

Cruel Heart Lover Novel

Chapter 601

This... This means that you have changed your mind and are not going out?

Mama Xi's eyes turned red, and she couldn't bear it anymore, she hugged her son and burst into tears, "Qingqing, you scared mom to death!"

Xi's father also looked rejoiced, "Selena, thank you! Thank you!"

If it wasn't for Selena, he would almost have all his wife and son become monks!

"Girl Xi! How did you persuade Shiqing?" Elder Xi was also full of excitement.

"Yes, Selena, Auntie really doesn't know how to thank you!"

Naturally, it was impossible for Selena to directly tell them how she persuaded them, so she hastily waved her hands and said, "Well, uncles and aunts, Grandpa Xi, I actually didn't do anything. When I went, Mr. Xi was already persuaded by you, I It's just picking up a ready-made credit!"

"You child, you are too modest!" Mama Xi looked at the girl in front of her, her eyes were bright and her teeth were clear and clean, and her clothes were simple and elegant. The more she looked at her, the more she liked her.

Moreover, no one could persuade her son, and the girl was moved as soon as she left, and she was even more sure that her son's thoughts on this girl must be extraordinary.

If the young couple can be brought together, then there is no need to worry about their son becoming a monk again.

"Selena, let's have dinner at home tonight! Anyway, thank you very much this time!"

Mr. Xi also nodded repeatedly, "This is for sure!"

Mr. Ning at the side saw the attitude of the Xi family, of course he knew what they were thinking, and he was naturally optimistic.

Meanwhile, in the black vehicle outside the temple.

"Brother, I'm back! Don't worry, my sister-in-law's power and arrogance have been dealt with! And she's back!" Saul deliberately reported to his brother in a relaxed tone.

However, who was Daniel? His eyes, which were as deep as a deep pool, flicked over, and Saul shuddered inexplicably, "What's wrong, brother?"

It was really hard not to stutter.

Daniel narrowed his eyes slightly, his gaze seemed to be able to penetrate the soul, and said quietly, "Back up completely?"

"Uh, yes! What's wrong?" Saul had an innocent expression on his face.

"Tell the truth." Daniel's atmosphere suddenly sank.

Saul blinked his peachy eyes, and said sincerely, "Brother, I'm telling the truth! My sister-in-law didn't agree to Xi Shiqing's excessive demands at all, and she didn't tell the truth about last night! Didn't she just get away completely!"

Hehehe, how could he die to tell the truth.

Selena's method may look clever and handsome to outsiders, but to Daniel, it is definitely the Nine Heavens Thunder that can destroy a city!

The most miserable thing is that he didn't stop it in time because he was stunned! Just one is enough to die a hundred times!

"Don't make me say it a second time." The moment Daniel's voice fell, the moment the surrounding area was like a tornado descending, the air pressure suddenly dropped to the extreme.

Originally, he didn't want to delve into it, but he knew Saul too well. The calmer he was, the more troubled he was. Moreover, the matter was not small.

Saul had seen Daniel in such a state many years ago. It was when Daniel was rectifying the family and interrogating the mole, his aura was so frightening that the mole lost control on the spot!

Saul shook his heart and said "fcuk" in his heart, Dmn, I'm your own brother, you used the method of forcing a prisoner to deal with me! What about human nature!

Chapter 602

Forget it, since his sister-in-law appeared, he hasn't had this thing.

Just as Saul was complaining silently, Daniel's coercion was overwhelming.

And, miraculously, it only targeted Saul, avoiding Rick who was immersed in painting.

Facing his brother Wanli's frozen gaze, Saul's scalp tingled and his calf trembled more and more cheerfully... fcuk it! no more! I can't stand it anymore!

"My sister-in-law didn't do anything, she just threw Xi Shiqing down and teased him a bit. Naturally, Xi Shiqing couldn't hold it back, her face was blushing and bleeding, and then my sister-in-law took the opportunity to say

that he was unclean and defiled. Buddhism is not worthy of becoming a monk..." Saul spoke quickly and frankly and leniently.

If Lu Mowang really knew magic, the window glass of the car would be shattered by now, and there would be no grass growing in a hundred miles.

Saul was so frightened that his heart almost stopped, he silently hugged Rick who was the only one outside the circle of the storm to seek shelter.

Rick was concentrating on drawing just now, and didn't hear what Saul said. Seeing his second uncle suddenly hugging him, his little face wrinkled, and he buried his head and wrote a line on the writing board: Auntie Xiaoxi's exclusive

It means... this baby is exclusive to Aunt Selena, you are not allowed to hug it casually.

Saul stared at the line of words, speechless and weeping for a thousand lines...

Ow! Why is the whole world hurting me!

On Selena's side, because Daniel and the others were still waiting, she politely declined the invitation to dinner at Xi's house, but because the hospitality was hard to turn down, she promised to go there next time if she had time.

"I'm back! It's all done! Let's go!"

As soon as Selena opened the car door, Saul, who was threatened by his own brother and disliked by Rick, immediately rushed forward, screaming, "Sister-in-law, they bullied me!"

"Hehe, sister-in-law...? It seems that if you don't beat you up, you will never have a long memory!" Selena moved her knuckles eerily.

Saul was shocked immediately, his face was full of despair, "In this ruthless world, I'll just go to become a monk..."

Selena ignored him, and took out the flower that Master Xuanjing had drawn for her before and looked at it.

Saul was immediately attracted by the thing in Selena's hand, and said with a vigilant face, "Sister-in-law... Karen, what is this? A flower! Could it be that Tang Shiqing gave it to you?"

"What nonsense are you talking about? These are the words approved by Master Xuanjing!"

"Huh? It's clearly a flower!" Saul said that his eyes were very good.

Selena looked at the flower over and over several times but didn't see anything and asked, "Hey, a master is a master, I don't know what that means at all!"

After speaking, his eyes lit up, and he hurriedly poked his head to the front of the driver's seat, "Master Boss, you are so knowledgeable and knowledgeable, you must know, can you help me see?"

The girl's head popped up to his ear, and the warm breath lingered within close proximity. The chill around Daniel subsided slightly. He took a look at the paper Selena handed over, and after a long while, frowned slightly, "Why did the abbot approve the writing for you?"

Selena scratched her head and said, "I just asked casually, saying that I've been feeling restless recently, can I ask him to give me some hints, and then he drew me a flower without saying anything, uh, you can't just praise me for being beautiful, can you?"

It was indeed too difficult to guess the meaning of this flower, and Daniel couldn't think of what it meant for a while.

Chapter 603

At this time, Saul poked his head over and said with a strange expression, "Is this hard to understand? Master Xuanjing's meaning is so obvious!"

"Obviously? What's so obvious?" Selena was a little speechless, as expected, Saul's brain circuit was different from that of normal people.

Saul blinked, "Look for yourselves, the question you asked is probably about good or bad luck, but Master Xuanjing painted a peach blossom, so it's obvious to remind you that you have a peach blossom disaster recently, isn't it?" !"

Selena: "Peach... flower... calamity..."

Daniel: "..."

Saul looked innocent, "What did I say wrong?"

Selena's face darkened slightly, "What you said... makes sense!"

She couldn't refute it!

And, the more I think about it, the more I feel that it makes sense, she really has signs of a peach blossom disaster recently!

Not only Selena, but even Daniel felt that it made sense this time.

Selena scratched her hair bitterly, "I'll go! No way! Then what should I do? The master didn't tell me how to crack it! Should I go back and ask?"

"Do you still need to ask the master? You can just ask me! Of course, the solution is to find someone to marry, so there will be no peach blossoms!" Saul had a natural expression, and stared at his brother's cold face. With a side

face, he said meaningfully, "This is the legendary me who blooms and kills a hundred flowers!"

Selena's complexion became even worse, "Marriage... Dmn, isn't that unsolvable? Ah bah, Saul, I'm actually listening to your nonsense! Who said it must be a peach blossom disaster!"

"This is clearly a painting of peach blossoms, what is it if it's not a peach blossom robbery?"

Selena glared at him angrily, "Can't it be luck?"

"Hehe..." Saul muttered with a dry smile, "If it's your luck, then it's my brother's catastrophe! Or life and death!"

At this time, there was a "ding dong", and Selena's phone rang, indicating that there was an update.

Selena was still thinking about what the flower meant, so she picked up her phone and glanced at it absently, but after one glance...

Soul flies away!

"Uh, little Xixi, what's wrong with you? What did you see? You're so scared?" Saul asked weakly.

At this moment Selena's face was really scary, her little face was pale and pale, as if she had seen a ghost.

Daniel also frowned and looked over.

Selena supported her dizzy forehead due to too much stimulation, she almost wanted to bump Saul to death.

This crow mouth! I'm afraid my mother is really a peach blossom robbery!

After a while, Selena managed to regain her composure, turned to Daniel and said, "Master Boss, I have something urgent to deal with. I might not be able to come back tonight. Can you take Rick with you tonight?"

"When will you be back?" Daniel asked.

Selena was slightly taken aback, "I...not sure, tomorrow morning if it's soon, maybe the day after tomorrow if it's late, anyway, I'll call you as soon as the matter is over!"

After finishing speaking, he hugged Rick in his arms and hugged him tightly, "Baby, Auntie has something to leave, please listen to Papa's words obediently!"

Daniel looked at the girl, and a cold glint flashed in his eyes, "I'll see you off."

"Uh, no, no! I'll go by myself!" Selena obviously didn't want to say more, and got out of the car in a hurry, with a look of panic that she had never seen before.

Daniel looked at the back of Selena who hurriedly took a taxi and left, his eyes became more and more serious.

Chapter 604

"What did that text message say? I've never seen my sister-in-law so scared! Could it be some danger?" Saul sighed, "It's a pity I didn't take a peek just now!"

As soon as the words fell, the little bun next to him immediately pricked up his ears, and then wrote on the clipboard: Dangerous?

Saul rolled his eyes, "Rick, did you see what was written in the text message that Aunt Selena received just now? If you know, you must tell Dad and Uncle, because it is really important! I'm afraid Your Aunt Selena is really in danger!"

Little Treasure looked at Daniel uncertainly.

Daniel nodded.

This time it wasn't Saul talking nonsense, when Selena left just now, his expression was really not right.

Knowing that Aunt Selena might be in danger, Rick immediately put his head down and began to write.

Daniel and Saul looked over nervously.

I saw that Rick quickly restored the content of the text message: See you on the roof tonight. ...big brother

After seeing the content on Rick's writing board, Daniel and Saul's expressions changed at the same time.

"Dmn it! What the hell is the big brother? He even asked him to meet on the roof at night! Nima, it can't really be a peach blossom robbery or something. That's not true, if that's the case, Selena might as well not go! Why? Rushing there in such a hurry?" The more Saul thought about it, the more he felt something was wrong, he was completely clueless.

Just as he was muttering suspiciously when he looked up, he saw his brother's face reflected in the rearview mirror, it was horrifying to the extreme.

It's a thousand times more terrifying than when I just heard that Selena used beauty tricks on Xi Shiqing, it's not at the same level at all!

"Brother...what's wrong? Is something wrong?" Seeing Daniel's expression, Saul was a little apprehensive.

Daniel did not speak but made a phone call.

When Saul saw the number, he was startled.

fcuk, what did his brother contact "Jin Yiwei" for?

Could Selena be in any danger?

It seems that there is only one possibility, the identity of that senior brother is not simple!

Could it be... Could it be related to the person they have been investigating recently?

Afterwards, Daniel made a second call, and the butler soon rushed over to pick up Rick.

As soon as Rick was caught by the rhythm, Daniel immediately kicked the accelerator, and the car drove away as fast as an arrow from Li Xuan.

Sitting in the back, Saul almost vomited, "Ugh...brother, your brother, your real brother is still in the car..."

At that time, Selena had already rushed back to Pearl River Royal View as quickly as possible.

After arriving, I didn't even go back home. I took the elevator directly to the top floor, then climbed up the ladder, pushed open the dusty skylight, and went to the top of the building.

Kevin's text message only gave a vague time. Tonight, I don't know what time it is.

To be on the safe side, Selena rushed over early, then sat down on the ground and began to rack her brains. The more she thought about it, the more disturbed she became.

Eldest brother actually came to find her...

The senior brother who sits in the organization and rarely leaves actually came to the country to find her in person...

This alone was enough to make Selena terrified.

What did the elder brother do when he came to China last time?

By the way, it seems to be here to perform an S-level mission!

So what about this time?

Why did he come all the way here?

Selena waited for this from the setting sun until the lights came up.

It was quiet on the balcony, and there was no movement at all.

Selena almost suspected that this was a prank!

It's a pity, if this text message was sent by the second senior brother, it might be a prank, but senior brother, it's impossible!

He really will come.

Chapter 605

At the same time, Selena was downstairs in a corner with a wide view.

A black Maybach parked quietly, not far away, a small armed force was hidden, waiting to be dispatched at any time.

As the night gradually fell, the air seemed to freeze, and everyone's heart was tense.

In the dark, Cheng Feng's cell phone rang suddenly. He was carrying out an important task, and he didn't want to answer it at first, but after seeing the caller, he finally picked it up.

"Hello, what's the matter?"

"Brother Feng, why didn't you call me when you have a mission?" The person who spoke was Shi Xiao.

Immediately afterwards, Xiong Zhi's voice came from the other end of the phone: "There is still me and me!"

Obviously the two are together at the moment.

Cheng Feng frowned, "This mission is related to Miss Ning, are you sure you want to participate?"

There was a long silence on the phone.

"Think." After a while, Shi Xiao and Xiong Zhi said in unison.

Cheng Feng raised his eyebrows slightly, "It's good that you can figure it out, but it's a pity that considering your performance last time, it's impossible for the boss to let you participate in this kind of mission again."

"Then...then what should I do?" Shi Xiao's tone was tense.

Nima, protect the proprietress! Is there a more important task than this?

As a result, they were excluded.

What's the difference between this and being thrown into limbo?

Cheng Feng sighed when he heard the words, he knew from the beginning that this kid would regret it one day, isn't this...

"Brother Feng, please intercede with the boss for us!" Xiong Zhi said.

Cheng Feng looked helpless and said, "I don't have that ability, but I can show you a clear way. If you want to ask someone to intercede...then go to Miss Ning for help!"

Shi Xiao hesitated when he heard the words, "Is that possible? She can't help us, right? Xiong Zhi is fine, especially me..."

Last time he offended the proprietress...

"Miss Ning is actually a nice person with a soft heart. Tell her well and she will agree. I have something to do here, so I can't say more, so let it be!" hang up the phone.

He didn't want to follow in the footsteps of Shi Xiao and Xiong Zhi.

I don't know what happened tonight to make Mr. Boss so nervous...

At this moment, in Daniel's car.

The status of the top floor is displayed in real time on the screen in the middle.

Because it's an infrared surveillance system, it's capable of night vision. Except for the slightly dim light, you can see that Selena is lying on the balcony with a tense expression, her long hair fluttering in the night wind, and her expression is unprecedentedly fierce. , For a while, it gave people a strange feeling.

Another two hours passed, and it was half an hour before twelve o'clock in the morning.

The content on the text message was "tonight", so the person they were waiting for should be coming soon, right?

If the other party really comes...

On the roof, Selena waited so long that she almost scolded her.

Nima! This is simply killing people! Can't you say a specific time point?

Don't you know how unmannered it is to make girls wait?

Uh, well, she's never been considered a woman to these guys...

The worst thing was that although the senior brother could contact her, she couldn't contact him, and she couldn't even ask him.

The elder brother's number is even more mysterious than a certain beast, it can only be contacted in one direction forever, he can't make calls, and he can't receive text messages.

Chapter 606

Time passed minute by minute, and Selena didn't know how many times she was checking the time.

Looking down, at 23:59:53...

fcuk! Could it be that he was released as a pigeon?

There are only 7 seconds left until tomorrow, even if he runs all the way up now, it will definitely be too late!

Eldest brother is clearly the most punctual person, right?

tick tock...

Seven, six, five, four, three, two...

Just when the second was about to jump to 00:00, there was a sudden rumbling sound overhead, and at the same time there was a whirlwind of dust.

Selena's first reaction was: Nima! fcuk! My old lady is wearing a skirt today!

While Selena stretched out her hand to cover the skirt that was flapping wildly with the strong wind, she squinted her eyes and raised her head to look at the sky above her head.

I saw a helicopter suddenly descending from the sky, and then landed directly on the opposite side about ten steps away from her.

Selena: "..."

Hehehe, as expected of a big brother... so fcuking punctual!

downstairs.

Inside the black Maybach, Saul's eyes widened, "Dmn! I've been staring downstairs, but it came directly from the sky!"

Daniel calmly picked up the walkie-talkie and gave an order to get everyone around to get ready.

on the roof.

The helicopter's wings spun for a while and finally stopped gradually. The air became silent again, and the dust settled. Selena also let go of her hand pressing her skirt.

There was a headlight on the helicopter opposite, and it was so dazzling that she could hardly keep her eyes open. She could only vaguely see a figure who was struggling to get off the helicopter against the light, and then walked towards her step by step...

Although it was only ten steps away, every step felt like crushing on her heart, making her tremble with fear.

She couldn't guess the big brother's intention at all, it was because she didn't know that she was afraid.

She just needs to know one thing, as long as Kevin takes action himself, it definitely represents an extremely serious and difficult situation!

Selena's eyes became more and more fierce, and she tried her best to prepare for everything, and even prepared for the worst.

When she left the organization, she actually sneaked away, and what happened to her leaving the organization without authorization...

Finally, the man was only five steps away from him.

Because of the closeness, Selena finally saw the man's face clearly. The man's face was wearing the iconic pair of gold-rimmed glasses, and he looked refined and refined. If he is a scholar with no power to restrain himself, then the price will definitely be heavy.

Selena's calf trembled with fright just by looking at those glasses.

It's really over this time... Senior brother, he didn't come to clean up the house, did he?

She has been busy with filming this year, so she hasn't practiced her skills well at all. Last time, she only passed a hundred moves under Third Senior Sister Feng Xiaoxiao's hands.

Uh, that's not right, her skill is the worst in the master's school, even if she practices it, she can't compare to a finger of the elder brother.

The difference in force value is too much...

Five steps, four steps, three steps...

Selena was already thinking about whether to run away immediately or kneel down and beg for mercy, which is more likely to survive!

Finally, the moment she hesitated, Kevin had already stood in front of her, she lost the chance to escape, and the only way left was to kneel down and beg for mercy.

On the opposite side, Kevin's lenses reflected a white light under the light, "Little Junior Sister, long time no see."

Chapter 607

It's been a long time, the clear and pleasant voice like pearls falling on a jade plate.

Selena seemed to hear the sound of hell.

In the end, Selena took a deep breath and chose to face it. Unable to calm down, she armed herself with acting skills and put on a calm expression, "It's been a long time, I don't know why the big brother came here in person. thing?"

On the opposite side, Kevin heard Selena's question and thought of something, his face was obviously gloomy.

Sensing the subtle expression changes on Kevin's face, Selena was already more sure of her guess.

After a brief silence, Kevin said four words one by one: "S-level mission."

Selena's face paled instantly.

no surprise...

I'm afraid she will really lose her life today...

If it was a year ago, life and death really didn't matter to her, even if a beautiful woman flew around the waves one moment, and let her die the next moment, she would have no regrets.

But now, she has a dream, a career, friends, Rick, and... Daniel...

She doesn't want to die.

Especially when she thought of Rick who was obediently waiting for her to come home, a strong desire to survive rose in her heart.

"Eldest brother, you really want to kill everyone in the same school?" Selena tried to move people with affection.

Kevin raised his brows undetectably when he heard this, but soon returned to silence. He didn't speak, but raised his hand.

Selena's whole body tensed up, and after Kevin raised his hand, two people got off the helicopter one after another behind him.

Selena's frown became tighter and tighter, what's the matter?

Could a certain beast overestimate her? It's just a piece of trash to deal with her, not to mention sending a senior brother to help, but actually sending a helper to the senior brother?

Selena's forehead was dripping with cold sweat. She already knew that it was useless to talk about her past relationship with Kevin, but in the next second, she was already thinking about it.

Even at this distance, the possibility of failure is extremely high, but at least one has to try.

While Kevin turned his head to look at the two people behind him, Selena moved quickly, and rushed towards the exit like lightning.

However, just three steps away, her waist suddenly tightened, and a rope strangled her waist with a whoosh, and then with a force, she was pulled back by the same way, and her body was under the force of the rope. After turning around a few times quickly, he was tightly tied up.

Senior Brother's method of kidnapping people is really getting more and more proficient!

At the same time, downstairs, Daniel was staring at the surveillance screen, looking at Selena who was being bound, his finger was already on the switch of the communicator, and he was about to order to do it in the next second.

Saul beside him also had a cold expression on his face, this man! The visitor is not good!

Although wearing glasses, he looks polite, but he is definitely not a good person!

And Selena stared at the end of the rope in Kevin's hand, laughing at herself, "Oh, senior brother, you think highly of me, don't you? Dealing with me is just a piece of sgum, and you actually assigned an S-level mission and asked you to do it yourself Isn't it a waste of resources to go out?"

Kevin still ignored her, but looked at her with more ambiguous eyes, which made people feel scared.

The two people beside him were holding a large rectangular box in one hand, and a small square palm-sized box in the other.

Kevin straightened his cuffs, then opened the two boxes one by one, as if to check them.

Chapter 608

Because the light behind them was too strong, Selena couldn't see clearly what was in those two boxes. In short, her mind was full of bloody guesses like knives, guns, sticks, poison, and white silk.

Finally, after Kevin checked for a while, he first picked up the small box, then took something out of the big box with both hands, and finally walked towards her.

Although Selena's skills were not good, her ability to escape was quite high. When Kevin walked towards him, her hands behind her back were already quickly untying the rope.

Seeing that it was almost there, Selena was suddenly stunned.

Because, she suddenly saw clearly that what Kevin was holding in his arms was not a sword, a spear, or a stick and ax...

It turned out to be a large bouquet of fiery red roses...

Those roses are so delicate and beautiful that they are dripping with dew, as if they have just been plucked from the branches.

Selena blinked, and then blinked again, thinking that she was dazzled by the bright light.

Could this be the newest weapon of Big Brother?

The master once said that you don't need a weapon to practice to the highest level, even a willow branch, a leaf, or a flower petal can kill people invisible.

I haven't seen you for a year, but the master's skill has reached this level? This is too scary!

"Big...big...big brother... When have you practiced martial arts to the point where you can fly away?" At this moment, Selena's heart was filled with despair, and she completely gave up the idea of resistance.

In front of the absolute strong, all skills are just clouds.

At this moment, all she has left is to wait to die.

Finally, Kevin moved.

He slowly bent down and lowered his body.

Then, get down on one knee.

Looking at Kevin who suddenly half-kneeled in front of her, especially with a bouquet of red roses in his arms, this scene seemed weird no matter how you looked at it.

Selena's face was full of question marks, "Eldest brother...is this a...new move you've realized? It's...very strange! Eldest brother, calm down, let's discuss it? What do you want? How can I spare my life? The master, the second brother and the third sister love me so much, if they know that you killed me, they will definitely not let you go..."

Selena was already a little incoherent.

Kevin raised his eyes and glanced at her, and opened the small box with his slender fingers amidst her chatter.

Suddenly, a huge diamond ring appeared in the box. Under the reflection of the light, her eyes were almost blinded.

Selena closed her eyes, "Mist! What kind of new weapon is this?"

Kevin: "Marry me."

Selena: "..."

At this second, it seems that even the air has stopped flowing.

Selena's inner world was shaken and shattered due to the devastating impact...

Her three views are about to be shattered...

Of course, she's not alone.

Downstairs, Daniel had already pressed the button on the communicator, but in the next second, he suddenly saw the man on the screen kneeling in front of Selena, and he could clearly see that he said three words: marry me.

Daniel: "..."

Saul: "..."

Saul couldn't calm down for a long time, and his expression was dull: "Since I met my sister-in-law, I feel that my world view is being refreshed and reshaped every day... so exciting..."

"Boss, please instruct! Boss! Boss?" The subordinate's nervous voice came from the communicator.

However, the boss at the other end didn't know what happened, and he didn't respond for a long time...

Chapter 609

Selena looked at Kevin who was kneeling in front of her in a bewildered face, "Elder brother...have you become obsessed with practicing kung fu?"

Although every hair and every cell in her body is unbelievable.

However, the fact is before her eyes: the eldest brother is proposing to her.

To her, this is even scarier than the elder brother trying to kill her!

Kevin, however, acted as if he hadn't seen Selena's terrified expression at all, and his face was still expressionless.

After saying those three words that scare people to death, he took out another piece of pink paper from his arms, and in his clear voice, he read without emotion or fluctuation...

"I want you to take my heart and everything I have. I just ask you to leave me a pair of eyes so that I can see you. There is nothing in me that you have not conquered. You have taken it away." I will take its death with me. If I need to lose anything, I hope you will take me away, and I only ask you to leave me a pair of eyes so that I can see you..."

Selena: "...???"

Something seems wrong!

This familiar melody, this familiar style... Is it because the one who is close to ink is black? The big brother's style seems to have been misled by someone?

A faint thought flashed through Selena's mind, but she didn't catch it for a while, "Eldest senior brother, may I ask, are you... proposing to me?"

Kevin: "Yes."

Selena: "..."

Then Kevin added, "Instead of satan."

Selena: "...!!!"

say! She, just, knew, said!

Selena took a deep breath, gritted her teeth word by word, and said, "Don't tell me that the so-called S-level mission you mentioned is to help that guy come here and propose to me?"

Kevin: "Yes."

Selena: Dmn it! Where is my wife's knife! My mother's Qinglong Yanyue knife! I'm going to hack him to death!

Kevin: "Your answer."

She was almost frightened to death, yet dare to ask her for an answer?

Selena couldn't bear it anymore and said, "Eldest brother, are you sure you are proposing marriage and not inhumanely torturing me? Also, who the hell told you that the proposal can be replaced by someone else?"

"Your answer." Kevin still used these four words, like a robot that completed tasks step by step.

"I, refusal, refusal!" At the same time as the voice fell, Selena's hands slammed hard, and finally broke free from the rope.

"Reason." Kevin asked.

Selena held back the whole night, and finally broke out at this moment, "Dmn, you made me wait the whole night, scared me out of my wits, and even tied me up... Propose? Brother, I have never seen such a unique marriage proposal in my life. You still ask me why?"

After Selena finished speaking, she realized that Kevin was holding a pen in his hand. After she finished speaking, he pressed a certain part of the pen.

He even brought a recorder...

The corner of Selena's mouth twitched, she reached out and snatched the recording pen from Kevin's phone, pressed the recording button, and yelled at the pen: "Your EQ is basically bid farewell to your girl, go be a single dog for the rest of your life, ba5tard! "

After shouting, he finally relieved himself a little.

However, as soon as she finished yelling here, she suddenly saw an even more terrifying scene!

Kevin handed the bouquet of flowers and the diamond ring to those two subordinates. Then, he raised his hand and slowly took off the gold-rimmed glasses on his face...

This time Selena was really scared to pee, "Big... What do you want, senior brother... Let's talk if you have something to say... Don't just take off your glasses if you disagree!"

Chapter 610

Everyone who is familiar with Kevin knows that once Kevin takes off his glasses and enters a fighting state, it is like becoming another person.

An extremely dangerous existence! It's not an exaggeration to say it's perverted!

"What's the situation? Are you planning to be tough if you can't be soft? Senior brother, listen to my advice, a twisted melon is not sweet!" Selena hurriedly persuaded.

Kevin is like a walking human-shaped weapon, and after taking off his glasses, Kevin is like a sharp sword with its scabbard unsheathed, showing its sharpness instantly, and the dark eyes are full of bloodthirsty and madness,

even Even his tone of voice changed, "Dear little junior sister, don't be nervous, I haven't seen you for a year, try your skills."

"I don't! I don't want it!" Selena flatly refused, shaking her head like a rattle.

Nima is really a wave of ups and downs! Why did you want to fight with her!

Kevin obviously couldn't tolerate her rejection, and attacked without saying a word.

"fcuk! You are serious!"

This is Kevin! It wasn't Third Senior Sister Feng Xiaoxiao!

It's not bad if she can pass ten moves in his hands, but if she hasn't practiced for a year, she can probably only pass four or five moves...

Selena yelled anxiously while struggling to deal with it, "Brother, calm down! Calm down! What the hell! What's going on! Why are you acting like you haven't fought in eight lifetimes? So hungry! Could it be that second senior brother didn't satisfy you?"

Hearing the words "Second Senior Brother", Kevin's aura suddenly became more manic, and he was like a beast that had been suffocated for hundreds of years and had just been released from its cage.

Selena finally noticed something was wrong, "Eldest brother, what's the matter? Come on! Big brother, stop, stop... I can't do it! I really can't! I can fight you five moves at most!"

As soon as the words fell, Kevin's hand was already strangling her throat. As long as one force was applied, her life would be gone.

At this moment, Kevin's state was really abnormal, almost on the verge of losing control, and the strength in his hand almost didn't stop.

However, at this moment, he was keenly aware of something, and his eyes flickered, and he looked downstairs.

Then he quickly withdrew his hands, and under Selena's still-shocked gaze, slowly put on his glasses.

It's finally safe!

Selena was so tired that she bent over and panted heavily, "Senior brother, what's going on? Is something wrong with Second Senior Brother?"

"Missing." Kevin said three words.

After putting on the glasses, the mania in his eyes receded, and he turned into a poker face without any emotion, but when he said these three words, there was obviously a hint of gloomy emotion.

"What? Missing?" Selena was shocked when she heard this.

Her second senior brother's talent is extremely high, no matter what he learns, he is very fast.

But the elder brother is completely the opposite, he belongs to the type of hard work that can make up for one's weakness, and his training method is a terrifying intensity that ordinary people can't imagine!

Among the same sect, the only one whose strength is comparable to the senior brother is the second senior brother.

Therefore, the big brother, a fighting maniac, always looks for him every time he practices moves, and the second senior brother, who is obviously talented, has always been a fool. If he doesn't study hard, he can still compare with others' hard work. With this extremely hateful physique, every time Kevin fights with him, the world is pale, and the sun and the moon are dimmed!

The relationship between these two people, if one must give a definition, it is probably love and kill each other!

If, just in case... the second senior brother is not here, then the other senior brothers and sisters will suffer and be taken over to fight against each other.

Such as today's situation.
