

Cruel Heart Lover Novel

Chapter 681

However, at this moment, the power of Louis's fans was revealed.

Because some of Susie's fans were like mad dogs and even involved Louis, many of Louis's fans couldn't stand it anymore:

Are you blind? Selena's looks are ten blocks better than Susie's, okay?

What kind of bullsh1t inside story! You scold me, don't implicate irrelevant people! Our Makino is the most popular, so naturally we will show more scenes related to him, the crew is not stupid!

It's been said that this is the second version of the trailer. The first version focuses on male and female protagonists, while the second version focuses on male and female supporting roles. What's unreasonable? I think some people's fans are really ugly!

...

In short, it was Susie and Zhao Sizhou's fans who were pinching each other, and finally angered Louis's diehard fans. Both sides' fighting power was top-notch, especially Louis's fans, whose fighting power was well-known in the entire circle, so the two sides It's so dark that it's pinched.

Selena got goosebumps when she saw it. She was glad that she and Louis were on the same side this time. At the same time, she secretly thought that she should treat Louis better in the future. Behind this guy is an entire army of Iron Maidens what!

He bites people hard again! This time, it was just that Louis was slightly involved when the other party scolded her, and Louis's fans had already bitten the other party to the point of blood.

While continuing to read the news, Selena called Louis.

The other end of the phone rang more than a dozen times, and it almost hung up automatically, so Louis picked it up slowly, and before Selena could speak, he said in a crackling breath, "Don't tell me the follow-up of your confession, I don't want to hear it at all. Listen well, that's it, if there is nothing else, I will hang up, bye, bye, bye, the user you dialed has died..."

Selena's head was full of black lines: "You have a snake spirit! Who will tell you that I will follow up with my confession!"

The other end of the phone was silent for a second, and then Louis's still vigilant voice came: "Then why are you calling me?"

Selena scrolled the mouse to read the webpage with relish, and said, "I'm going to praise you!"

"Praise me?" Louis became more vigilant, "You would be so kind...?"

"Yeah, I just got home and I'm watching Gossip!" Selena replied.

Hearing this, Louis immediately understood what she was talking about, and immediately revived with full blood, triumphantly, "How is it? Is the fighting power of my girl army okay?"

"That's great, okay! It's amazing! Hey... Don't say it, I'm really envious! I don't know when I will have such a fan group. What I am right is right, and what I am wrong is also right. Everyone praises me in different ways every day! How safe I feel! Don't be too happy!" Selena's tone was full of yearning.

"You're still far behind!" Louis sounded like a senior, but the next second, the subject suddenly changed, "By the way, what happened to the follow-up of your confession to my uncle?"

Selena was speechless when she heard the words, and said, "Didn't you just say you didn't want to know? Women are not as fickle as you!"

"You don't care! Selena, tell me or not! Did you confess? What happened? What's the situation now?" Louis asked hurriedly.

Selena deliberately hummed for a long time before she said slowly, "The current situation is...Student Jiang Xiaoye, please don't call the elders by their first names in the future, please call me big aunt!"

Louis: "..."

Chapter 682

Ex-girlfriend becomes big aunt...

At this moment, Louis only had four words in his heart – it's a dog!

Louis took a deep breath, and yelled at the other end of the phone, "Auntie, you uncle! You forced me to do this, Selena. Don't blame me for being unkind. I'm going to complain to Ling Zhizhi and say you've been behind your back." She secretly fell in love!"

Selena exploded when she heard it, "fcuk! Louis, you can be more shameless! Are you a brother like you?"

"Brother! Aren't you my aunt?"

"You dare to go and I will break your dog legs! Hey... Hey..."

Beep beep... There was a busy tone from the other end of the phone, and it was actually hung up.

Depend on! Could this guy really go to complain to Sister Zhizhi? Is it a man, who actually came to make a small report!

Hey hey... Impulse is the devil!

She actually forgot about Ling Zhizhi!

Fortunately, she had sworn to Ling Zhizhi at the beginning that she only wanted to act well and would never have a boyfriend, so now she was slapping herself in the face!

Beauty misleads people! Beauty misleads people!

Selena was about to quickly call Louis when the phone screen flashed and the caller ID turned out to be... Ling Zhizhi!

fcuk! Did the dead golden retriever really go to snitch?

The phone kept ringing persistently, and Selena and Na scratched their heads in worry, and finally had no choice but to answer the phone resignedly, and said with a trembling voice, "Hello... Sister Zhizhi..."

"Selena, I have something to ask you, you must answer me honestly." On the other end of the phone, Ling Zhizhi's voice was extremely serious and hasty.

Selena's heart skipped a beat, thinking it was over!

"Cough, what's the matter, Miss Zhizhi?" Selena bit her head and pretended not to understand.

Ling Zhizhi asked, "What is your relationship with Hu Hongda?"

"Our relationship...uh wait..." Selena was stunned for a moment, "Sister Zhizhi, who did you just talk about?"

"Hu Hongda."

"Who is Hu Hongda?" Selena looked confused, wasn't it Daniel?

Ling Zhizhi on the other end of the phone seemed relieved, "It's fine if you don't know him."

"What's going on?" Selena began to realize that things didn't seem to be what she thought.

She was startled, she thought that guy Louis had really gone to complain!

"Hu Hongda is the boss of Hongda Real Estate. Recently, there have been rumors on the Internet that you have been taken care of by him. I have tried my best to ask the public relations department to delete related posts and Weibo. However, because of "The World", you have attracted a lot of attention recently. Although now Temporarily suppressed, but it is likely to be fired again!

The PR department asked me to confirm with you whether it has anything to do with the other party, but you are on vacation for the past few days, and I haven't been able to contact you..." Ling Zhizhi briefly explained the situation.

The last time Selena was kidnapped, in order not to cause unnecessary trouble, Selena asked Louis to keep it from Lin Zhizhi and the crew, and tell the public that she was on vacation.

Ling Zhizhi couldn't get in touch with her for several days, and it happened that such a sensitive scandal appeared on the Internet during this time, so it's no wonder she was so anxious.

Even if Ling Zhizhi believed her, what about the PR department? Those who didn't know thought she was guilty of a crime and hid!

Therefore, Ling Zhizhi must have been under a lot of pressure during this time...

Selena was filled with guilt immediately, "Sister Zhizhi, I'm really sorry, next time I won't lose contact casually again, I really don't know this Hu Hongda, and I have nothing to do with him, don't worry!"

Chapter 683

"That's good." Ling Zhizhi sighed, and then said worriedly, "However, Selena, I still have to say one more thing, I won't interfere with your private affairs too much, but you must know what you should do. Do what you shouldn't do!"

When leading Leng Manyun before, Ling Zhizhi never worried about Leng Manyun's private life.

Ever since she brought Selena with her, she was worried that she would be confused about personal matters. Selena's face was her biggest weapon, and it was also the most dangerous place. It was too easy to provoke sex Gossip.

For a female star, if this kind of scandal is not handled properly, it will be beyond redemption.

Selena felt guilty for a while at Lin Zhizhi's words, and hurriedly replied, "I know Sister Zhizhi!"

After hanging up Ling Zhizhi's phone call, Selena heaved a sigh of relief, but couldn't help but frowned, Hu Hongda... what the hell?

She did a keyword search and did find some related gossip.

The second most beautiful woman in "The World" is deeply trapped in the nurturing family, and the gold master is the real estate tycoon Hu Hongda

The man behind Selena reveals the secret!

The female supporting role of "The World" takes the lead and the inside story: it turned out that the wealthy businessman threw money into it!

...

There were not many of these posts, and the ones that remained didn't get much attention, which should be the result of Ling Zhizhi's public relations.

Selena rubbed her chin while looking at it, and felt that something was wrong. There were a lot of rumors like this in the circle, and almost no one would believe them without evidence, and they couldn't cause any big waves. However, there was one thing that made her Some care.

If someone deliberately wanted to pour dirty water on her, it would be good to name someone who was ambiguous, but why did he choose Hu Hongda by name?

At the same time, Star Entertainment.

Janice's office.

"Now that the show has not been released, Selena has received so much attention. The last time she manipulated the fans to attack, it didn't go well. It was all ruined by Louis's fans... If the show is actually released, it is definitely possible for her You became famous overnight because of this drama!" Janice said with an extremely ugly expression on her face.

It's just an abandoned child that she uses to please Susie, but seeing her turn red, isn't this a naked slap in the face!

"How about the scandals that were released before?" Susie asked, her expression seemed quite calm.

"It was dropped by Ling Zhizhi's public relations, there is no splash! After all, there is no evidence!" Janice couldn't understand why Susie would do such an obviously useless thing.

Susie sneered, and drew a line on Selena's photo on the computer screen with her manicured nails, "What's the hurry, this is just the first step, I have my own way to make her sit down!"

Janice was worried when she heard the words, "Susie, what are you going to do again? Let's be more careful! Because last time we wronged Selena for hurting you with props, everyone has already started to doubt you. ..."

"Shut up!" Susie's expression changed as if she had been stepped on a sore foot.

As soon as she mentioned what happened last time, she hated it. Roman was almost obedient to her at first, but because of that incident, she had to be more careful in front of Roman.

"You don't need to talk too much, I have my own measure!"

After learning the lesson from last time, she will naturally be more cautious. Even if they go to investigate, they will definitely not be able to find her!

After Susie finished speaking, she made a call unhurriedly, "Hello, Xiaoya, how are you doing? Let's go shopping together tomorrow?"

Chapter 684

On the other end of the phone, Fang Ya's voice sounded weak, "How can I be in this mood!"

"Is it because of what happened last time?" Susie asked with concern.

"Susie, what should I do, I might really be doomed this time..."

A gleam flashed in Susie's eyes, "Not necessarily... Actually, I have a good idea, and I can definitely get you out safely!"

"Really? Then tell me quickly! I'm really desperate now!" Fang Ya asked eagerly.

"Let's forget it, this idea seems a little bad, it will bring irrelevant people into trouble..." Susie sounded a bit embarrassed.

"Susie! I'm almost ruined now! How can I control others! Please tell me quickly! Aren't we the best sisters?"

"okay then..."

...

Seeing that the incident didn't have much impact, Selena didn't pay much attention to it, and Ling Zhizhi also comforted her as long as she had nothing to do with Hu Hongda, she would take care of it.

As a result, unexpectedly, in the early morning of the same day, things took a turn for the worse, and this incident suddenly exploded on the Internet!

"Selena! Get online soon! Something happened! Check out the first popular Weibo!"

Selena was soundly asleep when she received Ling Zhizhi's call, she woke up with a jolt, and quickly turned on her laptop.

Then, I saw the popular first Weibo:

Hu Hongda: Thousands of mistakes are all my fault. Here, I solemnly apologize to my family and promise to return to my family and never make the same mistake again! Everyone is welcome to supervise!

Under this Weibo, everyone is asking who is Xiaosan.

Holy sh1t, Ming Fangfang's husband actually cheated on her! See you soon! When the two of them were on the reality show, they were called a conjugal love, and they stuffed me with dog food!

Who is the little three, who is the little three, who is the little three! Seek the truth and gossip! Why did this kind of thing suddenly come to light, without any warning at all!

I don't believe it, I don't believe it, I don't believe it! My Goddess Fang is so beautiful, how could his husband cheat!

Little San is the female second Selena in "The World". Actually, it wasn't sudden. A while ago, Xiao San broke out, but there wasn't much attention at that time!

Portal: Here is everything you want to know, thank you!

...

Then, following the second Weibo, a long time ago, a blogger who claimed to be an insider broke the news that Selena was taken care of by Hu Hongda.

No one paid attention to that Weibo before, but now it has tens of thousands of retweets and comments.

Ming Fangfang is a first-line female artist with a good reputation in the industry. She later married a wealthy businessman Hu Hongda. The two have always been very affectionate and are role models in the industry.

So after this incident broke out, Ming Fangfang's fans scolded her the most.

Immediately afterwards, Susie's fans also sprung up like mushrooms after a spring rain...

Hahahahahahaha... Happy to hear! I have already said that there is an inside story! You still don't believe it!

Louis's fans are actually pretty good, but most of them are young and can't tell right from wrong, now they should know what evil people are like!

It's just a peripheral girl on the 18th line who relies on her face, what's the difference from a prostitute? Acting with her, Susie was simply brought down!

...

This time, Louis's fans didn't dare to speak.

Louis's fan support group has a strong management team, and the head of the group warned all fans not to speak up until the truth is found out, and not to recruit their idols again.

However, there were still some radical little fans who went to Weibo to scold Selena for dragging down Louis, and their words were particularly unpleasant...

Thus, it was Hu Hongda's short sentence that pushed Selena to the forefront in an instant.

Chapter 685

"I'll go! How the hell was he shot while lying down! This man posted such a Weibo post at this time, isn't he cheating!" Selena said a little irritably.

"I've tried my best to contact Hu Hongda, hoping that he can come forward to clarify, but it's too late and I'm sure I'm already asleep, so I can't contact you for the time being. If it's a misunderstanding, I just need to clarify. However, this incident is too coincidental, You just had an affair with him, and he posted such a misleading Weibo post, I'm afraid..." Ling Zhizhi mused.

"Someone wants to mess with me on purpose?" Selena frowned, "It's not right... Hu Hongda, a boss with a status, who has the ability to manipulate him to intentionally slander me? And he even got himself into trouble just to mess with me." A starlet? Isn't this crazy!"

Ling Zhizhi: "So I still think that the possibility of misunderstanding is relatively high. I will go to Hongda Real Estate in person tomorrow morning, and hope that there will be no accidents."

Selena nodded, "We can only wait for tomorrow."

"Don't move for now. Going out now will only make fans more excited, and no one will listen to your explanation. This matter can only be said by Hu Hongda."

"okay, I get it."

After hanging up the phone, Selena obviously couldn't fall asleep, and kept an eye on what was going on online.

Strongly demand that the tainted artists be banned, and all Selena's scenes be deleted! Otherwise, resolutely boycott "The World"

agree! The price of doing wrong things is too low these days, it's abominable to do something that hurts others and live a carefree life!

My goddess Fang's temperament is ten blocks away from Selena's! Is Hu Hongda blind?

b!tch kills the whole family! Stay away from our pasture!

...

Selena held her chin and sighed.

Fans are too easy to control these days, because no one knows anyone across the computer, no matter what they say, they don't need to pay the price. More and more keyboard warriors, regardless of the truth of the matter, say irresponsible words, Self-proclaimed narrow...

It was already one o'clock in the morning, and Selena was still guarding the webpage, lest there be any accidents in the middle.

Just as I was about to make a cup of coffee to refresh myself, my phone suddenly rang with a new message.

Lu Baicai: Haven't slept yet?

Selena was about to reply when she suddenly realized something...

So he hurried to the window, poked his head and looked down. Her legs can already walk slowly, just be careful.

Sure enough, there seemed to be a familiar car parked downstairs, with a small red dot flickering on and off by the window, as if it was lighting a cigarette.

Keren: Are you downstairs in my house?

While sending a message, Selena waved her lighted phone down.

Soon, Selena saw the door of the car downstairs opened, and a person stepped out of the car.

Under the dim light, a slender figure could be vaguely seen with his head slightly raised.

Although he couldn't see his face clearly, he could feel that he was looking at her.

Selena's heart skipped a beat, and she made a phone call directly, "Hello..."

"Ok."

"Why... why are you downstairs in my house?" Selena asked.

"I don't know." The man's voice, which seemed to be cool with the night breeze, sounded a little lonely from the other end of the phone.

do not know?

What kind of answer is this?

However, Selena's heart softened suddenly, "If I didn't find out, you wouldn't be planning to stay there all night, would you?"

"perhaps."

"Daniel, come up." Selena said.

Daniel paused, then said, "Forget it."

"Come up!"

"it is good."

Chapter 686

A moment later, there was a knock on the door.

Selena hurried to open the door.

Seeing Daniel standing still at the door, the corners of Selena's mouth twitched, and she stretched out her hand to pull him in, "I can still eat you!"

A hint of helplessness appeared on Daniel's face.

Where is he afraid of her, he is afraid of himself.

"what are you doing?"

Seeing that she was up so late and the laptop was still on the bed, Daniel couldn't help frowning.

Selena scratched her head, went to the bed and sat down, picked up the computer again, "Something happened, but it's okay."

Daniel's face changed slightly, and he walked over.

After a brief glance, he already understood the general situation, and in the next second, he took out his mobile phone.

Selena found out in time and quickly pressed his hand, "What are you doing?"

"Call Hu Hongda."

The corners of Selena's mouth twitched slightly, "How can you kill a chicken with a butcher's knife! No, you always use the Qinglong Yanyue knife! Sister Zhizhi is already planning to go to Hongda Company in person tomorrow morning!"

After Selena finished speaking, her face became slightly condensed. She felt that there were some things that she had to discuss with Daniel.

"Daniel, let's talk!" Selena looked at him seriously.

Hearing these words, Daniel tensed his back inexplicably, "Okay."

Seeing Daniel's reaction, Selena was puzzled.

Why is he so nervous? This expression made it look like she was about to give up in a second...

Selena thought about her words, and then said, "Hey, you also know that Sister Zhizhi has already made an agreement with me for three chapters. I can't fall in love now, but in the end, I actually committed a crime against the wind..."

Selena heaved a long sigh, and touched Daniel's handsome face, "Beauty, for you, I will go all out!"

Daniel grabbed her troublesome little hand and laughed a little, "So?"

Selena said the awkward words: "So, our affairs must be done in secret!"

"that's it?"

"That's it, otherwise what do you think I'm going to say?"

Selena also knew that this was really unfair to Daniel, so she coaxed her more cautiously, "I know this has wronged you a bit, but since my career is here, I have no other choice!"

"Don't worry, I will cooperate, and I will not interfere or meddle in your work."

Selena was so moved that her eyes stared, "Oh, boss, you are so kind..."

Before he finished speaking, Daniel added another sentence: "But, I also have a request."

"Say what you say, as long as I can do it!" Selena said hastily.

"If there is something you can't handle here, even if you object, I will still intervene. I am your boss, but I am also your man. I can't just sit back and watch my woman being bullied."

Speaking of this, Daniel's eyes suddenly turned sharp, "Maybe you have a special way to solve the problem, but from now on, you are not allowed to use it again. This world has its own rules. Do you understand?"

Selena understood that Daniel was probably referring to the last time he used a gun to force the prop master to make a statement.

She was indeed too impulsive about that matter. If Daniel hadn't cleaned up the mess and the prop master made public about her threatening him with a gun, then the consequences...

When she returned to China, she swore that she would distance herself from everything in the past.

She has only used that gun once so far.

In fact, when a person stays for a long time in the world where problems are solved by fighting and killing at every turn, after returning to the normal world, he will indeed feel uncomfortable for a long time.

Daniel was right, this world has its own rules.

Selena acted cute immediately, "I know boss! If I'm in a hurry, I'll hug my thigh!"

Chapter 687

Seeing the girl's obedient appearance, Daniel's expression eased a little, "Yeah."

After finishing speaking, she glanced at the half-opened coffee on her bedside table, showing disapproval, "Your body hasn't fully recovered yet, don't stay up late, go to bed early."

"Huh? But with all the trouble just now, my brain was so hyperactive that I couldn't sleep for a while!" Selena held her chin and muttered with a sad face.

Immediately, she didn't know what suddenly came to her mind, her eyes lit up, "Oh! It's dark and windy in the middle of the night in the third year of high school, why don't we do something meaningful?"

Daniel's gaze deepened slightly, and his voice was slightly hoarse, "What are you doing?"

a moment later...

"Ahhh...don't..."

Selena's screams came from the bedroom...

On the other hand, Daniel stared blankly at the howling ghosts and howling wolves on the computer screen and the deliberately horrible background music, his face darkened.

Her so-called...meaningful thing is watching ghost movies?

Selena was completely huddled under the quilt, only her small head was exposed, her face turned pale with fright, and she screamed from time to time, "Ahhh...there is a ghost in the closet...don't open it. ..."

Daniel's expression seemed a little speechless, "Why do you want to watch if you're so afraid?"

"That's exciting! I dabble in group movies, but ghost movies are the only thing missing! Because... because I'm afraid of ghosts..." Selena said bitterly.

Daniel raised his brows slightly when he heard this, obviously a little surprised, it's rare that she actually had something to be afraid of.

"So, I never dare to look at it when I'm alone. You're here today, so of course I have to seize this great opportunity!" Selena said excitedly.

Daniel patted her head, "I will accompany you from now on."

Selena nodded her head softly, looking at Daniel with a slightly dazed expression.

Originally, she thought that she had been single for a long time, and if there was suddenly another person by her side, she would definitely not get used to it...

But now, she was nestled under the blanket watching ghost movies, and Daniel was quietly sitting beside her, making her feel that the two of them seemed to be fine...

Probably because the aura of the Great Demon King is so strong that the horror value of ghost movies is extremely reduced, so much so that she can even watch ghost movies and fall asleep in the middle of it...

Seeing that the girl was sleeping soundly, Daniel turned off the movie, and gently tucked in the quilt for the girl.

As soon as I got up, the phone on my body vibrated suddenly.

Caller ID: Mo Lingtian.

Daniel's soft eyes suddenly turned cold. He picked up the phone, went to the balcony and connected the call.

"Hey."

"Hey... Daniel..." Mo Lingtian on the other end of the phone, his voice was as if he had been abused.

"How did the investigation go?" Daniel asked.

"I've already worked so hard on that boy Karl! But...that man...sorry...he missed a move, but he fell short! Originally, I had been able to find out his identity just a little bit! Yes, but the people over there didn't know why they received the news in advance, and cut off all the clues! I'm really at the end of my spring silkworms, and the wax torch has turned into ashes and tears are starting to dry! Don't abuse me anymore ! I will never do it again!"

"The land in the east of the city."

"I'm going to continue the investigation right now! Even if I use up the last candlelight of my life, I will definitely help you find that kid's tail!" Mo Lingtian changed his words quickly.

"Ok."

Daniel was about to hang up the phone when Mo Lingtian on the other end of the phone suddenly stopped him, "Wait... Although I haven't found out about this matter, I have got some other news."

"what?"

"That satan is probably pushed by you this time, and he has already started to clean up his crimes. Maybe he will return to China with a different identity in the near future. Be careful..."

Chapter 688

the next morning.

Lin Zhizhi made a phone call to Hongda Company when she just arrived at work, and wanted to talk to Hu Hongda. This kind of thing is actually a bit embarrassing, and it would be best if it could be resolved over the phone.

At present, Hu Hongda's mobile phone has been completely turned off, so she can only call the company.

"Hi, hello, I'm Lin Zhizhi, the manager of Shengshi Entertainment, can you transfer me to Mr. Hu..."

Unexpectedly, before she finished speaking, the front desk over there said directly, "Sorry, Mr. Hu said, I don't see anyone these days, and I don't answer anyone's phone, especially you people in the entertainment industry!"

The other party's tone was very rude, and after finishing speaking, he hung up the phone with a "snap".

Lin Zhizhi had no choice but to go directly to the company to block people.

The sooner this matter is resolved, the better, there must be no delay.

It is also a coincidence.

As soon as she arrived downstairs at Hongda's company, she saw Hu Hongda getting out of the car, so she trotted over in a hurry.

"Mr. Hu, please stop!"

Hu Hongda is in his early forties this year, because he has been in sensual wine shops all year round, he is bloated, with a big belly, and his hairline is not far from bald. He has completely lost the high-spirited look he had when he first married Ming Fangfang.

Seeing Ling Zhizhi, Hu Hongda looked her up and down with a slightly displeased expression: "Who are you?"

"I'm Lin Zhizhi, manager of Glory World Entertainment!"

When Hu Hongda heard this, his expression immediately changed...

Seeing this, Ling Zhizhi hurriedly continued, "Mr. Hu, I know your time is precious, so I'll cut to the chase. The Weibo you posted last night caused a lot of misunderstanding. I hope you can help clarify."

Hu Hongda glanced at him, and asked unhurriedly, "Misunderstanding? What misunderstanding?"

"Selena, a female artist under our company, was misunderstood as the lady you cheated on."

"Oh... so what?" Hu Hongda was completely indifferent when he heard the words.

Listening to Hu Hongda's tone, Ling Zhizhi had a bad feeling, but she continued to say: "I hope Mr. Hu can post a Weibo to explain."

"They themselves tend to misunderstand. Is it related to me? Why should I explain?" Hu Hongda asked impatiently.

Ling Zhizhi knew that these rich people would not care about other people's life and death, even if someone was accidentally injured by him, she could only be patient, lowered her posture and asked, "It won't take you too much time, just need you to post a few words on Weibo." Character..."

As long as he posts a Weibo, all problems will be solved.

However, Hu Hongda was obviously not prepared to cooperate, instead his face became even worse, and he immediately roared: "It doesn't take me too much time, do you know how much money I earn in one minute? I don't care about your crap in the entertainment industry, I don't think I'm enough Is there a lot of things? Where is the security guard?"

Just when Hu Hongda was about to let the security guard chase him away, a red BMW stopped.

The woman who got out of the car was wearing a champagne-colored prada haute couture dress. She was beautiful and full of aura.

It was Hu Hongda's wife Ming Fangfang.

Seeing Ling Zhizhi appearing here, Ming Fangfang's face suddenly became ugly, "Ling Zhizhi..."

"My wife, you're here..." Hu Hongda saw Ming Fangfang, and immediately greeted him with a full face.

Ming Fangfang is not just an entertainer in the entertainment industry. Her family background is very strong, and her father is a well-known businessman. She only debuted for a year at the time, and she entered the entertainment industry purely out of fun.

That's why Hu Hongda was so afraid of her, and even made a public apology.

"What is this woman doing here?" Ming Fangfang glanced at Lin Zhizhi and asked with displeasure.

Chapter 689

Hu Hongda explained, "This woman insisted on forcing me to post on Weibo to clarify..."

Ming Fangfang immediately sneered when she heard the words, "Clarify? Clarify what? If you want people to know, you have to do nothing! Ling Zhizhi, when you brought Leng Manyun back then, I at least respected you as a person. What are you bringing now? Garbage entertainer? Going to destroy other people's families to be a mistress, and dare to come to me to show off and threaten my husband to clarify?"

Lin Zhizhi frowned slightly, and explained with a neither humble nor overbearing attitude, "Mrs. Hu, I think you have misunderstood. The person your husband cheated on was not Selena. But now everyone has been misled by the previous rumors, so I came here on purpose. Ask Mr. Hu to clarify this point.

You have also been in the entertainment industry before, and you should know what it means to a female artist to pour such sewage.

Moreover, Mrs. Hu, what you want to see is that the person who really deserves to be punished should be punished, right? "

Ling Zhizhi knew that it was useless to tell them anything else, they only cared about their own interests, so she emphasized the last sentence.

Hearing what Ling Zhizhi said, Ming Fangfang looked at Hu Hongda suspiciously, "What's going on? Didn't you say that Selena is the vixen who hooked you up?"

Hu Hongda said without hesitation: "Yes! She is right!"

Hearing this, Ling Zhizhi's expression changed instantly, "Impossible! Mr. Hu, Selena said she didn't know you at all! And you didn't say yes just now..."

Ming Fangfang immediately interrupted her, "Oh, Lin Zhizhi, I really don't know whether to call you stupid or pathetic! Do you believe her when she says she doesn't know you? Why don't you just go back and mess with me here when you have time? Ask your artistes carefully! You dare not admit that you have done something ugly!"

Ming Fangfang had clearly identified it as Selena.

She thinks she has extraordinary looks and temperament. If it were someone else, she would not believe that she would be able to hook up with her husband, but Selena.

Therefore, as soon as Hu Hongda confessed to her, she firmly believed in it, and never doubted it at all.

At this moment, Ling Zhizhi's complexion was extremely ugly.

She thought it was a misunderstanding at first, but who knew... this Hu Hongda was actually planted on purpose!

If Ming Fangfang hadn't appeared right after her, when she confronted him at first, she would have thought that he was just too troublesome and didn't want to explain...

"Where are the security guards! See off the guests! Don't dirty my territory!" Ming Fangfang looked at her condescendingly with her arms folded, her face full of contempt.

As soon as the words were finished, two bodyguards came up immediately, one of them pushed Ling Zhizhi hard, and Ling Zhizhi twisted her ankle without checking, and there was a sharp pain in her feet.

From the moment Hu Hongda said those words, Ling Zhizhi knew that there was no need to stay any longer.

So he stopped staying any longer and went straight back to the company.

Pearl River Royal View.

Selena accidentally realized that she had overslept, and it was past nine o'clock when she opened her eyes.

The first thing I did after waking up was to quickly call Lin Zhizhi to inquire about the situation, "Hey, sister Zhizhi, how is the matter? Did that Hu agree?"

On the other end of the phone, Ling Zhizhi said in a solemn tone, "No, and he insisted that you are the one he takes care of."

When Selena heard this, she exploded immediately, "Dmn it! Does that guy have hallucinations? Even if my mother finds a man to take care of her, she must find someone of Daniel's level. I will find someone like this?"

As soon as the words were finished, Selena realized that something was wrong. Could it be that Daniel hadn't left yet?

Looking around, he saw that Daniel was sitting on the sofa in the living room with the morning newspaper in his hand, looking at her meaningfully at this moment...

Chapter 690

Lin Zhizhi was amused and helpless, "It's fine to talk about this kind of thing in private, but you should always be careful not to let anyone who cares about you hear it."

"Oh..." Selena nodded while sneaking a glance in Daniel's direction.

What should I do if the person involved has heard it?

"Fortunately, this trip has also yielded results. At least it has been confirmed that the other party deliberately planted the frame. It is best to let the person concerned come forward to clarify. Now that this is the case, we don't have to worry about it later."

Selena rubbed her chin, "It's just... I don't know Hu Hongda at all, let alone enmity, why would he do such a thing? Just to frame me by breaking the news about his cheating?"

"My side is already checking the details of Hu Hongda, and the results should be available before noon today."

"Okay, Miss Zhizhi, have you worked hard..."

After finishing the phone call with Ling Zhizhi, Selena immediately hopped into the living room, "Master Boss... You haven't left yet... Hehehe...I just...was praising you!"

The corners of Daniel's lips curled slightly, "Thank you for the compliment."

Saying that, he helped her sit down beside him, "Do you need help?"

"I don't need it for the time being. Let's look at the investigation results from Sister Zhizhi first. Don't worry, if I can't solve it, I will definitely tell you. Ah! It's all over, go to work quickly! If you waste your morning for me , I'll be a sinner through the ages!" Selena hurriedly urged.

Daniel took a deep look at her, his gaze warming up inadvertently, and then he said unhurriedly, "Don't worry, it's not there yet, but I look forward to the day when you let me... go to bed early every day."

"Uh..." After understanding the implication of Daniel's words, Selena's old face suddenly exploded.

Nima! "It's been a short time since the emperor rose up, and the king will not go to court early" or something... It's too filthy!

She didn't mean that at all just now! He also said that he was infected by her, and the big devil is obviously talking about it himself!

...

In just a few minutes after Ling Zhizhi left, Hu Hongda was more reckless, probably because he had completely torn his face, and simply called out the dirty water on Selena by name.

First, Ming Fangfang posted a Weibo: Are all the mistresses this year so arrogant?

Then Hu Hongda, in order to please his wife, immediately posted a message:
Some people please respect yourself and stop disturbing me and my family!
Lin Zhi Zhi Selena

In this way, Selena's accusation of being a mistress was completely confirmed, and all the rational fans who had kept silent all turned against her.

At that time, the photos of Ling Zhizhi at the entrance of Hongda Company were also posted on the Internet, and they were maliciously led to look for Ling Zhizhi to come to find trouble, which completely ignited the anger of those onlookers who didn't know the truth.

After all, people are very sensitive to such things as mistresses these days, and it is too easy to use this to arouse the hatred of passers-by.

Fortunately, because of Louis, I was able to speak well of Selena before! It really blinded my dog's eyes! Die b!tch!

Isn't Ling Zhizhi the manager of that Leng Manyun? I used to like Leng Manyun quite a lot! How did Leng Manyun's manager become like this now? It's really late!

No wonder Empire drove her away before, Shengshi Entertainment was also blind! Originally, because of her being wronged by Susie, I still felt a little sympathetic to her, but now the poor person must have something to hate! deserve it!

...

There was a lot of scolding on the Internet, and the incident entered a fever pitch.

Fortunately, at the same time, Ling Zhizhi found the most important information and immediately called Selena.
