## Chapter 611

"How could something so good be missing?" Selena frowned slightly.

No wonder the senior brother couldn't wait to find her to fight, even though she was a sgumbag, fighting didn't feel the slightest pleasure.

It turned out that there was no opponent for too long.

"However, with Second Senior Brother's temper, it's normal for him to run around every three days without a trace? Isn't it common to see him for ten days and a half month?" Selena thought for a while and asked.

Back then, in the organization, the second senior brother had the best relationship with her, and he took all the eating, drinking, and fun, as well as those exciting and life-threatening extreme sports.

It would be strange if one day he stopped wandering!

From this point of view, she felt that the old master, the old man, was too prescient. When he adopted the second senior brother, he was named...um...Karl Tang...

"Half a year." Kevin replied, his face looking very bad.

"What!? Missing for half a year? So long?" Selena was taken aback, "Uh...it seems like it's been too long this time...Is there no news at all?"

"No."

Kevin originally wanted to ask Selena if he had any contact with Karl, but seeing her reaction, it was obvious that there was no connection.

"Could something have happened?" Selena muttered, feeling a little worried.

After all, Karl is too arrogant and indebted. His greatest hobby in life is to cause trouble. He has enemies all over the world. If he goes out to take out the garbage, he might meet enemies. If he walks around and meets a dog, he might have been beaten by him. kicked.

"It's best to die outside," Kevin said with a cold face.

Selena sneaked a glance at Kevin when she heard the words, her words had no credibility at all, "The one who hates the second senior brother's death the most is you, senior brother..."

Not long ago, downstairs, inside the black car.

There were no ups and downs on Daniel's face as if all his emotions were frozen in the bottomless depths of his icy eyes.

"Brother...are you alright?" Saul asked a little uneasy.

He seriously thought that it was his brother who should go to the master for fortune-telling to find out the solution...

Daniel's face was shrouded in the white light of the monitor screen in the car, so he couldn't see clearly, "Saul, please move away."

"Why? No, brother, you actually have a little secret with me!" Saul's handsome brows were furrowed, with a baby's unhappy expression on his face.

Daniel glanced at his younger brother beside him, "Good boy."

Saul was successfully comforted by his brother's word, and got out of the car happily. However, the moment he got out of the car, there was an imperceptible look of worry on his face, and he looked back at his brother in the car uneasily...

After Saul left, Daniel took out his phone and dialed a number.

The phone on the other end rang for a long time before it was picked up slowly, "Hello ... Moxi Moxi..."

Daniel: "Do it now."

The other end of the phone was quiet for a long while, and then the person on the other end said in a tone of pain, "Master Boss, even according to our original time, it is already enough, but now you want to do it immediately? I am very sorry for you." It's embarrassing, I've been tormented by you recently to endocrine disorder..."

"Kevin is not here." Daniel said four words.

The other end of the phone was stunned again, and then said in a firm tone, "Kevin can't leave."

Daniel turned on the video call function and pointed the camera at the monitoring screen in the car.

On the screen, it happened to be the scene of Kevin kneeling in front of Selena with a large bouquet of roses...

## Chapter 612

After seeing the scene in the surveillance, the man's tone was like hell, "what-the-fcuk? Kevin is a pervert...has gone mad? No, that's not the point! Dmn, this murderer dared to carry it behind his back. I hooked up with the little girl!"

"Based on the round trip, you have at least six hours."

Daniel reminded her and was about to turn off the video, but the person on the other end hurriedly stopped him, "Wait... um... This girl looks familiar... Why does she look so much like my little junior sister...? Dmn it! It seems that she is really Junior Sister! Little Junior Sister is actually wearing women's clothing!? Boss, please broadcast the high-definition live broadcast!!!"

In the next second, Daniel pinched the video without hesitation...

After hanging up the phone, Daniel continued to stare at the screen.

Because the surveillance was far away, there was no sound, so it was impossible to know what the two were talking about, but, judging from Selena's expression, it seemed that she refused.

Immediately afterwards, the two suddenly exchanged a few tricks, and then stopped talking...

"If he contacts you, tell me immediately." After all, Kevin still spoke.

Tsk, I know that Senior Brother has true love for Second Senior Brother...

"Okay." Selena nodded, then said speechlessly, "But how can I contact you? I can't call or send messages with your number!"

Kevin: "I will give you permission, but you can only send one message per day."

Selena was speechless to him. Contacting him was even more difficult than contacting the emperor.

After finishing speaking, Kevin raised his hand, and the helicopter wings behind him started to rotate again.

In the wind, Selena subconsciously covered her skirt.

Kevin stood opposite, his eyes behind the lens sized her up for a long time, as if he was looking at some magical creature.

Selena felt terrified when he saw him, "Brother, what are you worried about?"

"Little Junior Sister is really a woman?" Kevin looked at her with a tone as if he had encountered some eternal problem.

Selena's complexion turned black immediately, "Senior brother, don't you think that your words are wrong? How can you still be a man even if you are a junior junior sister?"

The girl in front of her had red lips and white teeth. She was wearing a light pink dress and her long hair was raised slightly.

If someone hadn't shown him the photo of the little junior sister's women's clothing before he came, he would never have recognized the girl in front of him as Keren.

Finally, Kevin withdrew his gaze: "Let's go."

After he finished speaking, he just took a step, but he didn't know what to think, and turned around again, "Don't think about it again?"

Probably because I finally remembered that this was an S-level mission, and I seemed to be more dedicated.

Selena thought he was going to say something, but it turned out to be this sentence. She staggered and almost fell, and said very speechlessly, "No thanks, I want to live a few more years!"

Kevin nodded, as if he felt that what she said made sense.

Seeing that Kevin was finally leaving, Selena finally breathed a sigh of relief. Who knew, Kevin said again, "Satan asked me to bring you a word."

Selena's heart immediately rose to her throat, her hair was about to explode, "What?"

"I'll see you at the old place in Philadelphia in a month." After Kevin finished speaking, he boarded the helicopter behind him without waiting for Selena to speak.

The helicopter rose slowly, raising a huge whirlwind...

Selena stood in the wind and sand, her face full of sadness!

Nima! I thought I escaped a catastrophe! In the end, there are even more sinister people waiting behind...

This Peach Blossom Tribulation, so powerful?

## Chapter 613

After Kevin left, the one-month agreement weighed on her like a mountain.

It's like a terminally ill patient who is sentenced by the doctor to have only one month to live. Every day is the countdown to life.

Kevin wants to see her, and that person wants to see her in person, these are simply two concepts.

There are too many unknowns in this line.

And this appointment, she had to go.

From the day Kevin left, Selena took Rick to play and eat everywhere, and at the same time put all her energy on her own Zeling studio and the promotion

of "The World", and also took time to see her grandfather a few times.  
Second-rate.

The post-production of "The World" has been completed, and she began to fly to various cities every day to promote it.

As we all know, publicity is a hundred times more tiring than filming.

The two protagonists, Susie and Zhao Sizhou, are very busy people, and there are many other things. During the promotion, they only went to a few major cities, while Selena flew all over the cities with the crew, and none of them was left behind. They raced against time to discuss with Gong Shangze about the upcoming entry for the Golden Summit Award.

As for the new play, she has not prepared it for the time being, and she is afraid that if the time comes, she will never come back...

Now she can't wait to divide all her time in half, and her sleep time is reduced to four or five hours a day.

In this month, she has too many things to do...

When Saul's phone call came, Selena had just finished a city promotion and flew back to the imperial capital.

"Selena, why can't you get through on the phone?" Saul asked anxiously.

"What happened on the plane just now? I'll give you ten seconds!" Selena's tone was extremely cold.

"Dmn it, Selena, have you been possessed by my brother?" Saul was stunned.

Selena: "You still have seven seconds!"

Saul: "..."

Selena: "Five seconds."

"Karen, help me! I know you've been very busy recently, but if it wasn't urgent, I wouldn't have called you!" Saul said in one breath.

"What's going on?" Selena asked.

"My brother has gone berserk!" Saul howled on the other end of the phone.

"Why did the good guy go berserk?" Selena frowned slightly.

"It's not good. In fact, his runaway state has lasted for more than half a month, since the day you went to Fahua Temple to persuade Xi Shiqing!" Saul said.

"Fahua Temple?" Selena was so busy recently that when Saul suddenly mentioned Fahua Temple, she was a little dazed and didn't realize it, feeling that it was a very, very far away thing.

"Yes! I'm sorry, Karen, I... um... I'm hiding something from you..." Saul hesitated.

"What's the matter? Speed up! I still have to go to the studio to discuss things with Gong Shangze. Tomorrow is the Golden Top Awards competition!" Selena urged.

"My brother already knows what you did to Xi Shiqing in the temple that day!" Saul said quickly.

Selena: "..."

A moment later, Selena roared angrily from the other end of the phone, "Why would your brother know!!!!!!!"

"Uh, this..."

"Did you say that? You sneaked off to gossip again, didn't you?" Selena wanted to strangle this guy to death.

Saul said anxiously, "I went to investigate the situation, but my brother guessed that you used a beauty trick, so I can only tell the truth later! The result... the result was a tragedy! From that day on, my brother, Hell mode has been turned on until now! Not only that but there is one more thing..."

## Chapter 614

Selena gritted her teeth with bruised veins on her forehead, "Saul, you idiot! Don't you know how to deny it to death?"

After speaking, he took a deep breath and forced himself to stabilize his emotions: "What else is there?"

"Also... in the middle of the night, the scene where someone proposed to you on the roof of the Pearl River Dijing Building, my brother also saw it..."

Selena didn't want to say anything anymore.

Could there be more to the recent bad luck?

This crossing of the tribulation is like the rhythm of ninety-nine and eighty-one thunders! Each one can cut her skin to pieces!

"Karen, you have to tie the bell to untie it. Now I can only rely on you!" Saul begged.

"It's useless to call me grandpa! What can I do?" Selena said angrily.

"Farewell, Karen, my brother's state is really a bit strange recently, if it doesn't work, you can talk to him, I want to share the burden for him, but he doesn't tell me anything..." Saul's tone lost and turned defeat.

Daniel seemed indifferent, but he was actually a very affectionate and protective person.

As his only younger brother, he has always been tightly protected under Daniel's wings. He seems to be strict with him, but as long as there is a slight danger, he will never let him touch him.

There are countless undercurrents hidden under the prosperity of the Lu family, and all of them are blocked by Daniel, but what he faces is only sunshine and brilliance...

At the airport, Selena took a deep breath, checked the time on her phone, and while waiting for a taxi, she asked, "Where is your brother now?"

Saul immediately said, "In the company! Rick is also here!"

"Understood, I'll be there in half an hour." After Selena finished speaking, she sent a text message to Gong Shangze, informing him that she would be late, and then quickly hailed a car and rushed to the Lu Corporation.

During this time, she was so busy that she hadn't seen Daniel for more than half a month.

If there is only one month left in her life, what she wants most...of course is to be with the person she loves the most...

However, she had too many things to do, and she was afraid to face Daniel at this time, worried that she would lose control and do something.

Recently, the Lu Group's stock has soared, and the performance data has been refreshed one by one. She thought that Daniel was doing well...

After arriving at the company, Selena scanned the staff area and found that everyone had dark circles under their eyes, as if they had just crawled out of the grave. Sure enough, there was a price to pay for their performance...

After seeing Selena, Saul immediately pulled her into a corner where no one was around, "Karen, have you thought of a way?"

Selena glanced at him expressionlessly: "No!"

When Saul heard that all thoughts were lost, he murmured, "Emptiness is form, form is emptiness... I'll go to become a monk too... Then I can leave hell and go to the Western Paradise..."

Selena gave him a hard look, then kicked him, "Go get me a bottle of wine!"

Nima, you can really find trouble for her!

Saul's eyes immediately lit up when he heard the words, "Karen, do you have a solution?"

Selena squeezed her sore shoulders from the long flight, "Go!"

"Okay, right now!"

Saul quickly brought over a bottle of good wine, "Karen, the wine is here!"

Selena took Saul's bottle of wine, opened it, and began to pour it on herself under Saul's bewildered gaze, took a sip after pouring it, and then gave him the bottle.

## Chapter 615

"Karen...you...what do you want to do?" Saul asked weakly.

He always felt that Selena's expression made him feel scared.

After drinking, Selena put on her mask again, glanced at him, and replied, "Your brother."

After speaking, he walked towards the direction of the president's office.

Saul: "..."

Do... my brother?

Nani? ? ? ?

Seeing Selena enter the CEO's office, Saul finally recovered from the shock, ran to catch up, and waited anxiously outside the door.

As soon as Selena stepped in, Rick flew over.

This time Selena flew continuously for a week, and she and Rick hadn't seen each other for several days.

I hugged the little guy and kissed and kissed, almost reluctant to let go, and finally thought of the business, and said softly, "Baby, go to your second uncle's place to play for a while, can I give Auntie Selena ten minutes?"

Little Treasure nodded obediently, and then went out to look for Saul.

Outside the door, Saul was scratching his heart and lungs anxiously.

After hearing what Selena said to Rick, his first reaction was, ten minutes...is it enough? His brother is not so fast, is he?

After Rick went out, Daniel looked at the girl in front of him, his eyes were as thick as a fog that could not be dissolved, covering up his true emotions, and his tone was calm because he could suppress it, "You're back?"

I haven't seen her for a long time, but the girl's demeanor seems to have changed a lot, she has become more capable and aloof, and even her eyes seem to have added a lot of complicated and obscure things.

The only thing that hasn't changed is the urge to hug him...

During this period of time, he wanted to fly to see her countless times, but he didn't dare.

Because at this moment, what he did secretly made it impossible for him to face her.

Knowing that that person was the love of her heart that she hoped for and never approached, he still did something that might hurt her...

"Yeah." Selena put down her bag and luggage casually, took off her outer coat, and then walked towards Daniel.

As soon as Selena approached Daniel's desk, Daniel's stern brows frowned slightly, and his tone also fluctuated in displeasure, "Have you been drinking?"

"Drink it."

"You promised Rick that you would drink less." With her strong alcohol smell, she obviously drank a lot.

Selena supported the desk with both hands, and the corners of her mouth slightly curled up, "What? You want to complain to Rick?"

Selena's indifferent attitude made Daniel frowned even tighter, "If you continue to disrespect your body, I may consider suspending your work."

Seeing the man's special way of caring, Selena felt bitterness in her heart.

She's almost dying, so why take care of her health? What else is there to worry about? What is so depressing...

It seemed that Daniel was really angry. He picked up the microphone on the landline and was about to call Ling Zhizhi directly.

"Hey..."

The moment Daniel opened his mouth, Selena suddenly reached out and pressed the hang-up button. Then, under Daniel's cold and angry eyes, she leaned over and pressed his lips...

Daniel still maintained the posture of holding the microphone in his hand, and the expression on his face was somewhat indescribable, and he didn't even dare to move.

About three seconds later, Selena left slowly, and then looked at him with twinkling eyes, her face was slightly flushed, and there was a trace of innocent bewilderment in her captivating eyebrows and eyes, "Boss, accept Bribe?"

## Chapter 616

"You're drunk." Daniel's absent-minded eyes quickly regained focus, and his usual coolness returned.

"Boss, you haven't answered my question yet!" Naturally, Selena couldn't give up so easily, her sparkling eyes became more vivid with slight anger.

Today she also wore a black one-line neck dress, which made her skin as delicious as milk, and the collarbone line of the neckline was extremely attractive.

Daniel rolled his Adam's apple, avoided looking at the documents on the desktop, and ordered in a cold tone, "We'll talk about this after you wake up, go to the lounge and sleep."

At this moment, Selena's heart almost collapsed.

How difficult is it for my old lady to make up her mind? As a result, the one in front of me is simply an enhanced version of Liu Xiahui!

Great Demon King, if you're so ungrateful, you'll basically say goodbye to sex in this life, you know?

Selena gritted her teeth, she finally let go of her old face, "Daniel, I can't walk... why don't you carry me!"

Even the name has changed this time!

Hearing the girl's coquettish voice, Daniel lost his grip on the pen and drew a mark on the paper, but he still didn't look up, and said calmly, "Go by yourself."

Oh sh1t!

Selena was really angry now, she was in a hurry, okay? Do you know how precious her time is now?

Even if it's too late to get out, at least give her a good face!

I haven't seen her for so long, but the moment I met her, I was as cold as the autumn wind sweeping away fallen leaves!

Selena immediately picked up a number, puffed her cheeks and said angrily, "Forget it! What's the big deal! I'll find someone else!"

Daniel finally raised his head, and out of the corner of his eye, he saw... the word Xi Shiqing on the screen of her phone.

In the next second, Selena's fingers hadn't had time to dial the number when suddenly her body lightened and she was suspended in the air.

Selena subconsciously wrapped her arms around Daniel's neck to keep her balance, a sly light flashed in her eyes.

Daniel's face became even colder as he strode towards the lounge with her in his arms.

However, even though that face stinks, the action of putting her on the bed was extremely gentle.

After Daniel put her away, he took off her shoes, and then helped her cover her with the quilt until it was tightly covered up to her chin, revealing only a small face the size of a palm, and warned, "Sleep. "

Selena blinked her eyes and nodded, with an expression of a good baby, but what she actually did was completely opposite.

The moment Daniel helped her cover the quilt and got up to leave, Selena grabbed his hand and forcefully...

Daniel was caught off guard and was pulled onto the bed, lying beside her.

To prevent him from running away, Selena threw herself on the ground, laying most of her body on top of him, "I can't sleep... why don't you sleep with me..."

Veins throbbed on Daniel's forehead: "...Who gave you the drink?"

He's going to kill him!

In the reception room, Saul who was taking Rick suddenly sneezed several times, "Well, who is scolding me behind my back?"

After muttering, he glanced at the time on his watch.

Half of the time has passed, and there are still five minutes left, and I don't know what happened inside.

But, for his own sake, no matter how curious he was this time, he didn't dare to meddle in it anymore. He could only bear with it, thinking wildly in secret, and didn't know how his sister-in-law planned to please his brother. What if Shunmao fails...

## Chapter 617

Selena stared fixedly at the man in front of her, gently stroking his frowning brows, high nose bridge, cold eyes, thin lips...

It seems that such a face is deeply engraved in my heart...

"OK?"

Will you stay with me? Even if it's just for a minute.

Even though he knew she was not awake at the moment, Daniel still couldn't resist such a request, "Okay."

Selena finally showed a satisfied expression, and closed her eyes with peace of mind.

However, within a few seconds, Ansheng poked his head out again, his eyes sparkling, "I still can't sleep, can you k!ss me?"

"Sleep!" Daniel pulled up the quilt with a dark face.

"Oh..." Selena was immediately disappointed.

The pitiful look in Daniel's heart suddenly softened. Anyway, she was drunk and didn't know anything, didn't know what she was doing...

Daniel thought about it, turned his face slightly, k!ssed her disappointed eyes, and was about to leave, but the moment he left, the girl suddenly wrapped his arms around his neck and k!ssed his lips... ..

This was not the first time he had k!ssed her. In order to get close to her for a moment, he had tried his best, but this time, it was the first time she k!ssed him on his own initiative.

Feeling the softness and sweetness on Daniel's lips, the feeling in his heart was indescribable...

Emotions made him fall into it, and reason was asking him, who is she kissing now, and who is she taking him for...

The hands hanging on the girl's sides were clenched into fists, and her reason was getting closer and closer to the verge of collapse. Finally, she hugged her body and was about to regain the initiative, but the girl suddenly fell headlong on his chest...

Daniel's expression tightened, and he hurriedly supported her. The next second, he saw an incomparably sweet sleeping face...

Daniel: "..."

This girl played a drunken madness and completely set him on fire inside and out, but finally fell asleep by herself! ?

Selena was really exhausted these days. She had been on the plane for such a long time, and she was busy with the work in the studio even on the plane, so that she could fall asleep halfway through the thrill of beating down the big devil. It was something that even she herself didn't expect...

In a daze, she felt as if a feather had fallen from her forehead, and then the cool feather rolled and landed on her lips. It was a bit stinging at first, but soon became extremely gentle...

This time, Selena slept very deeply. When she opened her eyes, it was already dark outside the window.

Selena sat up in a jerk, fumbled to turn on the lamp on the bedside table, and looked at the alarm clock next to her. She actually slept for two full hours! Dmn, what on earth did Saul give her to drink? It's so good in just one sip!

"Why did I sleep for so long..." She was only planning to stay for ten minutes, and there are still many things to do, and I don't know if the studio has called her...

Selena hurriedly picked up the phone, and saw that the phone was turned off, "Dmn! Who the hell turned off my phone!" Her phone had just been fully charged before, so it couldn't have been turned off automatically.

"I closed it, do you have any opinions?" At this moment, a cold voice suddenly came from the opposite sofa.

Selena shivered from the coldness of that voice, and stiffly raised her head to look in the man's direction, "No...you can turn it off as you like..."

"Are you awake now?" Daniel closed the document in his hand and looked at her.

Selena: "I'm sober..." It seemed that Qiuhou was going to settle the score.

Daniel: "Then let's talk about your work."

Selena: Sure enough.

Selena had already remembered the frustration that she fell asleep halfway, Nima, is it too late to continue bribing?

## Chapter 618

"Look." Daniel handed her the document in his hand.

"What is this?" Selena took it suspiciously, "Well, the work regulations? Article 1: Working hours should not exceed six hours a day? Uh, isn't that too little? The legal working hours are still eight hours !"

Just as he was muttering, Daniel gave him a cold look, and Selena stopped talking immediately, "Just do it, you are the way!"

"Rule 2: Don't drink too much alcohol; Rule 3: Eat three meals a day on time; Rule 4..."

Finally, Selena read the last item, "Rule 10: Don't bribe the boss? Uh..."

"Back it down."

"Oh..."

Under Daniel's urging, Selena memorized all ten items verbatim before she was finally let go.

Moreover, he was kicked out, as if he was afraid that she would go crazy with alcohol again...

Is she that scary?

In fact, she wasn't completely pretending before, but Saul's bad wine really had a lot of stamina.

Didn't the Great Demon King care that she pounced on Xi Shiqing? Originally, she was only planning to pounce on the big devil to let him balance his mind. Who knew that the development of the matter seemed to be out of her control in the end, and it was a bit too much. In fact, it would be good if she took this opportunity to really pounce. God turning...

Fortunately, after pounced on the big devil, Selena's mood improved a lot, as if she had taken a panacea, she was revived from exhaustion and tense emotions, and her steps became brisk.

Rather than saying that she followed Daniel's lead, it was better to say that Daniel comforted her.

During this period of time, she put too much pressure on herself. In fact, the situation is not as serious as she thought. If the other party wants to do something to her, there will be countless opportunities in this year. Even when Kevin came last time, he could solve her by the way up.

From the fact that she hasn't moved for a year, I know that she is just an insignificant little character.

It's good to take advantage of this meeting in the past to clarify some things.

She just thinks of her absurd self whenever she faces people and things in the past. What she can't face is not Kevin, not that person... but her past...

On the way to the studio, Selena was about to call Gong Shangze when a call came in.

Saul's voice was extremely excited, "Karen, Karen, Karen!!!"

"...Do you have a repeater?"

"My brother finally returned to normal! Did you dedicate yourself to my brother?????" Saul only thought of this possibility, and the more he thought about it, the more likely it was!

Selena said with a dark face, "What a fart, do you think your brother is so fast?"

Saul: "Uh..." He was speechless.

Selena said it was ten minutes before, of course he wouldn't think about it, but in the end Selena stayed inside for two full hours!

Two hours is not too short, is it? However, for my brother who has held back for so long, this time... seems really unscientific!

"Also, what kind of broken wine did you give me?"

"How could it be broken wine! That wine costs tens of thousands a bottle! It is said to be poured in one gulp!" Saul said excitedly.

"Dmn! What's your intention in giving me a bottle and a sip?"

"I was wronged. I thought you asked for wine to please and bribe my brother. Of course, I found it for you. Who knew that you would pour it all over yourself after taking such a wasteful sip!"

That's right, I did go to bribe your brother, but not with wine, you ba5tard...

## Chapter 619

After talking to Saul on the phone and talking to Rick a few more words, a call came from the studio.

"Hey, Momo..."

"Sister Xi, no... It's not good! The director of the palace has an accident! Come over and have a look!" On the other end of the phone, the assistant in the studio spoke anxiously.

"What happened to Gong Shangze? What happened to him?"

"Director Gong suddenly fainted!"

Selena's face changed slightly, "How could you faint? Don't worry, I'm already on my way, come here right away!"

Dmn boy! Eighty percent of them are alive and tired!

Zeling studio.

As soon as Selena opened the door and went in, she saw Gong Shangze lying pale in the middle of a pile of white paper balls, and the little assistant Han Momo lying next to her crying with red eyes.

"Sister Xi! You're finally here!" When Han Momo saw her, she choked as if she had seen the backbone, "I called an ambulance, but the hospital said they were too busy to transfer the car right now. I can't move him by myself..."

Selena threw the bag and mobile phone to the little assistant, then bent down, picked up the fainted Gong Shangze by the waist, and put him on the bed in the bedroom...

Han Momo looked at Gong Shangze who was being hugged by the princess, and opened her mouth into an O shape, "Sister Xi, your boyfriend is so powerful!!!"

"It's because your director is too light! Didn't you tell you to take good care of him? Why didn't you see him for a few days and lost weight again!" Selena frowned.

The little assistant looked aggrieved when he heard the words, "Sister Xi... I can't persuade you... You don't know that the director of the palace usually looks gentle and gentle, but once he starts working, his state completely changes. It's scary. The golden retriever has turned into a Tibetan mastiff. Even if I make a sound, I will yell at me fiercely. I dare not even walk loudly, let alone urge him to eat and rest... Sister Xi, you should come and talk to Director Gong, he just listens. Your words..."

Golden Retriever becomes Tibetan Mastiff...

Regarding the description of the little assistant, Selena was full of black lines, "Okay, I'll tell him later."

As he spoke, he touched Gong Shangze's forehead, and it was really hot, "I have a fever...Momo, go to the pharmacy downstairs and buy some antipyretics!"

"Okay, I'll go right away!" The little assistant hurriedly went to buy medicine.

Selena and the little assistant took care of him for most of the night, and Gong Shangze finally woke up.

"boss..."

"Lie down and don't move!" Selena pushed him back, her expression condensed, "How did I tell you back then, the body is the capital of the revolution, and if you lose your life, what's the use of other things? I don't know. Some people thought I was a black-hearted boss who squeezed the employees!"

Tat for tat, now she finally understands Daniel's feelings, it's so hard to be a boss...

"No, I did it voluntarily!" Gong Shangze said anxiously.

"You can't do it voluntarily! I'm the boss, you have to listen to me! Otherwise, you can just find another job!" Selena emphasized her tone.

Gong Shangze immediately changed his face when he heard this, and panicked, "Boss, I won't do it anymore!"

Seeing the haggard look on the young man's face, Selena sighed, "You look like this, can you still go to the arena tomorrow? Anyway, we have discussed the procedure many times. I'll go with Momo. You can rest at home!"

"Boss, I have to go, it's already the last moment! I'm fine, I don't need to do much at that time, as long as I watch the model come on stage and don't make mistakes."

## Chapter 620

After Gong Shangze finished speaking, his expression darkened, "Although I have tried my best, the possibility of us winning the award this time is probably not very high. This time the award is so important, Dai Wei will definitely choose my favorite work... .."

Selena's expression darkened. For Gong Shangze, this battle was really difficult.

Because his opponent is not others, but himself.

"It doesn't matter, it's enough to do your best. Even if it doesn't work this time, there will be next time, next time, and one day you will defeat your past self. You have infinite possibilities, while the other party only has a bunch of designs that may be used up at any time. It's just a draft, nothing to be afraid of!"

Gong Shangze looked into the girl's bright eyes, as if his weak body had been injected with a force, he nodded vigorously, "Yeah!"

"Okay, rest at ease, there is still a tough battle to fight tomorrow!"

...

the next day.

The venue for the Golden Top Awards competition.

As the highest award in China's fashion design, today's venue is unparalleled in luxury and magical.

The seats are suspended, about one meter above the ground, and the lights are cut into colorful fragments, shining on the catwalk that has been transformed into a Noah's Ark.

Seats at the competition site were hard to come by, and all the people present were celebrities in the fashion circle. It was obviously not enough for Selena to come here as a member of the entertainment industry. She was invited as the owner of the studio of the selected works. .

Selena took Gong Shangze and his little assistant, and just a few steps into the arena, he found that the road ahead was blocked.

The competition here has not yet started, and the photographers have frantically surrounded the award-winning designer – Dai Wei.

“David, do you have confidence in this competition? Everyone said that the Golden Top Award this time belongs to you!”

“I heard that even Mr. Li Ming, the winner of the Golden Summit Award last year, also predicted that you will win the award! Is it true?”

“A lot of seniors from the entertainment industry came this time. Many of them are your fans. They even came to the scene wearing your works to cheer you up. Do you have anything to say about this?”

...

Dai Wei was full of vigor and vigor, and he could no longer see the shadow of the past. Facing the reporters’ pursuit and interception, he replied calmly and calmly: “Every design drawing is my painstaking effort, and I naturally have confidence in them. But the competition, of course, depends on the judgment of the judges and teachers! As for Teacher Li Ming, he is also a senior I respect very much, and I am very grateful for his appreciation and the love of all the beauties!”

Hearing this, Selena and Gong Shangze were okay, and the little assistant beside him couldn’t hold back anymore and exploded, “Dmn it! This person is too shameless... It’s a painstaking effort... Whose painstaking effort is it?” A masterpiece!”

When she was recruited, Han Momo didn't know who Gong Shangze was at first, but after seeing his works, she became more and more familiar.

Because what designers hate most is plagiarism, so she couldn't help muttering that if Gong Shangze copied Dai Wei's design style, it's not good, anyway, she looks down on Gong Shangze.

At that time, Gong Shangze didn't refute a word, and he was still drawing manuscripts every day.

After getting along for a long time, she gradually felt that something was wrong. Gong Shangze was designing with his life. How could this be the state of a speculative thief?

Later, she was the one who pestered Sister Xi for a long time before she found out the terrifying inside story...
