

Cruel Heart Lover

Novel

Chapter 731

When Cook said this, everyone present was a little embarrassed.

The reporter who asked the question just now was in a cold sweat. These foreigners must be too straightforward...

Even if it is unintentional, it is too embarrassing.

In the end, it was Su Yimo who smiled without hesitation, "To make Director Cook praise him so much, I believe he must be a very good artist."

Director Cook nodded repeatedly, "Yes."

Fortunately, because of Su Yimo's generosity, this embarrassment was at least resolved...

It's just that everyone sitting here is more interested in the latest spokesperson who will be announced soon.

Is Cook deliberately exaggerating so much for brand promotion, or is the spokesperson really so good?

The possibility of the latter is quite high. After all, it is such a high-end brand as Noble, and this time the spokesperson must be a first-line or even a top-line artist. It is normal for Cook to say so.

After a short episode, the new product launch conference continued, and the staff enthusiastically sent test papers of the new perfume to the guests and journalists.

"noble perfume workshop has been passed down from generation to generation by the family for nearly two hundred years, and the formula is dense and profound. This time, we adhere to the oldest aromatherapy distillation technology as always, and strictly select the top materials. This time, our perfume uses the rose valley in Bulgaria. Rose, jasmine from Florence, tuberose from India, vetiver from Haiti, ylang ylang from Madagascar..."

Everyone sniffed the scent paper lightly, the rich fragrance made people feel like they were in an ancient and luxurious palace, and they couldn't help but dignified their posture...

Accompanied by the vivid explanation of the commentator and the intoxicated praise on the spot, the huge screen in front of him lighted up silently...

A cloud-covered sky appears in the picture, and then the camera passes through layers of dark clouds, and switches directly to the quaint Chang'an Avenue in Huaguo...

The camera is aimed at a girl in ragged clothes and coarse linen. The girl's hair is messy and her face is full of dirt. She can't see her true colors at all...

Seeing this scene, the guests and reporters in the audience showed expressions of astonishment.

"Uh, did I read it wrong? Is this a commercial made by a famous director with a lot of money?"

"Isn't the subject of noble noble?"

"That's right, why is the heroine of the commercial turned out to be a beggar?"

At this time, a pair of royal guards in palace costumes riding tall horses passed quickly, not paying any attention to the beggar girl on the street...

At this point in the screen, the audience is still at a loss, completely unaware of how the next plot will develop.

"I actually don't know who the spokesperson is after seeing this..."

"Nonsense, the face is painted like this, who can recognize who it is!"

"Then the spokesperson is too miserable, right?"

"Could it be that the beggar just now was just a passerby, and the real protagonist is still behind?"

...

Amidst the whispers of doubts in the audience, the camera was aimed at the weeping willows on the street, a gust of wind blew by, and the catkins fluttered with the wind. Then, there was a sound of hooves getting closer and closer, and the horse team that had just left suddenly returned. Then, he stopped in front of the beggar girl.

The leading general quickly jumped off the tall horse, lifted his hem, lowered his head, and knelt down on one knee in front of the beggar girl with great respect.

Immediately afterwards, all the guards on the horse got off their horses, bowed their heads in unison and half knelt in front of the girl to salute...

Chapter 732

Then, the camera focused on the girl's face, and the girl's hair fluttered gently in the wind, as if there was an invisible fragrance.

Seeing such a scene, there was no surprise on the girl's filthy face, and in those clear eyes, the indifferent gaze seemed to look down on everyone.

Immediately afterwards, the screen switched, from Chang'an Avenue to the extremely luxurious palace hall.

In the camera is the back view of a woman. The woman is dressed in a gorgeous golden silk dress, combing her hair in a delicate bun, and walking into the hall step by step with dignified steps.

At this moment, everyone has understood the plot. The beggar girl is actually a princess who accidentally wandered among the people. Because the woman was dressed in rags and her face was filthy, the guards did not recognize her at first, but in the end because the woman was still noble even though she was poor. The breath of the girl discovered the true identity of the girl...

While everyone was admiring the ingenuity of the commercial, the screen on the big screen suddenly switched to the front of the princess.

It was finally time to see the true face of Her Royal Highness Princess Lushan, and everyone in the audience couldn't help looking forward to it.

I saw the hairpin swaying gently, and when the princess slowly raised her head, the bright red applique on her forehead, that extremely graceful and beautiful face, made everyone gasp in amazement...

Because of the contrast with the image of the beggar before, this scene is even more shocking.

What was even more shocking was that everyone had already recognized who the girl was!

"Selena! It's Selena!"

"Selena plays the second female Meng Changge in 'The World'!"

"It's... so beautiful! I remember being amazed when I watched the trailer of 'The World'!"

...

Some people were surprised and some were astonished. The moment Selena's face appeared, Su Yimo almost knocked over the tea in hand.

It turned out to be Selena!

how is this possible!

How could it be Selena!

Liang Biqin stood up uncontrollably, trying to see clearly, she muttered in disbelief, "This is impossible! How could it be Selena! Is there something wrong?"

"That's right, Biqin, didn't you say it was Li Leling before?"

"How could that woman Selena be qualified to receive an endorsement of this level!"

...

However, although Selena's face only appeared for a second at the end of the entire commercial, it left an extremely deep impression on everyone. It was Selena, and they would not admit it wrong!

After a brief silence, there was thunderous applause!

"Wonderful! It's so wonderful! It's indeed Director Cook! What an ingenuity!"

"Although there is not a single line in the whole film, it conveys a concept to everyone. Nobility is a kind of temperament! Even if a princess becomes a beggar on the street, she is still a princess! Her noble temperament will not be due to her clothes and appearance. And there is no change!"

"so amazing!"

"What's even more amazing is that the heroine only showed her face at the last second, but only that last second is left in my mind!"

...

Until only the newly designed gorgeous crystal bottle and brand logo of the perfume remained on the big screen, everyone was still immersed in amazement.

"Next, let's invite our newest spokesperson, Selena, Miss Ning!"

Amid the host's excited voice, Selena, who had been sitting quietly in the corner without anyone paying attention, slowly stood up.

Director Cook stepped down from the stage with great enthusiasm, saluted Selena as a gentleman, and then stretched out his hand to help her onto the stage.

Chapter 733

At this point, there is no need to doubt anymore.

Noble's spokesperson for this issue is Selena Wubu.

"What a surprise. I didn't expect the mysterious spokesperson to be Ms. Selena, who played Meng Changge! The competition is so fierce this time. I believe there are many outstanding artists participating in the audition. I don't know why Director Cook chose Selena in the first place. Woolen cloth?"

"Because during the audition, I saw that Meng Changge had the noble temperament and arrogance that our brand needs most!" Cook replied with a satisfied face.

"Selena, can you tell us about your understanding of perfume?" The reporter turned to Selena and asked.

"Perfume is the most direct and intrusive smell on a person's body. A person's taste will be extended around the fragrance and can be seen at a glance. For women, a man may not remember what kind of clothes you are wearing today, I even forgot your appearance, but I definitely remember the smell on your body. A person's memory of smell will never be forgotten!" Selena replied calmly, without any stage fright under the gaze of so many reporters and big names in the industry and nervous.

The press conference was carried out in a peaceful atmosphere. When everyone's eyes were on Selena, no one noticed that there were two people arriving late at the back door.

Susie looked at Li Leling who was holding her arm and forcefully pulling her here, with a helpless look on her face.

Although she was also invited, she already knew that the spokesperson was Selena, so she naturally didn't intend to come here to make herself uncomfortable.

She thought that Li Leling would definitely not come either, but she didn't expect that not only would she come by herself, but she would also be dragged along.

"Susie, trust me, just watch it, there will definitely be a good show to watch later!" Li Leling looked at Selena, who was all the attention on the stage, with a sinister look.

That's her...

Those eyes of admiration, envy and astonishment should all belong to her, but now, they are all shamelessly snatched away by this woman!

Susie glanced at Li Leling's determined eyes, her expression was a little uneasy, but since Li Leling wanted to punish Selena, she was naturally optimistic, so she sat down with her and waited and watched.

Heh, to deal with Selena, there is no need for her to act personally.

At this time, Liang Biqin, who was full of resentment, noticed Li Leling's arrival, her eyes lit up, she turned around immediately, and asked in a low voice, "Li Leling! You're here too!"

Li Leling nodded indifferently, she naturally didn't have a good attitude towards the artists of the prosperous age, it was just a matter of face, and at the moment, her full attention was on the stage, obviously she was not in the mood to talk to others.

Liang Biqin couldn't wait to ask, "Aren't you the spokesperson of noble? Why did you become Selena?"

Li Leling frowned, his expression was a little unsightly, and then he said quietly, "At first, I thought it was me too, but...forget it!"

Hearing this, Liang Biqin and the female artists around felt a little uncomfortable.

What is wrong with what Li Leling said? What do you think it's her?

Liang Biqin's eyeballs rolled around, and she was suddenly a little excited. Could there be something inside?

At this moment, during the reporter's questioning session, a reporter suddenly asked in a sharp tone, "As we all know, the competition for noble spokespersons this time is very fierce. As far as I know, the few who signed up are all from the circle. There are even actresses like Fang Xiaowen and outstanding entertainers like Meng Shiyi! Why did you, Director Cook, choose the little-known Selena as your spokesperson just based on a clip of "The World"?"

Chapter 734

Hearing this, the expressions of everyone on the scene were startled, and they easily thought of the ambiguous direction...

After a pause, the reporter said more directly, "I have received internal information before, and the spokesperson was clearly confirmed to be Ms. Li Leling from Starlight Entertainment. Why did she suddenly change to Selena in the middle? Is there something wrong with this?" A Taoist deal?"

The reporter's words were very obvious, and every sentence was accusing: Selena squeezed out Li Leling's position through unspoken rules!

In an instant, the scene was in an uproar!

Su Yimo, who had been forcing herself to look calm and generous, relaxed a little imperceptibly.

Liang Biqin looked excited, "I knew it was like this!"

On the back seat, Li Leling put his arms around his chest and met Susie with a smug look. It was obvious that she arranged for the reporter.

"Can Director Cook and Ms. Selena give us an answer to this question?" The reporter looked in Selena's direction mockingly.

Everyone's cameras and gazes turned to Selena either excitedly or gossiping, trying to capture her embarrassment and embarrassment.

However, in the face of such severe accusations and such an unexpected situation, Selena's expression did not change at all. Instead, she took the microphone and shot her eyes like icy blades at the reporter who questioned her...

"Yes, I admit that the competition this time is indeed very fierce, and I was very surprised and pleasantly surprised when I got the notification from my agent that I passed the primary.

This reporter friend, I would like to ask a question, is there a causal relationship between the fierce competition and my passing the audition through abnormal means? Because the competition is fierce, I must not pass the audition?

In addition, inside information, where did you get the so-called inside information? Based on these four words alone, do you think it is appropriate for you to accuse me of such a serious crime as an inhuman transaction?

If the person sitting here today is not me, but someone else, can I also question the other party with unwarranted reasons such as inside information?"

Selena posed three questions in a row, one sharper than the other, and the reporter was immediately speechless.

The reporter's face turned red, and then he said in a strong tone, "As reporters, we have the right to raise reasonable doubts to restore the truth for the public! Besides, everyone has seen the ambiguity between you and Director Cook just now!"

"Oh, ambiguous? Do you think an ordinary hug between a friend and a partner is ambiguous? Do you know that there is a saying that what is in your heart is what you see? Are you exercising power or using it to slander and slander?" Selena questioned.

"You're sophistry!" the reporter said, suddenly showing a weird smile, then took out a large stack of photos from his bag, and distributed them to everyone present, including Selena and Cook.

"I have evidence! How do you explain these photos?"

Selena glanced at the photos, they were some tidbits and interactions between her and Director Cook when she was filming commercials in China.

However, the shooting angle of the other party is very tricky. It is obvious that Cook just patted her on the shoulder excitedly. Because of the angle problem, it looks like a close hug, and some of them even look like they are kissing...

Immediately, the guests and reporters at the scene became even more excited, and they all looked at Selena with disgust.

"I thought the audition would be fair, but I didn't expect such a big brand to have such a scandal!"

"What a shame!"

...

At the same time, when everyone didn't notice, Lin Zhizhi had already quietly found the director's assistant in the background, whispered something in his ear, and handed him a USB flash drive.

Chapter 735

The assistant nodded, and then walked towards Cook on the stage.

At this moment, Cook's face was extremely ugly. After hearing what the assistant said to him in a low voice, his expression hesitated, but when he glanced at Selena, he immediately became firm again.

So, he nodded to his assistant, looked solemnly across the audience, and finally stared at the reporter and said, "Originally the audition, including our filming process, is kept secret, but since everyone has such doubts..."

As he said that, he winked at the assistant, who understood, and immediately inserted the USB flash drive into the computer. In the next second, a picture appeared on the big screen.

Everyone thought that Cook had no choice but to announce the casting process, and immediately looked at the big screen excitedly.

The room in the screen is obviously an interview hall, and the girl in the interview hall is actually Li Leling!

Li Leling was wearing an incomparably gorgeous antique Chinese cheongsam, and was sitting there playing a guqin. His whole person exuded a sense of nobility and elegance, which was simply too perfect to be faulted.

Seeing such a scene, everyone confirmed the reporter's words even more.

"Li Leling's performance is so wonderful! It is simply unsurpassable!"

"That's right! This is obviously an inside story!"

...

Then, before the discussion stopped, Selena, who was all dusty, walked in.

At the beginning of the screen, Cook insulted Selena loudly, scolding Selena for disrespecting them by dressing like this.

"Sure enough! The spokesperson should be Li Leling!"

"Director Cook hated Selena at first! Why did he appoint her as the spokesperson?"

"It's so obvious! It must have been done with extreme means!"

Everyone looked at each other tacitly.

However, immediately afterwards, everyone was as shocked as Cook on the big screen and was speechless.

Selena sat in front of the guqin with a calm expression, and actually played a very difficult piece of Guangling San.

"In my opinion, true elegance is not about showing the name of a luxury brand between the lines, not turning the expensive ornaments on the wrist, not showing off one's beauty and knowledge. cover up..."

Until Selena's words were heard on the big screen, everyone in the audience was still a little bit stunned.

What a shock!

The brilliant idea of the noble commercial came from Selena's audition!

However, it's not over yet!

The shooting highlights of the commercial continued to be played on the big screen. It can be seen that the photos that the reporter showed them just now were all intentionally taken from an ambiguous angle. In fact, the two of them were communicating normally without any ambiguity.

The final frame on the big screen was a cast list.

The list of all applicants was impressively filled in the form, and next to it was the list of selected candidates.

In the list of applicants... Liang Biqin... Susie's name...

Liang Biqin was just a little disappointed that she couldn't knock Selena down, but when she saw her name in the registration list, her expression changed immediately.

At the same time, several female artists around looked at Liang Biqin's expressions and were a little speechless.

Obviously signed up but was eliminated, but said that he didn't sign up for the sake of face...

Of course, there was another person with a worse complexion than Liang Biqin at the moment.

Li Leling never expected that Selena would have already made preparations. Cook even made the audition process public for her sake. Just as he was annoyed, he saw the list of applicants.

On the list, Susie's name actually appeared...

Chapter 736

Didn't Susie say that in order not to argue with her, she deliberately let her go, so no one signed up at all?

"Susie, you...you signed up? Didn't you say you didn't..."

Susie never expected that the thing she was most worried about happened. Immediately, her face was extremely ugly, and she forced herself to say, "I'm surprised too! I clearly told Sister Chang not to sign up for me, Perhaps she has neglected too many things!"

"So..." Li Leling was half-doubtful.

However, even if Susie said so, it still couldn't change the fact that she was eliminated in the first round.

Originally, she thought that with Susie's temperament, she should be her biggest competitor, but who knew, she was eliminated in the first round...

So far, the noble new product launch conference has come to a successful conclusion.

After the end, the reporters frantically surrounded Susie...

Because Susie was the most famous in the elimination list, so naturally the reporters all focused their attention on her.

"It turns out that you, Susie, also participated in noble's audition, but you lost the election. You lost to your former junior sister. How do you feel about this?"

"Susie, noble's theme is noble. Does this mean that Director Cook thinks you are not suitable for their brand theme, and you don't have the temperament of nobility?"

...

Susie stared at Selena, who was surrounded by reporters praising her not far away, and she pinched her fingernails into her palms with hatred. She answered the reporter with a calm expression, "I didn't intend to participate in this audition, and I didn't intend to participate in it." I don't know, my agent should have voted for me, so I don't know what's going on, sorry!"

This obviously means that I just cast casually, I didn't pay attention to it at all, and I didn't seriously prepare.

However, it is unknown how many people will believe these words...

Liang Biqin looked at the besieged Susie, and secretly thanked her for diverting her attention. Fearing that she would be targeted, she ran away in a desperate manner.

This Li Leling was really killed by her!

But fortunately, even Susie lost the election, so her failure didn't seem so embarrassing...

On the other side, Selena left the hotel accompanied by Lin Zhizhi after saying goodbye to the enthusiastic Director Cook.

In the car, Selena hugged Lin Zhizhi happily and kissed her, "Sister Zhizhi, you are really amazing! You actually prepared these early in the morning!"

Ling Zhizhi looked at her helplessly, "It's just in case. You have to behave yourself, so I can do this according to your reaction, otherwise, if your reaction at that time is slightly inappropriate, you will lose the talk!"

Selena hummed: "We are the best partners!"

Ling Zhizhi chuckled, "Go back and have a good rest, we will soon start preparing for a new play!"

"OK!"

When they got home, Selena had her meal, then wiped her lower body with hot water, and lay comfortably on the bed.

I was reading a film theory book in my arms when there was a knock on the door.

Who will it be this time?

Selena opened the door and saw that outside the door, Daniel was standing at the door in a black windbreaker. It seemed that he was still carrying the cold air from outside.

Selena rushed over to him in surprise and hugged him immediately, "Master Boss, you're here!"

After speaking, poked his head, looked behind him and looked again, "Huh? Where's Rick?"

Daniel replied blankly and naturally, "I didn't bring him."

"Uh...why?"

"Not suitable for children." Daniel said, putting his arms around her waist and pushing the door open.

With a "bang", the door closed. Selena leaned her back behind the door, the man pinned the back of her head, and k!ssed wantonly...

Chapter 737

Well...

The great devil who lifted the seal...

It's so hot...

Selena had already changed into a soft and warm velvet pajamas at this moment. The man's palms easily slipped into the pajamas from her slender waist and swam up to cover the soft curve...

Because Daniel's palm was as cold as he had just come in from the outside, Selena's body couldn't help shivering. She didn't know if it was because of the cold or because of the sudden stimulation.

"Is it cold?" Daniel's big palm hastily receded.

Right now, the girl is wearing a fluffy pajamas, with her long hair loosely draped comfortably, with a sense of coziness and laziness at home. The whole person is so soft, warm and sweet that he can't help but lose control...

and...

Today is already the fourth day of their relationship! Unknowingly, more than half of the "one week of death" deadline has passed.

In the past few days, he hardly knew how he got back.

Ups and downs in extreme joy and despair.

He had thought of many ways to make her unable to leave him, even reluctant to leave her for a second, but in the end, he still chose to get along with nature.

Selena was hugged in her arms, and sensitively sensed a heat source in the man's lower abdomen and a place that was gradually hardening. It seemed that the man's heart-shattering strength and slightly rough touch still remained in the chest, and her old face couldn't help but flush a little.

It was just a kiss, and there was a reaction? And it's not the first time...

Nima, next time whoever says Daniel is not close to women, she will slap him against the wall and can't get him off!

"Is today going well?" Daniel asked, his voice still hoarse.

Selena nodded with a radiant face, "There was a little disturbance, but it has been resolved."

Sensing that Daniel was embracing her, adjusting his breathing, obviously suppressing his emotions, Selena lifted her little head from her chest, blinked at the man, and said weakly, "What... the nurse said hold back too much. It's not good for your health after a long time...the nurse also said that it can be solved without doing it...otherwise...shall I...help you?"

As soon as the words fell, Daniel tried all his self-control to calm the little beast just now, but Selena's words made him completely lose control.

Daniel leaned over and kissed the girl's forehead, his tone became much calmer: "No need."

"Why?" He was obviously already like this...

"Because I don't want to." I don't want to force her to do anything she doesn't want to do.

Selena sighed softly, "Okay...Actually, I might...be a bit repulsive to men...but...Master Boss..."

The two were talking when the doorbell rang suddenly.

Selena glanced out from the cat's eyes, and immediately, like a cat whose tail was stepped on, the hairs all over her body were about to explode, "Dmn! Sister Zhizhi! Why is she here at this time? Ahhh !How to do how to do!"

The doorbell kept ringing, and Selena pushed Daniel, circling around anxiously, and finally pushed him to the bathroom.

But he was still not at ease, so he opened the curtain of the bathroom and let him hide in the bathtub.

Looking at the long-armed and long-legged big devil who was forced to suffocate in the narrow bathtub with a dark complexion, Selena kissed him

heavily on the lips and rubbed his handsome face, "I'm sorry, I'm sorry! I've wronged you, It will be ready soon!"

Chapter 738

The face of the Great Demon King was still very dark.

Selena became ruthless, straddled him, and kissed the corner of his lips again, "Honey, it's exciting to have a relationship but it seems to be cheating, doesn't it?"

Daniel's eyes darkened, he pressed her head, and kissed her hard.

This girl! Was he too confident in his self-control?

Selena was flustered by the ringing of the bell outside the door, while rubbing the man's hair, patiently comforting her, "Well... okay, okay... If you continue, I'm going to wear clothes... no no no... not here ...can't bite..."

The man panted slightly, resisting the urge to leave marks on her body.

"It's coming, it's coming..." Selena responded outside, and whispered into Daniel's ear, "Hey, I'll help you when I come back..."

Daniel's face froze immediately.

Selena's eyes were like a clear pool reflecting the bright moon, she looked at him quietly, "What I didn't finish just now was... Lord Boss, you are different, you are special!"

After finishing speaking, regardless of what kind of turmoil Daniel caused in his heart because of her words, he ran to the living room and opened the door for Ling Zhizhi.

"Ah! Sister Zhizhi, why are you here so late? I'm sorry, I was going to the bathroom just now! Come in!" Selena opened the door and quickly invited Lin Zhizhi in.

While rolling his eyes around the room so as not to leave any manly traces, he poured Ling Zhizhi a drink.

Ling Zhizhi took the cup, her expression seemed not very good, "Don't be too busy, sit down, I came here suddenly because I have something to tell you."

Selena glanced at Lin Zhizhi's perplexed expression, "Is it bad news?"

"Forget it." Ling Zhizhi nodded, and then said with hesitation, "Didn't you fall in love with a script before?"

"That's right! It's called "I Only Like You" and the girl disguises herself as a man? What's wrong? Is there something wrong?" Selena asked hastily.

"Originally there are still a few days before the audition for this drama, and the director promised early on that he would give you an audition, but just now, I got the news that Liang Biqin has been directly agreed to be the heroine!"

"What?" Selena frowned slightly, "Is it confirmed?"

Ling Zhizhi nodded, "Yes, when I called to ask, the other party said that even the contract had already been signed. Otherwise, I would definitely fight for it for you."

"So soon..." Selena was extremely disappointed when she heard this.

Just like I had saved money for a long time to buy a long-awaited toy, but I finally saved a jar of change, but the toy was bought by someone else directly with a hundred bills.

at the same time.

In the private room of a certain bar in the imperial capital, there was a lot of fun.

"Thank you Director Zheng and Producer Qian, please take care of Biqin!"

"Thank you director, producer Qian, and cousin, I will definitely work hard!"
Liang Biqin looked excited.

"Where is it, Miss Liang is very powerful, we are a strong alliance!"

"Exactly! What's more, Goddess Su has cast us so many famous cameos. When the time comes, our drama will definitely have the strongest lineup in history, and it will definitely be a hit. We'll make money anyway!"

Liang Biqin graciously poured wine for the directors, and asked, "I heard that Ling Zhizhi has also approached you? It seems that she also intends to fight for this role?"

"Yeah, the other party told me about half a month ago, saying that he was very interested in our drama, and I agreed to let Selena audition at that time. Actually, I just said it casually, that Selena Xi's looks, no matter what, can't be suitable for the heroine of our show!"

Chapter 739

The little actresses who accompanied her immediately echoed...

"It's so embarrassing, just looking at the strong cast of the crew and the large investment, I came here eagerly, without looking at my appearance or level! Do you think you can take on any drama because you are beautiful?"

"That's right, she looks so gaudy, it would be ridiculous if she disguised herself as a man!"

"She is only suitable to play a vixen!"

...

The director took Liang Biqin's hand, touched it meaningfully, and said with a smile on his face, "Biqin still suits me best!"

Su Yimo was rumored to be the woman of the grown-up in the Lu Group, so he naturally didn't dare to touch her, but this little cousin, if you like, you can play around with.

When Liang Biqin came into contact with the director's information, she was naturally happy to have a relationship with such a great director. She smiled and said, "Thank you, Biqin, for the director's love!"

Su Yimo watched the two flirting with each other, but she was completely optimistic. If Liang Biqin, a director of Director Zheng's level, can get on the line, it will be very helpful to her in the future.

The reason why she puts so much effort into praising Liang Biqin now is that Liang Biqin's way of acting is different from hers, and there will be no conflicts in resources, and she happens to need a strong direct descendant and helper, and, in the future, she will need entertainment and help like this. The matter of being a companion can be completely entrusted to her...

in the apartment.

"Currently this drama has an investment of 60 million yuan, and an idol drama has an investment of 60 million yuan, which is almost unique in the industry. The crew has invited countless big names in the industry, and even anyone who makes soy sauce is a first-line big bowl A cameo role means that so many people are supporting a heroine. With such a lineup, the competition is naturally very fierce. You can't get this role with acting skills and suitability. With your current qualifications, it is indeed a little shallow..."

"Sister Zhizhi, I understand."

Although Selena was not reconciled, she had to admit that she was a young rookie who had only played one supporting role, and she wanted to play the heroine in her second play. It was indeed too much for a play with such a strong cast and a huge investment of 60 million. Difficult.

Modern dramas are different from costume dramas. For modern urban dramas, the investment of 60 million is already very scary.

Liang Biqin's recent movie and a popular drama have received good responses, and she's all-female lead, so she's already on the front line, not to mention there's Su Yimo's support behind her, and the director team will decide that she is completely reasonable.

Selena and Ling Zhizhi discussed this matter for a long time and finally came to the conclusion that even though the contract was signed, the matter was a foregone conclusion, and there must be no room for reversal.

While chatting, Selena discovered a very serious matter...

oh! no! She seems to have forgotten something...

She forgot about the Great Demon King!

"Hmm, my stomach hurts! Sister Zhizhi, I'm going to the bathroom! Wait for me!" Selena ran towards the bathroom while picking up some snacks, mineral water and books while Lin Zhizhi wasn't paying attention.

After entering the bathroom, Selena immediately opened the bathroom curtain with a "shua".

I saw Daniel sitting in the bathtub with his knees bent. When he saw her appear, his cold face showed an almost sad expression. He looked like a stunning king imprisoned by an evil witch like her!

Aww...heartbeat.....

Selena fed all the food, drink, and watches in her arms into the bathtub, then raised her foot and stepped in, with a flattering expression, she slid into the arms of the big devil, "I was wrong I was wrong... The chat will be over soon, why don't you eat something and read a book, and wait for me to talk, okay?"

Chapter 740

Daniel: "How long?"

Selena thought for a while, "Ten...not five minutes! Soon, soon!"

After speaking, she was afraid that Lin Zhizhi would be in a hurry, so she got up quickly to leave, but because the bathtub was too slippery, she couldn't stand still, and fell back into Daniel's arms.

"Ouch! Daniel, what's so hard on you!"

Daniel let out a muffled groan when he was pressed down by her, and then he pressed down on her little hand that was stroking around, and said through gritted teeth, "What do you think?"

"It...it can't be...it's been in this state since just now, right?"

Daniel's eyes were like the magma of a doomsday volcano, staring at her fiercely.

The answer is already obvious.

"You are different", "You are special", "I will help you when I come back"...

Obviously, this girl hasn't realized what the words she said casually mean to him.

Let's just say it! The effect of these words on him is simply equivalent to a powerful aphrodisiac, okay?

So, it is conceivable that during the time she was talking to Ling Zhizhi outside, he was boiling with oil and burning with flames...

Selena had a sinister expression on her face, and then quickly escaped from the bathtub before the big devil got mad, and whispered as she ran out, "Be good, be good, wait for me..."

She said these three words while looking at the little Xiaoxiao who was three inches below Daniel's navel...

After returning to the living room.

Selena had already thought about it, and said directly to Lin Zhizhi, "Sister Zhizhi, it's okay, I didn't think about it carefully, and I wanted to fight for it because I liked the script so much. Of course, I made all the preparations." .Now that things are like this, I'll choose another script, it's no big deal."

The entertainment industry was like this, and everything went smoothly, so Selena soon regained her spirits.

Seeing that she was in a good mood, Ling Zhizhi immediately breathed a sigh of relief, "It just so happens that you don't have to be in such a hurry, you just finished the tiring publicity period, take a good rest these few days, before receiving a new play, I will arrange some newcomers for you Shows and interviews, here are relevant materials, you can see which ones you are interested in."

"Okay, thank you, Miss Zhizhi..."

After saying goodbye, just as she was about to send Ling Zhizhi away, Ling Zhizhi stood up and said suddenly, "Selena, borrow the bathroom."

Selena was shocked immediately, "No way!"

"What's wrong?" Ling Zhizhi was puzzled.

Selena's brain was spinning rapidly, and she hurriedly said, "I just found out that the toilet is blocked!"

"Then I'll go to the public bathroom downstairs!"

"Ok ok!"

...

Finally, she sent Ling Zhizhi away without any risk, and Selena was about to collapse.

Hey, hey, as expected, there is a price to be paid for breaking a promise!

She really worked hard to talk about a relationship!

However, this is not over yet, there is still a big devil who needs to be coaxed!

"I'm back....." Selena quickly jumped into the bathroom and opened the curtain of the bathroom, "Master Boss! Come out quickly! Sister Zhizhi has already left!"

After finishing speaking, he scratched his head and pondered, "Uh, or do you want... right here?"

Daniel's answer was that he stretched out his long arms, grabbed her by the waist, and brought her into the bathtub, pinched her into his arms, and said in a very hoarse voice, "Here."
