## Chapter 701

The more Hu Hongda thought about it, the more flustered he became, and he hurriedly coaxed, "Wife... Wife, can you forgive me one more time? I promise I will never lie to you again!"

At this moment, he couldn't help but think of Ming Fangfang's kindness.

In addition to being married for many years and not giving birth to him a son and a half daughter, he is beautiful and has a generous personality. All these years, he has been by his side without complaint, taking care of his daily life, and most importantly, he is still strong in his career. help...

no! He absolutely cannot divorce Ming Fangfang now!

"Wife, really, I can swear it!"

However, this time, Ming Fangfang no longer trusted him as before, and believed as long as he said, but her eyes were frighteningly cold: "Oh, don't lie to me? Okay, then tell you why you have to do everything possible protecting that woman?"

Ming Fangfang pressed her questions word by word.

"I..." Hu Hongda was a little flustered by Ming Fangfang's eyes, "I was bewitched by that woman, and I was confused for a while!"

The last trace of hope in Ming Fangfang's eyes for the man in front of her was finally shattered, "You lied to me...you are still lying to me! That woman is pregnant! Is she pregnant!!!"

Ming Fangfang almost roared out these words!

Apart from this reason, she couldn't think of any other reason for this man whose interests are paramount to defend that woman so much.

"I..." Hu Hongda knew that he couldn't hide it anymore, "Fangfang, I'm a man! What man can bear to have no offspring? You have never been able to give birth, and your parents are urging you every day. What do you want me to do..."

"So you cheated? So you betrayed me? So you joined that b!tch to play me around like a fool? Hu Hongda! How have I treated you all these years? Just because I didn't give birth to you? You Do you have any conscience at all!"

"I..."

"Since you want a child so much, why don't you just ask me for a divorce and find a woman who can have a child with you? If you mention it to me directly, I promise to sign the divorce agreement without saying a word. Why do you keep saying Love me, say you don't care about children!"

"Honey, I... listen to me..."

"What are you saying? Are you pretending to love me because you are afraid of losing the protection of the Ming family if you divorce me? Are you saying that you are a scum from the beginning to the end!!!" Ming Fangfang lost control of her emotions completely. He knocked everything on the table to the ground.

On the opposite side, Daniel leaned slightly to block Selena with his body to prevent her from being hurt by the debris.

Ming Fangfang felt an indescribable sourness in her heart when she saw Daniel's subtle movements to protect Selena...

Seeing that the two were about to leave, Ming Fangfang took a deep breath and said with difficulty, "Selena, I'm sorry, I misunderstood you."

Selena turned her head and glanced at the frail figure of Ming Fangfang, who was so invincible, feeling mixed feelings in her heart...

out of the restaurant.

Selena's heart was still a little heavy, and she couldn't help muttering angrily, "Men really don't have a good thing!"

Daniel: "..."

Selena suddenly remembered that the Great Demon King was still nearby, and hurriedly turned her head to smile, "Except for Mr. Boss! Mr. Boss is the best!"

Daniel looked at the girl's small face, stretched out his hand, and held her in his arms, "I won't."

Selena: "Huh?" Nothing?

Daniel: "I won't force you to have a son."

Selena was sweating: "Of course you won't, you already have a son..."

Daniel: "I won't betray you either."

Snowflakes were falling one after another, Selena looked up at him, "Yes, I believe it."

## Chapter 702

Selena was wearing Daniel's windbreaker and was tightly covered. Just as she was about to ask Daniel if he wanted to go to the company later, there was a sudden vibration from the clothes.

"Daniel, it seems your phone is ringing."

Daniel took out his phone from his coat pocket, looked at it, and frowned slightly.

"What's wrong? Who's calling?" Selena couldn't help asking.

Whose phone call would Daniel have this expression of "I can't handle it"?  
What a surprise...

"Rick's teacher." Daniel replied.

"Ah? Isn't it time for class? What is the teacher calling at this hour?" Selena asked suspiciously.

Daniel thought for a while, then handed the phone to Selena, "You pick it up."

Obviously, Daniel was not very good at dealing with creatures like his son's teacher.

"Huh? I'll take it?" Selena scratched her head, "Uh, okay... I think it's better if I take it too..."

It was hard to imagine the scene of Daniel communicating with Rick's teacher, maybe the teacher would talk about it, and he would just reply "um".

Of course, the greater possibility is that the teacher might have just started to say something, but Daniel was too frightened to say anything...

So, Selena didn't refuse, and directly picked up Daniel's cell phone to connect the call. In order to let Daniel know what was going on, she turned on the speaker.

"Hey, is this Rickey Lu's father?" A female teacher asked from the other end of the phone.

"Mr. Wang, hello, I'm Rickey's mother." In order to facilitate communication, Selena said this without thinking much.

But I don't know... Hearing this sentence, Daniel's heart was filled with ups and downs.

"Is there something wrong with the child at school?" Selena asked nervously.

"No, Mrs. Lu, don't be nervous. I'm looking for you today to confirm with you and Mr. Lu. Are you sure you won't have time this afternoon? Even one of you can come! If neither of you comes, the child It's so pitiful to be alone!" The teacher's tone implied a bit of dissatisfaction.

In order for Rick to go to school like a normal child, no one in the school except the principal knows Rick's true identity, including the teacher.

Therefore, the only information the teacher knows is that the child is from a good family, a little autistic, and doesn't like to talk. The child's parents are very busy, and it seems that the relationship is not very good, because except for the first day of school, I have never seen the two of them together. Get up and take the baby.

Selena was confused and asked hesitantly, "This afternoon? Is there any school activity today?"

"Don't you know?" The teacher asked in surprise.

Selena cast a suspicious look at Daniel, and Daniel shook his head slightly, indicating that he didn't know either.

So Selena replied, "My husband and I don't know, it seems that Rick didn't tell us when he came back."

"Didn't say it? How could this be... I even confirmed it with him several times..."

The teacher's tone was suspicious, and he immediately explained, "It's like this, the school has arranged a parent-child activity this afternoon, and is going to hold a masquerade party.

A few days ago, I asked the children to go home and notify their parents, and there was also a letter to the parents. Fearing that they would forget, I reminded them several times in the middle.

According to the list compiled yesterday, the parents of only Rickey in the class were not allowed to come, and at least one of the other children also came. "

## Chapter 703

Selena frowned, "The child really didn't mention this to us."

The teacher sighed when he heard the words, "Then the child didn't want to trouble you so he didn't say anything on purpose... I was going to call you yesterday to inquire about the situation, but the child was really sensible and asked me to Don't say it, for fear of disturbing you...

Hey, you can always spare another busy afternoon, right? After much deliberation, I still made this call to you, and I hope you can think about it again. After all, this is Rickey's first parent-child activity since he came to our school! "

After listening to the teacher talk for a long time, Selena's eyes almost turned red.

She was indeed too busy some time ago, and Rick knew it, so she has been obedient and never clings to her like before.

However, Daniel's feelings after listening to the teacher's words were completely different from Selena's...

It's true that Selena was very busy during this time, but he remembered that he... wasn't very busy these days, was he?

Why didn't Rick tell him?

Well... I guess the little guy thinks that if Aunt Selena can't come...it doesn't make any difference whether his father comes or not...

"Teacher, I understand. This matter is our fault. We have neglected to communicate with our children during this time. I will go there this afternoon. As for my husband, I will ask him later and try to go there together as well." "Selena said.

"That would be the best. Although our requirement is to prepare and make costume props by ourselves, if you really don't have time, the school also has some ready-made." The teacher reminded a few words.

"Okay, thank you Teacher Wang!"

On the side, Daniel quietly listened to Selena's words "Rickey's mother" and "my husband", and felt that the decision to let Selena answer the call was very correct.

After finishing the phone call with the teacher, Selena hurriedly asked Daniel beside him, "Daniel, are you free this afternoon?"

"There is a departmental meeting, but I can ask Saul to chair it for me." My wife even spoke, how could he not be free.

"That's great! Then let's go together?" Selena said, a little hesitant, "Um...can I go?"

Because she was too nervous about Rick just now, she responded directly as Rick's mother. Now that she has calmed down, she inevitably feels a little inappropriate.

After all, even now, she and Daniel are just boyfriend and girlfriend.

Daniel looked at her: "Of course you can."

Selena seemed to be burned by the sight, and coughed lightly, "By the way, I have to go to the apartment to get things before I go to school. I'm not sure about other things, but the masquerade party is completely my home field." There are a lot of costume props in my house, all ready-made!"

...

Pearl River Royal View.

Selena rummaged through boxes and cabinets in the room.

She has a lot of things for dressing up here, but it's really hard to find something suitable for a family of three.

Of course, it is okay for the three of them to wear different makeup, but it is nothing special. She is going to make an interesting theme.

While Selena was looking for something, Daniel called Saul.

As soon as the phone was connected, Saul's anxious voice came, "Hey, bro, there's still ten minutes left for the meeting, won't you come back?"

Daniel: "No, you will host the meeting."

Saul choked suddenly: "..."

## Chapter 704

"Okay, okay...I knew...you're done with the matter, right?" Saul said in an affirmative tone.

Because, just look at Hongda Real Estate's stock price falling so badly. His brother went to protect his wife himself, what else can't be solved?

"Ok."

"Hmph, isn't Selena particularly touched? You two are now in love, so you must be going to live together?" Saul hummed sourly.

Daniel: "No."

"Ah? No? It's not a two-person world? Then why don't you come back to the meeting?" Hearing the negative answer, Saul was very surprised. His brother suddenly stopped abusing dogs, and he was really not used to it.

As a result, he heard his brother say in the next second: "Rick's school parent-child activities."

Saul: "...!!!"

fall!

Nima, is the three-person world more cruel to dogs than the two-person world?

It's only the second day of dating, and we went to school together to participate in the parent-child activities of the children...

Sure enough... my brother is still that brother...

Same recipe, same taste...

"Ah! I found it! This must be great!" Selena's surprised voice came from the room.

Daniel hung up the phone, looked up, and saw that Selena was holding a piece of red cloth in her arms, and two other dusty and fluffy unknown objects...

"What are you preparing for?" Daniel asked.

"Secret it first, you'll know when the time comes hehe..." Selena smiled mysteriously, then muttered nervously, "I'm just a little worried that you won't want to wear it..."

"willing."

"Really? This is what you said, no matter what I prepare, you are willing to wear it?"

"Ok."

"Okay! Boss, you are so desperate! Let's try to get the first place! Mr. Gang Wang sent me the details of the event, saying that the first place will have a super prize! I look forward to it..."

...

Meanwhile, school.

When Selena and Daniel rushed to the school, they found that most of the other children's parents had already arrived.

The entire event venue is decorated with everything, including lions, tigers, dinosaurs, princesses and princes, Cinderella, Superman, Spiderman, and the Ice Queen...

Selena searched and searched among the colorful crowd, but after searching for a long time, she couldn't find where Rick was...

Selena stood on tiptoe, hoping to see clearly, "Hey, where's our little treasure? Daniel, did you see it?"

Taking advantage of his height, Daniel took a glance and said, "Rick is not here."

"Ah? Not here? Where did Little Treasure go?"

At this time, not far away, Teacher Wang saw two people standing at the door, and hurried over, "Mr. Lu, Mrs. Lu, you are here!"

Although she only saw these two people once when the child came to school on the first day, they were so conspicuous that she recognized them immediately.

"Mr. Wang, I'm sorry we're late. Where's Rickey?" Selena asked eagerly.

"He is reading in the classroom! I haven't told him that you will come, the child must be very happy to see you!" Teacher Wang laughed.

"Thank you, Mr. Wang, let's go now!"

...

After leaving the venue, Selena couldn't help walking faster and faster.

Daniel reminded helplessly, "Slow down, your leg is still injured."

"But I can't wait!" She couldn't listen to persuasion at the moment, when she thought of the little baby staying alone in a classroom with no one, she wished she could fly over with her wings.

But she knew that her leg, if she walked faster, the wound would really be unbearable...

So, he turned his head, and decisively opened his hands towards Daniel, "Master Boss, hug me..."

## Chapter 705

Daniel's expression was startled, obviously he was a little bit unresponsive to being hit by the sudden welfare.

Selena couldn't care less about being shy anymore, and hurriedly urged, "Hurry up... Rick is still waiting for us!"

Only then did Daniel lean down and gently hug her up.

Sure enough, the decision was right.

Although Daniel's steps were steady and he didn't walk a lot, but he couldn't support his long legs, so he was much faster than her when he walked casually.

Fortunately, no one in the teaching area will see it right now, otherwise she wouldn't dare to be so blatant...

Selena poked her head to look, and after a while, she saw the classroom door...

As soon as I got closer, I saw a strange little boy and a teacher standing at the door, and the two were arguing about something.

The teacher is a young girl in her twenties, and she is sternly reprimanding: "Sun Zhuangzhuang! How can you lock the door! Classmate Rickey is still inside!"

"Report to the teacher! Rickey, he didn't put on makeup or change his clothes!!!" The little boy had a chubby face, his flesh was so crowded that his

eyes were almost invisible, and he was wearing a big black bear outfit. He seemed to be a hot guy recently. The cartoon Bear Big Bear II.

"The teacher knows, because Rickey's parents haven't come yet!" The teacher said patiently.

"He doesn't have makeup on, don't play with us! I'm going to lock him up!" the little boy yelled.

"Even if that's the case, then you can't lock him in! A good boy can't be so unfriendly to his classmates..."

The teacher was kindly persuading her, but who knew, that brat kicked her on the calf, "Dmn woman! How dare you disobey me! I will let my father beat you to death! Kill you!"

Although the child is not very old, it can be seen that he is very fat and much stronger than ordinary children. With this kick, the strength is definitely not small.

The teacher's calf suddenly felt a sharp pain, "Sun Zhuangzhuang... how can you kick people casually..."

Before he finished speaking, a tall and burly bald man hurried over, "Son, why did you come here! Dad has been looking for you for a long time!"

As soon as he saw his father, the child immediately raised his throat and howled like a pig, "Dad! The teacher hit me! The teacher hit me!"

"What? Who dares to hit you! I'll beat him to death!" The man was huge, with a fierce look on his cold face.

The young female teacher was so frightened that she trembled and explained in a panic, "Mr. Sun, I am not, how could I beat the child! It is your son who

insisted on locking other students in the classroom. I persuaded a few words, not only He didn't listen, and kicked me..."

When the father heard this, he not only didn't blame him, but laughed on the spot, "Okay! Well played! This is a good son of our Sun family! We can only bully others, absolutely not others bully us!"

The female teacher's face was pale, but she dared not speak out, she could only endure the grievance with her eyes red...

"Dmn it! What the hell! A big man bullying a weak girl is still plausible?" Not far away, Selena almost jumped up and rushed over to beat up the man who bullied the little girl.

Most importantly, that brat just tried to lock the little baby in the classroom!

However, she was still being hugged by Daniel right now, so naturally she failed...

"Daniel, why are you stopping me! I'm going to avenge my son!"
