

Cruel Heart Lover Novel

Chapter 691

"I found out, Hu Hongda really didn't do this to frame you, he really cheated, and wanted to protect the real mistress behind him. It just happened that you had an affair with him a while ago, so he naturally pushed you body, and tell Ming Fangfang that he is taking care of you." Ling Zhizhi briefly explained the situation.

"Then who is the real mistress?" Selena asked immediately.

"You know her too, Fang Ya."

"Fang Ya?" Selena immediately frowned upon hearing this, "It's not just that we know each other... There are also many festivals..."

If it was someone else, she would still think that she was unlucky, but if it was Fang Ya, she would have to think deeply. Could Susie be involved in this matter?

"Furthermore, Fang Ya is pregnant." Ling Zhizhi said.

"I'll go! Is it true? No wonder that sgumbag Hu Hongda wants to defend her so much!"

Selena also paid attention to Hu Hongda and Ming Fangfang's affairs during this period, and saw rumors that Fangfang hadn't conceived a child in the past seven years of marriage, and it seemed that she had a physical problem and couldn't conceive.

If it's true, it's no wonder that Hu Hongda is so nervous, Fang Ya, otherwise, a man like this would not care about other people's life and death. He took great pains to excuse her.

Because he knew that with Ming Fangfang's tough temper and the strength of her natal family, if Fang Ya was discovered, the child would definitely be lost.

"Hu Hongda acted cautiously, but fortunately, it was finally found out. After I edited the copy and sent it out, I will tell you how to issue a statement then."

"It is good."

...

At the same time, a box of a western restaurant.

Susie and Fang Ya were having dinner.

Susie took her mobile phone, scrolling through the vicious cursing of Selena on the Internet, and even the incident where she wronged Selena before showed signs of reversal, and she felt more at ease than ever before.

However, she naturally didn't show it. Instead, she had a guilty and uneasy expression, "Doing this...would it be too much?"

On the opposite side, because the crisis was finally resolved, Fang Ya relaxed her anxious and nervous mood, and was eating a top-quality steak leisurely.

Hearing Susie's words, he raised his head with an indifferent expression and said, "How can that be! This woman is a vixen, even if she didn't hook up with Hu Hongda, she must have hooked up with someone else! I'm doing harm to the people." She deserves it!

Besides, if this woman troubles you again and again, I will avenge you! Susie, don't be soft-hearted at this moment, being kind to the enemy is being cruel to yourself! "

Fang Ya was afraid that Susie would change her mind midway.

Susie sighed and said, "The matter is already like this, so naturally I won't soften my heart, otherwise I will hurt you."

Only then did Fang Ya heave a sigh of relief, and touched her stomach with a happy face, "Hmph, I'm not the same as Xiaosan, Hongda and I really love each other, and now we have the crystallization of love! This child, I Be sure to give birth! He has promised me that as long as I give him a son, he will divorce his wife!"

Susie sneered in her heart, do you believe this kind of nonsense?

She was sure that Hu Hongda's idea was to bring the baby back to Ming Fangfang when she gave birth, and when the baby was born, Ming Fangfang and her natal family would have to compromise if they didn't compromise, and he would promise to kick Fang Ya. She is absolutely not allowed to contact the child. When the child is born, Ming Fangfang's natal background will not be lost. Everything is perfect.

Chapter 692

Hearing Fang Ya's words, Susie made a worried expression on purpose, and sighed softly, "Of course I hope you are well, but..."

Seeing this, Fang Ya was puzzled, "Susie, why are you sighing? Isn't everything going well now?"

Susie hesitated and reminded: "Xiaoya, I'm afraid you can't relax completely now, after all that Ling Zhizhi is not easy to deal with, and now she must be trying to get rid of Selena..."

"So what? As long as Hongda doesn't let go!"

"But just in case, she finds out about you..."

Fang Ya was stunned when she heard the words, she almost choked on a mouthful of steak, "Shouldn't it be so easy to find out?"

Susie shook her head, "Ling Zhizhi has been in this circle for many years anyway, this kind of thing is her strong point, so... I can't guarantee it!"

Fang Ya panicked when she heard this, "Then... what should I do then? Susie, help me find a solution!"

"This..." Susie had a troubled expression.

Fang Ya became even more anxious, "Susie, please! You can't just ignore death! I have two lives now! The child in my stomach will call you godmother after it is born! Please save us quickly Mother and son!"

Susie seemed to be softening her heart, so she said helplessly, "No matter how capable Ling Zhizhi is, she is only a small manager. No matter what she has found out so far, you should quickly call Mr. Hu and let her He just warned Ling Zhizhi!

As for how to warn her to be a deterrent so that she doesn't dare to move around, Mr. Hu must know better about this aspect, just leave it to him to do it! "

"Susie, you're still smart! Without you, I don't even know what to do! I'll call right away!" Fang Ya took out her phone gratefully and called Hu Hongda.

On the opposite side, Susie took a sip of her coffee, the corners of her lips curled up slightly, her face full of sarcasm.

Shengshi Entertainment.

Lin Zhizhi edited the PR copy as quickly as possible, checked it carefully, and after confirming that there was no problem, she prepared to release it.

However, just as the finger covering the mouse was about to press the send button, the phone suddenly rang.

She took a quick glance and found that it was Hu Hongda's phone call.

After hesitating for a while, he still connected, "Hello, Mr. Hu."

It was difficult to get a phone call with him before, but I didn't expect him to take the initiative to call.

I don't know... what will happen...

Ling Zhizhi had a bad feeling.

Sure enough, Hu Hongda on the other end of the phone said with a gloomy tone, "Miss Lin, you already know this, right?"

Is this... probing her words?

Lin Zhizhi asked vigilantly, "I don't know what President Hu is referring to?"

Hu Hongda sneered, "Ling Zhizhi, I don't care if you investigate some things that shouldn't be investigated, I warn you, you'd better stop meddling with this matter, at worst it's just another artist belt, for you There is nothing to lose, so why bother asking for trouble?"

"Boss Hu is threatening me?"

"Hehe, it's good that you understand. Lin Zhizhi, don't be too clever, you can check, and I can check... Guess what I found?" Hu Hongda deliberately paused, and then continued:

"I thought you were so noble, Ms. Lin, but I didn't expect you to have a private life. You always claimed to be single, but you didn't expect... to have a five-year-old daughter! That little girl looks really juicy, no Do you know whose wild species it is?"

NEXT CHAPTER

Chapter 693

Ling Zhizhi's complexion suddenly changed, "You..."

"Miss Lin, that's all for now. You'd better be sensible, otherwise, I won't guarantee what will happen to your precious daughter!" After Hu Hongda finished speaking, he hung up the phone with a snap.

Ling Zhizhi held the phone that was hung up, her face was as pale as paper.

Then, shaking her hands, she hurriedly called the school, "Hello, Teacher Wang! Is Lingling there?"

"Mother Lingling, Lingling is here!"

Ling Zhizhi's heart immediately settled down, and her tone softened, "What is she doing?"

"I'm playing with building blocks with a child, I'll let her talk to you! Lingling, come here quickly..."

Soon, a sweet, soft and very energetic voice sounded from the other end of the phone, "Mama Mama....."

"Hey, baby, be good!"

"Mama, when are you coming back to see Lingling?"

"Mom... I'm too busy at work... Can I see you as soon as I'm done? You obediently listen to your grandma and grandpa. Also, remember what your mother taught you, you must never talk to strangers, you know?"

After calling her daughter, Ling Zhizhi was still worried, so she called her parents again and explained it carefully.

Then, she stared blankly at the copywriting on the computer screen that she hadn't had time to send out, and fell into a struggle...

A villa on the outskirts of the imperial capital.

Hu Hongda hung up the phone, holding Fang Ya in his arms, with a carefree expression, "Baby, don't worry, the matter has been settled, there will be absolutely no problem, just feel at ease to raise your baby and take good care of my son!"

"Great! There shouldn't be any accidents, right?" Fang Ya was still a little uneasy, wondering if pregnant women like to think too much.

"What accidents can there be? It's just a small agent. I can crush her to death as easily as an ant!"

"But, after all, she is a member of Shengshi Entertainment, if the people above intervene..."

"There are so many managers and celebrities in Shengshi Entertainment, the people above will take care of such trivial matters? Even if they know about this, do you think they will offend me because of a small manager? Even if Saul, the boss of Shengshi, came to me personally, I am not afraid either!"

Fang Ya finally relaxed after hearing the words, and looked at Hu Hongda with eyes full of admiration, "Yeah, I knew you are the best, husband!"

...

On the other side, Selena had been waiting for Ling Zhizhi's notification, but she still didn't get it.

Could there be another accident?

Selena frowned, and hurriedly made a phone call to inquire about the situation, "Hello, Miss Zhizhi!"

The phone rang several times before it was picked up, "Hello, Selena..."

"Sister Zhizhi, what's wrong with you? The voice is not right... Is something wrong?"

"There have been some accidents, the original plan is going to be suspended..." Ling Zhizhi said with some difficulty.

Selena was keenly aware of something, "Sister Zhizhi, did the other party threaten you?"

There was a depressive silence on the other end of the phone.

Selena knew that she had guessed right, she had been a little worried before, but unexpectedly it came true.

"Sorry Selena..."

"Sister Zhizhi, what nonsense are you talking about, I am the one who should say sorry, you could have given up on me, but you never did, and I have been the one who has always caused you trouble... Zhizhi Sister Zhi, leave this matter to me! I will find a way!"

Oh sh1t! How dare she bully her woman! Since the other party is unkind, then we can't blame her for cheating!

After Selena hung up Ling Zhizhi's phone, she dialed again, "Hello! Master Boss!!!"

"Huh?" A man's cello-like deep and pleasant voice came from the other end of the phone.

"Please hug your thigh..."

Chapter 694

Lu Corporation, meeting room.

Daniel who was talking suddenly stopped and answered the phone.

"Ok?"

Then, without knowing what the person on the other end said, their iceberg boss actually melted the ice and snow in an instant, and laughed softly.

Then I heard Lord Boss say in an extremely gentle tone, "I'm in a meeting, you ask him to meet, and I'll be there soon."

In the conference room, everyone looked at me and I looked at you, looking at each other.

How do you feel that the state of the boss is wrong?

This strong... the sense of sight when spring comes...

On Daniel's left, Saul's expression was numb and his face was full of lovelessness.

Haha, otherwise, we should continue planning to become a monk?

His brother will be abused if he loses love, but if his brother falls in love, he will still be abused...

On the other side, Selena called Hu Hongda according to Daniel's wishes.

Daniel was very considerate, fearing that she would not be able to contact Hu Hongda himself, he even sent her his private mobile phone number.

"Hey..."

After Hu Hongda received the call, he was talking to Fang Ya. He was a little impatient to answer it, but the woman on the other end of the phone had a surprisingly pleasant voice, so he couldn't help asking, "Hello, who is it?"

"Hi Mr. Hu, I'm Selena."

"Selena? Which Ning... ah! Selena! Hehe..." Hu Hongda realized that he had no intention of hanging up the phone.

This Selena is an absolute beauty! She is even more beautiful than his wife Ming Fangfang!

So, when Fang Ya asked him to push on this woman, he was actually quite willing in his heart.

After all, men have a bit of vanity, and it is also a kind of capital to show off by having sex scandals with such a beautiful woman.

After learning about him, quite a few cronies have already called to joke with him, saying that he has a lot of sex.

This society is like this, the price of men's derailment is always much smaller than that of women.

Most of the blame is borne by women.

Hu Hongda is not from the entertainment industry, so this kind of incident has limited impact on him. At most, the company's stock will fluctuate for a few days. As long as he and Ming Fangfang don't divorce, it will soon stabilize.

Even in the future, this may still be his capital to show off in front of people...

As for Fang Ya's beauty, which is not considered a beauty at all, he really doesn't like it. It was this woman who climbed into his bed at the beginning, and her performance on the bed was really good, so he didn't have to accept it. up.

On the side, Fang Ya heard that it was Selena who called, and she immediately became wary, "Hongda, what is she calling you for?"

Hu Hongda signaled her to stop talking, and then continued to talk to Selena: "What, you have something to do with me? Hehe, just like your manager, you want me to issue a statement to clarify?"

"I can't tell you clearly on the phone, Mr. Hu, why don't we talk about it in person?" Selena suggested.

As soon as the words fell, Hu Hongda's cloudy eyeballs immediately rolled and rolled, and he couldn't help feeling a little excited.

What is this little woman trying to do by asking him to meet at this time?

Could it be that it can't be cleared anyway, so it's better to be charged directly?

Tsk... such a superb product, he really wants to try what it's like...

"Okay! Of course." Hu Hongda readily agreed.

"Well, in an hour, Provence restaurant, box 18, see you there or not." Selena on the other side made an appointment with him, then hung up the phone.

Chapter 695

After Hu Hongda hung up the phone, Fang Ya became impatient, "That vixen actually asked you to meet, what does she want to do? Husband, why did you agree to her!"

"Oh, it's just a meeting. Let's see what she wants to do. It's not a big deal! Be good, be good and wait for me to come back at home!" Hu Hongda went into the bedroom after talking, and started to pick up his clothes.

"Honey, don't go, okay, that vixen definitely has bad intentions!"

"Can I still be afraid that she won't make a film as a little girl?"

"I'm not saying you're afraid of her, I'm saying...in case she seduces you! Husband, you don't know, that woman is a coquettish woman with a particularly bad reputation, and I don't know if she has any unclean diseases on her body. Don't be fooled by her!"

"Do you think I'm such an easily deceived person? Well, well, rest at home, and don't worry about these things." Hu Hongda's tone was already a little tough.

It seemed that he had made up his mind to go.

Fang Ya was so angry that she almost bit her lips, she hurriedly hid in the small garden behind, and quickly called Susie, "Susie..."

On the other end of the phone, Susie was having a spa in the beauty parlor. Hearing Fang Ya's tone of asking for help, her expression was filled with impatience, but she still held back her patience and asked with concern, "What's wrong, Xiaoya?"

"Susie! I'm about to be so pissed off by that b!tch! How can that woman be so mean!" Fang Ya's tone was extremely excited.

"Who are you talking about? Selena? What's wrong with her?" Susie pulled herself together and asked vigilantly. Seeing that the plan is about to succeed, you can't fall short.

"She actually called my Hongda just now and asked him to meet alone! Hongda has gone out now! I can't persuade him no matter what! What does she mean by asking him to meet at this time? You say I Do you want to follow secretly? What if Hongda is really seduced by her?" Fang Ya became more anxious as she thought about it.

When Susie heard this, not only was she not worried, but she showed an excited expression, "No, don't go! Wouldn't it be better if she really did this?"

"What's wrong? My man is going to be snatched away! What's more, I'm pregnant now, and I can't satisfy him! If he really wants to..."

"You have a child in your belly. What are you afraid of? Aren't you worried that there is no definite proof that Selena will turn around in the future? Now that she has come to your door by herself, isn't it just what you want? So, you don't have to go by yourself at all! You Ah... Now send a text message to Ming Fangfang anonymously! Tell Ming Fangfang to catch the rape on the spot!" Susie taught.

Fang Ya was suddenly overwhelmed with excitement, "Yes! Why didn't I think of that! Susie, you are so smart! In this way, even if she wanted to, she wouldn't be able to refuse! That woman Ming Fangfang is not easy to mess with, hmph, now Sometimes, she will suffer..."

After hanging up the phone, Fang Ya sent a text message to Ming Fangfang immediately: Provence restaurant, box 18, your husband is having a tryst with a vixen!

Selena, let me see how you turn around now!

...

On the other side, Cheng Feng led the order to send the proprietress to the restaurant, and dutifully sent her to the box all the way, he almost wished he could get a wheelchair to come here, for fear that there might be some carelessness.

"Assistant Cheng is bothering you, go and do your work!"

"What... what if Hu Hongda came first? I'll stay here with you and leave after the boss arrives!" Cheng Feng said cautiously.

"Auyou, it's okay! It's fun when Hu Hongda comes first, it's not fun when you're here! Besides, you should be worried about Hu Hongda, right?"

Assistant Cheng recalled Selena's various stalwart deeds, and said that he could not refute...

Chapter 696

After Cheng Feng left, Selena didn't wait for a few minutes before someone came.

The one who arrived first was really Hu Hongda!

Selena wore a rose red senior sweater today, which made her complexion as white as snow, and her delicate face was even more beautiful. She was holding a steaming Longjing cup with both hands and sipping.

As soon as Hu Hongda saw the woman in the opposite seat, he was stunned.

He had only seen photos before, and most of the photos were edited, distorted and exaggerated, but he never expected that this woman was much more beautiful in real life than in the photos.

Even more beautiful than his wife when she was young.

Strictly speaking, the two should be of different types, Ming Fangfang's graceful and glamorous like a rich flower in the world, but Selena's beauty has a wild and unruly beauty, like a rose with thorns, which makes people more excited, almost instantly aroused his interest and a man's desire to conquer.

"Miss Ning has been waiting for a long time." Hu Hongda casually stood up.

Looking at the glowing wax on Hu Hongda's hair, Selena's eyes flickered, "I just arrived too, Mr. Hu, please sit down."

Hu Hongda sat down across from Selena, his eyes swept over her unrestrainedly, and asked knowingly, "Miss Ning, what do you want me for?"

Selena turned the teacup in her hand, raised her eyebrows slightly, "My purpose...Mr. Hu, you should be very clear, right? You just posted two Weibo posts, but it made me miserable, and now I'm being beaten and killed by everyone. , don't say that the entertainment circle can't stay any longer, and they dare not even leave the door..."

"Oh? Really?" Hu Hongda looked at Selena like a prey in his bag.

"Smart people don't speak dark words, Mr. Hu, what can you do to clarify the facts?"

Hu Hongda only thought that Selena was playing hard to get, and was happy to accompany her. He laughed and said, "Miss Ning, why bother to clarify the facts?"

Selena raised her eyebrows, "What does Mr. Hu mean?"

Hu Hongda stretched out his hand towards Selena, a little impatient, so he directly pointed out, "It's better to make the mistake and just follow me. The rest of your life has no worries about food, clothing, gold and silver. Wouldn't it be better than your hard-working acting?"

Selena leaned back, calmly avoided the other's approaching hand, and said in a drawn-out voice, "Boss Hu, are you trying to cover me?"

With a slightly protruding beer belly, Hu Hongda had an aggressive expression, "Miss Ning, you can make a price."

Selena held her chin, "Mr. Hu, are you not afraid of my recording?"

Hu Hongda seemed to have known it for a long time, with no fear on his face, but instead smiled with your naive expression, "Little girl, how dare you fight me with such a trick? You should know why your manager suddenly ignored you Right? You want to try too? I think...you are a smart person, you shouldn't be as ignorant as your manager, right?"

After meeting Selena with his own eyes, Hu Hongda had already made up his mind to pay attention, even if she refused, he would still settle for this woman.

"Mr. Hu, are you preparing... to bully others?"

This Hu Hongda is simply a ra5cal...

Hu Hongda laughed loudly without any scruples, "So what if I just bully others? I have the capital!"

Selena frowned slightly, didn't speak, but just checked the time on the phone.

Hu Hongda hit a stick and gave a jujube, and persuaded in a soft voice, "Little girl, what's wrong with following me? Isn't the ultimate goal of your business to find a rich patron? In the imperial capital, how many people are more powerful than me?"

Chapter 697

The two were talking, when the door of the box behind them was suddenly pushed open from the outside.

"Hu Hongda, you liar! You ba5tard! How dare you have an affair with that vixen behind my back!" A woman rushed in hysterically.

Selena originally thought it was Daniel who came, but she didn't expect it to be Ming Fangfang...

When Hu Hongda saw Ming Fangfang, he panicked, "Old...wife...why did you come?"

Ming Fangfang's face was full of anger, "Someone texted me telling me that you were having a tryst with this b!tch! I didn't believe it at first! I didn't expect... Okay, your surname is Hu! Just after you made a promise to me, you are messing with this woman again." Together!"

"What? Someone sent you a text message?" Hu Hongda's face darkened.

Only one person knew about his coming to find Selena, so the person who texted Ming Fangfang could only be...Fang Ya?

This Dmned woman kept saying that she would not destroy his family and wanted nothing, but she actually did such a trick behind her back!

Women are such a hassle!

Hu Hongda's expression was extremely impatient, but he could only resist coaxing, "Honey, you really wronged me this time, you are so kind to me, how could I get mixed up with this kind of woman again?

This time, she was the one who shamelessly pestered me, saying that if I didn't come to see her, she would go directly to you. How could I let her harass you?

So, I was forced to come here! That text message must have been sent to you by this woman, the purpose is to drive a wedge between us, wife, don't be fooled by her..."

On the opposite side, Selena was holding a teacup, her head was full of black lines, and the corners of her mouth twitched slightly.

How do you say something?

I would rather believe that there are ghosts in the world than believe in a man's mouth...

She has seen it today.

This Hu Hongda, the ability to open his eyes and tell lies is too good, right?

However, some people still believe it.

After hearing Hu Hongda's explanation, Ming Fangfang's expression softened a lot, and she immediately turned her gunfire on Selena, who was opposite her, "b!tch! First you ordered your manager, but now you don't hesitate to come out and commit a b!tch yourself! What are you going to do?" Shameless? They are still pestering Hongda even now! Is it so cool to grab someone's husband?"

Selena gently put down the teacup, raised her eyes slightly, and said unhurriedly, "I'm sorry, I really don't like you."

Ming Fangfang's complexion immediately changed when he heard the words, and even Hu Hongda's complexion was a little uncomfortable.

Ming Fangfang immediately sneered again and again, "Ha, you are so ridiculous, what a big tone! You don't like my husband? Then who else do you want to hook up with?"

As soon as the words were finished, there was a "squeak" behind him, and the door of the box was pushed open again.

The moment the door opened, a person walked in.

The visitor was dressed in an iron gray suit and a pure black overcoat. It seemed that it was snowing outside the house. There were white snowflakes on the man's hair and shoulders. His expressionless face seemed to be colder than the snowflakes, which made people shudder.

Seeing the people coming in, Hu Hongda almost choked on his own saliva, "Lu... President Lu!?"

Hu Hongda thought he was delusional, but it turned out that the person who came was Daniel, the president of the Lu Group, whom he had been dating for several months...

This...how is this possible!

But with Daniel's face, there was no way he could have mistaken it.

Not only Hu Hongda, but Ming Fangfang was also full of astonishment. She stayed in Shengshi Entertainment for a year and had a crush on this legendary big boss for a long time.

She had seen it once at the ribbon-cutting ceremony of Glory World Entertainment, but she never thought that after many years, she would have the opportunity to see the real person again, still at such a close distance...

Chapter 698

God seems to have a special preference for this man. Not only did time not leave any marks on his face, but it made him more charming, and his aura was stronger than before.

Ming Fangfang suppressed her excitement, and started to talk, "Mr. Lu...why did you come here? Our room is No. 18, did you go to the wrong place?"

Whatever the reason, don't miss this opportunity!

Hu Hongda immediately forgot everything, hurriedly put on a smiling face, and stretched out his hand to meet him, "It's really Mr. Lu. I didn't expect to see you here. I always wanted to ask you to talk about Chengdong. The cooperative development of that land..."

However, halfway through the conversation, Daniel passed him and walked towards the direction behind him as if he hadn't seen him.

Both Hu Hongda and Ming Fangfang were taken aback, "You are..."

Daniel walked straight up to Selena, and saw her sitting there wearing a thin red sweater, her brows were furrowed, her cold face was full of displeasure, her wide palm was covering the back of the girl's hand, "Why are you wearing so little?"

Selena touched the unmelted snowflakes on Daniel's hair with surprise, "Oh, it's snowing outside? It wasn't snowing when I came here just now!"

"En." Daniel nodded, feeling the warmth of his little hands under his palms, his expression eased a little.

At this moment, Hu Hongda and Ming Fangfang on the opposite side looked at each other, completely dumbfounded...

This... what is the situation...

Daniel...and this 18th-tier actress...

Two completely unrelated people... how could they get involved? And it seems that the relationship is very unusual!

For a moment, Hu Hongda was trembling with fear, while Ming Fangfang was full of suspicion, as if he noticed something was wrong.

Before the two of them recovered from the shock, Selena suddenly remembered something, took Daniel's arm, turned to Hu Hongda and said, "By the way, dear, I forgot to introduce you, this gentleman is Mr. Hu from Hongda Real Estate is the one who takes care of me..."

Hu Hongda: "!!!!!!!"

Ming Fangfang: "..."

Daniel was like an ice sculpture at this moment, his words were like ice: "You took care of my girlfriend?"

The moment the words fell, Hu Hongda almost fell to his knees with a thud!

Lu... Daniel's girlfriend? ? ?

This woman turned out to be Daniel's girlfriend?

He...has he gone crazy to take care of Daniel's woman!

Most importantly, Daniel's girlfriend still needs to find a man to take care of her?

If you say this, people will probably think he is crazy!

Ming Fangfang knew exactly what was wrong at this moment, she never thought that Selena and Daniel had such a relationship!

No wonder... No wonder Selena just said that she doesn't like Hu Hongda...

That being the case, it is impossible for Selena to be taken care of by Hu Hongda, so why did Hu Hongda lie?

At this moment, Hu Hongda finally realized what kind of person he had offended, and he didn't care about Ming Fangfang's presence. Immediately,

his face turned pale, and he explained in a hurry, "This, this, this... misunderstanding! What a big misunderstanding!"

Selena said, "How could it be? You admitted it on Weibo, and you gave me back!"

"That...that was a mistake! I, Aite, made the wrong person! Miss Ning, please explain to Mr. Lu quickly, I didn't... how could I have adopted you!"

Selena blinked, "Explain what? You've got me covered!"

Chapter 699

Hu Hongda was so choked that he couldn't say a word: "..."

He finally knew what it meant to shoot himself in the foot with a mouth, and he couldn't tell...

Hu Hongda was full of remorse right now, how could he be so unlucky, he just found a woman to take the blame, but this woman turned out to be Daniel's girlfriend...

Wasn't Daniel always single? There are even rumors that he likes men!

How come you have a girlfriend without saying a word! It really screwed him to death!

No matter how powerful and powerful he was in the imperial capital, once he was released in front of Daniel, he would be nothing.

No matter how unwilling Hu Hongda was, he could only admit that he was unlucky, and said in a low voice, "Miss Ning, this matter is my fault. I didn't know you were Mr. Lu's girlfriend before, so I offended you so much. I'll delete it now." That Weibo, and then explained the matter clearly, saying that I made

a mistake in Aite and the wrong person, everyone is happy, do you think this can be handled?"

All the best...?

He thought so beautifully!

Not only did he clean himself up, but he still wants to protect the real mistress behind him.

Selena sneered, glanced in Ming Fangfang's direction, and then replied, "Aite is the wrong person? Even his own mistress can be wrong with Aite, and at the same time, Aite made two mistakes? Mr. Hu thinks this Will anyone believe it?"

Hu Hongda was a little dissatisfied and said, "Who would dare not believe what I said personally! You can rest assured!"

Selena didn't have the patience to continue listening to Hu Hongda playing tricks here, and said directly, "Announce the real third party, and admit that you deliberately slandered and framed me, this matter is over."

"Miss Ning, I advise you not to deceive others too much!" Hu Hongda's expression changed immediately, and at the same time, he glanced at Ming Fangfang beside him in panic.

If it is announced, the child in Fang Ya's belly will definitely be lost!

Dmn it, isn't it Daniel's girlfriend? Who knows how many days she can be a girlfriend?

He's just an actor, can he still enter the Lu family in the future? I really think of myself as an onion!

What's more, although Hu Hongda is incomparable with the Lu family in the imperial capital, he is still a character anyway!

Thinking of this, Hu Hongda suddenly gained confidence, and immediately ignored Selena, but turned to Daniel and said, "Women are ignorant, Mr. Lu, let's talk about it. Isn't my method the best of both worlds? Both you and me it is good!"

Then, he deliberately paused, then looked at Selena and said, "Otherwise, I'm really going to be pushed to that point, hehe..."

This last sentence is actually a bit of a warning.

It's not for nothing that he's been around until today, even Daniel still has scruples about him.

Looking at Hu Hongda's sullen expression, Daniel's face was calm and calm, without saying a word.

And at this moment, Ming Fangfang finally recovered from the chaos, and immediately trembled with anger, "Hu Hongda! You murderer! You lied to me! You lied to me again! Who is that b!tch? You actually let you protect her so much!"

"Wife...Wife, calm down! Let's talk about this when we get home, shall we? Don't let outsiders see the joke!" Hu Hongda thought in his heart, since he can't afford to offend Selena, at worst, he'll turn around and find another woman to frame her. In short, Fang Ya must not be exposed.

Just as Hu Hongda was thinking this way, his cell phone rang like a reminder for his life. Seeing that it was the vice president of the company calling, he said impatiently, "Hey, what's the matter when I come back... What did you say? The company's stock suddenly Plummeting? How can it be so good..."

Chapter 700

When Hu Hongda said this, he suddenly looked at the man on the opposite sofa with a cold and indifferent expression with horror on his face, and suddenly felt a chill in his body...

Yes...it's Daniel...

Dmn it! This man turned out to be!

I have long heard about the almost terrifying power, wealth and connections of the other party, but I never thought that it would be so terrifying. In just a few minutes, the life and death of a company can be decided...

After hearing Hu Hongda's phone call, Selena was also a little surprised.

When exactly did Daniel do it...

Even if he had already done it when he knew about it last night, it would be too fast!

A single disagreement will make you bankrupt...

The Great Demon King really taught her a vivid lesson, letting her know what is real... bullying others!

Hu Hongda listened to all kinds of reports from the vice president on the phone. Either the stock plummeted or the order was withdrawn. But overnight, the whole company was on the verge of disintegration. If there was no other way, the only way to go was bankruptcy. !

If it was an ordinary person, he might still be able to fight, but in the face of absolute strength, he couldn't even have the slightest desire to resist.

Hu Hongda had no time to think about it, and if he was delayed for a second, the company's loss would be even greater, "I... I know! I will do what Miss Ning said immediately! Mr. Lu, you have a lot! Let me go! "

At this moment, Hu Hongda didn't have the arrogance to say "I'm just bullying others", trembling and quickly edited a Weibo and sent it out: The woman I cheated on was Fang Ya, not Selena! I was infatuated with ghosts before and slandered her in order to protect my lover. Here I solemnly apologize to Ms. Ning and her manager, Ms. Ling Zhizhi!

"But...is it okay?" Hu Hongda looked at Selena tremblingly and asked.

Selena thought about it for a while, and felt that it was almost done. Later, she would ask Sister Zhizhi to send out the evidence of his affair with Fang Ya, and the matter would be completely clarified.

Just as he was about to nod, Daniel, who had been silent at the side, suddenly said, "Hold a press conference to clarify publicly."

Selena: So ruthless...

Probably because he thought it was too easy to post on Weibo in just a few seconds. This was to make him publicly humiliate in front of everyone...

Moreover, she found that Daniel's method was indeed much more cautious. With just a Weibo post, those reporters might still think wildly and make a big fuss. It's better to let them all ask Hu Hongda the person involved. It is expected that Hu Hongda will not dare to talk nonsense when he arrives. of.

"No problem, no problem! I'll hold it as soon as I get back!" Hu Hongda didn't dare to complain at all, so he could only grit his teeth and agree.

At this moment, he has scolded Fang Ya countless times in his heart.

That Dmned stupid woman! It's not good for him to frame someone, but he chose Daniel's woman. Isn't that killing him!

Almost ruined everything about him!

Ming Fangfang stared blankly at this series of sudden changes, and asked in a daze, "Fang Ya?"

She had a slight impression of this person, but he was just a third-tier entertainer with mediocre looks and bad acting skills...

She actually... lost to this kind of thing?

His husband actually lied to her from the beginning to the end for her?

It was only then that Hu Hongda realized that there were more troublesome things ahead. Now that the company had been hit hard, if Ming Fangfang divorced him at this time, the consequences...
