

# Cruel Heart Lover Novel

## Chapter 52

"How do you think I got here?" Selena leaned back on the chair with her arms folded and asked nonchalantly.

Roman seemed to be unable to bear it anymore, and slapped the table hard, "Selena! You know better than me what a girl like you will encounter in a place like the entertainment industry! Why do you insist on getting involved in the muddy waters of the entertainment industry!"

"Heh, a girl like me..." Selena chuckled, "I don't know what kind of identity Young Master Su used to say this to me today?"

If she was back then, she would probably be hysterical when she heard these words now.

Back then, Roman kept saying that he didn't want his future wife to enter the entertainment industry, but when it was Susie's turn, she fully supported her, and even now she is still here to dictate her life.

"Selena, even though we broke up, I have always regarded you as my younger sister. I just want to help you. Can you stop being so stubborn? Take the money, terminate the contract with Empire, and leave the entertainment industry!" Roman earnestly said persuasion.

"Heh, help me?" Selena's lazy eyes suddenly became icy cold, "Speaking of which, I do need Master Su's help! I hope Master Su can help me tell the truth to the Ning family. Testify that Susie bribed me with two men, can you help me with this?"

"Selena, I..." Roman's face turned pale, "If I do this, Susie will be finished... and Susie was at most an attempt back then, you entered the wrong room, and the person who had sex with you later was someone else... .."

Even though it was the expected answer, Selena's heart still throbbed, and she said mockingly, "So you mean, you didn't do anything wrong back then? It was my fault for being drunk, drugged, and pregnant. It's also my fault that Ueno gave birth to a stillborn baby!"

Roman frowned, "Selena, that's not what I meant! Susie and I have already apologized to you for this matter, and we have been trying our best to make up for you for so many years, why can't you let it go?"

Selena took her bag and stood up, "Oh, let me relax? Wait until your Susie gets caught and is pregnant with his ba5tard, but you can shake hands with the other party and cuckold cheerfully, then ask me again! "

Roman's expression suddenly changed, "Selena! How could you say such a thing!"

"Yo, I'm just saying that you are so distressed. You don't know the pain if it doesn't happen to you, do you? You expect me to forgive you? I'm not such a virgin!" Selena finished her sentence and strode away.

How unlucky!

She shouldn't have talked to Roman, she was so disgusted that she couldn't eat dinner tonight.

Hurry home and hug the little bun to heal.

As soon as Selena walked to the gate of Lu's house, she saw a white, soft and cute little bun running towards her.

It seemed that he had been lying at the window waiting for her early in the morning.

Sure enough, Selena was healed in an instant, and gave Rick a super big one as usual.

"Baby, have you eaten yet? I sent a text message so that you don't have to wait for me to eat obediently. Are you obedient?"

Rick nodded.

“So good!” Selena kissed the little bun again as a reward.

“Play by yourself first, Auntie, go up and change clothes and take a shower!”

Rick nodded.

The two walked towards the door hand in hand.

At the window on the second floor, looking at the scene under the window, Daniel’s face was rather melancholy. He never knew that he was such a jealous person.

He even started to envy his son.

As soon as Selena came back, she kissed her son twice.

And he could only watch from afar.

After returning to her room, the first thing Selena did was to take off her bra!

In the summer, bringing this thing is simply torture, okay?

He stretched out his hand to unbutton the back and was pulling the bra out. Halfway through, there was a creak, and the door behind him was pushed open.

“Ning...” Daniel was stunned as soon as he uttered a word, his hand still kept the posture of pushing the door, and he looked at the situation inside the room in astonishment.
