### Chapter 51

"Have you found out who it is?" Daniel said with a look of shooting if he found out.

Saul knocked on the table, "This is the main point I want to tell you. With my intelligence network, I didn't find out who those two people are. It seems that I can only find out when they make another move."

The big devil's eyes can kill people now, how can he wait until they strike again?

Daniel immediately made a call, his tone was as cold as the wind blowing from the glacier, "Cheng Feng, help me check two people."

Saul was amazed, "Wow, even Jin Yiwei has been dispatched!"

His brother's intelligence network is naturally not comparable to his gossip network, even a little clue can dig out your old background.

"Brother, I told you a long time ago that Selena's past was not simple, do you believe it now? I think you should ask Cheng Feng to investigate Selena as well!" Saul suggested earnestly.

"It's not necessary." Everyone has a past that she doesn't want to show others, and he won't move the part that she doesn't want others to touch. If she wanted to tell him, she would tell him.

At six o'clock in the afternoon, the filming finally ended.

Today's main roles are all male lead and female lead, Selena doesn't have many cameras, but she still has to appear on set as a set, making a full day's vase.

Making vases is also very tiring. With such an outfit on her back, her neck is about to break, and her body is covered with prickly heat.

After changing her clothes and removing her makeup, she put on a mask and was about to take the subway.

She is not popular now, no one knows her, it is very convenient to take the subway, and there will be no traffic jams.

As she was walking towards the station, a black Maserati stopped beside her.

The car window was lowered, Roman looked at her with a smile, "Selena, let me see you off!"

Selena: "..."

Ex-boyfriend...

Why is it an ex-boyfriend again...

Can you let her rest for a while?

"No need." Selena walked straight forward, not wanting to face this face that made her sick.

Roman followed her slowly, refusing to leave, "Selena, can we talk?"

Selena sneered, "What can I talk to you about? Do you think I haven't had enough scandals today? Want to be photographed and give them a bigger one?"

Roman frowned, a little unaccustomed to the sneering attitude of the little girl who was always obedient to him, "Selena, that's not what I mean, I really have something important to ask you!"

If you continue to entangle with him on the road like this, I'm afraid you will really be photographed.

This car is so conspicuous.

Selena looked around to make sure no one was there, and quickly opened the door and got into the car.

Half an hour later, a box in a hotel.

Roman called the waiter and ordered a bunch of dishes, most of which she liked, "Selena, it's been a long time, and I don't know if your taste has changed. How are you doing abroad these years? I'll call you I paid the money, but you refunded it all, and finally even changed the account number..."

"I have something to talk about." Selena supported her head and buried herself in sending a text message to Rick, informing him that she would be going back later.

Roman had no choice but to push a check to her.

Selena glanced at the 8 million checks from the corner of her eye, narrowing her eyes slightly, "What do you mean?"

Roman looked sternly, "Selena, don't do things that you regret."

Selena put down her phone and looked at him with a half-smile, "Oh? Tell me, what did I do?"

"Then tell me, how did you come to be this character?" Roman suddenly raised his tone.
