## Chapter 676

Selena: "Ninety-nine percent, of course it's because of Rick!"

Daniel: "..."

Little Treasure's extra points...would it be too heaven-defying...

Ninety-nine points were added all at once...?

I really don't know whether to be happy or sad...

Seeing the girl's snickering expression like a little fox, Daniel looked helpless, "You..."

It was already evening when Selena and Daniel got off the plane, and the only person who came to pick them up was the driver.

"Where's Saul?" Daniel asked casually after getting into the car.

The driver replied with a slightly embarrassed expression, "Second Young Master is busy, so he couldn't come here in person."

Hearing this, Selena immediately raised her brows slightly, and said in a low voice, "Busy? I think he doesn't want to see me!"

Driver Mo: "..."

Not to mention, Miss Selena guessed really well.

Er Shao's original words were: I won't go! I don't want to see that woman again. In the future, there will be me without her, and there will be her without me!

Daniel naturally guessed the reason why Saul didn't come, "Do you want to explain to him?"

Selena shook her head, and snorted, "No! Let him see it with his own eyes, and I'll scare him to death! Hmph, let him talk back so quickly..."

The driver looked at the two people in the back seat, and the more he looked at it, the more weird he felt. What's wrong with the state of the young master and Miss Xi and the atmosphere between them?

He subconsciously cast a suspicious look at Assistant Cheng beside him, what's going on?

Cheng Feng looked at his nose, his nose, and his heart, without saying a word, and answered with his eyes, you ask me, who should I ask?

Anyway, ever since Miss Selena was rescued from injury, the atmosphere between the two of them was not right. He suspected that a friend in adversity might be a friend in adversity.

However, whether it is true or not, he still needs to observe and observe...

After all, when they were in Dib, the two were pretending to be husband and wife. Who knows whether those ambiguous states and affectionate expressions are real or fake.

Cheng Feng was thinking this, when Daniel leaned over to him in the back seat and kissed Selena...

The driver who was driving saw the scene in the back seat through the rearview mirror, and his palm slipped, almost breaking the steering wheel.

boss! I am driving! Don't be scary all of a sudden!

Cheng Feng's eyes were staring blankly, and there was only one thought left in his mind: Very good, there is no need to observe anymore...

This is a nail in the coffin! With the calmness of the boss, if the other party hadn't fallen in love with him, he would never have made such a hasty move!

God! Did he read wrong? Are you dreaming? The boss is finally keeping the clouds open and the moon is shining!

Why does he feel happier than when he is in love? Tears!

In the back seat, Selena, who was suddenly kissed, was as shocked as the driver and Cheng Feng in front, and hurriedly pushed the man away, even if she was calm now, she couldn't help but flush a little, "Hey , what are you doing! It's bright and bright in broad daylight!"

Most importantly, there are other people in front of this!

Daniel looked at her with a calm expression, and replied in a calm tone, "You were so cute just now, and you couldn't help it at the moment."

Selena: "..."

What the hell is it my fault again? ? ?

Didn't she just say that she wanted to scare Saul to death? Where is it cute, and where is it so uncontrollable? Can this be teased too?

Really... I can't get the point of the Great Demon King at all...

## Chapter 677

In the front, the driver consciously closed the cover of the rear seat for the sake of driving safety.

Selena puffed her cheeks, her expression was full of anger, she had every reason to suspect that Daniel deliberately took revenge because she said just now that 99% of them were for Rick...

Seeing the girl's vivid expression, Daniel's gaze gradually deepened again, like a bottomless vortex, captivating...

I can't help but look at her, and can't help being close to her.

Simply because of insecurity.

After getting off the car, Daniel sent her to the door of the apartment.

"Rest at home these few days and don't run around," Daniel instructed with a serious face.

Selena nodded obediently, "Sure, I can't run with my legs even if I want to!"

Daniel cast doubtful eyes on this.

He was sure that even if both legs were shot, it probably wouldn't be able to stop her from jumping around...

Selena also knew that she had too many criminal records, so she coughed softly, "Really, I promise I won't run around! I promise!"

After reassuring again and again, Daniel reluctantly believed, "Then I'm leaving."

"Huh? Let's go so soon! It's still early, why don't you come in and have a cup of tea before leaving?" Selena subconsciously said.

However, the man's expression instantly became dangerous, "Do you know what this sentence means to a man?"

Selena suddenly had black lines all over her head, and the corners of her mouth twitched, "Dmn! What are you thinking! Just let me come in and have a cup of tea! It's just a literal meaning! It's not like I'm inviting you! Daniel, why are you acting like this now? Sewage?"

Daniel clasped her waist with his big palm, and kissed her lips so hard that it was almost rude, as if he wanted to convey all his deeply buried emotions to her through this kiss, "Infected by you."

Selena: It's my fault again...

Also, why does the Great Demon King start kissing at the slightest disagreement...

After leaving Pearl River Royal Scenery, Daniel did not go home immediately, but went to the riverside.

"Boss, you're not going home...?" Cheng Feng asked hesitantly.

It's clear that they have achieved a positive result, why does it feel like the boss is still full of worries?

"En." Under the icy river wind, Daniel lit a cigarette, his tone not fluctuating.

Cheng Feng didn't want to ask too many questions, so he could only leave first.

Daniel obviously wanted to be alone for a while, so he still had some insight.

then. Cheng Feng and the driver took a taxi and left first.

Halfway through, the driver's cell phone rang, and it was Saul calling.

"Hey, Second Young Master!"

"Where's my brother? Did you receive it?" On the other end of the phone, Saul's tone seemed a bit awkward.

"Yes, Second Young Master has been received, what can you do?"

"Then why hasn't he come back yet?" It seemed that Saul was already waiting at home.

"Oh, the young master hasn't come home yet. He first sent Miss Selena home, and then went to the riverside by himself." The driver replied truthfully.

"What??? My brother is going to jump into the river!!!!!!!!!!!!!!!"

Before the driver could continue talking, Saul yelled and hung up the phone.

The driver's eardrums trembled from the yelling, and he looked confused: "I... When did I say that the young master is going to jump into the river? Did I not say it? I said go to the riverside!"

How did he understand it, can it be understood like that?

The corner of Cheng Feng's mouth twitched, "Second Young Master's thinking has always been different from ordinary people."

## Chapter 678

After finishing the phone call with the driver, Saul drove the supercar all the way to the bank of the river where Daniel often went when he was in a bad mood.

"Oh...brother...the bridge bean sack...don't be too hard on yourself! You still have me!" After seeing the familiar figure on the bank, Saul ran over like a jerk, and rushed towards Daniel from behind. He rushed over, trying to throw him down.

Daniel keenly sensed that there was someone behind him, so he subconsciously moved aside.

As a result, halfway through, he saw a familiar figure from the corner of his eye, so he hurriedly reached out and hooked Saul's back collar before Saul jumped into the river, and pulled him back forcefully.

Daniel hastily pinched the cigarette in his hand, frowning slightly, "What are you doing?"

Saul almost jumped into the river by himself, he patted his chest in shock, and said anxiously, "Of course it's to prevent you from jumping into the river!"

Daniel was silent for a few seconds before he paused, "Who told you that I'm going to jump into the river?"

"The driver said it! He said you were going to jump into the river! Don't care who said it! Anyway, brother, don't let it go!"

Daniel sighed helplessly, how could it be that the driver said it, it must be his fault of overthinking again.

"The world is so big, and there are so many hot girls, there is always one that suits you! You can't lose hope in life just because you have lost love once!" Saul tried to persuade him dryly.

"Who told you that I was broken in love?" Daniel asked again unhurriedly.

"Selena has already confessed to that so-and-so! She must have confessed successfully!" Saul's face was filled with grief and indignation.

Daniel glanced at him, nodded and said, "Yes."

"Sure enough! I knew it!!! Brother, don't stop me, I'm going to chop up that wild man and throw it into the river to feed the fish..."

Before he finished speaking, Daniel's faint voice came from next to his ear –  
"The person she confessed to is me."

Saul choked on a mouthful of spit and coughed loudly, "Nani???????"

"That wild man is you? Ah! No, Selena's confession is to you? Brother, are you so stimulated that you have lost your mind? Or are you joking???"

Daniel glanced at him coldly, obviously he wasn't joking, and his spirits were even more right.

Saul himself, on the other hand, felt that he was not far from chaos.

Saul immediately went crazy, at least he wandered around in circles, "Brother!!! Are you serious, Selena's confession is really to you? This is simply a fantasy, completely unscientific Ah! This is impossible, impossible, impossible...why I can't understand this world anymore...who am I, where am I, and what is my name..."

Daniel stood in the river wind and lit another cigarette.

To be honest, after seeing Saul's reaction, he was comforted a lot, because he was already considered calm.

Whether it was the driver's and Cheng Feng's reaction, or Saul's reaction, they were all exactly the same: impossible.

Saul thought about it for at least a few minutes before he finally recovered his strength and regained some of his thinking ability, "No, no, since Selena's

confession is to you, why do you still have a broken-hearted expression? Why do you still come here? Blowing cold wind?"

Daniel: "I'm too excited, calm down."

Saul: "Uh..."

## Chapter 679

Seeing how Saul was choking, the corners of Daniel's mouth twitched imperceptibly, and his originally solemn mood seemed to ease a little.

He really needs to wake up.

All this happened so suddenly that he still has no sense of reality.

I was afraid that when I woke up, I would find that it was a dream, and I was even more afraid that she said those words only temporarily, that she would regret it when she turned around, and that a flash in the pan would still be no match for the white moonlight in her heart...

The most cruel and painful thing is not never having it, but losing it after having it.

The happier and sweeter I am now, the more my heart is tormented like a raging fire.

She once introduced to Gong Shangze that he is my boss, friend, mentor, bole...

So now...he is her someone...

She may have just said those words impulsively because she didn't want to make herself feel regretful after experiencing life and death. At that time, her feelings for herself were likely to be deliberately magnified under the crisis...

And after finishing speaking, what will happen next, and their future... She may not have thought about it at all...

So this question was turned over and over again in my mind, but in the end I still didn't ask it.

Just like Pandora's ink cartridge, even if you want to know what's inside, you dare not open it.

"So...so...you're not out of love, but in love?" Saul repeatedly confirmed with him.

Daniel looked at the sunset on the river in the distance: "Maybe."

"Why do you say it's possible? Since two people are in love, isn't it a matter of course to step into the step of love? It's not right... There are actually quite a lot of relationships after seeing each other, not just love... ..Such as short-lived one-night stands, hookups depending on the number of times, and nurturing for long-term ones...the crazy ones..."

Saul obviously has a lot of research on this, and he analyzed it systematically.

It wasn't until... he realized that his brother's face was colder than Jiang Feng's, that this guy hurriedly stopped talking, "Ahem... Actually, it's easy to judge! After Selena confessed to you until now time, do you have that?"

"No." Daniel replied.

However, that was because she had injuries on her body. If she hadn't been injured at the time, he wasn't sure...how it would have developed...

Although it was expected at the time, Saul still had a sad and sighing expression, and then comforted him, "If not, then other possibilities can be basically ruled out. It must be a pure love relationship that cannot be more pure!"

As soon as he finished speaking, Saul didn't know what to think of, his face froze, his face was full of finished expression, "It's over, it's over... It seems that romantic relationships are even more terrifying... How could I forget that one..."

Saul was anxiously scratching his head and wandering around, "According to my investigation at the time, none of Selena's ex-boyfriends survived a week! Most of them lasted three or four days! Some even survived for a day! The ones lasted the longest It seems to be Louis, for a whole week! The scariest thing is that Selena has never played the trick of rekindling an old relationship. She is cruel to her ex-boyfriend, and there is no possibility of reuniting! Ahhh Ahh! That guy should be the same as before this time, right?"

Saul hugged his head and howled and hurriedly asked, "Brother, how old are you two?"

Daniel's face darkened slightly: "The first day."

## Chapter 680

Logically speaking, according to Selena's attitude towards him, she should have been with him by default, so Daniel never knew where the source of his restless emotions came from.

After being analyzed so messily and blindly by Saul, he finally understood...

Even if the relationship between him and Selena was established, it was like duckweed without roots, which would disperse when the wind blows, it was too fragile.

That's why he is so worried about gains and losses...

After hearing Daniel's answer, Saul did not know where to find a small notebook, jotted down a few notes, seemed to have written down the date and number of days, and then comforted, "Brother, it's okay, get through this

In seven days, you will be more than half successful, defeating all the rivals in love in the past! Oh no... not all of them, there is also Roman, Roman's time is too long... this is too long, let's not think about it! Get through this first Let's talk in a few days!"

After finishing speaking, he patted Daniel's shoulder very solemnly, "Brother! I will help you! I will definitely use my whole life's skills to help you tide over the difficulties! I will never let you become an ex-boyfriend!"

Ex-boyfriend...

Ex-boyfriend...

Ex-boyfriend...

These three words were pressing down on him like three mountains, and Daniel's face instantly darkened completely.

He glanced at the small black leather book in Saul's hand, feeling as if his death date was recorded on it...

Pearl River Royal View.

At that time, Selena, who was lying on the sofa and reading gossip with glowing eyes, didn't know...a black car went back and forth, drove back to the apartment from the riverside, and parked quietly at her house. downstairs.

After returning to the apartment, Selena was full of sleep on the plane and refreshed, so she immediately opened the entertainment news that she hadn't watched for several days, checked the latest headlines, and most importantly, paid attention to the current news of "The World" Propaganda effect.

As a result, I didn't expect that after seeing this, I was shocked.

She just didn't pay attention in just a few days, now there are gossip about "Tianxia" everywhere, among which, Weibo is the main battlefield, and people on both sides are arguing in a mess.

The reason for this incident is that with the unremitting efforts of the entire crew, "The World" became popular before it was broadcast, and the attention has always been quite high. However, at the beginning, everyone's eyes were naturally focused on the hero and heroine in the play body.

However, gradually, the popularity of the second girl, Meng Changge, and the second boy, Sun Huanqing, gradually overtook them. After watching the trailer, countless passer-by fans began to spontaneously recommend this movie with Amway, and praised the performance of the supporting actors. In addition, the limelight of the second male lead and the second female lead even overwhelmed the lead male and female lead.

So the fans of the hero and heroine are naturally unhappy.

The trigger for the escalation of the incident was the second version of the trailer officially released the day before yesterday.

Seeing that the two men and women are so popular, the crew edited the scenes of Selena and Louis to be almost on par with Susie and Zhao Sizhou in order to cater to the audience's preferences.

Some fans accurately calculated that the second female lead, Selena, appeared three seconds longer than the female lead, Susie.

Now, Susie's fans who were already dissatisfied completely exploded.

Depend on! What is the crew doing? Don't steal the show! Who is the heroine? Why is there more of a small supporting role than our Susie picture?

We just want to see Susie and don't want to see the vicious vixen, okay?

That's right, it's so ugly, what the hell! Stop dirtying our eyes!

The female supporting role and the male supporting role compete for the show, is this appropriate? The inside story of the crew is too obvious! It's too ugly to eat!

...
