Chapter 2111

The noise and discussions around were getting louder and louder.

Looking at these so-called explosive photos, Daniel's expression didn't change a single bit from the beginning to the end. He looked at Susie, who was insane and happy, and said quietly, "Thank you, Miss Ning, for today. Bring these precious memories of Selena."

What?

precious memory?

Susie's expression was dazed for a moment, and in the next second, Daniel continued to speak, "The wild man that Miss Ning is talking about is exactly here."

After a moment of weird silence, everyone's eyes almost popped out.

"Huh? What... what!!!"

"Daniel, what does this mean?"

"The wild man is him..."

Susie's brain was in a mess at the moment, and her eyes were filled with unbelievable horror, "What are you talking about? Mr. Lu, this woman's belly is clearly pregnant with a ba5tard! How could..."

Saul rolled his eyes and sneered, “Hehe, young lady, you first called my brother a wild man, and then called my little treasure a wild ba5tard. I really admire your courage!”

Saul’s words caused even more uproar.

“Rick? Saul means that the child Selena was carrying was Rick?”

“I’ll go! Little Treasure’s biological mother is Selena?”

“Just now Susie said that Selena was 18 years old at the time. Calculated according to the time, it is really right!”

Amidst the noisy discussions, Daniel’s cold gaze suddenly swept across everyone present.

The terrifying coercion came overwhelmingly, and everyone immediately fell silent subconsciously.

Needle drop could be heard throughout the venue.

After a long while, Daniel said, “I’m sorry everyone, because of my negligence, I caused some unnecessary misunderstandings. Selena and I have known each other very early, but we separated for a few years because of some misunderstandings. After Selena returned to China, we reunited. came together.”

Daniel paused for a moment, then continued, “Little Treasure, I was born with Selena.”

Hearing this, Susie was taken aback for a moment, and then laughed uncontrollably, “Hahaha...President Lu, I never thought you could call a ba5tard your own for the sake of your own face! It’s really shocking.” Open your eyes!”

Saul’s tone was completely idiotic, and he said quietly, “Miss, your stupid comparison is really eye-opening. How can my brother not know about the seeds he sowed himself? Because of some formalities Yes, my sister-in-law and Rick have done a paternity test, do you think everyone is as stupid as you?”

“This... This is impossible! This is absolutely impossible!” Susie’s back stiffened, but her tone was extremely certain.

Saul raised his eyebrows, “Oh? Impossible, miss, why are you so sure that it’s impossible?”

Susie was speechless immediately, so she naturally couldn’t tell the reason.

Back then she was the one who gave Selena the medicine herself, and it was the two cowherds who she personally arranged!

how is this possible...

no... no...

At that time, the two cowherds said that when they went there, they found that Selena had gone to the wrong room...

It was a strange man who had sex with her...

Could it be!

Could that man be Daniel!

Thinking of this, Susie’s face turned pale, and her body trembled violently, as if she knew something terrible.

This might just break her heart!

At this moment, an old man suddenly walked out of the crowd.

Chapter 2112

At this moment, an old man suddenly walked out of the crowd. The old man looked at Susie with extremely displeasure, and said in a stern tone...

"Miss, I think you are young, how can you spread rumors and slander other people's innocence out of nothing! I did the paternity test of Madam Lu and Rick myself, and Rick is 100% Madam Lu. My own flesh and blood, if anyone has any doubts, feel free to come to my old man!"

The person who spoke was the old director of the Imperial Military Hospital, who treated the head of state. His words were undoubtedly a symbol of authority.

As soon as Dean Zhao stood up, the slightest suspicion in everyone's hearts was immediately dispelled, and it became a sudden realization.

Zhuang Liaoyuan watched Dean Zhao come forward, and then glanced at the old man beside him who looked calm from beginning to end. Only then did he finally know how Daniel persuaded the old man in the hospital back then, and why the old man accepted it so easily. little treasure.

It turned out to be like this...

The similarities between Rick's eyebrows and Selena's, the intimacy between mother and son, and Rick's shooting talent, which is exactly the same as that of their Zhuang family, all have an explanation.

The surrounding discussions also suddenly became louder, everyone did not expect the truth to be like this, and at the same time, the eyes they looked at Susie all changed.

"It turned out to be true! Is Rick's biological mother really Selena?"

"I'll go! No wonder, I just said how can this mother and son get along so well, it's almost like a real mother and child. After a long time, it turned out that they were their own?"

"This Susie is too funny, she came here to sow discord without knowing anything, and even called Daniel a wild man! Calling the little prince a ba5tard!"

Selena is also quite miserable. It's okay to be wronged, but also to have such a shameless master who occupies the magpie's nest, her two parents are also unreliable! No wonder the dealer only recognized Selena and ignored the Ning family and Susie at all! “

“Do you still talk to her? This kind of person should go out and be hit by a car! It's the first time I've seen such a vicious woman! I'm still not reconciled to killing the fetus of my adoptive mother. Seeing that Selena is living well now, I'm afraid she is not reconciled. Come and continue to harm Selena, spreading such vicious rumors on an occasion like today! It's as disgusting as tarsal maggots!”

There are disgusting and disgusting eyes all around, as if looking at a pile of disgusting garbage full of maggots.

Susie's face was blank, her legs softened, and she fell to the ground with a thud.

Back then, in order to get the Ning family and fight for Roman, she tried her best, but in the end...

In the end, Daniel and Selena were brought together by accident...

The person who had sex with Selena back then turned out to be Daniel!

What made her even more unbelievable was, wasn't Selena's child already killed by a car?

why?

That child is not dead?

How could he not die!

how so...

In any case, she couldn't figure out why things turned out like this.

Originally, she was planning to die and dragged Selena to die together, so she risked offending the Lu family and made a fuss recklessly. Anyway, she had nothing left, so she absolutely couldn't watch Selena sit peacefully in Lu's house. In the position of the wife!

But now...

over...

It's all over...

At the entrance of the venue, several uniformed policemen walked in with solemn expressions, and walked straight towards Susie...

"Miss, you are suspected of drug smuggling and involved in many illegal activities abroad, please come with us!"

Chapter 2113

Daniel knew that Selena valued affection the most. He didn't kill Susie for the sake of her adoptive parents.

But that woman still has no repentance until now, since Selena is not easy to do it, then let him do it!

...

In the middle of the night, the guests dispersed, and this twists and turns birthday party finally came to an end.

As soon as the banquet was over, Yan Ruyi and Lu Chongshan immediately pulled Saul back.

"Saul, what is going on here! Is Selena really Rick's mother?" Yan Ruyi asked eagerly.

Saul nodded seriously, “That night seven years ago, the girl who was with my brother was actually my sister-in-law. At that time, my sister-in-law was drugged by Susie. Originally, Susie arranged for someone to try to ruin my sister-in-law’s innocence. , my sister-in-law went to the wrong room by accident and entered my brother’s room...”

Yan Ruyi and Lu Chongshan looked at each other in dismay, never expecting such a coincidence to happen in this world.

“Hey, you also know that my brother was also drugged at that time. At that time, he and his sister-in-law were all delirious because of the drugs, and had no memory of what happened that night. My brother and I only found out the truth nearly two years ago. Later, after a paternity test, it was confirmed that our guess was correct. The person who was with my brother that night was indeed my sister-in-law.

It’s just that because the incident back then caused too much harm to my sister-in-law, my brother didn’t dare to confess to her that that person was him, so he didn’t tell the truth until Susie came out to make trouble today...”

Then, Saul explained to the second elder that Selena was pregnant with a child and why the child was not aborted.

Yan Ruyi and Lu Chongshan became angrier the more they heard it.

“That Susie is simply insane! It’s fortunate that it’s your brother, if...” Yan Ruyi couldn’t imagine it.

“This incident hit my sister-in-law too hard. My sister-in-law has been living in the shadows all these years. She kept rejecting my brother at the beginning. It wasn’t playing hard to get. It was because of this incident that she was unwilling to accept anything. A man.” Saul said with a serious face.

Hearing what their son said, both Lu Chongshan and Yan Ruyi’s faces were full of guilt. Yan Ruyi sighed, “Selena is a good girl, even if something like that happened, it’s not her fault.”

As Yan Ruyi said, her face became joyful again, “It’s fine now, everyone is happy! Selena is Rick’s biological mother, which is really great! Rick should be so happy!”

Lu Chongshan on the side frowned slightly when he heard the words, and said in a deep voice, "But, as Saul said just now, Selena has always hated that man back then, and now she knows that that man is Ting Xiao..."

Hearing this, all three of them fell into silence for a moment.

—

Deer Town, Garden House.

After returning home, Selena finally had a chance to talk to Daniel alone.

In the yard, the two stood quietly under a bush of roses.

Selena looked a little tired. Today was her first official appearance as Mrs. Lu. She didn't expect so many things to happen, but luckily they were resolved without any risk.

Selena sat down on a chair beside her, "Daniel, how did you persuade Director Zhao to help?"

After she woke up in a vegetative state, Dean Zhao was taking care of her body except Annie, so she was familiar with Dean Zhao, knowing that he valued her reputation and professional ethics most, and would never cheat others.

Daniel probably took a lot of effort to persuade him.

Chapter 2114

Facing Selena's question, Daniel's fingers tightened slightly, and he remained silent for a moment without speaking.

He also expected that although everyone already believed that Rick was her own, Selena thought it was arranged by him.

After all, Selena was the least likely person to believe this fact.

"Sweetie?" Seeing that the man didn't speak, Selena looked suspiciously.

At this moment, the aura around the man has been frozen into ice, but his body seems to be injected with turbulent volcanic magma, which almost burns him completely.

Selena noticed something was wrong with Daniel, and her expression became slightly serious, "What? What happened?"

The roses above the head withered one by one in the night wind. I don't know how long it took...

The man finally said, "Selena, I didn't arrange it. What Dean Zhao said is true."

Selena's mind went blank for a second, as if she couldn't understand what Daniel meant, "What...?"

"I have indeed done a paternity test for you and Rick, and the paternity test is also true..." Daniel took a deep breath, took out a report from his arms, and handed it to the girl, "Selena, you are indeed Rick. Bao's biological mother."

Selena blankly accepted the report that Daniel handed over, and stared dully at the results at the end of the report. In the next second, her pupils shrank suddenly, and her mind went blank.

Based on the test results of the above 19 str loci, it can be seen that Selena's tested genes meet the genetic conditions of being Rickey's biological mother, and their previous parent-child relationship probability value is calculated as 999999...

According to the results of dna analysis, Selena is supported as Rickey's biological mother...

"How..." How could it be...

Selena opened her mouth, but couldn't utter a single word.

As if he was afraid that he would lose the courage to speak again, Daniel immediately continued, "Selena, Rick is our child, your child and mine."

In fact, Susie's smooth appearance was more or less due to his deliberate connivance. In this way, he forced himself not to run away.

Selena felt as if she was having a dream. Everything in the dream was turned upside down, making her mind confused, and she couldn't tell whether it was a dream or reality at this moment.

"How is it possible! My... my child... that child... died... already dead..."

Daniel's thin lips were tight: "Although I don't know why yet, the fact is that he is not dead, he is Rick."

"He's Rick...that child is Rick...Rick is...my child?" Selena was in a daze.

Daniel: "Yes, it's our child."

"our..."

Daniel closed his eyes, his voice trembling slightly, "I'm sorry...Selena...I'm sorry...I already knew about this matter more than a year ago..."

But...I can't speak to you...I can't tell you...the one who hurt you...the murderer who made you suffer and despair for so long...is me...

I'm afraid... that you'll leave me..."

The man who was so proud said the word "scared" to her at this moment.

"Sorry, that person is me."

After the man finished saying this sentence, he stood there so quietly, all the light around him dimmed, like a person who was waiting for the death sentence, and was instantly taken away from all vitality.

Time passed by every minute and every second...

Daniel's face became paler and his blood became colder, and his fingers on both sides were already clenched into fists.

At this time, a burst of sweet breath suddenly hit, and the cold lips softened suddenly, and the warm voice with a trace of salty tears, pressed against his lips, resounded in this endless night...

"Fortunately...fortunately, it's you. In this world, there is nothing more beautiful than this."

The flames subsided, the ashes turned into soil, and flowers bloomed all of a sudden...

Daniel hugged the girl in his arms tightly, and k!ssed her deeply, wishing to melt the girl in his arms into his flesh and blood.

This is the most beautiful... the most beautiful words he has heard in his life...

His girl always moved and surprised him again and again...

Under the moonlight, the two snuggled together quietly.

"Sorry, I should have told you earlier." Daniel k!ssed the top of the girl's hair.

Selena nodded vigorously in agreement, "Yes, if you had told me earlier, why would you have struggled for so long! When you knew about my affairs, you didn't care, so why would I leave you because of this? Let alone someone

else , it's you, it's my husband, it's too late for me to be happy, not to mention you were tricked by that ba5tard Saul back then!"

Saul, who was hiding in a corner and eavesdropping: The baby was shot even while lying down!

Well, at such an exciting moment, let him be shot if he gets shot! Fortunately, fortunately, Selena did not divorce his brother, otherwise he would be dead.

Hearing the girl's gentle words, Daniel felt as if his whole body was soaked in warm water, and the internal organs that had been burnt just now returned to the earth and healed quickly. His heart was filled with the joy of being alive after a catastrophe, "It's my fault."

Selena knew, and understood Daniel's mood too well, because she cared too much about one person, so even the smartest person would fall into this kind of worrying about gains and losses.

"I didn't tell you, there is another reason." Daniel said, his tone slightly low.

"What?" Selena subconsciously felt that what Daniel said next should be very important.

"I've been looking into Rick's affairs, who sent Rick to the Lu family back then, and what his purpose was."

Selena's eyes lit up immediately, "Did you find out?"

Daniel said in a low tone, "Not yet, but there are already important clues. I found that a section of the surveillance video of the hospital was artificially cut out. As long as the damaged surveillance video is restored, it is possible to know who that person is. Originally, I was I plan to wait until the truth is found out before I tell you everything, and if there are no accidents, the monitoring should be restored in a few days."

Selena looked a little serious, "Who could it be?"

Daniel remained silent. Even he had no idea about this question.

"Mother..."

Suddenly a voice came from behind.

Selena turned around abruptly, and then saw Rick nervously standing behind her, staring at her with big eyes without blinking.

Looking at the little bun in front of her, Selena's eyes suddenly turned red, "Baby..."

Rick wiped his eyes with the back of his hand, and immediately rushed towards Selena, "Mom... are you really Rick's mother? Are you the mother who gave birth to Rick?"

"Well, yes, I am Rick's mother, and I am Rick who was born to her..." As soon as she said that, she felt her shoulders wet, and Selena's heart throbbed.

"Is it true?" Rick raised his red eyes and stared at his father in front of him, his eyes were as fragile as shattered glass.

Daniel knelt down and rubbed his son's head with his broad palm, "It's true, you are my mother's and mine's child."

After getting his father's affirmative answer, the little guy's flickering eyes were suddenly as bright as pearls that had been dusted off, and his eyes were extremely firm: "Rick knew it, from the first moment he saw his mother, he knew that mother is Rick's mother." !"

Selena looked at the cute and cute little bun in front of her, her eyes slightly wet, and excitedly rubbed the little bun into her arms, "Oh baby, pinch me quickly, am I dreaming! I was able to give birth to such a cute, cute, intelligent, extremely talented baby that everyone loves! I'm really amazing!"

The little bun didn't pinch Selena, but kissed Selena's cheek with sparkling eyes, "Rick also felt that he was dreaming, that the mother who shone like a princess and was as beautiful as a rose was actually Rick's mother! Rick is so happy! Rick is also amazing!"

Looking at the mother and son, Daniel raised the corners of his mouth and chuckled, his brows were full of tenderness.

As for Saul in the dark...

He almost vomited to death: rub! You mother and son are enough! Are you so boastful?

Fortunately, he was so worried and ran to prepare for the rescue, but in the end he came to be abused...

Come on, the two in the family are still waiting anxiously, so he hurried to report the good news!

Late at night, in the bedroom.

Selena sang softly to lull the little bun to sleep, and the little guy was sleepy and tightly clutched the corner of her clothes and would not let go.

Selena leaned over and kissed Rick's forehead, "Baby, go to sleep, Mom is always here, good night."

The little guy muttered in a daze, "Well, good night, mom..."

The little bun rubbed his eyes, looked at Daniel at the side, and murmured in a daze, "Good night... Dad..."

After hearing Rick's "Dad", Daniel froze suddenly, as if he didn't react at all.

Seeing Daniel's rare stunned look, Selena raised her eyebrows slightly, and chuckled, "My dear, don't tell me, this is the first time Rick called you daddy?"

Daniel: "..."

It was indeed the first time I was called Dad.

Selena couldn't laugh or cry, "Is this really the first time?"

Daniel: "..."

Yes, that's how he messed up.

"Pfft..." This seemed a bit miserable.

Selena suppressed a smile, and kissed the corner of Daniel's lips comfortingly, "Don't be sad, Rick will definitely start calling you in the future!"

Daniel leaned over and kissed her back, "Yes, thanks to Madam."

Selena looked up at the man beside her, blinked her eyes, and said suddenly, "Daniel, let's make it public when we find a time?"

Hearing this, Daniel was stunned.

"Well, that's what I mean, completely open."

Daniel's throat tightened, "Is there any problem with you?"

Selena analyzed, "My current fan base is very stable, and I can start to transform. Announcing the marriage news at this time will not have a big impact on me, but it will be beneficial to the transformation."

Daniel's voice was slightly hoarse, "Okay."

Selena smiled at her sweetheart's handsome face, "Then I'll start preparing now, and if nothing happens, I'll finish the signing process of the movie with Shen Mian after I've been busy for a while." , you can start preparing!"

"Madam Xie, rectify your name."

Chapter 2117

After the birthday banquet, Selena specially invited Karl, Kevin and Feng Xiaoxiao out to make up for them a big meal.

In fact, the supplementary meal is fake, the real purpose is to have fun with the three single dogs, she gave birth to such a cute son as Rick.

In addition, I just want the three of them to do me a favor, to see if I can find out about the person who sent Rick to the Lu family through their channels.

Even Daniel couldn't find out, probably no one in this world can do anything about it, but it's good to have more hope.

Next, Selena and Daniel started to work on their own, while waiting for news from Saul.

The recovery of that surveillance video seemed to be in some trouble, and a breakthrough had not been found for a long time. In addition, Rick was sick and had a fever again during this period, Selena's mood was somewhat affected.

As long as she didn't find out what happened back then, she couldn't let go of her heart.

After all, it is not even clear whether the other party is an enemy or a friend, good intentions or malicious intentions.

Why didn't even she and Daniel know about it back then, but that person knew that Rick was Daniel's son?

Why did that person send Rick to the Lu family?

If the person who sent Rick back to Lu's house was an insider, purely out of kindness and good intentions, there would be no reason to hide his identity so deliberately.

There are too many mysteries to explain this matter...

While thinking about these things, Selena patted the flushed little treasure on the bed, and looked at the thermometer, feeling even more disturbed, “38.5, it’s still a bit hot.”

Daniel held Selena’s shoulders to comfort him, “Don’t worry, the doctor said that children are prone to colds and fevers this season, and it’s just a minor ailment.”

Selena nodded, “I know.”

It’s just that that matter is always in her heart, and it will inevitably affect her.

Seeing Selena’s preoccupied state, Daniel sighed, regretting telling her so early, “Saul has received news that the surveillance will be repaired in at most three days.”

Selena took a deep breath: “Yes.”

In three days, everything will be revealed...

However, before the results from Saul’s side came out, something happened to Rick’s side.

I thought it was just a common cold and fever, but I didn’t expect the fever to come and go.

Rick’s behavior before was due to psychological shadows. Since Selena appeared, Rick hasn’t been in such a situation for a long time.

But now, it seems that a situation similar to that of the past has appeared again, with a persistent fever that cannot be cured.

But this time, it was useless even if Selena stayed by Rick’s side every step of the way.

In the room, everyone’s faces were a little dignified.

Saul scratched his hair anxiously, “It doesn’t make sense, Rick just found out that Xiaoxin is his real mother, and he was just happy. He has been happy for the past few days, so it’s impossible for him to have such a persistent high fever because of psychological factors! “

Dean Zhao on the side said in a deep voice, "I have already given Rick a detailed physical examination, and all the indicators of Rick's body are normal, and there is no problem."

"How could it be possible to have a high fever? There must be something wrong!" Selena hugged Rick in a panic. The little boy was short of breath and blushed. Seeing that his spirit was getting worse and worse these days, he fell into a coma more and more time.

Dean Zhao thought for a while, "Don't worry too much, it's not uncommon for children to have this kind of situation. If the fever still doesn't subside tomorrow, take the child to the hospital for another examination."

Daniel nodded in a deep voice, "Okay."

Chapter 2118

Daniel and Selena guarded Rick all night.

The next morning, Selena suddenly opened her eyes and found that she had fallen asleep, so she hurriedly got up to look at Rick beside her, "How is Rick?"

"Don't worry, the fever has subsided." Daniel who was beside him hurriedly said.

Selena finally breathed a sigh of relief when she heard that, "That's great."

Daniel's eyes dimmed, he didn't know what he was thinking, but he had a relaxed expression on his face, and comforted him, "You are too nervous."

Selena nodded, "Probably..."

There are things in my heart, and the pressure is too great.

Although Rick's spirit was still a little unwell after his fever subsided, he finally didn't have repeated fevers like before, and it was normal for two days in a row.

However, no one expected that on the third day, Rick's condition suddenly became serious.

Although he didn't have a fever, he fell into a coma inexplicably and was extremely weak.

Selena and Daniel sent him to the Imperial Capital Military Hospital overnight.

The results of the second full-body examination came out, and there was still no problem found.

Looking at Rick who was wearing a respirator on the hospital bed, Selena tremblingly took out her phone, "I'll go and see Annie!"

Originally, she thought it was just a common cold and fever, but who knew it would suddenly develop into this.

At the door of the ward, Selena was about to make a phone call when a voice came from behind, "Is the brat sick?"

"Yunshen..." Selena looked at the person who suddenly appeared in the corridor unexpectedly.

I saw the man with his arrogant white hair as usual, wearing a black shirt, which made his already fair skin even more translucent.

Seeing Selena's surprised expression, the man raised the middle finger of his right hand, only to see that finger was being bandaged exaggeratedly, "I was pricked by a needle, Annie went out to collect medicine, and A Yefei forced me to come to the hospital!"

An extremely aggrieved tone.

Not only Kevin and Feng Xiaoxiao, but Karl was also here at the moment. Ever since Yun Shen and Daniel's temporary truce, Karl and Kevin often got together to make... fights.

Kevin wore glasses and had a cold face on the floor.

Feng Xiaoxiao and Karl stood there with their arms folded, their mouths twitching silently.

Not to mention why you got stuck with a needle when you are so good, just say that you have something wronged, and it's not that you don't know your wonderful physique, and you bleed like your aunt when you get injured!

"Huh? Is Rick sick?" Feng Xiaoxiao glanced at the little guy in the ward.

"What's going on, Rick still has a fever?" Karl asked.

Selena's complexion was not very good, she shook her head and said, "Yes, first of all, she had a high fever repeatedly, and finally got rid of the fever two days ago, and now she suddenly fell ill again, the hospital did not check twice. For some reason, I was about to ask Annie to come over and help Rick take a look..."

Yun Shen glanced at Rick who was in the ward, narrowed his eyes slightly, and murmured, "This situation...seems familiar..."

"What?" Selena's expression tightened immediately, "Have you seen it? Where have you seen it?"

"I have to see the situation of the brat before I can be sure." Yun Shen said.

Selena frowned when she heard this, she obviously didn't believe this guy, she had never heard that he would see a doctor.

"Tsk, it seems sister-in-law doesn't trust me? Forget it..."

At this time, Daniel beside him said, "It's okay, let him watch."

After Daniel opened his mouth, Selena immediately nodded in relief, "Oh, then just take a look!"

Yun Shen: Suddenly I don't want to watch it!

Finally, reluctantly entered the ward.

Selena and the others stood nervously waiting for Yun Shen's result.

Yun Shen casually asked about Rick's situation, then lifted up Rick's clothes to look at him a few times, then narrowed his eyes slightly, "Little brat is not sick, but poisoned."

"What did you say?" Selena and Karl's expressions changed immediately, and Kevin was also a little surprised.

Only Daniel's eyes were extremely deep, as if he had expected this outcome...

"What kind of poison is it? How do you know? How could Rick be poisoned when he's so good?" Selena asked a series of questions.

Yun Shen put down Rick's clothes, "I don't know how he was poisoned, and I don't know what kind of poison it is, but what is certain is that it was poisoned."

For Yun Shen's answer, Selena almost died of anger, it might as well not answer.

Yun Shen seemed to be trapped in some kind of memory, and slowly said, "I have seen people who were poisoned by this kind of poison, and they had repeated fevers at the beginning. Interestingly, they had a fever on the first day, recovered on the second day, and had a fever on the third day. , Healed up again the next day, every time a fever is accompanied by weaker and

weaker body and worse spirit, and no reason can be found out, it is like torturing people for fun, giving people hope, and instantly recovering. It makes people desperate, so repeated, and these people also have a physical feature, that is, some red blood spots will gradually appear on the skin..."

Hearing Yun Shen's words, Selena quickly went to take a closer look at Rick's body. Sure enough, there were quite a few red dots. They were there earlier, but very few. She thought it was just caused by common allergies and fever, but now she suddenly saw, it seems that this red dot started with Rick's fever, and there is a trend of more and more.

"Who would poison a child like this?" Kevin frowned.

Karl narrowed his eyes slightly, "This is obviously a poisonous method that tortures people, and it's obviously for revenge, right? It's just that Rick is so well protected on weekdays, and because the Great God Han Xiao was in charge before, those people were scared away, When did this poison be placed? All of us didn't even notice it..."

As Karl spoke, he suddenly had a bold thought, "Could this poison have anything to do with the person who sent Rick back to the Lu family?"

Feng Xiaoxiao subconsciously glanced at Yunshen, then thought about her words, and said, "Actually, I have heard about this poison, and I heard that it can be planted in the human body for a long time. possible.

Therefore, it is very likely that Rick had been planted with this poison when he was sent to Lu's house, and it didn't happen until recently. If this is the case, then it makes sense! "

Selena never thought that things would turn out like this, because the matter involved Rick, she was in a mess when she cared about it. Listening to Feng Xiaoxiao's analysis, her brain was in a mess and she couldn't think normally at all.

"How many days have you been like this, little brat?" At this moment, Yun Shen asked suddenly.

Daniel replied, "Six days."

Yun Shen's eyes flickered slightly, "Six days... the people I know who were poisoned by this kind of poison all died suddenly on the seventh day from the onset of the poison."

Yun Shen's words immediately made Selena's heart fall into an endless abyss!

Selena immediately asked anxiously, "How is that possible! Doesn't that mean that Rick only has less than a day left!? Could it be that you made a mistake? Since Rick had a fever, it's already the sixth night !"

Doesn't this mean that Rick won't survive tomorrow morning?

This result exploded in Selena's mind like a bolt from the blue.

Yun Shen frowned slightly, and said in a deep voice, "I don't know much about this kind of poison, I'm just stating my judgment based on the situation."

For a moment, everyone was silent.

Selena didn't have time to think too much, and with trembling fingers, she quickly dialed Annie's number, "Hello, Annie?"

"Karen, you finally called someone. I was afraid you were busy, so I didn't dare to disturb you..." Annie's happy voice came from the other end of the phone.

Selena interrupted Annie's words apologetically, "Annie, sorry, where are you now? Can I come to the Imperial Military Hospital? I need you urgently?"

“Hospital? Karen, what’s wrong with you?” Annie immediately asked nervously.

“No, anyway, come here first and talk later.”

Annie was relieved when she heard that it was not Selena’s business, and said, “Okay, I’ll come right away, but I’m in City A right now, so I might not be able to come here so soon.”

Daniel’s voice came from beside him, “I’ll arrange for a helicopter to pick him up.”

Selena immediately said, “Send me your exact location, and I’ll send someone to pick you up.”

“it is good.”

After finishing the phone call, Selena’s body trembled and weakened, almost collapsing.

Daniel hugged the girl in his arms, looked at the time on his watch, and his gaze deepened.

From city a to the imperial capital, even a round trip by helicopter would take more than an hour.

Time passed by every minute and every second, and everyone’s mood became more and more dignified...

Feng Xiaoxiao hugged Selena and comforted her, “Little Treasure will be fine, it’s probably because Satan is playing tricks on you again, trying to scare you!”

Selena closed her eyes and did not speak.

Although Yun Shen is very unreliable most of the time, if he is not completely sure about this kind of thing, he will not say such a thing.

Therefore, it is basically certain that what he said is true...

Since just now, Daniel has been operating a certain complicated software on the phone with a concentrated expression, as if he was directing something.

After an unknown amount of time, in the dead and silent corridor, a cell phone rang suddenly, and it was Daniel's cell phone that rang.

Daniel immediately pressed answer, "Hello? Okay, send it to me now."

Selena's expression changed immediately, "What? Has the surveillance resumed?"

Daniel nodded, "It's recovered."

"What surveillance?" Feng Xiaoxiao asked puzzled.

Karl briefly explained the cause and effect, "...if the monitoring is restored, we can find out who was the person who took Rick from the hospital and sent Rick to the Lu family without anyone noticing!"

At this moment, Daniel's phone was receiving files.

The progress bar moved forward little by little, and after a while, there was a "beep", and the file was finally transferred successfully.

Everyone held their breath and looked straight at Daniel's phone screen.

Selena's fingers clenched even tighter...

who is it...

Who is it...

With his slender fingers, Daniel quickly clicked on the surveillance video.

The video in the surveillance was a bit cold and dead silent, obviously it was the morgue of the hospital.

The door opened, and a staff member walked in with a wrapped baby in his hands, put it in the freezer, and then turned to leave.

The moment she saw the object in the staff's hand, although she could only vaguely see that it was a baby covered in bruises, Selena's heart skipped a beat subconsciously.

That...is Rick?

Just as he was thinking, the door of the morgue was pushed open again, and a thin figure dressed in black and a peaked cap walked in.

Because the man's back was facing the camera, his face could not be seen clearly.

"It should be this person!" Karl said excitedly.

I saw that the man opened the freezer just now, carried out the dead baby that the staff put in just now, then quickly closed the freezer, turned and left.

The next second, when the man turned around.

Selena, Karl, Kevin, Feng Xiaoxiao, and even Yun Shen who were staring at the video all changed their expressions...

"Annie!!!"

how is this possible...

How could it be Annie...
