## Chapter 476

"Three..." Selena was about to run towards the woman when she suddenly saw several men with long guns coming down from the helicopter behind her.

Seeing this, Selena hurriedly yelled at Buddy and the good-for-nothing boss Zeus, "Run!"

The moment Selena led the two of them to a safe place of cover, there was a burst of frantic gunfire and wailing in his ears...

Selena hid in the shadows and wiped off her sweat. What the hell, if she reacted a second later and didn't die in the killer's hands, she would be killed by her own people!

After about ten minutes, the outside returned to a dead silence.

Jeffrey and those killers, no need to ask, must have been wiped out!

Buddy and the good-for-nothing boss next to him were almost terrified. If this woman hadn't reminded them suddenly, they would have become sieves by now.

After the gunshots ended, Selena couldn't hold back her excitement anymore, she jumped out immediately and ran towards the woman.

Before she could give the other party a bear hug, the next second, a sharp wind of fist hit her directly in the face.

Selena leaned back violently, avoiding that terrible punch.

As soon as she avoided this blow, a more violent attack came like a violent storm, leaving her no room to breathe.

In the blink of an eye, the two sides had exchanged more than twenty moves. From the beginning to the end, Selena had no room to counterattack at all, and could only defend and dodge.

At this time, there seemed to be a surprised voice from the opposite side, and immediately after, the offensive became even more terrifying than before.

Just now the other party was just probing, but now they are making deadly moves, every move is a big killer move.

Selena was in utter misery, and she was even more stretched to cope. She wanted to speak up several times, but she had no chance at all, because at this time, if she was distracted, she would be killed by one blow...

Finally, after one hundred moves, Selena's physical strength reached its limit, her shoulder was rubbed by the opponent's fist, and she felt a burning pain.

Just a distraction for a moment, the opponent's hand had already strangled her throat, and the next second, he wanted to twist her neck...

Between life and death, Selena yelled..."Third Senior Sister!!!"

The other party's five fingers had already used three points of force, but when they heard Selena's voice, they abruptly stopped.

A woman's voice mixed with suspicion and vigilance came from the opposite side, "Who are you?"

"I, me, me! It's me! I'm Selena!!!"

"Selena?" The woman's hand on her neck suddenly withdrew.

Selena finally breathed a sigh of relief, bent over, and coughed violently, "Third Senior Sister, you are too cruel! We haven't seen each other for so long, you will kill me the moment we meet!"

The woman stared at Selena in amazement for a long time, and finally, the cold and numb expression on her face suddenly turned into excitement and ecstasy, and suddenly she rushed over, pressed Selena against her chest and rubbed her for a while, "Lie Slot! Selena! Are you Selena? You turned out to be Selena! You suddenly wore women's clothing, and I didn't recognize it at all! Oh, my Selena is so cute in women's clothing, oh so cute, so cute, hug me!"

"Cough cough cough... Sister, I'm going to be suffocated by your chest! Although this is the dream of many men... But I don't want to die..."

"Stinky boy, I hate you to death!" The beauty let go of her angrily, and then changed her words, "No, it should be a dead girl! I was thinking just now, who dared to sneak up on my mother from behind? I didn't expect It turned out to be you!"

## Chapter 477

"Third Senior Sister, even if you didn't recognize me, aren't you familiar with my routine just now?" Selena was speechless.

"You are quite familiar with the moves you use to hide from me, but how could I have thought that it was my fellow disciples, none of my fellow disciples are so sgumbag!" The woman said in a natural tone.

Selena had an expression that wanted to vomit blood, "Senior sister, can you be more tactful with your words?"

"Dmn girl, I haven't scolded you yet. What the hell are you doing? Even though your skills were bad before, you could still match me with a few moves, but now you can't even match a single move. Your body is weak and

your feet are weak. It looks like you haven't trained at all this year! If the master finds out, your legs won't be broken!" Feng Xiaoxiao scolded.

Selena rubbed her nose, "I'm so busy, how can I have the time..."

At this time, one of Feng Xiaoxiao's tall and handsome companions came over and stared at Selena with interest, "Hey, Xiaoxiao, who is this little white rabbit?"

Feng Xiaoxiao kicked over, "Go away! You are just a little white rabbit! This is my little junior sister! If you dare to make a bad idea, I will break your third leg!"

The man clutched his crotch and ran away quickly.

Feng Xiaoxiao gave those people another warning look, and then started chatting with Selena intimately, "How is it? Is it fun to be a celebrity?"

"It's quite fun. If the third senior sister is interested, you can come over and play a trick next time!" Selena chuckled.

Feng Xiaoxiao rubbed her hair, "You ba5tard, no matter what you are interested in, you can't last for a few days. You play this for a while, and you play that for a while. When you are just a novelty like before, and you come back after playing for a few days, how would you know that this trip has lasted for more than a year..."

"Aren't I afraid that seeing my senior sister will make me reluctant to leave!" Selena smiled flatteringly.

Feng Xiaoxiao rolled her eyes, then asked suspiciously, "By the way, I haven't asked you yet, why did you appear here?"

Selena sighed, "It's a long story, I was waiting for you at your house, but someone just happened to come to your house to assassinate you, I was

worried that you would be in danger, after finishing those killers, I followed a group of young people I found this place all the way, finally saw you, and was almost killed by you..."

Feng Xiaoxiao immediately gave her a loving hug, and asked while touching her head, "Is there something urgent for you to find me all of a sudden?"

Hearing this, Selena walked to a secluded corner with Feng Xiaoxiao on her arm, "Third Senior Sister, I really have something to do with you, I have a small favor, I want to ask Senior Sister to help me!"

"What's the favor? Senior Sister will definitely help!"

"Senior sister, can you check someone for me?"

"Investigate people? This is simple. No matter who it is, I will help you find out all eighteen generations of his ancestors."

"Satan."

"Who are you talking about?!"

"I said, I want to ask you to check satan for me!"

Feng Xiaoxiao who was still swearing just now changed her words without hesitation, "I refuse!"

Selena shook her hand, "Third Senior Sister, please! Only you can help me!"

Feng Xiaoxiao's face darkened, "Are you okay to find out what that guy is doing?"

"I'm useful!" Selena continued to shake.

Feng Xiaoxiao raised her forehead, "It's not that Senior Sister doesn't help you, it's that I really can't find out this person. If you really want to know, why don't you ask him face to face?"

## Chapter 478

"If I can ask him, do I still need to ask you for help?"

"Then why don't you ask Eldest Brother?" Feng Xiaoxiao started pushing the pot.

"Eldest brother, how could you tell me! Third Senior Sister, please! Help me! I knew you loved me the most!" Selena clinged fiercely.

Feng Xiaoxiao had an unbearable expression, "Dmn it, where did you learn this trick? Why did you change your personality when you changed into a woman's attire? No wonder you were asked to change into a woman's attire before, but you refused to do so! If this Being seen by the group of guys in your organization is not the same as seeing meat by wolves!"

"No way, Third Senior Sister, I only treat you like this!"

Feng Xiaoxiao was helpless, "Okay, okay, I lost to you, I can check it for you, but don't expect too much, you also know how deep that person's background is. Besides, it's okay to check, you have to give me One direction, right?"

Selena thought for a while, and wrote three words on her palm with her fingers.

Feng Xiaoxiao frowned, "Daniel... that business overlord of Hua Country?"

Selena nodded, "Yes, I want to know if satan has anything to do with this person."

"How did these two get involved? Also, what is your relationship with this Daniel?" Feng Xiaoxiao was puzzled.

Selena looked around and said to him, "It doesn't matter, the entertainment company I'm working for now is a subsidiary of the Lu Group, and he is my boss!"

"It's just that?" Feng Xiaoxiao squinted her eyes with an expression of disbelief.

At this time, a shout came from not far away..."Xiaoxiao! Let's go! Say goodbye to your little white rabbit! We still have tasks!"

Feng Xiaoxiao looked regretful, "Sorry dear, I have to go!"

Selena was also full of reluctance, "Be careful!"

"Oh, yes, there is one more important thing, wait!!!" Feng Xiaoxiao was about to get into the plane, then poked her head out again, took out her phone, and snapped a photo of Selena, "Ha Hahahaha... little junior sister's women's clothing, I want to show it to my senior brothers!"

Selena was speechless: "..."

She's just wearing women's clothes, as for?

...

After Feng Xiaoxiao and the others left, Captain Buddy and Solomon's good-for-nothing boss Zeus finally walked out tremblingly.

"You...you know that woman?" Buddy looked terrified.

Zeus was also very surprised, "You actually called her Third Senior Sister! If I'm not mistaken, that woman is an A-level mercenary on the original sin list..."

The goal has been achieved, Selena is not in the mood to stay any longer, she really has had enough trouble tonight.

He didn't pay attention to the two of them, and just walked away.

Zeus hurriedly chased after him and shouted, "Boss!!! Where are you going, boss?"

Selena staggered and almost fell, "Who are you calling boss?"

"Of course it's you!"

"what?"

Zeus knelt down on one knee and said solemnly, "You saved me and killed Geoffrey. Solomon is the strongest, and only you are qualified to be the new boss of Solomon!"

Hehehe, the strong are respected? How on earth did you have the nerve to say that?

Selena yawned, "Sorry, I refuse."

After finishing speaking, no matter how Zeus lobbied in the back, he waved his hand and left directly...

Return to the hotel where you stayed.

Selena took a shower and lay on the bed. She was exhausted, but she didn't feel sleepy at all. Her mind was filled with the sound of gunshots and the smell of blood. She even had a sense of fear that she had never left that kind of life...

Selena rubbed her hair, got up, and checked the time on her phone. It should be daytime in China.

So I clicked on WeChat, found Lu Baicai, and sent a text message – Master Boss, I got the endorsement of noble perfume!

After sending, I was about to put down my phone when there was a buzzing sound, and there was an instant reply from the other end: Congratulations

Looking at those two words, Selena instantly felt that she had returned to the human world.

Soon another message came from the other end: Did you not sleep, or did you get up early?

Selena naturally didn't dare to say that she didn't sleep all night, so she replied: Get up early, I'll go to the advertising studio to discuss the details with the director...

When are you coming back?

Selena reported seriously: If it goes well, the filming can be finished in two days. After the filming is finished, I will go shopping and buy something, so I will come back in about three days. Sister Zhizhi's company has something to do, so I will leave the day after tomorrow.

Okay, got it, come on.

After texting with Daniel for a while, Selena finally felt a little sleepy, so she took the time to sleep for a while before starting work...

## Chapter 479

A five-star hotel in Los Angeles.

Li Leling was furious early in the morning, "I don't care, you are my manager, you have to help me find a way, otherwise you will let me go back to China in such a disgrace? I have already told Susie that I got this role!"

The agent looked helpless, "Le Ling, since the results came out, I have already used all my connections to help you find a solution, but you must know that Cook is not only the director of this commercial, but also hired For Noble's art director, the spokesperson is completely up to him, and it's useless to find any relationship!"

"Why don't you just go to Cook? No matter how much he wants!"

The manager hastily persuaded, "Le Ling, don't be impulsive, do you think I didn't think of it? The environment abroad is different from that in China, and those foreigners don't accept this at all, especially Cook, who claims to be an artist. It's his life. I sniffed his assistant, Cook is now completely fascinated by that Selena, and even regards her as his muse! I want him to change his mind...unless..."

"Unless what?" Li Leling asked hastily.

"Unless you have a way to impress him more than Selena."

The manager told the truth, but it hit Li Leling's back all of a sudden, and Li Leling exploded on the spot, "If I had a way, what would I want you to do! You trash! You're so stupid! You can't do this little thing well! You deserve it forever Being suppressed by Ling Zhizhi!"

The manager's face turned pale from being scolded, thinking that I was being suppressed by Lin Zhizhi, and it was because you were not strong enough, so much money was spent on you, so many good resources were given to you, but in the end, you couldn't even get a slight reward ?

At this time, the doorbell rang suddenly.

The agent walked over, opened the door, and looked at the people outside, a little surprised, "Miss Ning? Why are you here?"

"What? Susie is here?" Li Leling hurriedly got up and walked to the door, only to see the dusty Susie standing at the door, and said in surprise, "Susie, why are you here? Come in quickly! "

Susie sat down on the sofa, looked at Li Leling, and said straight to the point, "I've already heard about noble's endorsement."

Li Leling's face froze, "Susie, I'm sorry, you gave me such a good opportunity, but I messed it up..."

Susie pulled her to sit next to him, and comforted her with a considerate face, "Le Ling, don't blame yourself, how can you be blamed for this kind of thing! You don't even want to!"

Li Leling looked at Susie, his eyes lit up suddenly, and he suggested excitedly, "Susie, why don't you go to Director Cook? You gave up signing up because of me, but things are already like this now, so there's nothing you can do." That Selena is cheap! With your strength, you can definitely defeat her!"

Susie's face froze when she heard the words, "It's useless to fight for strength alone. This Selena is the most used to tricks. We are raised in a boudoir daughter's house like this. How can we play with her? It's all my fault, I didn't ask in advance. Selena also got an audition spot, otherwise, I should have reminded you to be careful!"

In fact, Susie didn't even make it to the primary election, and just deliberately told Li Leling that she didn't sign up to save face, so that she could sell her a favor by the way, killing two birds with one stone.

Therefore, if she was eliminated in the first round, if she went to Cook, she would definitely be exposed immediately.

## Chapter 480

Li Leling didn't notice Susie's strangeness at all, and complained bitterly when she heard the words, "I knew she must have used some dirty tricks, but I thought I really lost to her! Susie, what do you say?" What should I do now... How dare I go back to China!"

Susie thought for a moment, and then said, "Noble has announced the candidate in public, and it is impossible to reverse it now, but we can minimize the impact of this matter as much as possible.

The audition happened in a foreign country, and only a few people knew about it. Later, as long as we got in touch with each other, they wouldn't gossip about it. After all, we were not the only ones who lost face this time. None of them was better than Selena. Great, the results were not all compared by Selena! "

Li Leling's expression softened when he heard the words, "It's true..."

"So, don't worry, you and them are on the same front. It just so happens that History has just opened a flagship store in Los Angeles. Tomorrow, I will take you to invite them to go shopping and give them a few advanced customizations to exchange feelings. Give me a hint, and everyone will understand!"

The agent at the side couldn't help but said, "That's a good idea. History has been very popular in the industry recently. Many actresses are proud to wear a dress designed by History's chief designer Dai Wei himself!"

Li Leling held Susie's arm, with an intimate gesture, "Of course, Susie has a good eye, so she picked out that designer with a single glance, created a clothing brand for him, and finally became a hit!"

"I was just lucky." Susie said modestly.

...

Selena's third day in Los Angeles.

The filming of the noble commercial film ended successfully, and she will return to China tomorrow.

The endorsement Fei Selena got 3 million, ten times more than the previous one.

The feeling of getting rich overnight is really cool!

Finally, I can buy and buy to my heart's content.

Selena's previous favorite unknown clothing brand "Neon Clothes" was acquired some time ago, and now it is renamed History. It is said that it has developed very well, and it is very popular in the circle of entertainment and high-class ladies. .

This kind of feeling that everyone only knew about this treasure suddenly became known to everyone. It was inevitable that he felt a little disappointed, but of course he was more happy.

The development of this brand is getting better and better in the future, and it will naturally create more classic works.

It just so happens that Histor recently opened a branch in Los Angeles, and there are many styles that are not available in China. Selena is going to go shopping.

As soon as she entered the store, Selena felt her eyes light up.

Sure enough, there were many styles that she hadn't seen in China, and almost every one gave her the desire to buy.

The only thing she regrets is that the price of clothes has also risen. Buying a piece of clothes of this brand now costs at least ten times more than before.

"Miss, do you like anything? You can try it! The effect of the clothes will not be seen until you put them on!" the shopping guide greeted politely.

"Well, let me take a look first, they are all pretty good-looking, a bit tricky!"

The shopping guide asked with a light smile, "Miss, are you from Huaguo?"

"yes."

"Although our brand is also very popular abroad, in fact, the clothes designed by Hua people are more attractive to wear by Hua people. Miss, you have a good foundation and a very old-fashioned temperament. Our clothes should be quite suitable for you!"

"I have always been a loyal fan of this brand, and I have already fanned it when it is not in history!"

...
