the hands of Karen, Karen will directly become an important character! What the hell is the gap!”

—

In a dark room.

The cold light of the laptop screen was reflected on Susie's face, and the Internet was full of news about the release of "Thunderbolt's Secret Service" at this moment, all of which were full of praise for Selena.

it's her...

"The Thunderbolt" should have been hers!

Everything about Selena today should belong to her!

Those much-anticipated, those applause, those kind words...

Roman, the Ning family...

But soon.

Soon it will all be over.

Susie picked up a glass of blood-red wine and drank it down,
"Heh...Selena...enjoy everything now...I said...the higher you stand...the harder you fall ..."

A luxury shopping mall in the imperial capital.

Zhuang Lingyu had just finished shopping at the baby nursery store and returned it with a full load. The two maids and the driver next to her were full of big bags and small bags.

"Ma'am, I've been out for a long time today, let's go home! Otherwise, sir, you should be worried!" The maid on the side hurriedly persuaded.

"It's only been an hour, don't listen to what he always makes a fuss about."
Zhuang Lingyu said with a little disappointment.

The maid smiled apologetically, "Sir, I was worried that you cared about you. After all, Ma'am, your child is not easy to come by!"

Speaking of children, Zhuang Lingyu stroked her belly subconsciously, her eyes were full of tenderness.

She has a strong temper, never said it in front of others, and has always regarded Susie as her own daughter. However, the fact that her own flesh and blood is so unbearable has always been a hurdle in her heart.

Selena was the biggest stain in her life, no matter how she separated the relationship, it couldn't change the fact that her blood was running on her body.

She was eager to prove that that dirty stain had nothing to do with her, so she devoted all her heart and soul to Susie.

She was naturally satisfied with Susie, but if she could conceive a child and have her own flesh and blood, she would be happy to start all over again.

"Let's go." Zhuang Lingyu was in a good mood, so she didn't care too much, and responded directly.

Several people breathed a sigh of relief, and hurriedly protected Zhuang Lingyu and walked towards the parking place.

Just when several people were protecting Zhuang Lingyu and preparing to get in the car, a sudden change happened...

Chapter 2073

Just when several people were protecting Zhuang Lingyu and preparing to get in the car, a sudden change happened...

A loud roaring black locomotive suddenly rushed towards them from a distance.

“Ma’am be careful!!!”

The driver narrowly protected Zhuang Lingyu and hid back.

Just after heaved a sigh of relief, the heavy locomotive turned around halfway and headed towards several people. Strictly speaking, it rammed straight towards Zhuang Lingyu!

The opponent’s speed was really too fast, this time, Zhuang Lingyu couldn’t dodge.

By the time the maid and the driver came to their senses, Zhuang Lingyu had been knocked flying more than one meter away, and fell directly into a pool of blood, unconscious on the spot.

And the heavy locomotive didn’t wait for them to see what it looked like, it had already gone away and completely disappeared in the crowd.

“Ah—killed...killed! killed!!!”

“lady—“

The two maids hissed and screamed, the driver was completely frightened, and after a while, he ran over with a sudden change of expression, “Madam!!! Call! Call Dong Ning and Missy quickly! Hurry up!”

The onlookers all exclaimed after noticing the situation here, and gathered together to mutter, and the scene suddenly became a mess.

“what’s up?”

“Looks like it was hit by a car!”

“Recently, there seems to be a car gang snatching bags nearby, but I’ve never heard of any fatalities!”

“Oh, this seems to be a pregnant woman! This child is probably dead...”

“I just saw that car rushing past in such a fierce manner that adults would probably be killed, let alone children...”

...

Hospital, ward.

The middle-aged woman on the hospital bed was sweating profusely and her face was as pale as paper.

Zhuang Lingyu opened her eyes drowsily, feeling as if her whole body was about to fall apart, and her lower abdomen was even more violently throbbing.

Blurred vision swept across the room.

I saw Ning Yaohua, Susie, Roman, Zheng Minjun and Su Hongguang, as well as the two little maids and the driver who went shopping with her just now.

The atmosphere in the whole room was extremely stagnant and dull. Susie lowered her head, sobbing with tears all over her face. Ning Yaohua's face was extremely ugly. The three members of the Su family couldn't see any expressions, while the two little maids and The driver's face was pale, and he was standing in the corner trembling.

"I... what's wrong with me..." Zhuang Lingyu asked dully.

The moment she opened her mouth, she suddenly remembered what happened. She had just finished shopping and was about to go home, but was hit by a rampaging car, and then she lost consciousness...

At this moment, looking at the ward she was in and the reactions of everyone in the room, Zhuang Lingyu was full of horror, and eagerly stretched out her hand to hold her stomach, "Where is the child? How is my child? Is the child?" Is it okay?"

Susie seemed to be unable to hold on any longer, and threw herself on Zhuang Lingyu's bed crying, "Mom! Don't be too sad! It doesn't matter if the child is gone, as long as you are fine!"

the child is gone...

These four words were like a bolt from the blue, Zhuang Lingyu's eyes went dark, and she said in a hissed voice, "Susie, what did you say! What did you just say! The child is gone! How could the child be gone!"

At this moment, Ning Yaohua's eyes were scarlet, and his body was shaking violently. Obviously, he was extremely angry. He turned his head and kicked

the driver, “ba5tards! How did you take care of your wife! Okay!” How could my wife be hit by a car while shopping!!!”

Gone! His son is gone!

The son he had so longed for, his heir, just disappeared!

Chapter 2074

You must know that his biggest regret in this life is not having a son, this time not only did he have one, but Zhuang Lingyu conceived it herself.

Once the child is born, he will be the proper heir of the Ning family. At that time, those veterans who questioned Susie’s identity will have nothing to say. He even planned to use this child to reconnect with the dealer. ...

But now, everything is ruined!

When he first heard the news, Ning Yaohua was so angry that he almost went crazy!

After such a big incident happened, the wife’s child was knocked out, and the two little maids were so frightened that they couldn’t speak out.

Chairman Ning and his wife are so precious to this child, they are doomed this time!

The driver’s face was as pale as paper, his body and hands were still stained with blood, his nose was bruised and his face was swollen by Ning Yaohua’s kick, his expression was in a daze, and he stammered, “Ning Dong... I don’t know... I really I don’t know why this happened... Before we were about to get in the car and go home with my wife, suddenly a motorcycle ran towards us at a high speed, hitting my wife right away!”

“Nonsense! A living person standing there, doesn’t that car have eyes?” Ning Yaohua was furious.

Susie who was on the side also said angrily, “There are so many of you, so many pairs of eyes, can’t you protect your mother too well!”

Hearing Susie’s angry reprimand, he actually thought that they didn’t take good care of him and pushed all the responsibility on them.

The driver became anxious immediately, and hurriedly said, “Miss, I was wronged! It’s not that we don’t have eyes! It’s that the motorcycle rider doesn’t have eyes, and he just ran into us! I’m protecting my wife from the back I dodged, but the man turned around halfway, as if on purpose, and ran directly towards Madam!”

“On purpose? What do you mean?” Susie frowned slightly.

At this time, the two little maids on the side recovered from the shock and echoed, “I think that motorcycle thief did it on purpose! We all stood together, and he didn’t bump into anyone, just aimed at Mrs. went!”

The other also said, “That man’s speed was too fast, we didn’t have time to react, and we didn’t even have time to block Madam! And I think that man seemed to hit Madam’s belly on purpose!”

Susie turned to Ning Yaohua, her face full of disbelief, “This... the other party did it on purpose!”

At this time, the driver’s tone became more affirmative, “It must be deliberate. If it was a motorcycle thief, he would snatch the bag anyway, but the other party didn’t snatch anything at all! And the target at the beginning was the wife! Otherwise, I wouldn’t protect you.” Seeing Madam dodging, the man turned around and bumped into Madam!”

Zhuang Lingyu was lying on the bed, crying almost to the point of death, “My child...why...who the hell...why are you doing this to me...”

“Who is so courageous, even my Ning family dares to move!” Ning Yaohua was so angry that the veins on his forehead swelled.

Zheng Minjun on the side put on a show, and said with righteous indignation on his face, “This is still in broad daylight, it is simply lawless!”

Roman pondered and analyzed, "According to their description, this incident is probably not a simple accident."

Su Hongguang looked at Ning Yaohua, and asked in a deep voice, "Yaohua, did you have any grudges with someone during this time?"

Ning Yaohua thought for a while, and immediately denied, "Impossible! Everything in the company is fine during this time!"

Even if there is some friction in business, but with the size of the Ning family and the marriage with the Su family, it is impossible for someone to be so courageous as to dare to move their ideas on the Ning family.

Chapter 2075

Zheng Minjun looked at the mournful expressions of the members of Ning's family, and Zhuang Lingyu's crying face on the hospital bed, and felt secretly happy in his heart.

This Zhuang Lingyu has been kicked out of the house by the dealer long ago, but on weekdays she is always a lady of the official family, her eyes are high above the top, and no one looks down on her. She is even more proud after she is pregnant. It was planted.

Of course, it was the child in Zhuang Lingyu's stomach that bothered her the most.

The biggest reason she agreed with Susie's entry was because Ning Yaohua and Zhuang Lingyu only had one daughter, Susie. Now that a son came suddenly, who knows if these two will take back all the shares in Susie's hands in the future? ?

Now that the child is still young, he won't tear his face apart. When the child grows up in the future, how could Ning Yaohua, that old fox who misses his son crazy, not hand over the company to his own son!

At that time, what will their Su family be?

Not to mention marrying a fake phoenix, even the company's inheritance rights are gone.

Isn't this a waste of money and manpower?

The Ning family's calculations were too loud, and they were playing them for fools, but their Su family only cared about the child in Susie's stomach, and swallowed their anger like a bully.

Tsk tsk, but now it's finally retribution. Zhuang Lingyu didn't know what immoral things she did, but she didn't expect her child to be lost.

Zheng Minjun thought so in his heart, but naturally he didn't show it on his face, he sighed with a sad and worried expression, "Lingyu, did you accidentally offend someone?"

Without waiting for Zhuang Lingyu to speak, Susie immediately said in a firm tone, "Mother has always been kind and popular in the circle, and she has lived in seclusion these days to raise a baby, how could she offend others, even if there is something wrong with her?" Contradictions, it won't reach the point of buying murder and hurting people!"

At this point, everyone in the room fell silent with ugly expressions.

Susie's face was full of tears, as sad and hopeless as if she had lost her own child, "That person clearly deliberately harmed the child in the mother's womb, who the hell is he? Don't let it go! What kind of hatred is there to do such a cruel thing to retaliate?"

After Su Hongguang thought for a while, he analyzed with Ning Yaohua, "If you attack Susie or you, it can still be said that it is because of a company dispute, but if you attack Lingyu, it is still Lingyu's child. The other party is out of personal grievances, the possibility of simply venting revenge is relatively high!"

At this time, in the corner, one of the maids suddenly said weakly, “Miss...Actually, I seem to have seen that locomotive somewhere...”

“What? Where?”

Immediately, everyone’s eyes fell on the little maid.

“I’m not sure either, maybe I’ve misread it!” The little maid said with a look that didn’t dare to say.

Ning Yaohua snapped, “Whether you read it wrong or not, tell me where you saw it first!”

Only then did the little maid tremble, and said intermittently, “That kind of motorcycle is not an ordinary motorcycle, but a motorcycle, which is specially used for competitions. The family I made before was very close to Miss Selena’s residence...At that time, I often I saw someone riding a car like this parked at Miss Selena’s door... One of them was very similar to the one that hit Madam...”

The moment the little maid finished speaking, Ning Yaohua’s face was clouded, “Selena!? You said you’ve seen this car at Selena’s place?”

Chapter 2076

When they heard the name “Selena”, everyone present had different expressions.

Roman, who kept silent all this time, frowned, “Are you sure it’s the same car?”

The little maid flinched and shook her head, "Because the car was too fast, I didn't have time to take a closer look, so I can't be sure, I just said that I saw something similar at Miss Selena's place..."

Before several people could discuss the results, Zhuang Lingyu on the hospital bed was stunned for a few seconds, and then she sat up emotionally, "Selena! It's her...it's that Dmn girl...it must be her... Who else would hate me so much...the child in my womb..."

When Susie saw that the maid just said a word casually, Zhuang Lingyu had already identified Selena herself, so she didn't need others to say anything. Calm down, just now is just the maid's one-sided words, and she also said that she is not sure! I think that although my sister has a misunderstanding with us, she should not do such a terrible thing..."

Ever since Zhuang Lingyu heard the little maid's words and Selena's name, she couldn't listen to anything.

"Who else could there be but her! She wouldn't do it? How many vicious and terrible things did she do? Susie! Have you forgotten how she treated you? She ruined your career step by step, your Fame, your company! Driven you to this point!

It wasn't enough that she had ruined my one child, and now she's coming to ruin my second!

I have said long ago that she is deliberately against me, she just doesn't want to make me feel better, she just wants to make our Ning family never have a peaceful day before she is satisfied! "Zhuang Lingyu's emotions became more and more agitated, and her screams echoed in the ward.

Ning Yaohua shook his face, and his expression was extremely ugly at the moment, "That girl won't have the guts!"

Zhuang Lingyu sneered again and again, "No? She's so capable now! Knowing so many people of different religions and nonsense, is there anything she can't do? If she wasn't so courageous, Susie would have been framed by her to this day to the extent?"

Susie had an expression of disbelief on her face, her eyes were red and she shook her head, "No... no... How could my sister do this... I know my sister

hates me... I always knew... ...But if she hates me, she will come to me! She can do whatever she wants me to do!

But why, why did she find all her resentment on her mother! Mother, you have done nothing wrong! And you are her biological mother, and what is in your belly is her biological brother! How could she do such a thing! “

Susie's words seemed to be defending Selena, but every single word made Zhuang Lingyu and Ning Yaohua's suspicions deeper.

Susie blamed herself so much that she was in pain, she stood up wiping her tears, “It's all my fault... If it wasn't for me, sister wouldn't have gone astray... Everything is my fault... I'm going to tell my sister clear!”

Seeing Susie rushing out of the room excitedly, Ning Yaohua and Zhuang Lingyu became anxious immediately.

“This child! Why are you so impulsive! She's still pregnant! Roman, quickly chase Susie back!” Ning Yaohua said urgently.

Roman nodded, and immediately chased him out of the ward.

When Roman chased him out, he was a step too late. Susie had already boarded a taxi, turned around, and quickly disappeared on the busy road.

Zeling Company Building.

In the CEO's office, Han Momo was crying and strongly demanding Selena to work overtime.

"Boss! Please! Please! Please arrange overtime for me! Please fill me up every night on Saturdays and weekends!"

Selena put down the document in her hand, pinched the center of her eyebrows, and looked at the little girl in front of her with a face full of tears, "It's the first time I've heard such a fresh and refined request!"

Han Momo's eyes were red with anxiety, "Boss, I'm serious!"

"Okay, tell me, why do you want to work overtime?"

Han Momo held back her words for a long time, and finally let out a cry of grievance, "My parents abuse me at home every day!!!"

Selena was stunned for a moment, "Abusing you?"

Han Momo immediately began to complain, "Boss, I'm only twenty-four years old! It's been two years since I graduated from college! I'm the same age! They started urging me to find a man, disgusted that I don't have a boyfriend!

But it was clear that they were the ones who controlled me so strictly at the beginning. Their male classmates just came to my house to inform me about something, and my dad almost broke their legs. Now, one or two came to urge me to find a man. Where should I go? Look for it!

The worst thing is, they still show their affection in front of me every day, and then mock me as a single dog! This day can't be passed!

Boss, I feel bitter! Please let me work overtime! I don't want to go back to dog food again! "

Han Momo vomited so much all at once without even taking a breath, she really smelled sad and listened to tears.

After Han Momo finished crying, she saw Selena staring at her blankly, with a look of loneliness she had never seen before, she couldn't help but feel a little worried, scratched her head and asked cautiously, "Boss, what's wrong with you?"

Selena came back to her senses and shook her head, "It's nothing."

Just listening to Han Momo talking about the details of getting along with her parents, she suddenly felt a little... emotional...

At this time, Han Momo's cell phone rang suddenly.

When Han Momo looked at the caller ID, she felt as if she was facing an enemy. Looking at Selena's expression, she was on the verge of crying, so she hurriedly walked to the side with her mobile phone and started calling in a low voice.

"Mom...no! I really want to work overtime! I didn't lie to you! I lied to you as a puppy! I didn't call you a puppy! I mean myself! Okay, okay...Anyway, I really want to work overtime..."

Selena sat at the desk, not in a hurry, but quietly watched Han Momo make a phone call.

Seeing the little girl crying, he gave a low laugh and waved at her, beckoning her to give him the phone.

Seeing this, Han Momo hesitated for a moment, and handed over the phone.

"Hi, Aunt Han, I'm Momo's boss."

"Ah..." Mother Han on the other end of the phone was still talking about her daughter, but when she heard Selena's voice, she fell silent and changed her tone of enthusiasm, "It's Momo's boss! Hello, hello! Momo Did Mo cause you trouble? Or did you make a mistake?"

"No, Momo worked very hard and did a good job. I'm planning to promote her, so she may have more work during this time." Selena said softly.

"Ah! It's okay! It's time for young people to work hard. Boss, it's Momo's honor that you value her! That girl has a carefree temper. Does she often make mistakes? If she makes mistakes, boss, please don't be polite and criticize her severely." She, she has a long memory!"

Han Momo blushed when she overheard her mother's words, "Mom, I don't care, stop talking nonsense!"

Selena chuckled nonchalantly, "Momo has a good personality, is also pretty, and is very popular in the company."

"Oh, really?" Han's mother said modestly, but just by the tone of her voice, she knew that she was happy.

Selena chatted with Mama Han for a long time before hanging up the phone, and also let Mama Han stop urging her to find a boyfriend. Han Momo was so grateful that she wished she could marry her.

"Karen, it's a good thing you're not a man, otherwise these little girls in our company would have to fight every day!"

Selena looked at the back of the little girl bouncing away, smiled and shook her head.

When she was in the Tang family, she was basically a transparent person because she favored boys over girls. She was lucky to survive without being thrown away. Walking on thin ice under harsh eyes...

She seems to have never experienced what life is like in an ordinary family, and how to get along with her parents...

Just as he was in a trance, the text message on his phone suddenly rang.

Daniel, who just went on a business trip to country f in the morning, sent several text messages in succession:

The temperature is cooling down this afternoon, I asked Wanwan to send you clothes, remember to put them on, don't be greedy for the cold.

I'll soak the bird's nest for you, put it in and set it to cook automatically, remember to eat it.

I have read that script for you, it is very suitable for you, you can accept it.

Miss me?

Seeing the last three words, the corners of Selena's mouth could not help but rise slightly.

Please, can't see you in five hours? He should have just got off the plane right now?

Selena lay on the table and replied a text message with a smile: "The first second you left, I missed you, the second you left, I missed you, the third second you left, I missed you You...have missed you eighteen thousand times..."

...

Zeling's front hall was full of noisy discussions at the moment.

A group of employees poked their heads and looked here after hearing the movement here.

"Miss Ning, I'm sorry, you can't go in without an appointment!"

"Miss Ning! Don't go in there anymore! Please don't make things difficult for us!"

"Miss Ning...Miss Ning..."

The staff at the front desk were blocking a woman, and the person being blocked was actually History's boss, Susie.

"What's the situation? How did Susie come to our territory?"

"Dmn! Does she still want to make trouble?"

"I don't think so! How could you come here alone?"

"What the hell are you doing again! Anyway, there must be nothing good!"

Everyone saw that Susie seemed very agitated at the moment, no matter how much the front desk tried to persuade her, she would not listen, and kept

repeating, "I have urgent business with Selena! Please let her come out to see me!"

Seeing that the employees still refused to let in, Susie rushed inside emotionally, "Sister! Don't hide from me! There should be a break between us! In the past, no matter what you did to me, I You can bear it all, but this time, you have gone too far! Whatever hatred you have against me, I will bear it all! Why do you want to attack the mother! Even innocent children are not spared!"

The amount of information in Susie's words was really too great, and the surrounding employees were almost all stunned for a moment.

"Then what exactly is Susie talking about?"

"It seems that our boss is going to do something to the mother? And he said he won't let the child go?"

"Crap nonsense!"

Chapter 2079

Zeling's employees knew that Susie was pregnant, so they didn't dare to touch her, but in the end they let her go upstairs and break in.

The front desk staff was in a hurry and had to call to alarm Selena, "Mr. Ning, Miss Susie came to see you suddenly. She didn't have an appointment, so we stopped her, but she was always agitated and kept saying inexplicable things. He just rushed up while we were not paying attention!"

There was a moment of silence on the other end of the phone, and then Selena's reassuring voice came: "What did she say?"

The tone of the front desk sounded a little hesitant, and it took a long time before she opened her mouth to say, "She said...that the matter between you should be settled, and asked you why you wanted to attack your mother...that you didn't even let the innocent child go. But...Mr. Ning is sorry for letting her talk nonsense in the company. The main reason is that she is pregnant. We are afraid of accidents, so we dare not forcefully stop her..."

"I see, let everyone do their own thing."

"Yes, Mr. Ning."

After a moment of confusion, the company temporarily regained its calm.

In the office, Selena hung up the phone.

Susie suddenly came to the company to look for her, and why did she just barge in and make such a big noise?

This is not like her style...

Start with your mother?

Innocent children are not spared...

She had received news of Zhuang Lingyu's pregnancy before. From what Susie said, Zhuang Lingyu's child is gone?

There was a noise outside the door, and the office door was pushed open from the outside.

Several security guards stood behind Susie with embarrassed faces, "Boss, she..."

"It's okay, you go back."

"Yes!" The security guards breathed a sigh of relief and took orders to leave.

Suddenly, there were only two people left in the huge office.

Susie's hair was loose, her make-up was also messed up, and she looked very embarrassed. Her whole body seemed to be on the verge of collapse. When she saw Selena, she knelt down in front of her with a plop, "Sister, I beg you!" You, no matter how much you hate me, it's all directed at me, don't hurt other people..."

The corners of Selena's mouth twitched slightly, deeply feeling that Oscar owed her a statuette.

With this expression of self-blame, guilt and pain because of her mother's miscarriage, no one would doubt that she is a sincere and filial daughter.

"Okay, there is no one else here, so you don't need to show me your acting skills."

The moment Selena finished speaking, the indignation on Susie's face faded like a tide, and suddenly turned into a strange calm.

She stood up slowly, and then unhurriedly smoothed out the slightly messy hair on her temples, and said with a light smile, "Mr. Ning, it's really not easy to see you now."

"Miss Ning, what can I do?"

Hearing Selena's mocking "Miss Ning", Susie's face visibly twitched.

"Oh, of course I'm here to appreciate how proud Mr. Ning is now!" Susie's dark eyes surged wildly like a whirlpool, "Selena, you must be very proud now, right? You forced me out of the entertainment industry." Let everyone know that I was born of a country bumpkin, and make the world know that Roman wants to divorce me because of you!

Now, even the history I created is destroyed in your hands. Now I am notorious, I have lost all face, and now I have nothing. Are you very happy and proud? "

Chapter 2080

Selena was surprised when she heard the words, “Is it something to be proud of when you crush a bedbug to death?”

“You...” Susie suddenly clenched her fingers, her body began to tremble with anger, but she quickly recovered her graceful posture, smiled lightly and said unhurriedly, “Selena, originally , I want to leave you alive...”

Outside the door, there was a sound of chaotic footsteps, and Roman’s voice seemed to be vaguely heard.

Susie looked at the glass of white water on the coffee table from the corner of her eye, and slowly gave Selena a weird sneer.

At some point, three white pills appeared in her palm, and those pills fell from Susie’s palm into the glass of water one by one, melting and disappearing instantly.

Susie picked up the glass of water, and then continued to speak softly, “I can only blame you for insisting on going to my own death...then...you can’t blame me...”

After speaking, he drank all the water in the cup.

But for a moment, Susie’s face changed suddenly, and the cup in her hand fell to the ground with a shattering sound.

Blood overflowed from the corner of Susie’s mouth, she clutched her stomach tightly, and rolled on the ground.

“Susie...” At this time, after Roman heard the voice inside, he slammed open the door and rushed in, looking at Susie lying on the ground and the broken cup beside her with a drastic change of expression. And the blood that kept spreading from under her body.

And Selena sat at the desk without even moving her brows from the beginning to the end.

Susie clutched her stomach in disbelief, staring fixedly at the water glass that fell to the ground, “In this water... sister...you...you...”

The corners of Selena’s lips twitched slightly, and before Susie could speak, she interrupted her directly, “Okay, I know what you want to say, I gave you the medicine in the water, but unfortunately I don’t have it here. Surveillance, otherwise the evidence will be more convincing, but this cup is not worth a lot of money, you can take it.”

Hearing Selena’s obvious sarcasm, Susie’s body stiffened imperceptibly for a moment, but soon turned into a heartbroken expression, “Sister... I came to you today... I just wanted to have a relationship with you. It’s over...whatever you want me to do...just hope you...don’t hurt innocent people again...

Why...why are you still so obsessed with it...what’s in my stomach...is Roman’s child...the child is innocent...the mother’s child is gone...isn’t that enough...why...”

“Susie! Susie...” Roman quickly hugged the unconscious Susie, turned his head to look at Selena with an extremely complicated expression, and then rushed out of the room quickly.

Roman hugged Susie all the way through the staff area and the lobby, which unsurprisingly aroused a burst of surprised discussion...

In the office, Selena stared deeply at the direction Roman left, wondering what she was thinking.

Deer Town, Garden House.

After returning home from get off work, Selena immediately made two phone calls.

Soon, both sides responded.

On the first phone call, Shi Xiao helped her confirm that Zhuang Lingyu's child was indeed gone, and was deliberately hit by a car.

It seems that this sh1t pot is on her head again, but the other party must have no evidence, otherwise Zhuang Lingyu would have sent her to prison long ago, and Susie would not have deliberately come to the company to play such a show, And he didn't hesitate to use the drastic method of getting rid of his own child to frame her.
