

Cruel Heart Lover

Novel

Chapter 751

"You...what did you say? What beat you?" Lu Xinyan was a little dumbfounded, unable to understand what Selena meant.

Mo Lingtian was also stunned.

Selena blinked her eyes, with an expression of ignorance, and said, "Shooting! I don't think you guys like me very much... So, let's do this, no matter who you are, as long as you can shoot and beat me, I'll shoot you!" Break up with Daniel... But, if I win, please be more polite to me when you see me again..."

Hehe, didn't one or both want to save Daniel from the flames?

Okay! I give you a chance!

When Selena said this, everyone on the scene was shocked.

What... what did this woman just say?

Is she crazy?

After finally climbing up the big tree of Daniel, she did something that no woman in the entire imperial capital could do. Now, just because of impulse, she actually used such things as breaking up with Daniel as a gamble?

They thought that this kind of starlet was very acquainted, the most eye-catching, and even a little bit of IQ would not ask for trouble.

But I didn't expect...it turned out to be a no-brainer!

So stupid! It's really sad for Daniel...

Never expected that things would develop to such a point, Mo Lingtian was going crazy, "Little rabbit, what are you doing? Just wait for Daniel to come, act coquettishly, and let him vent your anger on you." That's it! Why did you get to this point? Do you really want to break up with Daniel? Are you stupid!!!"

The others didn't know, but Mo Lingtian knew very well that Daniel wasn't just playing around, he really cared about this little girl.

Although he couldn't understand what was so special about this little girl, since it was his brother's choice, he had nothing to say.

Lu Xinyan finally digested Selena's words, she couldn't believe it, this woman is so stupid?

I thought it would be difficult to deal with, but this is too easy to solve, right?

"Are you serious?" Lu Xinyan reconfirmed with her worriedly.

"Well, really!" Selena nodded.

"Okay, then it's settled, let me tell you, I've already recorded what you said just now, don't try to play tricks!" Lu Xinyan looked proud, "Then let's start now!"

Selena said suddenly, "Slow down."

"What? Regret it?" Lu Xinyan's expression darkened.

"I'm just explaining again. What I said just now is that any of you can win against me, so choose one of you to compare with me!" Selena said.

"I know, I know, I'll just compare with you!" Lu Xinyan obviously didn't take her seriously at all.

A vase with 63 rings is more than enough to win her, okay?

"Think clearly, I advise you to send the best player among you to compare with me, otherwise don't say it's unfair!"

Everyone was speechless after hearing Selena's words. Where did this idiot woman get her confidence from?

Lu Xinyan looked impatient, and was about to say that she should come, when Guan Ziyao came over, pressed her shoulder and said, "Xinyan, let me come."

Lu Xinyan glanced at Guan Ziyao, frowned slightly and said, "Sister Ziyao, how can you deal with this kind of person yourself, you think highly of her too!"

Guan Ziyao said lightly, "It's better to be safe."

Lu Xinyan thought about it for a while, and felt that it made sense, such a good opportunity, if something unexpected happened, it wouldn't be good, and it would be more suitable for her if Guan Ziyao came forward in person.

Sister Ziyao is the one who is most qualified to teach this idiot woman a lesson!

Chapter 752

Mo Lingtian on the side was dying of anxiety, after all he had just promised that Daniel would help take care of Selena.

For Daniel's excessive nervousness, he didn't take it seriously at first, how could he have thought that Daniel just went out to make a phone call, and in just a few minutes, this little girl could make such a fuss!

"No! This is too nonsense!" Mo Lingtian could only rush over to stop it.

Guan Ziyao glanced at Mo Lingtian with a lingering gaze: "Lingtian, don't worry about this matter."

"Can I just leave it alone? Ziyao, this girl is ignorant, so don't play around with her!" Mo Lingtian persuaded.

As soon as the words finished, Selena curled her lips and said dissatisfiedly, "I'm so ignorant! I'm serious!"

At this moment, Mo Lingtian wanted to grab the ground with his head! Oh sh1t! Let me die!

I'm trying to speak for you, but this girl is still trying to die!

The woman Daniel fell in love with...it really is difficult to understand with ordinary people's thinking...

"Brother Tian, as you can see, she brought up this matter from the very beginning, and none of us messed around. This is a matter between us women, so you better leave it alone!" Lu Xinyan was afraid that Mo Lingtian would do something bad, so she hurried to Pull Mo Lingtian aside.

For a moment, except for Mo Lingtian, who was burning with anxiety, everyone looked optimistic.

Still, there doesn't seem to be much to see in this scene, because the results are so obvious.

"I think no matter how stupid this woman is, she can't be so stupid, right? Is she pretending to be a pig and eating a tiger?" Someone muttered hesitantly.

"Pfft! She pretends to be a pig and eats a tiger just like her?"

"Even if her shot just now was a mistake, so what if her level is still good? The one who shot now is not Lu Xinyan, but Guan Ziyao himself! When Guan Ziyao and Mo Lingtian competed just now, I'm afraid they didn't use all their strength, okay? "

"That's right, this woman probably got struck by lightning instead of pretending to be coercive!"

...

"Go ahead..." Selena said.

Guan Ziyao didn't talk too much nonsense, she put on the goggles and earphones, and immediately raised her gun neatly, aiming at the target in front of her.

The woman's posture is very standard at first glance, at least she has many years of skill.

Lu Xinyan gave Selena a sideways look, and snorted, "I really don't know how to live or die. Sister Ziyao has been playing with guns for almost ten years, yet she still dares to play tricks in front of Sister Ziyao! Come on, Sister Ziyao!"

Guan Ziyao closed her eyes, then took a deep breath, as if she was brewing emotions.

Even though this Selena looked completely vulnerable on the surface, she did not allow any accidents when it came to Daniel.

At this time, everyone stared with bated breath, not daring to make a sound, and Lu Xinyan also became quiet and did not dare to speak.

On the side, Selena lay prone on the table, slanted her chin, and yawned long.

After a while, Guan Ziyao finally opened his eyes again.

next second.

"boom—"

"boom—"

"boom—"

Three gunshots sounded one after another.

After the gunshot, everyone hurried over to see the number of rings Guan Ziyao hit.

As a result, it didn't matter at first glance, and everyone was stunned.

First round: 99 rings

Second round: 10 rings

The third round: 10 rings

Actually hit a 99 rings, two out of 10 rings! Absolutely nothing!

This is comparable to the professional level of other people's troops!

"Ahh! My God! Sister Ziyao, you are amazing! You are so amazing! You are my idol!" Lu Xinyan was very excited.

Chapter 753

Even Mo Lingtian who was at the side was stunned, "fcuk! Guan Ziyao, you beast! What about it?"

In order to get Selena to leave Daniel, she managed to score such a high score. If he remembered correctly, it was the first time she scored such a high score...

Thinking of this, Mo Lingtian's expression darkened, and he took a deep look at the woman holding the gun.

Although everyone always liked to bring Guan Ziyao and Daniel together, but because he knew both of them very well, he knew that they were just friends for so many years.

However, after Guan Ziyao returned to China this time, he was suddenly a little uncertain.

Guan Ziyao's various attitudes are all developing in a certain direction that he doesn't want to believe...

"Zi Yao! You are really amazing!"

"How did you practice? It's too strong!"

Everyone had expressions of astonishment, and at the same time, when they looked at Selena, they naturally looked like they were enjoying the show.

This woman, they want to see how she ends up now...

Lu Xinyan walked up to Selena like a victorious rooster, showing off, "Did you see, one is 99 rings, two are 10 rings! What else do you have to say now!"

Selena raised her eyes and glanced at her, "There's nothing to say."

"Hmph, it's good to have nothing to say! Remember what you said, break up with my brother, we have so many people to testify!"

Lu Xinyan wasn't afraid of her going back on her word at all, she didn't believe that this woman's skin was so thick that she dared to play tricks even after she was already like this.

If she plays tricks this time, then she won't be able to mess around in Daniel's circle in the future!

Mo Lingtian's face was a little ugly, "It's just a game, don't take it too seriously, how can you talk nonsense about breaking up."

Lu Xinyan stomped her feet angrily, "Brother Tian, what's the matter with you? You've been helping this woman to speak!"

Guan Ziyao also frowned slightly, and looked at Mo Lingtian unhappy.

Mo Lingtian gritted his teeth, and could only run up to Selena and said, "Don't tell everyone that you are just joking, you really want to break up with Daniel!"

Selena curled her lips, "Of course I don't want to!"

If she hadn't been Daniel's woman, Mo Lingtian would have wanted to scold her bloody, so he suppressed his anger and said, "Now that I know I don't want to, why should I go now! Just now I persuaded you to such an extent that I refused to listen Mine! It's all right now!"

"Hey, if you promise, you are not allowed to go back on it! Otherwise, don't blame me for being rude to you in the future! How can a shameless person who reneges on his promise be qualified to be my cousin!"

Mo Lingtian complained about Selena while trying to find a solution, but Lu Xinyan was still reluctant...

The scene was chaotic...

The next second, suddenly, everyone fell silent.

Daniel is back.

After seeing Daniel, Lu Xinyan's eyes lit up immediately, she went up to meet her, and said quickly, "Brother! This woman made a bet with us just now, saying that if we win the shooting, she will break up with you! Now she has lost to Sister Ziyao I lost you! This woman actually used you as a bet, it's too much!"

"What?" After hearing Lu Xinyan's words, Daniel's expression turned cold.

Ahhh it's over!

How come every time I do bad things, I get caught by the big devil!

Selena's face was full of bitterness, she was lazily watching Lu Xinyan and the others jumping around, but now she stood up quickly, and before she had time to look, she turned her backhand to the target behind her and said "bang" "bang" "bang" Fire three shots.

Then, he threw the gun away and threw himself into Daniel's arms, blinking his eyes and tilting his head up to please him, "How could they lose you!"

As soon as the words fell, the scorer behind him rang with a "ding".

I saw impressively written on the scorer:

10 rings!

10 rings!

10 rings!

Chapter 754

While talking, the little girl looked at him with sparkling eyes, "Daniel, am I serious? Praise me, praise me!"

Daniel's face was darkened.

If you don't pay attention, you will cause trouble like this, causing trouble again and again, and you still want him to praise her?

"Yeah, amazing." Daniel said.

Well, I still couldn't resist the girl's expectant eyes begging for praise...

Looking at the three 10s on Selena's scorer in front of him, and the 99 and two 10s on Guan Ziyao's scorer next to him, Daniel frowned.

This girl is so courageous!

However, even such a temper...

It also fascinated him...

Just now, the moment she fired three shots and then flew into his arms to coax him to say the phrase "How could I lose you", her heart throbbed uncontrollably.

Hey, really, I was eaten to death by her!

For added entertainment, this shooting club scorer has some special programming.

For example, when you hit ten rings three times in a row, you will play celebratory music, and you will be notified to the audience that a certain target has hit a chain of perfect marks.

So, when Selena fired three shots without even looking at it, a burst of celebratory music and announcements immediately played out.

Not only Lu Xinyan, Mo Lingtian, Guan Ziyao and others, but also the other guests who were playing at the shooting range were all startled.

The setting of this shooting range is very professional, and all the guns and live ammunition are used. Usually, most of the people who come to play are shooting enthusiasts or even many professional troops. Can't be met.

It is conceivable what kind of disturbance Selena's three 10 rings caused.

They were stunned when Guan Ziyao scored that high score just now, but now looking at Selena's score, they are completely dumbfounded...

Mo Lingtian looked like a ghost: "What??? Are you kidding me?"

Guan Ziyao's face was blank, as if she couldn't accept this result at all.

Lu Xinyan rushed over and hugged the scorer, "How is that possible! Is there something wrong with the scorer? There must be something wrong! Where is the person in charge of the clubhouse? Tell him to come over and have a look at this machine!"

Selena rolled her eyes speechlessly, picked up the gun again, and fired three more shots with "pa", "pa" and "pa".

A few seconds later, the music of cheers and celebrations sounded, and the announcement sounded again from the loudspeaker in the arena: "The second shooting range, the ninth track, the 10th ring, the 10th ring, the 10th ring!"

Mo Lingtian: "..."

Lu Xinyan: "..."

Guan Ziyao: "..."

If the people who heard the broadcast just lamented that the club had come to the club, they were basically stupefied by now.

Depend on!

What's the situation? This is it!

Which god is this, came to kick the pavilion?

Even for a professional with a very high level, it is impossible to hit two consecutive ten rings with three shots in such a short period of time!

At this moment, many people couldn't sit still anymore, and people came running over one after another, wanting to see who the hell was.

"Hey, you also came to see who is that person on the radio?"

"Yeah, yeah! It's awesome! Could it be from which army?"

"I don't know. On the ninth target... it seems that there is only a little girl in a pink dress standing there with a gun. Did that person just finish shooting and leave?"

...

Everyone was suspicious, when a middle-aged man in his forties or fifties suddenly appeared behind him. Although he was dressed in casual clothes, he had a tall and straight figure and a stern face. He came over accompanied by a young soldier.

"Go and ask, who fired those shots just now." The middle-aged man confessed to the soldier beside him, and there was a strange light in his cold and resolute eyes.

"Yes! Chief!"

Chapter 755

Another three-shot ten-ring...

Mo Lingtian swallowed hard, looking at the little white rabbit's expression as if the little white rabbit suddenly turned into a prehistoric monster in front of him.

He was terrified when he suddenly heard someone calling him behind him.

"Mo Shao... Mo Shao..."

Mo Lingtian turned his head and saw a young soldier in uniform with a surprised expression on his face, "Hey, aren't you Xiao Chen, the guard next to Uncle Zhuang?"

"It's me, it's me!" Xiao Chen nodded hastily.

"What's wrong? Is there something wrong?" Mo Lingtian asked.

"That's right, I have something to ask you about, Young Master Mo, were you here all the time just now?" Xiao Chen asked.

"Yes, all the time."

"Great! Do you know who shot those shots at the tenth ring on the ninth target?" Xiao Chen asked hastily.

Mo Lingtian immediately raised his brows, showing a clear look, so he came to inquire about this.

"Of course I know, here, it's the girl in front!" Mo Lingtian said, showing a look of watching the show.

"Girl?" Xiao Chen was surprised when he heard it.

Mo Lingtian nodded leisurely, "Yes!"

I was so shocked when I knew it was a girl. When you know which girl I am talking about, won't you be scared to death?

"Which lady is it, the one in black?" Xiao Chen looked around the crowd, then looked at Guan Ziyao and asked.

The corner of Mo Lingtian's mouth twitched, "That's wrong, the girl in the pink skirt and white down jacket coat with rabbit ears and snow boots!"

"Pink skirt...white down jacket...rabbit ear snow boots...???"

While talking, Xiao Chen fixed his eyes on a girl who was snuggling up to a tall man with a cold expression, then looked at Mo Lingtian dumbfounded and said, "Young Master Mo, don't play with me! This matter The chief personally ordered me to come and inquire, so stop joking with me!"

"Who played with you..." Mo Lingtian paused, "Your chief is here today?"

"Yes, the chief came here to entertain a few friends, but as soon as he heard the broadcast on the radio, he left everyone and ran here. I haven't seen the chief so excited for a long time..." Xiao Chen looked helpless .

Mo Ling Tianxia consciously glanced at the direction not far behind him, and sure enough, he saw a burly middle-aged man standing there with his hands behind his back.

"Who the hell is it? Mo Shao, tell me! Is it the man next to the girl in the pink skirt? That seems to be Daniel, the president of the Lu Corporation?" Xiao Chen asked curiously.

Mo Lingtian smiled mysteriously, "Didn't I tell you? It's that little white rabbit!"

After speaking, he patted Xiao Chen on the shoulder, "I'll go say hello to your chief!"

Xiao Chen stood there speechless, and subconsciously turned his head to look at the cute little girl.

how could it be possible! If that little white rabbit can hit six rounds of ten rings, then he can join the Snow Leopard Commando Team!

Mo Lingtian walked up to the middle-aged man and greeted him warmly, "Uncle Zhuang, long time no see!"

"Ling Tian, are you coming to play with your friends?"

"Yes! Uncle Zhuang, I heard from Xiao Chen that you are looking for someone?"

"Yeah." The middle-aged man nodded, then glanced at him, "You know him?"

"Of course I do!" Mo Lingtian said, pointing in Selena's direction, and said, "It's the little girl next to Daniel, did you see that? I just told Xiao Chen, but he didn't believe her." , I had no choice but to come and tell you myself!"

Chapter 756

"That little girl?" The middle-aged man pondered, then asked, "How old is this girl? What does she do? Is she still in school? What does the family do?"

The corners of Mo Lingtian's mouth twitched slightly when he heard this, "Uh, cough...Uncle Zhuang, what do you want to do? Well, although you have a son...but isn't Xiaoguang only eighteen years old? Are you looking for a daughter-in-law? It's too early, isn't it? The most important thing is... the little girl already has an owner, she is Daniel's girlfriend!"

"Daniel has a girlfriend?" The man's expression froze when he heard that, he didn't know what he was thinking.

"That's right, we haven't dated for long." Mo Lingtian nodded.

The man showed a thoughtful expression, and after a while, he said, "Ling Tian, help me find out what that little girl means, and ask her if she intends to join the army."

"Pfft..." Mo Lingtian almost spit out his saliva.

It turned out that he had this idea! But this idea is even more unlikely to be good!

Mo Lingtian immediately said, "Uncle Zhuang, don't even think about it, Daniel spoils her like an eyeball, he is afraid that she will be tired when he walks, and he will hold her when he is tired, and he will accompany her when he is riding a horse. So, just go out and make a phone call and tell me to take good care of her..."

Let her enlist in the army, how is it possible! Besides, she just dressed up to look a little young today, she graduated from university early, and now she is an actor by profession! So... the possibility of enlisting in the army... is basically zero! "

When the middle-aged man heard the words, he showed a look of regret, "It's a pity..."

Mo Lingtian on the side was sweating. I heard from his father that Zhuang Liaoyuan couldn't move when he saw a shooting talent. It seemed to be true. No, he even wanted to poach Daniel's corner!

While Mo Lingtian was talking to Zhuang Liaoyuan, Selena picked up the gun again.

So, Zhuang Liaoyuan immediately stared in the direction of the girl.

"Bang -" 6 rings

"Bang -" 3 rings

"Bang -" 3 rings

"Bang -" 2 rings

...

"Uh..." Mo Lingtian looked at the messy number of rings that Selena hit, and his eyeballs almost fell off, "No! Uncle Zhuang, I didn't lie to you, the six consecutive rounds of ten rings just now really It was her who played it! Maybe... maybe her performance was not stable? She also played a six-point ring before..."

I go! Is this girl playing with him?

What the hell are you doing?

She almost got a heart attack!

Then, Zhuang Liaoyuan didn't seem to care at all. Instead, his eyes became brighter and brighter following Selena's shot after shot. After the last shot, Zhuang Liaoyuan couldn't help laughing, "Interesting! This little girl really interesting!"

Mo Lingtian was at a loss, should I go? What's interesting? Why can't he see it?

Just looking over there, I saw the little white rabbit cuddled up to Daniel after finishing the beating, with a flattering expression on his face and a gesture of

love with his little hands, and said to Daniel, "I know I was wrong, Salang, hey, Boss-sama..."

"Dmn it! It's a heart!" Then someone stared at the target paper Selena had just hit and exclaimed.

Mo Lingtian also looked at the target paper, but he immediately said "Dmn it", what Selena's bullets shot out just now was really a trajectory of love!

Nima! Where is this little white rabbit! What a monster!

No wonder Daniel was so obsessed with her!

Chapter 757

Zhuang Liaoyuan looked at the target paper with a look of reminiscence and melancholy, "This girl is really interesting! Back then, I used this trick to catch up with my wife!"

"Pfft..." Mo Lingtian looked surprised, "I really can't tell! Uncle Zhuang, you were so good at teasing girls back then?"

"Of course." Zhuang Liaoyuan's solemn face revealed a trace of imperceptible satisfaction.

It's just that he is old now, and he needs to be able to control the people below, so he has to always look rigid and rigorous. When he was young, he was also very romantic.

"Ling Tian, please introduce me, I want to know this kid." Zhuang Liaoyuan said suddenly.

Mo Lingtian: "Uh... alright! Uncle Zhuang, come with me!"

Well, is this still not giving up?

Forget it, let Daniel solve this trouble by himself...

Mo Lingtian couldn't refuse, so he had to lead Zhuang Liaoyuan towards Daniel and Selena.

When Daniel saw the middle-aged man beside Mo Lingtian, a dark light flashed in his eyes, "Mr. Zhuang."

"Nephew Lu Xian, is your father in good health recently?"

"Thank you for your concern, my father is well."

"Okay, okay..." Probably soldiers are more impatient, Zhuang Liaoyuan didn't exchange a few words, but couldn't wait to turn his gaze to Selena who was beside Daniel.

"Little girl, were you the one who hit the ten rings with six rounds just now?" Seeing that the other party was a timid little girl, Zhuang Liaoyuan, who usually looked solemn and cold, had a very gentle tone at this moment, and even bent slightly .

Selena subconsciously glanced at Daniel first, then nodded.

The man who was talking to him in front of him, although he was dressed in casual clothes and looked very kind, could not conceal the iron-blooded temperament of a soldier, and he was obviously a high-ranking person.

Therefore, Selena's attitude was unavoidably cautious, and she didn't talk nonsense, so she had to see what the other party meant first.

"Okay, okay...you are amazing, little girl! How many years have you practiced shooting?" Zhuang Liaoyuan continued to ask.

"I haven't practiced much, I just play when I think about it." Selena answered truthfully.

Zhuang Liaoyuan was stunned for a moment, and the light in his eyes became even brighter, "The little girl, you are very talented! Do you like shooting?"

Selena nodded, "I like it."

"Then do you want to play shooting every day?" Zhuang Liaoyuan's voice was more gentle.

Xiao Chen at the side was speechless as he saw the appearance of Mr. Chief, who was usually intimidated by the news, coaxing other little girls.

In order to win over talents, Mr. Chief also worked hard...

Naturally, Daniel also sensed Zhuang Liaoyuan's intentions, and pulled Selena into his arms, then coughed lightly to remind him, "Mr. Zhuang."

Only then did Zhuang Liaoyuan straighten up with a light cough, and then he took out a business card from his pocket and handed it to Selena, "Little girl, if you want to play shooting in the future, you can come to me, this shooting range is not suitable for you anymore, You need to be more professional."

"More professional?" Selena glanced at the red and black business card, and then asked tentatively, "Northern shooting range?"

Zhuang Liaoyuan nodded, "Yes."

Selena's eyes lit up immediately, it was the most professional shooting range, national level... and ordinary people couldn't get in...

"I hope we...have a chance to see you again." Zhuang Liaoyuan said something before leaving with a face full of regret.

After the man left, Selena looked at the business card with only his name and phone number, and asked suspiciously, "Zhuang Liaoyuan... who is this man?"

Chapter 758

"Zhuang Liaoyuan... who is this person?" Why does the name seem familiar?

"The father of Travis, one of your rivals in love! Do you know now?" Mo Lingtian who was at the side said, fearing that the world would not be chaotic.

It had been heard for a long time that the dealer wanted to match Travis and Daniel together, but it was obviously hopeless now.

I didn't expect to meet Zhuang Liaoyuan unexpectedly here today, this Zhuang Liaoyuan almost poached Daniel's corner...

However, there are benefits too. Now that Zhuang Liaoyuan knows that Daniel has a girlfriend, he probably won't think about matching them up anymore!

"What, Zhuang Liaoyuan? Is that the legendary major general? I heard that he was the chief sniper of the Special Forces when he was young. His father, the old general Zhuang Zongren, was also a superb marksman. There are several sharpshooters in the family. !"

"That's right! It's a pity that none of Zhuang Liaoyuan's sons and daughters joined the army! This must be his heart disease!"

"Especially his son, a well-known playboy in the imperial capital. He is causing trouble all day long at such a young age. The dealer has such good genes. Does that kid have a genetic mutation?"

...

Listening to the discussions of the people around her, Selena finally knew who this middle-aged man was.

Travis's father, Zhuang Liaoyuan...

Her blood...uncle?

What a coincidence!

—

Shooting outside the clubhouse.

Zhuang Liaoyuan got into a military off-road vehicle, looking a bit absent-minded.

After pondering for a moment, he said to the guard beside him, "Xiao Chen, help me to check the background of that girl."

Xiao Chen nodded, "Yes, Chief!"

Looking at the rapidly receding background outside the car window, Zhuang Liaoyuan heaved a long sigh, his expression somewhat perplexed.

The Zhuang family has been in the army for several generations, and after passing down to the generation below him, his daughter Travis didn't dare to be interested in the gun army and was trained by her mother to become a famous lady. ...

Now I see a little girl with such a talent for shooting, I am really excited and envious, I don't know who her parents will be...

—

In the shooting range, Selena was staring at the business card in a daze, but suddenly her hand was empty.

Daniel took it away.

Selena immediately puffed up her cheeks and raised her head, "Daniel, why are you taking my business card..."

"You don't need it. If you want to go, I'll take you there." Daniel said expressionlessly.

Selena naturally knew what he was thinking, and couldn't help laughing, "Don't worry, my biggest hobby in this life is acting and you, I won't be hooked into the army, how could I be willing to part with you..."

"Yes." The Demon King expressed his satisfaction with Selena's answer.

Seeing the affectionate look of the two, and the fact that Selena unexpectedly received Zhuang Liaoyuan's favor, Lu Xinyan looked unwilling, "Brother, even if she wins this time, she bet on you. Fact! This woman doesn't respect you at all! She doesn't take you seriously at all! Brother, haven't you thought about what to do if she loses? "

Daniel looked at her indifferently, and then said blankly, "I'll come back by myself."

Lu Xinyan's face darkened, Mo Lingtian staggered and almost fell, Daniel's answer was really amazing!

Guan Ziyao on the side suddenly clenched her lower lip. Daniel had no principles for this woman.

Selena was so moved that her eyes were full of tears, oh, oh, oh, I'll go back by myself if I lose, the big devil is so warm!

For the sake of the Great Demon King, she must be good in the future and never mess around again!

Chapter 759

Lu Xinyan's face was dark and she was speechless, when Daniel's eyes suddenly became extremely cold, he looked at her and said, "If my previous introduction wasn't clear enough for you, let me say it again, she is your cousin. Watch your attitude."

His previous introduction was the future cousin...

Now the introduction is directly: Tang sister-in-law!

It was tantamount to indirectly showing that he would definitely marry this woman!

It was a warning to Lu Xinyan, and it was also a warning to everyone.

After Daniel said this, he turned around and left with Selena.

Behind her, Lu Xinyan's face turned pale.

His brother is serious! Not just for fun? He was really going to let this woman in?

At this moment, because of the astonishment of Ning Xilu's hand just now, the attitudes of the others have undergone a subtle change.

"Sure enough, I shouldn't have questioned Master Xiao... This girl is already a blockbuster if she doesn't sing, no wonder she can eat Daniel to death!"

"Isn't that right, that marksmanship, tsk tsk...it's amazing! I remember very clearly that the first time, the woman didn't wear any earphones and goggles, and she didn't even look at the target. Taking aim, he casually fired three shots, and the sultry loving hand was even more amazing... In the end, even Major General Zhuang was alarmed, that woman, is she really just an ordinary little actress?"

"Who knows!"

"What's so great, although it's not useless, but it's just this ability!" Lu Xinyan murmured, and took Guan Ziyao's arm, "Sister Ziyao, don't be as knowledgeable as that kind of person! But you have a little fluff. It's just a bluff!"

Guan Ziyao's face was solemn, it seems that she underestimated that woman.

However, the usual pride and indifference soon returned to the woman's face.

This time, it was just a mistake caused by her taking the enemy too lightly.

After Daniel left, Mo Lingtian observed Guan Ziyao's expression calmly, his gaze changed again and again, and finally pulled her into a corner.

"Is there something wrong?" Guan Ziyao asked with a frown.

Mo Lingtian put one hand on his hips and rested his forehead on the other hand. He wandered around for several times, and said with a grumpy expression, "I should be asking you this question! What's going on with you? Your behavior today is really weird Yes! What do you mean?"

"What do you think I mean?"

"Could you be treating Daniel..." Mo Lingtian clenched his fists unconsciously, "Didn't you just treat him like a brother?"

"That's because the timing wasn't right before."

"So you really like Daniel?" Mo Lingtian's expression changed instantly, and his tone became severe, "But now that he already has a girlfriend, what exactly do you want? Do you want a third party to intervene? "

"It's just a girlfriend, I have the right to fair competition."

"You're crazy..." Mo Lingtian felt for a moment that he didn't know the person in front of him.

Guan Ziyao's face remained unchanged: "I just take back what should belong to me."

From the time she remembered, there was only one person in her eyes.

That was Daniel.

They have the same high IQ, the same hobbies, and the same family background, all of which make them a perfect fit.

So she was not in a hurry at all, she always believed that they had such a tacit understanding that they were destined to be together.

So, even after so many years away, she never doubted this.

It's just that I didn't expect...

As soon as she returned to China, the things she had been sure about until now had such an accident.

However, it doesn't matter, she will turn this accident around.

Chapter 760

After leaving the shooting range, Daniel took Selena to stop at the edge of a white and empty snow field.

Well, after being disturbed for so long, I can finally return to the world of two people.

Not far away, a small glass-domed house can be vaguely seen. Behind the small glass garden house is a cedar forest, and there are cute Alaskan dogs galloping past with sleds on the path next to the house...

After getting out of the car, Selena was amazed after seeing the scene in front of her, "Wow, this place is so beautiful! It's like a fairy tale world!"

"I have the opportunity to take you to the real fairy tale world."

The resort here is nothing more than a replica of a Finnish snow house.

At this moment, the sky had already started to snow. Daniel wrapped her up in a thick blanket, picked her up by the waist, and walked towards the hut.

After opening the door and entering, Daniel carefully put her down.

I saw that the room was covered with large and warm white velvet blankets, and opposite was the fireplace that was burning with flames, exuding warm heat.

There is a low table on the blanket opposite the fireplace, and hot delicacies have been placed on the low table, including crab meat and peanut cream salad, banana lemon tart, Mexican cheese pancakes, Camembert cheese, roast beef with pear sauce, Vietnamese rice paper salmon rolls...the table is full.

After playing for a long time, Selena was already hungry, and was whetted by the smell. Daniel took a bunch of red roses wrapped in brown retro lamb leather from somewhere, and handed them to her, "Here for you."

Selena blinked her eyes, took it over flatteringly, and sniffed it closely, a burst of cold fragrance came to her nostrils.

The bouquet of red roses seemed to have just been cut from the branches, with trembling dewdrops on the petals, which looked full of enthusiasm and vitality.

Selena inexplicably remembered the flower language of the red rose.

Hmm... The red rose seems to represent passion and love...

Daniel quietly looked at the girl who was holding the bouquet of red roses, but her face was more beautiful than flowers, "Do you like it?"

Selena nodded again and again, and subconsciously raised her head to look at the glass roof above her head. The room inside was warm, but she could see the flying snow outside, "I like it, it's so romantic! Why did you make it so grand today?"

She was a little confused!

"Today is the fifth anniversary of our dating," Daniel replied.

Time flies so fast, and in a blink of an eye, there are only two days left in a week.

"Uh, why is it the fifth day? Is there any special significance?" Selena didn't understand the brain circuit of the big devil.

Don't people commemorate one hundred days, one year, three years and so on? What does the fifth day mean?

Daniel: "For me, every day I get to know you is special."

Selena: "..."

Well my king! You win this game!

All the delicious dishes prepared by the big devil were very delicious. Selena rubbed her round belly, shamefully eating too much!

After eating, Selena hugged the blanket, warmed herself by the fire, and lazily nestled in Daniel's arms, recalling what happened today, she couldn't help sighing, "Daniel, I suddenly realized that I have many rivals in love! Just after Travis left, another Guan Ziyao came..."

Daniel glanced at her indifferently, and then said, "How much do you have?"

Three words, instant kill!

"No way! Nonsense! How can you have many rivals in love!" Selena refused to admit it.

"Do you want me to count for you?" The most terrifying thing is that he not only wants to guard against men, but also against women.

"Cough, no need..." Okay, okay! She no longer dared to complain that she had many rivals in love!
