

# Cruel Heart Lover

## Novel

### Chapter 741

"Oh... well..."

Selena said it well just now, but when it came to the end, she felt a little stage fright, and she didn't know where to put her hands, "Uh... that... lord boss... can you wait for me a little longer? "

Daniel: "..."

Selena looked at Daniel's eyes that were about to burst into flames, and coughed lightly, "I just want to find some information to learn how to operate it..."

Ow! What a shame! Just now I said that I wanted to help him so proudly, but now I have retreated before I even started!

However, at this moment, her mind is indeed blank, and she urgently needs to recharge her batteries!

In the next second, there was a "click", which seemed to be the sound of the metal buckle of the belt being undone. The sound was like an ambiguous catalyst in the quiet and small space, instantly igniting the air.

How could Daniel allow her to leave at this time? He grabbed her hand and pressed it to the place where he was about to explode. It was like hot oil, as if

it could burn people's skin, the man's voice was extremely hoarse, "Don't look for it, I'll teach you, this way..."

When the palms were unobstructed, and it was the first time that she directly touched a man, Selena felt that her palms were about to catch fire.

In the end, how can there be any vows to help him? Her whole body is stiff like a stone, and it's all because of the big devil himself holding her hand...

After a long time...a long time...after...

Holding a hot towel in his hand, Daniel carefully wiped the girl's little hands, "Are you okay?"

Selena had a bitter expression on her face, "It's sore, I feel like my hands are going to be useless!"

Sad reminder, the legs were useless, but now even the hands are almost useless...

Hey, who told her to say that she wanted to help?

In the end, he underestimated the ability of the Great Demon King.

too naive!

She suddenly couldn't imagine how miserable she would be on the day when she was real...

"Sorry." Daniel kissed her hair.

At this moment, the man's expression-like face was full of the laziness of a beast after eating, and the indifference and alienation were also tainted with the aura of lust, which made him look ten thousand times more attractive than usual. Selena was taken aback...

Depend on! The beauty of the Great Demon King is simply against the sky! It also has an evolutionary upgrade!

I feel that it is worth breaking the hearts and hands of Bomei people!

Sure enough, peony flowers make ghosts even if they die...

Afraid of the coldness in the bathtub, Daniel carried Selena to the bed, lay down beside her, hugged her gently and talked to her, "What does Ling Zhizhi want you for?"

As soon as this was mentioned, Selena's expression immediately darkened a bit, "It's nothing, it's bad news for me, but it's good news for you. The one I liked very much worked hard to convince you Do you remember the script that agreed with me?"

"Remember."

"That's it, blow it. Didn't you always want me to play that?"

Daniel nodded slightly, "Yes."

Good news indeed.

In that movie, there were too many dangerous scenes. Although many scenes could be used as substitutes, Selena's personality must be done by herself.

Selena glanced at the man complainingly.

Hey, she felt that the Great Demon King must have real magical powers.

She still clearly remembered what Daniel said to her at the time, "Now I'm the only one who passed the test. If you fail the audition, I won't open the back door for you, understand?"

It's even worse now, she's gone without even an audition.

## Chapter 742

Seeing the girl's disappointed face, Daniel rubbed her hair, his eyes turned slightly, "Fortune and misfortune depend on each other. There will be better things."

Selena only thought he was casually comforting herself, and sighed long, still a little immersed in the regret of missing out on the drama she had been thinking about.

In fact, even if she was given a chance to audition, with her current leg injury, if the audition was an action scene, it would be a tragedy...

Probably there is really no fate!

Fortune and misfortune depend on each other, and I hope to borrow the good words of the Great Demon King...

Seeing that the girl was in a bad mood, Daniel said softly, "I'll take you out to play tomorrow."

Selena's eyes lit up when she heard it, "Really? Playing with a horse? Horseback riding, skiing, skydiving, sea and sky flying dragon, or racing car shooting?"

Daniel glanced at her quietly: "Look at the scenery."

Selena: "..."

Looking at the scenery... Looking at the scenery... Selena's face was filled with lovelessness...

"Okay, okay, as long as I'm with Boss-sama, I'll be happy even if I'm watching TV..." However, Selena immediately said sweetly, otherwise she won't even have the chance to go out to see the scenery in the future.

"Hey, go to bed early, I'll come pick you up tomorrow morning."

"Okay ... good night ..."

on the way back.

Daniel was driving when his phone rang suddenly.

Daniel glanced at the three words "Mo Lingtian" on the caller ID, put on the Bluetooth headset, connected the call, "Hello."

An excited voice came from the other end of the phone, "Daniel, my brothers have a bachelor party. They are all acquaintances. Come over tomorrow?"

Daniel replied without thinking, "No."

"Ziyao has returned to the country, so it's a cleansing for her, you won't even give this little face?" Mo Lingtian said speechlessly.

Daniel: "Another day."

The last week is a critical period for him, and it is impossible to waste time on any unnecessary things.

Mo Lingtian was not reconciled, and continued to persuade, "This time there are many, many beautiful girls! There are also many girls with the same style as Xi Xi! There are also prettier ones! You don't have to hang yourself on the same tree all the time, do you? Let's go after another one! There's no need to be so overwhelmed, right?"

Daniel: "No."

Mo Lingtian got angry, "Dmn! You really won't come? I told them you would come! What are you doing at home all day long? Don't say you have to go to work, your company has nothing to do recently! "

After Mo Lingtian finished yelling, Daniel said unhurriedly, "I don't fit your theme."

"What do you mean? What doesn't fit the theme?" Mo Lingtian asked at a loss.

Daniel: "Not single."

Mo Lingtian: "..."

After a few seconds of silence on the other end of the phone, there was an earth-shattering roar, "F\*ck!!!!!! Daniel, you actually got out of the order without telling me! Do you have any humanity! You This traitor!!!!!!"

Mo Lingtian had a tone of resentment as if he wanted to burn him to death!

It's only been a few months since I heard that he has a girl he likes. At that time, he felt that this world was a fantasy, but he never expected that that was not the most shocking thing. At this moment, Daniel actually told him personally, He actually has a girlfriend!

Daniel, who has been a bachelor for thousands of years, has actually left his order! He no longer understands the world!

Mo Lingtian immediately said angrily, "No! You have to come! You should bring her here with you! It's just a good time to introduce everyone... In short, I must not be hurt alone!"

Obviously, this last sentence is the point.

Daniel: "I'm not free tomorrow."

Mo Lingtian: "Stop messing with me! What are you going to do when you don't have time?"

Daniel: "A date."

Mo Lingtian: "..."

## Chapter 743

the next morning.

Daniel went to pick Selena up.

When he saw the girl standing at the door, several cracks appeared on that expressionless face.

Selena's usual attire is relatively relaxed and casual, and she often even wears men's clothing for convenience.

As a result, today she was wearing a fluffy pink fleece dress and a thick white down jacket. The big hat of the down jacket was inlaid with very warm fluff, and her long, lazy and curly hair was straightened. , made a little inner buckle, wearing a pink crystal hair clip in the shape of a heart that Rick gave her before, and a pair of snow boots with rabbit ears on her feet...

In short, the whole person is like a little white rabbit who is so obedient!

"You..." Because the contrast between this body and her personality was too great, Daniel couldn't help but feel a little indescribable.

Selena hopped over to hold Daniel's arm, "Daniel, am I cute? Am I cute?"

Daniel coughed lightly, looking at the girl's pink lips like cherry blossoms, "It's cute. How come I remember how to wear it?"

"Well, because this is our first official date, of course we have to dress up more grandly!"

Daniel: It's really grand...

After going downstairs.

Cheng Feng got out of the car and opened the door for them. When he saw the "little white rabbit" beside Daniel, Cheng Feng almost spit out a mouthful of old blood!

I have a go!

Did the lady boss take the wrong medicine today?

This outfit is just so cute! Cute and girly and coquettish! It doesn't look like her character at all, okay?

Those who don't know will definitely be killed by her cuteness, but those who know her will definitely be half-dead by Lei!

Cheng Feng, who obviously belonged to the latter, wiped off his sweat, calmed down, and drove the car to the Lu family's private parking lot.

Selena looked at the helicopter in front of her, "Are you still going by plane? Where are we going?"

"We'll be there soon." Daniel supported her and carefully boarded the helicopter.

Sure enough, the plane landed on an open grass field in less than twenty minutes.

As soon as I got off the ground, a sightseeing car came to pick me up.

The sightseeing car is very comfortable and luxurious, and the scenery along the road is also very good, which makes people feel a lot more comfortable.

Not only that, Selena also saw golf courses, horse farms, hot springs, shooting ranges, and even ski resorts nearby...

Ow! A lot of them are what she likes to play! I'm almost drooling!

Daniel saw that her head was almost out of the window, so he stretched out his big hand and pressed her on his shoulder.

Selena held his sleeve and looked at him with tears in her eyes, "Master Boss, this place is very interesting, there are so many interesting things, can we really only see the scenery?"

Daniel: "Yes."

Selena: "...Daniel, did you hear that?"

Daniel: "What?"

Selena: "The sound of a broken heart."

Daniel: "..."

Seeing the girl's drooping little head like an eggplant beaten by Shuang, Daniel sighed softly, and said to the driver, "Go to the racecourse."

Selena: "...!!!" Aww! Ride the horse, ride the horse! She also likes horseback riding!

After getting off the sightseeing bus, Selena looked at the stable not far away, her blood boiling with excitement.

She wants to choose the wildest horse!

In the stable not far away, there was already a group of men and women with extraordinary identities, who were choosing horses under the hospitality of the boss.

At this time, one of the handsome-looking men suddenly stared in their direction with a devilish expression – “Dmn it! Daniel!!!”

## **NEXT CHAPTER**

### Chapter 744

Seeing the man across from him and the group of people, Daniel seemed a little speechless.

I didn't expect Mo Lingtian and the others to have their bachelor party here today...

“What? Mo Lingtian, who did you mention just now?”

“Daniel? Where is it? Didn't he say he won't come today?”

“Ah! It really seems to be Daniel!”

Accompanied by Mo Lingtian's earth-shattering roar, all the men and women in the group looked in the direction of Selena and Daniel.

Then, they really saw Daniel standing there in a black suit, and a soft and cute girl in a fluffy pink skirt beside him.

That... what the hell is that...

what's the situation? They actually saw a cute and well-behaved girl like a little white rabbit hugging Daniel's arm affectionately!

For a moment, everyone looked at each other in blank dismay, all dumbfounded!

Suddenly being stared at by so many people, Selena was quite confused, blinked her eyes, and rubbed against the big devil's arms again.

Daniel naturally rubbed the girl's hair to comfort her.

On the opposite side, the corners of Mo Lingtian's mouth twitched slightly, he glanced at the friends beside him, and said quietly, "Don't you guys keep asking me why Daniel didn't come today? Well, you see, that's the reason. This ba5tard has already betrayed me The organization has a girlfriend!"

"Dmn!!! Mo Lingtian, what are you talking about? Daniel has a girlfriend?"

"how can that be?!"

"Are you sure it's not Daniel's younger sister?"

...

"What kind of sister, I don't remember my cousin having such a sister!"

At this moment, a girl hurriedly walked up to Daniel, looking at Selena who was beside Daniel warily, "Cousin, who is this?"

"Your future cousin." Daniel finished speaking calmly, then lowered his eyes and introduced to Selena who was beside him, "My cousin, Lu Xinyan."

"Hello..." Selena simply greeted her.

The other party doesn't seem to be very friendly to her, and she doesn't need to be too enthusiastic.

And Lu Xinyan was completely stunned, "I... my future cousin? Cousin, is she really your girlfriend?"

How could my cousin find such a soft and weak little white rabbit to be his girlfriend? It's completely unimaginable that with Daniel's aesthetics, he would actually like this type of woman!

At this time, a woman walked up behind Lu Xinyan.

The woman was dressed in a handsome black horse riding suit, with a whip around her waist, riding boots on her feet, and a particularly vigorous black horse in her hand, looking heroic.

She stood in front of Daniel and Selena, glanced at Selena, and then looked at Daniel: "Daniel, long time no see."

Selena looked at the woman in front of her, her eyes narrowed slightly, and her sixth sense of being a woman suddenly emerged.

Ah! This woman has a problem!

But Daniel's expression did not change at all, and his tone was calm and unwavering: "Welcome back to China."

The woman looked at Selena beside him, her eyes were full of pressure: "Why don't you introduce me?"

"My girlfriend, Selena." After Daniel finished speaking, he introduced to Selena, "Guan Ziyao."

There is only one name, without any special introduction.

Selena blinked her eyes with an innocent and naive expression, looked at Guan Ziyao, and greeted him simply, "Hello..."

Anyway, she just hid in Daniel's arms and didn't say much, enjoying herself at leisure.

After changing her makeup, even her personality became so professional that she became a little white rabbit.

Seeing the girl's well-behaved appearance, even though he knew it was just an appearance, Daniel's heart softened and his eyes were extremely gentle.

## Chapter 745

After getting an affirmative answer from Daniel, basically everyone on the field was stupefied.

It's actually Daniel's girlfriend!

This man who has been as cold and ruthless as an ascetic for decades, they have discussed countless times what kind of woman can handle him.

Gentle and virtuous, or noble and glamorous?

Dignified and generous, or tender?

Maybe even a strong woman who looks down on the mall like Daniel?

I've thought about countless possibilities, but I never expected... In the end, the woman Daniel fell in love with turned out to be a cute little white rabbit!

Such a soft little thing, obediently sticking to the indifferent and arrogant Daniel, although it is extremely strange and strange, but they clearly found that when Daniel had this girl beside him, his whole body The previously cold temperament of the person has softened a lot.

Especially when his eyes fell on the girl, it would not be an exaggeration to say that he turned into spring water...

It was a moment to witness a miracle!

"Long time to see you! I never thought I'd be able to live to see what the woman who can handle Daniel looks like! This girl's type...is really hard to describe!"

"Isn't that right, I wouldn't have thought that Daniel would like this type of person!"

"I'm so pissed off!!! I thought Daniel liked to be with him, at least the mature and dignified type, so I kept pretending to be cold in front of him! As a result... as a result...he actually liked the weak The white rabbit is chirping! This is unscientific!"

"What exactly is Daniel thinking? These two don't match at all, okay? This kind of woman is the type who only knows how to be cute and coquettish, and has no connotation!"

"Hey, what do you women know? This kind of woman is the one who can arouse men's desire to protect the most, okay? No matter how cold Daniel is, he is still an ordinary man!"

"Fart! Daniel is no ordinary man!"

...

Amidst the women's wailing and the men's discussions, Mo Lingtian walked towards the two of them with a face as dark as a pan, "I'll go! Daniel, didn't you say you won't come today?"

Daniel: "Unexpected."

The corners of Mo Lingtian's mouth twitched slightly, who knew that the place where their bachelor party would collide with the place where Daniel and the

others were dating, it was really destined that they would not be able to escape this abuse.

"Hey, I used to think that no matter who betrayed me, you would never betray me! Daniel, you really let me down!" Mo Lingtian said heartbroken.

Selena at the side was a little speechless. Didn't these words mean to curse Daniel to be single for the rest of his life?

However, it was Daniel who got out of the order first, which must have been shocking to this group of people...

"Since we both met by such a coincidence, why don't we play together?" Mo Lingtian invited.

Guan Ziyao on the side also said, "It's been a long time since we rode a horse together, how about a competition?"

"Yes, yes, let's fight!" Mo Lingtian looked eager to try.

Daniel looked down at the girl in his arms, "Go ahead and play, she doesn't dare to ride a horse alone."

Mo Lingtian was full of black lines, "You are enough, give single dogs a way to survive..."

Guan Ziyao's expression froze slightly, and he stared at Selena who looked ignorant of the world.

Selena burst into tears silently in her heart, why didn't she dare to ride a horse alone! The Great Demon King is obviously just worried about her, afraid that she will have nowhere to go, so he just wants to look at her personally!

## Chapter 746

After Daniel greeted them briefly, he took Selena to the horse selection.

When the owner of the racecourse saw that Daniel had brought his girlfriend over, he was flattered and hurriedly led the two of them to the best horses in the racecourse.

"Mr. Lu, what do you think of this horse? A thoroughbred horse imported from the British Royal Stud!" The boss introduced enthusiastically.

Wow! so hot!

Staring at the black horse that was as black as ink satin, Selena's eyes lit up!

Thoroughbred horses are native to the UK. They dominate the world with short-to-medium-distance speed and speed. They are recognized as one of the best riding horse breeds in the world. The horse introduced by the boss is even more superb. Even better than the batch that Guan Ziyao held in his hand just now.

Seeing Daniel looking around the stable without saying a word, the boss looked at Selena and asked, "Does Miss Ning like it?"

Selena kept nodding her head, "I like it! Daniel, let's just use this one!"

It must be exciting to run! She can't wait!

Finally, Daniel's eyes fixed on a brown horse in the corner of the stable, "Bring that horse here."

"Uh... that... that one? Mr. Lu, are you sure?" The boss looked at the brown horse, which was much shorter than the other horses, with some hesitation.

Soon, the boss brought the horse over.

Daniel patted the horse's head, and the horse gently rubbed against the back of his hand.

So Daniel nodded and said, "This is the one."

On the side, Selena was already dumbfounded, "Daniel, isn't this an American pony?"

Daniel glanced at her lightly, "What? Is there a problem?"

Selena almost cried.

Of course there are problems! American ponies are only for children!

Not far away, Mo Lingtian, who was racing horses with Guan Ziyao, caught a glimpse of Daniel's pony, which almost fell off the horse due to unsteady handling.

"Hahahahahahahahaha... Daniel! What kind of horse did you choose! Oh, hey, I can't do it anymore, I'm dying of laughter!"

In the end, Mo Lingtian even stopped the race, and just watched them on the track with his hands on his stomach, laughing non-stop.

In front, Guan Ziyao also turned around and walked towards them on a tall thoroughbred horse.

Seeing Mo Lingtian's ridicule, the tall horses he and Guan Ziyao rode, and her own pony, Selena was on the verge of crying.

So bullying!

Seeing the little girl's aggrieved expression, Daniel's heart suddenly softened. He pinched the center of his brows, then walked over suddenly, picked her up

by the waist, and walked towards the handsome black British thoroughbred just now.

After sending Selena to the horse, Daniel followed her and rode up, protecting her behind and hugging her in his arms, "Satisfied?"

Finally, her wish came true, Selena pulled the reins and patted the horse's head. She was so happy that she turned her head and kissed Daniel on the cheek.

Looking at the two people on the horse, Guan Ziyao's face was extremely ugly.

On the other hand, Mo Lingtian had a look of being blinded, "I'm going! It's really killing me, I never thought that Daniel would have a day to coax a girl!"

Guan Ziyao's expression was indifferent: "She is not worthy of Daniel."

Mo Lingtian coughed lightly, "That's what I said, but for things like feelings, it's not a question of whether you deserve it or not..."

Moreover, although he has only met this woman once or twice briefly, it seems that... it is not as simple as just a little white rabbit!

## Chapter 747

"Continue!" Guan Ziyao slapped Mo Lingtian's ass.

After one lap, at the finish line, Guan Ziyao won.

Mo Lingtian was dejected, "You bastard, can't you show me some face?"

Lu Xinyan greeted her with cheers, and looked at Guan Ziyao with admiration: "Sister Ziyao, you are so amazing! Why do you know everything and do everything so well! You are even better than a man! The god-man by my side Besides my cousin, it's you!"

As Lu Xinyan spoke, she glanced at Selena, who was in Daniel's arms not far away, with a look of being overwhelmed by a pig, "Obviously you and my brother are a match made in heaven! Is my brother blind? I thought my brother would not be as superficial as those other stinky men! How could he be deceived by such a superficial woman?"

After listening to Lu Xinyan's words, Guan Ziyao didn't speak, but his face became a little colder.

The other people beside them looked at each other in blank dismay, obviously completely agreeing with Lu Xinyan's words.

Lu Xinyan was Daniel's cousin, so she could say these things, but they didn't dare to say anything about Daniel, so they could only slander him silently.

The woman Daniel fell in love with this time was indeed too disappointing...

If one had to choose a woman who was worthy of Daniel.

Then it must be Guan Ziyao.

Speaking of Guan Ziyao, Daniel and Mo Lingtian grew up together. They are family friends. Back then, in their circle, he was a figure like Daniel. How many young talents are chasing after her.

However, she only had good looks towards Daniel and Mo Lingtian, and her personality was the most compatible with Daniel's.

Back then, everyone thought that she would be with Daniel, but they didn't expect the goddess to disappear from everyone's sight after her family immigrated to a foreign country seven years ago because of the transfer of her family's business.

Over the years, the Guan family's overseas business has grown bigger and bigger, and they often hear about this woman's legend. She received a

master's degree in business administration at a young age, and her abilities are no less than her brother's.

This time it was because the second elder of the Guan family missed his hometown so much, so the whole family went back to China, and Guan Ziyao naturally came back with him.

Everyone originally thought that Guan Ziyao and Daniel's affairs would probably be inseparable after returning this time.

The two men were unmarried and the woman was unmarried, both of them were of a suitable age for marriage, their personalities matched, and they were well matched.

Many people even think that Daniel has not married for so many years just to wait for Guan Ziyao...

Who knew, what the hell, the plot took a sudden turn, and Daniel was actually taken care of by a little white rabbit with lightning!

It shocked everyone's eyes!

This love talk is just like a joke, isn't it too casual?

What's even more blinding is that they learned from Mo Lingtian that the other party seems to be just a little-known celebrity?

After riding the horse, after Daniel carried Selena down, he didn't let her walk at all, fearing that the road would be slippery in the snow, he carried her all the way to the rest area.

"You have to hug her every step of the way, brother, you are too used to her!" Lu Xinyan complained in disbelief.

Daniel's answer was to carefully put Selena on the chair, then poured her a cup of hot milk, and cooled it himself before bringing it to her mouth, "Be careful of burning."

Lu Xinyan's face turned dark.

## Chapter 748

The others coughed lightly one after another.

Nima, it is really rare to see in a thousand years!

Who the hell said that Daniel was ruthless, it's just that he had never met someone who made him so soft as to make his fingers so soft!

I am really more and more curious, what magic power does this little white rabbit have? How could he be so fascinated by a man like Daniel!

Selena naturally noticed the disapproving and regretful eyes of those around him for Daniel, as well as the cold eyes that always fell on her...

From the corner of her eye, Selena glanced at Guan Ziyao on the opposite side, then leaned her chin, tilted her head and asked Daniel next to her, "What's your relationship with Guan Ziyao?"

"The two families got closer when they were young, so they grew up together." Daniel replied truthfully, without any strange expression on his face.

Selena stretched her voice, "Oh...So it's a childhood sweetheart?"

Daniel nodded, "That's right."

Selena immediately became angry, "Hey, Daniel! I'm jealous, don't you see that? You're not kidding me! You still say yes!"

Daniel was taken aback for a moment, "Are you...jealous?"

"Nonsense, your friends, brothers, and little cousins all think that Guan Ziyao is more suitable for you, and think that you are a flower stuck on my pile of cow dung!" Selena muttered.

She didn't think about it for a while before, but after recalling it just now, she finally remembered who this Guan Ziyao is.

The Guan family was a super wealthy family that was as famous as the Lu family in the imperial capital. Later, due to some problems in domestic business, they had to turn to the overseas market.

In particular, there are more legends about Guan Ziyao, and they are mostly evaluations of talented women plus beautiful women, women who do not let their eyebrows go.

It was indeed a perfect match with Daniel.

Daniel was immersed in the surprise brought by Selena's word "jealous". He looked at her steadily and said, with a smile in the bottom of his eyes, "How could you be cow dung, you are the sea, you are the forest?" ."

Selena tilted her head, somewhat puzzled, "Why?"

Daniel brushed a strand of hair behind her ear, his deep eyes were like stars, and he said quietly: "I love you, like a whale to the sea, like a bird to the forest. It's inevitable, There is no going back."

In an instant, Selena felt like thousands of fireworks exploded in her mind...

The love talk skill of the Great Demon King... is too cruel!

At this time, there was a piercing sound not far from the opposite side, and it was the teacup in Guan Ziyao's hand that accidentally fell to the ground.

Lu Xinyan hurriedly asked with concern, "What's the matter, Sister Ziyao?"

Guan Ziyao shook her head with a pale complexion, "It's nothing."

The conversation between Daniel and Selena was beyond the reach of everyone at their distance.

However, she can lip talk, and she is always paying attention to their conversations.

What a "like a whale to the sea, like a bird to the forest", Daniel actually said such words to such a woman...

Mo Lingtian also didn't notice the turbulent tide between them. After resting for a while, he walked over to Daniel and Selena, "Hey, Daniel, we're going to go to the shooting range to have a few rounds later, are you going?"

shooting! shoot! Gun gun gun gun gun!

Selena's eyes were almost as bright as a 500-watt light bulb.

I can't ride a horse with a leg injury! Is it always okay to shoot with only your hands?

"Okay, okay, I get it, I shouldn't have asked you!" Mo Lingtian turned to Selena again, "Little rabbit, are you going?"

Selena nodded like a chicken pecking at the rice, her eyes shining brightly as she shook Daniel's sleeves, "Dear master, can I go?"

Daniel: "Yes."

## Chapter 749

After arriving at the place, Selena was quite pleasantly surprised.

Unexpectedly, the scale of the nearby shooting club is quite large, with an area of more than 1,500 square meters. There are two standard multi-functional shooting ranges. Each shooting range is equipped with nine professionally designed target lanes and a complete range of firearms.

There is also a light weapons exhibition hall in the shooting range, displaying hundreds of light weapons such as pistols, rifles, and machine guns.

Occasionally, I saw quite a few soldiers in military uniforms playing here too.

Selena looked around and looked around without looking at the road. If Daniel hadn't been holding her by the hand, she might have bumped her head against the pillar.

Before Daniel's cousin said that Daniel spoiled her, she was right. Now she has been so used to Daniel that she basically doesn't have a brain when going out. Anyway, as long as she behaves obediently and just follows him.

When he arrived at the shooting range, Mo Lingtian immediately picked out his gun, with an expression of shame, "Ziyao, come here! Come pk! If I lose to you on horseback, I can't possibly lose to you on shooting!"

"Take me one!"

"I'm coming too!"

...

There are more than ten people in Mo Lingtian's group, men and women are half and half, the men must all be interested in firearms, and many girls also know a little bit, and two who don't understand are asking other people for advice.

Soon everyone chose their firearms, put on goggles and earphones, and stood in front of the road to start shooting.

In the next second, with the gunshots of “bang bang bang” one after another, scores appeared on the respective scoring devices in front of everyone. The full score of each shot was ten rings, and the scoring devices were accurate to one decimal place.

Most of the people hit a few rings at 8 o’clock, and occasionally a few more proficient men hit a few rings at 9 o’clock.

Lu Xinyan hit a 92 ring all at once, and she was very happy immediately, “I actually hit a nine ring or more! I’m so lucky today!”

As a result, looking back, Mo Lingtian and Guan Ziyao’s scores were even more frightening.

Mo Lingtian and Guan Ziyao scored the same number of rings, both of them were 99, which is already a very high score.

“Wow! Brother Tian, sister Ziyao, you two are amazing!”

In the end, all three shots were scored. Mo Lingtian scored a 99, a 97, and a 98. Guan Ziyao hit two 99 rings and one 97 ring. They narrowly beat Mo Lingtian by leading the 01 ring.

At the same time, Guan Ziyao’s score was also the highest among all of them.

Everyone next to her was amazed, “As expected of my goddess! She is amazing!”

“Ziyao, how can you embarrass us men!”

Mo Lingtian was full of resentment, “Dmn! I lost again! This time it doesn’t count, come again!”

Everyone burst into laughter: “Hahaha... Mo Lingtian, don’t struggle! Those of us are probably the only one who can beat Ziyao!”

Mo Lingtian turned to look for Daniel, "Daniel! What are you doing! Come and play together!"

result...

She jumped off the rabbit ears on Selena's snow boots, and Daniel was squatting there helping her put them on...

Looking at the scene full of pink bubbles in front of him, the corners of Mo Lingtian's mouth twitched unceasingly, there are countless dog abusers.

Selena listened to the conversation of the people opposite, and looked at Daniel in surprise, "Master Boss, are you good at shooting? Come, come, let's PK!"

After speaking, he excitedly pulled Daniel over to Pado.

"Yo, little rabbit, you will too?" Mo Lingtian raised his eyebrows in surprise.

Selena snorted, "Of course I will! I've played really well!"

After speaking, he picked up the gun and shot it with a "bang".

A moment later, a bright red... 63 ring appeared on the scorer...

It's so good...it's really good...

## Chapter 750

Seeing the appalling ring number, Selena was immediately dumbfounded, and said with a mournful face, "It must be the clothes I'm wearing today that have affected my performance!"

Mo Lingtian laughed on the spot, still comforting, "Very good, very good, not bad already! At least you hit the target!"

Daniel rubbed the girl's head, and then shot himself, 62 rings.

Just a little lower than Selena.

Mo Lingtian patted Daniel's shoulder, shook his head and sighed, "Brother! I'm convinced! This must be the most difficult number of rings you've hit in your life, right?"

Daniel actually hit a 62 ring... This is even more shocking than him hitting a 10 ring!

Selena ignored Mo Lingtian's teasing, and happily rubbed against Daniel and said, "Master Boss, you are so kind..."

Just as Daniel was about to speak, his phone rang suddenly.

The caller ID is the landline number of the old house.

Daniel's face was slightly condensed, then he turned to Selena and said, "Play first, I'll answer the phone."

After speaking, he gave Angel Mo Ling a wink and motioned him to take care of Selena.

Mo Lingtian waved his hands in disgust, "That's enough, it's just a phone call, as for it! Let's go, let's go!"

As soon as Daniel left, people who were worried because of Daniel's presence suddenly became louder in their discussions.

"Pfft! You made me laugh so hard! Just now, even a girl who doesn't know how to hit the seven rings, okay? Just like that, you have the nerve to say that you beat well?" Lu Xinyan was speechless.

A girl next to her shrugged and said, "For her, it's probably not bad! At least she didn't miss the target! I'm quite surprised that she can hit the target!"

"How did Daniel fall in love with such a worthless woman? I'm really curious! Who are you going to ask?"

"I'm not going! It's just for Daniel's face that I'm being polite to her, and you want me to take the initiative to get close to her? I'm almost out of my mind!"

...

Selena listened to those people's discussions, and continued to wipe the handle of the gun with a calm expression.

These people are some of the most noble in the circle of the imperial capital, either heirs of the plutocrats, or the princesses of a certain high-ranking official's family. Because of Daniel, it is considered that they treat her well on the surface.

Anyway, people don't offend me, and I don't offend others.

At this time, someone looked at Guan Ziyao and said, "Ziyao, you and Mo Lingtian have a good relationship with Karenao, so please persuade him when you have time! Don't let him be fooled by this kind of woman!"

"It takes a long time to see people's hearts, I believe he will understand." Guan Ziyao said.

"Why are you so stupid? By the time he understands, he will have been cheated and scammed!"

Listening to everyone's conversation, Lu Xinyan's face was on fire, and she felt so ashamed. She really couldn't accept that her cousin who was as perfect as a god in her memory would be defiled and deceived by this kind of woman...

Under extreme anger, Lu Xinyan finally couldn't hold her breath anymore, she stood up and walked to Selena, with an angry face on her face, she said, "I don't care what methods you use to hook up with my brother! Tell me! What exactly do you want to do?" leave him!"

Seeing that the situation was getting out of control, Mo Lingtian hurriedly ran between the two of them to smooth things over, "Hey, what are you doing! What are you doing? Everyone comes out to play for fun! Arguing is bad, isn't it! Don't make a fuss, don't make a fuss!"

"I didn't make trouble! How is this woman worthy of my brother?"

Over there, Mo Lingtian was desperately persuading Lu Xinyan. Selena touched the gun in her hand, blinked innocently, and then said innocently, "Leave your brother? It's easy. ! As long as you beat me!"
