## Chapter 406

Selena happily left the company, sending text messages to Daniel while walking.

Keren: Boss, are you free now? I have something to trouble you...

At the same time, the workshop of a certain factory of the Lu Corporation.

A group of high-level leaders are frightened and surrounded by the boss in a black suit with a cold face, and the factory manager leading the way in front of him is spouting and talking about the high-tech equipment in the factory, bragging about his achievements...

Halfway through the conversation, there was a "ding", which seemed to be the notification tone of the mobile phone information.

Daniel looked down at the message, and immediately raised his hand to signal silence.

The factory manager was still chattering, but he was reminded by the deputy factory manager beside him before he realized it, and hurriedly shut up timidly.

After receiving a message, their boss unexpectedly called back immediately.

Everyone looked at each other, is there something urgent?

On the other side, Selena was feeling anxious. She didn't know if Daniel was busy at the moment or if he would disturb him...

As a result, just a few seconds later, Daniel's phone call came over there.

Selena picked it up hastily, "Master Boss!"

"Well, what do you want me to do?"

On the other side of the phone, when the leaders beside Daniel heard the boss speak, their bodies trembled involuntarily. Dmn, who is the boss calling? The voice is so gentle?

"Yes, one thing, is it convenient for you to answer the phone now?" Selena asked.

Daniel: "It's convenient, you tell me."

At this moment, Daniel was surrounded by a large group of middle and senior leaders who were eagerly waiting for him: "..."

Selena: "Oh, it's like this. I've selected the script for my next drama, but no one reviewed it for me. The second young master went on vacation, so I can't get in touch with anyone. It's said that I won't be back until three months later..." "

Daniel understood as soon as he heard it, and said directly, "I'm inspecting the workshop right now, and it's almost over. You go directly to my company and wait for me. I'll be back soon."

The leaders were stunned: The boss actually said such a long sentence in one breath...

Especially the director of the factory, who was giving the report just now, was even more dull, thinking that I just talked about it, but the boss only said one word from the beginning to the end!

That word is "um".

And, what does it mean it's almost over? He still has a lot of content to report!

Selena: "Ah... you're inspecting..." Then it's convenient to answer the phone?

Selena hurriedly said, "Okay, I'll go to your company and wait for you!"

"Yeah." Daniel hung up the phone, glanced at Cheng Feng, the special assistant beside him, and said, "Go and make a call to make arrangements, and ask Xiao Fang to take her to my office directly."

"Yes, I'll go right away!" Cheng Feng had been by Daniel's side for so long, so he naturally knew that if the boss's tone changed into that, he must be talking to Miss Selena, so he immediately responded and went to the side I called.

"Hello, Secretary Fang, I'm Cheng Feng!"

"Assistant Cheng, what do you want?"

"That's how it is. A lady surnamed Ning will come to see Mr. Lu later. Take her to Mr. Lu's office and wait."

"Uh, is it appropriate to take her directly to Mr. Lu's office? Assistant Cheng, are you sure it's not the reception room?" Secretary Fang suspected that Cheng Feng had made a mistake. After all, how could Mr. Lu's office be in such a confidential place without In the presence of the master, casually bring people in...

## Chapter 407

"Sure, you can just do it, and also, be more polite and treat him well." Cheng Feng kindly reminded him.

"Yes, I understand!" The little secretary responded nervously.

When Cheng Feng came back from a good business, he saw his boss glanced at the factory director beside him, and then said with thin lips, "To make a long story short, I'll give you three minutes."

The factory manager was dumbfounded, "..."

What can you say in three...three minutes?

There was no other way, he could only swallow his mouth and spit, forcefully suppressed the long speech that was brewing in his heart, and began to sweat profusely thinking about how to compress the content of thirty minutes into three minutes...

Cheng Feng returned to Daniel's side, glanced calmly at the factory manager's bitter expression, and couldn't help shaking his head and sighing in his heart.

Three minutes, be content!

A beautiful woman has an appointment, and the boss will be fine if you don't say thirty seconds!

In the end, the factory manager could only quickly explain the most important parts such as profit and cost. Because of the temporary compression, the boss's expression was too scary, so he stuttered a bit. After he finished speaking, he looked dead. look...

After finally having the opportunity to perform in front of the big boss, but in the end, he couldn't speak well, so he's not dead...

Daniel glanced at his watch, "Yes."

"Huh" again?

This means...has he passed the test? It's so easy?

Daniel: "Go back to the company."

The senior leaders of the group were stunned for a moment, then immediately followed Daniel out...

Lu Group company building.

Selena took the script and walked to the front desk, "Hello, please, I'm looking for Mr. Lu."

To avoid the trouble of being recognized, Selena wore a white mask.

"Do you have an appointment?" the little secretary asked without looking up.

Selena: "No, but I..."

Before she finished speaking, the little secretary interrupted her directly, and skillfully refused, "I'm sorry, if you don't have an appointment, you should make an appointment first! However, even if you make an appointment, you can't see me right away. Mr. Lu's schedule It's been three months now."

There are too many people who come to Mr. Lu with various excuses every day, and some people wait at the gate for days and nights without leaving. The little secretary has seen too many people, so he just sends them away casually.

"But, I've already told Mr. Lu." Selena finished speaking.

Hehe, did you tell Mr. Lu? Who are you! Can you talk to Mr. Lu directly?

The little secretary was about to speak, but suddenly remembered the phone call from Cheng Feng just now, "Wait... Miss, may I ask your name?"

"My name is Ning."

Upon hearing this, the little secretary immediately became enthusiastic, and said with a smile like a flower, "Ah! It's Miss Ning! Assistant Cheng has already told me, come with me, and I'll take you there right away!"

Selena watched the little secretary's sudden change speechlessly, "Cough, thank you!"

While leading the way, the little secretary kept carefully looking at the woman in front of her.

Wearing a mask... so mysterious...

Listening to Assistant Cheng's voice on the phone, this woman seems to have a very close relationship with Mr. Lu...

Combined with some time ago, the company rumored that the boss had a woman by his side...

It was also rumored that the woman was the popular female artist Su Yimo...

Could it be the one in front of you?

However, looking at such a low-key attire, it obviously doesn't look like Su Yimo's style, does it?

"Miss Ning, this is the place, please come in, I'll get you a cup of tea!"

"thanks!"

Selena thanked her and walked into Daniel's office.

## Chapter 408

Selena stood in the middle of the room and looked around curiously.

This was her first visit to Daniel's office.

This room is indeed in the style of its owner, all in cool colors, metal and glass textures, cold and without any fireworks.

Selena looked at it, and couldn't help but think of the golden decoration style of Shengshi Entertainment, and couldn't help but complain in her heart, the two brothers' aesthetics are too different...

While in a daze, the little secretary came in, "Miss Ning, the tea is ready, please sit down and wait!"

The little secretary not only brought tea, but also a bunch of exquisite snacks.

"Thank you, it's too much trouble for you!"

"You're welcome, you're welcome..." The little secretary waved her hands, but didn't leave for a while.

Selena picked up the teacup, seeing that the little secretary hadn't left, she was a little suspicious, "Miss Secretary, do you have anything else to do?"

"No! Please have some tea!" The little secretary came back to her senses and hurriedly retreated.

Why! pity! I wanted to wait for her to take off the mask to see what she looked like!

Selena realized the little secretary's intentions and laughed. It turns out that Daniel's subordinates also know how to gossip.

Selena sat down on the sofa, took off her mask, and took a sip of tea. At this moment, she caught a glimpse of a thick booklet on the coffee table from the corner of her eye...

what is this?

It's not like a document or something, is it?

At the same time, Daniel and a group of high-level executives had rushed to the door of the company.

Everyone is extremely curious, what is the boss's business, so anxious?

Daniel got out of the car and was about to enter the building. He had just walked a few steps when he suddenly thought of something, and his entire expression changed. Although he was anxious just now, his face was sunny, but now it was cloudy and the wind was blowing. It feels like the sky is about to collapse...

Seeing this expression, all the senior executives were scared out of their wits!

Is the company about to collapse?

With a low curse, Daniel immediately quickened his pace, striding towards the front desk...

"Hello, Mr. Lu!" Secretary Fang hurriedly greeted the person coming.

"Is she here?" Daniel asked sharply.

"Human?" The little secretary was taken aback by the boss's terrifying expression, and she was taken aback for a moment before she realized, "President Lu, do you mean Miss Ning? Yes! She is already waiting for you in your office!"

"What?" Daniel's expression became even more terrifying in an instant.

The little secretary almost cried on the spot, "Lu... President Lu... Is there any problem? Assistant Cheng told me, let me take that lady to your office to wait!"

Seeing Daniel's expression, Cheng Feng on the side also panicked, thinking that it was the boss who told me to wait in your office!

Daniel pinched the center of his brows, and asked in a deep voice, "How long has she been up?"

The little secretary looked at the time tremblingly, "About seven or eight minutes."

Daniel didn't speak any more, with a dark face, he walked quickly towards the elevator...

Behind him, the little secretary anxiously called Cheng Feng who was behind Daniel, "Assistant Cheng! Assistant Cheng! What happened? Did I do something wrong? You asked me to bring someone up! I'm not sure I asked you one more time specifically!"

Cheng Feng also had a pale face at the moment, "Ask me, I'll ask who! Don't be too nervous, I'll check the situation and tell you later!"

"Then hurry up..." The little secretary replied crying. Waiting one more second is suffering...

After getting out of the elevator, Daniel tugged at his tie, and finally ran all the way to his office. All the employees who were working along the way looked like hell...

Nima, why does the figure who flew past just now look a bit like your own boss?

## Chapter 409

Finally arrived in front of the office.

With a "bang", Daniel pushed open the door forcefully.

In the office, Selena was sitting quietly on the sofa, holding that conspicuous booklet with a big red cover in her hand...

Looking at the booklet in the girl's hand, Daniel's usually calm eyes suddenly became turbulent, and even his voice trembled a little, "Selena..."

Selena blinked, and looked at Daniel who suddenly pushed the door in with some surprise. He saw Daniel's face was serious, his breath was slightly panting, and even his tie and clothes were a little messed up...

"Uh, Mr. Boss...you...what's wrong with you?" Selena asked blankly.

Daniel walked up to her step by step, his gaze fell on the booklet in her hand...

Seeing this, Selena hurriedly apologized, "Ah! This...I'm sorry...I thought it was put here...it shouldn't be some private information...so I unconsciously picked it up and took a look..."

After finishing speaking, quickly put the booklet away, not daring to move it.

"Selena, my mother asked someone to put this thing here, and I haven't seen it." Daniel's back was tense, and there was a hint of imperceptible tension in his tone.

"Oh..." Selena scratched her head.

"You do not trust me?"

"Huh? Of course I believe it!"

"You..." Daniel didn't seem to be very good at explaining. After a while, he said with a straight face, "Don't be angry, these are all my parents' own ideas. I personally have no intention of going on a blind date. Even if they arrange I won't go either."

Before, he was full of his girl who took the initiative to send him a text message, but in the end he made a mistake and forgot such an important thing.

It was only when he walked to the door of the company that he remembered that the dating album was still in his office. Selena had been in it for a while, and it was very likely that he had seen it...

Hearing this, Selena finally understood everything, and froze for a while, her face full of surprise.

That's why Daniel came here in such a hurry, why is he in such a hurry?

In an instant, there was an indescribable feeling in my heart...

She really thought that as long as there was even the slightest possibility, she would work hard for it, but she never selfishly hoped that Daniel would wait for her until the end.

If he meets someone he likes more halfway, she will definitely bless him!

At worst, I will get drunk for 3,000 games...

Selena raised her head, and looked softly at the gloomy man in front of her, "Daniel, actually, you don't have to do this, how do you say that? The world is so big, you can go and see it, maybe I met a girl I like more!"

Daniel blurted out almost the moment she finished speaking, "Selena, without anyone else, you are my whole world."

Selena: was instantly killed with one sentence.

The Great Demon King can now say love words without even thinking about them...

"Hey, let's not talk about this, Mr. Boss, your time is precious, you should read this script!" Selena took out the script in time.

Daniel carefully looked at Selena's expression, and after making sure that she was not angry, he finally breathed a sigh of relief, "Wait a minute."

After speaking, he took off his tie, took off his coat, and hung it on the hanger.

She wasn't angry, he should have breathed a sigh of relief, but there was a trace of deep loss in his heart...

Not angry, it's just because I don't love, I don't care...

When Daniel wasn't paying attention, Selena recited a few words of the mantra to clear her heart to herself, avoiding to watch Daniel's undressing!

Dmn, hooked up with me again! Hook me up again!

## Chapter 410

After taking off his coat, Daniel straightened his cuffs and said, "I might have to watch for a while, but you can go to the lounge inside to sleep first. Judging by your face, it seems that you didn't sleep well?"

Selena touched the dark circles under her eyes, "I was too excited last night, I read the script all night..."

Daniel: "Go to sleep for a while, I'll call you when I'm ready."

"The boss is working, but I go to sleep, isn't that good?" Selena felt inappropriate.

Daniel glanced at her, "You can't help me if you don't sleep, but sleeping can make me feel at ease."

Selena: "Oh, let's go right away!" It's better to avoid being in the same space as the big devil... The big devil can't control the prehistoric power of teasing girls...

As soon as the words fell, Selena slipped into the lounge...

Although the lounge also has a simple and cold style, but maybe because it is the place where the Great Demon King slept, it is somewhat warm...

Hey? wait! Where did the Great Demon King sleep?

She just slept here?

While struggling, the phone beeped, and there was a new message...

Lu Baicai: The bed sheet and quilt cover have just been replaced with new ones.

Selena: "..."

Does the Great Demon King have the perspective of God?

horrible...

Outside the lounge, Daniel imagined Selena's expression after seeing the text message, and the corners of his mouth involuntarily twitched.

Next, Daniel concentrated on reading the script. Selena was really excited and didn't sleep all night. She fell asleep sweetly not long after touching the pillow...

The inside of the office was peaceful and quiet, however, outside the office at this moment, it was still a miserable hell.

Ever since they saw Daniel running back, all the employees were in panic...

"It's over, I think this time it's definitely a big deal!"

"Who is our boss? Taishan doesn't show his face, but this time he ran in the company regardless of his image!"

"It's said that at the entrance of the company downstairs, that face was terrifying! Secretary Fang at the front desk was scared to tears!"

...

All of a sudden everyone turned to Cheng Feng...

"Assistant Cheng, if you know the inside story, don't hide it from us! You're about to have a heart attack!"

"That's right! Just tell us directly! Is there a big crisis in the company? Are we going to lose our jobs?"

"Tell us, give us a psychological preparation?"

"Just now a woman came into Mr. Lu's office with some information in her hand. Did she come to report some bad news?"

...

Cheng Feng was surrounded by a group of people, and he was devastated, "I beg you all, don't ask any more questions, I really don't know anything! Just wait quietly!"

In fact, he can be sure that it is definitely not the company's problem.

But it's not the company's problem, and it can't make him feel at ease.

Just because it's about that Miss Ning, the matter is even bigger!

Time passed slowly, the sun gradually set, and soon it was time to get off work. Every employee sitting at the desk looked like he was waiting to die, and no one dared to get up and leave.

CEO's office.

Daniel's eyes fell on the direction of the lounge. He seemed to have been watching for a long time. After a while, he suddenly came back to his senses, checked the time, and closed the script that he had already finished reading.

He got up and went to the door of the living room and knocked on the door.

It was quiet inside, without the slightest sound.

Daniel moved lightly and pushed open the door of the lounge.
